PART TWO

General Information

OUTLINE HISTORY OF THE COLLEGE OF WILLIAM AND MARY IN VIRGINIA

- 1693—On February 8th, a charter was granted by King William and Queen Mary of England, for the establishment of the College of William and Mary in Virginia. In this charter the Rev. James Blair was named president.
- 1705—The Wren Building was destroyed by fire. It was rebuilt with the original walls and was completed about 1716.
- 1723—The Brafferton Building was erected.
- 1729—Upon the establishment of all departments required by the charter, the realty and personalty of the College were transferred from the trustees to the faculty.
- 1732—The chapel wing of the Wren Building was opened, and the foundation of the President's House was laid.
- 1750—The Flat Hat Club, the first college club at William and Mary of which there is a record, was established.
- 1758—The modern lecture system was introduced into the system of higher education in the colonies when Dr. William Small became professor of Natural Philosophy. Rev. Goronwy Owen, the beloved Welsh poet, was appointed master of the grammar school.
- 1770—Lord Botetourt established a fund by means of which medals were given to meritorious students.
- 1776—Phi Beta Kappa, the first Greek letter fraternity, was founded by students of the College.
- 1779—The College became a university, introducing into the United States the elective system of studies and establishing schools of Modern Languages, Law, and Medicine.
- 1781—The British campaign in Virginia caused a suspension of classes.
- 1801—The statue of Lord Botetourt, which originally stood at the Capitol, was purchased by the faculty and placed in the center of the College Yard.
- 1824-1825—An attempt to remove the College to Richmond, as a means of increasing the enrollment, failed.

- 1828—At the death of Dr. Patrick Kerr Rogers, professor of Chemistry and Natural Philosophy, his son, William Barton Rogers, an alumnus of the College, who later founded Massachusetts Institute of Technology, succeeded him in that professorship.
- 1848—Owing to dissension in the faculty, the College declined for two years. Benjamin S. Ewell was elected the fifteenth president but considered himself as acting president only.
- 1854—Benjamin S. Ewell was re-elected to the office, becoming seventeenth president.
- 1859—On the 166th anniversary of the founding of the College, the interior of the Wren Building was burned a second time when some early documents, including the original charter, all of the library, and the chemical laboratory were destroyed.
- 1861—The College was suspended in May on account of the Civil War. In 1862 the Wren Building, while occupied by Federal soldiers, suffered a third fire.
- 1865—The College reopened; but it was not until 1869 that the Wren Building was entirely rebuilt, the fourth building on the original foundation and with the original walls.
- 1881—The College was forced to suspend on account of financial difficulties.
- 1888—Lyon G. Tyler was elected eighteenth president. The College was reorganized with State aid and reopened.
- 1893—The U. S. Congress indemnified the College partially for its losses in the Civil War.
- 1906—The property belonging to the College was transferred to the State of Virginia. Since 1906 the College has been under the direction of a Board of Visitors appointed by the Governor of Virginia.
- 1918—Women were admitted to the College by act of the General Assembly.
- 1919-1934—Fifteen new buildings were erected on the campus. Many new courses were added. The enrollment increased from 150 to 1300 students.
- 1928-1932—The three earliest buildings of the College were restored to their original appearance through the generosity of John D. Rockefeller, Jr.
- 1943—With simple ceremonies, appropriate to wartime, the College, on February 8, celebrated its two hundred and fiftieth anniversary, inaugurated John Edwin Pomfret as its twenty-first president, and invested John Stewart Bryan as its fourth American chancellor.

ENDOWMENTS

THE CHANCELLOR'S FUND

The Chancellor's Fund was established on Charter Day, February 8, 1943. Its purpose is to support the Chancellor Professorships and to encourage scholarly investigation in the faculty. The corpus of the fund now exceeds \$100,000.

The distribution of the income of the Chancellor's Fund is determined by the President upon the recommendation of the Faculty Advisory Committee. The chairman of the committee is the Dean of the College, and the other members are the elected chairmen of the four divisions.

THE ENDOWMENT ASSOCIATION

The Endowment Association of the College of William and Mary was established in 1939 for the purpose of receiving and administering gifts and bequests to the College.

THE FRIENDS OF THE COLLEGE

The Friends of the College of William and Mary were organized in 1941. Since that time the membership has grown to more than fifty. Annual dues are \$100.00 a year. Life memberships are \$1,000.00. The fluid income provided by the Friends has, in many instances, enabled the College to experiment and pioneer in activities that, when fully justified, become an integral part of the College program. The annual report of the Friends may be obtained upon request.

ADMISSION TO THE COLLEGE

By Act of the General Assembly of Virginia, men and women are admitted to the College on the same conditions.

Applicants for admission must present their applications on printed forms secured from the office of the Chairman of the Committee on Admissions. While priority of application does not guarantee selection, candidates should apply early, women preferably before March 1 and men preferably before May 1. Assignments to rooms are made after selection for admission, in the order of time of application.

The first selection of applicants will be made on or about May 1. Candidates will be notified of the action of the Committee as soon thereafter as is feasible. Additional selections will be made later.

It is most desirable that those expecting to apply for admission to the College begin early in their high school careers to plan their courses toward the meeting of the entrance requirements. The Chairman of the Committee on Admissions and the other members of the faculty will gladly assist in preparing a desirable program of studies. The College desires earnestly that the student's studies in both high school and college should represent a coherent and well-integrated program.

THE SELECTIVE PROCESS OF ADMISSION

The essential requirement for admission to the College of William and Mary is graduation in the upper half of the class from an accredited secondary school, with a minimum of sixteen acceptable units or the equivalent of this requirement as shown by examination. Candidates for admission from secondary schools requiring more than the normal four years for graduation may be accepted when their transcripts show the full equivalent of graduation from a four-year secondary school in the upper half of the class.

Since the number of applicants who meet the essential requirement is considerably in excess of the number that can be admitted, the College selects those who present the strongest qualifications in scholarship, character, personality, performance in extra-curricular activities, and breadth of interests.

The high school record, the recommendation of the principal, and such other sources of information as may be available will be utilized in determining the applicant's fitness for selection. A personal interview by a representative of the College may be required of the candidate.

Although interviews are not usually required, applicants who wish to visit the College for the purpose of an interview are urged to make appointments in advance with the Chairman of the Committee on Admissions. Such interviews may be most conveniently held during the winter months.

Scholarship

Evidence of superior achievement in the secondary school is considered of prime importance in determining selection for admission. High rank in the graduating class will be taken as presumptive evidence of superior scholarship and will weigh heavily in the applicant's favor.

Although the College does not prescribe specifically the high school units to be presented, preference will be given to candidates who present at least four units in English, three in a foreign language (ancient or modern), or two in each of two foreign languages, two in history, two and one-half in mathematics, and two in science. The remainder of the sixteen units should consist of additional credits in these preferred subjects.

Personality and Character

Evidence of good moral character and of such traits of personality as will make for desirable adjustment to the College will be considered of importance secondary only to the student's academic achievement. It is understood that these terms necessarily deal with intangibles. In general, however, the student whom the College desires to enroll is the person of genuine intellectual ability and moral trustworthiness; in addition, he or she should possess the qualities that will make for friendly and congenial relations in the college group.

Performance in Extra-curricular Activities

A record of interested participation in extra-curricular activities when accompanied by good achievement in the field of scholarship increases the likelihood of the applicant's selection. The Committee, therefore, takes into account the participation of the candidate in such fields as publications, forensics, athletics, and the arts.

Admission of Transfer Students

In order to be able to admit as large a freshman class as possible, it is the general policy of the College to admit with advanced standing from other colleges only applicants with exceptional academic records and personality qualifications.

A student having completed a year's session at another college will be admitted only on a thirty hours' record with an average of C or better on these hours. A student having completed two sessions at another college will be admitted only on a sixty-hour academic record with an average of C or better on such hours. In general, a transfer student must take at least sixty semester hours at the College of William and Mary. Exceptions may be made for men and women who have served in or with the armed forces.

ADJUSTMENT OF PREPARATORY AND COLLEGE COURSES

The bachelor's degrees require a year of **English** in the freshman year. As preparation for this work, a minimum of three entrance units in preparatory English is required. It is desirable that applicants present also at least one unit in **American History**.

Credit in **Foreign Language** is required for the degrees of Bachelor of Arts and Bachelor of Science. Such study may be begun in college, but if the student presents at least two years in a foreign language to be continued in College, the amount of credit required for a degree will be lessened. If the student contemplates becoming a candidate for the degree of Bachelor of Arts with concentration in Modern Language, the degree requirements in language necessitate a year of Latin or of Greek.

A year in college **Mathematics** is required for certain fields of concentration leading to the degree of Bachelor of Science. Preparation for these courses calls for a thorough knowledge of Elementary Algebra, which should include addition; subtraction; multiplication; division; negative numbers; simple identities and factoring; first degree equations in one, two, or three unknowns; powers; roots; exponent (not including the extraction of roots numerically); simple manipulation of radicals, including simplification; imaginary numbers and quadratic equations in one unknown; simple graphs; the binomial theorem for small integral powers; and arithmetic and geometric progressions. As further preparation for college work in mathematics one should have become familiar with geometry through the use of any good text. The work should include some practice in solving "original" problems both in demonstration and construction.

The work of the first two years in **Latin** should include pronunciation, the mastery of inflections and principles of syntax, reading for comprehension and translation, easy composition, derivative study, and the understanding of pertinent phases of Roman history and life. The reading should amount to approximately eighty-five pages (2,500 lines) of material such as is found in standard first and second year texts and readers, in which should be included a considerable amount of connected reading from Caesar. A vocabulary of about one thousand words should be mastered. If additional years of Latin are taken, the reading should be devoted to connected passages of increasing difficulty chosen from writers of prose and poetry, including Caesar, Sallust, Cicero, Livy, Vergil, Horace, and Ovid. Approximately one hundred pages of text (3,000 lines) should be read and five hundred new words mastered in each year. The study of inflection, syntax, composition, derivation, and Roman history and life should be continued. In reading poetry some attention should be given to metrics.

Two years of study in **Greek** should include the mastery of a thorough beginning book and an elementary reader, followed by the reading of selected passages from Attic prose writers. Pronunciation, inflections, and syntax should be stressed, and the power to read for comprehension and to translate should be acquired. Some attention should be paid to securing an understanding of Greek history and life.

For a two-year course in **Modern Languages** in the high school, the aim is to acquire a good pronunciation, an adequate stock of words and idioms, a knowledge of verb forms, regular and irregular, a mastery of all other inflections and of the fundamental principles of syntax. The student should be able to read for comprehension prose of ordinary difficulty, and must read in French and Spanish between 350 and 500 pages; and in German between 225 and 300 pages. The work of the classroom should include oral and written exercises sufficient to train the student (a) to understand short statements and questions, (b) to answer with precision, and (c) to write easy sentences in the language studied. Dictation exercises must be given. The student should get considerable information about the people and country whose language he studies.

REQUIREMENTS FOR DEGREES

The degrees conferred in course are Bachelor of Arts (A.B.), Bachelor of Science (B.S.), Bachelor of Civil Law (B.C.L.), Master of Arts (A.M.), and Master of Education (M.Ed.).

The requirements for degrees are stated in terms of "semester credits" which are based upon the satisfactory completion of courses of instruction. One semester credit is given for each class hour a week through a semester. Not less than two hours of laboratory work a week through a semester will be required for a semester credit. A semester is a term of approximately eighteen weeks or one-half of the college session.

EVALUATION OF CREDITS FROM OTHER INSTITUTIONS

The credits of students transferring from other institutions will be evaluated only tentatively upon matriculation. The final evaluation of credits earned at any time elsewhere than at this institution will be determined by the quality of work completed at this college. No student may assume that credit will be given for work at other institutions until he has a written statement as to what credit will be accepted. In particular, any student of the College in Williamsburg who proposes to attend a summer session elsewhere must have written permission in advance from the Chairman of the Committee on Degrees in order to insure that the credit may be transferred to the College in Williamsburg.

SYSTEM OF GRADING AND QUALITY POINTS

The work of each student in each course is graded A, B, C, D, or F. These grades have the following meanings: A, superior; B, good; C, average; D, passing; F, failing. For each semester credit in a course in which a student is graded A he receives 3 quality points; B, 2; and C, 1. F carries no credit and no quality points. D carries credit but no quality points.

In addition to the grades A, B, C, D, and F, the symbols "Abs." and "Inc." are used on grade reports and in the college records. "Abs." indicates absence from the final examination. It automatically becomes an F at the end of the next semester, unless a deferred examination is permitted by the Committee of Deans. "Inc." indicates that the student has postponed, with the consent of the instructor, the completion of certain required work other than the final examination. It automatically becomes an F at the end of the next semester if the postponed work has not been completed.

REQUIREMENTS FOR THE DEGREES OF A.B. AND B.S.

The requirements for the degrees of Bachelor of Arts and Bachelor of Science are stated in the succeeding paragraphs under the following headings: I. General Requirements for the Degrees of A.B. and B.S. II. Distribution, Concentration, and Electives. III. Fields of Concentration.

I. GENERAL REQUIREMENTS FOR THE DEGREES OF
A.B. AND B.S.

One hundred and twenty-four semester credits are required for graduation. Of these one hundred and twenty-four semester credits, one hundred and twenty must be in academic subjects and four in physical education. A minimum of 120 quality points in academic subjects is required.¹

In the field of concentration the student must make a minimum quality point average of 1.

No degree will be granted by the College until the applicant has been in residence at least one college year and made a minimum of thirty semester credits at the College in Williamsburg. In general, students transferring from other institutions should expect to spend at least two years in residence at the College. This period must include the last year of the work required for the completion of the degree.

II. DISTRIBUTION, CONCENTRATION, AND ELECTIVES.

The credits required for graduation are to be secured in accordance with the following arrangement:

A. Distribution

- 1. English Language and Composition (Eng. 100) 6 semester credits
 - English Literature (Eng. 200) 6 semester credits
- Note: Foreign Literature in Translation (Eng. 200-I), or Introduction to the Arts (Fine Arts 201, 202), may be substituted for English Literature (Eng. 200).
- 2. ² Ancient or Modern Foreign Language 12 or 18 semester credits
 - 3. Mathematics or Philosophy 201, 202 6 semester credits

¹ "Academic subjects" means subjects other than required physical education.

² If two or more units in Foreign Languages be not presented at entrance, eighteen semester credits will be required in college courses. At least six credits must be taken in a language in which the student has already secured two units of high school credit or in advanced courses (second year or above) in a language begun in college. No credit toward the fulfillment of this language requirement for the degree will be given for a first year foreign language course until after the completion of a full second year in the same language, unless the student shall present as a prerequisite at least four entrance units in one foreign language or two in each of two languages, or the equivalent in college courses. Under this regulation students with:

No entrance units	}	will take	{	18 semester credits in one language
				or
				12 semester credits in one language followed by 6 semester credits in a second language.
2 to 4 entrance units in one language	}	will take	{	12 semester credits in one language
or				or
2 entrance units in each of two languages	}			6 semester credits in a language continued from the secondary school, followed by 6 semester credits in a second language.

- | | |
|---|---------------------|
| 4. Biology, Chemistry, or Physics | 10 semester credits |
| 5. Physical Education 101, 102, 201, 202 | 4 semester credits |
| 6. Economics 200, Government 201, 202, or History
101, 102 (Six semester credits in each of two) . . . | 12 semester credits |

These distribution requirements should normally be completed in the freshman and sophomore years. English 100 and Physical Education 101, 102 must be taken in the freshman year. Physical Education 201, 202 must be taken in the sophomore year.

B. Concentration

Before the end of the sophomore year each student shall select a major department in which he shall concentrate during his junior and senior years. The following rules shall govern concentration:

- (a) The whole program of concentration shall represent a coherent and progressive sequence.
- (b) The student in consultation with the head of his major department shall select the courses for concentration. Of these, at least thirty semester credits must be within the major department.
- (c) Each department may require as many as twelve additional semester credits in courses from that department or from other departments.

When a student concentrates in a field in which he has received credit for a distribution requirement, such credit shall be counted in the total field of concentration.

No student shall be permitted to apply toward a degree more than forty-two semester credits in a subject field. The subject fields are—Accountancy; Architecture, Sculpture, and Painting¹; Biology; Chemistry; Economics; Education; English; French; German; Government; Greek; History; Home Economics; Industrial Arts; Italian; Jurisprudence; Latin; Library Science; Mathematics; Music; Philosophy; Physical Education; Physics; Psychology; Secretarial Science; Sociology; Spanish; Theatre.

No student shall be permitted to apply toward a degree more than twenty-one semester credits in technical courses in any one subject field nor in any one department.

C. Electives

Of the number of semester credits remaining for the completion of these degree requirements, at least nine semester credits must be chosen from departments other than those in which courses for concentration were selected.

¹ Architecture, Sculpture, and Painting together constitute a subject field.

III. FIELDS OF CONCENTRATION**Degree of Bachelor of Arts**

The following departments are approved for concentration: Ancient Languages, Business Administration, Economics, English Language and Literature, Government, History, Jurisprudence, Mathematics, Modern Languages, Philosophy, Sociology, Fine Arts, and Library Science.

Education (twenty-one semester credits) should be taken by students planning to teach.

Note: Students planning to concentrate in Modern Languages are required to take six semester credits of Latin or Greek.

Degree of Bachelor of Science

The following departments are approved for concentration: Biology, Chemistry, Home Economics, Mathematics, Physical Education, Physics, and Psychology.

Education (twenty-one semester credits) should be taken by students planning to teach.

Note: The twelve or eighteen semester credits of foreign language required for distribution must be taken in French or German or both by students planning to concentrate in Chemistry, with the exception of those who are preparing for medicine. This requirement is made in conformity with the standards of the American Chemical Society.

Comprehensive Examinations

A comprehensive examination may be used to determine a student's proficiency for admission to a field of concentration.

This plan of concentration contemplates the gradual introduction by certain departments of honors courses and final comprehensive examinations. Announcements of such courses and requirements will be made in sufficient time to enable students to prepare for them.

DEGREE OF BACHELOR OF CIVIL LAW

For the requirements of this degree, see pages 118-119.

¹ DEGREE OF MASTER OF ARTS

The Master of Arts degree is primarily a cultural degree which involves an introduction to the methods of research.

The requirements for the degree of Master of Arts are as follows:

- I. The applicant must have completed the requirement for a bachelor's degree in an institution of approved standing; and must have made a quality point

¹ The College of William and Mary is a Center, selected by The Carnegie Foundation for the Advancement of Teaching, in which The Graduate Record Examination is administered twice a year. This examination, a measure of general knowledge, is optional and may be taken by both graduate and undergraduate students to determine their probable success with advanced work or to assist in obtaining a fellowship or admission to graduate school.

average of 1.5 or its equivalent, or be recommended, with the approval of the Degrees Committee, by the head of the department in which he wishes to do his major work.

II. A student will not be admitted to any course that is to be counted as credit for the A.M. degree until his application for admission to A.M. work has been approved by the Chairman of the Degrees Committee.

III. The head of the department in which the student concentrates will plan and approve the student's program. A student may enter a course for A.M. credit only upon the approval of the Chairman of the Degrees Committee and of the head of the department in which the course is given.

IV. A minimum residence period of one regular session or of four summer sessions of nine weeks each is required.

V. At least twenty-four semester credits of advanced work with a quality point average of 2 are required for the A.M. degree; no credit will be given for any grade below C.

VI. The student must present a thesis approved by the Department of Concentration.

VII. An examination covering the entire field of study is required.

VIII. All requirements for the degree must be completed within a maximum period of six years.

Note: The student's major professor with two or more members of the faculty, appointed by the Chairman of the Degrees Committee in consultation with the head of the department in which the student concentrates, will act as a committee for the thesis and the examination.

DEGREE OF MASTER OF EDUCATION

The program of study leading to the Master of Education degree is planned for students who wish to continue systematic professional study beyond the bachelor's degree in order to extend their preparation for administrative, supervisory, counseling, and teaching positions. It is designed to provide broad, fundamental, and practical preparation for such positions, and to develop ability to utilize the contributions of philosophy and research in the solution of educational problems.

The requirements for the degree of Master of Education are as follows: Paragraphs I, II, III, IV, VII, and VIII of the requirements for the A.M. degree apply also to the M.Ed. degree. Requirements applicable specifically to the M.Ed. degree are:

A. Applicants are eligible to undertake the M.Ed. program under the following conditions:

1. The undergraduate program contains a minimum of 18 semester credits in education, including one year of practice teaching*; or,
2. The bachelor's degree held is B.S. in Education, and includes one year of practice teaching*; or,

3. Holders of the bachelor's degree, without professional training, upon the completion of two sessions of successful teaching may be accepted conditionally; in this case undergraduate courses in education on the basis of individual need may be required in addition to courses on the graduate level.
- B. At least twenty-seven semester credits of advanced work with a quality point average of 2 are required for the M.Ed. degree; no credit will be given for any grade below C. If in the judgment of the Head of the Department of Education they are necessary to the professional training of the student, additional courses may be required.
- C. The student must present a report of a professional project approved by the Department of Education.

* Two sessions of successful teaching experience will be accepted in lieu of practice teaching.

SUPERVISION OF STUDENTS AND COLLEGE REGULATIONS

SUPERVISION OF STUDENTS

The Deans endeavor to follow carefully the progress and behavior of every student in College and by personal oversight and advice to insure proper conduct and attention to duties. The social activities of the women students, both within and without the College, are under the direction of the Assistant Dean of Women.

Reports showing the standing of students in their classes are sent to parents or guardians at the middle and the end of each semester. Students who in any semester make thirty-three quality points with at least 3 hours of A and at least 9 hours of B and with no grade below C, in academic subjects, and who do not receive a grade of F in required physical education, are placed on the Dean's List for the following semester and are entitled to special privileges.

For guidance at registration each student is assigned to a member of the Faculty as an adviser.

The College maintains a system of student counseling, with services accessible to all students throughout the year. Faculty Counselors are supervised by the Director of Counseling, a trained psychologist and specialist in personnel work. Students are encouraged to take advantage of the opportunity for individual discussion and advice about academic, vocational, or personal matters. An important resource of the system is the Testing Bureau, which is designed to provide objective measurement of students' aptitudes, needs, and interests.

STUDENT'S PROGRAM

All students, other than graduate and part-time students, are required to carry the normal program of at least fifteen and no more than seventeen semester hours (counting courses in Physical Education), with the following regular exceptions:

- (1) Any student may, with the consent of his adviser, carry eighteen semester hours (counting courses in Physical Education).
- (2) Seniors who can complete the degree requirements by carrying less than the normal program are permitted to carry as few as twelve semester hours.

Students are required to register in accordance with the foregoing regulations.

Further deviations from the normal program, when warranted by special circumstances, will be permitted by the Committee of Deans after the registration period; students desiring this permission should apply in writing to the Dean of Men or the Dean of Women. Only to exceptionally able students, however, will the Committee of Deans grant permission to carry more than eighteen semester hours.

CLASSIFICATION OF STUDENTS

- I. A Sophomore student must have completed at least twenty-four (24) credits in academic subjects, with at least twenty-four (24) quality points.
- II. A Junior student must have completed at least fifty-four (54) credits in academic subjects, with at least fifty-four (54) quality points.
- III. A Senior student expecting to graduate in June must have completed eighty-five (85) credits in academic subjects, with at least eight-five (85) quality points.

CHANGES IN REGISTRATION

In order to add a course to or drop a course from the set of courses for which they originally registered, men students must make application for such a change to the Dean of Men, and women students, to the Dean of Women. If the application is granted, the dean will then notify the Registrar of the change. The Registrar, in turn, records the change on the student's registration card and informs the instructor or instructors concerned. Unless a course-change has been made in that manner it has no official standing and will not be recognized as valid by the College. After the first two weeks of classes in a semester, the only course-changes which are permitted by the deans are those initiated by the Faculty or by the Administration.

In order to change from one section to another in the same course, the student should make application to the head of the department.

WITHDRAWAL FROM COLLEGE

Students who desire to withdraw from College should apply to the Dean of Men or the Dean of Women for permission to withdraw. The permanent record card of any student who withdraws from College without permission from the proper dean will carry the notation "Withdrew without permission."

CONTINUANCE IN COLLEGE

A freshman must accomplish for the session at least 14 semester credits in academic subjects and earn at least 10 quality points. An upper classman or an unclassified student must accomplish for the session at least 18 semester credits in academic subjects with at least 18 quality points. A student who has completed 4 semesters may not continue in College unless he has accumulated at least 36 semester credits in academic subjects and 36 quality points. A student who has not met the requirement pertinent to his status may not register either in the summer session or in the regular session, except by the advice and consent of the Committee of Deans. Finally, when a student is not profiting by his stay at College, or whenever his influence is detrimental to the best interest of the College, such a student may be required to withdraw.

A student who has failed to complete the requirements for the degree of Bachelor of Arts or Bachelor of Science within five years of residence in college will be automatically debarred from further attendance at the College; provided, however, that when a student has been permitted to reduce his schedule below that normally required, the total period of residence permitted for the completion of the degree

requirements shall be extended in proportion to the reduction permitted. In the application of this regulation, each nine weeks summer session will be counted as three-fifths of a semester.

ABSENCE FROM CLASSES AND FROM COLLEGE

Absence from classes or from other college duties without sufficient reason is not expected. Sickness or the permission of the President or a dean for a student to be absent from College constitutes a sufficient reason, but does not excuse a student from his class work.

A student whose class attendance has been unsatisfactory will be dropped from the class roll. When a student has been dropped from two courses, he may be required to leave College. A student may voluntarily change or drop a course only with the consent of the dean or the adviser by whom the course has been approved.

Students are expected to be present at all their regularly scheduled classroom appointments. This rule applies especially to the periods just preceding and following the Thanksgiving, Christmas, and Spring Holidays. Absence at such times interferes with the orderly progress of academic work and is contrary to collective interests of the College. Students who are absent at such times will be placed on Absence Probation. Students also who fail to present themselves at the appointed time of registration will be placed under such probation. For a second offense a student will be required to withdraw from the College. Attendance rules do not apply to students on the Dean's list.

EXAMINATIONS

The examinations, given at the end of each semester, take place at the times announced on the examination schedule, which is arranged by the Dean of the College and posted at least two weeks before the beginning of the examination period. Students are required to take all of their examinations at the times scheduled, unless excused on account of illness or other sufficient reason by the Dean of Men or the Dean of Women. Students should present their reasons for an expected absence to the proper dean in advance of the examination. No excuse on the ground of illness will be accepted unless it is approved by the college physician.

Deferred examinations are provided for students who have been excused by the Dean of Men or the Dean of Women from taking their examinations at the regular time. The deferred examinations for courses in the first semester are given in the fourth week of the second semester; the deferred examinations for courses in the second semester are given during the orientation period in September. Except under very exceptional circumstances students are not permitted to postpone the taking of a deferred examination beyond the first occasion thus regularly provided; and in no case will permission to take a deferred examination be extended beyond a year from the time of the original examination from which the student was absent. The schedule of the deferred examinations, arranged by the Dean of the College, will be posted several days in advance of the time at which they are given, and a copy of it will be mailed to each student who is entitled to take a deferred examination.

RESIDENCE

All students except those coming daily from their homes are required to live in the college dormitories and board in the college dining hall. Any exceptions are by special permission. Exceptions to the residence regulations may be made by the President in the case of women who are at least twenty-five years of age.

DISCIPLINE

The discipline of the College is vested in the President by action of the Board of Visitors. Cases involving minor infractions of discipline are handled by the Dean of Men and Assistant Dean of Women respectively. Serious infractions are considered by the Discipline Committee, which represents administration, faculty, and students.

When students other than day students are permitted to withdraw, or are dropped from the roll, or are suspended, they must forthwith leave Williamsburg and the vicinity. Until this requirement has been fulfilled, they remain subject to the authority of this institution and may be expelled.

Hazing or the subjection of a student to any form of humiliating treatment is forbidden. The fundamental test for disciplinary action by the college authorities is whether the behavior complained of tends to throw discredit on the name of the College of William and Mary, or to manifest ungentlemanly conduct on the part of the students. The College believes it essential to draw a clear line between use and misuse of intoxicating liquors. Therefore, the College regards any evidence of the misuse of alcohol as a serious breach of accepted standards of deportment, and such abuse may be punished by loss of social privileges, probation, or separation.

By regulation of the Board of Visitors, students are not allowed to have automobiles, except by special permission, which is to be secured from the President through the Dean of Men.

Any undergraduate who marries without the full knowledge and consent of his or her parents will be required to withdraw. Such consent must be submitted to the College in writing by the parents prior to the marriage.

Registration as a student at the College of William and Mary implies that the student will familiarize himself with the rules and regulations governing the conduct of students, and that he will abide by such regulations so long as he remains a student at the College.

The College reserves the right at any time to suspend or dismiss a student whose conduct or academic standing is in its judgment unsatisfactory.

CONVOCATIONS

College convocations are held in Phi Beta Kappa Hall at various times during the year. All students are expected to be present at these meetings.

PARTICIPATION IN EXTRA-CURRICULAR ACTIVITIES AND ELIGIBILITY FOR CLASS OFFICE

Students are required to pass twenty-four semester credits during the previous year before they may represent the College in athletic contests, intercollegiate debate, dramatic productions, or other similar extra-curricular activities.

No student shall be eligible to hold a class office unless he is a member in good standing of the class which he seeks to represent.

PUBLIC PERFORMANCES AND PARTIES

No person or group of persons associated with the College of William and Mary shall give either in Williamsburg or elsewhere a public performance of any kind unless prior to the first rehearsal the said person or group of persons shall have obtained from the office of the President permission to present the entertainment. In order to secure permission, those in charge of the performance must make written application to the President of the College.

SAMPLE AND SALES ROOMS

The use of rooms in the college buildings for displaying samples and goods for sale to students and others is not permitted. This applies to firms having either special agents or student representatives. No student may solicit for the sale of any article as a representative of any firm without first having obtained permission.

THE HONOR SYSTEM

The Honor System was established at William and Mary in 1779. The essence of the Honor System is individual responsibility. It assumes that the principles of honorable conduct are familiar and dear to all students; it assumes that every student is deeply concerned with the strict observance of these principles, for his own sake, for the sake of his fellows, and for the sake of the college.

The operation of the Honor System is described in detail in the following paragraphs:

PERSONNEL OF THE HONOR COUNCILS

The Men's Honor Council is composed of three senior representatives, three junior representatives, and one sophomore representative elected by the men's student body. A President and a Vice-President are chosen by the council from among the senior representatives and a Secretary is chosen from among the junior representatives.

The Women's Honor Council is composed of a Chairman and two additional senior representatives, three junior representatives, and one sophomore representative elected by the women's student body. A Secretary is chosen by the council from among the junior representatives.

PRACTICES

Upon matriculation, each student shall sign a statement to the effect that he understands what is expected of him under the Honor System and that infraction of the Honor Code at any time during his student days is punishable by dishonorable dismissal from College. Infractions include cheating, stealing, lying, and failure to report an offense. A professor may require the signing of a formal pledge on any work, even though the initial pledge stands as long as the student is enrolled in the College.

All scholastic work, whether it be in the lecture room, the library, the student's room, or elsewhere is under the Honor Code. All cheating, whether in tests, assignments, or examinations is a violation of the Honor Code. Giving aid to any student or receiving aid from any student, without the consent of the professor, in tests, assignments or examinations, is cheating.

The faculty will cooperate in explaining whether or not aid may be given or obtained on a particular assignment.

Physical comfort, as well as usual practice, suggests that students shall occupy alternate seats during an examination. In consideration for others, students should not disturb a class by leaving the examination room except when necessary, or by remaining absent except for a brief period.

Since the student body assumes the responsibility for the administration of the Honor System, the College does not practice supervision of examinations by proctors.

REPORTING A BREACH OF HONOR

Any student believing that a breach of the Honor Code has been committed is obligated to exercise one of two alternatives: first, he may challenge the student

accused of the act and offer him the opportunity to resign from the College immediately, or to report himself to the Honor Council (if the accused does not report himself to the Honor Council, the accuser must report the case); second, he may report the suspect directly to any member of the Men's or Women's Honor Councils. The failure of a student to fulfill this obligation constitutes an infraction of the Honor Code. Everyone accused of a breach of the Honor Code shall be entitled to know the charges against him, the evidence given, and to be confronted by the witnesses.

TRIAL OF THE ACCUSED

At the trial of the case, the presiding officer of the Honor Council shall conduct the meeting. Minutes of the trial shall be kept by the Secretary. These minutes shall be the property of the Honor Council, whose duty it shall be to see that they are stored in the College vaults.

At the trial the accused shall be at liberty to say what he chooses in his own defense. Witnesses are upon their honor to disclose all pertinent facts. Lying before the Honor Council is in itself a violation of the Honor Code.

The minutes of any trial may be inspected in the presence of two or more members of the Council by persons satisfying the Council of their legitimate interest in the case. In the event that the accused is declared innocent, the minutes of the trial shall be immediately destroyed.

FAILURE TO STAND TRIAL

Should the accused leave the College without appearing before the Honor Council for trial, the accuser shall report the name of the accused and the breach of honor to the presiding officer of the Honor Council. The Honor Council shall then record the facts of the case and advise the President of the College that the student withdrew under suspicion of a breach of honor.

PENALTY FOR A BREACH OF HONOR

A violation of the Honor Code is punishable by dismissal from College. The essential basis of the Honor System is that all honor is indivisible and as such calls for the same treatment; but the penalty may be modified when in the opinion of the Council conclusive reasons for so doing exist.

If after trying a case, six of the seven members of the Council are convinced of the guilt of the accused and shall so cast their votes in a secret ballot, the Honor Council after reporting its findings to the President of the College, shall promptly impose such penalties as are required by the Honor Code.

In case of dismissal the Dean of Men or the Assistant Dean of Women, as the case may be, shall inform the parents, the Alumni Secretary, and record the fact on all official records.

RETRIAL OF HONOR CASES

A case may be reopened upon the presentation of new evidence bearing directly on the question of guilt. Persons desiring to reopen a case shall appear before the Honor Council to present such new evidence, and the Council shall determine whether this new evidence is sufficiently conclusive to warrant a retrial. Should the case be reopened, it must be entirely retried.

HEALTH SERVICE

GENERAL STATEMENT

The purpose of the Health Service is fourfold:—(1) improvement of the health of the students; (2) prevention of disease; (3) supervision of campus sanitation, which includes inspection of sanitary conditions of cafeterias, dining halls, dormitories, swimming pools, periodic examination of all food handlers in college eating places, inspection and analysis of college water and milk supplies, etc.; and (4) instruction of students in matters essential to healthful living.

The Health Service is housed in the David King Hospital, a modern, fireproof building containing out-patient clinic, dispensary and waiting rooms, diet kitchens, nurses' quarters, and an eighty-bed infirmary.

A health certificate is required of all entering students. During each semester, each student is entitled to the use of the Medical Service, which is made possible by a small health service fee required to be paid by each student at the beginning of every semester. The medical services are as follows:

1. Medical care in the Health Service clinic for minor and incipient illness and accidents. Necessary staple drugs and dressings are included.
2. Health consultation service with the medical staff or with college health consultants.
3. Special medical examinations for certification of students, which is required for participation in intercollegiate athletics.
4. A medical examination, by a college physician, of all freshmen and transfer students. Recommendations to the Physical Education Department and to scholastic counselors are then made regarding the physical condition of the student thus enabling him to arrange his program within his physical capacities.
5. Hospitalization in the Health Service infirmary for a limited period, for minor and incipient illness when bed care is advised by the college physician. The college does not, however, assume the cost of special nurses, consulting physicians, surgical operations, x-ray or laboratory tests, care in other hospitals, or special medications.

The College Health Service is coordinated by a joint committee which is a part of, and which cooperates with, the Medical Service.

BUILDINGS AND GROUNDS

THE COLLEGE BUILDING

Sir Christopher Wren Building

This "beautiful and commodious" building is the oldest academic structure in the United States. Planned to house the entire College, it was "first modelled by *Sir Christopher Wren* and its foundation was laid in 1695." For many years this building was known as "The College Building" or "The College" and, until 1928, it held all of the departments except sciences, jurisprudence, and business administration. Although the interior has been destroyed three times by fire, its walls have always remained standing. The Chapel, or south wing, was built in 1732 and is memorable for its tablets of former presidents and alumni, some of whom are buried in the crypt beneath its floor. At his own request, the body of Lord Botetourt lies in a vault there. As Royal Governor of the Colony, he was a benefactor of the College and a member of its Board of Visitors. His statue stands in front of the Wren Building in the center of the College Yard facing the town. Other interesting features of the building are the Great Hall and the Blue Room and the notable collection of Virginia historical portraiture and memorial tablets in its various apartments. Student guides are on duty there to conduct visitors through the building which was restored to its colonial form and appearance between 1928 and 1931 by the generosity of John D. Rockefeller, Jr.

THE BRAFFERTON

Southeast of the Sir Christopher Wren Building and facing the President's House stands the Brafferton, the second oldest of the College buildings. It was built in 1723 from funds derived from the estate of the Honorable Robert Boyle, the distinguished natural philosopher, who, in his will, had provided that four thousand pounds sterling of his money should be employed in "pious and charitable uses." Dr. James Blair, the first president of the College, being in England at the time of Boyle's death, urged the Earl of Burlington, an executor of the estate, to direct the fund to the support of a school for Indians in connection with the College of William and Mary. Burlington invested the funds in an English manor called **The Brafferton in Yorkshire**, from which most of the rents were to go to the College in Virginia. The Brafferton was used as the Indian School until the beginning of the Revolutionary War. It was restored in 1932 by John D. Rockefeller, Jr.

THE PRESIDENT'S HOUSE

Completing the triangle of the College Yard is the President's House southeast of the Wren Building and facing the Brafferton of which it is substantially a replica. Since its erection in 1732, it has been the residence of successive presidents of the College. Lord Cornwallis made this house his headquarters in the summer of 1781

while Williamsburg was held by British forces. Later that year, during its occupancy by French officers, its interior was accidentally burned. It was restored by the French only to fall prey to later fires. Yet, like the Wren Building, its exterior walls have withstood each fire. It was restored again by John D. Rockefeller, Jr., in 1932, when he completed his plan for the restoration of the three original College buildings to their colonial appearance.

STATUE OF LORD BOTETOURT

Norborne Berkeley, Baron de Botetourt, arrived in October, 1768, as the new governor of the Colony of Virginia. Though he lived for only two years thereafter, he was able in this period, one of growing dissension with England, to become "universally esteemed here, for his great Assiduity in his Office, Condescension, good Nature & true Politeness." Throughout his residence in Virginia he served as a member of the Board of Visitors at William and Mary, and attested his interest in scholarship by enabling the faculty to present two gold medals for excellence in the classics and in natural philosophy and mathematics. With the approval of the whole Colony, the General Assembly unanimously voted, in 1771, that a marble statue "executed by the best Statuary in England" be erected "to the Memory of our late Worthy Governor Lord Botetourt." The statue was shipped to the Colony in the spring of 1773 and erected on the portico of the House of Burgesses. In the heat of resentment toward England, the statue was deliberately injured. In 1801, the President and Professors of the college purchased for \$100 this statue, which had originally cost £1000, had it skillfully repaired, and placed it "in the center of the College walk, facing the town." It is probably the oldest extant piece of colonial statuary. All men and women of each freshman class are required by the upperclassmen during the early part of the year to bow and curtsy when passing the statue.

ROGERS HALL

The William Barton Rogers Science Hall was erected in 1927 as a memorial to the alumnus and former member of the faculty of the College who founded the Massachusetts Institute of Technology. It cost \$300,000 completely equipped with laboratory apparatus and furniture. The General Education Board gave \$150,000 of this sum and admirers of the work of William Barton Rogers gave the remainder. The ground floor houses the Department of Physics; the second and the third floors house the Department of Chemistry. In addition to the standard laboratories for the various fields of physics and chemistry, there are lecture rooms, reading rooms, and private laboratories for research work.

WASHINGTON HALL

Washington Memorial Hall was erected in 1928 as a memorial to George Washington, licensed as a surveyor by the College in 1749, and the first Chancellor of the College after the Revolution. This building was erected by the State at a cost of \$200,000.

The ground floor houses the Department of Biology; the second and the third floors furnish lecture rooms and offices for the Departments of Education, English, Mathematics, Philosophy, Ancient Languages, Modern Languages, and Home Economics.

MARSHALL-WYTHE HALL

Marshall-Wythe Hall, erected in 1935, is situated on the north side of the campus. It completes the building plan on the north side of the quadrangle.

The first floor provides conference rooms and administrative offices for the President, for the Bursar, for the Deans, and for the Registrar.

The second and third floors are occupied by the Departments of Economics, Government, History, Sociology, Jurisprudence, and Business Administration. In addition, the office of the Hampton-Roads Peninsula War Studies Committee is located on the second floor of this building.

FINE ARTS BUILDING

The Fine Arts Building, formerly "Old Taliaferro," built in 1893, stands across the Jamestown Road from the Brafferton. Once a dormitory for men, it has been remodeled and now houses the Department of Fine Arts.

LIBRARY BUILDING

After the fire of 1859, and until 1908, the library was immediately behind the Chapel in the Wren Building. In 1908 a new building was erected with funds given by Mr. Andrew Carnegie, Mr. Joseph Bryan, and other friends of the College. In 1921, the Carnegie Corporation granted \$25,000 for enlarging the stack room. With an appropriation of \$120,000 from the State of Virginia, a three story structure was erected in 1929 between the former reading room and stack room. A fund of \$25,000 was given by Mr. William Laurence Saunders and Miss Jennie Morton Saunders to furnish the reading room on the first floor of the new building to be known as the Saunders Reading Room in memory of their uncle, Robert Saunders, former president of the College. The second floor is divided into two rooms, one of which is an additional reading room for special collections of reserve books; the other has been suitably equipped for the classes in library science. On the third floor is the library of the Department of Jurisprudence. In the basement are the vault for the archives, a fireproof storage room for special collections, additional steel shelving for books, and work space for the acquisition and processing of new books.

PHI BETA KAPPA MEMORIAL HALL

The Phi Beta Kappa Memorial Hall was completed and opened for use in November, 1926. The funds for the erection of this hall were furnished by members of the United Chapters of Phi Beta Kappa as a memorial to the fifty founders of the society. The building is used as an auditorium and has rooms for receptions. It also contains a reproduction of the historic Apollo room.

During the college year the Department of Fine Arts presents three plays and a musical drama in the auditorium. It also shows occasionally in the foyer exhibits of architecture, sculpture, painting, costume, photography, and industrial art.

THE GEORGE PRESTON BLOW MEMORIAL GYMNASIUM

This building was given to the College in 1924 by Mrs. George Preston Blow, of Yorktown, Virginia, and LaSalle, Illinois, and by her children, in memory of Captain George Preston Blow, of the United States Navy, whose father and grandfather were alumni of the College. It contains a regulation size swimming pool, shower baths, lockers, handball and fencing room, basketball court, large gymnasium hall, running track, and a monogram and trophy room.

In 1941, the George Preston Blow Gymnasium was enlarged by an addition which cost \$115,000. The new unit contains a basketball court with adequate seating capacity.

CARY FIELD PARK

Cary Field Park, named in honor of T. Archibald Cary, who gave the funds for grading the first baseball and football grounds and for building the grand stand, is situated in the western portion of the campus on Richmond Road. It provides outdoor athletic facilities for the men students of the College. Adequate provision is made for baseball, football, track, and other outdoor sports.

A stadium with a seating capacity of 9,000 is situated on Cary Field. It is of concrete with wooden seats and has four dressing rooms for teams and adequate storage place for all athletic equipment. It makes ample provision for track, football, and pageantry.

MATOAKA PARK

The campus of the College of William and Mary extends westward into Matoaka Park, a wooded area of approximately 1,200 acres, lying between the Jamestown and the Richmond Roads. In the midst of this park is Lake Matoaka extending from Jamestown Road northward into five branches, which cover a large area of the park.

The work of developing this park was done by the National Park Service under the direction of a competent technical staff of engineers and landscape architects.

The eastern portion of the park, which joins the campus, is well interspersed with foot-trails and bridle-paths. The natural features of this area have been preserved.

THE SUNKEN GARDEN

The sunken garden, originally planned when the improvement and enlargement of the College campus was projected in 1920, was completed in 1936. It occupies an area about 800 by 160 feet, beginning about 400 feet west of the Wren Building, and extending in front of Rogers, Marshall-Wythe, and Washington Halls.

TRINKLE HALL

The dining hall, named for the late Governor E. Lee Trinkle and constructed with funds obtained from the State, accommodates 600 students in the main dining room and from 250 to 300 students in the north wing. A College owned and operated bookstore and soda shop, located in the east wing of the building, carries textbooks, both new and used, and other student supplies.

DAVID J. KING INFIRMARY

In September, 1930, the David J. King Infirmary was completed. The building is a three-story structure, consisting of a central portion and two wings having separate entrances. One wing is used for men and the other for women. In the central portion are located four rooms for nurses, two reception rooms, and offices for doctors. The third floor is used for wards. The building cost \$75,000 and has a total capacity of eighty beds. It was named in honor of Dr. David J. King, who served as College physician from 1919 to 1934.

THE MIRIAM ROBINSON MEMORIAL CONSERVATORY

The Miriam Robinson Memorial Conservatory was erected in 1926, on the South Campus, adjoining Tyler Hall, through the joint efforts of the Board of Visitors, friends of the College, and Charles M. Robinson, in memory of the little girl whose name it bears.

RESIDENCE HALLS FOR MEN

All residence halls are heated with steam, lighted with electricity, and screened. Each room is supplied with hot and cold water. Rooms contain closets and are supplied with basic furniture needs such as bureaus, study tables, chairs, beds, springs, and mattresses. *Students are required to furnish linens, blankets, pillows, towels, and any other desired articles such as curtains, lamps, rugs, etc.*

Tyler Hall

Tyler Hall, built in 1916, is a three-story brick building constructed in two distinct units. Funds for the building were obtained from a State appropriation. It was named for President John Tyler, an alumnus of the College, and for the late Lyon G. Tyler, former President of the College. This dormitory accommodates eighty-seven students.

Monroe Hall

Monroe Hall was opened for use in September, 1924. The cost of this hall, including equipment, was \$200,000. The State gave \$120,000 toward the erection of this building and the alumni and friends of the College gave the remainder. It is a thoroughly modern fireproof structure containing memorials to many distinguished alumni. The building has adequate lounge facilities. It accommodates one hundred and sixty students.

Old Dominion Hall

The Old Dominion Hall, "the Virginia Hall of Fame," was completed in 1927. It contains one hundred rooms, which house 190 students. Each room bears the name of a Virginian who has played a prominent part in the making of our country. In addition to the dormitory rooms, it contains a social hall ninety feet by forty feet, and a memorial lounge. The \$175,000 required to build this hall was secured through the Noell Act.

Taliaferro Hall

Taliaferro Hall, erected in 1935, is situated on the south side of the Jamestown Road. The building is constructed in three distinct units. Bath and shower facilities are provided on each floor of each unit. The building contains thirty-seven rooms accommodating sixty-five men.

On the first floor of Taliaferro Hall fronting Jamestown Road are provided two large rooms with kitchen facilities, used as a special dining hall.

With Tyler Hall, Trinkle Hall, the Fine Arts Building, and the King Infirmary, Taliaferro Hall completes the unit on the south side of Jamestown Road.

Brown Hall

Brown Hall is a three-story, fireproof building, located on Boundary Street, one block from the College entrance, and accommodates seventy-three students. This dormitory contains adequate lounge facilities.

TEMPORARY HOUSING

Veterans' Dormitories—Richmond Road

This project, located approximately nine-tenths of a mile from the campus, was acquired from the Federal Public Housing Authority in February 1946. The project consists of a cafeteria and administration building and five dormitory buildings which house a total of one hundred and fifty-six men. Each dormitory has a lounge room and is provided with adequate bath facilities. All rooms are supplied with basic furniture needs.

Veterans' Dormitories—Jamestown Road

This building, located on Jamestown Road approximately four blocks from the College campus, was acquired from the Federal Public Housing Authority in February 1947. The building has adequate bath facilities and is provided with lounge rooms. Students' rooms are furnished with basic furniture needs. One hundred students are accommodated in this dormitory.

In addition to the five residence halls for men and the Veterans' Dormitories, the College is using several smaller houses, former residences, which have been renovated and equipped for use by students. These residences provide comfortable accommodations for a total of approximately one hundred men.

RESIDENCE HALLS FOR WOMEN

There are three large residence halls for women, with total accommodations for four hundred and seventeen students. Each room in these halls is supplied with hot and cold running water, two large closets, a bureau, a table, chairs, single iron beds and mattresses. All of the women's halls contain adequate lounge facilities.

Jefferson Hall

Jefferson Hall was erected by funds provided by the General Assembly of 1920. This brick building houses, on the second and third floors, 115 students. On the

first floor are student reception rooms and office of the Women's Physical Education Department. The women's gymnasium and swimming pool are on the basement floor. This dormitory is connected by an arcade to Barrett Hall.

The building was named for Thomas Jefferson, an alumnus of the College.

Kate Waller Barrett Hall

The Kate Waller Barrett Hall was erected by the College in 1927 as a memorial to Dr. Kate Waller Barrett, one of the leading figures in the movement for the higher education of women in the South, and at the time of her death in 1925 a member of the Board of Visitors of the College. It is of modern fireproof construction and accommodates one hundred and sixty-four women students. It cost \$225,000 complete. The State provided \$80,000 of the funds necessary to build it, and the remainder was obtained through the Noell Act. In Barrett Hall is found the Alice Aberdein collection of oriental art objects.

Chandler Hall

Chandler Hall, named for the late President of the College, was finished and ready for use in June, 1931. It is a three-story fireproof building located on Jamestown Road and connected by an arcade to Barrett Hall. It accommodates one hundred and thirty-eight students. The \$182,000 necessary for its construction was secured through the Noell Act.

Other Residences for Women

The College owns nine other women's residences which accommodate one hundred and thirty-nine students. The buildings are of brick. They are rented at present at dormitory rates to nine sororities. Students living in these houses are subject to the same rules and regulations as the occupants of the larger residence halls.

THE HOME MANAGEMENT HOUSE

The home-management house, an integral part of the Department of Home Economics, is a two-story frame structure, situated on Armistead Avenue, No. 197, very near the campus gates on Richmond Road.

EXPENSES

GENERAL INFORMATION

Subject to the following regulations and exceptions, all charges made by the College for room, board and fees are considered to be fully earned upon the completion of registration by the student.

1. A student withdrawing within a period of five days after the scheduled registration period is entitled to a refund or rebate on all charges except that \$10.00 shall be retained by the College to cover the expense of registration. (These refunds or rebates do not include any deposits or advance payments that may have been required by the College as evidence of the student's intention to enroll.)

2. A student withdrawing at any time within the first month after the scheduled period of registration shall be charged 25 per cent of the semester's room rent and fees.

3. A student withdrawing at any time within the second month after the scheduled period of registration shall be charged 50 per cent of the semester's room rent and fees.

In cases of withdrawal from College, charges for board will be calculated on a pro-rata basis.

No reduction in charges for room or board will be made for students who remain in College.

Principal fees, and room and board fees are payable in advance by the semester, remittance being made by check drawn to the College of William and Mary. The College has a special payment plan for those who are unable to pay the entire account at registration. Information concerning this plan may be obtained by writing the Auditor's Office. Permission to use this plan will not be granted unless absolutely necessary. Failure to meet the payments when due results in automatic suspension of the student from College until the account has been brought up to date.

Students will not be allowed to complete registration unless their cards have first been approved by the Auditor's Office and such approval will be given only after satisfactory financial arrangements have been made. This preliminary procedure can most satisfactorily be arranged by mail and should be completed as soon as the student has been assigned to a room. It is advisable to attend to this during July and August to avoid the rush that precedes registration. Statements will be mailed as soon as room assignments are completed.

Students who present themselves for registration without making preliminary arrangements must come prepared to pay their accounts in full. Otherwise, their registration will be delayed until satisfactory arrangements have been made.

First semester accounts or first payments on accounts under the special payment plans are *due on or before September 1*. Second semester accounts are *due on or before January 15*.

No rebates in any of the fees will be allowed. No refunds of fees or room rent will be made to students whose connection with the College terminates on account of disciplinary action.

Students holding scholarships are required to pay all fees less the value of the scholarship which they hold.

Students holding scholarships (except Merit Award Scholarships) and student positions must board in the College dining hall and room in College owned dormitories.

The College does not have facilities for handling deposits for students' personal expenses, but the Auditor's Office is prepared to cash checks up to \$25.00. All such checks should be made payable to the student or to cash. Under our regulations as a State institution, we are not permitted to cash checks made payable to the College of William and Mary.

INCIDENTAL EXPENSES

It is impossible to estimate the exact cost to students of clothing, travel, and incidental expenses. These are governed largely by the habits of the individual. The College endeavors to cultivate frugality on the part of the students, and equally to minimize temptation to extravagance. The size of Williamsburg aids materially

in this matter by not subjecting the students to the diversions of a larger city. As the demands for extra money are small, parents are advised to furnish only a small sum.

The cost of books depends somewhat on the courses taken, but will seldom be less than \$25.00 a year and does not usually exceed \$50.00 a year.

Money for books cannot be included in checks covering college expenses and arrangements should be made to take care of this expense separately. **Checks for books should be made payable to the William and Mary Bookstore.**

EXPLANATION OF FEES

Tuition Fee (\$80.00 for State Students and \$160.00 for Out-of-State Students) is a payment towards the general maintenance and operating costs of the College. There is no system of laboratory fees or other special fees for individual courses.

Any minor is classified as a Virginia student whose supporting parent resides in Virginia and does business therein. The residence of anyone twenty-one years of age is determined by where his home is at the time of his entrance in College. A declaration of intention to reside in Virginia is not sufficient unless the person has voted and does vote in the State, and is a regular Virginia taxpayer. The Act affecting residency is as follows:

“Be it enacted by the General Assembly of Virginia, That no person shall be entitled to the admission privilege, or the reduced tuition charges, or any other privileges accorded by law only to residents or citizens of Virginia, in the State Universities, Colleges and other institutions of higher learning unless such person has been a bona fide citizen or resident of Virginia for a period of at least one year prior to admission to said institution, provided that the governing boards of such institutions may require longer periods of residence and may set up additional requirements for admitting students.”

Laundry Fee (\$15.00 per semester)—This fee covers the laundry requirements of the average student. The facilities of the laundry are available to the students up to the limit of its capacity in the order in which applications are received.

Health Fee (\$4.50 per semester)—This fee is compulsory for all resident students. It affords the student general medical treatment for minor and incipient illness, and accidents, bed care in the College Infirmary, for a period up to three weeks, for minor and incipient illness, isolation and care for the common communicable diseases, and necessary staple drugs. The fee does not include the expense of consulting physicians, special nurses, surgical operations, care in other hospitals, special medications, or x-ray and laboratory tests. Meals are not included and are charged the student at the prevailing Dining Hall rate.

Athletics Fee (\$7.50 per semester)—The money derived from this fee is used to defray the expenses of maintaining the various forms of athletic activity at College. Payment of the fee entitles the student to membership in the athletic association and to free admission to all athletic contests on the home grounds.

Gymnasium Fee (\$5.00 per semester)—All students are charged the gymnasium fee. This fee covers maintenance and use of equipment, athletic fields, lockers, shower baths, swimming lessons and plunge periods, tennis courts, and other recreational activities.

Activities Fee (\$4.00 per semester)—was recommended by Student Activities Committee and approved by the Board of Visitors in June, 1935. The greater portion of the fee is used to defray expenses of the three student publications, namely: *Colonial Echo*, *Flat Hat*, and *Royalist*. The balance is used by the Debate Councils, the Musical Organizations, and Student Government.

Board—The College operates a large modern cafeteria seating over 600 persons. It also operates special dining halls for those wishing table service.

No student can be accepted unless he surrenders his ration books to the College. The transfer of ration books to the College will be a part of the registration.

Since the College of William and Mary is a residential institution, all students must board in the regular dining halls. Special arrangements, however, will be allowable for Work-Study or other students whose working appointments conflict with the meal schedule of the College.

Each student of the College will be billed for board at the rate of \$1.00 per diem for each day of residence in the semester, not including the vacation period. This requirement will not care for the total number of meals, since average board ranges from \$35 to \$38 per month. The requirement of \$1.00 per diem, however, permits a student to take occasional meals at other eating establishments in Williamsburg. This required board charge will vary from \$120 to \$130 per semester.

At the beginning of the semester the College will issue to each student four meal books for use in the dining halls. Each book will be valid for a period of approximately thirty semester days. Students who exhaust their books before the end of the semester will purchase additional meals by cash or purchase a supplementary meal book.

The board rate in the special dining halls will be at the rate of \$10 per week.

Owing to uncertain conditions prevailing with respect to the cost of food supplies and of food service, the College reserves the right to change its rates for board at any time throughout the year to meet such additional costs.

Room Rent—covers charges for room, furniture, janitor service, light and heat. *All students, men and women, with the exception of day students, are required to room in College dormitories or sorority houses.* The sorority houses are classified by the Board of Visitors of the College as dormitories. Any variation from this regulation must be by written permission from the President of the College. No part of room rent will be refunded to the student who leaves the dormitory unless he withdraws from College.

Room Furnishings—The College furnishes only single beds, springs, and mattresses, a bureau (to be shared by two persons), two chairs, and a study table. Closets are built in the room, one for each student. The student must furnish all linen, bed covering, pillows, towels, curtains, student lamp, rugs, and other articles desired.

Room Deposit.—A deposit of \$25.00 is required by the College for a student to reserve a room. This payment is made to the Auditor and is applied on the student's regular college account.

This deposit may be made by students already enrolled at any time after the beginning of the second semester, but *must* be paid before June 1. No rooms will be reserved for students who have not paid their room deposit by that date.

Students enrolling for the first time may not make a room reservation deposit until they have been notified of their admission to the College.

The room deposit will be returned only to those students who cannot be accommodated in the dormitories or who cancel their reservations on or before August 1. No student who has reserved a room in one of the residence halls will be permitted to transfer to a fraternity house or sorority house after August 15.

Room assignments for women will be made by the Assistant Dean of Women. Room assignments for men will be made by the Assistant Dean of Men. Assignments will be made in order of priority of application.

Room Change Fee—Students are given two weeks to become settled in their rooms. Changes after this period will only be permitted after the payment of five dollars.

Special Examination Fee—A fee of \$3.00 is charged for all special examinations except such as are necessitated by sickness or other unavoidable causes. This fee must be paid in advance, and a receipt from the treasurer of the College must be presented before the examination is taken.

Diplomas—The charge for the Master's diploma is \$10.00, and the charge for the Bachelor's diploma is \$7.50. These fees are payable at graduation.

Academic Costumes—Senior students are furnished an academic costume for use during their Senior Year at the cost of \$4.00 to those receiving Bachelor's degrees and \$4.50 to those receiving Master's degrees. This fee is payable at graduation.

FINANCIAL AID

ADMINISTRATION

All forms of financial assistance available at the College, scholarships, loans or employment, are administered by the Committee on Scholarships and Student Employment. Applications for aid must be made in writing to the Chairman of the Committee on Student Aid Marshall-Wythe Hall. Applications for the forthcoming session must be made by students in residence by May 1. Applications of entering students should be in the hands of the Committee not later than August 1. No application will be accepted until the applicant has been selected for admission to the College.

All awards, except the Merit Awards described below, are made on the bases of need, character, and scholastic ability, and are made for one year only.

SCHOLARSHIPS

Students holding scholarships which exempt the recipients from the payment of College fees must reside in the dormitories owned by the College, and must board in the College Refectory.

At the beginning of the first semester, one-half of the value of a scholarship is credited to the student's account; the remainder is credited at the beginning of the second semester, provided the student has satisfied the academic and other requirements set forth in the Notification of Award.

All students who hold scholarships must make a quality point average of 1.0, or better, during the first semester in order to retain the award for the second semester.

Roll of Fame Merit Scholarships

The William and Mary Roll of Fame includes three Presidents of the United States, four judges of the United States Supreme Court, four signers of the Declaration of Independence, fifteen Governors of Virginia and seven Governors of other States, sixteen Senators from Virginia and six from other States, three Speakers of the House of Representatives, fifteen members of the Continental Congress, twenty-five members of the Supreme Court of Appeals of Virginia, eleven members of the President's cabinet, a large number of members of the United States House of Representatives, and many other distinguished men. It is the hope of the College eventually to have memorials to all of the distinguished sons of the College whose names are found on its Roll of Fame.

The Roll of Fame Merit Scholarships are awarded solely on the basis of academic achievement to the ranking scholars of the College and are not available to entering students.

Each of these scholarships, with the exception of the Elisha Parmele Scholarship and the William Arthur Maddox Scholarship, exempts the student from the payment of \$75.00 in fees, if the recipient is a Virginia resident, or \$100.00 in fees, if the recipient is a non-Virginia resident. One-half of the scholarship is credited

to the student's account at the beginning of the first semester and one-half at the beginning of the second. Failure to remain in residence at the College for the second semester forfeits one-half of the value of the scholarship.

The Chancellor Scholarship. This scholarship was founded in 1871 by Hugh Blair Grigsby, then Chancellor of the College, as a memorial to George Washington, Chancellor of the College, 1788-1799, and John Tyler, Chancellor, 1859-1862. The Chancellor Scholar during 1946-47 was Ruth T. Nenzel.

Admiral Cary T. Grayson Scholarship Aids

This program of scholarship aid to men students was established in 1940 in honor of Admiral Grayson, a distinguished alumnus of the College. During his lifetime Admiral Grayson served as surgeon, U. S. Navy; as president of the Gorgas Memorial Institute for Preventive Medicine and Tropical Research; and as Chairman of the American Red Cross. He was personal physician to Theodore Roosevelt, William H. Taft, and Woodrow Wilson. Before his death he was elected chairman of the International Red Cross. Of him Franklin D. Roosevelt wrote, "Whether directing relief at home or cooperating in the alleviation of human misery in far lands, his tact, industry and genius for getting things done made his work outstanding." Cary Grayson entered the College as a boy of fifteen from his home in Culpeper County, and throughout his life he served unselfishly the College he so deeply cherished.

The Cary Grayson Scholarship Aids vary in amount from \$50.00 to \$200.00 per annum; and they are available to deserving men students of outstanding academic and personal qualifications. These aids are open to Virginia and non-Virginia students alike. The corpus of this scholarship aid fund amounts to approximately \$50,000.00.

Chandler Memorial Scholarship

These scholarships were established by resolution by the Board of Visitors in 1934 as a memorial to the life and work of Dr. J. A. C. Chandler, nineteenth presi-

dent and the builder of the new campus. They are valued at \$300.00 each per year and are awarded to Virginia male students of the College of William and Mary on the bases of scholarship, leadership, character, and athletic ability.

These awards have been discontinued for the present.

The John Stewart Bryan Scholarship Fund

In 1943 several endowed scholarships were established by Mrs. Lettie Pate Evans of Hot Springs, Virginia, "in honor of that distinguished American and Virginian, John Stewart Bryan, former President of the College and its present Chancellor." These scholarships vary in amount from \$50.00 to \$300.00 per annum. The principal of this fund exceeds \$38,000.00. It is Mrs. Evans' wish that friends and admirers of Chancellor Bryan be invited to add to the corpus of this fund.

Thomas Ball Scholarship Fund

This fund of approximately \$50,000.00 was established in December, 1940, by Mrs. Alfred I. (Jessie Ball) duPont, of Wilmington, Delaware, in memory of her father, an alumnus of The College of William and Mary. The fund is established for the sole purpose of making scholarships available to deserving young persons from Tidewater Virginia, and particularly from that section familiarly known as the Northern Neck of Virginia. Awards under this gift vary from \$50.00 to \$300.00 per annum.

War Memorial Scholarships

In the fall of 1944 the Society of the Alumni adopted an annual gift-giving program among its membership. The funds received in this manner will be used to establish a series of tuition scholarships known as War Memorial Scholarships. It is planned to support a War Memorial Scholarship in honor of every alumnus who lost his life in World War II. The Roll of Honor now lists a total of ninety names.

Unfunded Scholarships

The General Assembly has authorized the establishment of State scholarships to be designated as Unfunded Scholarships. These scholarships entitle the holder to a remission of from \$50.00 to \$100.00 of the annual tuition charge to Virginia students and are awarded on the bases of character, ability, and need. The number of these scholarships is determined by the enrollment of Virginia students in the College. They are limited to freshman and sophomore students. Juniors and seniors in need of funds are referred to the State Students' Loan Fund program described below.

General Fund Scholarship Aids

These aids were established by the Board of Visitors of the College and are supported by the Private Endowment of the College. The sum of \$10,000.00 per annum is distributed to worthy students who are in need of financial assistance. The amounts and terms are determined by the need, ability, and character of the applicant. Students who are residents of Virginia are given priority in the award of these stipends.

Special Scholarships

George Washington Scholarship. This scholarship was founded in 1922 by the Daughters of the Cincinnati as a memorial to Goerge Washington, licensed as a surveyor by the College, 1749, and the first Chancellor after the Revolution. The award of this scholarship, which is restricted to daughters of officers of the United States Army and Navy, in the first instance, and to fill vacancies arising therein, shall be upon the written nomination of the Daughters of the Cincinnati, provided, however, that in case the Society should fail to nominate a candidate on or before September first in the year, the faculty of the College of William and Mary shall have power to assign the scholarship to any properly qualified daughter of a regular officer of the Army or Navy of the United States. This scholarship gives \$250.00 maintenance to the recipient when the holder is nominated by the Daughters of the Cincinnati. In the event that the recipient of the scholarship is not nominated by the Daughters of the Cincinnati, but is selected by the Faculty of the College, as provided for above, the total value of the scholarship will be \$100.00.

PRIZES

The Society of the Cincinnati in the State of Virginia offers each year a medal of bronze and a cash prize of \$100.00 to a male student, majoring or minoring in history, who submits the best essay on a subject dealing with the constitutional history of the United States, or with Virginia colonial history. The subject must be approved by the head of the history department of the College. The essays must be submitted to him during the first week in May. They must be typewritten, with duplicate copies, and signed with a pseudonym. The author's name together with his pseudonym should accompany each essay in a sealed envelope. No prize will be given if a paper of sufficient merit is not submitted.

This award was won by Eugene Eager Wood.

The Tiberius Gracchus Jones Literary Prize was created by the presentation to the College of a check for \$1,000.00 by Miss Gabriella Page as a gift from Archer G. Jones for a memorial to his father, Tiberius Gracchus Jones, a member of the class of 1844-45. This gift was to be invested and the income therefrom to be applied each year to a prize for the best English essay submitted by any undergraduate student in any department of the College. The word "essay" includes the

poem, the short story, the play, the oration, and the literary essay: "it being the donor's thought," as stated in the letter enclosing the gift, "that the greatest latitude be permitted in subjects chosen for the essay without fear or prejudice, so that the result may tend to the advancement of the eternal spirit of the unchained mind."

This award was won by Una Dell Horton.

The Lord Botetourt Medal.—An annual award to the graduating student who has attained greatest distinction in scholarship. The medal was established in 1772, and has been revived by Norborne Berkeley, Esquire.

This medal was awarded to Ennis Samuel Rees.

Sullivan Award.—A medallion awarded by the Southern Society of New York in recognition of influence for good, taking into consideration such characteristics of heart, mind, and conduct as evince a spirit of love and helpfulness to other men and women. Awarded each year to a man and to a woman from the student body and to a third person possessing the characteristics specified by the donors.

These awards were made to Dr. Robert Gilchrist Robb; Robert Harry Bryant, and Margaret Edith Potter.

James Frederick Carr Memorial Cup.—A memorial to James Frederick Carr, a former student of the College, who lost his life in the World War, March, 1919. This cup is the property of the College. The student winning the honor has his name engraved on the cup. Awarded on the basis of character, scholarship, and leadership. Presented by Mrs. John B. Bentley.

This award was won by Richard Lee Baker.

The William A. Hamilton Prize.—A prize of \$50.00 established in 1938 by Charles P. Sherman, D.C.L., LL.D., awarded to the student graduating in Jurisprudence who shall write and submit the best essay or thesis on a subject connected with Roman Law or with Comparative Roman and Modern Law, the subject to be assigned by the Faculty of Jurisprudence.

This prize was shared by Barbara Jean Adams and Alice Monie Price.

The Jeanne d'Arc Medal.—A medal is awarded each year by the Societe des Amies de Jeanne d'Arc of New York City to that member of the graduating class who has done the most outstanding work in French.

The L. Tucker Jones Memorial Prize.—This prize is awarded annually to a member of the senior class concentrating in the teacher training division. In making the award the committee will take into consideration qualities of leadership, high ideals, and scholastic standing. This prize is supported from the income of the L. Tucker Jones Memorial Fund.

EMPLOYMENT

In order to coordinate work and study, the College of William and Mary has vested full control of student employment in the Committee on Scholarships and Student Employment. This control applies to positions on the campus as well as to jobs in the city of Williamsburg.

Approximately forty positions as waiters in the College Refectory are awarded annually. Compensation for this employment is forty-five cents per hour, or an average of forty dollars per month. Student assistantships, worth from \$100 to \$250 for the session, are available to qualified students in the various departments in the College.

All students employed by the College must reside in dormitories owned by the College and must board in the College Refectory.

At the present time employment opportunities in the vicinity of the College of William and Mary are such that each student may be assured of a substantial work income. A wide variety of jobs is available in local stores, restaurants, hotels, theatres, and offices. Under a coordinated work study program it is possible for men students to earn the major portion of their expenses while in residence at the College.

In order to maintain a proper balance between hours of employment and academic loads, the College requires that all student employment on the campus or in the city be assigned by the Chairman of the Committee on Scholarships and Student Employment. Student employment assignments are on a contractual basis. All students accepting employment are expected to meet the responsibilities of their respective jobs. Failure to do so will constitute adequate reason for the Committee to refuse further financial assistance.

First year students are required to pass a minimum of ten academic hours and all other students a minimum of twelve academic hours in order to retain their appointments for the second semester.

PLACEMENT

The College maintains a Placement Bureau for its seniors through which all non-teaching placements are made. Personnel records of graduates and of senior students are made available to governmental and business organizations interested in employing men and women from the College. Prospective employers are invited to make use of this service and are given every assistance in their recruiting programs. Records and other information on the agencies using this service are at the disposal of registered students without charge. Free services of the Bureau include vocational counsel and specific aid in securing satisfactory positions.

The placement of all students and graduates desiring teaching positions is accomplished through the specialized services of a Bureau of Recommendations operated by the Department of Education in the interest of the entire college. Prospective teachers are encouraged to register in this Bureau and are given organized help in entering the teaching profession.

THE SOCIETY OF THE ALUMNI OF THE COLLEGE OF WILLIAM AND MARY IN VIRGINIA

The Society of the Alumni of the College of William and Mary in Virginia was founded in 1842 and incorporated on March 17, 1923. Its purpose is to organize the alumni of the College of William and Mary in one general body, in order to keep alive the memories of college life and promote the welfare of the College. Any alumnus who has received honorable dismissal from the College is eligible for membership in the Society upon payment of dues to the Secretary. An alumnus is defined as any person who has received a degree in course from the College of William and Mary in Williamsburg or has been enrolled at the College of William and Mary in Williamsburg for at least one semester of a regular session. The annual dues are \$4.00.

The officers of the Society are: Wayne Carr Metcalf, '13, President; Catherine Teackle Dennis, '21, Vice-President; Vernon Meredith Geddy, '17, Secretary-Treasurer; Charles Post McCurdy, Jr., '33, Executive Secretary.

The Members of the Board of Directors of the Society are: *To June, 1947*—Wayne Carr Metcalf, '13, Roanoke, Virginia; Catherine Teackle Dennis, '21, Raleigh, North Carolina; Theodore Roosevelt Dalton, '24, Radford, Virginia. *To June, 1948*—Carroll Brown Quaintance, '24, Cranford, New Jersey; Edward Nelson Islin, '25, Newport News, Virginia; Alva Ray Simmons, '27, Baltimore, Maryland. *To June, 1949*—Robert Edward Henley, '06, Richmond, Virginia; Vernon Meredith Geddy, '17, Williamsburg, Virginia; Mary Wilson Carver, '44, Charleston, West Virginia. *Ex officio*—the President of the Student Body and the President of the Senior Class.

The members of the Alumni Board of Trustees of the Endowment Fund of the College of William and Mary in Virginia, are: *To July, 1947*—Alvan Herbert Foreman, '99, (Treasurer), Norfolk, Virginia. *To July, 1948*—Ashton Dovell, '08, (Chairman), Williamsburg, Virginia. *To July, 1949*—Edward Nelson Islin, '25, Newport News, Virginia. *To July, 1950*—Claude Vernon Spratley, '01, Hampton, Virginia. *Ex officio*—the President of the Society of the Alumni.

Instruction

DIVISION AND DEPARTMENTS

The faculty of the College, for purposes of closer association in such matters as instruction, curriculum, and research, is organized by Divisions and Departments, as follows:

I. THE DIVISION OF THE HUMANITIES.

JESS H. JACKSON, *Chairman*
ARCHIE G. RYLAND, *Secretary*

The Department of Ancient Languages.
The Department of English Language and Literature.
The Department of Fine Arts.
The Department of History.
The Department of Modern Languages.
The Department of Philosophy.

II. THE DIVISION OF THE SOCIAL SCIENCES.

RICHARD L. MORTON, *Chairman*
CHARLES F. MARSH, *Secretary*

The Department of Business Administration.
The Department of Economics.
The Department of Government.
The Department of History
The Department of Jurisprudence.
The Department of Philosophy.
The Department of Secretarial Science.
The Department of Sociology.

III. THE DIVISION OF NATURAL SCIENCES.

DONALD W. DAVIS, *Chairman*
R. G. ROBB, *Secretary*

The Department of Biology.
The Department of Chemistry.
The Department of Mathematics.
The Department of Psychology.
The Department of Physics.

IV. THE DIVISION OF TEACHER EDUCATION.

GEORGE J. OLIVER, *Chairman*
 CAROLINE SINCLAIR, *Secretary*

The Department of Education.
 The Department of Home Economics.
 The Department of Library Science.
 The Department of Physical Education.

EXPLANATORY NOTE

Courses numbered 100 are primarily for freshmen, 200 for sophomores, 300 and 400 for juniors and seniors; the 400 (some 300) courses being open to graduate students also, with the approval of the head of the department concerned and of the Chairman of the Degrees Committee. Odd numbers indicate first semester courses, even numbers, second semester courses; with the exception of "year courses," which are numbered 100, 200, 300, or 400. A department offering two or more year courses on the senior level numbers them thus: Eng. 400, Eng. 400-I, Eng. 400-II, etc.

An "R" following a course number (Econ. 331R, for example) means that the course is given during the first semester and repeated during the second semester.

A "year course" is one built up step by step so that each step is dependent upon the previous one. Such a course will not be completed until the end of the year. Credit is determined at the end of the year on the work of the entire course. Reports at the end of the first semester will carry grades, but no credit. Reports at the end of the year will carry the grade for the year as well as the credit for the entire year's course. No admission to a "year course" at the beginning of a second semester will be permitted except with written approval of the instructor.

A "continuous course" covers a field of closely related material, but may be entered at the beginning of the second semester, if approval has been secured from the instructor concerned. The reports at the end of each semester will carry a grade and a credit.

By vote of the Faculty, "year courses" will be treated as continuous courses until further notice.

*Starred courses may be taken only with the consent of the instructor.
 Daggered courses may be taken only with the consent of the head of the department concerned.

THE DEPARTMENT OF ANCIENT LANGUAGES

Professors: A. PELZER WAGENER, *Head of the Department*; GEORGE J. RYAN

Requirements for Concentration

A candidate for the A.B. degree with concentration in Ancient Languages will be expected to take at least 30 credits in Greek and Latin courses, with the majority of these credits in one of the two languages. Latin 408 or Greek 406, and 6 credits chosen from Greek 305, Latin 306, and Greek-Latin 307 are prescribed courses in the concentration. If the major emphasis is on Latin, at least one year of Greek

should be taken; if on Greek, at least one year of Latin. The beginning or continuation of the study of modern foreign language in the freshman and sophomore years is advised. Prospective teachers of Latin should take Latin 405 (Education S305) and should prepare themselves in a second teaching field, preferably English or modern foreign language.

Description of Courses

Latin

Latin 100. Elementary Latin. Mr. Wagener.

Year course; lectures three hours; six credits.

The mastery of language structure and vocabulary, and the study of derivation. Reading from a first and a second year text. A review of Roman history and private institutions, and of the legacy left by Roman civilization.

Latin 103, 104. Representative Writers of Prose and Poetry. Prerequisite, at least two units of high-school Latin or Latin 100. Mr. Wagener.

Continuous course; lectures three hours; three credits each semester.

A course for students presenting two entrance units and for more advanced students who wish to renew their knowledge of Latin. Review of vocabulary, inflections, and grammatical principles; derivation and word analysis; reading of selections from Caesar, Cicero, other prose authors, Vergil, and Ovid; appropriate background study.

Latin 105, 106. Professional Latin. Mr. Wagener.

Continuous course; lectures three hours; three credits each semester.

For students who have had some high-school Latin and who desire to refresh their knowledge with a view to applying it in other subjects. Elementary vocabulary, inflections, and syntax reviewed. The etymology of the vocabularies of the sciences, with the reading of selections from Latin legal, medical, and scientific writings of various periods which employ such vocabularies. This course satisfies the requirement of a continuation of high-school Latin.

Latin 201, 202. Literature of the Republic and the Empire. Prerequisite, three or four units of high-school Latin or Latin 103-4. Mr. Wagener.

Continuous course; lectures three hours; three credits each semester.

Selections representative of the work of the most important writers in the periods of the Republic and the Empire, with particular emphasis upon the comedy and lyric poetry. A study of the literary types represented in Latin literature and of their influence upon the literature of later ages.

Latin Literature Cycle. Mr. Wagener.

Each course one semester, according to number; lectures three hours; three credits.

The following courses are offered as the needs and wishes of students in the Department in any year may demand. For all of these courses, the completion of Latin 201 and 202 or the equivalent is prerequisite. In each course there is a parallel study of some phase of Roman life or thought. Those in the 400 group may be counted toward the A.M. degree when supplemented by additional parallel reading.

Latin 301: Cicero's and Pliny's Letters, The Epigrams of Martial; **Latin 302:** Ovid and the Elegiac Poets; **Latin 303:** Livy; **Latin 304:** Horace's *Odes* and *Epodes*, Vergil's *Eclogues*; **Latin 305:** Comedy—Plautus and Terence; **Latin 401:** Horace's *Satires* and *Epistles*, Juvenal, Petronius; **Latin 402:** Tacitus, Suetonius; **Latin 403:** Cicero's Philosophical Works, Seneca; **Latin 404:** The Latin Epic—Vergil and Lucan.

***Latin 405. The Teaching of High School Latin.** (See Ed. S305.) Mr. Wagener.

First semester; lectures three hours; three credits.

A detailed study of the curriculum in Latin as prescribed for the high school, including a thorough review of content as well as the mastery of methods of presentation. Should be taken in the junior year by prospective teachers.

***Latin 408. Advanced Syntax and Composition.** Mr. Wagener.

Second semester; lectures three hours; three credits.

A review of syntactical principles and drill in the writing of idiomatic Latin.

†Latin 410. Special Topics. Mr. Wagener.

Any semester; three credits for each course.

Courses of distinctly graduate character. Open from time to time to such candidates for the A.M. degree as are prepared to carry on individual study and research.

A: Epic Poetry of the Republic; B: Post-Augustan Epic Poetry; C: Satire, exclusive of Horace and Juvenal; D: Palaeography; E: Epigraphy; F: Problems of Textual Criticism.

Greek

Greek 100. Elementary Greek. Mr. Ryan.

Year course; lectures three hours; six credits.

The elements of the Greek language with translation of stories and poems from selected readers. Parallel study of Greek civilization and of the legacy left by Greek culture and thought to the modern world.

Greek 201. Representative Prose Writers. Prerequisite, Greek 100 or equivalent. Mr. Ryan.

First semester; lectures three hours; three credits.

Selected passages from Herodotus, Xenophon, Lysias, and Plato, together with continued study of forms, syntax, and composition. A review of the history of Greek Literature through reading in translation.

Greek 202. Homer. Prerequisite, Greek 201 or equivalent. Mr. Ryan.

Second semester; lectures three hours; three credits.

Selected books of the *Iliad* or the *Odyssey*. A study of Homeric civilization, of the literary qualities of the poems, and of their influence upon subsequent literature.

***Greek Literature Cycle.** Mr. Ryan.

Each course one semester, according to number; lectures three hours; three credits.

The following courses are offered as the needs and wishes of students in the Department in any year may demand. For all of these courses, the completion of Greek 201-202 or the equivalent is prerequisite. In each course there is a parallel study of some phase of Greek life or thought.

Greek 301, 302: The Drama—Aeschylus, Sophocles, Euripides, Aristophanes; **Greek 401:** Philosophy—Plato; **Greek 402:** New Testament—The Gospels, Acts, and Epistles; **Greek 403:** Historians—Herodotus, Thucydides; **Greek 404:** Lyric Poetry.

***Greek 406. Advanced Syntax and Composition.** Mr. Ryan.

Second semester; lectures three hours; three credits.

A review of syntactical principles and drill in the writing of idiomatic Greek.

Classical Civilization

The following courses are offered as being of general cultural value as well as essential to an understanding of classical civilization. *A knowledge of Latin and Greek is not required.* These courses, except Greek 203 and Latin 204 may be counted to the extent of six semester credits on a concentration in Latin or Greek, but will not absolve the language requirement for a degree. They are open to *sophomores*, *juniors*, and *seniors* and, when supplemented by parallel study, may be counted to the extent of six semester credits toward the A.M. degree.

Greek 203. Greek Civilization and Its Heritage. Mr. Ryan.

First semester; lectures three hours; three credits.

Primarily for freshmen and sophomores. Supplementary reading required for junior or senior credit.

An evaluation of the Greek heritage in the modern world, primarily for students who have had neither Greek nor Latin. The mythology and history, the social and economic problems, and the literature and art of Greece are discussed and interpreted with emphasis upon their influence, direct and indirect, on modern civilization and upon their value not only for the better understanding of modern social and economic problems, but also for the fuller appreciation of English literature.

Latin 204. Rome's Legacy to the World of Today. Mr. Wagener.

Second semester; lectures three hours; three credits.

Primarily for freshmen and sophomores. Supplementary reading required for junior or senior credit.

A survey of the outstanding aspects of ancient Roman civilization, and a study of the influences from the Latin language and from Roman literature, institutions, and architecture manifested in the life of the world today. Similar in character to Greek 203.

Greek 305. Greek Archaeology and Art. Mr. Wagener.

First semester; lectures three hours; three credits.

Latin 306. Roman Archaeology and Art. Mr. Wagener.*Second semester; lectures three hours; three credits.*

The study—by means of illustrated lectures, readings, and reports—of the nature of archaeological research; of the tangible remains of Greek and Roman civilization and art; of the aesthetic principles underlying their production; and of the influence of Greek and Roman art upon the art of subsequent periods.

Greek-Latin 307. Our Heritage of Greek and Roman Literature. Mr. Wagener.*Either semester; lectures three hours; three credits.*

A survey of chosen masterpieces from the Greek and Roman literatures as a revelation of the thought and culture of Greece and Rome, and of the influence left by them to the modern world. Lectures and readings in translation. Designed as the first half of a course in foreign literature in translation.

THE DEPARTMENT OF BIOLOGY

Professors: DONALD W. DAVIS, *Head of the Department*; J. T. BALDWIN, JR.

Assistant Professors: ROY P. ASH, GRACE J. BLANK, GEORGE B. ROSSBACH

Instructor: BERNICE M. SPEESE

Lecturers: JAY D. ANDREWS, WILLARD VAN ENGEL, CONRAD S. YOCUM

Requirements for Concentration

Concentration in Biology requires a minimum of 40 credits selected with the advice and approval of the head of the department and including Biology 100 and one of the sequences given below. Of the 40 credits a maximum of 10 may be counted from approved courses, numbered 200 and above, given in other departments and completed with a grade of C or better. Students concentrating in Biology are strongly advised to take Frech, including Scientific French or German, including Scientific German, and a year of Mathematics, either in satisfaction of the distribution requirements or as electives.

Sequence A—For zoological students. Biol. 206 or 305 and sixteen credits from Biol. 201, 202, 207, 304, 307, 312, 315, 401, and 403.

Sequence B—For botanical students. Biol. 304 or 315 and sixteen credits from Biol. 206, 301, 305, 306, 310, 401, and 403.

Sequence C—For premedical and pre dental students. Biol. 201, 202, and twelve credits from Biol. 305, 307, 315, 401, and 403. Premedical students should not take Biol. 301, 302, or 304, since these deal with subjects covered in the medical course.

Sequence D—Prospective students of Bacteriology, Clinical Laboratory Technique or Nursing should take Biol. 301, 302, and 304, and ten or more credits from 201, 202, 307, 401, and 403.

Sequence E—For prospective teachers. Twenty credits including four from each of three of the following groups: (1) Biol. 201, 202, 307; (2) Biol. 206, 207, 305, 310, 312; (3) Biol. 301, 302, 304; (4) Biol. 315, 316, 405; (5) Biol. 401, 403.

Sequence F—For Sanitary Engineering students. A sequence may be arranged combining Biology with preparation for engineering. See pp. 148, 149 and Program in Cooperation with the Massachusetts Institute of Technology.

Sequence G—For students of Aquatic Biology. Courses in Biology should include: Biol. 201, 304, 307, 312, 315, 316, 405 and 406. For further information as to work in Aquatic Biology see the announcement of the Virginia Fisheries Laboratory of the College of William and Mary, pp. 157, 158.

Description of Courses

Biol. 100. Biological Science. Mr. Baldwin, Mr. Rossbach, Miss Speese, Mr. Davis.

Year course; lectures three hours; laboratory four hours; ten credits.

This course satisfies prerequisites of Botany and Zoölogy for later courses.

Biol. 103. Public Health and Hygiene. No prerequisites. Miss Blank.

First semester; lectures three hours; three credits.

The personal and social aspects of health promotion and disease prevention, including supervision of school children. This course or its equivalent is required of prospective teachers. It is not accepted in fulfillment of degree requirements in science or of concentration in Biology.

Biol. 201. Comparative Anatomy of Vertebrates. Prerequisite, Zoölogy. Mr. Ash.

First semester; lectures two hours; laboratory six hours; four credits.

Biol. 202. Embryology of Vertebrates. Prerequisite, Comparative Anatomy of Vertebrates (except with consent of the instructor). Mr. Ash.

Second semester; lectures two hours; laboratory six hours; four credits.

Biol. 206. Plant Taxonomy. Prerequisite, Botany. Mr. Rossbach.

Second semester; lectures two hours; laboratory six hours; four credits.

Biol. 207. Entomology. Prerequisite, Zoölogy. Mr. Rossbach.

First semester; lectures three hours; laboratory four hours; four credits. Usually alternates with Biol. 305.

Biol. 301. Bacteriology and Public Health. Prerequisite, Zoölogy or Botany, and General Chemistry. Miss Blank.

First semester; lectures three hours; laboratory four hours; four credits. Required of students concentrating in Physical Education or in Home Economics.

This course meets the requirements in School Health for Virginia teacher's certificates under the West Law.

Biol. 302. Bacteriology. Prerequisite, Public Health. It will be advantageous to have taken, or to take with this course, Organic Chemistry. Miss Blank.

Second semester; lectures two hours; laboratory six hours; four credits.

Biol. 303. Human Anatomy. Prerequisite, Zoölogy. Mr. Ash.

First semester; lectures three hours; three credits. Open only to students concentrating in Physical Education, except by express permission of the head of the Department of Biology.

Lectures and demonstrations on the bones, joints, ligaments, muscles, and nervous and circulatory systems as related to physical education.

Biol. 304. Human Physiology. Prerequisites, Zoölogy and General Chemistry. It will be advantageous to have taken, or to take with this course, Comparative Anatomy of Vertebrates, Organic Chemistry, and Physics. Miss Blank.

Second semester; lectures three hours; laboratory four hours; four credits.

Biol. 305. Plant Physiology. Prerequisite, Elementary Botany and Elementary Chemistry.

First semester; lectures three hours; laboratory four hours; four credits. Usually alternates with Biol. 207.

***Biol. 306. Structure of Higher Plants.** Prerequisite, Botany.

Second semester; lectures two hours; laboratory six hours; four credits.

***Biol. 307. Histological Technique.** Prerequisite, Comparative Anatomy of Vertebrates (except with consent of instructor). Mr. Ash.

Second semester; lecture one hour; laboratory six hours; three credits.

Biol. 308. Applied Anatomy and Bodily Mechanics. Miss Sinclair. (Dept. of Physical Education).

This course should follow Biology 303. Second semester; three hours; three credits. Open only to students concentrating in Physical Education, except by express permission of the head of the Department of Biology.

Biol. 310. Plant Ecology. Prerequisite, Botany and Plant Taxonomy.

Second semester; lectures three hours; laboratory four hours; four credits. (It is not to be expected that both Biol. 310 and Biol. 312 will be given in one session)

***Biol. 312. Animal Ecology.** Prerequisite, Zoölogy. It will be advantageous to have taken Entomology or Invertebrate Zoölogy.

Second semester; lectures three hours; laboratory and field work four hours; four credits. (See parenthetical note under Biol. 310)

Biol. 315. Invertebrate Zoology. Prerequisite, Zoology. Mr. Davis.

First semester; lectures two hours; laboratory six hours; four credits.

Biol. 316. Hydrobiology. Prerequisites, Botany and Zoology, Analytical Chemistry, and General Physics.

Second semester; lectures two hours; laboratory six hours; four credits. (Not given in 1946-47)

Biotic, physical and chemical factors of the aquatic environment including certain fundamental principles of oceanography. Special attention is given to conditions in the Chesapeake Bay.

***Biology 401. Genetics.** Prerequisite, Zoology and Botany. Mr. Baldwin.

First semester; lectures three hours; three credits; four hours of laboratory work may be taken, thereby increasing the credits to four.

†**Biol. 403. Problems in Biology.** Staff.

Any semester; hours to be arranged; credits according to the work done.

The work of this course is strictly individual and varies with the interests and needs of advanced students. Those interested should consult the instructors before registering and, if possible, some months in advance.

Biol. 405. Economic Marine Invertebrates. Prerequisites, Botany and Zoology; Invertebrate Zoology is highly desirable.

First semester; lectures two hours; laboratory six hours; four credits.

Biol. 406. Fishery Biology. Prerequisite, Botany and Zoology.

Second semester; lectures two hours; laboratory six hours; four credits.

THE DEPARTMENT OF BUSINESS ADMINISTRATION

Professors: CHARLES FRANKLIN MARSH, *Head of the Department*
HIBBERT DELL COREY, WAYNE FULTON GIBBS

Assistant Professors: FRANK L. ROBERTS, JOHN A. MCGUIRE¹

Lecturers: ROBERT D. ARMISTEAD,² I. L. JONES, H. LEDYARD TOWLE

Laboratory Instructor: BETTY JEAN CROCKETT

Experience and reason support the view that training for a successful career in business must rest upon a comprehensive education in the fields of human knowledge. Accordingly, the College of William and Mary requires during the first two years virtually the same program of liberal arts studies for students who plan to concentrate in Business Administration as it does for all other students. The last two years of more specialized work emphasize the fundamental principles of Business

¹ Second semester, 1946-1947.

² First semester, 1946-1947.

Administration, Economics, Accountancy, and Law. Opportunity is afforded for the integration of training in business with such fields as Psychology, Philosophy, Mathematics, Sociology, and Government and to elect courses from other departments.

The Business Forum, which consists of a series of discussions meetings led by business men, provides students with realistic information concerning the various fields of business.

Requirements for Concentration

1. For concentration in Business Administration, 42 semester credits are required. In addition to courses in the Department of Business Administration, courses numbered 300 and above offered by the Department of Economics and specifically approved courses in other departments will be accepted for concentration.
2. Principles of Accounting (Bus. 200), Statistics (Econ. 331R), Money and Banking (Econ. 300), and Seminar in Business Economics (Bus. 428) are required. Principles of Economics (Econ. 200) should be elected during the sophomore year, since it is the prerequisite for advanced courses in Economics and in Business Administration.
3. All students who plan to concentrate in Business Administration should follow the arrangement of courses for the freshman and sophomore years and one of the special programs of study for the junior and senior years which are outlined below.

Note.—Students who select the program in Banking and Finance (VIII), Business and Government (IX), or Business and Law (X), should concentrate in Economics rather than in Business Administration. A concentration in Economics may also meet the needs of other students who are looking forward to a business career. See page — for statement of requirements for concentration in the Department of Economics.

Recommended Program for the First Two Years

Freshman Year

English Language and Composition (Eng. 100).....	6 semester credits
Foreign Language.....	6 semester credits
History of Europe (History 101, 102) or Mathematics 101, 102 ¹ ..	6 semester credits
Biology, Chemistry, or Physics.....	10 semester credits
Economic History of the United States (Econ. 102).....	3 semester credits
Physical Education.....	2 semester credits
	—
Total.....	33 semester credits

¹ Students who plan to follow the Accounting, Banking and Finance, Insurance, or Statistics programs of study should plan to take Mathematics in either their freshman or their sophomore year. If this is done, care should be taken that Distribution Requirements III and VI (see pages 32-33) are satisfied.

Sophomore Year

English Literature (Eng. 200), Foreign Literature in Translation (Eng. 200-I), or Introduction to Fine Arts (Fine Arts 201, 202).....	6 semester credits
Foreign Language.....	6 semester credits
History of Philosophy (Phil. 201, 202), Mathematics (Math. 101, 102), Introduction to Government and Politics (Govt. 201, 202), or History of Europe (Hist. 101, 102).....	6 semester credits
Principles of Economics (Econ. 200).....	6 semester credits
Principles of Accounting (Bus. 200).....	6 semester credits
Physical Education.....	2 semester credits
Total.....	32 semester credits

Special Programs of Study

- I—General Business. Business 327, 328, 311, 312, 428; Economics 300, 323, and 331-R; Contracts I, Business Associations I, or Negotiable Instruments; Philosophy 303 or Psychology 201; one other Economics course; one other Business Administration course; Marshall-Wythe Seminar; 21 credits of electives.
- II—¹Accountancy. Business 301, 302, 304, 327, 401, 402, 403, 404, 428; Economics 300, 323, 331R; Contracts I, Negotiable Instruments, Sales; Marshall-Wythe Seminar; 12 credits of electives.
- III—Foreign Trade. Business 311, 312, 314, 418, 432, 428; Economics 303, 300, 331R, 415, 416, 401; Government 307, 309, 310; Marshall-Wythe Seminar; 12 credits of electives.

Descriptions of Courses

Bus. 200. Principles of Accounting. Mr. Armistead, Mr. Gibbs, Mr. Jones, Mr. McGuire, Mr. Roberts, Mrs. Crockett.

Year course; lectures two hours; laboratory two hours; six credits.

Bus. 301, 302. Intermediate Accounting. Prerequisite, Bus. 200. Mr. Gibbs.

Continuous course; lectures three hours; three credits each semester.

An analysis of balance sheets and profit and loss statements together with the theory of valuation underlying each item making up these statements, also a study of consignments, installment sales, and an introduction to actuarial science.

Bus. 304. Taxation. Prerequisite, Bus. 200. Mr. Goodrich.

Second semester; lectures three hours; three credits.

Emphasis is placed on the accounting and legal aspects of taxation. This course is the same as the taxation course listed by the Department of Jurisprudence.

Bus. 311, 312. Marketing Principles and Problems. Prerequisite, Econ. 200. Mr. Roberts.

Continuous course; lectures three hours; three credits each semester.

Bus. 313R. Advertising. Prerequisite, Econ. 200. Mr. Towle.

First semester repeated second semester; lectures three hours; three credits each semester.

A survey of advertising in modern business, stressing policies and trends and giving consideration to advertising research; advertising appropriations; department and agency organization; trademarks, media, and campaigns. Elementary work in copy writing; type principles, visualization, layout, and methods of advertising reproduction.

¹ Students selecting this program should concentrate in Economics rather than Business Administration. See page 86 for statement of requirements for concentration in the Department of Economics. Principles of Accounting (Bus. 200) should be elected during the sophomore year.

Bus. 314. Sales Administration. Prerequisite, Econ. 200. Mr. Roberts.
Second semester; lectures three hours; three credits.

Bus. 326. Color Technics. Mr. Towle.

Second semester; lectures one hour; one credit.

A survey of color principles and their application. This course is the same as Fine Arts 208.

Bus. 327. Introduction to Business Enterprise. Prerequisite, Econ. 200.
Mr. Marsh.

First semester; lectures three hours; three credits.

A survey of the general field of profit-seeking. Emphasis is placed on the *internal* organization and management of the business enterprise. Special attention is given to the interrelationships among personnel, production, sales, and financial problems.

Bus. 328. Government and Business Enterprise. Prerequisite, Econ. 200. Mr. Marsh.

Second semester; lectures three hours; three credits.

A study of the impact of government and other *external* factors upon business organization and management. Opportunity for independent investigation is given, as each student studies the economic characteristics of a particular industry and its relationship to government. This course is given in collaboration with the Department of Jurisprudence and is the same course as Government Regulation of Business.

Bus. 401. Advanced Accounting. Prerequisite, Bus. 200 and 301, 302.
Mr. Gibbs.

First semester; lectures three hours; three credits.

A study of accounting for partnerships, receivers' accounts, branch accounting, consolidated statements, foreign exchange, estates and trusts, budgets, and public accounts.

Bus. 402. C. P. A. Problems. Prerequisite, Bus. 200, 301, 302, and 401.
Mr. Gibbs.

Second semester; three hours; three credits.

Bus. 403. Cost Accounting. Prerequisite, Bus. 200. Mr. Gibbs.

First semester; lectures three hours; three credits.

A study of job order, process, and standard costs.

Bus. 404. Auditing Theory and Procedure. Prerequisite, Bus. 200, 301, 302, and 401, or permission of the instructor. Mr. Gibbs.

Second semester; lectures three hours; three credits.

Bus. 412. Personnel Management. Prerequisite, Econ. 200. Mr. Corey.

Second semester; lectures three hours; three credits.

A study of the managerial principles and problems involved in recruiting, maintaining, and improving the labor force of business firms.

Bus. 413. Seminar in Advanced Advertising. Prerequisite, Bus. 313R or consent of instructor. Mr. Towle.

First semester; lectures one hour; one credit.

Bus. 417. Personal Insurance. Prerequisite, Econ. 200. Mr. Corey.

First semester; lectures three hours; three credits.

A survey of organization; terms of policies; pension plans; taxation and regulation.

Bus. 418. Property and Casualty Insurance. Prerequisite, Econ. 200. Mr. Corey.

Second semester; lectures three hours; three credits.

Bus. 428. Seminar in Business Economics. Prerequisite, Econ. 200. Required of all concentrators in Business Administration during the last semester of the senior year. Mr. Marsh and staff.

Second semester; hours to be arranged; two credits.

Bus. 432. Application of Statistics to Economics and Business. Prerequisites, Econ. 200 and 311R. Miss Hudson.

Second semester; lectures two hours; laboratory two hours; three credits.

A study of the practical application of statistical techniques with emphasis on time series analysis, index number construction, practical methods of sampling, design of schedules and questionnaires, and methods of quality control in manufacturing. Use of mechanical tabulating equipment will be discussed.

THE DEPARTMENT OF CHEMISTRY

Professors: WILLIAM G. GUY, *Head of the Department*; ROBERT G. ROBB, *Emeritus*

Associate Professors: ALFRED R. ARMSTRONG, KENNETH M. GORDON

Assistant Professor: JOHN E. HOCUTT

Stock-Keeper: EDWARD KATZ

Requirements for Concentration

The minimum number of semester hours required for concentration in Chemistry (except for premedical students) is thirty-seven. A full year's course is required in each of the following fields: Elementary General Chemistry, Analytical Chemistry, Organic Chemistry, and Physical Chemistry. (It is to be noted that General Physics and Calculus are prerequisites for Physical Chemistry.) French or German or both are to be taken in satisfaction of the foreign language distribution requirement.

The minimum number of semester hours for premedical students concentrating in Chemistry is thirty. The following courses are required: Chemistry 100, Chemistry 202, and Chemistry 301, 302.

Description of Courses

Chem. 100. Elementary General Chemistry. Mr. Guy.

Year course; lectures three hours; laboratory four hours; ten credits.

An introduction to the study of the common non-metallic and metallic elements with emphasis upon chemical laws and the development and application of chemical principles.

Chem. 201, 202. Analytical Chemistry. Prerequisite, Chem. 100. Mr. Armstrong.

Continuous course; lectures two hours; laboratory six hours; four credits each semester.

Chemical equilibrium and qualitative analysis. Theory and practice of gravimetric and volumetric analysis.

Additional lectures and laboratory hours will make it possible for students who require quantitative but not qualitative analysis to take Chem. 202 without Chem. 201.

Chem. 301, 302. Organic Chemistry. Prerequisite, Chem. 100. Mr. Gordon.

Continuous course; lectures three hours; laboratory five hours; four credits each semester.

Chemistry of the aliphatic and aromatic series of organic compounds.

Chem. 303. History of Chemistry. Prerequisite, two years of college chemistry. Mr. Armstrong.

First semester; lectures two hours; two credits.

Lectures, assigned reading and written reports on the history of chemistry and the development of chemical theory.

(To alternate with Chem. 403. Offered in 1947-48.)

Chem. 401, 402. Physical Chemistry. Prerequisites, one year of college physics, two years of college chemistry, and calculus. Mr. Guy.

Continuous course; lectures three hours; laboratory four hours; four credits each semester.

Gases; liquids and solids; chemical equilibrium; thermochemistry; solutions; surface chemistry; electrochemistry; chemical kinetics; atomic structure.

Chem. 403. Advanced Inorganic Chemistry. Prerequisite, two years of college chemistry. Mr. Armstrong.

First semester; lectures two hours; two credits.

A study of the chemistry of the elements based on the periodic system.

(To alternate with Chem. 303. Not offered in 1947-48.)

Chem. 406. Advanced Quantitative Analysis. Prerequisites, Chem. 201, 202. Mr. Armstrong.

Second semester; lecture one hour; laboratory four hours; two credits.

A treatment of selected topics including electrolytic separations, organic analytical reagents, and physico-chemical methods.

Chem. 407. Qualitative Organic Analysis. Prerequisites, Chem. 202, 301, 302. Mr. Gordon.

First semester; lecture one hour; laboratory six hours; three credits.

A study of the systematic methods of separation, purification, and identification of organic compounds.

Chem. 408. Organic Reactions. Prerequisites, Chem. 301, 302. Mr. Gordon.

Second semester; lectures three hours; three credits.

A study of organic reactions from the standpoint of theory, mechanism, and application.

Chem. 409. Problems in Chemistry. Staff.

Any semester; hours to be arranged; credits according to the work accomplished.

This course is for the advanced student and is strictly individual. Those interested must consult the instructor before registering and, if possible, several months in advance.

THE DEPARTMENT OF ECONOMICS

Professors: ALBION GUILFORD TAYLOR, *Head of the Department*

HIBBERT D. COREY, CHARLES F. MARSH, S. DONALD
SOUTHWORTH

Assistant Professor: FRANK L. ROBERTS

Acting Assistant Professor: JOHN A. MCGUIRE

Instructors: MARY HUDSON, FORREST D. MURDEN

Laboratory Instructor: BETTY JANE CROCKETT

² Requirements for Concentration

Concentration in Economics must include Econ. 200, 300, and Econ. 331R. Government 201, 202 and History 101, 102 should be taken by all those who concentrate in Economics. Three programs in the Department of Business Administration (Banking and Finance, Business and Government, and Business and Law) require concentration in Economics.

Description of Courses

Econ. 200 must be chosen by those electing Economics in satisfaction of distribution requirements.

Econ. 102. Economic History of the American People. Mr. McGuire.

Second semester; lectures three hours; three credits.

Econ. 200. Principles of Economics. This course is a prerequisite to all courses in Economics except Econ. 102, 303, 305, 331R, and 332. Mr. Southworth, Mr. Corey, Mr. Marsh, Mr. McGuire, Mr. Roberts, Mr. Taylor.

Year course; lectures three hours; six credits.

² Those wishing to take the U. S. Civil Service Examination for Junior Economist should choose courses under departmental guidance.

This course deals with the theory of market price, the theory of distribution, the theories of money and banking and of foreign trade and foreign exchange, as well as the practical problems associated with these aspects of economic systems. Labor problems, transportation, the trust problem, public finance, and possible reforms in the economic system as a whole are also studied. Special attention is given to current economic problems during the second semester.

Econ. 300. Money and Banking. Prerequisite, Econ. 200. Mr. Southworth.

Year course; lectures three hours; six credits.

Econ. 303. World Resources. Mr. Murden.

First semester; lectures three hours; three credits.

Emphasis is placed upon understanding and interpreting the influence of geographical factors and resources upon economic and political developments in the United States and in world affairs.

Econ. 305. Economic History of Europe. Mr. McGuire.

First semester; lectures three hours; three credits.

(Not offered in 1946-47.)

Econ. 307. Labor Problems. Prerequisite, Econ. 200. Mr. Taylor.

First semester; lectures three hours; three credits.

Econ. 309. Labor Law. Prerequisite, Econ. 200. Mr. Taylor.

First semester; lectures three hours; three credits.

Econ. 323. Corporation Finance. Prerequisite, Econ. 200. Miss Hudson.

First semester; lectures three hours; three credits.

Econ. 324. Investments. Prerequisite, Econ. 200. Miss Hudson.

Second semester; lectures three credits.

¹Econ. 331R. Elementary Principles and Methods of Statistics. Miss Hudson.

First semester, repeated second semester; lectures two hours, laboratory two hours; three credits each semester.

Elementary statistical methods and their application. Collection and presentation of data, computation of measures of central tendency, dispersion, time series, and simple correlation. Practice in the use of a variety of statistical machines will be required. This course is designed to serve the needs of students in any of the fields of concentration where statistical methods may be useful.

¹Econ. 332. Advanced Methods in Statistics. Prerequisite, Econ. 331R. Miss Hudson.

Second semester; lectures two hours; laboratory two hours; three credits.

Advanced statistical methods and their application with particular reference to multiple and partial correlation, reliability, small sample procedure and measurement of relationship of data qualitatively classified. The emphasis will be placed upon the application of those methods to problems in each student's special field of concentration.

¹ Those who take the U. S. Civil Service Examination for Junior Statistician must present 6 semester credits in Statistics.

Econ. 401. Transportation. Prerequisite, Econ. 200. Mr. Marsh.
First semester; lectures three hours; three credits.

Econ. 402. Public Utilities. Prerequisite, Econ. 200. Mr. Marsh.
Second semester; lectures three hours; three credits.
(Not offered in 1946-47.)

Econ. 403. Development of Economic Thought. Prerequisite, Econ. 200. Mr. Taylor.
First semester; lectures three hours; three credits.

A survey of economic thought from the Mercantilists to the present, including economic individualism and nationalism; state, Marxian, and utopian socialism; anarchism, neo-classicisms, and institutionalism.

Econ. 404. Contemporary Economic Thought. Prerequisite, Econ. 200. Mr. Taylor.
Second semester; lectures three hours; three credits.

The contributions of selected twentieth century writers; critical discussion of articles involving economic theory in current professional journals.

Econ. 406. Comparative Economic Systems. Prerequisite, Econ. 200. Mr. Taylor.
Second semester; lectures three hours; three credits.
(Not offered in 1946-47.)

Econ. 415. International Economic Relations. Prerequisite, Econ. 200. Mr. Murden.
First semester; lectures three hours; three credits.

The historical development of commerce; the principles of international trade; the basic factors of population, resources, transportation, and foreign investments as they affect trade; the commercial policies of the leading nations; international agreements, and world economy in relation to world politics.

Econ. 416. International Trade and Finance. Prerequisite, Econ. 200. Mr. Murden.
Second semester; lectures three hours; three credits.

The principles and practice of foreign exchange, methods of financing foreign trade, the international balance of payments, and capital movements; the technique of exporting and importing; foreign trade organizations and the foreign service; government policies with regard to tariffs, quotas, subsidies, exchange control, shipping, and commercial agreements.

Econ. 421. Public Finance. Prerequisite, Econ. 200. Mr. Southworth.
First semester; lectures three hours; three credits.

Econ. 422. National Financial Policy. Prerequisite, Econ. 200. Mr. Southworth.
Second semester; lectures three hours; three credits.

The basic elements of national policy as expressed in central control of the banking system, the choice of a monetary standard, and the management of the public debt. The policies of foreign central banks and the Federal Reserve System.

Econ. 431. Business Cycle Theory. Prerequisites, Econ. 200 and 331R. Mr. Corey.

First semester; lectures three hours; three credits.

The survey of cyclical fluctuations in American business activity, with particular stress upon their history, causes, and proposed methods of stabilization.

Econ. 434. Seminar. Prerequisite, Econ. 200. Required of all concentrators in Economics during the senior year. Mr. Taylor.

Second semester; hours to be arranged; two credits.

THE DEPARTMENT OF EDUCATION

Professors: GEORGE J. OLIVER, *Head of the Department*; INGA OLLA HELSETH, HELEN FOSS WEEKS

Associate Professor: KENNETH H. CLEETON

Superintendent of the Williamsburg Schools: J. RAWLS BYRD.

Principal of the Matthew Whaley School: VESTER M. MULHOLLAND

Note: The student teaching for the Department of Education is done at the Matthew Whaley School under the supervision of the faculties of the Department and the School.

The following principles are considered fundamental in the functioning of the Department of Education:

1. A general background of content in liberal arts courses is a necessary prerequisite to professional training.
2. The professional point of view of the specialized content which the student plans to teach is given through materials and methods courses, which are organized according to accepted educational theory and practice.
3. In addition to the materials and methods courses, the professional training of the teacher demands a knowledge of the significant facts in the following fields:
 - a. Psychology, for an understanding of the basic principles of learning and behavior.
 - b. Philosophy, for an understanding of the theory underlying teaching practice.
 - c. Sociology and History, for an understanding of the school as a social institution.
4. Supervised teaching in elementary or high school classes provides the opportunity for experience in all the phases of a teacher's responsibilities and for the development of a working point of view toward education.

Admission Requirements

Sixty semester credits in liberal arts subjects (including three semester credits in general Psychology), in which the student has shown the quality of scholarship considered satisfactory for successful teaching, are required for admission.

West Law

All students preparing to teach in the State of Virginia must meet the requirements of the West Law. These requirements for the Collegiate Professional and Collegiate certificates are: Physical Education 101 and 102, Physical Education 201 and 202, and Biology 103, School Health, or Biology 301, Bacteriology and Public Health.

Bureau of Recommendations

The College maintains a bureau of Recommendations to assist its graduates who plan to teach. No registration fee is charged, and all students who expect to teach are strongly urged to avail themselves of this service. If the students file complete records and cooperate with the Bureau, the College can be of assistance to those who go into teaching, not only at graduation but at later times.

Certification

The courses in education meet the professional requirements for certification in the State of Virginia and most of the other states. When students enroll for professional courses to meet certificate requirements in states other than Virginia, they should consult some member of the faculty of the Department of Education.

Note: The required courses in education for teachers in Home Economics, Library Science, and Physical Education are indicated in the statement of requirements for concentration made by the respective departments under "Courses of Instruction."

Program for Advanced Study

The student planning a course in advanced study leading to the degree of Master of Education should include in his program fifteen semester hours of work in four basic fields of Education, distributed approximately as follows:

- I. Foundations of Education.....3 sem. hrs.
- II. Guidance and Evaluation.....6 sem. hrs.
- III. Curriculum and Teaching.....3 sem. hrs.
- IV. Educational Research.....3 sem. hrs.

In addition, the student will complete twelve semester hours in a selected field of emphasis. The suggested fields of emphasis are: school administration, supervision of instruction, curriculum and instruction, guidance and counseling, and child development. Teachers who desire to secure greater competency in the content of a teaching field may include in their field of emphasis advanced courses in other subject fields of the College. Appropriate subject fields are: ancient languages, biology, chemistry, English, fine arts, home economics, mathematics, modern languages, physical education, physics, and social studies. For other requirements of the M.Ed. degree, see page 36.

Students planning a course in advanced study leading to the Degree of Master of Arts with specialization in education should take approximately fifteen semester hours of professional work; the remaining portion of the 24 semester hours required for this degree should be in a related field. Courses in addition to the minimum specified in the preceding sentence may be required if deemed necessary by the Head of either of the Departments concerned. The planning of a program for each student will receive attention in order to make provision for his interests. For special requirements of the M.A. Degree see page 36.

Education 407 is required of all students doing advanced work in the Department of Education. Education 405, 406 and Education 408 are required of all students who desire to do advanced work in Secondary School Administration or Supervision. Education 409, 410 is required of all students preparing to be superintendents. Education 411, 412 is required of those preparing for administration and supervision in elementary education. Students wishing to specialize in the field of guidance and personnel should build their programs around Education 401, 404, and Psychology 306 and 401.

Description of Courses

Secondary Education

Educ. S301, S302. Fundamentals of Secondary Education. Prerequisite, Introduction to Psychology. Mr. Cleeton, Miss Weeks.

Continuous course; lectures three hours; three credits each semester.

Beginning course in Secondary Education.

Growth of American secondary schools; aims and functions of Secondary Education; mental and physical equipment of secondary school pupils; the nature and psychology of individual differences; the psychology of learning; problems and reorganization movements in Secondary Education.

Educ. S303. The Teaching of Science. Prerequisite, twelve semester credits in Science. Miss Weeks.

First semester; lectures three hours; three credits.

Educ. S304. Guidance and Personnel Work in Secondary Schools. Prerequisite, Introduction to Psychology. Mr. Cleeton.

Second semester; lectures three hours; three credits.

A study of the fundamental principles and current practices in school systems. Emphasis will be placed on the teacher's responsibilities in a program of guidance. This course meets the certification requirements.

Educ. S305. The Teaching of High School Latin. Prerequisite, twelve semester credits in Latin. Mr. Wagener.

First semester; lectures three hours; three credits.

(See Latin 405.)

Educ. S307. The Teaching of Mathematics. Prerequisite, twelve semester credits in Mathematics. Miss Weeks.

First semester; lectures three hours; three credits.

Educ. S309. The Teaching of English. Prerequisite, twelve semester credits in English. Mr. Oliver.

First semester; lectures three hours; three credits.

Educ. S311. The Teaching of Social Studies. Prerequisite, twelve semester credits in Social Science. Mr. Cleeton.

First semester; lectures three hours; three credits.

Educ. S312. Books and Related Materials for Young People. (Same as L. S. 302.)

Educ. S401, S402. Supervised Teaching. Prerequisites, senior standing, nine credits in Education; fifteen semester credits in each academic subject to be taught. Miss Weeks.

Continuous course; five days a week; three credits each semester.

Elementary Education

Educ. E301, E302. Fundamentals of Elementary Education. Miss Helseth.

Continuous course; lectures three hours; three credits each semester.

Educ. E303, E304. Materials and Methods in the Elementary School. Education E301, E302 must precede or be taken as a parallel course. Miss Helseth.

Continuous course; lectures three hours; three credits each semester.

Educ. E305R. Home, School, and Community Cooperation in Education. Miss Helseth.

First semester, repeated second semester; lectures three hours; three credits each semester.

An elective course for students not taking professional education courses.

Educ. E321. Books and Related Material for Children.

(Same as L. S. 301.)

Educ. E401, E402. Supervised Teaching. Educ. E301, E302 and E303, E304 must be taken as prerequisite or parallel courses. Miss Helseth.

Continuous course; five days a week; three credits each semester.

Special and Advanced Courses

Educ. 401. Diagnosis and Counseling. Prerequisite, General Psychology, Tests and Measurements. Mr. Oliver.

First semester; lectures three hours; three credits.

Special attention will be given to the application of techniques, to the solution of educational and vocational problems, the development and use of cumulative records, placement, and the organization of counseling and guidance programs.

Educ. 404. Foundations of Education Practice. Miss Weeks.

Second semester; lectures three hours; three credits.

A course planned to trace the development of the concept of the worth of the individual through the sociological, historical and psychological aspects of our culture. Out of this background will be developed a philosophy underlying modern public education.

Educ. 405, 406. Supervision of Instruction and Curriculum in Secondary Education. Mr. Cleeton, Miss Weeks.

Continuous course; lectures three hours; three credits each semester.

A major course for teachers, principals, and supervisors.

This course will acquaint students with recent theories and practices in public junior and senior high schools for the improvement of the curriculum. Materials, methods of instruction, objectives, and plans of organizing secondary school faculties for continuous curriculum revision will be discussed.

Educ. 407. Educational Research. Mr. Oliver, Mr. Cleeton.

First semester; lectures three hours; three credits.

This course is required of all students doing graduate work in the Department of Education.

Educ. 408. The Organization and Administration of Secondary Schools. Mr. Cleeton.

Second semester; lectures three hours; three credits.

A major course for teachers, principals, and administrative assistants in the secondary school. This course will deal especially with the duties of the principal as an administrator.

Educ. 409, 410. Educational Administration. Mr. Oliver, Mr. Cleeton.

Continuous course; lectures three hours; three credits each semester.

Required major course in advanced work for students preparing to be school superintendents.

Problems in organization and finance of state, county, and city school systems will be considered.

Educ. 411, 412. Curriculum Organization and Supervision in Elementary Education. Miss Helseth.

Continuous course; lectures three hours; three credits each semester.

Educ. 414. Study of the Individual Pupil. Miss Helseth.

Second semester; lectures three hours; three credits.

THE DEPARTMENT OF JURISPRUDENCE¹

Professors: THEODORE SULLIVAN COX, *Dean of the Department*; JOSEPH MARSHALL CORMACK, ARTHUR WARREN PHELPS, DUDLEY WARNER WOODBRIDGE

Instructor: CHARLES HARPER ANDERSON, *Law Librarian*

Lecturers: ERNEST WHITMORE GOODRICH, CHARLES P. SHERMAN

History

The Department of Jurisprudence, formerly called the School of Law, was established December 4, 1779, when, by resolution, the Board of Visitors created a professorship of Law and Police. Antedated only by the Vinerian professorship at Oxford, established twenty-one years earlier and held by Sir William Blackstone, the chair of law at the College of William and Mary thus became the second in the English-speaking world and the oldest in the United States.

The part played by Thomas Jefferson in placing law among the subjects taught at his *Alma Mater* is told briefly in his *Autobiography*:²

On the 1st of June, 1779, I was appointed [elected] Governor of the Commonwealth and retired from the legislature. Being elected also one of the Visitors of Wm. & Mary College, a self-electing body, I effected during my residence in Williamsburg that year, a change in the organization of that institution by abolishing the Grammar School, and the two professorships of Divinity & Oriental languages, and substituting a professorship of Law & Police, one of Anatomy, Medicine and Chemistry, and one of Modern languages; and the charter confining us to six professorships, we added the law of Nature & Nations, & the Fine Arts to the Duties of the Moral professor, and Natural history to those of the professor of Mathematics and Natural philosophy.

The Board of Visitors elected as the first law professor³ George Wythe in whose office Jefferson had studied. A signer of the Declaration of Independence and styled by Jefferson the American Aristides, Wythe was a judge of the Virginia High Court of Chancery and one of the earliest judges to enunciate the doctrine of judicial review.

The elevation of Wythe to the sole chancellorship of Virginia, ten years after the chair of law was established, necessitated his removal to Richmond and his resignation from the faculty. He was succeeded by St. George Tucker, whose edition of Blackstone is a legal classic and one of the first law books published in America. Among the last to hold the professorship at Williamsburg prior to 1861 was Lucian Minor, a member of another Virginia family intimately associated with the law.

¹ See also Bulletin of The College of William and Mary in Virginia, Department of Jurisprudence, Announcements, 1947-1948.

² Ford's edition, I, 69-70.

³ The original title, "Professor of Law and Police", in which the word *police* was used in the sense of government, has been retained.

Soon after its foundation, and probably from the very beginning, the law school of the College of William and Mary demanded an academic baccalaureate degree as a requirement for a law degree, the College statutes compiled in 1792 providing:

For the degree of Bachelor of Law, the student must have the requisites for Bachelor of Arts; he must moreover be well acquainted with Civil History, both Ancient and Modern, and particularly with Municipal law and police.

In May, 1861, with the closing of the College, because of the exigencies of war, the law school ceased to function. When the College resumed operation, financial stringency resulted in the granting of leaves of absence to some of the Faculty. Among these was the Professor of Law. This leave of absence continued indefinitely. During the precarious years in the life of the College following the Civil War, the Law School remained largely dormant. Its revival, begun in 1920, was completed with the session of 1922-23. Subsequently it was renamed the Department of Jurisprudence to indicate the additional function which it performs by supplementing the study of Economics, Business Administration, Government, History, and Sociology.

As a result of the integration and correlation of courses and the close cooperation with other departments of the College, the Department of Jurisprudence functions as a Department of the College in relation to students who are using Jurisprudence as their field of concentration for the degree of Bachelor of Arts, and in relation to students who wish to offer courses in Jurisprudence as electives toward an academic degree; in relation to students who are proceeding to the law degree, the Department of Jurisprudence functions as a professional school.

The Department of Jurisprudence is registered by the State Department of Education of the University of the State of New York, is approved by the American Bar Association, and is a member of the Association of American Law Schools.

Library

The Library of the Department of Jurisprudence, occupying the third floor of the College library, contains approximately 17,200 volumes. The Law Library is administered by a Law Librarian with student assistants and observes the same hours as the College Library.

Miscellaneous Information

Method of Instruction. While each instructor has full liberty to adopt his own method of teaching, the plan most generally used consists of the discussion of cases and legal problems. Students are encouraged from the beginning to make the fullest use of the law library.

Prizes. Dr. Charles P. Sherman, a lecturer in the department, awards an annual prize of \$50, known as the William A. Hamilton prize, to the student graduating in Jurisprudence with the best essay on a subject connected with Roman Law. Other prizes offered by Callaghan and Company, West Publishing Company, and Baker-Voorhis Company are awarded annually for the first second, and third years, respectively.

Admission Requirements

The following persons may be admitted to courses in Jurisprudence:

1. Students holding an academic baccalaureate degree from an institution of approved standing may enter the Department of Jurisprudence and take any subject approved by the Dean of the Department; provided, however, that students who expect to become candidates¹ for the degree of Bachelor of Civil Law shall follow the regular course of study.

2. Students of academic senior standing, who select Jurisprudence as a field of concentration, may apply a maximum of thirty-one semester credits in Jurisprudence (one year's work) toward the degree of Bachelor of Arts, provided the course is approved by the Dean of the Department. A student who desires to apply one year's work in Jurisprudence toward the degree of Bachelor of Arts must have a quality point average of at least one in his liberal arts work. (In regard to commencing the study of Jurisprudence during the junior year, see 3 below.)

3. Students of academic junior standing, who have completed satisfactorily at least one-half of their work toward a degree in liberal arts subjects in an institution of approved standing, and who wish to apply one year of law toward the degree of Bachelor of Arts as provided in 2 above, may take a maximum of sixteen credits in Jurisprudence during the junior year (the remainder to be taken during the senior year), provided the course is approved by the Dean of the Department.

4. Subject to the provisions stated in 2 and 3 above respectively, students of academic junior and senior standing may take, as electives, subjects in Jurisprudence approved by the Dean of the Department.

5. In the case of veterans, only one year of pre-legal work need be taken in residence. Extension work, the subject matter of which is acceptable to the Committee on Degrees (but not correspondence work), may be counted as part of such year.

6. In exceptional cases within the discretion of the Faculty of the Department, persons who fail to meet the above requirements, may be admitted as special students² and may take subjects in Jurisprudence approved by the Dean of the Department, *but under no other circumstances may a student who has not completed satisfactorily at least one-half of his work toward an academic baccalaureate degree, with a quality point average of at least one, take any subject in Jurisprudence.*

Concentration in Jurisprudence and the Combined Six Years' Course

Jurisprudence constitutes an approved field of concentration for the degree of Bachelor of Arts. Students concentrating in Jurisprudence are required to consult with the Dean of the Department before selecting specific courses.

While no specific academic subjects, apart from the general requirements for the degree of Bachelor of Arts, are required by the Department of Jurisprudence as preparation for law, students who expect to concentrate in Jurisprudence or proceed

¹ To be admitted to candidacy for the law degree, a student must hold an academic baccalaureate degree or be taking the combined six year course in this college for the two degrees.

to the law degree are urged to complete the general degree requirements before commencing their work in Jurisprudence. It is recommended that such students consult with the Dean of the Department as early in their college careers as possible regarding the scope and distribution of their academic work.

By selecting Jurisprudence as a field of concentration and applying one year's work in Jurisprudence toward the degree of Bachelor of Arts, students may secure the degree of Bachelor of Civil Law in two more years.

Advanced Credit

Within the discretion of the Faculty of the Department, credit may be allowed for subjects satisfactorily completed at approved law schools, not to exceed the equivalent of fifty-five semester hours.

Exclusion Because of Poor Scholarship

Any student who has been admitted to candidacy for the degree of Bachelor of Civil Law and who does not maintain a quality point average of at least 1.0, or who fails more than five hours in any semester will be permitted to continue his course only with the consent of the Faculty of the Department.

Degree Requirements

Students holding an academic baccalaureate degree from an institution of approved standing, who have been in residence in the Department of Jurisprudence for three academic years (or, in case advanced credit has been allowed, have been in residence in this school at least during their third and last year), who have completed satisfactorily the prescribed course of study, or its equivalent, with a quality point average in Jurisprudence of at least 1.0, and who have demonstrated their ethical fitness, will receive the degree of Bachelor of Civil Law (B.C.L.), the historic law degree of the College of William and Mary in Virginia.

Course of Study for the Degree of Bachelor of Civil Law

The course of study is based on the concept of Law as a social institution in a modern world. It is divided into the following parts: I. History and Nature of Law; II. Private Law; III. Public Law; IV. Procedure; V. Legal Method; VI. Social Function and Ethics of Law.

So far as practicable, there is a consolidation, correlation, and integration of subject matter. While the field of private law receives adequate consideration, there also is a definite emphasis on public law. This is in accord with the general trend in judicial and administrative processes. In addition, the history and philosophy of the Law is treated, as well as the position of law in society. With the approval of the Faculty and to a limited degree, topics in legal research may be substituted for formal courses.

THE DEPARTMENT OF LIBRARY SCIENCE

Professor: NANCY HOYLE, *Head of the Department*

Assistant Professor: ALLENE WHITENER WORSFOLD

Teacher-Training Supervisor of Library Science and Librarian of Matthew Whaley School: ELIZABETH HODGES

The Department of Library Science of the College of William and Mary is accredited by the Board of Education for Librarianship of the American Library Association and by the Southern Association of Colleges and Secondary Schools. It is classified as a Type III library school, i.e., a school which does not require students to have completed four years of college work before beginning library training.

Courses are planned to meet the needs of the following groups of students: (1) those who wish to prepare themselves to serve as full-time school-librarians; (2) those who are planning to teach in either elementary or secondary schools and who would also like to qualify as teacher-librarians; (3) those who are planning to work in public or institutional libraries; and (4) those who wish to elect one or more courses in Library Science as a part of their general education.

Requirements for Admission

Sixty semester credits in liberal arts subjects (including three semester credits in General Psychology), in which the student has shown the quality of scholarship needed for successful library service are required for admission to the Department of Library Science. Students desiring to concentrate in Library Science should file their applications for admission at the beginning of their sophomore year. As early as possible during the freshman year, they should consult with the members of the Department in order that they may plan their work to advantage.

Program for Undergraduates Concentrating in Library Science

Since the Department of Library Science of the College of William and Mary emphasizes work in school libraries, students concentrating in Library Science must qualify for a Collegiate Professional Teacher's Certificate. Upon the completion of the entire program they are certified by the Virginia State Board of Education to do school library work, to teach, or to do a combination of school library work and of teaching in Virginia.

By action of the Virginia State Board for the Certification of Librarians, students who have concentrated in Library Science at the College of William and Mary are also automatically certified for professional positions in public and institutional libraries of the State.

The Virginia State Board of Education's requirements for a Collegiate Professional certificate include 18 semester hours of education, including 6 semester hours of supervised teaching and a course in school and community hygiene. Biology 103 satisfies the latter requirement, or such a course may be taken by correspondence for certification credit only. L. S. 405 satisfies the requirement for one semester of supervised teaching for those concentrating in Library Science.

Students planning to concentrate in Library Science should have completed the distribution requirements, (see page 32-33), a semester of psychology, and Biology 103 (unless they plan to take a course in hygiene by correspondence) by the end of their sophomore year.

The following courses are required of those concentrating in Library Science:

- I. Library Science..... 30 semester hours
- II. Education..... 15 semester hours
- a. Educ. S301-2 or E301-2..... 6 semester hrs.
- b. Educ. S304..... 3 semester hrs.

- d. Educ. S401 or S402 or E401 or
 E402..... 3 semester hrs.
- III. Related subject field..... 18 semester hours
- IV. Electives sufficient to make the total of 120 semester hours in academic subjects required for graduation.

Program for Graduate Students Concentrating in Library Science

An applicant who has a bachelor's degree from an institution accredited by a regional accrediting agency may be admitted to the department and on completion of thirty semester hours work he may receive an A.B. degree with a concentration in Library Science. Courses in the Department are so arranged that a graduate student may complete 30 semester hours of Library Science in a nine months regular session or in three successive summer sessions. Such a student must not have majored in professional subjects such as Home Economics, Library Science, Education, etc., as an undergraduate, although he must have completed enough courses in Education to entitle him to a Collegiate Professional Teachers Certificate, or the equivalent in the state from which he comes, and must have had in college at least two years of a modern foreign language.

A transcript of college work must be submitted and the undergraduate degree received must represent a broad cultural course of study comparable to that required at William and Mary, although neither the courses nor the total number of hours need be exactly the same as required here.

A graduate student whose undergraduate program fails to meet these requirements may be admitted to the department as a special student, but is not eligible to receive a degree until all undergraduate deficiencies have been removed.

Library Science Courses for Students Concentrating in Other Departments**Courses for Teacher-Librarians**

Students who are planning to teach and who would like to qualify as teacher-librarians must take at least 12 semester hours of Library Science. Their Teacher's Certificates will then allow them to do part-time library work in high schools (with

¹ Note: Students who began their study of foreign language in college must elect 6 semester hours in foreign language in the junior or senior year—either additional courses in the language started in the freshman year or courses in another foreign language. All students, in selecting electives, should keep in mind the fact that they must complete before graduation at least 18 semester hours in some subject field other than Library Science or Education. The completion of at least one course in Sociology is suggested. (Sociology 202, 203, 311 and 312 are recommended.)

an enrollment up to 200) or in elementary schools in Virginia and in many other states. Library Science courses required of students who plan to teach and who would also like to qualify as teacher-librarians are as follows:

L. S. 301	3 semester hours
L. S. 302.....	3 semester hours
L. S. 303.....	3 semester hours
L. S. 411.....	3 semester hours

Courses for Students Electing Library Science Courses

Juniors and seniors concentrating in other departments may, with the consent of the instructor, elect one or more Library Science courses as a part of their general education. Library Science 301, 302, and 407 are recommended for such students.

Quarters

The Department of Library Science is located on the second floor of the College Library opposite the Reserve Book Room. Typewriters and individual desks are available for students in the Department. Materials in the field of Library Science and a basic collection of books and other materials for children and young people are shelved in the Library Science laboratory.

A film library, started in June, 1943, with the cooperation of the Bureau of Teaching Materials of the State Board of Education, is now an integral part of the Library Science Department. The film library furnishes films, slides, and equipment to college faculty and students and serves as a laboratory for students in the Department who are interested in audio and visual instructional materials and methods.

Library Science students also use the materials in the general college library and in the library of Matthew Whaley School.

Trips

Conducted observation trips to libraries each year form part of the required Library Science program: estimated cost—\$5.00 a year.

Courses

L. S. 301. Books and Related Materials for Children. Miss Hoyle.

First semester; lectures three hours; three credits. (Same as Educ. E321).

Reading and examination of books and other materials (periodicals, films, phonograph records) suitable for the child of elementary school age. Includes a study of children's interests; criteria and aids for selection; practice in evaluating both curricular and recreational materials; story telling and book talks; illustrators; and a brief survey of the history and present trends in publishing books for children.

L. S. 302. Books and Related Materials for Young People. Miss Hoyle.

Second semester; lectures three hours; three credits. (Same as Educ. S312).

Continuation of L. S. 301. Materials studied are those suitable for use with students of junior and senior high school level.

L. S. 303, 304. Reference and Bibliography. Miss Hoyle.

Continuous course; lectures three hours; three credits each semester.

Examination of and practical problems in the use of the most frequently consulted standard reference books. Includes the study of general reference books, such as encyclopedias, dictionaries, indexes, bibliographies, etc. as well as specific reference books in the various subject fields; government documents; and bibliography making.

L. S. 405. Practice Library Work and Supervised Teaching. Miss Hodges.

First semester, repeated second semester; practice work and teaching six hours; conference one hour; three credits.

Practice, under supervision, in the Matthew Whaley School Library in the various activities in which a school librarian engages. Includes work with children in both elementary and high school and practice in teaching the use of books and libraries and making book talks.

L. S. 407. Books for Adult Readers. Mrs. Worsfold.

First semester; lectures three hours; three credits.

Study of the selection of basic books and authors for adult library collections, with emphasis upon current books and authors, and the printed book selection aids. Students are required to read and present written and oral reviews on a number of books.

L. S. 408. Non-book Materials for Adult Readers. Mrs. Worsfold.

Second semester; lectures three hours; three credits.

Continuation of L. S. 407. The selection, evaluation, and use of audio-visual materials for libraries, including films, record and picture collections, as well as the use of radio in libraries. Selection of magazines and pamphlets for the library is also studied.

L. S. 409, 410. Classification and Cataloging. Mrs. Worsfold.

Continuous course; lectures three hours; laboratory four hours; three credits each semester.

First semester deals with simplified library cataloging for the school library, using the Abridged Dewey Decimal Classification and Sears *List of Subject Headings*. Second semester is advanced cataloging with a study of specialized cataloging problems, the Library of Congress and other systems of cataloging and classification.

L. S. 411. Administration of School Libraries. Miss Hoyle.

First semester; lectures three hours; three credits.

The role of the library in the school and in the community; development of school libraries; standards; technical processes, including acquisition of materials, preparation for the shelves, loan systems, mending and binding; publicity; use of student assistants; business management and records; methods of teaching the use of books and the library; relations to other libraries in the community, state, and nation.

L. S. 412. Administration of Public and College Libraries.
Mrs. Worsfold.

(Elective for seniors in Library Science Department.)

Second semester; lectures three hours; three credits.

Standards, organization, collections, routines, etc., concerned with the operation of the small public or college library. Includes a survey of the history and trends in library development in the United States.

L. S. 415. Problems in Librarianship. Staff.

Either semester; hours to be arranged; credit according to the work done.

An elective for graduate students in the Department. The context of the course varies according to the needs and interest of the individual student.

THE DEPARTMENT OF MATHEMATICS

Professor: JOHN MINOR STETSON, *Head of the Department*
HAROLD ROMAINE PHALEN

Associate Professors: ¹CHARLES DUNCAN GREGORY, ROBERT EDWARD SMITH

Assistant Professors: EMILY ELEANOR CALKINS, EDWARD BRINTON TEMPLE

Requirements for Concentration

Concentration in Mathematics consists of not fewer than thirty semester hours in Mathematics, including Mathematics 101, 102, 201, 202, 301 and 402. At least twelve hours must bear numbers above 300, and twenty-four hours must bear numbers above 200. Students taking only thirty hours of Mathematics select, with the approval of their adviser, twelve hours in related fields.

Description of Courses

Math. 101, 102. Freshman Mathematics. Staff.

Continuous course; lectures three hours; three credits each semester.

Elementary Analysis, including Algebraic, Trigonometric, Exponential and Logarithmic Functions, with applications; elements of Analytic Geometry; introduction to the derivative and its uses.

Math. 201, 202. Calculus. Prerequisite, Math. 101, 102. Mr. Phalen, Miss Calkins, Mr. Temple.

Continuous course; lectures three hours; three credits each semester.

Elements of the Differential and Integral Calculus.

Math. 203. Analytic Geometry. Prerequisite, registration in Math. 201 or consent of instructor. Miss Calkins.

First semester; lectures three hours; three credits.

Math. 204. College Algebra. Prerequisite, Math. 201 or consent of instructor. Miss Calkins.

Second semester; lectures three hours; three credits.

¹ On leave of absence, 1946-1947.

Math. 205. Mathematical Theory of Investment and Insurance. Prerequisite, Math. 101, 102. Mr. Smith.

First semester; lectures three hours; three credits.

Compound interest; annuities; payment by periodic installments; depreciation of capitalized cost; bonds; insurance.

Offered as the needs and wishes of students in any year may demand.

Math. 206. Mathematical Theory of Insurance. Prerequisite, Math. 205, or the consent of the instructor. Mr. Smith.

Second semester; lectures three hours; three credits.

Offered as the needs and wishes of students in any year may demand.

Math. 301. Differential and Integral Calculus. Prerequisite, Math. 201, 202. Mr. Stetson.

First semester; lectures three hours; three credits.

A continuation of 202.

Math. 303. History of Mathematics. Prerequisite, Math. 201, 202. Mr. Phalen.

First semester; lectures three hours; three credits.

Math. 402. Differential Equations. Prerequisites, Math. 201, 202, 301. Mr. Stetson.

Second semester; lectures three hours; three credits.

Math. 404. Survey of Mathematics. Prerequisite, Math. 201. Mr. Phalen.

Second semester; lectures three hours; three credits.

Selected topics from elementary Mathematics, designed to broaden the student's view with a minimum of technique.

Math. 405, 406. Senior Mathematics. Mr. Stetson.

Both semesters; lectures three hours; three credits each semester.

Courses chosen each semester to meet the needs and interests of the students from such subjects as Vector Analysis, Modern Geometry, Projective Geometry, Theory of Equations, Functions of a Complex Variable, Elliptic Functions.

Open to qualified Juniors and Seniors.

INDUSTRIAL ARTS

Associate Professors: ¹CHARLES DUNCAN GREGORY, ROBERT EDWARD SMITH

Ind. Arts 201-2. Engineering Drawing and Descriptive Geometry.

Continuous course; laboratory six hours; three credits each semester.

¹ On leave of absence, 1946-1947.

THE DEPARTMENT OF MODERN LANGUAGES

Professors: ¹PIERRE MACY, *Head of the Department*; ARCHIE G. RYLAND,
Acting Head of the Department

Associate Professors: J. D. CARTER, JR., MAXIMO ITURRALDE, VICTOR ITURRALDE, B. C. McCARY

Assistant Professors: THOMAS O. BRANDT, ¹CECIL R. MORALES, MARCEL REBOUSSIN, MARGARET T. RUDD

Instructors: MARINA GARCIA, ANNE B. HAUGHWOUT, GORDON B. RINGGOLD, CARMEN TORRES

Lecturer in German: LORE FOLTIN

Distribution Requirements

The distribution requirements for Foreign Languages are indicated on page 34. All language requirements for a degree should be begun in the freshman year.

French

Requirements for Concentration

The following courses are required for a concentration in French and should be taken in this order: French 301, 302, 303, 305, 306, 308, 401, 402, 403.

Students planning to concentrate in French are advised to take six semester credits in Latin.

Description of Courses

Fr. 100. Beginners' French. Mr. McCary and others.
Year course; lectures three hours; six credits.

Fr. 201. France and Its Civilization. Prerequisite, two high school units. Mr. Carter and others.
First semester; lectures three hours; three credits.

Fr. 202. Contemporary Prose. Prerequisite, 201 or the equivalent. Mr. McCary and others.
Second semester; lectures three hours; three credits.

Fr. 203. Intermediate Composition. Prerequisite, three high school units. Mr. Macy and others.
First semester; lectures three hours; three credits.
Recommended as preparation for 308.

Fr. 205. The Nineteenth Century Novel and Short Story. Prerequisite, three high school units or the equivalent. Mr. Carter and others.
First semester; lectures three hours; three credits.

¹ On leave of absence, 1946-1947.

Fr. 206. The Nineteenth Century French Comedy. Prerequisite, three high school units or the equivalent. Mr. Ryland and others.
Second semester; lectures three hours; three credits.

Fr. 209, 210. Scientific French. Prerequisite, at least two high school units, or the equivalent. Mr. Carter.
Continuous course; lectures three hours; three credits each semester.

Selected readings from outstanding French scientists. Recommended for all applicants for the B.S. degree.

Fr. 301. Readings in Seventeenth Century Literature. Prerequisites, Fr. 201 and 205, or the equivalent. Mr. Macy. (Mr. Reboussin, 1946-47.)
First semester; lectures three hours; three credits.

Fr. 302. Readings in Eighteenth Century Literature. Prerequisite, Fr. 301. Mr. Macy or Mr. McCary. (Mr. Reboussin, 1946-47.)
Second semester; lectures three hours; three credits.

Fr. 303. (Seventeenth Century) French Classical Drama. Prerequisite, Fr. 205 or 206 or the equivalent. Mr. Ryland.
First semester; lectures three hours; three credits.

Fr. 304. Eighteenth Century Comedies. Prerequisite, Fr. 205 or 206, or the equivalent. Mr. Ryland.
Second semester; lectures three hours; three credits.

***Fr. 305, 306. Practical French Conversation.** Prerequisite, Fr. 203 or the equivalent. Mr. Macy. (Mr. Reboussin, 1946-47.)
Continuous course; lectures three hours; three credits each semester.

Fr. 308. Advanced Composition. Prerequisite, Fr. 203 or the equivalent. Mr. Macy. (Mr. Reboussin, 1946-47.)
Second semester; lectures three hours; three credits.
For prospective teachers of French, required with 305, 306.

Fr. 310. The French Lyrical Poetry of the Nineteenth Century. Prerequisite, at least one 300 course in French literature, or the equivalent. Mr. Macy.
Second semester; lectures three hours; three credits.

Fr. 401. The Middle Ages and the Sixteenth Century. Prerequisite, two 300 courses in French literature or the equivalent. Mr. Ryland.
First semester; lectures three hours; three credits.

Fr. 402. Moliere: Life and Works. Prerequisite, two 300 courses in French literature or the equivalent. Mr. Ryland.
Second semester; lectures three hours; three credits.

Fr. 403. The Romantic Movement. Prerequisite, two 300 courses in French literature, or the equivalent. Mr. Ryland. (Mr. Reboussin, 1946-47.)
First semester; lectures three hours; three credits.

Fr. 404. The Realistic and Naturalistic Novel. Prerequisite, two 300 courses in French literature, or the equivalent. Mr. Macy.
Second semester; lectures three hours; three credits.

†Fr. 407, 408. **French Literature.** Mr. Macy and others.

Continuous course; three credits each semester.

Intended only for advanced students, prepared to do special study in French literature and unable to enroll in a regular class.

German

Ger. 100. Beginners' German. Mr. Brandt.

Year course; lectures three hours; six credits.

Ger. 201. Contemporary German Prose and Grammar Review. Prerequisite, two high school units or the equivalent. Mr. Brandt.

First semester; lectures three hours; three credits.

Ger. 202. Comprehensive Reading, Composition and Conversation.

Prerequisite, Ger. 201 or the equivalent. Mr. Brandt.

Second semester; lectures three hours; three credits.

Texts on German history, literature, and civilization; Germany and its people, and social background of German speaking countries.

Ger. 203. Intermediate Conversation, Composition, Grammar Review. Prerequisite, three high school units or the equivalent. Mr. Brandt.

First semester; lectures three hours; three credits.

Review grammar and composition, stress on pronunciation and idioms. Conversation based on practical topics.

Ger. 204. Scientific and Literary German. Prerequisite, Ger. 201 or the equivalent. Mr. Brandt.

Second semester; lectures three hours; three credits.

Reading of modern scientific texts and modern German literature.

Ger. 301. Survey of German Literature. Prerequisite, two Ger. 200 courses or the equivalent. Mr. Brandt.

First semester; lectures three hours; three credits.

Main currents of German literature from the beginning to the present time.

Ger. 302. Humanism, Baroque, Classicism. Prerequisite, Ger. 301. Mr. Brandt.

THE DEPARTMENT OF PHILOSOPHY

- Professor: JAMES WILKINSON MILLER, *Head of the Department*
 Associate Professor: ¹FRANCIS S. HASEROT
 Assistant Professor: SYDNEY C. ROME
 Graduate Assistant: BEATRICE K. ROME

Requirements for Concentration

Students concentrating in Philosophy must take at least twenty-four credits in Philosophy and six in Psychology. The twenty-four credits in Philosophy must include Philosophy 201, 202 (The History of Philosophy) and Philosophy 301 (Introduction to Logic).

Description of Courses

Phil. 201, 202. The History of Philosophy. Mr. Miller.

Continuous course; lectures three hours; three credits each semester.

This course is an historical introduction to Philosophy. The first semester will treat the history of ancient and medieval Philosophy; the second semester, the history of modern Philosophy. Special attention will be devoted in the first semester to Plato, Lucretius, and St. Thomas Aquinas, and in the second semester to Descartes, Hume, Schopenhauer, and John Stuart Mill.

Phil. 301. Introduction to Logic. Mr. Miller.

First semester; lectures three hours; three credits.

Phil. 302. Intermediate Logic. Mr. Miller.

Second semester; lectures three hours; three credits.

Phil. 303. Ethics. Mr. Rome.

First semester; lectures three hours; three credits.

Phil. 304. Aesthetics. Mr. Haserot.

Second semester; lectures three hours; three credits.

Phil. 305. American Philosophy. Mr. Rome.

First semester; lectures three hours; three credits.

Phil. 306. Political Philosophy.

Second semester; lectures three hours; three credits.

Phil. 401. Metaphysics. Mr. Rome.

First semester; lectures three hours; three credits.

Phil. 402. Contemporary Philosophy. Mr. Rome.

Second semester; lectures three hours; three credits.

Phil. 403. Theory of Knowledge. Mr. Rome.

First semester; lectures three hours; three credits.

¹ On leave of absence, 1946-1947.

***Phil. 405. Research in Philosophy.** Mr. Miller, Mr. Rome.

Any semester; hours to be arranged; credits according to the work done.

An individual research course varying to suit the needs and interests of advanced students.

Phil. 411-415. The Great Philosophers.

Each course one semester; lectures three hours; three credits.

In general it is the plan of the department to offer one of the following courses each semester:

Phil. 411. The Philosophy of Plato. Phil. 412. The Philosophy of Aristotle. Phil. 413. The Philosophy of Spinoza. Phil. 414. The Philosophy of Hume. Phil. 415. The Philosophy of Kant.

Legal Philosophy.

Second semester; lectures three hours; three credits.

(See Department of Jurisprudence, page 119.)

THE DEPARTMENT OF PHYSICAL EDUCATION FOR MEN¹

Professor: KENNETH B. RAWLINSON, *Head of the Department*

Assistant Professor: REUBEN N. MCCRAY

Instructors: MARVIN C. BASS, R. F. GALLAGHER, THOMAS W. POWER,
HOWARD M. SMITH

College Physician: DR. B. I. BELL

Requirements for Concentration

Students desiring to concentrate in Physical Education should plan their courses every year with a member of the Department of Physical Education. They should take Biology 100 or Chemistry 100 in the freshman year. The following courses are required for concentration in Physical Education: Physical Education 203, 204, 206, 303, 305, 311, 314, 403, 405, 407, 408, 409, 411, 412, 414 and Biology 303, 304, 308—making a total of 24 credits in Physical Education, exclusive of distribution requirements, and a total of 10 credits in Biology.

Students preparing for recreation work may make certain substitutions for some of the courses listed above. These must be arranged with the Chairman of the Department. For the concentration with specialization in recreation, Sociology 311, 312 and Sociology 310 (see p. 154) are considered as courses in Physical Education.

In addition, concentrators in Physical Education should take the following courses if they wish to meet the requirements for the collegiate professional certificate: Biology 103; Education S301, S302, and S304; and Phys. Ed. 312, 415, and 416. It should be noted that in some states Phys. Ed. 208 is also required for a Teacher's Certificate.

¹ For courses in Physical Education open to both men and women, see p. 140.

Description of Courses

Students concentrating in other departments may elect courses in Physical Education according to interest or to prepare for teaching combinations, recreational work, and other related fields.

Phys. Ed. 101, 102, 201, 202. Required Physical Education for Freshman and Sophomore Men. Staff.

Continuous course; three hours or two double periods; one credit each semester.

A regulation uniform is required.

Participation in activities chosen by the student from the following: advanced swimming and water polo, apparatus, beginning swimming, badminton, basketball, boxing, handball, individual activities, soccer, softball, tennis, touch football, track and field, tumbling, volley ball, wrestling, and golf.

Students with physical defects will be registered in special Adapted Sports classes upon the recommendation of the College Physician.

The above courses, taken during the freshman and sophomore years, fulfill the Physical Education requirement for graduation from the College of William and Mary.

Phys. Ed. 203. Group Games. Mr. Rawlinson.

First semester; lectures and laboratory, three hours; one credit.

Theory, practice, and teaching methods of a large number of group games, contests, and relays for different age levels.

Phys. Ed. 204. Beginning Basketball. Mr. Rawlinson.

Second semester; eight weeks; lecture and laboratory, four hours; one credit.

Theory, practice, and teaching methods of fundamentals of individual offensive and defensive basketball skills.

Phys. Ed. 206. Beginning Football. Mr. Gallagher.

Second semester; eight weeks; lectures and laboratory, four hours; one credit.

Theory, practice, and teaching methods of fundamentals of offensive and defensive football skills.

Phys. Ed. 303. Outdoor Recreational Sports. Mr. Rawlinson.

First semester; eight weeks; lectures and laboratory, four hours; one credit.

Theory, practice, and teaching methods in soccer, speedball, softball, touch football, volley ball, horseshoes, and self-testing activities.

Phys. Ed. 305. Indoor Recreational Sports. Mr. Rawlinson.

First semester; eight weeks; lectures and laboratory, four hours; one credit.

Theory, practice, and teaching methods in badminton, paddle tennis, deck tennis, squash, handball, table tennis, shuffleboard, sidewalk tennis, and box hockey.

Phys. Ed. 313. Gymnastics. Mr. Rawlinson.

First semester; lectures and laboratory, three hours; one credit.

Techniques and preparation for teaching tumbling, calisthenics, apparatus stunts, conditioning activities, marching, etc. Techniques of demonstrations, pageants, and exhibitions.

Phys. Ed. 314. Track, Field and Training. Mr. Rawlinson.*Second semester; lectures and laboratory, four hours; two credits.*

Theory, method, and mechanics of coaching track and field events; management of meets and training methods. Injuries and diseases common in athletics and their prevention and treatment, taping and bandaging.

Phys. Ed. 315. Baseball, Boxing, Wrestling. Mr. Gallagher.*First semester; lectures and laboratory, three hours; one credit.*

Theory, practice, and teaching methods of the fundamentals of baseball, boxing, and wrestling.

Phys. Ed. 317. Tennis, Golf, and Swimming. Mr. Smith.*First semester; lectures and laboratory, three hours; one credit.*

Theory, practice, and teaching methods of the fundamental rules and strokes of tennis and golf. Theory and practice of teaching swimming, diving, water sports, and life saving.

Phys. Ed. 412. Advanced Basketball. Mr. Gallagher.*Second semester; eight weeks; lectures and laboratory, six hours; two credits.*

Theory, practice, and teaching methods of team offense and defense. Team organization; practice schedules; scouting.

Phys. Ed. 414. Advanced Football. Mr. McCray.*Second semester; eight weeks; lectures and laboratory, six hours; two credits.*

Theory, practice, and teaching methods of team offense and defense. Team organization; practice schedules; scouting. Six man football.

Medical Attention

The college will not be responsible for doctors' bills for medical attention of any kind for students who are injured in athletics or physical exercises, except such attention as is furnished by the college physician and resident nurses. (See p. 44.)

**¹ THE DEPARTMENT OF PHYSICAL EDUCATION
FOR WOMEN**Professor: CAROLINE B. SINCLAIR, *Head of the Department*

Associate Professor: E. MARTHA BARKDSALE

Assistant Professor: MARION REEDER

Instructor: THELMA DODSON

College Physician: DR. B. I. BELL

Requirements for Concentration

Students desiring to concentrate in Physical Education should plan their courses every year with a member of the Department of Physical Education. Chemistry

¹ For courses in Physical Education open to both men and women, see p. 140.

should be chosen for the distribution requirement in science and if possible Biology 100 should be elected. It is recommended that a second activity course in Physical Education be elected in the freshman year.

Students preparing for recreation work may make certain substitutions for some of the courses listed below. These must be arranged with the Chairman of the Department. For the concentration with specialization in recreation Sociology 311, 312 and Sociology 310 (see page 154) are considered as courses in Physical Education.

In addition to distribution requirements in Physical Education, the following courses are required for concentration in this field: Physical Education 251, 252, or 253 (two of the three), 305, 306, 311, 403, 404, 408, 409, 411, 413, 414; and Biology 303, 304, and 308—making a total of 24 credits in Physical Education, exclusive of distribution requirements, and a total of 10 credits in Biology.

In addition concentrators should take the following courses if they wish to meet the requirements for the collegiate professional certificate: Biology 103 or 301; Education S301, S302, S304; and Physical Education 312, 415, and 416. In some states Physical Education 208 is required for a teaching certificate.

Description of Courses

Physical Education 101, 102, 201, and 202, are required of all freshmen and sophomores. A regulation uniform is required. Placement in activities is based upon a medical and physical examination. Sections are provided in a number of activities and section numbers indicate the activity and level of performance. Sections 20-30 signify an elementary level, 30-40 an intermediate level, 40 and beyond an advanced level.

Students concentrating in other departments may elect courses in Physical Education according to interest or to prepare for teaching combinations, recreational work, and other related fields.

Phys. Ed. 101R. Team Sports. Staff.

First semester; repeated second semester; three hours or two double periods; one credit.

Seasonal activities; hockey, soccer, basketball, softball, lacrosse.

Phys. Ed. 102R. Dance. Staff.

First semester; repeated second semester; three hours; one credit.

Fundamentals of dance; modern, folk, and tap dancing.

Phys. Ed. 201R. Swimming. Staff.

First semester; repeated second semester; three hours; one credit.

Safety skills, standard swimming strokes, diving, life saving techniques.

Note: Beginning Swimming (001) may be elected without credit and should be taken in the Freshman year by those students with no swimming experience. Students who demonstrate proficiency in swimming may substitute another activity with the approval of the Head of the Department. Swimming tests for this purpose must be taken prior to the Sophomore year.

†Phys. Ed. 145, 146. Adapted Activities. Miss Reeder.

First and second semesters; three hours or two double periods; one credit each semester.

Upon recommendation of the College Physician these courses may be substituted for required courses.

Phys. Ed. 202R. Individual Sports and Gymnastics. Staff.

First semester; repeated second semester; three hours or two double periods; one credit.

Seasonal activities; archery, tennis, fencing, badminton, individual and group gymnastics.

Phys. Ed. 251R. Team Sports. Prerequisite, Physical Education 101R. Staff.

First semester, repeated second semester; three hours; one credit.

Two or more team sports.

Phys. Ed. 252R. Intermediate Dance. Prerequisite, Physical Education 102R. Miss Dodson.

First semester, repeated second semester; three hours; one credit.

Phys. Ed. 253R. Individual Sports. Prerequisite, Physical Education 202R. Staff.

First semester; repeated second semester; three hours; one credit.

Two or more individual sports.

Phys. Ed. 262. Camp Leadership. Miss Reeder.

Second semester; lectures and laboratory, four hours; two credits.

Organization of summer camps including those of national organizations and private groups. Methods of leadership and practice in program activities. The laboratory work emphasizes skills in outdoor living.

Phys. Ed. 305, 306. Program Activities.

Each unit continuous:

- A. Three hours; one credit each semester. First semester, social and folk dancing; second semester, tap and modern dancing. Miss Dodson.
- B. Three hours; one credit each semester. Games, and field events, gymnastics, marching, stunts and tumbling. Miss Reeder and Miss Sinclair.
- C. Three hours; one credit each semester. Hockey, soccer, basketball, swimming, softball, and lacrosse. Miss Barksdale.

Phys. Ed. 403, 404. Dance Practice and Composition. Miss Dodson.

Continuous course; three hours; two credits each semester.

First semester: History of dance, principles of modern dance, dance techniques and composition. Second semester: Teaching of dance and program development.

Phys. Ed. 413, 414. Coaching of Individual Sports. Miss Reeder.
Continuous course; two hours conference and practice; one credit each semester.
 Tennis, archery, badminton, swimming. Life saving must be taken concurrently or previously. Survey of fencing, bowling, riding, and golf.

Athletics

Athletics and other recreational activities are conducted under the auspices of the Women's Athletic Committee. (See p. 164.)

Medical Attention

The College will not be responsible for doctors' bills for medical attention of any kind for students who are injured in athletics or physical exercises, except such attention as is furnished by the college physician and resident nurses. (See p. 44.)

COURSES IN PHYSICAL EDUCATION OPEN TO BOTH MEN AND WOMEN

Phys. Ed. 208. Safety Education and First Aid. Miss Barksdale and Mr. Rawlinson.

Second semester; lectures and laboratory, three hours; two credits.

The essentials of safety education with reference to home, school, traffic, and sports. Standard and advanced Red Cross certificates in First Aid are given upon completion of this course.

Phys. Ed. 311. History and Principles of Physical Education. Miss Barksdale.

First semester; lectures two hours; two credits.

The history, aims, and objectives of physical education. The place of physical education in the general educational program.

Phys. Ed. 312. Teaching of Health and Physical Education. Miss Sinclair.

Second semester; lectures three hours; three credits.

Coordination of school health programs; teaching of hygiene and health related subjects; methods and materials in physical education for secondary schools; evaluation and testing.

Phys. Ed. 408. Organization and Administration of Physical Education. Miss Sinclair and Mr. Rawlinson.

Second semester; lectures three hours; three credits.

Classification of students. Buildings, play fields, and swimming pools. Courses of study; intramural and varsity athletics. Budgets, records, schedules, tournaments, meets, and exhibits.

Phys. Ed. 409. Recreation Leadership. Mr. Rawlinson.

First semester; lectures two hours; two credits.

Qualifications, duties, and relationships of recreational leaders. Organization and activities of playgrounds, community centers, boys and girls clubs. Program planning. Laboratory work in recreational activities.

Phys. Ed. 411. Therapeutic Physical Education. Miss Reeder and Mr. Rawlinson.

First semester; lectures three hours; three credits.

Physical examinations, remedial gymnastics; massage; athletic injuries, taping and bandaging; survey of techniques in physical therapy.

Phys. Ed. 415, 416. Supervised Teaching. Prerequisites, senior standing, nine credits in Education; fifteen semester credits in Physical Education (Biology 303, 304 and 308 may be included). Miss Sinclair, Mr. Rawlinson.

Continuous course; five hours; three credits each semester.

Phys. Ed. 417, 418. Directed Practice in Recreation. Prerequisites, senior standing, General Psychology, fifteen semester credits in Physical Education, and one summer of approved work in Recreation. Miss Sinclair, Mr. Rawlinson.

Continuous course; five hours; three credits each semester.

Students are assigned to the leadership of school and community groups in recreational projects. Practice is supervised and regular conference periods scheduled.

Phys. Ed. 502. The Curriculum in Physical Education. Prerequisites, graduate student and the approval of the Head of the Department. Mr. Rawlinson.

Second semester; lectures three hours; three credits.

Problems of the curriculum; evaluation of activities; organization, teaching and grading procedures; literature and current trends.

THE DEPARTMENT OF PHYSICS

Professors: ROBERT L. MOONEY, Head of the Department;
W. W. MERRYMON

Instructor: MARIE HOFMEYER TUTTLE

Assistant Instructor: R. SHARON McCLOSKEY

Requirements for Concentration

A student concentrating in Physics should complete during his freshman and sophomore years two years of Physics and two years of Mathematics, which should include one year of the Calculus. His choice of courses will depend upon his interests and needs and will be subject to the approval of the Head of the Department.

Description of Courses

Phys. 101, 102. General Physics. Staff.

Continuous course; lectures four hours; laboratory three hours; five credits each semester.

A beginning course in College Physics. Mechanics and heat first semester. Sound, electricity and light second semester. Required of all students concentrating in Physics, all pre-medical students, and all students preparing for engineering.

Phys. 106. Descriptive Astronomy. Mr. Merrymon.

Second semester; lectures three hours; three credits.

Elective course; does not count toward distribution requirements nor concentration work in Physics.

Physics 202. Heat and Thermodynamics. Mr. Mooney.*Second semester; lectures three hours; three credits.*

Prerequisites: Three semesters of Physics.

Elementary theory of heat and thermodynamics. Applications of thermodynamics to ideal and actual systems.

Physics 203. Mechanics and Molecular Physics. Mr. Merrymon.*First semester; lectures three hours; laboratory four hours; four hours credit.*

Prerequisites: General Physics and enrollment in the Calculus.

Theoretical applications of the laws of Mechanics; numerous problems in Mechanics and Molar Physics; laboratory measurements in Mechanics and Molar Physics.

Phys. 205. Aerodynamics. Mr. Merrymon.*Second semester; lectures three hours; three credits.*

Prerequisite: General Physics.

Elementary aerodynamics and the theory of flight. Recommended for students preparing for aeronautical engineering.

Phys. 302. Geometrical and Physical Optics. Mr. Merrymon.*Second semester; lectures three hours; laboratory four hours; four credits.*

Prerequisites: General Physics and the Calculus.

Geometrical optics; theory and use of the prism spectrometer; diffraction phenomena, interferometry, polarization phenomena; applications of the theory of physical optics.

Phys. 303. Electricity and Magnetism. Mr. Mooney.*First semester; lectures three hours; laboratory four hours; four credits.*

Prerequisites: General Physics and enrollment in Differential and Integral Calculus.

Development of the theory of electricity and magnetism from fundamental principles. Introduction to electromagnetic theory. Laboratory experiments in electrical measurements.

Phys. 304. Alternating Currents and Electronics. Mr. Mooney.*Second semester; lectures three hours; laboratory four hours; four credits.*

Prerequisite: Electricity and Magnetism.

Theory of alternating current networks. A study of the modern thermionic tube and electronic applications in practical control circuits, amplifiers and oscillators.

Phys. 307, 308. Engineering Mechanics. Mr. Smith.*Continuous course; lectures three hours; three credits each semester.*

Prerequisites: Two years of Physics and the Calculus.

Applications of principles of engineering mechanics; statics, vibrations, motion of rigid bodies, stresses and strains; structural analysis and design. Required course for M. I. T. Combined Plan students.

Physics 403. Advanced Laboratory. Staff.*Either semester; hours to be arranged; credit according to work accomplished.*

Prerequisite: approval of the Head of the Department.

Equipment and instruction can be made available for special laboratory projects for qualified students. Requests for permission to take this course should be made early in the semester preceding that in which the course is to be given.

Physics 405. Introduction to Theoretical Physics. Mr. Mooney and Mr. Merryman.

First semester; lectures three hours; three credits.

Prerequisite: Three years of Physics.

Dynamics, hydrodynamics, elastic waves in fluids and solids; motion of rigid bodies; introduction to statistical mechanics. Vector methods used.

Physics 406. Introduction to Electrodynamics and General Boundary Value Problems. Mr. Mooney.

Second semester; lectures three hours; three credits.

Prerequisite: Introduction to Theoretical Physics.

Fundamentals of electromagnetic field theory. Boundary value problems. Introduction to Wave Mechanics.

Physics 407. Modern Physics. Mr. Mooney.

First semester; lectures three hours; three credits.

Prerequisite: Three years of Physics.

A survey of the development of the modern theory of the atom; a study of X-radiation, quantum theory and an introduction to nuclear phenomena.

THE DEPARTMENT OF PSYCHOLOGY

Professor: ¹EDGAR M. FOLTIN, *Head of the Department*

Associate Professors: RICHARD LEDGERWOOD, *Acting Chairman of the Department 1946-47*; FREDERIC W. SWIFT

Assistant Professors: JOSEPH E. BARRETT, ²ROYAL B. EMBREE, JR., J. WILFRED LAMBERT, FRANCES W. MCGEEHEE

Lecturer: GRANVILLE L. JONES

³ Requirements for Concentration

It is recommended that students who expect to concentrate in Psychology take Mathematics and either Physics or Biology in their first year. Psychology 201, 202 and Psychology 201A, 202A should be taken in the second year. French and German should be taken, either in fulfillment of the foreign language requirement for the bachelor's degree or as an elective, by students who plan to do postgraduate work in Psychology. Concentration in Psychology must include Psychology 201, 202, Psychology 201A, 202A, Psychology 403, 404, fourteen additional credits in Psychology, and Philosophy 201, 202.

Description of Courses

Psych. 201, 202. General Psychology. Mr. Ledgerwood.

Continuous course; lectures three hours; three credits each semester.

Psych. 201A, 202A. Introduction to Laboratory Psychology. Mr. Ledgerwood, Mr. Swift.

Continuous course; laboratory two hours; one credit each semester.

To be taken concurrently with or after Psychology 201, 202.

***Psych. 301A, 302A. Advanced Experimental Psychology.** Prerequisite, Psychology 201, 202 and Psychology 201A, 202A. Mr. Ledgerwood.

Continuous course; laboratory two hours; one credit each semester.

¹ On leave of absence, 1946-1947.

² Resigned February 7, 1947.

³ See p. 150 for a special program of concentration in Psychology preparing students for prison work.

Psych. 303. Applied Psychology. Prerequisite, Psychology 201, 202 (Psychology 201 only with permission of instructor). Mr. Swift.

First semester; lectures three hours; three credits.

Psych. 304. Social Psychology. Prerequisite, Psychology 201 or consent of instructor. Mr. Swift.

Second semester; lectures three hours; three credits.

Psych. 305. Abnormal Psychology. Prerequisite, Psychology 201, 202. Mr. Lambert, Mr. Jones.

First semester; lectures two hours; clinic at the Eastern State Hospital two hours; three credits.

Psych. 306. Basic Principles of Measurement. Prerequisite, Psychology 201, 202 and Psychology 307R. Miss McGehee.

Second semester; lectures two hours; laboratory two hours; three credits.

Psych. 307R. Elementary Principles and Methods of Statistics. Miss Hudson.

First semester, repeated second semester; lectures two hours; laboratory two hours; three credits each semester.

This is the same course as Econ. 331R.

Psych. 308. Psychotherapy. Prerequisite, Psychology 201, 202. Not offered in 1946-47.

Second semester; lectures two hours; clinic at Eastern State Hospital two hours; three credits.

Psych. 310. Child Psychology. Prerequisite, Psychology 201, 202. Mr. Lambert.

Second semester; lectures three hours; three credits.

Psych. 317. The Psychology of Personality. Prerequisite, Psychology 201, 202. Mr. Swift.

First semester; lectures three hours; three credits.

Psych. 318. Public Opinion. Prerequisite, Psychology 201, 202. Mr. Swift.

Second semester; lectures three hours; three credits.

Psych. 401. Personnel Practice. Prerequisite, Psychology 306. Mr. Embree.

First semester; lectures two hours; laboratory two hours; three credits.

Psych. 403. Historical Background of Modern Psychology. Prerequisite, Psychology 201, 202 and Philosophy 201, 202. Mr. Swift.

First semester; lectures three hours; three credits.

Psych. 404. Contemporary Psychological Theories. Prerequisite, Psychology 201, 202 and Philosophy 201, 202. Mr. Swift.

Second semester; lectures three hours; three credits.

***Psych. 405, 406. Research in Psychology.** Staff.

Either semester; hours to be arranged; credit according to the work undertaken.

THE DEPARTMENT OF SECRETARIAL SCIENCE

Assistant Professors: KATHLEEN ALSOP, *Head of the Department*; HAZEL TURBEVILLE

Junior and Senior Elective Courses in Secretarial Science

The following courses in Secretarial Science are open to junior and senior students in the college as elective courses, regardless of their field of concentration. College credit is given for the courses as indicated. These courses may be taken as part of a student's regular schedule of fifteen credits. Beginning courses in Secretarial Science will be offered only in the first semester.

Sec. Sci. 301, 302. Section 1. Miss Turbeville.

Continuous course; lectures three hours; laboratory three hours; three credits each semester.

Fundamentals of Gregg shorthand taught by the functional method and the touch system of typewriting. Course designed for juniors who plan to continue in Sec. Sci. 401, 402.

Sec. Sci. 301, 302. Section 2. Miss Turbeville.

Continuous course; lectures five hours; laboratory three hours; three credits each semester.

Intensive study of the Gregg *manual* and the touch system of typewriting. Course designed for seniors and students who plan to take one year of secretarial science.

Sec. Sci. 401, 402. Prerequisite, Sec. Sci. 301, 302. Miss Turbeville.

Continuous course; lectures three hours; laboratory three hours; three credits each semester.

Advanced shorthand and typewriting; business English; composition of business letters; office procedure; office machines.

Courses in Typewriting (Without Credit)

The following course in typewriting is open to any students in the College. This course may be taken over and above a student's regular schedule of fifteen credits and is taken without credit.

Typewriting 101, 102. Miss Turbeville.

Designed to give thorough training in the fundamentals of touch typewriting, business letters, and related business forms.

THE DEPARTMENT OF SOCIOLOGY

Professors: SHARVY G. UMBECK, *Head of the Department*; DANIEL
 JAMES BLOCKER, *Emeritus*
 Associate Professor: ROBERT H. CALDWELL
 Instructor: WAYNE R. KERNODLE

Requirements for Concentration

Concentration in Sociology must include the following courses: Sociology 201, 202, 307, 308, 331R and 313.

Description of Courses

- Soc. 201. Introductory Sociology.** Mr. Caldwell.
First semester; lectures three hours; three credits.
- Soc. 202. Social and Personal Disorganization.** Mr. Kernodle.
Second semester; lectures three hours; three credits.
- Soc. 203. Urban Sociology.** Mr. Umbeck.
First semester; lectures three hours; three credits.
 An analysis of the social structure and function of cities.
- Soc. 204. Rural Sociology.** Mr. Umbeck.
Second semester; lectures three hours; three credits.
 Analysis of the social structure of rural areas; rural institutional life; problems of the farm and village.
- Soc. 306. Race Relations.** Mr. Caldwell.
Second semester; lectures three hours; three credits.
- *Soc. 307, 308. Social Research.** Prerequisite, Soc. 331R. Mr. Caldwell.
Continuous course; lectures three hours; three credits each semester.
- Soc. 309. Population Problems.** Mr. Kernodle.
First semester; lectures three hours; three credits.
 Study of American population trends—sex and age distribution, birth⁷ rates, rural-urban distribution, marriage rates, eugenic movements.
- Soc. 310. Community Organization and Leadership.** Mr. Kernodle.
Second semester; lectures three hours; three credits.
 (Not offered in 1946-1947.)
- Soc. 311, 312. Social Legislation.** Mr. Umbeck.
Continuous course; lectures three hours; three credits each semester.
 Legislation and public policy dealing with social problems.

Soc. 313. Social Theory. Mr. Kernodle.
First semester; lectures three hours; three credits.

Soc. 315. Social Origin. Mr. Caldwell.
First semester; lectures three hours; three credits.

The study of the origin and early developments of man and culture.

Soc. 331R. Elementary Principles and Methods of Statistics. Miss Hudson.

First semester; repeated second semester; lectures two hours; laboratory two hours; three credits for each semester.

Same as Economics 331R.

Soc. 402. Criminology and Penology. Mr. Caldwell.

Second semester; lectures three hours; three credits.

Causes, prevention, and treatment of juvenile delinquency and crime.

Soc. 404. State and Federal Public Welfare. Mr. Umbeck.

Second semester; lectures three hours; three credits.

Survey of the public welfare bureaus and agencies in State and Federal Government. (Not offered in 1946-47.)

Soc. 405. Social Institutions. Mr. Kernodle.

First semester; lectures three hours; three credits.

Origin and development of the major social institutions.

Soc. 406. Poverty and Dependency. Mr. Umbeck.

Second semester; lectures three hours; three credits.

Extent and causes of poverty and of dependency, and their social consequences. Methods of caring for various types of dependents.

***Soc. 408. Marriage and the Family.** Mr. Kernodle.

Second semester; lectures three hours; three credits.

This course is open only to concentrators in Sociology and to Seniors.

Soc. 410. Contemporary Social Movements. Mr. Umbeck.

Second semester; lectures three hours; three credits.

Social Work

The College maintains in Richmond a graduate school for the training of social workers leading to the professional degree of Master of Science in Social Work. For further information write to the Director of Social Work, 901 W. Franklin St., Richmond, Virginia.

DEPARTMENTAL PROVISION FOR PRE-PROFESSIONAL TRAINING

Clinical Laboratory Technique, Dentistry, Engineering, Forestry, Medicine, Nursing, Pharmacy, Public Health Service, and Veterinary Medicine

For many years, the College of William and Mary has given pre-professional training for Clinical Laboratory Technique, Dentistry, Engineering, Forestry, Medicine, Nursing, Pharmacy, Public Health Service, and Veterinary Medicine, coupled with sound work in the liberal arts and sciences, and leading, in most cases, to a liberal arts degree. During the present emergency the need for specific pre-professional training is most urgent and the College is making every possible effort to facilitate this training. To this end, so far as possible when the need appears, courses will be adjusted to fit the current demands. Candidates for admission interested in these programs should consult with the Committee on Admissions, and students already in college with their Deans or with members of departments of instruction related to their prospective professional field:

For Engineering, the Departments of Physics, Chemistry, or Biology.

For Medicine, the Departments of Biology or Chemistry.

For Dentistry, Forestry, Nursing, Clinical Laboratory Technique, Pharmacy, and Veterinary Medicine, the Department of Biology.

Reference is made to a fuller statement of these programs, prepared for peacetime, published in recent editions of the College catalogue.

Pre-Medical Course

The College offers pre-medical programs with concentrations in various fields and covering four years. One three-year program acceptable in most schools is also outlined. Copies of these programs will be sent, on request, to any candidate interested in them and able to devote three or four years to pre-medical study. There is every reason to expect that well qualified young men now not over sixteen years of age will be able to carry out these programs in normal fashion and that their services in medicine will be in great demand.

In general, the medical schools are accepting as civilians only those who fulfill the pre-war requirements, including at least a year each in English, Biology, General Chemistry, and Physics, and a course in Organic Chemistry. Nearly all schools require three or four years of college work. Terms in medical schools now generally begin in late September or early October.

The College endeavors to keep informed of the current demands of the medical profession, of current requirements of medical colleges, and of any provisions for deferment from military service of qualified candidates for medical study. Those interested should consult the Committee on Pre-Medical Students or write for information to the Secretary of the Committee.

Preparation for Engineering

Students may prepare in this college for entrance to the junior class of any standard engineering school. In making this preparation students will find it necessary to make an early selection of the branch of engineering and the engineering school they wish to enter in order that their courses may be chosen in accordance with the requirements of their engineering school. It is strongly urged that students seek advice from the Committee on Pre-Engineering Students in adapting their courses to fit the particular branch of engineering they propose to follow.

This special course, outlined below, will be found to meet the general requirements for all branches of engineering.

English.....	6 semester credits
Mathematics (through Calculus).....	15 (or 12) semester credits
Engineering Drawing.....	6 semester credits
Descriptive Geometry.....	3 semester credits
Physics.....	10 semester credits
Chemistry.....	10 semester credits

For special branches of engineering the following additional courses are recommended: Surveying for Civil, Mining, and Mechanical Engineering; an additional year of Physics for Electrical and Mechanical Engineering; an additional year of Chemistry for Chemical, Mining, and Sanitary Engineering; a year of Biology for Sanitary Engineering. Solid Geometry is required for entrance to most engineering schools and should be taken in addition to the other courses in Mathematics by those who have not already had it.

This course for engineering students may be fitted into the regular program leading to a B.S. degree and this procedure will afford the engineering student a broad training for his professional work. The completion of this program ordinarily requires four years, but engineering students, who complete three years in residence and fulfill degree requirements, except the completion of a field of concentration, with a minimum quality-point average of 1.2, will, upon application, be granted the B.S. degree of this college on graduation from an approved engineering school.

Program in Cooperation with the Massachusetts Institute of Technology

Providing an example of the possibilities of the arrangement outlined above, the College has entered into a co-operative plan with the Massachusetts Institute of Technology whereby in a combined five-year program a student may obtain the degree of B.S. from the College of William and Mary and the degree of B.S. from the Massachusetts Institute of Technology. In addition to the credits listed above further work in Chemistry, Mathematics, and Physics, depending on the field of engineering chosen, will be required. Students who carry the earlier years of this program at the College of William and Mary with high standing will be recommended for acceptance at the Massachusetts Institute of Technology. Students may find it necessary to attend a summer session at the Massachusetts Institute of Technology prior to their first regular session there. For detailed information concerning this plan students should consult the Chairman of the Committee on Pre-Engineering Students. See, also, Sequence F in Biology, page 77.

**Programs for Students Preparing for Administrative Positions in the
Federal Prison System**

Attention is called to four special programs newly instituted at the College of William and Mary by request of the Bureau of Prisons, Department of Justice, Washington, D. C. These programs, which lead to the bachelor's degree at the College of William and Mary, and which qualify students for opportunities for careers in penal institutions, with particular reference to the federal prisons, are as follows:

1. General Prison Administration (Field of concentration: Sociology)
2. Business Administration in Prisons (Field of concentration: Business Administration)
3. Classification and Parole (Field of concentration: Psychology)
4. Dietetics and Culinary Management in Prisons (Field of concentration: Home Economics)

Full particulars concerning these programs may be obtained from Professor Sharvy G. Umbeck, Secretary, Committee on Students Preparing for Prison Administration, or from the heads of the four departments concerned.

THE MARSHALL-WYTHE SCHOOL OF GOVERNMENT AND CITIZENSHIP

The Marshall-Wythe School of Government and Citizenship consists of the Departments of Economics, Government, History, and Sociology, and is therefore included in the Division of Social Sciences.

James Goold Cutler Foundation

In 1926, through the generosity of James Goold Cutler, Esq., of Rochester, New York, a fund of approximately one hundred thousand dollars was established, the income to be applied toward the salary of the John Marshall Professor of Government and Citizenship and for other purposes.

Marshall-Wythe Seminar

The School conducts a seminar every fortnight during the second semester, through the cooperation of various state and national departments of government, as well as certain non-governmental organizations. The seminar serves to acquaint its members with the administrative problems and policies of these bodies, and provides an open forum on current questions of importance.

One semester credit is given in this course, and a student may, in successive terms, receive a maximum of three credits.

Mr. Moss conducts this seminar in 1946-1947.

THE SUMMER SESSION

1946

SESSION BEGAN.....	Thursday, June 20th
CONVOCAATION.....	Wednesday, July 3rd
DEGREES CONFERRED.....	Friday, August 23rd

The summer session is planned to provide training for undergraduate and graduate students enrolled in liberal arts programs, to provide professional training for teachers, counselors, principals, supervisors, superintendents, and to furnish basic instruction in pre-professional programs, such as Engineering, Dentistry, Medicine, Law, and the Ministry. Provision is made also for meeting the educational needs of veterans from the armed services and of high school graduates who wish to begin college work prior to reaching the age of induction under the Selective Service Act. Attendance at the summer session will permit the earning of credit equivalent to three-fifths of that received for a full semester's work.

Expenses

TUITION

Tuition for the summer session is comparable to the fee charged students enrolled during the regulation session. The unit for computing the tuition charge is the semester hour of credit. The schedule of fees is as follows:

Virginia teachers.....	\$2.50 per semester hour of credit
Other Virginia students.....	5.00 per semester hour of credit
Students from other states.....	9.50 per semester hour of credit

Nine semester-hour credits for the nine weeks session and six semester-hour credits for the courses running six weeks are considered a normal load. Tuition charges for students carrying normal loads are:

	<i>For full session (9 weeks)</i>	<i>For six weeks</i>
Virginia teachers.....	\$ 22.50	\$ 15.00
Other Virginia students.....	45.00	30.00
Students from other states.....	85.50	57.00
Medical and Recreational Fee.....	1.00	1.00

The term "Virginia teachers" applies to those who last taught in the public schools of Virginia and who expect to continue teaching in Virginia. It cannot be construed to apply to those whose last teaching was done in another state or to those having legal residence in Virginia teaching in other states; however, legal residents of Virginia teaching in other states may attend the College for the rate applicable to other Virginia students.

Teachers from other states are eligible for scholarships varying in amount from \$25.00 to \$50.00 each term.

ROOMS

All students, men and women of college age, are required to room in College dormitories, except those coming in daily from their homes. Any variation from this regulation must be by written permission from the Director of the Summer Session.

Undergraduate women students who are regularly enrolled at William and Mary, or some other college, will be housed in Barrett Hall. Teachers, graduate students, and married couples, one or both of whom are regularly enrolled in the summer session, will be accommodated in Chandler Hall.

Weekly rates for rooms are as follows:

BARRETT HALL

Double room, without bath.....	\$2.50 per person
Double room, connecting bath.....	3.00 per person
Double room, private bath.....	3.50 per person
Single room, private bath.....	4.00

CHANDLER HALL

Double room, connecting bath.....	\$3.00 per person
Double room, private bath.....	3.50 per person
Single room, connecting bath.....	4.25
Single room, without bath.....	4.00

Rooms for married couples, one or both of whom are discharged veterans or teachers, with private bath, \$6.00; connecting bath, \$4.50; without bath, \$3.00.

The work of the summer session was conducted, for the most part, by the professors of the College faculty.

A bulletin containing full information concerning the courses of instruction, expenses, etc., for the 1947 Summer Session may be secured by writing to Mr. George J. Oliver, Director of the Summer Session.

PART FOUR

The College Library and Institutes of Research

THE COLLEGE LIBRARY

Librarian Emeritus: EARL GREGG SWEM

LIBRARIAN: ROBERT HUNT LAND

Assistant Librarian: MARGARET GALPHIN

Law Librarian: CHARLES HARPER ANDERSON

In Charge Circulation and Reference: ROSE KNOX BELK

In Charge Cataloging: VIRGINIA S. YOUNG

In Charge Rare Books and Manuscripts: JOHN M. JENNINGS

Assistant Cataloger: LOUISE P. BETHEA

The main library contains approximately 192,502 cataloged volumes.¹ The books are classified according to the Dewey Decimal System with variations in special classes. A dictionary card catalogue, kept up to date by the insertion of printed cards of the Library of Congress, makes the books readily available. Additional resources of the library include 59,011 government documents; 30,000 books and pamphlets in special collections; and 1,053 volumes administered for the State Board of Education. The number of different periodicals regularly received is 1,130 and of different newspapers is 93.

With the exception of 13,500 books in the rare book collection, the volumes in the library are on open shelves easily accessible to all students and members of the faculty. Students are encouraged by the library staff to consult books not only in the reading room but also in the stack room. The library is administered in accordance with the principles of the honor system. Any misuse of books is reported to the Men's or Women's Honor Council.

The library is open week days from 8 a.m. to 6 p.m. and from 7 to 10 p.m., on Saturdays from 8 a.m. to 6 p.m., and on Sundays from 2 to 6 p.m., and from 7 to 10 p.m. A student may borrow as many books at one time as he wishes. The privilege of borrowing books is granted to residents of Williamsburg and the adjoining counties; to military personnel stationed on the Peninsula; to members of the staff of Colonial National Historical Park at Jamestown and Yorktown, and to the staff of Colonial Williamsburg, Inc. When needed material cannot be supplied from the library collection, interlibrary loan books are borrowed upon the request of a member of the faculty. In order to facilitate its use by new students, a lecture on the library is given to sections of each freshman class.

The Law Library on the third floor of the library building numbers about 15,000 volumes, and is open approximately the same hours as the main library. The reserved book collection is on the second floor, and is open the regular library hours; it contains about 6,000 volumes, which are changed each semester as the courses

¹ The library holdings of the College including cataloged and uncataloged material in the Williamsburg, Norfolk Division, and Richmond Division libraries total 340,205; in addition, manuscripts, prints, maps, and music total over 425,000 pieces.

require. The Department of Library Science, which offers courses for the training of school librarians, has a collection of educational films and over 5,000 volumes shelved in a laboratory on the second floor. There are three departmental collections in special rooms which are open at special hours: the Fine Arts Library in the Fine Arts Building; the Education Library in Washington Hall; and the Chemistry Library in Rogers Hall.

Association books owned and used by distinguished Virginians now number 1,235 volumes. In this group, the volumes belonging to each of certain families have been kept together, to exemplify the culture of the early planter families. The following family groups are noteworthy: Landon Carter, Francis Jerdone, St. George Tucker, William and Peyton Short, John Tayloe. More than 500 books owned and used by William and Mary students before 1888 have been assembled; these illustrate the curriculum of two centuries.

The collection of manuscripts, the greater part of which has been arranged and cataloged by means of a grant from the General Education Board, touches Virginia life of three centuries. Worthy of special mention are representative letters of such distinguished Virginians as George Washington, John Marshall, Thomas Jefferson, James Monroe, James Madison, George Mason, and Joseph E. Johnston. As part of the collection, there are 2,000 ledgers, journals, letter books, diaries, account books and note books. Of prime importance is the collection of letters, documents, and accounts of officials, professors, and students of the College of William and Mary, to which notable additions are being made almost daily.

The library is fortunate in receiving each year many gifts of books from friends, alumni, members of the faculty, and students. These are always welcomed. The library houses two gifts established by the Friends of the College: the Memorial Book Shelf of currently published volumes to commemorate students and members of the faculty who lost their lives in World War II and a large collection of musical records from which albums may be borrowed.

INSTITUTE OF EARLY AMERICAN HISTORY AND CULTURE

The Institute of Early American History and Culture was formed in 1943 by the union of the historical research activities of the College of William and Mary and Colonial Williamsburg, Inc. The board of editors of the *William and Mary Quarterly* and the advisory board of historians of Colonial Williamsburg, Inc., were combined to form the Council of Historians for the Institute, now consisting of the following members: Thomas P. Abernethy, University of Virginia; Julian P. Boyd, Princeton University; Virginius Dabney, *Richmond Times-Dispatch*; Douglas Southall Freeman, *Richmond News Leader*; Leonard W. Labaree, Yale University; Perry Miller, Harvard University; Samuel Eliot Morison, Harvard University; Curtis P. Nettels, Cornell University; Stanley Pargellis, Newberry Library; John E. Pomfret, College of William and Mary; Arthur M. Schlesinger, Harvard University; Clifford K. Shipton, American Antiquarian Society; Thomas J. Wertenbaker, Princeton University; Louis B. Wright, Huntington Library; and Lawrence C. Wroth, John Carter Brown Library.

The Director of the Institute is Dr. Carl Bridenbaugh. On his staff are Lester J. Cappon, Research Editor of the Institute, who will edit the Colonial Williamsburg Historical Studies dealing with the early American period; Dr. Douglass Adair, Managing Editor of the *William and Mary Quarterly, a Magazine of Early American History, Institutions, and Culture*; and Dr. Margaret Bailey, Associate Editor of the *Quarterly*. Mr. Cappon is also archivist of Colonial Williamsburg, and Mr. Adair is a member of the Department of History of the College of William and Mary.

Until permanent quarters can be provided in the ancient Wren Building of the College, the Institute is housed in the Goodwin Building of Colonial Williamsburg.

The Institute endeavors to keep before the American people a clear knowledge and understanding of the development of the nation in its progress toward political, economic, and social democracy. Its work reflects the significance of scholarly researches in this field, and also has ramifications dealing with the sound interpretation of the American heritage at other levels, particularly in the schools of the country. All its activities carry the conviction that every American will be a better citizen by virtue of knowledge of the early years and the founders of this nation's development.

General Statement

With the object of conserving and developing the fishery resources of Tidewater Virginia, the Virginia Fisheries Laboratory was established in 1940 under the authority of the General Assembly. Funds for its support are appropriated to the College and to the Commission of Fisheries.

The research program includes the study of methods of fishery management and practice that may improve the production and utilization of the State's fishery resources. Practical studies are conducted on the water conditions affecting local variations in abundance, rate of growth, and reproductive habits of commercial species; the relative importance of different areas for fishery operations; successful artificial and semi-artificial cultural practices; and satisfactory methods for preserving the fisheries against predators and uneconomical methods of fishery practice.

The educational extension program is designed to aid in the teaching of subject matter on the life history of local marine animals, the nutritional and economic values of seafood, on conservation, and on the importance of the fisheries to community welfare. A mobile exhibit of the principal marine animals of Tidewater is available for exhibit.

Field studies are centered at the Yorktown Laboratory and an experiment station is maintained at Wachapreague.

During the summer school session, the Laboratory offers instructional work in fishery biology and conservation designed to meet the needs of teachers and research students interested in marine fisheries. These courses include Fishery Biology and Conservation, Research, and Graduate Seminar. Additional information on the research and education programs is available on request to the Director, Virginia Fisheries Laboratory, Williamsburg.

HAMPTON ROADS-PENINSULA WAR STUDIES

A series of studies on the impact of the war upon the Hampton Roads-Peninsula area was initiated by the Division of Social Sciences of the College of William and Mary, February 1, 1945. These studies will deal with some of the economic, political, and social effects of the war upon this important strategic region. They will be carried on as individual research projects by faculty members of the parent institution at Williamsburg and its branches in Norfolk and Richmond. Responsibility for the coordination of these studies and for the provision of research facilities has been assigned by the Division of the Social Sciences to a committee consisting of C. F. Marsh, chairman and Professor of Economics and Business Administration, J. E. Pate, Professor of Government, and S. G. Umbeck, Professor of Sociology. A central office is maintained in the Marshall-Wythe Building. It is staffed by Mrs. Blair C. Whitehead, Research Secretary and Mrs. R. Wayne Kernodle, Research Associate.

It is hoped that these studies may help to establish a record of the impact of the war upon the Hampton Roads area; assist the communities in meeting their present problems, making the necessary postwar adjustments with the least social loss, and in developing long-range plans; develop techniques for research in the social sciences; and invigorate the teaching of social sciences at the College by affording teachers and students an opportunity to supplement textbooks and library materials with firsthand knowledge of the processes of social change. Few sections of the country present such an array of wartime economic, social, and political problems and, hence, afford such a valuable laboratory for social scientists. The recently inaugurated research program is in line with the policy of the College to become closely identified with the life of the region in which it is located and to put at the service of the community and the state the reservoir of trained research ability afforded by its faculty.

The present studies are the outgrowth of certain independent studies by several faculty members of war boom conditions in Newport News and Williamsburg. A three-year grant of funds totalling \$31,500 from the Rockefeller Foundation will make it possible for the research to be extended to cover the entire Hampton Roads-Peninsula area and to be conducted on a more stable, continuous basis, since faculty members can be freed from part of their teaching duties and provided with needed research facilities.

PART FIVE

Student Life and Organizations

STUDENT GOVERNMENT

The Constitution of the Student Body of the College of William and Mary provides for a Senate and Assembly whose powers extend to all student activities common to both men and women. A separate organization, the Women Students' Cooperative Government Association, deals with student activities which concern the women solely. These two organizations cooperate with the College in administering the regulations which govern the students.

A General Cooperative Committee, consisting of students, members of the faculty and administrative officers, serves as a clearing house for matters of general concern to the entire College.

PHI BETA KAPPA SOCIETY

ALPHA OF VIRGINIA

The Phi Beta Kappa Society, the first Greek letter fraternity in the United States, was founded at the College of William and Mary, December 5, 1776. Alpha of Virginia elects to membership from the qualified members of the Senior Class, from the Alumni of the College who have been out of College ten years and who have attained distinction in their profession, and from those, other than graduates, who are distinguished in letters, science, education, or other learned profession.

HONOR SOCIETIES

At the college are chapters of the national leadership societies, Omicron Delta Kappa for men, and Mortar Board for women. In addition, eight professional societies seek to further departmental interests of the students. Members of the groups are elected by students on the basis of scholastic proficiency in the departments concerned.

INTEREST GROUPS

In addition to the Honor Societies, there are more than a dozen Interest Groups of a more informal nature. In these, the students find opportunities for friendly and stimulating associations in specialized forms of literary, forensic, musical, dramatic, and scientific endeavor. Among the enterprises sponsored by the Interest Groups are the customary annual "Open House" demonstrations of the Departments of Biology, Chemistry, Physics, and Psychology.

STUDENT PUBLICATIONS

The *Royalist* is published at least twice a year by a board of student editors.

The *Colonial Echo* is published annually by the students of the College. This compendious and well illustrated volume becomes a treasury of current campus life.

The *Flat Hat* is an eight-page weekly paper published by the students of the College. It is an interesting chronicle of student life and daily affairs of the College.

The financial administration of all student publications is supervised by the Publications Committee, which is composed of faculty and student members as directed by the Constitution of the Student Body.

THE WILLIAM AND MARY THEATRE

The theatre at the College of William and Mary provides a means for much creative activity, both curricular and extra-curricular. Students may choose the theatre as their field of concentration in the Department of Fine Arts, or may take individual courses as electives; and they may try out for acting parts in plays, or may volunteer to work on production crews. Instruction in acting, speech, directing, radio, construction, costuming, designing, lighting, make-up, and managership is offered under the direction of professionally trained instructors. Thus, students may share in all the various experiences provided by the arts of the theatre.

Physical facilities are modern and ample. The large auditorium in Phi Beta Kappa Memorial Hall, where plays are presented, contains the costume and make-up rooms, and excellent lighting equipment. Classrooms and workshops are in the Fine Arts Building. Studio and rehearsal stage are in the original kitchen of the Sir Christopher Wren Building.

Annually, four full-length plays are presented in public performance. Among the plays recently produced are *Tartuffe*, *Candida*, *Importance of Being Earnest*, *June and The Paycock*, *Volpone*, *Private Lives*, *Pygmalion*, *Murder in the Cathedral*, *Arsenic and Old Lace*, and *Arms and the Man*. As a supplement to the public performances, one-act plays are presented in the studio to invited audiences.

Several clubs and a chapter of one national honorary fraternity are made up of members elected from students who work in the College theatre.

MUSICAL ACTIVITIES

The College sponsors concerts each year by visiting artists, by faculty members, and by students. Visiting artists have included the Kroll String Quartet, Robert Casadesus, Rudolf Serkin, the Don Cossacks, William Primrose, Vronsky and Babin, John Carter, and many others.

The Students' Music Club also sponsors a concert series of its own, in which numerous performers have participated.

The Musical Organizations fostered by the Music Section of the Department of Fine Arts give opportunity for the development of coordinated interest, talent, and skill, and add to the entertainment of the student body generally. Among these groups are The College Choir, The William and Mary Chorus, The William and Mary Orchestra, and The Men's Glee Club.

RELIGIOUS ACTIVITIES

The College of William and Mary, though a Church of England foundation, has been since 1779 entirely non-sectarian. It avails itself fully of the cordial spirit of pastoral oversight which marks the various churches in the small and friendly

city of Williamsburg. Many of the students participate in local young people's societies in the churches and maintain some groups of their own on the campus. Of these the most important is the Student Religious Union, which includes representatives from the major religious groups on the campus and is a valuable unifying interest.

The College maintains a weekly vesper service in the beautifully restored chapel of the Wren Building. Members of the administration and of the faculty and some outside speakers make brief addresses. The College Choir assists ably. A student leader presides at each service. Attendance, which is voluntary, is gratifying.

MEN'S ATHLETICS

Athletic Facilities

In the George Preston Blow Gymnasium, the men's gymnasium, are two basketball courts, a swimming pool, three handball courts, a volley ball court, showers, lockers, athletic administrative offices, a trophy room, and a social room.

Cary Field Park provides for the following facilities: tennis courts, baseball field, stadium for football, track, and field athletics, with a seating capacity of 9,000, and practice fields for varsity and freshman football, and space for softball and intramural games.

Intramural Sports

Provision is made for participation in the following intramural sports: badminton, horseshoes, touch football, tennis, softball, volleyball, track and field athletics, boxing, wrestling, soccer, handball, steeplechase, table tennis, and swimming. Because of the body building, social, and character-forming values of competitive sport, every encouragement is made to have students enter into one or more forms of intramural athletics. Schedules are arranged for dormitory, fraternity, and independent competition.

Intercollegiate Athletics

The general supervision of athletics for men has been delegated by the President to an Athletic Committee.

The College is a member of the Southern Conference, and the Faculty Committee Chairman is charged with administration of the Southern Conference rules on eligibility.

A competent staff of coaches, all of whom have academic rank in the College, who are appointed for the full academic year, provide instruction in the following intercollegiate sports: baseball, basketball, cross country, fencing, football, golf, swimming, tennis, and track and field athletics.

Intercollegiate athletics are provided freshmen in the following sports: baseball, basketball, football, swimming, and track and field athletics.

Faculty Committee on Athletics

Sharvy G. Umbeck, Chairman; George J. Oliver; George J. Ryan; Reuben N. McCray, ex-officio; Charles J. Duke, Jr., ex-officio.

Athletic Staff

Reuben N. McCray, Director of Athletics and Head Football Coach; Eric Tipton, Assistant Football Coach; Marvin Bass, Assistant Football Coach; Richard Gallagher, Assistant Football Coach and Head Basketball Coach; Thomas Power, Assistant Football Coach and Head Track Coach; Sharvy G. Umbeck, Tennis Coach; Kenneth Rawlinson, Trainer; William S. Gooch, Business Manager of Athletics.

WOMEN'S ATHLETICS

Sports for Women

Athletics for women are conducted by a joint committee of faculty and students. The program of physical education and athletics for women provides opportunity for intramural activities and limited participation with other colleges.

Awards for accomplishment are the intramural emblem, varsity monogram, and individual honor awards.

Provision is made for intramural participation in the following activities: archery, badminton, basketball, bridge, fencing, hockey, la crosse, ping pong, song contest, swimming, tennis, and softball.

Schedules are arranged for dormitory, sorority, and individual competition in groups or teams according to the ability of the participant.

Occasional contests are arranged with other colleges.

Athletic Facilities

The women's athletic fields provide ample space for outdoor activities including tennis, hockey, la crosse, softball, soccer, and archery.

The gymnasium and swimming pool are located in Jefferson Hall.

Women's Committee on Athletics

Faculty Members: Marguerite Wynne-Roberts, Chairman; Martha Barksdale; Marion Reeder; Caroline Sinclair, *ex-officio*.

Student members: Doris Wolfgram, Jane Beatty, Jacqueline Freer.

THE NORFOLK DIVISION OF THE COLLEGE

Hampton Boulevard and Bolling Avenue
Norfolk, Virginia

The Norfolk Division of the College opened in September, 1930, on property given to the College by the city of Norfolk. Previous to 1930 the College had carried on in Norfolk a considerable amount of extension work, from which the Norfolk Division naturally developed. The establishment of the Division has made possible a complete educational service in the Norfolk-Portsmouth area through the second college year. About five hundred students are now enrolled in the regular work of the Division.

The Norfolk Division offers two years of work on the college level. In addition to the regular work of the Freshman and Sophomore years from which a student may enter the Junior year of the College in Williamsburg, as well as many other institutions, it offers numerous terminal programs designed to be completed in two years.

The Norfolk Division offers also through its Evening College a large number of courses to those unable to attend the regular sessions. In this work several hundred students enroll annually.

A separate catalogue of the Norfolk Division is published yearly in the spring. Copies of the catalogue may be obtained by addressing the Registrar of the Division.

RICHMOND PROFESSIONAL INSTITUTE

901 West Franklin Street, Richmond, Virginia

The Richmond Professional Institute of the College of William and Mary is a technical college which combines professional and vocational preparation with general education. The Institute had its beginning in 1917, when the Richmond School of Social Work and Public Health was established by a board of private citizens. In 1920 this school became affiliated with the College of William and Mary, and in 1925 it became a definite part of the College. In 1928 the School of Art was organized. The School of Store Service Education was added in 1937 and after this date the other schools and departments as described below were added.

In 1946 the Institute became affiliated with the Virginia Polytechnic Institute which established a branch of its Engineering Division on the R. P. I. campus.

The Richmond Professional Institute is coeducational and open to men and women on the same terms. The full-time enrollment in 1946-1947 was 1,180 of which 463 were men and 717 were women.

The work of the Institute is organized in the following schools and departments:

The School of Art, which includes the departments of:

Fine Arts

Advertising Art

Architectural and Engineering Drafting

Costume Design and Fashion

Dramatic Art and Speech

Industrial Arts and Crafts

Interior Decoration

The School of Music

The School of Business Administration, which offers programs of study in secretarial work, accounting, and general business and also in cooperation with other departments offers an interdepartmental major preparing for apprentice positions in journalism.

The School of Distributive Education, which, in cooperation with the Division of Distributive Education of the State Board of Education, offers training for executives, junior-executives, personnel workers, and specialists in advertising and display in department stores, small business enterprises, and other wholesale and retail establishments.

This school is now organizing a course for training executives, junior-executives, and personnel workers in hotel administration.

The School of Applied Science, which includes the departments of biological and chemical technology, laboratory technic (in cooperation with the Medical College of Virginia and Stuart Circle Hospital), nursing (in cooperation with Stuart Circle Hospital), physical therapy and occupational therapy (in cooperation with the Medical College of Virginia).

In the Applied Social Sciences the departments are:

The Department of Applied Psychology

The Departments of Recreational Leadership and Physical Education

The Department of Applied Sociology and Statistics

The Richmond School of Social Work, the oldest school in the group, offers one and two year graduate professional programs as well as an undergraduate junior-professional major.

The School of General Education (liberal arts and sciences) offers (1) two year terminal programs for students who can attend college two years only; (2) two year transfer programs for students who desire to complete in Richmond the first two years of a four year college course in arts and sciences and the last two years in Williamsburg. The School also offers (3) to students in the two and four year vocational programs given at R.P.I. the courses necessary to a well rounded education.

The Division of Engineering, in cooperation with the Virginia Polytechnic Institute, offers the first two years of the standard four-year course in the various branches of Engineering. The Richmond Professional Institute also, in cooperation with the State Board of Education, Bureau of Trade and Industrial Education, and the Highway Department, offers two-year terminal courses for training Technicians in Engineering.

Degrees

These professional schools and departments of the Richmond Professional Institute offer two, three, or four year programs of study open to high school graduates and leading to a certificate or, in the four year courses, to a degree of Bachelor of Science in a professional subject, the name of which is printed on the diploma (in Art the degree of B.F.A.). In four of the schools one or two year programs for college graduates are offered. These lead to a certificate or to the masters degree in a professional subject. The degrees are conferred in the name of the Richmond Professional Institute of the College of William and Mary.

The Evening Division

This division offers a large number of courses in academic and professional subjects for persons who cannot attend college in the day time.

The Richmond Professional Institute issues a separate catalogue, a copy of which will be sent on request to the Dean.

ST. HELENA EXTENSION
of the
COLLEGE of WILLIAM and MARY
 South Main Street, Norfolk

The St. Helena installation of the Norfolk Naval Shipyard was loaned to the College of William and Mary on August 1, 1946, in order to assist the College in its effort to care for the educational needs of the returning veteran.

St. Helena is open to male students only. It has residential accommodations for 1,000 students. Married students can be accepted as day students only. The College will assist married veterans to obtain housing. Virginia students will receive priority in admission, but a limited number of out-of-state students may be accommodated.

The standard freshman and sophomore programs in liberal arts, engineering, pre-medicine, pre-law and business administration is offered. Terminal one-year programs of a technical nature will be offered in cooperation with the Norfolk Division of the College.

Students completing satisfactorily their first year or second year work will be enabled to transfer to the parent college in Williamsburg or to other Virginia colleges.

The program at St. Helena has been approved by the Veterans Administration, and an officer of that organization will assist veterans with their problems.

The requirements for admission are graduation from an accredited secondary school and sixteen acceptable units, or the equivalent of this achievement through examination.
