## HISTORY

---

**C**HARTERED in 1693 by the English king and queen whose names it bears, and fostered by royalty and the care of the Bishop of London, the College of William and Mary soon after its establishment became associated with all the activities of early Virginia. Its dormitories and halls are named chiefly for distinguished Virginians—Taliaferro, Tyler, Jefferson, Monroe, Barrett, Chandler, Rogers and Washington. The President's house, partially destroyed by fire in the Revolution, was restored at the private cost of the king of France; and the statue of the popular royal governor, Lord Botetourt, still stands on a campus made sacred by the footsteps of the patriots Washington, Jefferson, Marshall and Monroe.

The college prospered to a fair degree under its first president, Dr. James Blair, until October 20, 1705, when the only building was unfortunately burned. The work of teaching, however, went forward in spite of this disaster. By 1711 the college had been rebuilt upon the old walls and in 1723 was erected the new Brafferton, at first used as a school for Indians. Later the south wing was added to the college building for a chapel in the same year (1732) in which the foundation was laid for the home of the president.

Dr. Blair, by whom chiefly the college had been founded and through whose efforts it had prospered, died in 1743; and the professor of moral philosophy, Dr. William Dawson, succeeded him as president. It was during President Dawson's administration that George Washington received his appointment from the college as county surveyor of Fairfax. In 1750 the Flat Hat Club was established. Of this, the first college club of which there is any record, Thomas Jefferson was a member. The next president was the historian of Virginia, Rev. William Stith, who came into office after the death of Dr. Dawson in 1752.

Through a checkered career, as full of strife as of usefulness, the college, with a faculty of seven, continued its labor, training men for the important struggle that was to come. During this period the presidents were Rev. Thomas Dawson, 1755-61; Rev. William Yates, 1761-64; Rev. James Horrocks, 1764-71; and Rev. John Camm, 1771-77. During Camm's administration, Lord Botetourt in 1770 donated a number of medals to the college, which were the first collegiate prizes to be awarded in America. On December 5, 1776, the famous Phi Beta Kappa, the first and

most distinguished of all Greek-letter fraternities, was founded by students of the college.

The character of the students during this early period of the history of William and Mary may be judged by the influence of its alumni upon the making of the nation. Three presidents of the United States attended classes at the college—Jefferson, Monroe and Tyler—and of these, two were students before the Revolution. Fifteen governors of Virginia went from its halls; and some of the most distinguished among them—Jefferson, Benjamin Harrison, the Randolphs, and John Page—were of the early years. Four signers of the Declaration of Independence, and Marshall, Blair, Bushrod Washington, and Philip P. Barbour, all of the Supreme bench, swell the honor roll. Numerous as the distinguished sons of the college in later years have been, no period in its history has produced the number of great men who attended as students during pre-Revolutionary times.

Throughout the Revolution the college continued its exercises save for a short time during the Yorktown campaign, when Williamsburg became almost the center of hostilities. The president's house suffered by fire, after having been the headquarters of Lord Cornwallis. As it was burned during its occupation by the French, it was restored at their expense.

In 1777 Rev. James Madison was elected president, and under his energetic management the college entered upon a new era. Upon Jefferson's election as Governor in June, 1779, he became a member of the Board of Visitors and put into operation many of his educational ideas. The college was changed to a university; and schools of modern language and municipal law—the first of their kind in America—were introduced along with a general lecture system with free election among the courses offered. The principles of the honor system may also be discerned as originating at this time. George Wythe, the professor of law, and James McClung, professor of medicine, vied with President Madison in distinction. Although President Madison became the first bishop of the Episcopal Church of Virginia, the college never resumed its denominational connections after the Revolution.

President Madison died in 1812, after having held the presidency since his twenty-eighth year. A little later the college suffered a second loss in the transference of the patronage of Mr. Jefferson to his projected university at Charlottesville. The next presidents to follow were Rev. John Bracken, 1812-14; John

Augustine Smith, M.D., 1814-26; Rev. William H. Wilmer, 1826-27; Rev. Adam Empie, 1827-36; and Thomas R. Dew, 1836-46.

Under the guidance of President Dew and a remarkably fine faculty, the students increased in number to 140 in 1839, a larger attendance than the college had had during any previous session. A brief period of internal strife was followed by a revival of strength and influence under Presidents Johns and Ewell. The presidents after Dew were Robert Saunders, 1846-47; Benjamin S. Ewell, 1848; Bishop John Johns, 1849-54; and Benjamin S. Ewell, 1854-88. In 1859 the main building of the college was burned for the second time, and the precious contents of the library were destroyed. The Civil War brought a suspension of the work of the college in 1861. During the ensuing strife the main building was again burned, this third time while occupied by Federal soldiers. The United States Government reimbursed the college for this loss in 1893.

After the war the college opened in 1865, with Colonel Benjamin S. Ewell again acting as president. An effort to remove the college to Richmond was defeated, and the burnt buildings were restored; but for financial reasons the work of the college was suspended from 1881 to 1888.

With the assistance of the State of Virginia, there was a reorganization in 1888, with Lyon G. Tyler as president, under whom a period of new life and usefulness set in. In 1906 the college became strictly a State institution, operated by a board of visitors appointed by the Governor of Virginia. Since the re-opening of the college many new buildings have been erected, and the number of professorships has been greatly increased. A modern hospital, a building for physics and chemistry, a lecture hall, an auditorium, a library, eight dormitories, a dining hall, and a power house have been built. The working apparatus of every department has been constantly improved. The number of students has increased with unusual rapidity; the standard of requirements for entrance and for the attainment of degrees has been materially raised; and a spirit of wholesome growth and advancement is evident throughout the institution.

In September, 1918, women were admitted to the college.

With the retirement of Dr. Tyler from active service in 1919, to become president emeritus, Julian A. C. Chandler assumed the duties of the office of president on July 1, 1919.

The General Assembly in the session of 1920 made provision for a new dormitory and increased the annuity to the college. With this annuity the college has been able to extend its courses

to include a department of business administration; teacher-training courses for home economics under the Smith-Hughes Act; and courses in public health and sanitation as an extension of the department of biology. By a proper adjustment of their courses, men or women may secure the necessary prerequisites to enter engineering, medicine, law, agriculture, forestry, and similar subjects. The department of education has been enlarged and especially equipped to prepare students to meet the increasing demand for superintendents, supervisors, principals and teachers.

In September, 1919, the college enlarged its work by establishing extension classes in Richmond, Newport News and Norfolk. Since that time it has continued its courses in these and other centers. It is now able to offer work at such other centers as can show a sufficient demand for the courses. These classes are of college grade. Therefore, persons desiring to enter them have to be prepared for college as either regular or special students.

On January 15, 1922, the Marshall-Wythe School of Government and Citizenship was opened, the address of the occasion being delivered by Judge Alton B. Parker. The School of Law, which had been discontinued with the closing of the College at the beginning of the Civil War, was revived during the session of 1922-23, and later was renamed the School of Jurisprudence.

In 1925 the college, as a part of its extension work, took over the Richmond School of Social Work and Public Health in Richmond. This is the oldest school of its kind in the South. Here are offered courses in the various forms of social work, public health nursing, and playground work. In addition, in 1926 the college began offering a schedule of freshman and sophomore college work for women who desire later to enter the School of Social Work or who desire to complete two years of college work in a city environment. This school is now called the Richmond Division.

In 1930 the Norfolk Division of the College was opened in the Larchmont school building, located at Bolling Avenue and Hampton Boulevard. The College first extended its activities into Norfolk in 1920, when the Norfolk Extension was organized. The support and co-operation given this extension work by the people of Norfolk led the College to establish the Norfolk Division in order to increase the usefulness of the College to this community.

## PRIORITIES OF WILLIAM AND MARY

---

The *first* American college to receive a charter from the crown; this was dated 1693, under seal of the Privy Council.

The *first* and *only* American college to be granted a coat of arms from the Herald's College, 1694.

The *first* American college to have a full faculty of president, six professors, writing master and usher.

The *first* medals awarded in America as collegiate prizes were those donated by Lord Botetourt, 1771.

The *first* Greek letter fraternity was founded at William and Mary on December 5, 1776. This fraternity, the Phi Beta Kappa, is the great honor society of the foremost institutions of learning in America.

The *first* honor system.

The *first* elective system of studies, 1779.

The *first* schools of Modern Languages and of Law were established in 1779, under the influence of Jefferson.

The *first* college to teach political economy was William and Mary in 1784.

The *first* school of history was founded here in 1803.

## BUILDINGS AND GROUNDS

---

### THE COLLEGE BUILDING

(Sir Christopher Wren Building)

This building is the oldest of the campus group. It is believed that the initial plans for this building were drawn under the direction of Sir Christopher Wren. For the most part, its walls are those of the original building structure of 1695. Until the close of the session 1927-28, it housed the academic subjects, exclusive of the sciences, jurisprudence, and business administration. In the south wing was the original chapel, memorable for its valuable portraits, and its tablets in memory of former professors and distinguished alumni. During the period 1928-31 it was restored to its original form and appearance through the generosity of Mr. John D. Rockefeller, Jr.

### THE PRESIDENT'S HOUSE

Northeast of the Wren Building is the president's house. Since its erection in 1732 it has been the residence of the successive presidents of the college. In 1931 this building was restored by Mr. John D. Rockefeller, Jr.

### THE BRAFFERTON

Southeast of the main building and facing the home of the President stands The Brafferton. Here are located the President's office, the department of secretarial science, and the school of jurisprudence.

The Brafferton was built from funds derived from the estate of the Honorable Robert Boyle, the distinguished natural philosopher, who, in his will, had provided that four thousand pounds sterling of his money should be employed in "pious and charitable uses." Dr. Blair, the first president of the college, being in England at the death of Boyle, urged the Earl of Burlington, Boyle's nephew and executor, to direct the fund to the support of a school for Indians in connection with the College of William and Mary. Burlington invested the funds in an English manor called *The Brafferton in Yorkshire*, from which most of the rents were to go to the college in Virginia. Brafferton Hall was built in 1723 from the proceeds of the Brafferton estate, and

until the beginning of the Revolutionary War, was used as a school for Indians. This building was completely restored in 1932 by Mr. John D. Rockefeller, Jr.

### TALIAFERRO HALL

Taliaferro Hall is situated on the south side of the main thoroughfare leading to Jamestown. Formerly it was used as a dormitory for men, but at present it is used as an administration building. It houses the offices of the dean of the college, the dean of men, the dean of women, the registrar, the treasurer and student publications.

### ROGERS HALL

The William Barton Rogers Science Hall was erected in 1927 as a memorial to the alumnus of the college who founded the Massachusetts Institute of Technology. It cost \$300,000 completely equipped with laboratory apparatus and furniture. The General Education Board gave \$150,000 of this sum and admirers of the work of William Barton Rogers gave the remainder. The ground floor houses the department of physics while the second and third floors house the department of chemistry. In addition to the standard laboratories for the various fields of physics and chemistry, there are lecture rooms, reading rooms, private laboratories for research work and the aeronautics laboratory. It is a fireproof building embodying many new features of laboratory construction.

### WASHINGTON HALL

Washington Memorial Hall was erected in 1928 as a memorial to George Washington, licensed as a surveyor by the college in 1749, and the first Chancellor of the college after the Revolution. This building was erected by the State at a cost of \$200,000.

The ground floor houses the Department of Biology while the second and third floors furnish lecture rooms and offices for the Departments of Education, English, Fine Arts, Mathematics, Philosophy, Latin, Modern Languages, Music and Home Economics.

### COLLEGE LIBRARY

Before 1908, the library was immediately back of the Chapel in the main building of the College. In 1908 a new building

was erected with funds given by Mr. Andrew Carnegie and by other friends of the College. In 1921, the Carnegie Corporation gave an additional \$25,000, which was used in erecting a larger stack room. The rapid growth of the College made it necessary to enlarge the stack room again, and to provide additional reading room accommodations. With an appropriation from the State of Virginia the old building was enlarged in 1929, at a cost of \$120,000.00, by the erection of a three-story structure between the former reading room and the stack room. The library now has a capacity of about 400,000 volumes and reading room accommodations for 450 students at one time. At the north end of the stack room, cataloging and office rooms were erected. The basement of the new three-story structure was constructed so that it might be used in the future as an additional stack room. The new reading room on the first floor connects with the old reading room. A fund of \$20,000 was given by Mr. William Lawrence Saunders and Jennie Morton Saunders, to furnish this room suitably in memory of their uncle, Robert Saunders, former president of the College. The second floor is divided into two rooms, one of which is an additional reading room used for periodicals and special collections of reserved books; and the other has been suitably equipped for the classes in Library Science. On the third floor is the library of the school of jurisprudence of about 8,000 volumes. The library has at this time about 78,000 books, and an unusually valuable collection of rare books and manuscripts. The most valuable books and manuscripts, together with the College records, are kept in a new concrete vault, built for this purpose. The collection of manuscripts is constantly receiving valuable accessions through gifts from the many friends of the College. The books are classified according to the Dewey decimal system. A dictionary card catalog, kept up to date by the use of the printed cards of the Library of Congress, makes the resources of the library available. About 5,000 books are added to the library annually. The number of current periodicals regularly received is 650.

On the walls of the new reading rooms are hung portraits of distinguished alumni, eminent Virginians and benefactors of the College. The portraits belonging to the College constitute one of the most valuable collections of early original portraits in the United States. Students are encouraged to consult books not only in the reading rooms but also in the stack room, to which they are admitted at all times without any formality. As the library is conducted according to the honor system, any dis-

honorable practice on the part of a student will be referred to the men's honor council or to the women's honor council. To increase the serviceableness of the library, the librarian offers each semester a series of thirty-six lectures in the use of reference books, for which a student receives two credits (see English 103). The library is open every day in the year from 8:30 to midnight, except Sunday, when the hours are from 2 p. m. until midnight.

### SAUNDERS READING ROOM

As a memorial to Robert Saunders, Professor of Mathematics, 1833-1848, President of William and Mary, 1847-1848, the large reading room on the first floor of the library has been equipped at a cost of \$20,000 by William Lawrence Saunders and Jennie Morton Saunders.

### PHI BETA KAPPA MEMORIAL HALL

The Phi Beta Kappa Memorial Hall was completed and opened for use in November, 1926. The funds for the erection of this hall were furnished by the United Chapters of Phi Beta Kappa as a memorial to the fifty founders of the Society. The building is used as an auditorium and as a home for Phi Beta Kappa guests.

### THE GEORGE PRESTON BLOW MEMORIAL GYMNASIUM

This building was given to the college in 1924 by Mrs. George Preston Blow, of Yorktown, Virginia, and La Salle, Illinois, and by her children, in memory of Captain George Preston Blow, of the United States Navy, whose father and grandfather were alumni of the college. It is one of the largest and best equipped gymnasiums in the South, containing a standard size swimming pool, shower baths, lockers, basketball court, large gymnasium hall, running tracks, monogram and trophy room, and a large hall for Y. M. C. A. and other meetings. In addition to the dedication tablet, a large bronze tablet in the entrance hall carries an inscription, setting forth the purpose to which the building is dedicated.

## CARY FIELD PARK

The whole campus of the college contains about three hundred and fourteen acres, one hundred and thirty acres of which are cleared. The eastern portion of the campus, covering about thirty acres, is used for buildings; the western portion is used for athletic purposes. The latter portion of the campus is known as Cary Field Park, named in honor of T. Archibald Cary, who gave the funds for grading the baseball and football grounds and for building the grandstand. Additional ground has been graded and affords ample room for all outdoor sports.

## THE COLLEGE DINING HALL

### (Trinkle Hall)

The old dining hall, which has been remodeled and enlarged for the use of both men and women, has become one of the most attractive buildings on the campus. The building complete has cost \$150,000, and seats from 900 to 1,000 students. It is sanitary, artistic, and beautiful. Especially has the main dining hall been commented upon for its great beauty. Funds for the erection of this hall were obtained from the State. It was named for Governor E. Lee Trinkle.

## COLLEGE HOSPITAL

During September, 1930, the new College Hospital was completed. The building is a three-story structure, consisting of a central portion and two wings having separate entrances. One wing is used for men and the other for women. In the central portion are located four rooms for nurses, two reception rooms, and offices for doctors. The third floor is used for wards. The building cost \$75,000, and has a total capacity of sixty beds.

## THE MIRIAM ROBINSON MEMORIAL CONSERVATORY

The Miriam Robinson Memorial Conservatory was erected in 1926, on the South Campus, adjoining Tyler Hall, through the joint efforts of the Board of Visitors, friends of the College, and Charles M. Robinson, in memory of the little girl whose name it bears.

It consists of a greenhouse for decorative plants, a well-equipped laboratory or class room for teaching practical floriculture.

ture, and a cool house at the opposite end of Tyler Hall for class work.

Through the activities of the Conservatory, considerable planting has been done on the campus, and a beautiful natural park, with an artificial lake, has been begun.

### COLLEGE AIRPORT

The Williamsburg Municipal Airport is located about one mile northwest of the campus. The airport is operated by the College in cooperation with the city of Williamsburg, and, while almost all of the flight activity is that of the Department of Aeronautics, the field is open to transient or permanently located ships and commercial service is available for their convenience.

The airport conforms to the Federal Department of Commerce Class 4 rating, as to size. It has two runways, each five hundred feet wide and eighteen hundred feet long, in L-shaped formation. The surface is of sod and splendidly drained so that the field is available under all conditions of weather. Runway boundaries are marked with regulation chrome yellow Department of Commerce metal cones, and the north-south runway is equipped with flood lights to permit night flying. The field is approved and licensed by the State of Virginia.

Located on the west side of the north-south runway and adjacent to the county road, is a modern brick and steel hangar, built by the College in 1931. The building contains airplane storage space, sixty by eighty feet, with an overhead clearance of sixteen feet. It also has large repair shops, parts storage, waiting room, rest rooms and administration offices. Modern fueling service is available at an electrically operated field pit and specification gasoline and oils are kept in stock. Weather maps, together with other important information from the Department of Commerce and the Navy Hydrographic office, are posted daily and complete weather information along the Federal airways is available through telephone connection.

### DORMITORIES FOR MEN

There are four dormitories for men with total accommodations for more than four hundred students.

All dormitories are heated with steam, lighted with electricity, and screened. Each room is supplied with pure running water from the artesian well on the campus. There are hot and cold

shower baths on each floor. The rooms contain all necessary furniture, such as closets, dressers, tables, chairs and single iron beadsteads and mattresses. All students except those coming daily from their homes are required to live in the college dormitories or in their respective fraternity houses, if they are upper classmen. All freshman students board in the college dining hall and live in the college dormitories. Any exceptions are by special permission.

### **Tyler Hall**

Tyler Hall, built in 1916, is a three-story brick building containing twenty-seven very large, airy rooms, some of which have separate study and sleeping apartments. The construction of the building in two distinct units obviates the noise incident to long corridors. This hall also is distinctly modern in all its equipment. Funds for building this hall were obtained by a State appropriation. It was named after President John Tyler, an alumnus of the College, and Lyon G. Tyler, President Emeritus.

### **Monroe Hall**

The men's dormitory known as Monroe Hall was opened for use in September, 1924. The cost of this hall, including equipment, was \$200,000. The State gave \$120,000 toward the erection of this building and the alumni and friends of the College gave the remainder. It is a thoroughly modern fireproof structure containing memorials to many distinguished alumni and affording accommodations for 168 students.

Beginning with the session 1929-30 this building was used exclusively by freshmen and adequate supervision for insuring satisfactory conditions for study provided. The building was named for President Monroe, an alumnus of the College.

### **Old Dominion Hall**

The Old Dominion Hall, "The Virginia Hall of Fame," was completed in 1927 as a dormitory for men. It contains one hundred rooms, which house 170 students. Each room bears the name of a Virginian who has played a prominent part in the making of our country. In addition to the dormitory rooms, it contains a social hall 90 feet by 40 feet, and two memorial parlors. The \$175,000 required to build this hall was secured through the Noell Act.

## DORMITORIES FOR WOMEN

All women students of the college, except those who come daily from their homes, are required to live in the college dormitories and board in the college dining halls. Exceptions to this rule are made only in the case of mature women who are twenty-five years of age or over.

### Jefferson Hall

Jefferson Hall was erected by funds provided by the General Assembly of 1920. This brick building is two hundred feet by forty-one, and is in every respect modern, sanitary, and attractive. In the basement is a gymnasium eighty-eight by forty-one feet, and a swimming pool of the capacity of forty-five thousand gallons. The main, or ground floor, contains the main entrance, and student reception rooms. The second and third floors are the dormitories proper. The rooms are fourteen by fifteen feet in size, and each room accommodates two students. Each room is supplied with hot and cold running water, two large closets, two single iron beds, a dresser, a table and chairs. This dormitory accommodates one hundred twenty-five students.

The gymnasium in the basement of Jefferson Hall is modern in all respects. Its floor space, eighty-eight by forty-one feet, is sufficient for basketball and indoor games and exercises. Adjoining this open court are the swimming pool and the dressing rooms. The gymnasium is supplied with steel lockers, shower baths and modern equipment. The building was named for Thomas Jefferson, an alumnus of the College.

### Kate Waller Barrett Hall

The Kate Waller Barrett Hall was erected by the college in 1927 as a memorial to Dr. Barrett, one of the leading figures in the movement for the higher education of women in the South, and at the time of her death in 1925 a member of the Board of Visitors of the College. It is the central hall of the three women's dormitories. It is of modern fireproof construction and houses 176 women students. It cost \$225,000 complete. The State provided \$80,000 of the funds necessary to build it, and the remainder was obtained through the Noël Act.

### **Brown Hall**

Brown Hall was erected in 1930 by the Women's Missionary Society of the Methodist Church. This is a three-story, fireproof building, located on Boundary Street, one square from the College entrance and accommodates seventy-five students. The rooms are provided with the conveniences found in modern dormitories for women.

### **Chandler Hall**

Chandler Hall, named for the present President of the College, was finished and ready for use in June, 1931. It is a three-story fire-proof building located on Jamestown Road and connected by an arcade to Barrett Hall. It contains seventy-five bed rooms with connecting bath between each pair of rooms, and possesses all modern conveniences. Suites of rooms on the second and third floors may be used for housing women's fraternity groups. The \$182,000 necessary for its construction was secured through the Noell Act.

### **Other Dormitories for Women**

The College owns ten other women's dormitories which will accommodate 175 students. These are all brick buildings. They are rented at present at dormitory rates to ten women's fraternities. Students living in these houses are subject to the same rules and regulations as are the occupants of the other women's dormitories.

## **FRATERNITY HOUSES**

The men's fraternities own or rent houses which afford comfortable accommodations. The Board of Visitors considers that the fraternity houses are subject to the same rules and regulations as the college dormitories. They can be entered at any time for inspection by members of the faculty and officers of the college.

## **THE PRACTICE HOUSE**

The practice house, a feature of the department of home economics, is a large two-story frame structure. All remodeling and renovating were done under the supervision of the department. It presents a very attractive appearance.

Under the supervision of a professor, who is a member of the practice house family, a group of six to eight students, juniors and seniors in home economics, live in the practice house for a period of twelve weeks, and, during this time, do all the work of the household. Although it is not the purpose of the practice house to duplicate home conditions exactly, every effort is made to create a pleasing, home-like atmosphere, in which the students should form the highest possible standards for home-making. Visitors are welcome at all times.

### BUILDINGS OF RICHMOND DIVISION

The Richmond division of the college occupies two buildings at the corner of Shafer and Franklin Streets, Richmond, Va. The Main Building, a substantial three story and basement structure, is used both for class rooms (first floor) and as a dormitory (second and third floors). The dining hall is in the basement which has high ceilings and is well lighted. In the east wing of this building are the laboratories and studios. The college buildings in Richmond are valued at \$250,000.

### BUILDINGS OF NORFOLK DIVISION

The work of the College in Norfolk is carried on in the building which was formerly used for elementary school purposes in Larchmont. It is located at Bolling Avenue and Hampton Boulevard on the Naval Base car line, and is accessible to all parts of the city and contiguous territory. The College owns a tract of adjacent land which is available for future buildings and athletic activities. This building and adjacent lots are valued at \$150,000.

## GOVERNMENT AND ADMINISTRATION

---

Applicants for admission to college should always write to the registrar of the college for the official entrance application blank and should have their certificates of preparation filled out according to the instructions given on page 73. The certificate should then be filed with the registrar *at least two weeks before the opening of the session* in order that applicants without the necessary preparation may be notified of their failure to fulfill the entrance requirements.

As soon as possible after arriving at college all students should report to the registrar's office. The registrar enrolls the student and gives him a registration card which must then be presented to the classification committee. The classification ticket and the matriculation card are then presented to the treasurer in his office in The Taliaferro. On the payment of fees the student is officially enrolled on the register of the college.

Official classification and payment of fees are requisite to enrollment.

## STUDENT SUPERVISION

The president and the deans endeavor to follow carefully the progress and the behavior of every student in college, and by personal oversight and advice to insure proper conduct and attention to duties. In addition, the president re-enforces the work of the several deans and advisers through inspection of the official class reports and through personal interviews with delinquents. The president is assisted also in this work by the student committee on self-government.

Students are not permitted to take up or to discontinue a subject except with the consent of the Dean by whom his or her course has been approved. But any departure from catalogue requirements must be approved by the Dean of the college. The Dean acts as counsellor and supervisor for all men of the college.

The Dean of Women is the educational adviser of all women students. The Social Director, who is also a member of the faculty, is in charge of the social life of the women. No effort is spared to insure to women the most wholesome and stimulating intellectual and social environment. The women's self-gov-

ernment association co-operates with the social director of women in regulating all matters of student life not under her immediate supervision.

On October 15, November 15 and December 15 of the first semester, and March 1, April 1 and May 1 of the second semester, reports on students are sent to parents or guardians.

Students whose reports do not show passing grades on at least nine hours of work are placed on probation and deprived of social privileges until their reports show that they are passing on the required number of hours.

Students who at the end of any semester have passed all their work with a grade of 85, or better, will be granted special privileges.

### ABSENCE FROM LECTURES AND FROM COLLEGE

Absence from classes or from other college duties without sufficient reason is not expected. Sickness or the permission of the president or a dean for a student to be absent from the college constitutes a sufficient reason, but does not excuse the student from his class work. It is in the province of each instructor to prescribe the conditions under which class work shall be made up, whatever the reason for absence.

In courses that carry three or more hours of credit instructors report to the office of the President any man who has four unexcused absences, and to the office of the Dean of Women any woman who has four unexcused absences. These officers then warn the student, *but the student will not be able to plead exemption because he has not been warned*. When the student has a fifth unexcused absence, the instructor reports it immediately to the proper officer and, upon notification by this officer, drops the student from his roll.

In laboratory courses five unexcused absences from the lecture and laboratory periods combined causes the student to be dropped from the course.

In a two-credit course the same procedure is followed except that a report is made on the third unexcused absence and the student is dropped from the class roll on the fourth unexcused absence.

In a one-credit course the report is made on the second unexcused absence and the student is dropped from the class roll on the third unexcused absence.

*When a student has been dropped from two courses through unexcused absences, he is required to leave College.*

### CHANGES IN COURSES

A student may change a course only upon the approval of the Dean of Women, or the Dean of the College. After two weeks from the end of a registration period, a change may be made only upon payment of three dollars.

If a student drops a course because of his neglect of work, failure will be marked against him for the term in this course.

### DELAYED REGISTRATION

Any student who fails to register on or before Friday, September fifteenth of the first semester, or to register before Friday, February second, of the second semester, will be charged a delayed fee of five dollars (\$5.00), which will be remitted only in case of sickness.

For each day or part of a day that a student is absent from lectures following registration, and for each day or part of a day preceding or following the Thanksgiving or Christmas Vacation, or any other holiday, a delayed fee of five dollars will be charged unless such absence is due to sickness.

### DISCIPLINE

The discipline of the college is in the hands of a Disciplinary Committee representing the president and faculty. The object is to maintain regularity and order in the institution and to inculcate in the students the spirit of honor.

The honor system as accepted at William and Mary assumes that every student is trustworthy and will not do a dishonest and dishonorable thing or violate his pledged word. Each student is required to sign the following pledge on written work: "I hereby declare upon my word of honor that I have neither given nor received help on this test (examination or assignment)." The young men and the young women, through their student councils immediately take cognizance of any violation of the honor system, and any student found guilty of violating the accepted code is regarded as unfit to remain as a member of the college community.

The examinations are given under the honor system and a formal pledge to every examination or test paper is required.

The respective student councils also take cognizance of any matters which, in their judgment, are injurious to the well-being of the college. So thoroughly is the enforcement of the honor system placed in the hands of the students that there is rarely any appeal from their decision.

The faculty believes that it owes as a duty to parents the insistence upon the withdrawal of any student not profiting by his stay at college; and, when non-resident students are permitted to withdraw or are dropped from the roll or are suspended, they must forthwith leave Williamsburg and the vicinity. Until this requirement is fulfilled, they remain subject to the authority of the institution and may be expelled. In every case of discipline the student's parent or guardian is informed of the action.

A summary of the regulations of the college is put into the hands of every student when he presents himself for registration. He is required to sign these regulations and to agree to abide by them before he is allowed to matriculate.

No form of hazing, "running" of freshmen, or of subjecting a student to humiliating treatment is permitted. No assemblies for so-called mock trials or the like can be held without special permission.

The statutes of the College forbid to students the use of intoxicating liquors, gambling, and the possession of firearms. Students are not allowed to have automobiles, except by special permission which is to be secured from the President. Smoking is forbidden in the academic buildings, social rooms, and halls of the dormitories.

### EXAMINATIONS AND SYSTEM OF GRADING

Written examinations are held at the end of each semester. An examination grade of 75 per cent passes a student, provided his class standing and attendance are satisfactory to the professor. The student's grades are recorded on the percentage basis.

### DROPPING FROM THE ROLL

A freshman student must make fifteen semester hours of credit during the college year, with at least seven semester hours of quality grade. An upper classman or a special student must make twenty-one semester hours during the college year, with

at least twelve semester hours of quality grade. At the end of the college year the committee will review the work of all the students that have fallen below these requirements and unless there is some good reason, the student will be dropped from the roll. The committee of the college will at stated times review the work of each student to determine the advisability of his continuing in residence. At any time when a student's work is so unsatisfactory as to make his withdrawal necessary, the administration will require his prompt separation from the college.

### STUDENT ASSEMBLIES

An assembly is held in the Phi Beta Kappa Hall from time to time at which all students are required to be present. Notice of the hour of these meetings will be given twenty-four hours in advance. The entire faculty is expected to be present at these meetings.

Devotional exercises are held in the Chapel each week on Tuesday, Wednesday, Thursday and Friday at 8:30 o'clock. All students are urged to attend these meetings. The exercises are under the direction of a committee of the faculty and of the students.

### PUBLIC PERFORMANCES AND PARTIES

No person or group of persons associated with the College of William and Mary shall give either in Williamsburg or elsewhere a public performance of any kind unless prior to the first rehearsal the said person or group of persons shall have obtained from the proper authorities of the college permission to present the entertainment. In order to secure permission, those in charge of the performance must make written application to the president of the college.

Women students are not permitted to attend entertainments or amusements in the town without securing permission from the Social Director.

### SAMPLE AND SALES ROOMS

The use of rooms in the college buildings for displaying samples and goods for sale to students and others is not permitted. This applies to firms having either special agents or student representatives. No student may solicit for the sale of any article as a representative of any firm without first getting permission from the president.

**COMMUNICATIONS FOR STUDENTS**

Parents or friends wishing to communicate with students must do so by letter or telegram. No student will be called to the telephone. The clerks at the college, however, will deliver a telephone message in case of emergency.

## EXPENSES

---

First semester.—To facilitate bookkeeping, parents are requested to send a check for the expenses of the term, so far as known at the time, to the treasurer's office on or before September 8th.

Second semester—A check for the principal expenses is requested on or before January 20th.

### FEES FOR VIRGINIA STUDENTS

Per Semester—payable in advance

### TEACHERS' SCHOLARSHIPS

Virginia students holding Teachers' Scholarships pledged to teach two years in the public schools of Virginia are given a credit of \$37.50 a semester on their fees. All State students who board in the college dining hall will be given an additional credit of \$9.00 per semester on their board.

### STUDENTS NOT LIVING IN VIRGINIA

Students not living in Virginia pay at the same rate as Virginia students plus \$75.00 per semester for tuition, all payable in advance per semester.

Any minor is classified as a Virginia student whose supporting parent resides in Virginia and does business there. The residence of any one twenty-one years of age is determined by where his home is at the time that he first enters college. A declaration of intention

to reside in Virginia is not sufficient unless the person has voted and does vote in the State, and is a regular Virginia taxpayer.

### GENERAL INFORMATION ON FEES

All students should note that college expenses are *payable in advance by the semester*, remittance being made by check, drawn to the College of William and Mary. The charges for room rent, late matriculation fee, laboratory fees, music, journalism, special examinations, fines for missing classes and similar items may be paid after the beginning of each semester and are *not* included in the first check, as stated above. No student in arrears to the college for fees or board will be awarded honors or degrees.

The Athletic Fee (\$11.50) had its origin in the request of the students. The money derived from this fee is used to defray the expense of maintaining the various forms of athletic activity at college. Payment of the fee entitles the student to membership in the athletic association and to free admission to all athletic contests on the home grounds.

The College Fee (\$50.00 a semester) is a payment towards the general incidental expenses of the college, fuel, servants' hire, and maintenance of buildings.

**Reductions.**—No rebates in any of the above fees will be allowed. No reduction will be made in board and room for periods less than one month. No meal tickets will be issued on credit.

Room rent and board include the charges for room, board, furniture, janitor service, light and heat. No part of room rent and board will be refunded to the student who leaves the dormitory unless he withdraws from college.

**Laundry.**—The college operates a laundry and all students except those living at home are required to pay the laundry fee of \$10.00 per semester.

### FEES FOR HOLDERS OF SCHOLARSHIPS

Any student holding a scholarship is required to pay all fees, except the value of the scholarship which he holds.

## RESERVATION AND OCCUPANCY OF ROOMS IN DORMITORIES

In order to occupy a room in the dormitory the applicant is required to make a deposit of \$5.00 with the Registrar. This fee will be returned only to students who cannot be accommodated in the college dormitories and to new applicants who cancel their reservations before August 15th. In no case will it be returned to a student leaving the dormitory but is transferable from year to year as a room reservation.

*Students furnish their towels, bed linen, blankets and pillows.*

## RATES FOR ROOM AND BOARD

All students, men and women, are required to room in the College dormitories or fraternity houses. The sorority houses and fraternity houses are classified by the Board of Visitors of the College as dormitories. Any variation from this regulation must be by written permission from the President of the College.

The rate for board only is \$22.00 for a month of four weeks. A student who occupies a room in a dormitory, not including fraternity house dormitories, will not be given a refund on board and room, if the President permits him to move out during the semester, except when he withdraws from college. All women students and all freshman men students are required to board in the College dining hall.

*Virginia students holding Teachers' Scholarships pledged to teach two years in the public schools of Virginia will be given a credit of \$9.00 per semester on board if they board in the college dining halls.*

### EXPENSES IN THE RICHMOND DIVISION OF THE COLLEGE

The fees in the Richmond Division of the college vary slightly from those on the campus at Williamsburg. For further information, write the Director of the Richmond Division of the College of William and Mary, 901 West Franklin Street, Richmond, Va.

### EXPENSES IN THE NORFOLK DIVISION

The school year is divided into two semesters of approximately eighteen weeks each. Attention is specifically drawn to the fact that the rules of the College require all fees and other charges to be paid

in advance by the semester. For full information, write the Dean of Norfolk Division, College of William and Mary, Hampton Blvd. and Bolling Ave., Norfolk, Va.

### PHYSICAL CARE AND MEDICAL ATTENDANCE

The college employs a physician, a nurse and assistant nurses to take care of the physical welfare of the students. Modern sanitary conditions are maintained and medical treatment is given to the students with no additional cost to them beyond the ordinary fees listed above. Physical exercises and athletic sports are under expert supervision and are conducted primarily for the promotion of health and efficiency. An infirmary affords facilities for the isolation of cases of infectious diseases or for those requiring quiet surroundings.

Medical attention and staple medicines are furnished free of charge to the students, but the college does not assume the expense of consulting physicians, special nurses, or surgical operations. Students not boarding in the college dining hall and not rooming in the college dormitories are charged a fee of \$3.00 for each day or part of a day they may be confined in the infirmary.

Students rooming in the dormitories and boarding outside, or boarding in the dining hall and rooming outside, are charged a fee of \$1.50 for each day or part of a day they may be confined in the infirmary.

### SPECIAL FEES AND EXPENSES

1. **Laboratory Fees.** A laboratory fee of \$7.50 per semester is charged for each laboratory course taken in chemistry, biology, physics, typewriting, home economics, journalism, and psychology 202. In organic chemistry the fee is \$10.00. In Fine Arts 101, 102, 201, 202, 301, 302, 405 and 406 the fee is \$7.50. In Fine Arts 104 the fee is \$5.00. In Fine Arts 204 and 401 the fee is \$4.00. In psychology 201 the fee is \$5.00 per semester. In Home Economics 401, Practice Teaching, the fee is \$10.00 for six credits and \$5.00 for three credits. The Practice House fee is \$5.00. In Education 401 a fee of \$5.00, and in Education 405 a fee of \$3.00 is charged. In Mathematics 105 and 208 the fee is \$5.00 each. A laboratory fee of \$10.00 per semester is charged for Shorthand and Typewriting. A fee of \$2.50 per semester is charged for Shorthand. A fee of \$10.00 per semester is charged for Shorthand-Typewriting 201, 202, 301, and 302. A fee of \$1.50 each is charged for Eng. 201, 202, and 310. The

fee is \$5.00 each for Aero. 101 and 102; for Aero. 103 the fee is \$150.00.

Breakage in the laboratory will be charged against the student.

2. Fees for Applied Music (Piano or Voice), \$40.00 each semester. Use of practice piano, \$5.00 for each semester.

No fees for work in Harmony classes.

3. Special Examinations. A fee of \$3.00 is charged for all special examinations except such as are necessitated by sickness or other unavoidable causes. This fee must be paid in advance, and a receipt from the treasurer of the college must be presented before the examination is taken.

4. Diplomas. The charge for the Master's diploma is \$10.00, and the charge for the Bachelor's diploma is \$7.50. These fees are payable at graduation.

5. Gymnasium Fee. All students are charged a gymnasium fee of \$5.00. This fee covers use of equipment, locker, shower baths, swimming lessons and plunge periods.

### INCIDENTAL EXPENSES

It is impossible to estimate the exact cost to students of clothing, travel and incidental expenses. These are governed largely by the habits of the individual. The college endeavors to cultivate frugality and to protect the student from temptations. The size of Williamsburg aids materially in this matter by not subjecting the students to the diversions of a larger city. As the demands for extra money are small, parents are advised to furnish only a small sum.

The cost of books depends somewhat on the courses taken, but will seldom be less than \$25.00 a year and does not usually exceed \$30.00 a year.

### REDUCTION OF EXPENSE TO HOLDERS OF STATE SCHOLARSHIPS

A reduction of expenses to holders of State scholarships is made possible by the desire of the Commonwealth to develop a body of men and women trained for, and interested in, its greatest responsibility—the education of its children. Therefore, through the aid furnished by the State, the College of William and Mary offers *one hundred and thirty-two* scholarships to students who

wish to prepare themselves to teach in the public schools of the State. These scholarships may be secured by application to the superintendents of schools in the counties and cities. Each scholarship entitles the holder to a credit on college expenses, amounting to \$93.00 per session, provided the student boards in the college dining hall.

Any student holding a State Teachers Scholarship may continue to hold the same until the Dean of the School of Education rules otherwise.

### **MINISTERIAL STUDENTS**

Students furnishing satisfactory evidence of their intention and fitness to enter the ministry are admitted upon the same terms as Virginia students holding State scholarships.

### **STATE STUDENTS' LOAN FUND**

By act of the General Assembly a students' loan fund has been created, and any deserving student may secure a loan on which the rate of interest is fixed by law at 6 per cent.

### **PHILO SHERMAN BENNETT LOAN FUND**

This fund was established in 1905 by William Jennings Bryan, of Lincoln, Nebraska. It is a part of a trust fund left by Philo Sherman Bennett, of New Haven, Conn., for the purpose of aiding deserving students. The proceeds of the fund are used to make loans to students needing assistance during their college career.

### **WILLIAM K. AND JANE KURTZ SMOOT FUND**

This fund was established in 1913 by the Fairfax County Chapter, Daughters of the American Revolution, as a memorial to William Sotheron Smoot. The fund was donated by Mrs. James R. Smoot and is in the form of a loan which is to be made to some deserving student during his senior year in college.

### **THE WILLIAM LAWRENCE SAUNDERS STUDENT AID FUND**

As a tribute to the memory of former President Robert Saunders of the College of William and Mary \$25,000 has been

donated by William Lawrence Saunders as an aid fund for the benefit of needy students. The method in which this fund is to be used is left to the President and Faculty.

### THE FRANCIS WALLIS STUDENT LOAN FUND

This fund was begun in 1921 by the Francis Wallis Chapter, Daughters of the American Revolution, in honor of the Revolutionary officer, Lieut. Francis Wallis (1749-1789) of Kent Co., Maryland, for whom it was named, and in memory of his great-granddaughter, Mrs. Elizabeth T. Wallis Schutt, whose patriotic ideals inspired her daughter to organize this chapter and establish this fund as its primary objective. When it had grown to \$300.00 it was transferred from the general loan fund to the College of William and Mary, to assist deserving girls to complete their education. The chapter reserves the right to nominate a girl, or girls, under this scholarship, with the understanding, however, that if such nominations have not been made before September first, the president of the college is authorized to make the appointments. The fund now has \$350.00 ready for distribution. Young women who are interested in this loan should write to Mrs. Thomas Smythe Wallis, Organizer and Regent, 1921-1929, Cherrydale, Arlington County, Virginia.

### ROLL OF FAME SCHOLARSHIPS

The William and Mary Roll of Fame includes three Presidents of the United States, four judges of the United States Supreme Court, four signers of the Declaration of Independence, fifteen Governors of Virginia, and seven Governors of other States, sixteen Senators from Virginia and six from other States, three Speakers of the House of Representatives, fifteen members of the Continental Congress, twenty-five members of the Supreme Court of Appeals of Virginia, eleven members of the President's cabinet, a large number of members of the United States House of Representatives, and many distinguished physicians, professors, clergymen, lawyers, army and navy officers, and several hundred judges of prominence. It is the hope of the college eventually to have memorials to all of the distinguished sons of the college whose names are found on its Roll of Fame. This Roll of Fame includes those who have been members of the faculty (whether graduates or not), members of the Board of Visitors of the college and recipients of honorary degrees and degree graduates.

Below are published such scholarships as have been established to those on the Roll of Fame in the order in which the scholarships were founded:

1. **The Chancellor Scholarship.** A memorial to George Washington, Chancellor of the College, 1788-1799, and John Tyler, Chancellor, 1859-1862. Founded in 1871 by Hugh Blair Grigsby, the last Chancellor of the College. This scholarship will exempt Virginia students from the payment of \$75.00 in fees, and non-Virginia students from \$100.00 in fees. It is awarded by the faculty on the basis of merit and is open to all students.

2. **Joseph Prentis Scholarship.** A memorial to Judge Joseph Prentis, student of the College; Judge of the Admiralty Court of Virginia, 1777; member of the Board of Visitors, 1791; Judge of the General Court, 1787-1809; holder of other public positions of honor and trust. Founded in 1920 by his great-grandson, Judge Robert R. Prentis, of the Supreme Court of Appeals of Virginia. This scholarship will exempt Virginia students from the payment of \$75.00 in fees, and non-Virginia students from

\$100.00 in fees. It is awarded on the basis of merit and is open to all students.

3. **George Blow Scholarship.** A memorial to George Blow (1787-1870), of Sussex County, Virginia, graduate of the College of William and Mary, and later a member of the Board of Visitors; and his son, George Blow (1813-1894), A.B. of the College of William and Mary, member of the Congress of the Republic of Texas, Brigadier-General in the Virginia militia; member of Virginia Secession Convention; Lieutenant-Colonel, C. S. A.; Judge of the First Judicial Circuit of Virginia; distinguished attorney of Norfolk, Virginia. Founded in 1921 by Captain George P. Blow (son of George Blow the second), of Yorktown, Virginia. This scholarship will exempt Virginia students from the payment of \$75.00 in fees, and non-Virginia students from \$100.00 in fees. It is awarded by the faculty on the basis of merit and is open to all students.

4. **Joseph E. Johnston Scholarship.** A memorial to Joseph E. Johnston (1807-1897), graduate of West Point, general in the United States Army, general in the Confederate Army, doctor of laws of William and Mary; member of the Board of Visitors. Founded in 1921 by Robert M. Hughes, Jr., of Norfolk. This scholarship will exempt Virginia students from the payment of \$75.00 in fees, and non-Virginia students from \$100.00 in fees. It is awarded by the faculty on the basis of merit and is open to all students.

5. **John Archer Coke Scholarship.** A memorial to John Archer Coke (1842-1920), A.B. of the College of William and Mary, 1860; the youngest of five brothers receiving degrees from the college; captain in the Confederate Army, and a distinguished lawyer in the city of Richmond. Founded in 1921 by his children, John Archer Coke, Esq., of Richmond, Virginia, and Mrs. Elsie Coke Flannagan, of Montclair, N. J. This scholarship will exempt Virginia students from the payment of \$75.00 in fees, and non-Virginia students from \$100.00 in fees. It is awarded by the faculty on the basis of merit and is open to all students.

6. **Robert W. Hughes Scholarship.** A memorial to Robert W. Hughes (1821-1901), editor, author and jurist; judge of the United States District Court for the Eastern District of Virginia (1874-1898); doctor of laws of the College of William and Mary, 1881. Founded in 1921 by his son, Robert M. Hughes, LL.D., of

Norfolk, Virginia. This scholarship will exempt Virginia students from the payment of the college fee of \$75.00, and non-Virginia students from \$100.00 in fees. It is awarded by the faculty on the basis of merit.

**7. Edward Coles Scholarship.** A memorial to Edward Coles, born 1786 and died 1868; a student of the College of William and Mary, 1807; Governor of Illinois, 1822; President of the first Illinois Agricultural Association. Founded in 1922 by his grandchildren, Mary Roberts Coles and Mrs. George S. Robins, of Philadelphia, Pa. This scholarship will exempt Virginia students from the payment of \$75.00 in fees, and non-Virginia students from \$100.00 in fees.

**8. George Washington Scholarship.** A memorial to George Washington, licensed as a surveyor by the college, 1749, and the first Chancellor after the Revolution. Founded by the Daughters of the Cincinnati, with the understanding that this scholarship will be open to the daughters of officers of the United States Army and Navy. The award of this scholarship in the first instance, and to fill vacancies arising therein, shall be upon the written nomination of the Daughters of the Cincinnati, provided, however, that in case the society should fail to nominate a candidate on or before September 1st in the year, the faculty of the College of William and Mary shall have power to assign the scholarship to any properly qualified daughter of a regular officer of the army or navy of the United States. This scholarship will exempt the holder from the payment of \$100 on the college fees.

**9. Thomas Jefferson Scholarship.** A memorial to Thomas Jefferson, a graduate of the college, doctor of laws, and a member of its Board of Trustees. Founded by the Daughters of the Cincinnati, with the understanding that this scholarship will be open to the daughters of officers of the United States Army and Navy. The award of this scholarship in the first instance, and to fill vacancies arising therein, shall be upon the written nomination of the Daughters of the Cincinnati, provided, however, that in case the society should fail to nominate a candidate on or before September 1st in the year, the faculty of the College of William and Mary shall have power to assign the scholarship to any properly qualified daughter of a regular officer of the army or navy of the United States. This scholarship will exempt the holder from the payment of \$100 on the college fees.

10. **The King Carter Scholarship.** Originally established by Robert Carter of Corotoman, Visitor and Patron of the College in its early days, Member of the House of Burgesses, and for six years its Speaker, Treasurer of the Colony, Member of the Council, and for a year Lieutenant-Governor of the Colony.

*"Collegium Gulielmi et Mariae, temporibus difficillimis propugnavit, Gubernator."*

The fund donated by him was lost at the Revolution by the depreciation of paper money, but has recently been restored by contributions from his descendants through the efforts of one of them, Mrs. Malbon G. Richardson, of Upperville, Virginia. This scholarship will exempt Virginia students from the payment of \$75.00 in fees, and non-Virginia students from \$100.00 in fees.

### OTHER SCHOLARSHIPS

1. **Corcoran Scholarship.** Founded in 1867 by W. W. Corcoran (1798-1888), Washington, D. C. This scholarship will exempt Virginia students from the payment of \$75.00 in fees, and non-Virginia students from \$100.00 in fees. It is awarded by the faculty on the basis of merit and is open to all students.

2. **Soutter Scholarship.** Founded in 1869 by James T. Soutter, of New York. This scholarship will exempt Virginia students from the payment of \$75.00 in fees, and non-Virginia students from \$100.00 in fees. It is awarded by the faculty on the basis of merit and is open to all students.

3. **Graves Scholarship.** Founded in 1872 by the Rev. Dr. Robert J. Graves, of Pennsylvania. This scholarship will exempt Virginia students from the payment of \$75.00 in fees, and non-Virginia students from \$100.00 in fees. It is awarded by the faculty on the basis of merit and is open to all students.

4. **James Barron Hope Scholarship.** Founded in 1897 by Robert M. Hughes, LL.D., of Norfolk, Va. This scholarship is awarded for the best poem published in the college magazine and exempts Virginia students from the payment of \$75.00 in fees, and non-Virginia students from \$100.00 in fees.

5. **Pi Kappa Alpha Scholarship.** Founded in 1897 by Robert M. Hughes, LL.D., of Norfolk, Va. This scholarship is awarded to the member of the Pi Kappa Alpha Fraternity making the best scholastic record for the session, and exempts Virginia students from the payment of \$75.00 in fees, and non-Virginia students from \$100.00 in fees.

6. **William Barton Rogers Scholarship.** This scholarship was founded in 1905 by the Massachusetts Institute of Technology, in memory of William Barton Rogers (1804-1882), founder and first president of the institute and former student and professor at the College of William and Mary. The value is four hundred dollars and will be awarded by the faculty to some student at this college who has taken sufficient work at William and Mary to enter the Institute of Technology.

7. **The Elisha Parmele Scholarship.** Founded in 1911 by the United Chapters of the Phi Beta Kappa Society in recognition of the establishment of the society at the College of William and Mary December 5, 1776. This scholarship can be awarded only to a son or daughter of a member of the society, and has an actual cash value of one hundred dollars. The scholarship is awarded entirely on the basis of merit.

8. **Belle S. Bryan Scholarship.** A memorial to the services of Mrs. Bryan to the Association for the Preservation of Virginia Antiquities, which society she served for more than a quarter of a century, first as secretary and later as president. Founded in 1920 by her son, John Stewart Bryan, Esq., of Richmond, Virginia. This scholarship will be awarded on nomination of the Association for the Preservation of Virginia Antiquities to either a young man or woman, provided such nomination is made before September 1st. In the event of the failure of the association to make the nomination, the president of the college is authorized to make the appointment to some deserving Virginia student. The scholarship exempts Virginia students from the payment of \$75.00 in fees, and non-Virginia students from \$100.00 in fees.

9. **The Virginia Pilot Association Scholarship.** Founded in 1921 by the Virginia Pilot Association of Norfolk, Virginia, through its president, Captain W. R. Boutwell, with the hope of increasing the usefulness of the college in the vicinity around Hampton Roads. This scholarship will be awarded upon nomination of the Virginia Pilot Association to a young man or woman residing in the cities of Norfolk, Portsmouth or Newport News, or in the counties of Norfolk, Elizabeth City or Warwick. This scholarship exempts Virginia students from the payment of \$75.00 in fees, and non-Virginia students from \$100.00 in fees.

10. **United Daughters of the Confederacy Scholarship.** The United Daughters of the Confederacy grant a number of scholar-

ships to young women. One scholarship is known as the *Janet Weaver Randolph Scholarship*, as a memorial to Mrs. Norman Randolph, of Richmond, Virginia. This will pay directly to the young woman appointed the sum of \$250 to aid her in her course. In addition to this, the Virginia Division has established a scholarship, which pays \$75.00 in fees; the Georgia Division has established a scholarship paying \$75.00 in fees, and the Colorado Division has established a scholarship paying \$75.00 in fees.

11. **J. A. C. Hoggan Memorial Scholarship.** Founded in 1922 by the Richmond, Virginia, Dental Society. This scholarship pays a cash sum of \$75.00 per session to its holder. It is awarded in recognition of the ideals of higher learning and education and with the desire to foster this spirit, preferably to some one preparing to be a dentist.

12. **Virginia State Dental Association Scholarship.** Founded in 1923 by the Virginia State Dental Association. This scholarship pays a cash sum of \$100 per session to its holder. It is to be used for some worthy Virginia student and the selection is left to the discretion of the college authorities. The purpose of the faculty is to award it as a rule to some one preparing to be a dentist.

13. **Hope-Maury Loan Scholarship.** The Hope-Maury Chapter of the United Daughters of the Confederacy has established at the College of William and Mary a loan scholarship whereby a student will be lent for four years the sum of \$250 per annum, which sum will cover his fees, board, and room rent in one of the dormitories to be designated by the President of the college, with the proviso that the student shall begin to pay back the amount within four months after he has graduated or left college. The student holding this scholarship will be nominated by the Hope-Maury Chapter of the United Daughters of the Confederacy.

14. **Norfolk College Alumnae Association Loan Scholarship.** The Alumnae Association of Norfolk College, which discontinued its operation in 1899, has graciously established a loan scholarship which will lend \$250 a year on the expenses of some students nominated by the Alumnae Association of Norfolk College. Application should be made to the President, who will communicate with the Alumnae Association.

15. **John Stewart Bryan Scholarship.** In grateful appreciation of the services of John Stewart Bryan, of Richmond, Virginia,

for the cause of education, his friend, Charles H. Taylor, of Boston, Massachusetts, has provided an annual scholarship of \$200.00 per year for a period of five years. Preference will be given to students of Virginia History, but scholastic standing and financial needs will be considered.

**16. Anita Goff Scholarships.** Mrs. Anne B. Goff, wife of Senator Guy D. Goff, has endowed two scholarships, valued at five thousand dollars (\$5,000.00) each. The income from the scholarships is to be used for two worthy students, one a young man, and one a young woman. The award is to be made on the basis of scholarship, but the financial condition of each student shall also be considered. Preference is to be given to students who are majoring in the Marshall-Wythe School of Government and Citizenship.

**17. The John B. Lightfoot Scholarship.** Mrs. Mary Minor Lightfoot, of Richmond, Virginia, bequeathed in her will the sum of two thousand dollars (\$2,000.00) to establish a scholarship at the College of William and Mary in memory of her husband, John B. Lightfoot. It was Mrs. Lightfoot's desire that such a scholarship should be established at the College of William and Mary since Philip Lightfoot, an ancestor of her husband, by his will probated on June 20, 1748, in York County, established scholarships at the college, by language in his will, as follows: "I give to the College of William and Mary the sum of five hundred pounds current, for a foundation for two poor scholars forever, to be brought up to the ministry of the Church of England or such other public employment as shall be most suitable to their capacities, which sum I desire my executors to pay to the President and Masters of the College within twelve months after my decease, to be laid out for that purpose, and it's my will and desire that my son, William Lightfoot, have the nomination and preference of the first six scholars."

The John B. Lightfoot scholarship is for a young man and exempts a Virginia student from the payment of \$75.00 in fees, and non-Virginia students from \$100.00 in fees. The appointment to this scholarship is made by the Board of Visitors of the College.

**18. The Mary Minor Lightfoot Scholarship.** Mrs. Mary Minor Lightfoot, of Richmond, Virginia, in her will bequeathed the sum of two thousand dollars (\$2,000.00) to establish a scholarship at the College of William and Mary in her own name. This scholarship is for a young woman, and exempts Virginia students from the payment of \$75.00 in fees and non Virginia students from

\$100.00 in fees. The appointment to this scholarship is made by the Board of Visitors.

19. **Tyler Scholarship.** In June, 1930, the graduating class of 1920, agreed to establish at a cost of five thousand dollars two scholarships, one to be called the Tyler Scholarship, in honor of Lyon Gardiner Tyler, who was President of the college at the time that they began their work at the institution, and the other to be called the Chandler Scholarship, in honor of J. A. C. Chandler, who became President during the last year that the class was in college. The money has already been raised for the Tyler scholarship. This scholarship will exempt Virginia students from \$75.00 in fees and non-Virginia students from \$100.00 in fees. It will be awarded by the faculty on the basis of scholastic standing, but financial conditions will be considered.

20. **James S. Jenkins Memorial Scholarship.** This scholarship is made possible by the generosity of the North Carolina alumni and the College. It is dedicated to the memory of the late James S. Jenkins of Granville County, N. C.

21. **International Scholarships.** In view of the fact that Mr. Chester D. Pugsley, of Peekskill, New York, has established at the College of William and Mary an Institute of International Affairs integrating six other Institutes in regional fields of international affairs and identical with Institutes of International Affairs which he has founded, under the auspices of seventeen Governments of Europe, Japan and Brazil, the Rector and Board of Visitors of the College of William and Mary in recognition of the fact that the College has become a center for the discussion of foreign affairs, has established a series of fifty-two international scholarships, each of which will pay the tuition fee of \$150.00 a year. For the first year, 1933-1934, these scholarships will be awarded by the College upon the nomination made by the Ambassadors and Ministers of the nations having diplomatic representatives in Washington. All applicants should have their papers, showing full qualifications, in the hands of the Registrar of the College, not later than August 15, of each year, in order that they may be examined and passed upon for admission as freshmen.

### HIGH SCHOOL SCHOLARSHIPS

In addition to these scholarships, the college offers scholarships to a number of accredited high schools. These scholarships exempt the student from the payment of \$75.00 in fees for the session.

High school scholarships are granted for only one year. On the basis of special merit such scholarships may be continued for the second year, but under no circumstances can such a scholarship be held for the third and fourth year. By the time a student has reached the third or fourth year he must win a scholarship awarded by the faculty on the basis of achievement, if he wishes a scholarship.

Any student holding a scholarship of any kind must meet the standard for scholarship holders from semester to semester. This standard is that any scholarship student must pass all of the work carried in any semester and must make grades of 83, or better, on half of the work carried.

### PRIZES

The Cutler Foundation offers two prizes of \$25.00 each in gold coin, one to the man and the other to the woman, both of the senior class, who shall compose and submit the best essay upon some aspect of the Federal Constitution assigned by the Dean of the Marshall-Wythe School. Each member of the senior class is required to write an essay of not less than a specified number of words upon some designated subject relating to the Constitution of the United States, and the award is to be made by the President of the College, the Dean of the Marshall-Wythe School, and one other member of the faculty designated by the President.

The Society of the Cincinnati in the State of Virginia offers each year a gold medal valued at one hundred dollars and a cash prize of \$100 to a male student, majoring or minoring in history, who submits the best essay on a subject dealing with the constitutional history of the United States, or with Virginia colonial history. The subject must be approved by the head of the history department of the college. The essays must be submitted to him during the first week in May. They must be typewritten, with duplicate copies, and signed with a pseudonym. The author's name together with his pseudonym should accompany each essay in a sealed envelope. No prize will be given if a paper of sufficient merit is not submitted.

The Editors of the William and Mary College Quarterly Historical Magazine offer each semester a continuous subscription to the two students of the Virginia history class in the college who make the highest average of the semester.

The **Tiberius Gracchus Jones Literary Prize** was created by the presentation to the college of a check for \$1,000 by Miss Gabriella Page as a gift from Archer G. Jones for a memorial to his father, Tiberius Gracchus Jones, a member of the class of 1844-45. This gift was to be invested and the income therefrom to be applied each year to a prize for the best English essay submitted by any undergraduate student in any department of the college. The word "essay" includes the poem, the short story, the play, the oration, and the literary essay. "It being the donor's thought," as stated in the letter inclosing the gift, "that the greatest latitude be permitted in subjects chosen for the essay without fear or prejudice, so that the result may tend to the advancement of the eternal spirit of the unchained mind."

The **Francis Scott Key Prize** was established by Francis Scott Key-Smith as a memorial to his great-grandfather, Francis Scott Key, the author of the *Star Spangled Banner*. The prize is open to any student of William and Mary of any class. It is given to the one who produces a poem that will be nationally patriotic and that breathes the spirit of Christian faith and fortitude. The *Star Spangled Banner* offers the best example of both the spirit of national patriotism and Christian faith.

**Sullivan Award.**—A medallion awarded by the Southern Society of New York in recognition of influence for good, taking into consideration such characteristics of heart, mind and conduct as evince a spirit of love and helpfulness to other men and women. Awarded each year to a man and a woman from the student body and to a third person possessing the characteristics specified by the donors.

**James Frederick Carr Memorial Cup.**—A memorial to James Frederick Carr, a former student of the college, who lost his life in the World War, March, 1919. This cup is the property of the college. The student winning the honor has his name engraved on the cup. Awarded on the basis of character, scholarship and leadership. Presented by Mrs. John C. Bentley.

**Bellini Prizes.**—Two prizes of twenty-five dollars each—one to the best student in Spanish and one to the best student in Italian—were established by former Professor E. C. Branchi, in memory of Charles Bellini, the first Professor of Modern Languages in the College.

See under School of Jurisprudence for certain prizes given in this School.

## ADMISSION

---

1. By act of the General Assembly, approved March, 1918, both men and women are admitted to the college on the same conditions.

The college maintains a division in Richmond. This is open to young women only. For further information about admission to the College of William and Mary in Richmond, see page 268.

The requirements for admission to the Norfolk Division of the College are the same as those in Williamsburg. Men and women both are admitted to the Norfolk Division.

2. Applicants must be at least sixteen years of age.

3. Every applicant must present a satisfactory certificate of good character, and must also present the recommendation of the principal of the high school or secondary school last attended.

4. A student desiring to enter upon certification must meet one of the following requirements:

*a.* Graduation from the upper half of an accredited four-year public high school with sixteen units, or

*b.* Graduation from the upper half of an accredited four-year private secondary school with sixteen units or completion in the upper half of a four-year course in an accredited private secondary school with sixteen units.

5. Students presenting themselves without proper certification from an accredited school, as outlined above, will be required to take the college entrance examinations for

3 units in English.

2½ units in Mathematics.

1 unit in History.

9½ additional units, selected, from approved subjects.

6. Any student over twenty years of age at the time of entering college, upon satisfactory evidence of his ability to pursue successfully the courses for which he desires to register, may be admitted as a special student, but cannot become an applicant for a degree until full entrance requirements are met.

7. It is important that students be in a good physical condition and each student on entrance should present a certificate

from his family physician. A student's character and personality will be investigated by the college authorities.

### Entrance Requirements for Bachelors' Degrees

1. All students entering upon a course leading to a bachelor's degree must have credits as follows:

|  |       |       |
|--|-------|-------|
| English (grammar, composition, rhetoric and literature) -----    | 3     | units |
| Mathematics (algebra through binomials and plane geometry) ----- | 2½    | units |
| History (general, English or American)) ----                     | 1     | unit  |
| *Foreign languages (all must be in Latin for A.B.) -----         | 3     | units |
| Electives -----  | 6½    | units |
|  | <hr/> |       |
| Total -----  | 16    | units |

2. A candidate for the B.S. degree must have for entrance three units in one foreign language, or two units in each of two foreign languages. Students who present full sixteen units in other subjects, but do not have these necessary language qualifications will enter the beginners' classes provided in the foreign languages and will absolve the language entrance requirements by taking courses without college credit. One college course is accepted for one entrance unit.

3. A candidate for the A.B. degree must have three entrance units in Latin.

4. A student who meets the requirements for admission, but who does not offer the three units in Latin or in foreign languages necessary to begin the work for a bachelor's degree, must make up these requirements within two years after entrance.

5. Every student will be registered for a degree course unless he registers for another course offered in this catalogue.

6. College work counted for entrance units cannot be counted for a degree.

7. The election, quantity and character of the work done by a special student is subject to approval by the president. Ex-

---

\*In accordance with the regulations of the State Board of Education no credit will be given for a single unit in a foreign language.

cept by special permission, special students will be required to do the same work as is required for regular students.

The following table indicates the standard units accepted for entrance:

**SUBJECTS ACCEPTED FOR ENTRANCE**

The individual units in this table are reckoned on the basis of five forty-minute periods a week for a session of thirty-six weeks.

## DEGREE REQUIREMENTS

---

The degrees conferred are Bachelor of Arts (A.B.), Bachelor of Science (B.S.), Bachelor of Law (B.L.), and Master of Arts (A.M.)

The requirements for degrees are stated in terms of "credits." A credit is given for one class hour, or two laboratory hours a week through one semester, which is a term of approximately eighteen weeks. This is one-half of the usual college session of thirty-six weeks. A course runs for a semester, and carries as many credits as it has class meetings, or two-hour laboratory periods a week through the semester. Class meetings, or periods, are one hour in length, including five minutes for change of classes, and a laboratory period is two hours in length and counts one credit.

### RESIDENT REQUIREMENT FOR DEGREES

No degree will be granted by the college until the applicant has had in residence at least one college year and has made a minimum of thirty semester hours. In general, students transferring should expect to spend at least one and one-half years, or three semesters in residence at the college.

### EVALUATION OF CREDITS FROM OTHER INSTITUTIONS

The credits of students transferring from other institutions will be evaluated only tentatively upon matriculation. Final evaluation will be dependent upon the quality of work completed at the college. No student may assume that credit will be given for work at other institutions until he has a written statement as to what credit will be accepted.

### BACHELOR'S DEGREES

The completion of 126 credits is required for either bachelor's degree. Of these 126 credits, sixty-five are prescribed for the bachelor of arts, and sixty-three are prescribed for the bachelor of science. The minimum requirements for these degrees are as follows:

## Minimum Requirements for Bachelor of Arts

|   | Semester<br>Credits |
|---|---------------------|
| English -----   | 12                  |
| One Modern Language -----                                 | 12                  |

| Total -----   | 63 |

## MAJORS AND MINORS

To insure a reasonable amount of concentration upon advanced work in a few subjects rather than upon elementary classes

<sup>1</sup> All Virginia students are required to take Virginia Government (Gov. 101) and all students are required to take United States History (Hist. 101). These two subjects must be taken in the freshman year except in the case of students pursuing technical courses such as home economics and pre-engineering where the first year prerequisites are heavy. In such courses these two subjects may be postponed until a later year.

<sup>2</sup> Students majoring in home economics for teacher training see page 184.

<sup>3</sup> Students majoring in business administration and home economics may elect Spanish as their modern language.

<sup>4</sup> Students majoring in economics and business administration are required to take at least ten semester hours in a natural science.

<sup>5</sup> Students majoring in physical education are required to take only three semester hours in mathematics. Students majoring in economics and business administration must take three hours in Business Statistics.

in many subjects, the student is required to include in the work for a bachelor's degree two majors or a major and two minors. A major consists of thirty credits in one subject and a minor consists of twenty credits in one subject. Major or minor subjects must be selected before the beginning of the third year. Work must be in related fields and must have written approval by the Dean of women and the Dean of the College in the case of women students, and the Dean of the College in the case of men students. No major or minor will be endorsed for a student who has not previously passed in the departments in which he wishes to major or minor at least two courses of six or more semester hours with a grade of 83 or above. To complete a major or a minor, half of the work must be of grade 83 or better. In case of poor work endorsement for a major or for a minor may be withdrawn.

A teacher of six or more years of experience, upon the approval of the dean, will be granted a limited number of substitutions of courses selected from his major and minor fields for some of the minimum requirements.

For the A.B. degree both majors must be chosen from arts courses which include mathematics, and in case two minors are chosen at least one must be from arts courses. For the B.S. degree one major must be chosen from biology, or chemistry, or physics, or mathematics, and in case two minors are chosen at least one must be from these same subjects. Any departure from this rule must be approved by the degree committee before February first of the applicant's junior year; otherwise the rule will be applied.

State students, i. e., students pledged to teach two years in the State of Virginia, must include in their bachelor's degree at least twenty semester hours in education, six of which must be supervised teaching. For the special courses required in these twenty semester hours, see curriculum for teachers, page 171.

### ESSAY FOR BACHELOR'S DEGREE

In former years of the college it was always customary for members of the senior class to write an essay as a part of the requirements for the bachelor's degree. The essay which is now required of all applicants for this degree will be upon some subject relating to the Federal Constitution to be assigned by the Dean of the Marshall-Wythe School of Government and Citizenship.

For the best essay, one by a man and the other by a woman, a prize of \$25.00 is offered. See page 70.

**Physical training and hygiene.** During the first two years of his course, three hours a week in physical training and hygiene are required of each student.

**Credit for student activities.** The college requires for a bachelor's degree 126 semester hours, or sixty-three session hours, instead of the 120 semester hours, or sixty session hours, usually required for a bachelor's degree. Of the extra six semester hours, students must take four in physical training—101 and 102, 201 and 202. They may elect the other two in student activities: literary society work, work in Y. W. C. A. or Y. M. C. A., editorial or managerial work on college publications, service on the student council, in musical organizations of the college, athletics, work for debate, typewriting and shorthand. Students who do not earn these two credits in activities must elect them from the regular college work. Not more than two credits may be counted in one student activity.

**Selection of courses.** In arranging classes, students must first absolve their minimum degree requirements and must elect their courses in the order of sequence as indicated by numbering.

**Grade of credits.** The normal load for a student is fifteen semester hours. To this may be added one semester hour in physical education. To carry eighteen semester hours, a student must have made during the previous semester at least nine semester hours of grade 83 or above and three semester hours of grade 91 or above. To carry more than eighteen hours, a student must have made during the previous semester at least nine semester hours of grade 91 or above and must have made no grade below 83. To receive a bachelor's degree a student must have at least one-half of his credits of grade 83 or higher.

## CLASSIFICATION OF STUDENTS

- I. To be classified as a Sophomore the student must have completed at least eighteen (18) semester hours in academic subjects, at least five (5) of which must be of grade of 83.
- II. A Junior student must have completed at least fifty (50) semester hours in academic subjects, at least twenty (20)

of which must be of grade of 83, and must have met all entrance requirements for the degree for which he is applying.

III. A Senior student expecting to graduate in June must have completed eighty-five (85) semester hours in academic subjects, at least forty (40) of which must be of grade of 83, and must have met all entrance requirements for the degree for which he is applying.

IV. A Senior student expecting to graduate at the end of the Summer Session must meet the above requirements as to quality of work and entrance and must have an application approved by the Degree Committee.

For requirements for the Bachelor of Law (B.L.) Degree, see page 227.

## MASTER OF ARTS DEGREE

The requirements for the degree of Master of Arts are as follows:

1. The applicant must be the holder of an A.B. or B.S. degree from this college, or from some other institution of approved standing.

2. The student's application for admission to A.M. work must be approved by the Dean of the College before any course that is to be counted for credit toward the A.M. degree may be begun.

3. A minimum residence period of one regular session or of three summer sessions of twelve weeks each is required.

4. Thirty semester hours of work in approved A.M. courses must be presented and should be distributed as follows:

- a. Eighteen semester hours in the department of the major in which the applicant has had, on his bachelor's degree, at least twelve semester hours.

b. Twelve semester hours in the second department related to the major.

5. A written examination in the field of the major; and an oral examination covering the entire field of study are required.

6. The applicant must by the end of the first semester, select a thesis in the department of his major subject, with the advice and approval of his major professor. The subject of this thesis, with the professor's approval, must be filed with the Dean of the College before the close of the first semester. The thesis must be completed and must be approved by the professor in charge and placed in the hands of the degree committee by May 1.

7. A grade of at least 83 in each course is required for A.M. credit.

NOTE.—The head of the department in which the student does his major work, shall be the student's major professor, who will certify in writing to the Dean of the College, his approval of the courses in the student's program. The student's major professor with one or more members of the faculty under whom the student has done his work, will act as a committee for the oral and written examinations.

#### Latin

‡Lat. 101. Vergil and Augustan Poets. Prerequisite, three units of high school Latin.

*First semester; three hours; three credits.*

Books I, II, and III of the Aeneid with reading from Ovid and other Augustan poets; grammar and composition; parallel study of Vergil's life and influence, the Augustan age and classical mythology.

Lat. 102. Vergil and the Augustan Poets. Prerequisite, 101. *Second semester; three hours; three credits.*

A continuation of 101 with readings from Books IV, V, and VI of the Aeneid, Ovid and other Augustan poets.

Lat. 201. Roman Comedy. Prerequisite, Courses 101-102, or equivalent.

*First semester; three hours; three credits.*

Two plays are selected for reading from Plautus, Captivi and Menaechmi; Terence, Adelphoe, and Andria. Discussions upon the origin and history of Greek and Roman comedy; the influence of the classical upon the modern drama; the staging

---

\*In numbering courses, the digit in hundred's place indicates whether the course is primarily for freshmen, sophomores, juniors or seniors. The digit in ten's place, other than zero, indicates that the Department offers more than five (5) courses in either semester. The digit in unit's place indicates the sequence number of courses in the Department, odd numbers indicating the first semester even numbers indicating the second semester. For example Latin 101 means freshman Latin, first semester, and the first course in Latin during that semester. Bus. 412 (Business Cycles) means senior Banking and Finance second semester, and the sixth course in Business Administration during that semester. Numbers indicating session courses are followed by an "S," as Greek 101S.

†On leave of absence.

‡Students presenting on entrance credit for three units in Latin may satisfy the minimum requirement in Latin for the A.B. degree by completing Latin 101-102. Those presenting four units will enroll for Latin 201-202.

of plays. Grammar and composition; parallel study of private life.

**Lat. 202. Latin Lyric Poetry.** Prerequisite, Latin 201 or equivalent.

*Second semester; three hours; three credits.*

Selected poems of Catullus, Vergil, Horace, Ovid, and later writers; parallel study of private life; grammar and composition.

#### **Latin Literature Cycle.**

The following courses are offered in alternate years and are planned to introduce the student to various departments in Latin literature. For all of these courses, the completion of Latin 201 and 202 or the equivalent is prerequisite. Courses 401, 402, 403, 404, and 408 may be counted toward the A.M. degree when supplemented by additional parallel reading.

#### **Lat. 301. Pliny's Letters: The Epigrams of Martial.**

*First semester; three hours; three credits.*

Parallel study of Roman public life. Not offered in 1933-34.

#### **Lat. 302. Catullus and the Elegiac Poets.**

*Second semester; three hours; three credits.*

Parallel study of Roman public life. Not offered in 1933-34.

#### **Lat. 303. Livy.**

*First semester; three hours; three credits.*

Parts of Books I, XXI, and XXII are read. Parallel study of Roman history.

#### **Lat. 304. Horace's Odes and Epodes.**

*Second semester; three hours; three credits.*

Parallel study of Roman history.

#### **Lat. 401. Horace's Satires and Epistles; Juvenal.**

*First semester; three hours; three credits.*

Parallel study of Roman topography. Not offered in 1933-34.

#### **Lat. 402. Tacitus; Suetonius.**

*Second semester; three hours; three credits.*

The Agricola and the Germania, or portions of the Annals, and the Life of Augustus are read. Parallel study of Roman topography. Not offered in 1933-34.

**Lat. 403. Cicero's Philosophical Works; Seneca.**

*First semester; three hours; three credits.*

Readings from *De Officiis*, Book I; *Tusculanae Disputationes*, Book I; and Seneca's *Dialogues and Epistulae Morales*. Parallel study in the history of Greek and Roman philosophy.

**Lat. 404. The Latin Epic.**

*Second semester; three hours; three credits.*

The reading of the last six books of the *Aeneid* and selected portions of *Lucan, De Bello Civili*. Parallel study of Roman religion.

**Lat. 405. The Teaching of High School Latin. (See Ed. s305.)**

*First semester; three hours; three credits.*

A detailed study of the curriculum in Latin as prescribed for the high school, including a thorough review of content as well as the mastery of methods of presentation. For juniors and seniors.

**Lat. 408. Advanced Syntax and Composition.**

*Second semester; three hours; three credits.*

A review of syntactical principles; the study of historical Latin grammar; drill in the writing of idiomatic Latin. For juniors and seniors.

Majors and minors in Latin who plan to teach are required to take in their junior year Lat. 405 and Lat. 408.

**Greek****\*Gr. 101S. Elementary Greek.**

*Both semesters; three hours; six credits.*

A course in the elements of the Greek language, including the completion of as much of a beginning text as is possible and the translation of simple stories from a selected reader. Parallel study to acquaint the pupil with the nature of Greek civilization and with the legacy left by Greek culture and thought to the modern world. This course continues throughout the year and no credit will be given except for the completion of the entire course.

---

\*Students who desire to satisfy the minimum requirements for the A.B. degree in Greek rather than in Latin may do so by completing Greek 101-102. Students presenting only two units of entrance credit in Latin may satisfy the A.B. requirements by completing Greek 101-102 and Greek 201-202.

**Gr. 201. Xenophon; Herodotus.** Prerequisite, Course 101S.  
*First semester; three hours; three credits.*

The reading of selections from the Anabasis of Xenophon and from Herodotus, together with a continued study of forms and syntax. Parallel study of Greek history.

**Gr. 202. Homer.** Prerequisite, Course 201 or equivalent.  
*Second semester; three hours; three credits.*

The reading of selected books of the Iliad or Odyssey. A study of Homeric civilization, of the literary qualities of the poems, and of their influence upon subsequent literature.

### **Greek Literature Cycle.**

The following courses are offered in alternate years and are so planned that, in two years of study, following the completion of the basic courses in the Greek language, the student may secure an introduction to certain of the main departments in Greek literature. By taking in addition courses in Classical Civilization, a major in Greek may be completed. In each course there is a parallel study of some phase of Greek life or thought, such as private institutions, political organizations, religion, or philosophy. Courses 201 and 202 or equivalent are prerequisite.

### **Gr. 301. Drama.**

*First semester; three hours; three credits.*

Two plays selected from Sophocles, Oedipus Rex; Euripides, Medea; Aristophanes, Clouds. Other plays in translation.

### **Gr. 302. Oratory.**

*Second semester; three hours; three credits.*

Demosthenes, On the Crown; Lysias, Selected Speeches. Others in translation.

### **Gr. 401. Philosophy.**

*First semester; three hours; three credits.*

Plato's Apology, Crito, and Phaedo. Other dialogues in translation. Not offered in 1933-34.

### **Gr. 402. New Testament.**

*Second semester; three hours; three credits.*

Readings from the Gospels and the Pauline Epistles. Some attention is given to the subject of textual criticism.

### Classical Civilization

The following courses are offered as being of general cultural value as well as essential to an understanding of Classical civilization. A knowledge of Latin and Greek is not required. These courses may be counted to the extent of six semester hours on a major or minor in Latin or Greek, but will not absolve the language requirement for a degree. They are open to juniors and seniors, and may be counted to the extent of three semester hours toward the A.M. degree.

#### **Gr. 403. Greek Archaeology and Art.**

*First semester; three hours; three credits.*

The study, by means of illustrated lectures, reading and reports, of the tangible remains of Greek civilization and art; of the aesthetic principles underlying their production; and of the influence of Greek art upon the art of subsequent periods. Not offered in 1933-34.

#### **Lat. 412. Roman Archaeology and Art.**

*Second semester; three hours; three credits.*

The study of Roman archaeology and art according to the same method as that followed in the course Greek 403, thus completing the survey of the Classical period. Not offered in 1933-34.

#### **Gr. 405. Greek Life and Thought.**

*First semester; three hours; three credits.*

A survey of Greek culture and thought as they are reflected in Greek literature. Lectures and readings in translation.

#### **Lat. 414. Roman Life and Thought.**

*Second semester; three hours; three credits.*

A survey of Roman culture and thought as they are reflected in Latin literature. Lectures and readings in translation.

### \*FINE ARTS

ASSISTANT PROFESSOR MELGAARD

#### **Fine Arts 101. Art Structure.**

*First semester; laboratory six hours; three credits.*

An introduction to the fundamentals of art principles through the study of line, mass and color.

---

\*For special work in painting and other branches of Fine Arts students may transfer to the Richmond Division of the College of William and Mary.

**Fine Arts 102. Art Structure. Prerequisite, 101.***Second semester; laboratory six hours; three credits.*

A continuation of the work of 101 with the application of the principles of design to specific problems in the art industries, stressing color in design.

**Fine Arts 104. Lettering. Prerequisite, 101.***Second semester; laboratory six hours; three credits.*

A study of design as applied to lettering and posters; practical work in lettering and making posters.

**Fine Arts 201. Clay Modeling. Prerequisite, 101.***First semester; laboratory six hours; three credits.*

Modeling from casts and from life in relief and in the round. Not offered in 1933-34.

**Fine Arts 202. Pottery. Prerequisites, 101 and 201.***Second semester; laboratory six hours; three credits.*

The making of pottery by hand; practice in the use of glaze. Not offered in 1933-34.

**Fine Arts 204. Interior Decoration and Costume Designing. Prerequisite, 101.***Lecture one hour; laboratory four hours; three credits.*

The principles of design and color as applied to house furnishings and the selection of clothing. Treatment of walls; space relations; arrangement of rugs, furniture, curtains, etc.; the planning of clothes for different types of people and for different occasions.

**Fine Arts 301S. Painting. Prerequisites, 101 and 102.***Both semesters; laboratory six hours a week; six credits.*

A study of values in charcoal in their relation to painting; painting in oils; painting in water color with emphasis on landscape. Offered in 1932-33 and alternate years thereafter.

**Fine Arts 303. Art History and Appreciation.***First semester; lecture three hours; three credits.*

A survey course dealing with the history and development of art; illustrated with photographs and lantern slides. Parallel readings.

*Text: "Art Through the Ages," by Gardner.*

**Fine Arts 401. The Teaching of Art. Prerequisite, fifteen credits in Fine Art, including 101, 102, 104, and 204.**

*First semester; lectures two hours; laboratory two hours; three credits.*

The planning of a course of study in relation to the other school subjects in the curriculum. This course precedes practice teaching.

**Fine Arts 403-R. Supervised Teaching.** Prerequisites, Art 401 and Education 301.

*Each semester; ten hours (five two-hour periods); six credits.*

The preparation of lesson plans; teaching classes under supervision; observation and criticism of others.

**Fine Arts 405S. Advanced Design.** Prerequisites, 101 and 102.

*Both semesters; laboratory six hours a week; six credits.*

Art structure applied to problems in the art industries. Individual problems will be worked out under the guidance of an instructor. Offered in 1933-34 and alternate years thereafter.

ASSISTANT PROFESSOR TAYLOR

MISS BLANK

### Laboratory Assistants

MISS ANNE CROXTON

MR. B. F. PAINTER

#### **Biol. 101. Zoölogy.**

*First and second semesters; lectures three hours; laboratory four hours; five credits. Required of pre-medical students. Students whose surnames begin with letters A to L take this course the first semester, M to Z the second semester.*

A study of the structure, activities, relationships and distribution of animals.

#### **Biol. 102. Botany.**

*First and second semesters; lectures three hours; laboratory four hours; five credits. Required of pre-medical students. Students whose surnames begin with the letters M to Z take this course first semester, A to L the second semester.*

The structure, function and origin of the primary organs of the higher plants; adaptation of plants to their physical environ-

ment; the relationships and evolution of the four great groups of plants.

†**Biol. 104. School Health.**

*Second semester; two hours; two credits.*

A course dealing with the personal and social aspects of health promotion and disease prevention, with particular attention to the health supervision of children of school age. Elective for all students except prospective teachers, of whom it, or its equivalent, is required.

**Biol. 201. Comparative Anatomy of Vertebrates.** Prerequisite, Zoölogy.

*First semester; lectures two hours; laboratory six hours; five credits.*

This course takes up, in a comparative way, the structure of vertebrate animals. A number of types are dissected in the laboratory. Required of pre-medical students who are candidates for a degree.

**Biol. 202. Embryology of Vertebrates.** Prerequisite, Comparative Anatomy of Vertebrates (except with consent of the instructor).

*Second semester; lectures two hours; laboratory six hours; five credits.*

The work of this course is based on the study of the development of the chick with comparative treatment of other forms. Required of pre-medical students who are candidates for a degree.

**Biol. 205. Plant Physiology.** Prerequisites, elementary Botany and elementary Chemistry.

*First semester; lectures three hours; laboratory four hours; five credits.* Alternates with Biol. 207.

A detailed study of the correlations of structure with the phenomena of growth, nutrition and movements of plant organs. The laboratory work is designed to acquaint the student with the methods of demonstrating the processes of absorption, movement and transformations of food materials and the methods of observing and measuring the reactions of plants to stimuli.

---

†Note.—Course 104 counts as elective only not in fulfilment of minimum degree requirements in science nor toward a major or minor in Biology.

**Biol. 206. Plant Taxonomy.** Prerequisite, Botany.

*Second semester; lectures two hours; laboratory six hours; five credits.* Alternates with Biol. 310 and 312.

The collection and systematic classification of the ferns and seed plants, including woody plants in both winter and summer condition. Each student prepares an herbarium.

**Biol. 207. Entomology.** Prerequisite, Zoology.

*First semester; lectures three hours; laboratory four hours; five credits.* Alternates with Biol. 205.

A detailed consideration of the elements of the anatomy, physiology, habits and ecology of insects. The orders and more important families are studied.

**Biol. 301. Bacteriology and Public Health.** Prerequisite, Zoölogy or Botany and General Chemistry.

*First semester; lectures three hours; laboratory four hours; five credits.* Required of students majoring in Physical Education or in Home Economics.

Methods of promoting personal and community health, with consideration of some of the fact and theory on which current practice is based. Laboratory periods are utilized for exercises in elementary bacteriological technique, sanitary bacteriology, public health entomology, blood examination, physical inspection and observation trips.

**Biol. 302. Bacteriology.** Prerequisite, Public Health. It will be advantageous to have taken, or to take with this course, Organic Chemistry.

*Second semester; lectures two hours; laboratory six hours; five credits.*

A study of the forms, activities, relationships and cultivation of bacteria, yeasts and molds, and of their economic, industrial and hygienic significance. Counts for A. M. credit.

**Biol. 303. Human Anatomy.** Prerequisite, Zoölogy.

*First semester; lectures three hours; three credits.* Open only to students taking a major in Physical Education.

Lectures and demonstrations on the bones, joints, ligaments, muscles and nervous and circulatory systems as related to physical education.

**Biol. 304. Animal Physiology.** Prerequisites, Zoölogy and General Chemistry. It will be advantageous to have taken, or to

take with this course, Comparative Anatomy of Vertebrates, Organic Chemistry, and Physics.

*Second semester; lectures three hours; laboratory four hours; five credits.*

A study of the properties of the tissues, organs, and systems that make up the animal body, including specific consideration of the physiological effects of exercise. Amphibians and mammals are used in the laboratory work.

**Biol. 308. Applied Anatomy and Bodily Mechanics.**

*This course should follow Biology 303. Second semester; three hours; three credits. Open only to students taking a major in Physical Education.*

Lectures, recitations and experiments dealing with the anatomical mechanism of movements and with analysis from this standpoint of problems of athletics, physical therapy, and industrial operations.

**Biol. 310. Plant Ecology.** Prerequisite, Botany and Plant Taxonomy.

*Second semester; lectures three hours; laboratory four hours; five credits. Alternates with Biol. 206 and 312.*

Structural and physiological adaptation of plants to their environment; plant societies; the local distribution of prominent species; general principles of the geographic distribution of plants with especial reference to economic species. Counts for A. M. credit.

**Biol. 312. Animal Ecology.** Prerequisite, Zoology. It will be advantageous to have taken 207.

*Second semester; lectures three hours; laboratory and field work four hours; five credits. Alternates with 206 and 310.*

The relationship of animals to their environments, including: structural and functional adaptations of forms to their habitats; natural factors affecting the scarcity or abundance of species; general principles of geographical distribution. In the field work emphasis will be placed upon common local forms, especially arthropods. Counts for A.M. credit.

**Biol. 402. Genetics.** Prerequisites, Zoölogy and Botany.

*Cytology is recommended but not required in preparation for this course. Second semester; lectures three hours; three credits; laboratory work may be taken in connection with this course by registering also for course 403, provided arrangements are made in advance with the instructor.*

The principles of variation and heredity, the origin of new types and factors concerned with their development. Counts for A.M. credit.

**Biol. 403. Problems in Biology.** Prerequisite, approval of the instructor.

*Any semester; hours to be arranged; credits according to the work done.*

The work of this course is strictly individual and varies with the interests and needs of advanced students. Those interested should consult the instructors before registering and, if possible, some months in advance. Counts for A.M. credit.

#### **Chem. 101. Elementary General Chemistry.**

*First semester; lectures three hours; laboratory four hours; five credits.*

Chemical laws and chemistry of the non-metals. Required of pre-medical students.

#### **Chem. 102. Elementary General Chemistry. Prerequisite, 101.**

*Second semester; lectures three hours; laboratory four hours; five credits.*

Continuation of 101, involving a study of the metals and an introduction to qualitative analysis. Required of pre-medical students.

**Chem. 201. Qualitative Analysis.** Prerequisite, 102.

*First semester; lectures two hours; laboratory six hours; five credits.*

The lectures are devoted to the theory of qualitative analysis with problems. The laboratory work is the practical application of qualitative procedures to the metals, non-metals, and ores.

**\*Chem. 203. Quantitative Analysis.** Prerequisite, 102.

*First semester; lecture two hours; laboratory six hours; five credits.*

A course in the principles of gravimetric analysis with determination of metals, non-metals, and the analyses of ores and alloys.

**\*Chem. 204. Quantitative Analysis.** Prerequisite, 102.

*Second semester; lecture two hours; laboratory six hours; five credits.*

A course in the principles of volumetric analysis. The laboratory work will include the preparation of standard and normal solutions, and the volumetric determination of iron, copper, arsenic, silver, manganese, etc.

**Chem. 205. Mineralogy and Crystallography.** Prerequisite, 102.

*First semester; lectures two hours; laboratory six hours; five credits.*

This course deals with rocks and minerals, being devoted to a study of their formation, occurrence, and such properties as lead to their identification. Not offered in 1933-34.

**Chem. 301. Organic Chemistry.** Prerequisite, 102.

*First semester; lectures three hours; laboratory four hours; five credits.*

The fundamentals of organic chemistry; a study of the aliphatic hydrocarbons and their derivatives. Required of pre-medical students.

**Chem. 302. Organic Chemistry.** Prerequisite, 301.

*Second semester; required of pre-medical students; lectures three hours; laboratory four hours; five credits. May count for A.M. degree.*

Continuation of 301. Carbohydrates, proteins, mixed compounds, the cyclic hydrocarbons and their derivatives.

---

\*Course 203 or 204 is required for a major in Chemistry.

**Chem. 306. Biochemistry.** Prerequisite, one semester of organic chemistry.

*Second semester; lecture two hours; laboratory six hours; five credits.*

An introduction to biochemistry. The course is not designed for premedical students alone, but is an application of the fundamental principles and procedures to biochemical problems. The lecture and laboratory work deals with titrations, indicators, values, colligative properties, fats, carbohydrates, proteins, digestion, blood, etc.

**Chem. 308. Industrial Chemistry.** Prerequisite, fifteen credits in chemistry.

*Second semester; lectures three hours; laboratory four hours; five credits.*

The lecture work covers a variety of industrial products such as explosives, dyes, rubber, etc. The laboratory work includes the analysis of commercial foodstuffs, fuels, steels, etc. A knowledge of quantitative chemistry is necessary in order to take the laboratory work. Not offered in 1933-34.

**Chem. 401. Physical Chemistry.** Prerequisite, one year of college physics and two years of chemistry.

*First semester; lectures three hours; laboratory four hours; five credits. May count for A.M. degree.*

Lectures and laboratory work including determination of molecular weights, ionization, indicators, liquids and liquid mixtures, viscosity, vapor pressures, elevation of the boiling point, distillation of liquid mixtures, and solution and solubility.

**Chem. 402. Physical Chemistry.** Prerequisite, 401.

*Second semester; lectures three hours; laboratory four hours; five credits. May count for A.M. degree.*

Lectures and laboratory work include colloids, equilibrium and the phase rule, refractive index, speed of reaction, catalysis, saponification, thermochemistry, electrolysis, and problems.

**Chem. 403. Advanced Inorganic Chemistry.** Prerequisite, two years of college chemistry.

*First semester; lectures three hours; laboratory four hours; five credits. May count for A.M. degree.*

The lectures deal with the modern theories of atomic structure and valence, the effect of the modern theories on the older laws and theories, and the classification of the elements. The laboratory work

is designed to reinforce the lecture work as much as possible, each student, however, is given a definite problem.

**Chem. 404. Advanced Inorganic Chemistry.** Prerequisite, two years of college chemistry.

*Second semester; lecture three hours; laboratory four hours; five credits. May count for A.M. degree.*

All the elements on the periodic table are covered, with special emphasis upon their atomic structures and periodic properties. The aim is to reason out the properties of an element and its compounds rather than simply learn them. The laboratory work consists of separations, preparations (electrolytic), and individual problems.

**Chem. 405. Advanced Quantitative Analysis.** Prerequisites, 203, 204.

*First semester; lecture one hour; laboratory eight hours; five credits. May count for A.M. degree.*

The application of the principles of quantitative analysis to industrial products. The work will be varied to suit individual preferences. Analyses will include fertilizers, foodstuffs, water, limestone, and cement. Not offered in 1933-34.

**Chem. 406. Advanced Quantitative Analysis.** Continuation of 405.

*Second semester; laboratory ten hours; five credits. May count for A.M. degree.*

Considerable latitude allowed in the choice of subjects for analysis. Not offered in 1933-34.

**Chem. 407. Advanced Organic Chemistry.** Prerequisite, 302.

*First semester; lectures two hours; laboratory six hours; five credits.*

Qualitative analysis of organic compounds; practical methods of organic preparations.

**Chem. 408. Advanced Organic Chemistry.** Prerequisite, 407.

*Second semester; lectures two hours; laboratory six hours; five credits.*

Quantitative organic analysis; determination of molecular weights; estimation of halogens, sulfur, radicals, and unsaturation in organic compounds. Organic combustions.

**Chem. 409. Problems in Chemistry.** Prerequisite, approval of the department.

*Any semester; hours to be arranged; credits according to the work accomplished.*

This course is for the advanced student and is strictly individual. Those interested must consult the instructor before registering and, if possible, several months in advance.

### HISTORY

PROFESSOR MORTON

ASSOCIATE PROFESSOR STUBBS

\*ASSOCIATE PROFESSOR ECKER

Students taking a major or a minor in History should consult with the head of the department in planning their courses.

Students taking a major or a minor in History are required to take History 101, 201 and 202.

**Hist. 101. United States.**

*First semester; three hours; three credits.*

Required of all Freshmen.

The course deals chiefly with the immediate origins of the Republic, and of its national development; economic and social phases are studied along with the political history.

**Hist. 201. Europe to 1715.**

*First semester; three hours; three credits.*

A general course showing the development and expansion of the states of Europe to 1715, in which emphasis is placed upon

---

\*On leave of absence.

the social, economic, and religious history as well as upon the political side.

**Hist. 202. Europe Since 1715.**

*Second semester; three hours; three credits.*

A continuation of 201, but this course is not a prerequisite. The course treats of the Industrial Revolution, the French Revolution, the development of nationalism, democracy and imperialism, and of the effects of these forces in modern European history.

**Hist. 204. England to 1688.**

*Second semester; three hours; three credits.*

A study in English history which furnishes the background of our language, laws, and literature.

**Hist. 301. The Ancient World.**

*First semester; three hours; three credits.*

A study of ancient civilization, with emphasis upon Greece and Rome and their importance in the formation of our modern civilization. For Juniors and Seniors. Offered in 1933-34 and in alternate years thereafter.

**Hist. 302. Mediaeval Civilization.**

*Second semester; three hours; three credits.*

The course deals with the institutions, life, and thought of the mediaeval period, and attempts to show the place of this period in the development of our modern life. A general knowledge of the political history of the time is presupposed. For Juniors and Seniors. Offered in 1933-34 and in alternate years thereafter.

**Hist. 401. Problems in United States History Before 1865.**

Prerequisite, 101, or its equivalent and permission of the Instructor.

*First semester; three hours; three credits.*

The purpose of this course is to give the student the opportunity to study more thoroughly certain phases of American history which may be of special interest to him; to aid him in the use of material in the library; and to give him practice in giving to the class the results of his work.

For Juniors and Seniors; may also count for A.M. work. Not offered in 1932-33.

**Hist. 402. Problems in United States History Since 1865.** Prerequisite, 101, or its equivalent, and permission of the Instructor.

*Second semester; three hours; three credits.*

A continuation of 401, which, however, is not a prerequisite. For Juniors and Seniors; may count for A.M. work.

**Hist. 403. Virginia to 1830.** Prerequisite, 101, or its equivalent.

*First semester; three hours; three credits.*

A study of colonial Virginia and of the early days of the Commonwealth. Williamsburg is situated in the oldest English community in America. The town and the college furnish an inspiring background for the study of Virginia History, and American History. The editors of the William and Mary College Quarterly Historical Magazine offer each semester a valuable prize as a reward for scholarship in the two courses, 403 and 404 together. For Juniors and Seniors. May count for A.M. work. Not offered in 1933-34, but offered in alternate years thereafter.

**Hist. 404. Virginia Since 1830.** Prerequisite, 101, or its equivalent.

*Second semester; three hours; three credits.*

A study of the development of Virginia from the adoption of the Constitution of 1830 to the present. Social, economic, and institutional history will be stressed as well as the political. For Juniors and Seniors. May count as A.M. work. Not offered in 1933-34, but offered in alternate years thereafter.

**Hist. 408. Contemporary Europe.**

*Second semester; three hours; three credits.*

This course deals with the new Europe and the various problems that have vexed her during the past decade. The work consists of lectures, reading, and reports. For Juniors and Seniors. May count for A.M. credit.

**Hist. 411. Some Phases of American Biography and Social History.**

*First semester; three hours; three credits.*

The work of the semester will be devoted to a careful study of a few great American statesmen of the formative period of the Republic, centering about George Washington. A study will be made of their writings, and of their chief biographers and biog-

raphies. The characters selected will be studied against their political and social background. In addition to regular lectures and assigned readings, brief reports will be made to the class, from time to time, by the students. Primarily for Juniors and Seniors. May count for A.M. credit.

**Hist. 412. Some phases of American Biography and Social History, Continued.**

*Second semester; three hours; three credits.*

Deals with a later field than that covered in Hist. 411, which, however is not a prerequisite. May count for A.M. credit.

## HOME ECONOMICS

PROFESSOR CUMMINGS

ASSOCIATE PROFESSOR STEWART

MISS WILKIN

**H. Ec. 111. General Course in Home Economics.** Elective.  
*First semester; three hours; three credits.*

This course is open to all students of the College but is definitely planned for those preparing to teach in the elementary grades. It includes units in personal health; clothing selection and care; food selection; table etiquette; room arrangement and care; budgeting the income and keeping personal accounts. Also units in homemaking studies adapted to elementary grades.

**H. Ec. 101-102. Principles and Practice in Cookery.**

*Both semesters; one hour lecture; four hours laboratory; six credits.*

This course continues throughout the year and no credit will be given except for the completion of the entire course. It deals with the nature of foods, principles in cooking, meal planning and correct table service for all occasions.

The first semester consists of the study and application of the fundamental principles of cooking the more common foods; the production, composition and dietetic value of foods, and the preparation and serving of simple meals.

The second semester consists of a review of the fundamental principles of cookery and their application to a wider range of foods; marketing by the student on a budget; menu planning; and formal and informal table service for both family meals and special occasions.

**Note:** Exemption may be granted from 101 to students who have had previous experience or training and who pass satisfactorily the theory and performance tests set up by the department. Such students will substitute another three credit course with the approval of the Faculty of the Department.

**H. Ec. 201-202. Textiles and Clothing.**

*Both semesters; one hour lecture; four hours laboratory; six credits.*

This course continues throughout the year, and no credit will be given except for the completion of the entire course. It deals with the study of fibers, yarns and fabrics, their structure, properties, manufacture and use; also with the fundamental principles of garment selection, construction, repair and upkeep; the use of commercial patterns; care and use of the sewing machine; and a study of comparative costs of the various articles in the wardrobe in relation to the value received. Construction includes practical problems in cotton, linen, silk, and wool.

**Note:** See note above for similar exemption from 201.

**H. Ec. 211. Historic Costume.**

*First semester; lectures three hours; three credits. Elective.*

A study of costume through the ages from primitive to modern times as an expression of the mode of life, and of the intellectual progress of the peoples of the world.

**H. Ec. 221-222. Food and Textile Economics.** Prerequisites, 101-102, 201-202 or equivalent. Elective.

*Both semesters; three hours; six credits.*

This course continues throughout the year, and no credit will be given except for the completion of the entire course. It deals with the study of food products, their source, preparation for market, factors in their price fluctuation; also with factors which influence the availability of foods, such as weather conditions, world and local disasters, etc. The second half deals with the study of textiles used in public institutions; sources of supply; substitutes, their use and care; influences affecting cost; and methods of producing various types of textiles.

**H. Ec. 301-302. Home Planning, Furnishing and Management.** Open to all students by special permission of the Instructor. The first half of the course will be repeated.

*Both semesters; three hours; six credits.*

For those majoring in Home Economics this course continues throughout the year, and no credit will be given except for the completion of the entire course. This course includes a broad study of homemaking as a career; ideals of homemaking; relationship of family members; also a study of selection, arrangement and care of the home, its furnishings and equipment; family and personal budget; household efficiency and service. The second part is a study of the construction, operation, cost and care of many types of equipment used in the home; time and motion studies of certain household tasks; control of household pests.

**H. Ec. 311-R. Clothing for the Family.**

*Each semester; lecture one hour; laboratory four hours; three credits.*

This course includes a study of the complete wardrobe of each member of the family at various ages; design, material, and construction in relation to health, and to the family income. Construction problems include an infant garment, a little girl's dress (to age ten), and a little boy's suit (to age six).

**H. Ec. 312-R. Child Development.** Prerequisite, Psychology.

*Each semester; lectures three hours; three credits.*

A study of children in their various stages of development; a study of the forces and experiences that modify the conduct of children; physical care of infant and pre-school child.

**H. Ec. 321-R. Home Management House.** Prerequisites, 101-102, 301.

*Each semester; three credits.*

A group of students will live in an apartment for twelve weeks. The course will include the solving of managerial problems under nearly home conditions, the planning of meals and experience in all household duties. This course aims to develop ideals and high standards of living—courtesy, hospitality and social graces.

**H. Ec. 322. Home Economics Education.**

*Second semester; three hours; three credits.*

This course includes a study of the development of Home Economics; various State and Federal laws, Smith-Hughes, Smith-Lever, George-Reed Bills; aims of general education as applied to the teaching of Home Economics and the place of Home Economics in the curriculum; also the study of research

work done in Home Economics in developing the curriculum; practice in organizing tentative courses of study for various grades and types of schools; practice in organizing units of work, home projects, etc.; also the use of reference books and materials; the use of text books; methods of checking instruction; selection and use of equipment; club activities.

*First semester; lecture one hour; laboratory four hours; three credits Elective.*

This course gives a practical study of line, proportion, color and texture in relation to costumes for different occasions and for different individual types and figures. The best available designs are copied or adapted to individual needs. Original designs are executed. Unusual finishes are introduced. Costumes are designed on the form by draping.

## JOURNALISM

ASSISTANT PROFESSOR CLARK

While not to be confused with graduate work, the courses in Journalism will provide instruction in important aspects of newspaper making, with such studies as should equip the student for the demands of active service. It will teach the students how to gather, write, edit, interpret, and print the news. Particularized to the extent that it will cover such subjects as reporting, copy-reading, editorial writing, and the problems of the country weekly; it will also, through requirements in history, politics, government, etc., attempt to endow the student with broad intellectual horizons, so that the journalist may be fully conscious of his function in the life of the world. Finally, the courses will have as an essential part of their program the grounding of the student in the use of a lucid, vigorous, concise, and moving English style.

Only juniors, or those who have successfully completed two years of work at a college or university of satisfactory grade, will be admitted to the courses in Journalism.

**Jour. 303S. History and Principles of Journalism.** Prerequisite, Junior or Senior standing.

*Both semesters; three hours a week; six credits.*

## LIBRARY SCIENCE

\*PROFESSOR SWEM

PROFESSOR WILLOUGHBY

ASSISTANT PROFESSOR BUDD

MISS FORD

The department of library science has as its primary object the training of school librarians, and especially of teacher librarians. Students majoring or minoring in library science, therefore, are expected to elect a major or a minor in some subject taught in the high school, preferably English or history, and a minor in education in order that they may be able to combine library work with teaching, and in order that they may understand adequately the educational function of the library in the school. Students will be released from the requirement only by the consent of the dean of the college and the head of the department. It is possible in some cases, however, for students majoring or minoring in library science to count certain courses in library science as part of their education minor.

A student must present sixty hours of credit for admission to the department of library science. Freshmen and sophomores who intend to elect library science are urged to consult with the faculty of the department early in their course in order to plan their work to advantage. A moderate degree of proficiency in the use of the typewriter is expected of students in library science, which should be acquired before the beginning of the junior year.

Students minoring in library science will take courses 301S, 303S, 305, 306, 402 and 405. Those majoring in the department will take all courses except either 403 or 404, one of which may be omitted, if desired.

Students desiring a non-professional course in the use of the library are referred to English 103.

---

\*On leave of absence.

**L. S. 301S. Classification and Cataloging.**

*Both semesters; lectures three hours a week; laboratory four hours a week; six credits.*

The classification of books by the simplified Dewey Decimal system, subject headings, book numbers, shelf-listing, the principles and methods of cataloging with adaptations for the small library, the use of Library of Congress cards, the alphabeting and filing of cards in the catalog, the preparation of a model card index.

**L. S. 303S. Reference and Bibliography.**

*Both semesters; lectures three hours a week; laboratory four hours a week; six credits.*

A survey of the standard reference books with special regard to their use in the school library, the principles of reference work and their application, bibliography making.

**L. S. 305. Administration of School Libraries.**

*First semester; lectures three hours; laboratory four hours; three credits.*

Functions and duties of the school librarian, organization and coordination of the library with modern educational methods, planning and equipment of the school library, technical library processes (such as loan systems, mending, binding, and accessioning), business management and records, publicity, student staff, supervision and standards. Trips to neighboring libraries for observation and discussion of practices.

**L. S. 306. Teaching the Use of the Library.**

*Second semester; three hours; three credits.*

The methods of teaching the use of the library in the school.

**L. S. 401. Children's Literature.**

*First semester; three hours; three credits.*

Children's reading interests, principles of story telling, bibliographical aids in the selection of children's books, the history of children's literature, the reading and discussion of children's books, the study of the illustrators of children's books.

**L. S. 402. Adolescent Literature.**

*Second semester; three hours; three credits.*

The reading interests of the high school student, reading guidance, the reading and discussion of the books of the adolescent, bibliographical aids.

**L. S. 403. Introduction to the History of Books and Libraries.**

*First semester; three hours; three credits.*

The origin of the alphabet, manuscripts, invention and history of printing, printing processes, the factors which make for legibility and beauty in a book with particular reference to the children's book and the school book, the history of libraries, the development of the school library.

**L. S. 404. Book Selection.**

*Second semester; three hours; three credits.*

The development of criteria for the selection of books for libraries and for various types of readers, practice with aids in the choice of books, reading and reviewing of selected books, writing of book notes, compilation of selected lists, checking of current book lists, discussion of American publishers, study of editions.

**L. S. 405. Practice Work.**

*Either semester; practice work ten hours; conference one hour; three credits.*

Practice work in the library of the Matthew Whaley School, instruction of pupils in the use of the library, book talks.

## MATHEMATICS

PROFESSOR STETSON

ASSOCIATE PROFESSOR RUSSELL

ASSOCIATE PROFESSOR GREGORY

MISS CALKINS

MISS CHILDRESS

Mathematics 201 and 202 must be included in every major or minor in Mathematics, and every major must be approved by the head of the department. Students who expect to take a major in mathematics should take 101, 102, and 104 in their freshman year. Failure to do this may make it impossible to complete a major in four years.

**Math. 101. Freshman Mathematics.**

*First semester; three hours; three credits. Repeated second semester.*

A course in College Algebra.

**Math. 102. Freshman Mathematics.** Prerequisite, 101.

*Second semester; three hours; three credits. Repeated first semester.*

A course in Trigonometry.

**Math. 104. Analytic Geometry.** Prerequisite, 101, and registration in 102.

*Second semester; three hours; three credits.*

Pre-engineering students and those majoring in the exact sciences should take these three courses during the freshman year.

**Math. 201. Calculus.** Prerequisite, 104.

*First semester; three hours; three credits.*

Elements of the calculus.

**Math. 202. Calculus.** Prerequisite, 201.

*Second semester; three hours; three credits.*

A continuation of 201.

**Math. 203. Advanced Analytic Geometry.** Prerequisite, 104 and registration in 201.

*First semester; three hours; three credits.*

**Math. 204. Advanced College Algebra.** Prerequisite, 201.

*Second semester; three hours; three credits.*

**Math. 206. Mathematical Theory of Investment.** Prerequisite 101 and 102.

*Second semester; three hours; three credits.*

Compound interest; annuities; payment by periodic installments; depreciation of capitalized cost; bonds; insurance.

**Math. 301. Differential and Integral Calculus.** Prerequisite, 201, 202.

*First semester; three hours; three credits.*

A continuation of 202. This course should be taken by engineering students and students who expect to teach mathematics.

**Math. 303. History of Mathematics.** Prerequisite, 201, 202.

*First semester; three hours; three credits.*

This course is intended primarily for those who intend to teach mathematics.

**Math. 402. Differential Equations.** Prerequisite, 201, 202, 301.

*Second semester; three hours; three credits.*

This course may be used for A.M. credit.

**Math. 404. Survey of Mathematics.** Prerequisite, 201.

*Second semester; three hours; three credits.*

This course is one of content rather than one of method. It is recommended for those who expect to teach mathematics. The purpose of this course is to give the teacher a broader view of secondary mathematics.

**\*Math. 405. Functions of a Complex Variable.**

*First semester; three hours; three credits.*

An introduction to the function theory. May be used for A.M. credit. Offered in 1933-34 and alternate years thereafter.

**\*Math. 406. Functions of a Complex Variable.** Prerequisite, 405.

*Second semester; three hours; three credits.*

A continuation of 405. May be used for A.M. credit. Offered in 1934-35 and alternate years thereafter.

**\*Math. 407. Projective Geometry.**

*First semester; three hours; three credits.*

An introduction to modern geometry. May be used for A.M. credit. Offered in 1934-35 and alternate years thereafter.

**\*Math. 408. Projective Geometry.** Prerequisite, 407.

*Second semester; three hours; three credits.*

A continuation of 407. May be used for A.M. credit. Offered in 1935-36 and alternate years thereafter.

## COURSES IN INDUSTRIAL ARTS

**Ind. Arts 101. Descriptive Geometry and Mechanical Drawing.**

*First semester; lectures two hours; laboratory, six hours; five credits.*

Freehand lettering; orthographic and isometric projections; revolved positions; pencil and inking technique; training in drawing with instruments; class room recitations supplemented by drawing room exercises in the elementary theorems on the point, line, planes

\*Note.—If the registration in any of these courses is too small the course will not be given.

and surfaces; theory of intersections and development of surfaces, with applications.

**Ind. Arts 102. Engineering Drawing.**

*Second semester; lecture one hour; laboratory four hours; three credits.*

Geometric construction; elements of machines, including fastenings, pipe fittings, shaft couplings, bearings and bearing boxes, sheaves, pulleys, gears and gear tooth forms; technical sketching; dimensioning; working drawings.

**Ind. Arts 105. Plane and Topographical Surveying.** Prerequisite, Math. 101 and 102.

*First semester; lecture one hour; laboratory four hours; three credits.*

Lectures on the construction, adjustment and use of the chain, tape, compass, level, transit, plane table and other appliances commonly used in surveying, supplemented by practice in the use of such instruments upon area and topography surveys; differential and profile leveling, grading, etc.; adjustment of instruments; calculation of vertical and simple horizontal curves; computation and plotting involved in the proper reduction and record of field work.

**Ind. Arts 208. Highway Engineering.** Prerequisite, Ind. Arts 105.

*Second semester; lecture one hour; laboratory four hours; three credits.*

Standard practice in field and office methods governing the location, construction and maintenance of highways, roads and city streets; a study of the economic principles of location, grades, and selection of type of surface; drainage and control of erosion; highway safety and traffic problems; highway administration and financing; survey of an unimproved highway to secure data for a complete redesign of alignment, grades and pavement on the basis of an assumed traffic requirement.

**Fr. 101S. Beginners' French.**

*Both semesters; three hours a week; six credits.*

Elementary grammar, written exercises and oral drill; the training of the ear and the acquiring of a correct pronunciation will be stressed from the outset. Reading of simple standard prose. As far as is consistent with sound pedagogy, French will be the language of the lecture-room. This course will not count on a major or on a minor in French.

**Fr. 201S. France of Today.** Prerequisite, two high school units.

---

\*On leave of absence 1932-33.

*Both semesters; three hours a week; six credits.*

A study of the social and economic life of present day France. Sight-reading and drill in pronunciation. Though this is primarily a reading course, the forms and syntax of the verb will be carefully noted and studied.

**Fr. 202. Scientific French.** Prerequisite, at least two high school units or the equivalent.

*Second semester; three hours; three credits.*

Intended as an introduction to the French language of science. Primarily a vocabulary building course. It deals with the common, everyday words of the language and thus lays a sound foundation for an intelligent reading of French. Recommended to all who minor or major in French. Required of all applicants for the B.S. who elect French to fulfill minimum degree requirements.

**Fr. 203. Intermediate Composition.** Prerequisite, three high school units.

*First semester; three hours; three credits.*

A systematic review of grammar (forms, syntax and idioms) by means of written and oral composition, with especial reference to the language of every day life. Required of all who minor in French.

Those majoring, or intending to major in French, and enrolled in this course, must take French 302 the following semester.

**Fr. 205S. Nineteenth Century Readings.** Prerequisite, three high school units, or the equivalent.

*Both semesters; three hours a week; six credits.*

An interpretative reading of representative works by such authors as Hugo, Flaubert, Daudet, Mérimée, or others. A study of French manners and social life during the latter half of the 19th century through the reading of plays by authors such as Augier, Sardou, Pailleron, Labiche and others. Practice in sight reading; written reports.

**Fr. 302. Advanced Composition.** Prerequisite, French 203 and 205S, or the equivalent.

*Second semester; three hours; three credits.*

An intensive study of French syntax through written and oral composition. Review of phonetics; lectures on the history of the French language; methods of instruction compared and illustrated; how to vitalize the teaching of a foreign language;

bibliography of a teacher's reference library. The following authorities will be used and referred to: Brown's Handbook of Everyday French, Armstrong's Syntax of the French Verb, Mansion's French Reference Grammar, Holbrook's Living French, Fraser and Squair's French Grammar (Part II).

For prospective teachers of French and required of all who major in the language.

**Fr. 303S. The Classical Period in French Literature.** Prerequisites, 203 and 205S, or the equivalent.

*Both semesters; three hours a week; six credits.*

Intended as an introduction to the classical or golden age of French literature. Interpretative reading of representative plays by Corneille, Racine and Molière; study of typical selections from Pascal, Boileau, La Fontaine, La Bruyère, La Rochefoucauld and others. Lectures and supplementary reading on the political and social history of the age of Louis XIV.

The course will include the 18th century.

A study, through the literature of this century, of the social and political trend of the age, the antecedents of romanticism and the impetus given to philosophic and scientific thinking. The stress will be largely on Montesquieu, Voltaire, Diderot and Rousseau and their part in paving the way for the French Revolution.

**Fr. 305. French Conversation.**

*First term; two hours; two credits.*

Intended to give those prepared to do so an opportunity to use the French language spontaneously in informal conversation. The class will organize for conversational practice based on a French text.

Students will be admitted to this course only after consultation with the instructor, and they must give evidence of sufficient ability and preparation to do profitably and successfully this type of work. Credit will be given only to those who have a satisfactory daily record and who pass, at the end of the term, an oral test in speaking French.

**Fr. 401S. The Literary Movements of the Nineteenth Century.** Prerequisite, 18 semester hours in French.

*Both semesters; three hours a week; six credits.*

Some of the masterpieces of the 19th century will be studied in the drama, novel, short story, and poetry. The chief move-

ments will be traced. Outside reading and written reports are required.

**Fr. 402. Molière Course.** Prerequisite, 18 semester hours in French.

*Second semester; three hours; three credits.*

A critical study of Molière and his place in the literature of France and the world. The major plays will be read and interpreted in the lecture-room with careful attention to dramatic structure, verse diction and style. Written outlines and reports are required; supplementary reading of critiques and the life of Molière.

This course includes the study of the history of primitive and ancient music, musical beginnings, medieval music, polyphony, opera, oratorio, instruments, orchestra, instrumental forms, vocal forms, significant master music makers, moderns and ultra-moderns.

(Music 101, 102, 201, 202, and 302 are required on a music minor.)

### Applied Music

Third grade proficiency is required of students in all applied music courses, excepting voice, before being allowed to enter courses for which credit is given. Students unable to meet this requirement may enter the elementary courses in piano and orchestral instruments and on acquiring third grade proficiency may begin the courses for credit as outlined. All applied music students are expected to take part in such ensemble work as suggested by the head of the music department.

(Note.—No credit will be allowed in any applied music course unless the student spends one hour in practice each day in courses giving two hours credit. No exception will be made to this rule. Students will appear in recital or in programs as requested by head of the music department.)

#### **Beginning Piano.**

*Both semesters; one half-hour lesson each week, or two half-hours each week; no credit.*

This course is intended to prepare students for work in the accredited courses in piano. Students having third grade proficiency should not take this course.

#### **Pianoforte.**

*Both semesters; two half-hour lessons each week; two credits each semester.*

Assignments and instruction are given in accordance with the individual need of the student. Piano study may continue throughout the four years of college.

#### **Voice.** Prerequisite, ability to pursue vocal study.

*Both semesters; two half-hour lessons each week; two credits each semester.*

Instruction is given in accordance with the individual need of the student. Voice study may continue throughout the four years of college.

#### **Cornet, Trumpet, French Horn and Trombone.**

*Both semesters; two half-hour lessons each week; two credits; one half-hour lesson each week; no credit.*

Instruction is given in accordance with the individual need of the student.

**Violin and Viola.**

*Both semesters; two half-hour lessons each week; two credits each semester.*

**Music Organizations****Band.**

*First semester; hour rehearsals are held twice each week; one credit.*

The band plays for all athletic contests staged on the campus and is expected to appear on other occasions when requested by the administration or head of the music department.

**Orchestra.**

*Both semesters; hourly rehearsals are held twice each week; one credit for both semesters.*

DR. THOMAS D. WHEELDON, *Physio-therapy*

DR. DAVID J. KING, *Medical Examiner*

### Student Assistants

JANE OEWEL

LLOYD JOHNSON

The Department of Physical Education conducts three distinct classes of instruction:

DIVISION 1—Required Physical Training and Intra-Mural Athletics.

DIVISION 2—Professional Training in Physical Education.

DIVISION 3—Physio-Therapy.

### Division 1

At the beginning of each session a physical and medical examination is given to all freshman students, including both men and women. A system of graded courses is prescribed for the sound students, while a special program is outlined for those not able to pursue the regular courses.

Phys. Ed. m101, 102. Developmental and Seasonal Activities.

*Both semesters; three hours; one credit each semester.*

Physical examination and classification of students; training in gymnastics, games, and athletics. Required of all freshmen.

Phys. Ed. w101, 102. Developmental and Seasonal Activities.

*Both semesters; three hours; one credit each semester.*

Physical examination and classification of students, training in gymnastics, games, athletics, and dancing. Required of all freshmen. A regulation gymnasium uniform is required.

**Phys. Ed. 101, 102-C. Remedial Play and Exercise.**

*Both semesters; three hours; one credit each semester.*

Corrective exercises and sport activities adapted to needs of special cases.

**Phys. Ed. m201, w201. Leadership of Boys and Girls.**

*First semester; three hours; one credit.* Prerequisites, Physical Education 101 and 102. Required of all sophomore men and women.

The daily programs include: Introductory, Postural, Technical and Recreational activities. The course treats of the objectives of physical education, the effect of the activities in the lesson-plan, school athletics, organized recess, achievement tests, and the management of field days.

**Phys. Ed. m202. Seasonal Activities.**

*Second semester; three hours; one credit.* Required of all sophomore men. Swimming test must be passed by all students.

**Phys. Ed. w202. Seasonal Activities.**

*Second semester; three hours; one credit.* Prerequisites, 101 and 102. Required of all sophomore women. Open to all upper classmen. All students must pass the elementary swimming test.

The aim of this course is to develop skill in athletic and recreative activities. The course includes regular work with the athletic teams of the college, and advanced class work emphasizing individual and group sports, and gymnastics. Special groups will be arranged in sports, apparatus, dancing, swimming, etc.

## Division 2

### Professional Courses

The following requirements are for students taking a major in Physical Education:

Academic—See College requirements.

Biology—101, 301, 303, 304, 308.

Education S301 and S302 or E301 and E302 and 404 are required of students minoring in this subject.

Chemistry—101, 102.

Swimming—All students must pass the intermediate swimming test and qualify in life saving.

NOTES: 1. Physical Education 312, 405, 406, 407 may be counted as Education or as Physical Education.

2. No credit is given for courses numbered 300 or above to students not majoring in Physical Education.

3. Students may not minor in Physical Education. All courses are required for a recommendation to teach Physical Education. No minor in Physical Education is allowed or recognized by the College.

4. Special costumes are required for both men and women.

**Phys. Ed. 301, 302. Applied Physical Education.** Prerequisite, Physical Education 201, 202.

*Both semesters; three hours; one credit each semester.*

Physical Education programs embracing marching, gymnastics and the advanced technique of athletics and seasonal sports.

**Phys. Ed. 303, 304. Applied Physical Education.**

*Both semesters; two hours; one credit each semester.*

*Dancing—Folk, rhythmic, clog, and character dances—First semester. Natural dancing—Second semester.*

**Phys. Ed. 305, 306. Applied Physical Education—Athletics.**

*Three hours; one credit, each semester. With varsity squads, and classes; credit in these courses is dependent upon rating in sports.*

*First Semester:*

Soccer, m&w.  
Football, m.  
Hockey, w.  
Volley Ball, m&w.  
Basketball, m&w.  
Archery, w.  
Riding

*Second Semester:*

Boxing and wrestling, m.  
Fencing, m&w. (elective)  
Tennis, m&w.  
Track, m&w.  
Swimming, m&w.  
Baseball, m.  
Indoor Baseball, w.  
Lacrosse, m&w.

**Phys. Ed. 308. Technique in Teaching Health Lessons.**

*Second semester; three hours; three credits.*

Technique and practice of teaching complete lessons. Elementary and advanced grades.

**Phys. Ed. 309. History and Literature of Physical Education.**

*First semester; three hours; three credits.*

An historical study followed by the study of current literature, reference books, and survey methods.

**Phys. Ed. 312. Principles and Methods.**

*Second semester; three hours; three credits.*

Aims and objectives in Education and Physical Education. Studies on the instructional age-groups with emphasis on the physiological age. Criteria for judging the worth of educational activities; principles of selection, classification, and application; the scope and place of tests; adaptations, special methods and materials for the various age-groups and individual differences; the training and use of pupils as leaders.

**Phys. Ed. 401. Supervised Teaching.**

*Five hours; three credits each semester.*

This course consists of directed teaching at public school and college in general activities, coaching, and officiating in athletics.

**Phys. Ed. 403, 404. Applied Physical Education.** Prerequisite, 304.

*Both semesters; three hours; two credits each semester.*

Advanced folk, national, character and clog dancing with emphasis on composition and teaching.

**Phys. Ed. 405, 406. Applied Physical Education.** Prerequisite, Physical Education 302.

*Both semesters; three hours; two credits each semester.*

Physical Education programs including activities from athletics and seasonal sports with emphasis on lesson composition and teaching.

**Phys. Ed. 407. Organization and Administration of Physical and Health Education.**

*First semester; three hours; three credits.*

This course is intended to show the responsibilities of the administrator in physical education and in general education, with particular reference to relationships in the making and administration of the general curriculum. Other topics treated are: classification of students; selection, arrangement, and management of apparatus; planning buildings, play fields, and swimming pools, composition of courses of study, as indicated by the interest, capacity, and needs of the pupils; supervision and teacher development; intra- and inter-school athletics; budgets, records, and reports. Health supervision and instruction.

Phys. Ed. 409. Physical Examination, Tests and Measurements.

*First semester; three hours; three credits.*

This is a double course treating related subjects.

Part one of this course embraces the taking of personal and family history, and the technique and management of the physical examination including the necessary anthropometrical procedures and the interpretation of this data.

Part two consists of statistical methods of handling scores made in motor ability and achievement tests, study of modern tests, and of the placing of individuals into suitable groups for instructional and competitive purposes.

Phys. Ed. 410. Therapeutic Gymnastics. Prerequisite, Anatomy, Applied Anatomy, and Physiology.

*Second semester; three hours; three credits.*

Lectures and practice in the technique of massage and corrective exercises; case work; casts and bandaging.

Phys. Ed. 412. Play and Recreation.

*Second semester; three hours; three credits.*

A course dealing with the psychology of play, the organization and administration of playgrounds; the technique and organization of exhibits, tournaments, track meets, etc.

### Division 3

#### Physio-Therapy

Holders of the bachelor's degree from approved colleges, with thirty semester hours in physical education, and graduate nurses are eligible to take the following course in physical therapy for which a certificate of proficiency will be granted by the College of William and Mary. The work extends over a college year and consists of approximately thirty-four semester hours distributed as follows:

| <i>Subject</i>         | <i>Hours</i> | <i>Cr.</i> | <i>Subject</i>        | <i>Hours</i> | <i>Cr.</i> |
|------------------------|--------------|------------|-----------------------|--------------|------------|
| Anatomy -----          | 300          | 10         | Pathology, surgical   |              |            |
| Orthopedics -----      | 72           | 3          | observation -----     | 72           | 3          |
| Muscle training ----   | 108          | 4          | Light, heat, water    |              |            |
| Corrective exercises-- | 108          | 4          | therapy -----         | 84           | 3          |
| Massage -----          | 90           | 3          | Case work -----       | 54           | 2          |
| Electrotherapy -----   | 72           | 2          | Ethics (required)---- |              | 0          |

This course, which is approved by the American Physiotherapy Association, is given under the supervision of the Physical Education Department of the College of William and Mary. The work is done in the clinic of Dr. Thomas Wheeldon and in hospitals.

### Medical Attention

The college will not be responsible for doctors' bills or for medical attention of any kind for students who are injured in athletics or physical exercises, except such as is furnished by the college physician and resident nurse.

## PHYSICS

PROFESSOR YOUNG

ASSOCIATE PROFESSOR MERRYMON

### Laboratory Assistants

JOHN V. HOLBERTON

W. L. DAVIDSON, JR.

**Phys. 101. General Physics.** Prerequisite, the student must have had trigonometry, or must be taking it.

*First semester; lectures three hours; laboratory four hours; five credits.*

A beginning course in college physics covering mechanics and heat. Theory, problems, and laboratory work. Written reports are required on all experiments. 101 and 102 are required of all students majoring or minoring in physics, all pre-medical students, and all students preparing for engineering.

**Phys. 102. General Physics.** Prerequisite, 101, or the equivalent.

*Second semester; lectures three hours; laboratory four hours; five credits.*

A continuation of 101, covering the subjects of electricity, sound, and light.

**Phys. 104. Household Physics.**

*Second semester; lectures three hours; laboratory four hours; five credits.*

A one-semester course in general physics covering those subjects which have a direct relation to household problems. Only students in home economics are permitted to take the course.

**Phys. 203. Mechanics, Molecular Physics, and Heat.** Prerequisite, General Physics.

*First semester; lectures three hours; laboratory four hours; five credits.*

A mathematical development of the underlying theory, the solution of numerous problems, and practice in making careful laboratory measurements.

**Phys. 204. Electricity and Magnetism.** Prerequisite, General Physics.

*Second semester; lectures three hours; laboratory four hours; five credits.*

A mathematical development of the theory of electricity and magnetism, the solution of numerous problems, and careful laboratory measurements.

**Phys. 301. Alternating Currents and Radio.** Prerequisites, General Physics and Calculus.

*First semester; lectures three hours; laboratory four hours; five credits.*

The differential equations of various alternating current circuits are set up and solved and the solutions discussed. The application of vectors and complex numbers are made use of in the solution of problems. The thermionic tube as detector, amplifier, and oscillator is studied. An oscillator, calibrated by means of tuning forks, is used for many of the measurements.

**Phys. 302. Light.** Prerequisites, General Physics and Calculus.

*Second semester; lectures three hours; laboratory four hours; five credits.*

The theory and use of the prism spectrometer, the diffraction grating, the interferometer, and various pieces of apparatus for polarizing light. The theory and use of photographic processes.

**Phys. 401. Kinetic Theory and Thermodynamics.** Prerequisites, two years of Physics and Calculus.

*First semester; lectures three hours; three credits.*

A study of the gas laws, pressure theory, specific heats, equipartition of energy, Maxwell's distribution law, viscosity, heat conduction, Brownian movements, and thermodynamics.

**Phys. 402. Electron Theory.** Prerequisites, two years of Physics and Calculus.

*Second semester; lectures three hours; three credits.*

A study of cathode rays, measurements of charge and mass of the electron, Bohr's theory of atomic structure, the photo-electric effect, the scattering of X-rays, metallic conduction, and mobility. Not offered in 1933-34.

**Phys. 403. Advanced Laboratory Measurements.** Prerequisites, two years of Physics and Calculus.

*First semester; six hours of laboratory; three credits.*

A course in precision measurements along the line of the student's chief interest. Research work and original investigation is encouraged.

**Phys. 404. Advanced Laboratory Measurements.** Prerequisite, two years of Physics and Calculus.

*Second semester; laboratory six hours; three credits.*

A continuation of 403.

**Phys. 405. Theoretical Mechanics.** Prerequisite, two years of Physics and one year of Calculus.

*First semester; lectures three hours; three credits.*

A study of laws of motion, moment of inertia, simple harmonic motion, the pendulum, and certain principles in celestial mechanics. May be used for A.M. credit. Not offered in 1933-34.

**Phys. 406. Theoretical Physics.** Prerequisites, two years of Physics and one year of Calculus.

*Second semester; lectures three hours; three credits.*

The application of the differential equation and the definite integral to certain problems in theoretical physics. May be used for A.M. credit.

## PSYCHOLOGY AND PHILOSOPHY

PROFESSOR GEIGER

MR. LAMBERT

### Psychology

**Psych. 201. General Psychology.**

*First semester; repeated second semester; three hours; three credits.*

This course covers the usual topics in a general introduction to psychology. Required of all students working for the A.B. or B.S. degree. This course is prerequisite to all advanced courses in psychology and to all courses in philosophy.

**Psych. 202. Experimental Psychology.**

*Second semester; one hour lecture; four hours laboratory; three credits.*

The student becomes acquainted with psychological technique; various fields of psychological investigation; and the literature of experimental psychology. Written reports are required for each experiment. Not offered in 1933-34.

**Psych. 204. The Fields of Psychology.**

*Second semester; three hours; three credits.*

A general introduction to the special fields and the practical applications of psychology. Not offered in 1933-34.

**Psych. 303. Social Psychology.**

*First semester; three hours; three credits.*

The topics discussed in this course are the phenomena arising out of the various forms of social interaction, such as imitation, suggestion, sympathy, laughter, social facilitation; the behavior of crowds, fashion, fads, custom, conventionality, the social self, public opinion, social consciousness and collective volition.

**Psych. 304. Psychology of Groups.**

*Second semester; three hours; three credits.*

In this course the possibility of utilizing certain psychological categories in the investigation of group phenomena will be examined.

**Psych. 306. Abnormal Psychology.**

*Second semester; three hours; three credits.*

Lectures, assigned readings, reports and discussions covering the various forms of unusual and abnormal behavior. Clinical demonstrations at the Eastern State Hospital.

**Psych. 402. History of Psychology.**

*Second semester; three hours; three credits.*

Historical survey of English, Continental and American psychology. Not offered in 1933-34.

**Psych. 401. The Psychology of Religion.**

*First semester; three hours; three credits.*

An examination will be made of the phenomena of religion in the experience of the race and of the individual.

## Philosophy

Sophomores, who have had Psychology 201, may in the second semester of their sophomore year register for Philosophy 201, thus to lay the foundations for advanced courses. Seniors may not register for this course in satisfying their minimum degree requirements in philosophy, but must register for some junior or senior course.

### Phil. 201. Introduction to Philosophy.

*First semester; repeated second semester; three hours; three credits.*

An elementary treatment of important problems of reflective thought designed to introduce the student to the field of philosophy and thus to lay the foundations for advanced courses.

### Phil. 301. Logic and Scientific Method.

*First semester; three hours; three credits.*

Topics discussed in this course are those usually included in an elementary survey of logic. Special emphasis will be placed on logic as the theory of scientific method.

### Phil. 304. Introduction to Ethics.

*Second semester; three hours; three credits.*

This course is intended to familiarize the student with the main aspects of ethical history and theory and, through this, to reach a method of estimating and controlling conduct. Not offered in 1933-34.

### Phil. 405. Introduction to Greek Philosophy.

*First semester; three hours; three credits.*

The leading aspects of Greek thought will be studied with reference to their social, political, and economic backgrounds. Attention will be given to selected references from the writings of the classical philosophers.

### Phil. 406. Philosophy and Modern Life.

*Second semester; three hours; three credits.*

An analysis and evaluation of the movements of thought and other creative forces which have been most largely responsible for the development of our modern western civilization.

**Phil. 401. Aesthetics.***First semester; three hours; three credits.*

A psychological examination of the art impulse and of the aesthetic experience will be followed by a consideration of the nature and significance of art and beauty. Not offered in 1933-34.

**RELIGION**

\*PROFESSOR GOODWIN

MISS DAVIS

DR. IRWIN

NOTE.—101 and 102 are required for a minor in Religion.

**Rel. 101. Introduction to the Old Testament.***First semester; three hours; three credits.*

A study of conditions, geographical, ethnological, social, moral, and spiritual, of the Hebrew people as the background of Old Testament literature, with introduction to the historical study of the Old Testament books.

**Rel. 102. Introduction to the New Testament.***Second semester; three hours; three credits.*

The life and times of Jesus: an inductive study of the Gospel of Matthew with parallel reading in other Gospels. Special emphasis is given to the teachings of Jesus in regard to modern problems.

**Rel. 203. Life and Letters of Paul.***First semester; three hours; three credits.*

Paul, the pioneer missionary, theologian, and writer, as revealed through a careful study of Acts and Pauline Epistles.

**Rel. 202. Development of Christianity.***Second semester; three hours; three credits.*

A study of the creative and outstanding developments in the life of the Christian Church from the Apostolic Age to the present.

**Rel. 301. Literature of the Bible.***First semester; three hours; three credits.*

This course is intended to give a survey of Biblical literature. The various cycles of literary development are traced with an emphasis upon the religious truth revealed in the writings. (Same as Eng. 301.)

---

\*On leave of absence.

**Rel. 304. Jesus, the Master Teacher.***Second semester; three hours; three credits.*

A study of the life of Christ, with emphasis upon the methods and subject matter which He used in dealing with various groups.

**Rel. 401. The Social Message of the Prophets.***First semester; three hours; three credits.*

A study of the creative forces, historical background, and development in morals and religion as portrayed in the great Hebrew Prophets.

**Rel. 402. Problems in Religious Belief.***Second semester; three hours; three credits.*

The fundamental religious beliefs will be considered in their relation to modern ethical and social problems.

**SECRETARIAL SCIENCE**

ASSISTANT PROFESSOR ALSOP

MISS TREVVETT

**201. Shorthand-Typewriting.***First semester; lectures three hours; laboratory six hours; three credits; required of all students majoring in Secretarial Science.*

(a) Shorthand.—The fundamental principles of shorthand are offered in this course. No attempt is made to acquire speed. The Gregg system of shorthand is taught.

(b) Typewriting.—Instruction in the mechanical features of the typewriter. A complete knowledge of the keyboard by the touch system is the objective. Instruction is given in letter writing, addressing of envelopes, tabulating, centering, card writing, and the use of carbon. Upon the completion of this course the student has a working knowledge of the typewriter.

**202. Shorthand-Typewriting. Prerequisite 201.***Second semester; lectures three hours; laboratory six hours; three credits; required of all students majoring in Secretarial Science.*

A continuation of 201.

**301. Shorthand-Typewriting. Prerequisite 201, 202.***First semester; lectures three hours; laboratory six hours; three credits; required of all students majoring in Secretarial Science.*

(a) Shorthand.—A review of the fundamental principles. Concentrated drill and practice in writing shorthand. In order that the student may acquire a broad working shorthand vocabulary varied types of dictation are stressed—letter writing, articles, speeches, etc. Practice in the transcription of shorthand notes.

The Gregg system of shorthand is taught.

(b) Typewriting.—Continued instruction in letter writing, printed matter, corrected manuscript, and tabulating.

**302. Shorthand-Typewriting.** Prerequisite 201, 202, 301.

*Second semester; lectures three hours; laboratory six hours; three credits; required of all students majoring in Secretarial Science.*

A continuation of 301.

**402. Shorthand-Typewriting.** Prerequisites, 201, 202, 301, 302.

*Second semester; lectures three hours; laboratory three hours; three credits; required of all students majoring in Secretarial Science.*

(a) Shorthand.—This course is offered just before graduation in order that the student may have an opportunity for a thorough review. The course is a résumé of all previous work. Special attention is given to reporting work, technical terms in law, medicine, science. Effort is made to secure a high degree of speed.

(b) Typewriting.—Transcription of shorthand notes. Intensive work to acquire speed.

**403. Secretarial Training and Office Organization.** Prerequisites, Shorthand-Typewriting 201, 202, 301, 302.

*First semester; lectures three hours; laboratory three hours; three credits; required of all students majoring in Secretarial Science.*

This course is planned to prepare the student for actual secretarial work and to give general information in regard to the modern office. The duties required of a secretary in various lines of business will be stressed. The following topics will be discussed in the lectures and recitations—a study of typical office departments, personnel of the office, sources of information for office executives. Each student pursuing this course will do actual secretarial work for three months in one of the College offices, special attention being given to office methods, filing, actual use of office appliances. Demonstrations of office ap-

pliances by experts will be given, and visits will be made to concerns selling various types of office appliances.

**404. Secretarial Training and Office Organization.** Prerequisites, Shorthand-Typewriting 201, 202, 301, 302; Secretarial Training and Office Organization 403.

*Second semester; lectures three hours; laboratory three hours; three credits; required of all students majoring in Secretarial Science.*

A continuation of 403.

**NOTE.**—A laboratory fee of \$10.00 per semester is charged for Shorthand 201, 202, 301, 302, 402. This fee includes the use of a typewriter and also paper, stencils used, etc.

### Other Courses in Secretarial Science

**Economics 201S.** See page 204.

**Business 201S.** See page 208.

**Business 301.** See page 208.

**Business 302.** See page 208.

**Business 211.** See page 209.

**Contracts.** See page 229.

**NOTE.**—Candidates for the B. S. degree in Secretarial Science can not make any changes in the course as outlined, except with the permission of the Dean and the Instructor.

Students who do not wish to take the prescribed course in Secretarial Science as outlined on page 142, may take the following courses without college credit.

#### **101. Shorthand-Typewriting.**

*First semester. No college credit.*

(a) Shorthand.—A comprehensive course is offered in the Gregg System of shorthand. In this course an effort is made to give the student the fundamental principles of the system. Drill and practice in writing shorthand is offered. It can not be expected that the student will have a high degree of speed at the end of the course.

(b) Typewriting.—A comprehensive course is offered in the Touch System of typewriting. The mechanical features of the typewriter are taught. The objective is a complete knowledge of the keyboard.

**102. Shorthand-Typewriting.**

*Second semester. No college credit.*

(a) Shorthand.—A continuation of 101.

(b) Typewriting.—A continuation of 101.

NOTE.—Students are not advised to start the course in Typewriting-Shorthand 101 unless they can continue through the course of the entire session.

A laboratory fee of \$10.00 per semester is charged for students taking Shorthand and Typewriting. A laboratory fee of \$2.50 per semester is charged for students taking only Shorthand.

**SOCIOLOGY**

PROFESSOR BLOCKER

**Soc. 301. An Introduction to Sociology.**

*First semester; three hours; three credits.*

A course designed to give to the student an orientation in the study of society. Attention will be given to the scope and purpose of sociological study; to social origins and forces, and to the processes of socialization. Open to sophomores and juniors.

**Soc. 302. Social Problems.**

*Second semester; three hours; three credits.*

This course will include a study of the biological, psychological, and sociological aspects of the population problem. Emphasis will be given to race pride and prejudice, international population movements, and to inequality of wealth and knowledge. Open to sophomores and juniors.

**Soc. 303. Educational Sociology.**

*First semester; three hours; three credits.*

An interpretation of education from a social point of view, involving such factors as: Education as a means of social control, social change, social adjustment, and social efficiency. Same as Education 303. Will count as a credit on either a major or minor in education. Open to juniors and seniors. Not offered in 1933-34.

**Soc. 402. Crime and Social Responsibility.**

*Second semester; three hours; three credits.*

An analysis of the problem and social consequences of crime. Special emphasis will be given to the hereditary, mental, economic and social aspects of crime. Open to juniors and seniors.

**Soc. 403. Family Forms and Marriage Relations.**

*First semester; three hours; three credits.*

A study of the origin and forms of the family; forms of the marriage relation and consequent influence upon civilization; emancipation of woman and the family; industrialism and the family; divorce, birth control and companionate marriage; the child and family of the future. Open to juniors and seniors.

**Soc. 404. Contemporary Social Movements.**

*Second semester; three hours; three credits.*

Such movements as socialism, communism, facism, cooperation, labor movement and peace movement will be studied. An effort will be made to appraise these movements, to know their major contentions, and to point out their social and anti-social tendencies. Open to juniors and seniors.

**Soc. 405. Social Progress and Achievement.**

*First semester; three hours; three credits.*

This course will include an historical survey of the development of the theories of progress and achievement. The survey will be used as a background for a critical analysis and social interpretation of the current conceptions of progress, agents of progress, and an interpretation of the social significance of the implications of achievements. Open to juniors and seniors.

**Soc. 406. Race Relations.**

*Second semester; three hours; three credits.*

This course will include a study of the theories of race origins, race differences and race distinctions. Special emphasis will be given to race background, race prejudice and race antagonisms in the United States. Open to juniors and seniors. Not offered in 1933-34.

**THE INSTITUTE OF INTERNATIONAL AFFAIRS**

On October 17, 18, 19, 1932, The Institute of International Affairs was held at the College of William and Mary. These Institutes were established by Mr. Chester D. Pugsley of Peekskill, New York in 1931. The first institute in 1931 was on European affairs; the second was on international affairs. Among the speakers at the second institute were Harry W. Frantz of the foreign division of the United Press, Walter N. Polakov, Louis E. Van Norman of the United States Daily, Stanley K. Hornbeck of the Department of State, Stringfellow Barr of the Uni-

versity of Virginia, Leo S. Rowe of the Pan American Union, John Donaldson of George Washington University, Ernest M. Patterson of the University of Pennsylvania, and Sao-Ko Alfred Sze of the Republic of China.

The institute was well attended by invited guests, faculty and students.

The Institute of International Affairs will be held at the College of William and Mary on October 16, 17, 18, and 19, 1933.

## FRESHMAN COURSES

---

Freshmen face serious problems. Some enter college with definite vocational choices, and select courses accordingly; others enter with no more definite purposes than attending college. Individuals of both groups require wise counseling. Some of those with vocational choices have made them without sufficient information and perspective; and, therefore, need guidance in readjusting their purposes. Those without definite purposes need the most sympathetic and understanding advice in selecting their courses, in finding themselves, and in choosing their vocations.

With a realization of the importance of these and other special problems of beginning students, the college provides a Dean of men and a Dean of women whose especial work is the supervision and the guidance of all students.

## SPECIAL PRE-COURSES

---

### COURSES LEADING TO ENGINEERING

The engineering courses outlined below are designed to prepare students to enter the junior class of any standard engineering school. These courses contain not only the minimum for the first two years of engineering, but also additional subjects that will be found very helpful to engineering students .

Solid geometry is presupposed for entrance to engineering courses. If not taken before entrance, it should be taken in addition to the prescribed mathematics.

The third year courses should be chosen in accordance with the requirements of the engineering school and class that the student plans to enter. Modification may be made in any of the courses, with a similar end in view, with the approval of the appropriate committee.

Students will be granted a B.S. degree by the college upon the successful completion of any of the pre-engineering courses and an additional year's work in residence, provided the work of the additional year completes the degree requirements as stated on page 78. Likewise students who complete this work in engineering will be granted a B.S. degree by the college when they have finished their courses at an approved engineering college.

In order to qualify for a degree or to be recommended to an engineering school a student must make a grade of 83 or higher on at least half of the credits earned at this college.

### PRE-COURSE LEADING TO FORESTRY

This course is intended to qualify students for the junior class of a professional school of forestry. Students are urged to choose their professional school early to insure that any special requirements of the chosen school are met. Modifications of the course as outlined may be made, with a similar end in view, subject to the approval of the dean. A two-year course may be arranged by suitable selection.

Students completing this course, together with two credits (which may consist of credit for student activities, see page 80) and one additional year of work in residence, will be granted the B.S. degree, provided the work of the additional year completes the degree requirements as stated on page 78.

The college will grant the B.S. degree to a student who, after completing the three-year course with two additional credits (which may consist of credit for student activities, see page 80), has successfully completed the course of an approved college of forestry.

In order to qualify for a degree in this course or to be recommended for transfer to a school of forestry a student must have a grade of 83 or higher in at least half of the credits earned at this college.

#### PRE-DENTAL COURSE

The standard dental colleges require for admission at least one year of college work, including a full year of work in English, chemistry, physics and biology. This minimum requirement may be met by the following courses: English 101 and 102; Chemistry 101, 102; Physics 101, 102; Biology 101, 102.

It is highly desirable that those expecting to go into dentistry should take more than the minimum of preparatory work. The man who has taken two or three years of college training will find himself able to take advantage of opportunities for much advanced training and valuable practical experience during his dental course. For such extended training the following course is outlined. Students completing this three-year course, together with two additional credits (which may consist of credit for student activities, see page 80), and one additional year of work in residence, will be granted the B.S. degree, provided the work of the additional year completes the degree requirements as stated on page 78. The college will grant the B.S. degree to a student who, after completing the three-year course with four additional credits (which may consist of credit for student activities, see page 80), has successfully completed the course of an approved dental school requiring a minimum of one year of pre-dental work.

In order to qualify for a degree in this course or to be recommended for entrance to a dental school, a student must have a grade of 83 or higher in at least half of the credits earned at this college.

## PRE-MEDICAL COURSE

The standard medical institutions belonging to the Association of American Medical Colleges require two or more years of collegiate work for entrance. The minimum of sixty semester hours must include eight in inorganic chemistry, four in organic chemistry, eight in biology, eight in physics, six in English composition and literature, and twelve additional hours in non-science subjects. It is desirable that the choice of a medical school be made early in the course and that the committee on registration of pre-medical students be consulted to insure that any special requirement of the school chosen is met. The work here outlined covers three years. This not only meets the minimum requirement for medical colleges, but also covers other subjects that will be found very helpful in medical work, and leads to the B.S. degree, which is now very generally desired by graduates in medicine. When time permits, pre-medical students are advised to take additional courses as listed below: Chem. 401, 402, and 203; Biology 401 and 402; Phys. 203 and 204.

Students completing this course, together with two credits (which may consist of credit for student activities, see page 80) and one additional year of work in residence, will be granted the B.S. degree, provided the work of the additional year completes the degree requirements as stated on page 78. The college will grant the B.S. degree to a student who, after completing the three-year course with two additional credits (which may consist of credit for student activities, see page 80), has successfully completed the course of an approved medical college.

In order to qualify for a degree in this course or to be recommended for entrance to a medical school a student must have a grade of 83 or higher in at least half of the credits earned at this college.

## PRE-PUBLIC HEALTH COURSE

The course outlined below is designed to prepare the student for public health service. Three years of the course are offered at this college. The fourth year must be taken at a school of public health at a standard medical college, or other institution equipped for the work and approved by this college. It is desirable that the choice of a school in which to complete the course be made early and that the committee on pre-medical students be consulted to insure that special requirements of the school chosen are met. Students completing this course, together with two credits (which may consist of credit for student activities, see page 80), and one additional year of work in residence, will be granted the B.S. degree, provided the work of the additional year completes the degree requirements as stated on page 78. The college will grant the B.S. degree to a student who, after completing the three-year course with two additional credits (which may consist of credit for student activities, see page 80), has successfully completed a year of work at an approved institution giving work suitable for degrees in public health.

In order to qualify for a degree in this course or to be recommended for admission to another school a student must have a grade of 83 or higher in at least half of the credits earned at this college.

**PRE-NURSING COURSE**

The College of William and Mary and the School of Social Work and Public Health in Richmond (which is a division of the College) offer, in affiliation with the schools of nursing of Stuart Circle Hospital, St. Elizabeth's Hospital and the Medical College of Virginia, a five-year combined college and nursing course. Students who complete this course will receive the degree of B.S. in Nursing and Health from the College of William and Mary and a Diploma in Nursing from the hospital school of nursing.

The first two years of this course are given by the College, both on the campus at Williamsburg and in Richmond. The following is an outline of the two-year pre-nursing course:

### DEGREE OF B.S. IN PHARMACY (Medical College of Virginia)

The degree of Bachelor of Science in Pharmacy is offered by the School of Pharmacy of the Medical College of Virginia in co-operation with the College of William and Mary for one year of work at this college and three years in the School of Pharmacy. (Beginning with the year 1925-26, candidates for the degree of Ph.G. at the School of Pharmacy are required to pursue a three-year curriculum instead of two years, as heretofore.) Candidates for the degree of B.S. in Pharmacy are required to take, in addition to the three years of work at the School of Pharmacy, one year of academic college work. This academic work must include six semester hours of English and six semester hours of Mathematics. The additional courses listed below are recommended.

## SPECIAL COURSES

---

### BACHELOR OF CHEMISTRY COURSE

The industries are calling for men and women trained in chemistry. The teaching profession demands teachers better trained in science. To supply this need the College of William and Mary offers a special degree in chemistry. The work is planned with the purpose of making the student familiar with the standard methods of attacking and solving chemical problems.

The requirements for the Bachelor of Chemistry degree may be summed up as follows:

Chemistry 60 (two majors), Mathematics 6, English 12, Government 3, History 3, Industrial Arts 6, Modern Languages 12, Physical Education 4, Physics 10, Biology 10. In addition to these, 6 optional credits must be elected from Mathematics, Biology, Physics, Chemistry, or Modern Languages.

## HOME ECONOMICS

The Home Economics Department was established in 1918 under the Smith-Hughes Act, which grants Federal aid for the training of teachers of Home Economics. The course of study is four years in length and leads to the degree of Bachelor of Science.

The curriculum provides for a liberal amount of academic work in addition to the science underlying the technical courses, thus insuring a good general education as well as professional training.

Home projects are required of all students in this course between the junior and senior years. The projects are to be planned with the faculty in the spring and reported in the fall.

Courses listed for freshmen and sophomore years are open to all women students of the college.

Major: Home Economics.

First Minor: Science. Second Minor: Education.

### General Statement

"That the youth may be piously educated in good letters and manners" is stated in the original charter of the College of William and Mary as one of the reasons for its establishment. Animated by this purpose, the institution has maintained through its years of service a strictly liberal arts curriculum.

The School of Education at the College of William and Mary, therefore, holds a unique and advantageous position. It functions in an institution whose traditions and practices demand a broad training in cultural education, which is the first essential in the preparation for teaching as a profession. The added training necessary is provided in the technical courses offered by the School of Education.

While the organization of the courses is planned to make them a unit so that the teacher may have a complete, well-rounded education for the particular field in which he expects to work, the School of Education is an integral part of the college. The same standards for students and faculty apply to the School of Education as to the College, and the content in the liberal arts subjects is supplied by the respective departments in the College.

The following principles are fundamental in the functioning of this school:

1. A general background of content and training in liberal arts courses is a necessary prerequisite.

2. The content of the liberal arts courses taught for a general background is not professionalized.

3. The professional point of view of the specialized content which the student plans to teach is given through methods courses, which are organized according to accepted educational theory and practice.

4. The technical training of the teacher demands a knowledge of the significant facts in the following fields:

- a. Psychology of Education, for an understanding of the basic principles of learning.

- b. Philosophy of Education, for an understanding of the theory underlying teaching practice.

- c. The evolution of the school as a social institution, for an understanding of the part education plays in a democracy.

5. Supervised teaching in actual situations provides the opportunity necessary for the application of the theory underlying organization of subject matter and technique in procedure.

### Purposes

The School of Education is planned to provide the professional training for workers in the following fields:

1. Teachers for secondary schools. For the teachers of the special subjects—home economics, music, fine arts, physical education—only the professional courses are given by the School of Education.
2. Teachers for elementary schools.
3. Principals for elementary and secondary schools.
4. Superintendents of schools.
5. Supervisors for elementary and secondary schools.

### Admission Requirements

The requirements for admission to the School of Education are:

1. Sixty semester hours in liberal arts subjects, in which are included three semester hours in general psychology.
2. Registration in the School of Education under one of the following classifications:
  - a. General courses with a minor in education.
  - b. Special courses in physical education, home economics, music, and fine arts with a minor in education.
3. Mental and physical fitness and teaching aptitude determined by appropriate tests.
4. Declaration of vocational aim.

### State Scholarships

The College offers to young men and women who intend to teach in the public schools of Virginia one hundred and thirty-two state scholarships which gives the student a credit of \$37.50 a semester on his fees (see page 55). The holders of these scholarships are required to sign a pledge to teach for at least two years in the public schools of Virginia and are also required to pursue a prescribed course of training, including supervised teaching.

Every division superintendent of schools in the state is empowered by law to nominate for appointment to state scholarships as many students as his county or city has representatives in the House of Delegates, provided that every county and city shall be entitled to at least one scholarship. The nomination by the superintendent must contain his endorsement of the applicant

as to age, ability, moral character, and general fitness to profit by a course of training for teaching.

As these scholarships are granted for the purpose of qualifying the holders to teach in the public schools, a scholarship may at any time be forfeited by negligence, disorderly conduct, failure to make proper progress, or any other reason justifying the faculty in concluding that the student cannot safely be recommended as a teacher. They are special privileges which must be deserved and may not be enjoyed by the incompetent or the unworthy.

### Classification and Academic Requirements

All students who hold state scholarships must qualify for the Collegiate Professional Certificate which requires a minor in education and must register as "Teacher in Training." The following courses are required of such students with Freshman and Sophomore standing:

#### Freshman

|   |           |

| d. Electives—Additional courses in two of the<br>following subjects: English, Language,<br>Mathematics, Science—6 each..... | 12 " |
| e. Free electives .....   | 9 "  |

Students of home economics and physical education will follow courses specified on pages 166, 169, 170.

\*Except for students taking Home Economics course.

### West Law

All teachers in the State of Virginia must meet the requirements of the West Law. These requirements, for the Collegiate Professional, the Collegiate, and the Normal Professional certificates are Physical Education 101 and 102, Physical Education 201 and 202, Advanced Physical Education, and Biology 103, School Hygiene.

### Guidance

The School of Education has a definite policy with reference to the educational guidance of students who are considering teaching as a profession. Students who hold state scholarships and others who plan to teach should consult the appropriate adviser during the second semester of their sophomore year: in secondary education, Miss Weeks, Mr. Leonard; in elementary education, Miss Helseth; in fine arts, Miss Melgaard; in home economics, Miss Cummings; in music, Mr. Small; in physical education, Mr. Tucker Jones. As the student advances in his professional courses he is further advised, on the basis of his progress, concerning his possibilities in the profession and the special field in which he gives promise of succeeding best: classroom teaching, supervision, administration, or research. The final test of a student's interest in education as a profession and his adaptation to a special field of work is found in supervised teaching.

### Bureau of Recommendations

In order to be of the most service to the teachers who are prepared through the School of Education and to the school systems where these teachers are to work, a Bureau of Recommendations is maintained.

No registration fee is charged and all students who expect to teach are strongly urged to avail themselves of this service. If the students file complete records and cooperate with this Bureau, the College can be of assistance to those who go into teaching, not only at graduation but also on later occasions.

### Extension

In addition to the courses in professional education given on the campus, the School of Education supplies instruction in professional education in Richmond, Newport News, Norfolk, Ports-

mouth, and other available places. These courses are taken, in large measure, by teachers who are candidates for certain certificates or for degrees at the College of William and Mary.

### Degrees

The professional work of the School of Education is organized to meet the requirements of a minor in education for the Bachelor of Arts, the Bachelor of Science, or the Master of Arts degrees. Students preparing to teach in the high school will take a minor in secondary education. Students preparing to teach in the elementary school on a Bachelor's degree may take a major in education, of which approximately twelve semester hours will be in the field of psychology. Students with teaching or administrative experience who are preparing for administrative or supervisory positions may take as much as a major in education on the A.B. degree.

### Supervised Teaching

Supervised teaching is designed to be the culmination of a student's preparation for teaching. All of the theory work is directed toward application in actual teaching situations which are obtained in the elementary and secondary divisions of the Matthew Whaley School of Williamsburg. In some instances this supervision of training is carried on in the system where the teacher is employed.

The requirements for supervised teaching are as follows:

- A. Prerequisites for supervised teaching in high schools are
  - (1) Senior standing.
  - (2) Nine semester hours in Education as follows: Ed. S301-2S, and one methods course relating to major or minor.
  - (3) Fifteen semester hours in the academic subject which is to be taught.
- B. Prerequisites for Supervised Teaching in Elementary School are
  - (1) Senior standing.
  - (2) Twelve semester hours in Education as follows: Ed. E301-2S, and Ed. E303-4S.
- C. Ed. 402 taken parallel with or following Ed. E401, or Ed. S401.

- D. Students who have had at least two years of teaching experience are assigned to half-time work, but if it is found that the student is not making satisfactory progress under these conditions further work will be required.
- E. The normal load is one period in the classroom for two semesters, or equal.

### Certification

Courses necessary to obtain the following certificates are offered. The student should select the type of position which he desires to obtain and then plan to meet the requirements for one of the certificates which will permit him to hold such a position. The specific requirements for the professional certificates are listed under the type of position for which the School of Education provides preparation.

1. The Collegiate Professional Certificate is granted on a Bachelor's degree for which the applicant has offered twenty semester hours in education. Of this number six semester hours must be in supervised teaching. This certificate is valid for ten years and is renewable for ten. The holder may teach in the high and elementary schools of the state.

2. The Collegiate Certificate is granted on a Bachelor's degree. No courses in education are required. This certificate is valid for four years and is renewable only as a Collegiate Professional Certificate. The holder may teach in the elementary schools and in the high schools those subjects in which twelve semester hours, based on two high school units, have been secured.

3. The Normal Professional Certificate, which is granted on 63 semester hour credits, entitles the holder to teach in the elementary schools. At least sixteen semester hours must be in professional subjects; at least twenty-four semester hours in academic subjects; at least six semester hours in applied arts; and six semester hours in health and physical education. This certificate is valid for five years and its renewal is, for a period of five years, subject to such regulations as may be in force at the time of expiration.

Inasmuch as sixty semester hours are a prerequisite to all courses in education, which are not offered below the third year

in college, it is impossible for the inexperienced teacher to complete the requirements for this certificate in less than three years in the regular session. The courses in Ed. E301-2S and Ed. E303-4S, which are required for this certificate, and which are given only in the third year, are continuous and cannot be entered at the beginning of the second semester.

### Suggested Teaching Combinations for Secondary Teachers\*

The State Board of Education has revised the program of studies for the high schools of the State and has prepared, as an adjunct to the revision, a plan for the assignment of subjects to teachers. The subject combinations are as follows:

1. English and language (Latin or French).
2. Mathematics and science.
3. History and one of the following: English, language, and mathematics.
4. Vocational agriculture.
5. Vocational agriculture and science.
6. Home economics and science.
7. Physical education and biology.
8. Music.
9. Art and English or modern language.
10. Commercial education (stenography, typewriting, and bookkeeping).

In the high schools, where the enrollment justifies it, assignment of a single group of subjects to a teacher is recommended. In the city high schools, for example, all of the courses in English, or French, or history, may be taught by the same instructor.

The success of the revised high school program, especially that phase of it which has to do with the assignment of subjects to teachers, is dependent to a large extent upon an adequate supply of instructors trained to teach the combinations of subjects as provided for above.

In order that there may be professionally trained teachers for all the subject combinations, the College of William and Mary suggests that students preparing to teach in the high school arrange their courses to meet one of the following com-

#### Education

**Ed. S301-2S. Fundamentals of Secondary Education.** Pre-requisite, General Psychology.

*Both semesters; three hours; six credits.*

This course continues throughout the year, and no credit will be given except for the completion of the entire course. It deals with secondary education primarily from the standpoint of teaching in secondary schools. Some of the main topics to be considered are: (1) historical background of secondary education; (2) aims and functions of secondary education; (3) mental and physical equipment of secondary school pupils, the nature and psychology of individual differences; (4) forces tending to change the high school curriculum; (5) the psychology of learning; (6) problems and reorganization movements in secondary education.

**Ed. E301-2S. Child Psychology and Principles of Teaching in Elementary Schools.** Prerequisite, General Psychology.

*Both semesters; three hours; six credits.*

This course continues throughout the year, and no credit will be given except for the completion of the entire course. It cannot be begun in second semester. It is planned with a view to giving the student both scientific and sympathetic attitude in dealing with children; and to give knowledge of the need of childhood and youth. It will give a comprehensive view of education and will include the underlying principles of method based upon psychology. It makes a thorough study of certain experimental schools and their principles.

**Ed. 301. History of Education.**

*First semester; three hours; three credits.*

A study of the history of education as a phase of the history of civilization. Emphasis will be upon the development of educational practices instead of upon the development of educational theories. Beginning with a study of the causes of our

civilization, the course will embrace the educational practices of the Greeks, the Romans, the early Christians and the peoples of the mediaeval times, with especial attention to the educational causes and consequences of the Reformation. Its purpose is to give prospective educational leaders such knowledge of the past as will enable them to appraise the practices and problems of the present.

**Ed. S303. The Teaching of Science.** Prerequisite, three courses in one science.

*First semester; three hours; three credits.*

This course is intended for prospective high school teachers or supervisors of science, and principals. Texts, subject matter, apparatus and methods of teaching will be discussed. Typical projects will be developed and present tendencies in reorganization studied.

**Ed. E303-4S. Materials and Methods in the Elementary School.**

*Both semesters; three hours; six credits.*

This course is required of all who are preparing to teach or supervise in the elementary schools. It continues throughout the year. Education E303-4S must precede or be taken as a parallel course. Attention will be given to the scientific studies that have contributed to the determination of the materials and methods of teaching in the elementary schools. The psychology and methods of the various school subjects will be considered separately. Practice in organizing units of work so as to unify much school work will be given. The use of textbooks, references, materials, and tests will also be considered in relation to each subject.

**Ed. 303. Educational Sociology.**

*First semester; three hours; three credits.*

An interpretation of Education from a social point of view, involving such factors as: Education as a means of social control, social change, social adjustment, and social efficiency. Same as Sociology 303. Will count as a minor in Sociology. Open to Juniors and Seniors.

**Ed. S305. The Teaching of Latin.** Prerequisite, twelve credits in Latin.

*First semester; three hours; three credits.*

This course is intended for prospective high school teachers of Latin, and principals. It will include: review and selection of

subject matter; objectives of Latin in secondary schools; materials and methods of instruction; standards of attainment; and use of objective tests in Latin. Same as Latin 405.

**Ed. S306. The Teaching of Mathematics.** Prerequisite, ten credits in Mathematics.

*Second semester; three hours; three credits.*

This course is intended to present to prospective teachers or supervisors of mathematics the modern point of view in the subject. In addition to a review of the subject matter of algebra, geometry, and trigonometry, and practice in the presentation of typical units, the following topics will be discussed: The place of mathematics in the curriculum, present tendencies in re-organization, the use of standard tests, projects and supervised study, the junior high school movement in mathematics, the introduction of elementary calculus in the senior high school, judging text books.

**Ed. S308. The Teaching of English.**

*Second semester; three hours; three credits.*

This course is intended for teachers of English and for principals. It will consist of the following: The present status of the teaching of composition and literature, the objectives of oral and written compositions, sources and treatment of oral and written themes, mechanics of composition in relation to content, standards of attainment in composition, objectives in the study of literature, choice and treatment of literary selections.

**Ed. S310. The Teaching of Social Sciences.** Prerequisite, fifteen credits in history and six in government.

*Second semester; three hours; three credits.*

This course is intended for prospective high school teachers and principals. Selection and organization of material in civics and history; problems of democracy, citizenship, correlation with other school subjects; methods of instruction.

**Ed. S312. Extra Curriculum Activities.**

*Second semester; three hours; three credits.*

This course should be of profit to high school principals and teachers. Underlying psychological and administrative principles will be discussed, together with the direction of pupils in the following school activities: assemblies, dramatics, pageants, publications, clubs, participation in management, and home rooms.

**Ed. S401. Supervised Teaching.** Prerequisite, see page 176. Hours to be arranged.

*Each semester; ten hours; six credits.*

Required of all state students and candidates for professional certificates to teach in secondary schools. Terms and schedules to be arranged with director of supervised teaching. Course consists of preparation of lesson plans and teaching classes under supervision, together with observation and criticism of others, supervision of study, making reports and records, discipline, and other practical work of a teacher. Two hours per day; five days in the week.

**Ed. E401. Supervised Teaching.**

*Each semester; five days a week; three, four, or six credits.*

Education E303-4S and E305-6S must be taken as prerequisite or parallel courses. Schedule to be arranged with director of supervised teaching in the elementary grades. This course includes observation of teaching; analyses of purposes, materials, procedures, and outcomes in these children's courses; planning units of work, and teaching classes under supervision; and participation in the routine duties of teaching.

**Ed. 402. Foundations of Education Practice.**

*Second semester; three hours; three credits.*

The aim of this course is to develop a sound educational theory which is fundamental to modern practice in education. It presupposes experience in a teaching situation, either as a regular teacher or as a practice student. It will include the following topics: Nature of thinking, nature of experience, problem of method, nature and organization of subject matter, nature of the individual, interest and effort, moral education, demands of democracy upon education, demonstration teaching and treatment of material illustrating these factors. A.M. credit.

**Ed. 403S. Educational Administration—Organization.**

*First term; three hours; three credits.*

This course is planned for superintendents and principals, and for those who are preparing to go into these fields. The problems to be considered will include the following: Organization and administrative control of state, county, and city school systems; centralization in school administration; the training of teachers; the development of the course of study and control of textbooks; the organization and supervision of the teaching and supervisory staff, school records and reports.

May count for A.M. credit.

**Ed. 404S. Educational Administration—Finance.**

*Second term; three hours; three credits.*

This course is a continuation of 403, but 403 is not a prerequisite.

This course is intended for principals and superintendents and for other students who are interested in state and county school finance. It will deal with the following: Laws and principles governing the distribution of state and county school finance, taxation, and school budgets.

May count for A.M. credit.

**Ed. S403. Making the High School Course of Study**

*First semester; three hours; three credits.*

This course is intended for teachers, principals, and superintendents who are interested in studying the principles and problems underlying the process of curriculum construction. The student will become acquainted with various methods used in making courses of study and will have experience in making a course of study in some subject. A.M. credit.

**Ed. E403. The Individual Pupil.**

*First semester; three hours; three credits.*

This is an advanced course for students who have had E301-2S and E303-4S. A study is made of the individual difference in pupils and the adjustments of the elementary school to their needs. Teaching the pupil as a person, organized individualized instruction, preparation of individualized materials, use of evershifting grouping in the class, methods of case study, character education, development of particular skills and attitudes, are topics included in the course.

May be taken for A.M. credit.

**Ed. E404. Elementary School Curriculum.**

*Second semester; three hours; three credits.*

This course is intended for students who have had the work in principles and methods. It offers help in adjusting and constructing elementary school curricula. The student will investigate the principles involved in curriculum construction, the various methods employed and the results achieved. Students will participate in curriculum construction.

May be taken for A.M. credit.

**Ed. E405-6. Elementary School Supervision.**

*Both semesters; three hours; six credits.*

This course is offered for elementary school supervisors and principals. Major attention is given to ways of helping teacher to im-

prove classroom instruction. Classes are studied to find problems involved. Plans and programs are developed. There is participation in supervision. Evaluation is made of supervisory means, programs, materials, and forms of organization.

May be taken for A.M. credit.

**Ed. 405. Measurement in Education.**

*First semester; three hours; three credits.*

This course is intended for prospective teachers, principals, supervisors, and superintendents. It will embrace a study of the following: History of scientific methods in education, individual differences, statistical methods, intelligence, nature and method of measurement, intelligence tests and their use, achievement tests in the various subjects of the curriculum, and corrective measures. Opportunities will be given for the application of these tests in nearby school systems. A.M. credit.

**Ed. S407-8. Supervision of Instruction.**

*Both semesters; three hours; six credits.*

This is a major course in advanced work planned for supervisors, principals, and superintendents. It will run through the year and cannot be begun the second semester.

The work of the first semester will involve: need for supervision; plan of organization; the child and his characteristics; nature of method and subject matter; the curriculum; standards for judging results of teaching. The work of the second semester will involve individual problems, and field work in observation and practice. A.M. credit. Not offered in 1933-34.

**Ed. S409-10. Administration in Secondary Schools.**

*Both semesters; three hours; six credits.*

Required major course in advanced work for students preparing to be high school principals and school superintendents. The course is to be carried throughout the year and cannot be begun in the second semester. The first semester will deal largely with principles underlying administration, general review of modern school movements in America, and principal issues in the field. The second semester will deal with problems in the field of administration and supervision. Each student will select some problem which he will study the second semester. This will be supplemented by field work, observation, and practice. A.M. credit.

**Ed. S412. The High School Principalship.**

*Second semester; three hours; three credits.*

This course is primarily intended for senior students of ability who are interested in preparing for the high school principalship. It is designed for the beginning principal and will cover such topics as making a schedule, grouping pupils into classes, teachers' meetings, relation of principal to the community, school reports, use of tests in school surveys, and school morale.

## General Statement

The School of Economics and Business Administration of the College of William and Mary was established by the Board of Visitors in June, 1919.

The school aims to give its students an opportunity to combine a thorough training in economics and business with the essentials of a liberal college course. The courses of the last two years provide specialized training in certain fields of business.

## Bachelor of Science

Four-year courses may be followed leading to the degree of Bachelor of Science with specialization in economics and business administration. Candidates are required to take two majors of 30 semester hours each; or one major of 30 semester hours and one minor of 20 semester hours in the School of Economics and Business Administration. If the latter be chosen, another approved minor must be taken in some other field of study. A total of 126 semester hours is necessary for graduation.

Business Law courses may be included to the following extent only: Eighteen semester hours in business law may be included in the sixty semester hours necessary for two majors in economics and business administration. Nine semester hours in business law may be included in the fifty semester hours necessary for a major and a minor in economics and business administration. Twenty semester hours in jurisprudence may be taken to count as a minor. For students specializing in economics and business administration any credits in business law in excess of twenty semester hours may be counted only as free electives and not as a part of a major or minor requirement.

Students specializing in economics and business administration must observe the following minimum requirements for the Bachelor of Science degree:

|                               |            |
|-------------------------------|------------|

| Principles of Accounting..... | 6 credits  |
| Money and Banking.....        | 6 credits  |
| Statistics .....              | 3 credits  |
|                               | 71 credits |
| Total.....                    | 71 credits |

### Plan of Studies

The freshman is advised to take either or both:

Economic History or Economic Geography. These courses are not prerequisite to any advanced courses in the school, though they serve as helpful introductions to the advanced work and may be counted on majors and minors. They are open to freshmen only.

The sophomore is expected to take:

Principles of Economics, prerequisite to advanced courses in economics.

Principles of Accounting, prerequisite to advanced courses in accounting, and

Business Organization and Management, which, as an introductory survey course for business studies, is not open to junior or senior students in the school of economics and business administration.

In order that the student's selection of a major or majors in economics and business administration may be approved before the beginning of his third year, he must have passed at least one course in the school with a grade of 83 or above. The student in his junior and senior years is expected to follow one of the fields of specialization indicated below. Normally this will involve his taking in his junior year: Statistics and Money and Banking.

### Bachelor of Arts

A candidate for the degree of Bachelor of Arts is permitted to take a major or a minor in economics. For this purpose, only those courses labelled "Econ." may be selected. It is advised, however, that the student take Principles of Accounting as a free elective not to count on his major or minor. Every student taking a major in economics must take the following courses:

|                               |            |
|-------------------------------|------------|
| Principles of Economics ..... | 6 credits  |
| Money and Banking .....       | 6 credits  |
| Labor Problems .....          | 3 credits  |
| Statistics .....              | 3 credits  |
|                               | 18 credits |
| Total .....                   | 18 credits |

A major consists of thirty credits and a minor of twenty credits.

## DESCRIPTION OF COURSES

## Economics

**Econ. 201S. Principles of Economics.**

*Both semesters; three hours per week; six credits.*

This course, which runs throughout the full year, is prerequisite to the advanced courses in economics and business.

The course deals with the basic principles of economics, the explanation of value and price, and the theory of distribution of the income of society. It further considers the most important present-day economic problems in the fields of money and banking, public finance, transportation, trusts, foreign trade, tariff, and social reform.

**Econ. 301. Elements of Economics.** Prerequisite, Junior standing.

*First semester; three hours; three credits.*

This course is designed to meet the needs of those students who have time for only one course in Economics. The more significant relationships of modern industrial society are explained and illustrated with the idea of furnishing the student with a body of principles of use in interpreting current situations. Production, money and credit, banking, foreign exchange, the distribution of wealth and income, and problems of labor, are among the subjects treated.

This course does not meet the requirement as a prerequisite for advanced courses in Economics.

**Econ. 307. Labor Problems.** Prerequisite, Economics 201S.  
*First semester; three hours; three credits.*

Development of labor problems in England and the United States; analysis of the problems of hours of labor, employment of women and children, human waste in industry, unemployment, labor turnover; readjustment through organization, co-operation, legislation, and new methods of remuneration.

**Econ. 308. Labor Legislation.** Prerequisite, Economics 201S.  
*Second semester; three hours; three credits.*

The functions of law in relation to labor; the development of labor legislation; legal protection of children and women; legal status of organizations of labor and their methods; regulation of the physical conditions of employment; the courts and the constitutionality of labor laws; study of specific cases.

**Econ. 401. Transportation.** Prerequisite, Economics 210S.  
*First semester; three hours; three credits.*

A study of the development of the railroads in the United States, railroad rates and rate making, public regulation, and railroad problems.

**Econ. 402. Economics of Public Utilities.** Prerequisite, Economics 201S.

*Second semester; three hours; three credits.*

A survey of the development of public utilities such as telephone, electric light and power, gas, and street railway companies. Problems of management and finance. Problems of public regulation, rates, service, valuation, and taxation.

**Econ. 403. History of Economic Doctrines.** Prerequisite, Economics 201S.

*First semester; three hours; three credits.*

A consideration of economic thought before the science of economics; the evolution of economics as a science; a general account of leading schools of economic thought and the particular contribution of individual economists since the days of the Physiocrats.

**Econ. 404. Economic Reform.** Prerequisite, Economics 201S.

*Second semester; three hours; three credits.*

Utopian socialism is traced from Plato to Fourier and Owen, followed by a study of the underlying causes of the modern

socialistic movement, and the tenets of various schools. A critical estimate is made of socialism as a philosophy of economic evolution and as a program of economic reform.

**Econ. 415. International Economic Relations.** Prerequisite, Economics 201S.

*First semester; three hours; three credits.*

A study of basic factors in national and world economy; the interdependence of nations for essential materials; the development and operation of world trusts; special world resource problems; and world economy in relation to world politics.

**Econ. 416. International Trade.** Prerequisite, Economics 201S.

*Second semester; three hours; three credits.*

The theory of international trade; how commerce between nations proceeds in accord with that theory; the technique of export and import trade. Some of the subjects studied are: the problems which confront the American firm as a buyer and seller in foreign markets; foreign trade organizations; sales problems; ports and terminals; marine insurance; methods of financing foreign business; foreign exchange; consular procedure; tariffs and commercial treaties.

### Banking and Finance

**Econ. 321S. Money and Banking.** Prerequisite, Economics 201S.

*Both semesters; three hours a week; six credits.*

Monetary theory, the origin and development of money, monetary standards, monetary reform, elementary principles of banking and foreign exchange. Different types of banks and systems of banking in the United States and foreign countries. The Federal Reserve System. Branch banking. Banking regulation.

**Econ. 323. Corporation Finance.** Prerequisite, Economics 201S.

*First semester; three hours; three credits.*

This course is a study of the organization and financial administration of modern business corporations. Among the topics dealt with are: Corporate promotion, the nature and varieties of stock and bonds, capitalization, the sale of securities, the principles governing the administration of income, intercorporate relations, and the problems and procedure of reorganizations.

**Econ. 324. Investments.** Prerequisite, Economics 201S.

*Second semester; three hours; three credits.*

A study of the economics of investment; investment cycles; market technique; and a comparison of corporate, municipal and government securities.

**Econ. 325. Public Finance.** Prerequisite, Economics 201S.

*First semester; three hours; three credits.*

Theories, problems, and specific provisions of taxation in the United States are the center of this course. Governmental expenditures, debts, and fiscal administration also receive attention.

**Econ. 331. Statistics.** Prerequisite, Economics 201S.

*First semester; three hours; three credits.*

The object of this course is to acquaint the student with the nature and technique of statistical analysis. The types of statistical variation are examined and in connection with each type a study is made of the best methods of exhibiting the distribution. Tabular and graphic representation; the development and uses of averages, and the measurement of dispersion about the mean, are among the other topics taken up.

**Econ. 332. Statistics.** Prerequisite, Economics 331.

*Second semester; three hours; three credits.*

This course emphasizes the application of the statistical method to the analysis of economic data. Study is made of the relationship of forecasting to the stabilization of business. Correlation of paired series, index number construction and interpretation, and critical examination of present business barometers and statistical services are among the subjects included. Not offered in 1933-34.

**Econ. 432. Banking Problems.** Prerequisites, Economics 321 and 322.

*Second semester; three hours; three credits.*

This course deals with the important current problems in the legal regulation and operation of banks, such as central bank control of credit, stabilization of prices, and changes in the structure of the banking system. The course involves also a critical analysis of fundamental banking theory. Students will be required to make original investigations and reports.

**Business Administration****Accountancy****Bus. 201S. Principles of Accounting.**

*Both semesters; lectures two hours a week; laboratory two hours a week; six credits.*

This course is intended not only for the student preparing to become a Certified Public Accountant, but equally for other students in Economics and Business Administration. The course includes, after a brief study of single and double entry bookkeeping, the principles of accounting as applied to the single proprietor, partnership, and corporation. This course is not open to freshmen.

**Bus. 301. Advanced Accounting.** Prerequisites, Bus. 201S, and Economics 201S.

*First semester; three hours; three credits.*

A study of advanced accounting subjects which are treated in their theoretical and practical aspects. Subjects studied will be the analysis of balance sheets and profit and loss statements, the advanced theory and practices of partnership and corporation accounting, installment sales, agencies and branches, consignments and joint ventures.

**Bus. 302. Advanced Accounting.** Prerequisite, Bus. 301.

*Second semester; three hours; three credits.*

This course is a continuation of Business 301. Subjects studied will be dissolution of partnerships, accounting for insolvent concerns, statement of affairs, realization and liquidation account, statement of application of funds, variations in net profit, and inventories.

**Bus. 401. Accounting Problems.** Prerequisite, Bus. 301 and 302.

*First semester; three hours; three credits.*

This course is a study of the more advanced accounting theory and practice. Subjects to be studied are estate accounting, actuarial science, the valuation of assets, depreciation, reserves, funds and amortization.

**Bus. 402. Accounting Problems.** Prerequisite, Bus. 401.

*Second semester; three hours; three credits.*

This course is a continuation of Bus. 401. The subjects studied are consolidated statements, foreign exchange and fire

insurance accounting. There will also be included in the course a general review for the C. P. A. examination.

**Bus. 403. Cost Accounting.** Prerequisites, Bus. 301 and 302, and registration in Bus. 401.

*First semester; three hours; three credits.*

A study of cost accounting theory and practice. Consideration of such topics as: the functions of cost accounting; accounting for labor, material, and manufacturing expenses; methods of applying burden; the preparation of financial statements; and recent developments in cost accounting.

**Bus. 404. Auditing.** Prerequisites, Bus. 403, and registration in Bus. 402.

*Second semester; three hours; three credits.*

This course is intended to acquaint the student with the principles of auditing procedure. While emphasis is placed on the balance sheet audit, some consideration is given to detailed audits and investigations. Correct auditing theory as the basis of auditing is stressed throughout, and the mechanical side of auditing is studied in conjunction with working papers, financial statements, and the completed audit report.

**Bus. 406. Income Tax Problems.** Prerequisites, Bus. 403, and registration in Bus. 402.

*Second semester; two hours; two credits.*

This is a course in the practical application of Federal income tax principles as set forth in the Federal Revenue Act. The procedure of preparing income tax forms for individuals, partnerships, and corporations, concurrent with a study of the law and regulations, provides the student with a practical working knowledge of income tax theory and methods.

### Management and Marketing

**Bus. 211. Business Organization and Management.**

## General Statement

Although instruction in political science had been provided for many years it was not until 1922 that a School of Government was created. In January of that year the Board of Visitors established the Marshall-Wythe School of Government and Citizenship. Rich in historical background, long famed as "a seminary of statesmen," with a living tradition of public service, the College of William and Mary, in the old colonial capital of Virginia, is a peculiarly appropriate institution for such a school. Here were trained the author of the Declaration of Independence, the great Chief Justice whose far-reaching decisions vitalized the Constitution, and the statesman who enunciated the Doctrine which forms the cornerstone of American diplomacy.

In fulfillment of its purpose to train young men and women for service to state and nation, and for that equally important though less conspicuous function—intelligent citizenship—the school provides broad and inclusive instruction in the science of politics.

## James Goold Cutler Foundation

In 1926, through the generosity of James Goold Cutler, Esq., of Rochester, New York, a fund of approximately one hundred thousand dollars was established, the income to be used as follows:

(a) A sum not exceeding four thousand dollars per annum to be applied toward the salary of the John Marshall Professor of Government and Citizenship;

(b) The sum of fifty dollars per annum for two prizes, in gold coin, of twenty-five dollars each, one to be awarded to the man and the other to the woman, both seniors, who shall write the best essay of specified length, required of all seniors, on some aspect of the Federal Constitution; the subject to be assigned by the Dean of the School and the award to be made by the President of the College, the Dean of the School, and another member of the faculty designated by the President;

(c) The balance of the net income to be used to maintain a course of lectures on the Federal Constitution, one lecture to be delivered annually by a person, outside of the faculty of the College, who is an eminent authority on the subject; the lectures to be printed in brochure form and given such circulation as the funds available shall permit.

## DESCRIPTION OF COURSES

**Gov. 101. Virginia Government and Citizenship.**

*Second semester; three hours; three credits.*

An introductory course that shows the origin and traces briefly the development of political institutions in Virginia. Particular emphasis is given to the structure and work of Virginia state and county government as it exists at the present time. The responsibilities of citizenship are discussed.

**Gov. 201. United States Government and Its Work.**

*First semester; three hours; three credits.*

An introductory study of American political institutions and their present operation; a critical analysis of the legislative, executive, and judicial branches of the Federal Government; the problems of national administration, and the powers of Congress. This course is required for all degrees and must be taken in the sophomore year.

**Gov. 202. American State Government.**

*Second semester; three hours; three credits.*

A general survey of state government covering such topics as: constitutional conventions, state legislatures and legislative methods, state executives and executive methods, state courts, organization and proposals for reorganization of administrative departments.

**Gov. 209. Debate.**

*First semester; three hours; three credits.*

The purpose of this course is to instruct and train students in the theory of argument and the practice of debate. Each member of the class will have frequent opportunities to prepare arguments and present them orally before the class.

*Text: Shaw's Art of Debate.*

**Gov. 210. Advanced Debate.**

*Second semester; three hours; three credits.*

This is a continuation of Gov. 209 with emphasis upon the briefing and pleading of cases. Actual presentation of cases in intercollegiate debating style will predominate with some attention to jury pleading.

**Gov. 211. Parliamentary Practice.**

*First semester; one hour; one credit.*

The purpose of this course is to instruct the student in the theory of Parliamentary Law and to provide frequent opportunities for practice in organized assemblies.

*Text: Roberts' Parliamentary Practice.*

**Gov. 301. Political Parties.**

*First semester; three hours; three credits.*

This course deals with the history, structure and functions of political parties. Methods of nomination, campaign methods, elections, ballots and corrupt practices acts are discussed.

**Gov. 304. United States Constitution.**

*Second semester; three hours; three credits.*

Growth of the Constitution by usage, by judicial interpretation, by statutory amplification and by formal amendment. The historical background and the governmental significance of the great cases of constitutional law are discussed. The course is based on lectures, a standard text and reference to the leading cases interpreting the Constitution. Required for A.B. in government, and recommended as preparation for constitutional law.

**Gov. 306. Municipal Government.**

*Second semester; three hours; three credits.*

A survey of the social, political, economic and legal position of the city. A study of the origin and structure of the different types of city government. The functions of a modern city are discussed. Some European comparisons are made. Recommended as preparation for Municipal Corporations.

**Gov. 307. Comparative Government.**

*First semester; three hours; three credits.*

A comparative study of the governments and politics of European countries, with special emphasis upon England and France.

**Gov. 308. American Diplomacy.**

*Second semester; three hours; three credits.*

A survey of the diplomatic relations of the United States from the period of the Revolution to the present. Special emphasis is placed upon the methods of American diplomacy and upon the development of American foreign policies.

**Gov. 401. History of Political Theory.**

*First semester; three hours; three credits.*

This course traces the development of political theories in the works of the principal political writers from Plato to the present. Special attention is given to American political theory and to recent theories of democracy, nationalism, pluralism, socialism, anarchism, etc.

**Gov. 402. English Constitutional History.**

*Second semester; three hours; three credits.*

A study of the origin and development of Anglo-Saxon political institutions; the development of the Kingship in England, the evolution of English Courts of law, the jury system, parliament, the rise of the Cabinet system. Special attention is given to the relation of early English institutions to those in the United States today.

**Gov. 403. International Relations.**

*First semester; three hours; three credits.*

A survey course dealing with some of the more important problems of interstate relations in recent times. Special emphasis is placed upon the agencies for the conduct of international relations and for the settlement of international disputes. Recommended as preparation for International Law.

**Gov. 404. Current Problems in Government and Citizenship.**  
Prerequisite, six semester hours in government.

*Second semester; three hours; three credits.*

The purpose of this course is to give those students who expect to enter some technical branch of the public service or who expect to do graduate work in government, such training in the methods of political research and such acquaintance with the problems of government as will prove of value. Problems of public opinion, legislation, judicial and administrative organization are studied.

## History

The School of Jurisprudence, formerly called the School of Law, was established December 4, 1779, when, by resolution, the Board of Visitors created a professorship of Law and Police. Antedated only by the Vinerian professorship at Oxford, established twenty-one years earlier and held by Sir William Blackstone, the chair of law at the College of William and Mary thus became the second in the English-speaking world and the oldest in the United States.

The part played by Thomas Jefferson in placing law among the subjects taught at his *alma mater* is told briefly in his *Autobiography*:\*

On the 1st of June, 1779, I was appointed [elected] Governor of the Commonwealth and retired from the legislature. Being elected also one of the Visitors of Wm. & Mary College, a self-electing body, I effected during my residence in Williamsburg that year, a change in the organization of that institution by abolishing the Grammar School, and the two professorships of Divinity & Oriental languages, and substituting a professorship of Law & Police, one of Anatomy Medicine and Chemistry, and one of Modern languages; and the charter confining us to six professorships, we added the law of Nature & Nations, & the Fine Arts to the duties of the Moral professor, and Natural history to those of the professor of Mathematics and Natural philosophy.

\*Ford's edition, I, 69-70.

On December 28, 1779, the faculty of the College passed the following resolution, which is noteworthy as the first application of the elective system:

For the encouragement of Science, Resolved, That a student on paying annually one thousand pounds of Tobacco shall be entitled to attend any two of the following professors, viz., Law & Police, of Natural Philosophy and Mathematics, or Moral Philosophy, the Laws of Nature and Nations & of the Fine Arts, & that for fifteen hundred pounds he shall be entitled to attend the three said professors.

The Board of Visitors elected as the first law professor George Wythe in whose office Jefferson had studied. A signer of the Declaration of Independence and styled by Jefferson the American Aristides, Wythe was a judge of the Virginia High Court of Chancery and one of the earliest jurists to enunciate the doctrine of judicial review. In 1782, in the case of *Commonwealth v. Caton* (4 Call 5), he took occasion to declare vigorously:

Nay, more, if the whole legislature, an event to be deprecated, should attempt to overleap the bounds prescribed to them by the people, I, in administering the public justice of the country, will meet the united powers at my seat in this tribunal; and, pointing to the Constitution, will say to them, "here is the limit of your authority; and hither shall you go but not further."

Wythe's system of instruction was based on Blackstone's *Commentaries*, accompanied by lectures showing the differences between English and Virginia law, and supplemented by a Moot Court and Parliament. He discharged his professorial duties "with wonderful ability, both as to theory and practice."\* Prior to the Revolution, prospective lawyers could gain their legal training only by reading law in the office of some practitioner, unless they were so fortunate as to be able to go to England and study in the Inns of Court; now they could learn at the feet of the great Chancellor. Among Wythe's students were John Marshall and his great rival Spencer Roane, James Monroe, John Breckenridge, and Littleton Waller Tazewell.

The elevation of Wythe to the sole chancellorship of Virginia, ten years after the chair of law was established, necessitated his re-

removal to Richmond and his resignation from the faculty. He was succeeded by St. George Tucker, whose edition of Blackstone is a legal classic and one of the first law books published in America. Among the last to hold the professorship at Williamsburg prior to 1861 was Lucien Minor, a member of another Virginia family intimately associated with the law.

Soon after its foundation, and probably from the very beginning, the law school of the College of William and Mary demanded an academic baccalaureate degree as a requirement for a law degree, the College statutes compiled in 1792 providing:

For the degree of Bachelor of Law, the student must have the requisites for Bachelor of Arts; he must moreover be well acquainted with Civil History, both Ancient and Modern, and particularly with Municipal law and police.

In May, 1861, with the closing of the College, due to the exigencies of war, the law school ceased to function. During the precarious years in the life of the institution following the Civil War this school remained dormant. Its long-desired revival was accomplished with the session of 1922-23. Shortly thereafter, with augmented faculty and increased facilities, it was renamed the School of Jurisprudence to indicate more adequately the broad field in which it serves the Commonwealth through supplementing the study of history, economics, and government, as well as affording professional training in the law.

The School of Jurisprudence is approved by the American Bar Association.

### Buildings

The School of Jurisprudence occupies the second and third floors of The Brafferton, the second oldest building of the College. Erected in 1723 from the proceeds of The Brafferton, an old English manor for which it is named, it was restored in 1932 by John D. Rockefeller, Jr. Until the beginning of the Revolutionary War, The Brafferton was the home of the Indian School.

### Library

The Library of the School of Jurisprudence, occupying the third floor of the College library, contains approximately 8,000 volumes. Included among them are the English Reprint and other English reports; the reports of the United States Supreme

Court and other Federal courts; reports of the Virginia Supreme Court of Appeals; reports of a number of the State courts prior to the National Reporter System; the National Reporter System; the leading selected and annotated reports; the principal encyclopedias; the American Digest System, with other modern search-books; many treatises and textbooks; and a number of law reviews and other legal periodicals. A collection of about two thousand volumes from the library of the late Alton B. Parker, presented to the College following his death, bears the name of that distinguished jurist. Additions are made to the library annually.

### **Expenses**

No separate fees are charged for the School of Jurisprudence. All students in the College are required to pay fees totaling \$87.00 per semester. Students not domiciled in Virginia are required to pay, in addition to the above fees, a tuition fee of \$75.00 per semester. All fees are payable in advance. Inquiries relative to scholarships and loan funds should be addressed to the Registrar of the College.

The College maintains dormitories for men, dormitories for women, and dining halls. The rates for room and board range from \$139.50 to \$216.00 per semester, while board alone is furnished for \$22.00 per month of four weeks. All students, except those who come daily from their homes, are required to room in the dormitories, unless excused by the president. The rates for room and board range from \$148.50 to \$211.00 per semester.

### **Miscellaneous Information**

The discipline of the College is in the hands of the President with the advice of the Faculty. The Statutes of the College forbid gambling, the use of intoxicating liquors, and the keeping of firearms. For purposes of administration, houses rented from the College by women's fraternities are considered dormitories and all fraternity houses are governed by the same rules and regulations as those governing the regular dormitories. Students are not allowed to keep automobiles except by special permission of the President. The Honor System prevails at the College of William and Mary where it was first established.

The Dean and Faculty of the school are readily accessible, either in their offices or in their homes, to all students who may desire to consult them. The Dean of Women is the educational

adviser of all women students in the College, while the Social Director is in charge of their social life. The women's student government co-operates with the Social Director.

The most important extra-curriculum activity in the School is the Wythe Law Club, to which faculty, students, and members of the local bar may be elected. Only students of superior scholarship are eligible for membership. Named for the first professor of law, George Wythe, the club conducts moot courts and offers an annual prize of twenty dollars in gold to the student attaining the highest average for the first forty-five credits in Jurisprudence.

Other annual prizes open only to students in the School are: Callaghan and Company prize (the Cyclopedic Law Dictionary); West Publishing Company prize (Bouvier's Law Dictionary and Concise Encyclopedia); and the John Garland Pollard prize (gold seal of the College), offered by Dr. John Garland Pollard, Dean of the Marshall-Wythe School of Government and Citizenship and, at present, Governor of Virginia. These prizes are awarded to the student of Jurisprudence attaining the highest average for the first fifteen, thirty, and sixty credits, respectively.

### Admission Requirements

1. Students holding an academic baccalaureate degree from an institution of approved standing, may enter the School of Jurisprudence and take any subject approved by the Dean of the School; provided, however, that students who expect to become candidates for the degree of Bachelor of Law shall follow the regular course of study.

2. Students of academic Senior standing may take a major in Jurisprudence (thirty semester hours) toward the degree of Bachelor of Arts, or a minor (twenty semester hours) toward the degree of Bachelor of Arts or the degree of Bachelor of Science, provided the course is approved by the Dean of the School and the Dean of the College. *In no case, however, shall more than thirty semester hours in Jurisprudence be accepted toward the degree of Bachelor of Arts or the degree of Bachelor of Science.* (In regard to commencing the major or minor in Jurisprudence during the Junior year, see 3 below.)

3. Students of academic Junior standing, who have completed satisfactorily sixty semester hours in liberal arts subjects in an institution of approved standing, and who desire to offer a major in Jurisprudence toward the degree of Bachelor of

Arts, or a minor toward the degree of Bachelor of Arts or the degree of Bachelor of Science, may take a maximum of ten hours in Jurisprudence during the Junior year (the remainder to be taken during the Senior year), provided the course is approved by the Dean of the School and the Dean of the College.

4. Subject to the provisions stated in 2 and 3 above, students of academic Junior and Senior standing may take, as electives, subjects in Jurisprudence approved by the Dean of the School and the Dean of the College.

5. In exceptional cases, at the discretion of the Faculty of the school, persons over twenty-three years of age, who fail to meet the above requirements may be admitted as special students\* and may take subjects in Jurisprudence approved by the Dean of the School, *but under no other circumstances may a student who has not completed satisfactorily sixty semester hours in liberal arts subjects take any subject in Jurisprudence.*

Subject to the above provisions, registration is the same as for the College at large, of which the School of Jurisprudence forms an integral part. Inquiries should be addressed to the Registrar of the College or to the Dean of the School.

### Advanced Credit

Within the discretion of the Faculty of the School, credit may be allowed for subjects satisfactorily completed at approved law schools, not to exceed the equivalent of fifty-five semester hours.

### Delayed Registration

A fee of five dollars is charged all students who register for the first semester after Friday, September 15th, or who register for the second semester after Friday, February 2nd. These fees are remitted only in case of sickness.

A fee of five dollars is charged all students who are absent from any class on the first day following registration, or on the day preceding or the day following a holiday. These fees are remitted only on excuse by the President or in case of sickness.

### Changes in Courses

No change in courses may be made without the approval of the Dean of the School and the Dean of the College; after two

---

\*The number is limited in accordance with the recommendation of the Legal Education Section of the American Bar Association.

weeks from the end of a registration period, no such changes may be made except on payment of a fee of three dollars. A student who drops a course because of unsatisfactory work therein will receive a grade of zero for such course.

### Attendance

In general, attendance at class is required and a student continually absent from a course without excuse will be dropped from such course. No penalty for absences is incurred, however, by students whose work is of a superior character.

### Examinations

Final written examinations covering the whole course are held at the completion thereof, and intermediate examinations, tests, etc., may be given at the discretion of the several instructors. The final grade in a course is based on the final examination and class work. A numerical system of grading is employed, the passing grade being 75 per cent.

### Reports

At the end of each semester, reports, showing the student's grades for courses completed that semester, are sent to parents, while during each semester, two additional reports are sent out, showing whether the student is doing passing or failing work in his several courses.

### Probation

Students failing to pass at least nine hours' work per semester are placed on probation, while students whose work is so unsatisfactory as to make further residence in the College inadvisable will be requested to withdraw.

### Degree Requirements

Students holding an academic baccalaureate degree from an institution of approved standing, who have been in residence at the School of Jurisprudence for three academic years (or, in case advanced credit has been allowed, have been in residence in this school at least during their third and last year), who have completed satisfactorily the prescribed course of study, or its equiva-

lent, and who have demonstrated their ethical fitness, will receive the degree of Bachelor of Law (B.L.) the historic law degree of the College of William and Mary in Virginia.

## AERONAUTICS

---

LT. COL. E. C. POPP, *Director*      ASSOCIATE PROFESSOR MERRYMON  
OTTO Z. JOHNSON, *Chief Mechanic*

**Aero. 101. Ground School.** Prerequisite, high school physics, or general science, or registration in Phys. 101.

*First semester; lectures three hours; laboratory two hours; four credits.*

The airplane; theory of flight; elementary aerodynamics; aircraft nomenclature; materials and construction; rigging; maintenance; introduction to the airplane power plant; propellers and their relation to airfoils; use of the wind tunnel with scale models; aircraft instruments.

**Aero. 102. Ground School Continued.** For flight students the prerequisite is Aero. 101; for others high school physics, or general science, or Phys. 101.

*Second semester; lectures three hours; laboratory two hours; four credits.*

Airplane power plants; meteorology; navigation; elementary engines, including carburetors, ignition systems, starters, and engine maintenance; detailed study of radial air-cooled types such as the Pratt and Whitney "Wasp," the Kinner K-5, and the Curtiss "Challenger"; a detailed study of in-line air-cooled types such as the "Rover" and "Gypsy"; engine instruments and accessories; test stand operation of each type of engine with its instruments; meteorology; study of the weather and weather maps, as related to aviation; navigation; study of map making and reading; air pilotage; dead reckoning; celestial navigation.

**Aero. 103. Flight Training for Private Pilot Rating.** Prerequisites, registration in 101 or 102. In addition the student must have passed the Department of Commerce flight surgeon's physical examination for private pilots. If under twenty-one years of age, the student must have the written permission and signed release on a form supplied by the College of all living parents or guardians.

*First and second semesters. No credit.*

The course is in operation continually, and students may begin training any time up until March 1st. Ten hours of dual instruction and ten hours of solo flying with checkout before a Federal Inspector are required for the private pilot rating.

The instruction in flight is given by transport pilots licensed by both the State of Virginia and the Federal Department of Commerce. Instruction and practice is given in taxiing; take-offs; landings; airwork, including gentle, medium and steep banks; figure eights; 180-, 360- and 720-degree approaches for landings; spirals from higher altitudes; fish-tailing; side-slipping and landing to a mark; abnormal ship positions; and precision spins.

### Fees and General Information

A laboratory fee of \$5.00 each is charged for 101 and 102. A flight fee of \$150.00 is charged for 103. The student in flight will need a helmet and goggles, which will cost about \$10.00 total. These are procurable at the college. The Federal Department of Commerce flight surgeon's physical examination fee is \$15.00 for the first examination. This examination may be taken after the student arrives at college, by appointment with the flight surgeon located in Richmond. The college will make this appointment. This examination may be taken at any other approved Federal flight surgeon's office before coming to college. A list of approved surgeons may be obtained from the Aeronautics Branch of the Department of Commerce, Washington, D. C.

All instruction and solo flying is done in aircraft licensed by both the Federal Department of Commerce and the State of Virginia. The responsibility for the servicing, repairing, and maintenance of the college aircraft and engines rests with the chief mechanic, who holds both aircraft and engine mechanics licenses from the Federal Department of Commerce and from the State of Virginia.

Flight students are required to wear approved type parachutes during all training. These are supplied by the college.

Upon special application and arrangement with the college approved students who desire higher pilot ratings may obtain advanced flight training in cabin ships, in acrobatics, and in blind and night flying.

Ground school and flight courses are offered only to regularly matriculated students of the college. Those entering the college as special students and desiring flight training will be considered only after available vacancies are not required for the regular student body. Applicants for flight training only who do not wish to enroll for academic study at the college will not be permitted to register for flight courses. The needs

of these students are amply met by existing commercial schools. The aeronautical courses outlined above are planned for those who desire this training to supplement their academic education. Women, as well as men, are admitted to the ground school work and flight training, provided they can meet the prerequisites.

The general management of athletics for men at the College is in the hands of an athletic committee composed of three members of the faculty, three alumni and three students—one each from the senior, junior and sophomore classes. This committee appoints the athletic coach for men and determines the entire athletic policy for men.

The college furnishes medical care to students engaged in athletics and sports only on the college grounds, where it employs a physician and two nurses. It is not responsible either for outside medical treatment or for operations necessitated by injuries received in athletics, sports, physical training, or routine tasks of the college.

Leaves of absence for the purpose of playing intercollegiate games are allowed to the college teams, provided such leaves do not exceed six days for any one sport, unless approved by the president.

The college is a member of the Virginia Intercollegiate Athletic Conference and has been conducting its intercollegiate athletics under the eligibility rules of this organization, which are stated below.

### Eligibility Rules

**Section 1—Bona fide students.** Only bona fide students shall play in this conference. A bona fide student is one who is pursuing regularly a course of at least twelve hours of work a week in the college at which he is matriculated and who shall have offered for college entrance at least fifteen Carnegie units made up from those subjects announced in the current catalogue of the college at which the student is matriculated as accepted for entrance.

**Section 2—The one-year residence rule.** No student shall participate in any varsity contest until he has been in residence one college year. A "college year" shall be construed to mean enrollment from September to June or from February to February. For the sessions of 1931-32 and 1932-33, any member college is granted the option of playing Freshmen on its varsity teams, provided it notify the President of the Conference in due time (not later than June first preceding the session in which the option will be exercised) that it intends to take advantage of such option. If due notice is given the option will apply to all sports.

**Section 3—The migratory rule.** No student who has attended an institution of collegiate grade, and, while there, participated in any varsity game or contest and thereafter enters a college of this conference, shall be eligible. An institution of collegiate grade shall be understood to be one offering four years of college work. Graduates of a junior college or institution not offering a four-year course may be allowed to continue their athletic careers at the institution to which they transfer, providing they conform to the one-year residence rule. Graduates of a junior college may play in this conference during their first year of residence in a member college, but their total time of participation in both junior and senior colleges combined shall be limited to four years.

**Section 4—Date of Matriculation.** No student shall play in this conference during the college year unless he has matriculated for the current session on or before October 1st.

**Section 5—Leaving college.** No student who has participated in intercollegiate athletics and who for any cause fails to remain in college the entire session may thereafter participate in intercollegiate athletics until he has been in residence an entire college year reckoned from the date of his return to college. A college year shall here be construed to mean two consecutive semesters or three quarters. Attendance at a summer session shall not be counted for the purpose of this rule.

**Section 6—Three-year limit.** No student shall be eligible in this conference who has participated in varsity contests three years irrespective of the branch of sport. No student who has completed the requirements for a bachelor's degree shall be eligible.

**Section 7—Organized baseball.** No student shall be eligible in this conference who has participated in part of a baseball game as a member of a team in organized baseball. Organized baseball shall be construed to mean the leagues classified as Majors, Class AA, Class A, Class B, Class C, Class D, of the National Association of Professional Baseball Clubs.

**Section 8—Remuneration.** No student shall play in this conference who receives from other than those on whom he is naturally dependent for financial support, money or the equivalent of money such as board or lodging, etc., unless the source and character of these gifts or payments to him shall be approved by the president of the conference. This shall not apply in the matter of tuition scholarships.

**Section 9—Scholarship requirements.** To be eligible for membership on any varsity team a student must pass nine session hours his first year in college, and twelve session hours each subsequent year. (Or the equivalent in semester or quarter hours.) Hours passed in any year in excess of the requirements for that year shall not be substituted for a deficiency in the requirements for a subsequent year. Not more than one-third of the hours required under this rule shall be made up by re-examination or summer school work.

**Section 10—Eligibility cards.** No student is eligible for participation in athletics until he has filed his eligibility card with the faculty chairman of athletics of his college. The eligibility cards shall be filled out by the student, certified by a college officer, and returned to the Secretary of Conference on or before

the following dates: for football, October 1st; for basketball, December 15th; for baseball and track, March 1st. The cards after examination by the secretary shall be forwarded to the President of the Conference.

**Section 11—Games with non-Conference Teams.** In all games played by teams representing colleges in this conference the foregoing eligibility rules shall be binding whether the opposing teams represent colleges belonging to this conference or not.

**Section 12—Freshman Athletics.** Freshman teams shall be composed of members of the freshman class only, who shall compete as such for one year only, and shall be eligible under the rules of this conference except the one-year rule.

For the purpose of this rule a freshman is a student who enters the institution from a High School or Preparatory School.

Freshman teams shall be limited to six games in football; ten in basketball; ten in baseball and to five track meets.

# ATHLETICS FOR WOMEN

DAVID J. KING, M.D., *College Physician*

The general management of athletics for women in the college is in the hands of the women's athletic council, composed of three members of the student body and three members of the faculty. The student members are elected by the popular vote of the Women's Athletic Association of the College, one each from the senior, the junior and sophomore classes. The faculty members are appointed by the President of the College.

There are many forms of athletics offered for women, including tennis, archery, hockey, basketball, swimming, baseball, hiking, soccer, and track. Intramural contests are held in all branches of sports, and in addition, intercollegiate games are played in hockey, basketball, and tennis. Leaves of absence for the purpose of playing intercollegiate games are allowed to college teams for a limited time.

Every woman is given an opportunity to participate in any or every branch of athletics. The only requisite to participate in any form of athletics is that the person be a regularly matriculated student in good standing and in satisfactory physical condition.

## Phi Beta Kappa Society

### ALPHA OF VIRGINIA

The Phi Beta Kappa Society, the first Greek letter fraternity in the United States, was founded at William and Mary December 5, 1776. It admits to membership seniors and alumni of the college and persons other than graduates who are distinguished in letters, science, education, or a learned profession.

| ANTON F. EILERS | <i>Editor-in-Chief</i>  |
| RALPH W. MURRAY | <i>Business Manager</i> |

The *Flat Hat* is an eight-page weekly paper published by the students of the college and is an interesting chronicle of student life and daily affairs of the college.

BARRETT ROBERTS.....*Editor-in-Chief*  
CHARLES McCURDY.....*Business Manager*

Under a rule of the Board of Visitors all student publications are under the supervision of a committee of the faculty. Students cannot arrange for any publications not mentioned above except with the consent of the faculty.

### College Publications

The *Bulletin* of the College of William and Mary is issued quarterly, or as many times as need may require. The purpose of the *Bulletin* is to set forth the activities, needs or purposes of the college to its alumni, friends and the general public. The annual catalogue is one of the regular numbers of the *Bulletin*. Copies will be sent free on request.

The *William and Mary Historical Magazine*, a quarterly devoted to the editing of manuscripts relating to Virginia history, is published by the college.

### Literary Societies

There are two literary societies for men and one for women. They meet weekly in their halls for the purpose of cultivating debate, composition and declamation. They have their annual final celebration during the week of commencement. All students are required to be members of a literary society during their sophomore year.

### The Young Men's Christian Association

MORRIS F. ELLIOTT.....*President*

The Young Men's Christian Association of the college has for a long time done an important work in standing for a high spiritual life among its members, and in working throughout the college for the cause of Christianity. It holds its regular devotional meeting every Tuesday night in the association hall, which is in the Blow Gymnasium. The meetings are addressed by the ministers of the town, by members of the faculty, by student members of the association, and by visiting speakers. Once

each year the association holds a week of prayer service, which is usually led by an especially invited minister.

The association performs a helpful work in making smooth the way for new students. It publishes a handbook of information for their benefit, and during the first week of college exercises it holds a reception for the purpose of having the new students meet socially the other students and the members of the faculty.

Towards the close of the session a final sermon is preached in the college chapel before the members of the association.

A most important feature of the work of the association is the promotion of systematic Bible study through the formation of classes among the students, or by active co-operation with the Bible classes in the various churches of the town.

The association has in the college library the use of special shelves furnished with carefully selected religious periodicals and books.

The Visitors and the faculty, being in hearty sympathy with the work of the Young Men's Christian Association, urge upon parents and guardians to encourage students to join the association as soon as they enter college.

### The Young Women's Christian Association

ANNIS WILKERSON-----*President*

The Y. W. C. A. at William and Mary was formed in the spring of 1920 and has been growing rapidly ever since. It has now become a strong influence upon the campus. Under its auspices are held regular meetings, both program and devotional, through which interest is aroused in affairs of importance in the world, in charities, and in missions. The association plans formal entertainments for the pleasure of the students; and organizes trips to neighboring places of interest.

# Summer Session

## Summer Session Calendar, 1932

Summer session began.....Monday, June 20, 1932  
 First term closed.....Saturday, July 30  
 Registration, second term.....Saturday, July 30  
 Convocation.....Saturday, September 3

Courses, in general, are planned to meet five hours a week and to carry two semester-hour credits for a term of six weeks. A student can make from twelve to sixteen semester hour credits in a summer session of twelve weeks. Courses are so arranged that they form part of the regular college year. By this means students who are engaged during the winter term can secure credits during the summer session which will count toward a degree. This plan is of exceptional value to teachers, principals, and supervisors who desire to work for higher degrees. Expenses during the summer session are as follows:

### Expenses

### General Information

With the purpose of furthering the cause of adult education in those parts of Virginia which were conveniently accessible from Williamsburg, the college organized in the autumn of 1919 in the cities of Newport News, Norfolk, and Richmond, the first work in the field of extension teaching offered in Virginia by any institution of higher learning.

\*On leave of absence.

In two cities, Richmond and Norfolk, the development of the extension work has led to the establishment of local divisions of the college which give in buildings owned by the college regular courses for day students separate and apart from the evening extension courses. The day work offered in these two branches of the college parallels that of the parent college; and residents of Norfolk and Richmond, desiring to enter the College of William and Mary, may enter that division of the college which is located in their home city instead of removing to Williamsburg in order to begin their college courses.

In the general catalogue of the college for the session of 1919-20, the aims of the extension division were stated as follows:

1. To provide for all properly prepared persons living in the larger cities near Williamsburg opportunities for securing the essentials of a liberal education while continuing their daily work.

2. To promote a better citizenship based upon a better understanding of the fundamental ideals of Americanism through special and popular courses in political science and in government.

3. To provide opportunities for teachers in our public schools to advance themselves professionally while continuing in their vocations.

4. To provide opportunities for those employed in commerce and in industry to secure general and special training in such fields as accounting, finance, business organization, and business law.

The consistency with which the college has followed the above aims has accounted for the satisfactory growth and development of its extension department.

Of the three generally accepted fields of extension education, extension teaching, general extension, and correspondence study, William and Mary has developed intensively the field of extension teaching, and to some extent, the field of general extension, especially through the work of Governor John Garland Pollard, the former dean of the Marshall-Wythe School of Government and Citizenship, in organizing and conducting in recent years popular courses in Current Virginia Problems in the cities of Hopewell, Newport News, Norfolk, and Richmond—courses which were planned in accordance with the second above-stated

aim of the extension department. The college has never entered the field of correspondence study.

In the field of extension teaching, the department has followed the policy of organizing and conducting courses in any community accessible from Williamsburg in which as many as twelve people register for instruction in any subject. Such courses are taught by the regular members of the college faculty once each week for two-hour periods, usually from 4 to 6 p. m. or from 7:30 to 9:30 p. m. Students who can meet the entrance requirements of the college receive for the completion of each course, which usually continues for seventeen weeks, two semester hours of college credit. The work thus done by the students is in every way of a similar standard to that done by students in residence at the college itself. The extension courses are usually taught in public school buildings except in Norfolk and Richmond, where the college has its own buildings. Extension students, while paying no tuition fees, do pay small registration fees for each of their courses, and the extension department uses their fees for meeting the traveling expenses of the professors who do the teaching.

# THE NORFOLK DIVISION OF THE COLLEGE

Hampton Boulevard and Bolling Avenue

Norfolk, Virginia

---

\*H. EDGAR TIMMERMAN, *Director*

†E. M. GWATHMEY, *Director*

W. T. HODGES, *Dean*

---

(A separate catalogue of this division may be secured from the dean)

The opening of this branch of William and Mary in September, 1930, on property which had been given by the City of Norfolk resulted from the eleven years of extension work which the college had done in Norfolk and from the desire of the college to increase further its educational service to the people of the Norfolk area.

This division of the college offers day work only, beginning at 9:00 a. m. and ending at 4:00 p. m., to young men and young women who can meet the regular sixteen-entrance-unit admission requirement of William and Mary, and gives its students the same freshman and sophomore courses which they could get in Williamsburg. Its students maintain the historic honor system of William and Mary and the system of student government in current use at the parent institution which, regarding them just as she does her other sons and daughters resident on the Williamsburg campus, gives them freely of her rich heritage.

The members of the faculty resident in Norfolk are:

AKERS, WILLIAM GERALD, Ph.D.-----*Assistant Professor of Modern Languages*  
BURKE, ALICE R., A.B., LL.B., M.A.-----*Instructor in Government*  
GRAY, ERNEST WESTON, Ph.D.-----*Assistant Professor of English*  
GWATHMEY, E. M., Ph.D.-----*Director from September, 1932 to January, 1933*

---

\*On leave of absence.

†Resigned.

THE RICHMOND DIVISION OF THE COLLEGE  
901 West Franklin Street, Richmond, Virginia

---

HENRY H. HIBBS, JR., *Director*

---

(A separate catalogue of this division may be secured from  
the director.)

After six years of extension work in Richmond, the college greatly increased its educational service to the people of that city by acquiring in 1925 the Richmond School of Social Work and Public Health which had been established in 1917 and converting that institution into the Richmond Division of the College of William and Mary.

In this division, William and Mary offers to young women general college work on the freshman and sophomore levels exactly paralleling that of the parent college and also a number of curricula especially planned to meet the educational needs of those desiring to prepare for vocations in social work, in recreation, in playground and community work, in nursing and public health, and in art. The students whose interests are primarily academic usually meet their graduation requirements by doing their junior and senior work in Williamsburg, while those whose interests are primarily vocational continue in the Richmond Division till graduation.

The members of the faculty resident in Richmond are:

I. Full-time faculty members:
