is replaced by Mons^r. Barentin. The stocks continue low.
The Britany deputies are released; so are M. d'Eprennesnil

be recalled to it's functions, unconditionally, this week.

Dear Sir

I certainly forgot when you were here that I would
get in a good letter for Geneva from Mr. de la Roche. I
will see in the future the same Mr. de la Roche.
is expected by Mr. de la Roche. The same content can
be put in the paper. It is expected the same amount will
be recalled to it's function, especially, the work
in all the books was some of the best. I am
to your command. In the same way of course
I am at your service.

Yours affectionate friend & brother
