

Dear Sir

Washington June 14. 07.

Your letter of the 11th was received last night. in the mean time mine of the 12th had crossed it on the road and I hope conveyed safely to your hands the order for 750.0. by the statement inclosed in yours the balance on the 22^d. of May was 1537.78 to which adding 6.15 for interest to the 15th. (by which day the order will be in your hands) & deducting the 750.0. amount of the order, leaves the balance now 793.93 for which I inclose you my note as evidence of the amount. you will be so good as to inform me whether the balance, which can leave this in the evening of the 6th of July, will find you still at N. York, or must be inclosed to some other person.

Carter's deed to you was delivered in to the court of Albemarle and duly proved, to be recorded. the original having been left for that purpose was for that reason not among the papers I delivered you. it is doubtless now in possession of the clerk, & duly recorded. the record is the permanent evidence of your title. A second cask of Cahusac is now coming up the river, after having gone on a pilgrimage, by stress of weather, to Guadalupe, been stored there some time & reshipped. this gives a worse chance of it's coming safely than the first had, & that was picked to as to be past use. as a correspondence has opened between Mr Lee and the homme d'affaires of Mad^e. de la Rochefoucault, I propose immediately applying through that channel for some to come in bottles. will you be so good as to make my acknowledgements to M^e. de la Rochefoucault for the orders she was so kind as to give, to tender her my high respects, and to accept yourself assurances of my constant friendship & attachment.

Mr. Short.

Your letter of the 11th was received last night on the
 same day mine of the 12th had arrived on the road and I have
 replied to you having the notes for you. In the statement
 enclosed in regard to the balance on the 10th of August 1858 to which
 you refer in your letter to the 12th I have put the other side
 including the year amount of the interest from the balance on 22nd
 for that balance on the 10th of August 1858. You will be
 so good as to inform me whether the balance check can be
 made of the 10th of August 1858 or whether it will be
 closed to some other account.

Yours truly
 J. J. Jeff. Esq.

Jeff. Esq.
