

Entered at the Postoffice, at West Point, Va., as Second-Class Matter.

H. C. RYLAND, of Gloucester county, is our authorized agent to collect all claims due the West Point Star, and to solicit subscriptions, and work for advertising.

W. M. MILLER, Esq., is appointed our agent in Matthews county, to be authorized to solicit and receive payment for subscriptions.

LOCAL NEWS

The Whig on our Candidate in 1875.

"And John W. Daniel. We wish we were entitled to a few more senators, for we will not dispute the fact that it would afford us infinite satisfaction to see this highly gifted gentleman a representative of the sovereignty of the State at the Federal capital, or elevated to the highest post of trust in the gift of the Commonwealth.

"Possessed of a genius unequalled, perhaps, by any man of his years in the State, and of a character not the less fit to be envied, we could point to him with as much pride as a man Virginia delights to honor. However, he is in but the spring-time of his manhood, and can afford to wait many years, when high honors will seek his acceptance."

"We have had very little of winter so far. NEARLY FINISHED.—The cotton compress is nearly completed.

WEST POINT entertained a large number of visitors during the Centennial. SEVERAL of the very best Sewing Machines can be bought at this office cheap.

RAIN.—This section was visited by a splendid and much needed rain last Sunday night.

MESSRS. Hutzler Bros. are selling Zephyrs, all colors reduced to 7 cents an ounce.

A true tonic, a blessing in every household, is Brown's Iron Bitters.

OUR people were very much pleased to see our popular Congressman, Judge Garrison at our last Court. His speech made a fine impression.

CAPT. R. H. Spencer has opened his splendid Fall Stock in his store in West Point. He is doing a tremendous business.

CONVICTED.—At King William Court, last Monday, Granville Rosta, a colored boy, was convicted of stealing a watch, in West Point a few months ago and sentenced to the Penitentiary for 3 years.

Tumors, erysipelas, mercurial diseases, scrofula, and general debility cured by "Dr. Lindsey's Blood Searcher."

MR. Diddon has reopened the American Hotel, Richmond under, it would seem, better auspices than ever. There is not a better hotel in Richmond than the American.

BEST.—A large number of loads are still at work at the wharf and extensive preparations are making for still further improvements. The cotton compress in rapidly pushing to completion. A large amount of freight is passing over the line and every thing at the wharf presents a busy appearance.

Brown's Nerve and Bone Liniment is a rare cure for Rheumatism. Price, 25cts.

AMONG the exhibits at the Industrial Exposition now attracted more attention than the furniture department of Geo. P. Stacy; the fancy articles and millinery of Messrs. Hutzler Bros., and the clothing of A. Saks & Co.

Mr. Stacy had on exhibition the handsomest set of furniture we ever saw, and a number of other sets of almost equal beauty. The exhibit of Hutzler Bros. send the ladies into perfect ecstasies of delight while A. Saks & Co., make the gentlemen actually "lost in admiration."

Use Brown's Horse Powders. Have none other.

STILL AT WORK.—A large number of hands are still at work at the wharf. They are now extending the main wharf still further down the river. Really there would seem to be no end to the wharves that are to be built.

Brown's Vermifuge is the best worm destroyer to be had.

We want to give our readers reliable news from the election, just as soon as possible after the 31st. To this end we are going to have printed and mailed to some friend near every precinct in the surrounding counties postal cards arranged to give us the vote.

Will the friends who receive these cards do us the favor of getting accurate information, at the earliest possible moment, and if the polls are closed, insert the vote and mail to us by the very first mail. We ask you to put yourself to some trouble, if necessary in order to do this.

"Sellers Liver Pills" have been the standard remedy for malaria, liver complaint, costiveness, etc., for fifty years.

"Don't know half their value." They cured me of Ague, Biliousness and kidney complaint, as recommended. I had a half bottle left which I used for my two little girls, who the doctors and neighbors said could not be cured. I would have lost both of them one night if I had not given them Hop Bitters. They did not so much good as I continued their use until they were cured. That is why I say you do not know half the value of Hop Bitters, and do not recommend them high enough.—B., Rochester, N. Y.—American Rural Home.

Gloucester Court House, Va., Oct. 22, '81

REPUBLICAN CONFERENCE ON RYAN AND CANNON.—BOTH GENE AND JOSEPH BRYSTON ON THE TRACK.

A few days ago, Frank Page chairman of the Republican Committee of this county, published in the "Tide Water Liberal," a request that the counties of Essex, King and Queen, Middlesex, Mathews and Gloucester, should send Delegates to a conference, to be held here, this day, to harmonize the dispute in this Senatorial District, between J. G. Cannon and John W. Dixon, both being Candidates for the Senate. Today the conference assembled here; the counties of Middlesex, Mathews and Gloucester were represented; the counties of Essex and King and Queen were not represented, Frank Page was elected chairman and Phillip Todd was elected secretary.

A committee of three was appointed, to retire and report some plan for settling the afore-said difficulty; the chair appointed Dr. Bristow of Middlesex, Luke Peterson, of Mathews and Thos. Walker of Gloucester. The committee brought in two reports; majority and minority reports; the former was, that to insure success in electing in this Senatorial District, J. G. Cannon and John W. Dixon be withdrawn as Candidates and that Joseph Bristow of Middlesex be selected as the Candidate; this report was made by Dr. Bristow and Peterson; the minority report was made by Thos. Walker, in opposition to the withdrawal of J. G. Cannon, as he (Walker) was a member of the Convention that nominated Cannon. Then came the discussion; John W. Dixon gave expression to his views and advocated the majority report; he said that Mathews would not vote for Cannon; for his record was too objectionable; he said Cannon voted against Judge Rivers' action in arresting county Judges &c., that Cannon voted for State rights and many other objections he urged against him. Mr. Dixon said also, that the question of State debt was an insignificant issue in comparison to other issues involved in this canvass, for he said if he thought it would give the Republicans control of Virginia, he would vote to pay the State debt, both principal and interest; Mr. Dixon said the Readjusters had done nothing for the free schools; that if Cannon was elected he would not vote for a Republican for U. S. Senator, he would vote for a Democrat and he (Dixon) wanted a good Republican elected in place of that "abominable man Johnson." Mr. D. made an uncompromising Republican speech.

Dr. Bristow advocated the majority report and stated that Mr. Cannon must abide the decision of this meeting, for he knew that Mr. Cannon would have a present but for the sickness in his family; and moreover, it was useless to consult Mr. Cannon about this for he (Bristow) did not believe that Cannon would withdraw if every man, woman and child in this District requested him to do so; Dr. B. read a letter from Mr. Brady chairman of the Republican Committee, addressed to Mr. Dixon, in which Mr. B. decided that Cannon was the nominee and that he (Dixon) must work for the nominee &c. Mr. Dixon and Dr. Bristow both repudiated the idea, that Dixon had even consented to leave the matter to Mr. Brady. The majority report was finally adopted and the Conference adjourned. Mr. Joseph Bristow accepted the honor conferred and of course is a candidate. After the Conference addressed a Mr. Lewis, a colored canvasser addressed the people in behalf of the Readjuster ticket.

We obtained permission from the Conference to be present and report the proceedings and the above is an accurate statement, as we can give. We will not comment on the proceedings; we will wait further developments.

HYMNICAL. Sunday evening one of the largest and most refined congregations ever seen in the city of Gloucester was assembled at the commodious and handsomely furnished church. Shortly after all the available space for seats was occupied and a large number of individuals left standing in the aisles. Prof. Lindree commenced to play the Wedding March on the organ. The bridal party marched slowly down the aisle in the following order: W. S. Page and Miss Clara S. Somers; E. F. Field and Miss Fannie Hudson; Ernest Brown and Miss Lizzie Donahoe; A. H. Yeager and Miss Lena Beverly; Davis Clayton and Miss Lila Beverly; and lastly the groom, Mr. H. C. Graydon, and the expectant bride, Mrs. Ida Watkins, who not only looked very lovely but handsomely and exquisitely dressed. After the party had taken their respective positions, a short prayer was offered by Elder Beverly, the officiating minister. The nuptial rights were then solemnized, and after the ceremony, the bride and groom, with their attendants, were seated in the front of the beautiful hall when quite a number of the ladies retired, but near as many as could be comfortably seated remained during the usual evening service.

Preacher and bride, the bridal train with a few special friends, repaired to the residence of Elder Beverly, the father of the bride, where a sumptuous repast was indulged in, after which the company retired to the parlor for two hours or more in social converse, where time fled away rapidly. Mr. Greenham is a young man of sterling business habits, and a deservedly popular society circle and for several years he has occupied the responsible position of head salesman in one of the largest and leading dry goods houses in this city. The above is from the Globe (Texas) Chronicle of the 7th inst. We heartily congratulate our friend "Colly" upon his embarkation upon the sea of matrimony and wish him a pleasant, happy and profitable voyage. The best Spring medicine known is that strengthening tonic, Brown's Iron Bitters.

COUNTY COURT.—King William County Court last Monday.—A discussion took place between Judge Garrison and Major Valden; Judge G. spoke an hour, or at least intended to do so but when he had been speaking not quite an hour, Judge Foster, came forward and requested the use of the C. H., and ordered the Sheriff to open the court, and to leave speakers and audience half of course and finish speaking and listening some where else; Judge G. made a forcible and telling speech. We have not heard a speech in this canvass, that seemed to have given more satisfaction to the Conservatives at the same time dealing most awful blows at the Readjusters on every point. Maj. Valden delivered his speech in the open air and as usual, made a good speech from his stand-point, and we must say, that we think Major V. is not quite zealous a Readjuster formerly, for his dwell at length on the State debt and said when the debt question was settled he did not favor the continuance of the Readjuster party; the Readjuster party was formed as a matter of necessity and its mission only, was to settle the debt. Major V. touched very tenderly on Mahone and we were very much pleased to hear from our friend such a mild speech so different from other Readjuster canvassers.

Major Valden we think will come back, we can't believe he will permit himself to be carried into the Republican party. Judge Garrison has done excellent work in this campaign and is the equal of any debater on the stump in Virginia.

News from the different parts of the county are decidedly encouraging and we think Judge Gregory's election is quite certain. Conservative-Democrats of King William do your duty and defeat the Republican nominee on the 8th of November next.

A wise Deacon.

"Deacon Wilder, I want you to tell me how you kept yourself and family well the past season, when all the rest of us have been sick so much, and have had the doctors visiting us so often." "Bro. Taylor, the answer is very easy, I used Hop Bitters in time; kept my family well and saved the doctor bills. Three dollars' worth of it kept us well and able to work all the time. I'll warrant it has cost you and the neighbors one to two hundred dollars apiece to keep sick the same time."

"Deacon, I'll use your medicine hereafter."

The Richmond and York river road, during the Centennial week, carried thousands of passengers and transported them from this place by steamers to Yorktown, and not one accident occurred either on road or steamers. Can any rail road or steamboat line say as much. We mention this to show the extraordinary good management displayed by officers and men in the tremendous rush that was over this route for more than a week. This line has first class managers and officers and employees both on rail road and steamer and if any one should question this, let them give it a trial and we venture the assertion, they will agree to the above.

Set back 40 Years.

"I was troubled for many years with Kidney Complaint, Gravel, &c.; my blood became thin. I was dull and inactive; could hardly crawl about; was an old worn out man all over; could get nothing to help me, until I got Hop Bitters, and now I am a boy again. My blood and kidneys are all right, and I am as active as a man of 30, although I am 72, and I have no doubt it will do as well for others of my age. It is worth a trial.—(Father)."

GODDY'S LADY'S BOOK FOR NOVEMBER.

Opens with a beautiful Steel Plate engraving, "Recalled to Life," a richly colored doublepage Fashion Illustration, with numerous engravings of various designs of the Latest Fashions. The Diagram Pattern is a novelty in the fact that it is a Lady's Bodice without shoulder seams. The novelette is a thrilling story of land and sea, by Thomas S. Collier, entitled "Beyond." There are numerous shorter stories by good writers, Aunt Ruth's funny sayings, and indeed the general get-up of the magazine is worthy of all praise. One thing to be said of this old favorite is, that there is never any vulgarity or immorality in its pages, and, therefore, it is worthy of a place in any refined home. Any of our readers who do not take the Lady's Book can be supplied, promptly, by having their orders at this office. We will furnish our own paper and the Lady's Book for the low price of \$2.50 per annum. As the next issue will close the current year, now is a good time to send in your subscription. The publication office is 1006 Chestnut Street, Philadelphia.

HURRAH FOR DANIEL.—On the train from Lynchburg to Wytheville yesterday a vote was taken among the passengers and railroad officials, including four ladies (God bless their souls!), who should have precedence in election, which resulted as follows: For Daniel, 51; Cameron, 4. All the railroad officials voted for Daniel. Four ladies for Daniel.

Thursday evening last the vote on the train from Burkeville to Lynchburg was taken with the following result: For Daniel, 77; Cameron, 23. The only colored man on the train voted for Daniel. All the railroad officials voted for Cameron. Twenty-four ladies voted for Daniel.—Wytheville Enterprise.

We are glad to learn that Mr. Lamb will almost certainly be elected in Charles City and New Kent. It is a foolish mistake to confound a remedy of merit with quick medicines. We have used Parker's Ginger Tonic with the happiest results for Dyspepsia and Debility, and know it to be a sterling health restorative. Times.

SPACOBON'S TRADE MARK THE GREAT CURE FOR RHEUMATISM. Neuralgia, Sciatica, Lumbago, Backache, Soreness of the Chest, Calf, Quinsy, Sore Throat, Swellings and Sprains, Burns and Scalds, General Bodily Pains, Tooth, Ear and Headache, Frosted Feet and Ears, and all other Pains and Aches.

No Preparation on earth equals Jacobs Ointment as a safe, sure, simple and cheap External Remedy. A trial will convince you of its comparative trifling utility of 50 cents, and every one suffering with pain can have cheap and positive proof of its claims. Directions in Every Language. SOLD BY ALL DRUGGISTS AND DEALERS IN MEDICINE.

LEVY'S CELEBRATED RAPHUA POWDERS, A SURE CURE FOR CHILLS AND FEVER.

After having been tested privately for several years in hundreds of cases WITHOUT A SINGLE FAILURE, these Powders are now offered to the public as a sure and never-failing remedy for CHILLS and FEVER. Whilst it is a more certain cure, it leaves none of the disagreeable effects of the usual Chills remedies, which, in many instances, make the "cure worse than the disease." RAPHUA POWDERS not only cure the malarial, but give health and vigor to the frame. Compounded of simples, which would not injure the most delicate, it has often been given to children with the best results; in fact, it is the best tonic and invigorant ever offered to the public. RAPHUA POWDERS are the SAFEST, THE MOST RELIABLE REMEDY FOR AGUE AND FEVER ever produced. It will stop the Chills! It relieves from fever; it restores; it strengthens; it invigorates. Read the following from the numerous Certificates in the possession of the Proprietor, and as they are from persons well known in the city of Richmond and elsewhere, they can be relied on:

Richmond, Va. Dear Sir—Last summer one of my children had a severe attack of Ague, for which I used the usual remedies without success. A friend of mine recommended me to apply to you for some of your "Raphua Powders," and I am happy to say they made complete cures of most of my children and I have since recommended it to all my friends who have been afflicted with such attacks. I remain, Yours truly, M. J. JACOBSON.

Richmond, Va. This is to certify that during last spring I contracted in one of the lower counties of the State, chills and fever, and after trying a great many remedies for the disease, found no permanent relief until I procured from Capt. Levy a package of his celebrated "Raphua Ague and Fever Powders," which, I take pleasure in stating, checked them immediately. The prescription contained twelve Powders. I found it necessary to take only half the number, I hereby cheerfully add mine to the list of certificates of the efficacy of the "Raphua Powders" in cases of chills and fever, and advise all afflicted to procure a package of them at once. R. F. VALENTINE, Richmond, Va.

Richmond, Va. Dear Sir—With pleasure do I bear testimony to the efficacy of your "Raphua Powders" in curing chills and fever, and permanently curing ague and fever. I have tried it in my own family, and confidently recommend it to others. Respectfully yours, JAMES A. GODDIN.

Richmond, Va. To avoid imposition be sure to observe the signature of the Proprietor on the wrapper of each box. FOR SALE BY George McDonald & Co., Druggists, West Point, Va. PRICE \$1 PER BOX.

FARM AND HOME.

Losses in Churning.

Losses in churning are liable to occur, even where the churn is faultless. The defect may be in the cream. The cream of some cows is changed into butter with much less churning than that of others. The cream of a Jersey may become butter after fifteen minutes churning, while that of a Shorthorn may require forty-five minutes. If there are of two such cows mixed and placed in the churn, the Jersey cream may become butter long before that of the Shorthorn. The Jersey butter is removed, and that of the Shorthorn remains in the buttermilk, requiring a second churning to bring it, or it is lost. The cream of farrow cows requires longer churning than that of new milk cows. It is stated the cream of a cow eighteen months from calf, requires one and a-half times longer in churning than that of the same cow one month from calf. If the cream of farrow and of new milk cows of the same breed is churned together, the butter of the new milk cows is likely to come first and leave that of the farrow cows in the buttermilk. When several cows are kept, the cream of one or two farrow cows might be lost in this way, and no one suspect that there had been any loss sustained. Sour cream churns in a shorter time than sweet cream. It is not unusual to take sweet milk from the cream on the morning of churning, add to the cream pot, and put the whole in the churn. As a result, the sour cream, or that which has stood in the cream pot a day or more, will change to butter in less time than the sweet cream, leaving the latter in the buttermilk.

Training A Colt.

Bad horses are more frequently made than born. It is very much in the bringing up—in the way the colt is reared for, and the manner in which it is broken.—Firmness with kindness go very far in making a valuable horse. The colt should early learn that it is never to be deceived; that it is to be encouraged and rewarded when obedient, and punished by the withholding of caresses when disobedient. The same natural qualities that make a horse vicious will, with proper treatment, make one of those intelligent and spirited horses that all desire to possess. The true trainer of colts is gentle, loving, firm, and thoughtful; and the young animals, under his charge, partake much of the same qualities.—Ez.

Asbes And Plaster.

The works on gardening of the last generation said nothing about guano and other fertilizers, as these were unknown to them. They very generally advised the use of "ash compost," made of equal parts of sifted, unleached wood ashes and gypsum of land plaster. Old-fashioned as this may be, it is a capital thing to have on hand. It, of course, should be kept under cover and perfectly dry. When squashes, melons, or any others of the family first break ground, give them a dusting of this mixture of ash compost. This will protect the young plants from the "striped bug," and its use may be continued with advantage until the vines get so strong as not to care for this enemy. As a top-dressing to almost any garden crop, it will be found beneficial.—Agriculturist.

Potash For Crops.

Grain farming, where the straw, fodder, hay, etc., are all consumed on the farm, does not exhaust the soil so much of its potash as of its phosphoric acid and nitrogen, these latter being the principal constituents of the grain; and therefore when wheat is sown on a clover lay it is not necessary to supply potash to the land—nitrogen and phosphoric acid being the principal elements to supply here. And so in the spring, if you want to know whether your land is deficient of potash or not, put a little hen manure on a row of corn, on another a mixture of hen manure and ashes, and on a third ashes alone. If the land is deficient in potash the difference in the product will show it in the superiority of that in the last row.

(Danville (Ill.) News)

John Stein, Esq., City Brewer, referring to its valuable qualities said to a News representative: I have used St. Jacobs Oil in my family and recommend it to my acquaintances. It has always given the best satisfaction, and is truly a wonderful remedy.

"How do you like the character of St. Paul?" asked a person of his landlady one day, during a conversation about the old saints and the apostles. "Ah, he was a good, clever, old soul, I know," replied the landlady, "for he once said, you know, that we must eat what is set before us, and ask no questions for conscience sake. I always thought I should like him for a boarder."

Dr. S. C. Graves, ex-President Va. Med. Association, says: I believe Canham's Emulsion is the best preparation known for pulmonary diseases.

IRON

ARCHIBALD, SHACKELFORD & CO.
CARRIAGE MAKERS,
 Saluda, Va.
 Vehicles of all kinds, and of our own make, always on hand and ready for sale or exchange. We make Carriages, Buggies, with and without tops; Hackays, Spring-seated and Sulkies, in the best style and after the latest approved patterns. Our workmen and employees are the best; our materials good, and we are confident that we can give satisfaction to all who may favor us with orders. We make all kinds of farm implements, such as Wagons, Cart, Drays, Barrows, &c., out of the best material.
 Repairing done cheaply, neatly and promptly, and Horse Shining a specialty.
 We have on hand Coffers and Caskets of all kinds ready for instant delivery, and we offer our services to the public as first-class undertakers. Success in the best mode of death, and we have in the past three years built up a trade of which we are justly proud.
 Quick sales and small profits is our motto, and promptness our watchword.
 With many thanks to our many patrons for past favors, we ask a continuance of their confidence, and cordially invite all persons to give us a call before purchasing elsewhere. June 9, 1871.
