KAPLAN ARENA AT WILLIAM & MARY HALL

This year the Tribe enters its 33rd season in William and Mary Hall, home of varsity basketball and the Tribe Athletics Program. On the concourse and lower levels of the building are coaching and staff offices housing the William and Mary athletics department. The broad-based program offers 23 intercollegiate varsity sports to William and Mary undergraduates.

The 2005-06 season saw a new addition to the facility. The basketball gymnasium became known as Kaplan Arena in honor of athletics department donors, Jim and Jane Kaplan. The name was officially approved in a special session of the W&M Board of Visitors inside the newly named facility prior to the 2005 W&M Tip-Off Classic tournament banquet.

Kaplan Arena was named in recognition of the longtime support of the Kaplans, who most recently announced a commitment of \$7 million in support of the Tribe men's basketball team. They are also sponsoring the Tribe's Tip-Off Classic men's basketball tournament for the third consecutive season.

Inducted into the W&M Athletics Department Hall of Fame in 1987, Jim Kaplan graduated from the College in 1957 following a stellar basketball career, in which he was a captain and three-year starter, scoring 863 points with 341 rebounds. Jim and his wife, Jane, who graduated from W&M in 1956, have served as co-chairs of the Athletic Campaign Committee since 2001. A member of the W&M Endowment Association since 1997, Jim Kaplan was a board member of the W&M Society of the Alumni from 1995-2000, has been an executive partner with the College's business school since 2000 and has been a member of the Campaign for William and Mary steering committee since 2001. Jane Kaplan served as co-chair of the Lord Botetourt Auction in 2003 and 2004, an annual event that raises money for the Tribe Club. A recipient of the W&M Alumni Medallion in 2002, Jim is the owner of Cornell Dubilier Electronics, the world's oldest manufacturer of electronic capacitors.

Total capacity of the arena is about 8,600 for basketball, but by using bleachers in the open end and chairs on the floor, capacity can be expanded to 11,300 for convocations, concerts or theater-in-the-round.

The building features a medical suite, seminar room, a gymnastics workout area and another room for other sports usages. The facility houses 12 locker room areas with adjoining showers. In addition, the Joseph W. Montgomery Strength and Training Center 5,000 is located in W&M Hall.

The Hall, completed in 17 months by the Southeastern Construction Company of Charlotte, N.C., opened for the inaugural game between the Tribe and the University of North Carolina Tar Heels. Financed by state revenue bonds, the total cost of the structure was \$5.3 million.

Some of the proudest moments in Tribe basketball featured John Lowenhaupt (#42), Keith Cieplicki (#14), and Chet Giermak (#32) having their jersey numbers retired. In 1990, Jeff Cohen's jersey (#52) was retired posthumously. In 1993, Bill Chambers (#32) was also recognized as a W&M all-time great. The woman to have her jersey retired was Lynn Norenberg (#22). Banners signifying those great memories hang in the Hall today.

Other sporting events held here have included the Harlem Globetrotters and the Roller Derby. Fans in the Williamsburg area have seen auto shows, dog shows, Prince Charles, Glenn Close, a Billy Graham crusade, Bette Midler, Billy Joel, speeches by presidential candidates Jimmy Carter and Gerald Ford, the Shakespeare Players, a three-ring circus, and even a Howdy Doody show.

The first concert held was Sly and the Family Stone held in 1971. The largest crowd for a concert was 13,514 for the Police in February 1982. Other performers in the Hall included R.E.M., Sting, the Grateful Dead, Bruce Hornsby, 10,000 Maniacs, Beach Boys, Chicago, Stone Temple Pilots and many more.

Spencer Milne serves as director of William and Mary Hall and Ticket Services. Robb Dunn serves as Associate Athletics Director for Internal Affairs and is responsible for the operation of W&M Hall.

Speed, Strength and Conditioning

John Sauer
Director of Speed, Strength
and Conditioning

Head Speed, Strength and Conditioning Coach John Sauer comes into his 19th year as the director at William and Mary. He is responsible for all aspects of strength and conditioning for the Tribe's 23 varsity sports.

During the summer of 2005, Sauer was one of seven coaches nationwide recognized as a Master Strength and Conditioning Coach (MSCC). The title of MSCC is the highest honor that can be achieved as a strength and conditioning coach. It represents professionalism, knowledge, experience, expertise, as well as longevity in the field. For these reasons, all applicants must be a full-time collegiate and/or professional strength and conditioning coach for a minimum of 12 years in order to be considered for this distinction.

In 1995, Sauer designed the Joseph W. Montgomery Strength Training Center located in the lower level of William and Mary Hall. This 5,000-square foot facility was upgraded in the spring of 2006, primarily with new Power Lift and Sorinex equipment. The room now contains 16,000 pounds of free weights, over 7,000 pounds of dumbbells and 6,000 pounds of rubber bumper plates. In addition, it has 24 custom-built Olympic platforms, 18 multipurpose power racks and a fully-equipped plyometric area.

Daniel Kohn
Assistant Coach

Daniel Kohn is entering his second year as assistant speed, strength and conditioning coach. Kohn works primarily with men's and women's basketball, men's and women's track and field, women's volleyball and gymnastics.

Kohn came to William and Mary from the University of Washington, where he was a part-time assistant strength coach 2004-2005. He assisted in the development, coordination and implementation of strength and conditioning programs for football, men's and women's basketball and women's volleyball.

Kohn earned a B.S. in Kinesiology from California State University-Fullerton in 2002. In 2004, Kohn received his M.A. in sports management from California State University-Long Beach.

Kohn is a member of the NSCA, Collegiate Strength and Conditioning Coaches Association (C.S.C.C.a) and is recognized as a Certified Strength and Conditioning Specialist and Strength and Conditioning Coach Certified. Kohn also is a Level 1 Club Coach from U.S.A. Weightlifting.

Joseph W. Montgomery Strength Training Center At a Glance

- 16,000 pounds of free weights
- 7,000 pounds of dumbbells
- 6,000 pounds of rubber bumper plates
- 20 dynamax medicine balls
- 24 custom-built Olympic platforms
- 18 multipurpose power racks with adjustable benches
- 10 dumbbell benches
- 6 glute-ham benches
- 4 adjustable abdominal benches
- 6 dip bars
- 2 power squats
- 2 ground-based jammers
- Fully-equipped plyometric area
- Wide variety of selectorized machines

Sports Medicine

Lisa Shook
Assistant Athletic
Trainer
Men's Basketball

Steve Cole
Assistant AD
Health Services

Steve Cole, Assistant Athletic Director for Health Services, enters his 24th year at the helm of the William and Mary Sports Medicine program. Cole, who is familiar with the logistics and scope of the sports medicine field on all levels, Cole has a comprehensive knowledge of the broad discipline and all its components.

Under the direction of Cole, Tribe athletes have the luxury of rehabilitating and treating injuries in a state-of-the-art athletic training facility. There are seven full-time certified athletic trainers and two graduate assistants from the post-graduate athletic training educational program at Old Dominion University on staff. In addition, a group of undergraduate students serve as athletic training aides and assist in the daily operation of the sports medicine program.

A certified athletic trainer (BOC) and strength and conditioning specialist (NSCA), Cole graduated from West Virginia University in 1976 with a bachelor's degree in physical education and athletic training. He subsequently earned a master's degree in sports medicine in 1978 from the University of Virginia.

This past summer, the National Athletic Trainers Association (NATA) recognized Cole as the College/University National Athletic Trainer of the Year. In 1997, Cole received his 25-year membership pin from NATA. He was also recognized for his service to the profession, receiving the Athletic Trainer Service Award, one of only three recipients from the Mid-Atlantic Region. In 2000, Cole was honored by the College for his many years of service to William and Mary with the recognition as an honorary alumnus.

A true fitness buff, Cole is an exemplary model for all the athletes. He is an avid competitor who has participated in a variety of triathlons since 1980, spending countless hours of his spare time in training. Cole resides in Williamsburg with his wife Lonna, 8-year-old daughter Sydney Janaé, and 3-year-old daughter Jahnessa Yaxin.

With 23 sports under his supervision, Cole receives plenty of assistance from his skilled, BOC-certified staff.

Renee Cork, a graduate of Iowa State, is beginning her 15th year with the staff. She holds the title of senior associate athletic trainer. In 1999, Cork received the Sport Safety Training Award from the American Red Cross and is in charge of the CPR training for all William and Mary coaches. In 2002, the governor of Virginia appointed Cork to the Athletic Training Advisory Board under the Board of Medicine. She is the only collegiate athletic trainer and the only female representative on the Advisory Board. Cork is very involved in the athletic training profession, serving on several athletic training committees at the state and regional levels.

Andy Carter joined the William and Mary staff in 2000 as an associate athletic trainer. A William and Mary alumnus and former Tribe student athletic trainer, he is in his third year year as the head football athletic trainer, overseeing the sports medicine services for the team. He and his wife, Kristina, reside in Williamsburg.

John Knaul, a graduate of Alfred University, is in his seventh year as a Senior Assistant Athletic Trainer. He and his wife, Katie, reside in Williamsburg. **Lisa Shook** of Salisbury University and **Michele Swaney** of California University of Pennsylvania return for a second year as Assistant Athletic Trainers. Shook is the athletic trainer for the men's basketball program. Also, the two graduate assistants from the post professional graduate athletic training program at ODU who will be serving on the Tribe's staff are **Carla Boelte** and **Nicole Neumann**. Boelte is a graduate of Bridgewater College, while Neumann attended Marietta College.

In addition to the full-time athletic trainers, the sports medicine staff consists of a team physician and a network of physicians and medical specialists from the local community.

A presence on the Tribe sideline for the past 40 years, retired **Dr. George Oliver** now holds the title of W&M's team physician emeritus. Oliver was recognized by the College as an honorary alumnus in 2002.

Michael Potter is in his fourth year on the staff as the team physician. The team physician oversees the full-time athletic training staff and has overall responsibility for supervising the sports medicine program. A family practice/sports medicine specialist, Potter earned his medical degree from Texas A&M. He completed his residency at the Riverside Family Practice in Newport News and his sports medicine fellowship at Wake Forest University. Potter is in private practice with the Virginia Center of Athletic Medicine (VCAM) of Tidewater Physicians Multispecialty Group (TPMG).

Ed Wilhelm and **Alex Lambert**, surgeons at Virginia Orthopedics and Sports Medicine (VOSM), provide the team's orthopedics care. Each brings a vast amount of experience to their positions, having worked and traveled on the international level as sports medicine physicians. Also assisting the Tribe are chiropractors **Bob Pinto** and **Brian McGaughan**.

John Mitrovic, a former Tribe football player who graduated in 1983, is the owner/director of Williamsburg Physical Therapy Center. He is a licensed physical therapist, a certified strength and conditioning specialist and a certified athletic trainer. Mitrovic works with the program as a physical therapy consultant.

William and Mary's "team approach" to health care allows the sports medicine program to offer a wide range of comprehensive service to the student-athletes in a caring, cooperative manner.
