The hon^{ble} Thomas Jefferson

Secretary of State

Philadelphia

Sir

The inclosed from Mr Thomas

Randolph Jr will explain to you my wishes & situation
in the army of the United States, altho' I confess I have
no right to expect Promotion, (nor do I wish it) until I
have served sufficiently to gain a proper knowledge in the
Military line to entitle me to a superior rank. But wishing
to take advantage of any Vacancy which may happen, I have
forwarded the letter alluded to above to you, and sundry
others differently directed tending in some measure to the
same effect. My wish to remain in the Army induces me to
hope promotion, and a consciousness ~~that~~ no endeavour
of mine to merit the Recommendations herewith sent,
makes me hope to receive every benefit from the same

I have the honor to be with every sentiment of
Respect &c Obser^r-
