Sir

Washington Oct. 13rd 03.

Your letter of Aug. 23 has been safely received, & on the same paper that of Nov. 1
past, which had not before come to my hands. my letter forward, written to you on the
1st of Dec^r to Dr. ^{from Rankin Shultz} ~~Rankin Shultz~~ administrator over the property, and of the payment of it to
Col^r Peasey being at M'Keesville ^{on the} road eastern side, but I placed the subject in
that on what I thought proper grounds, and see no reason for charging it. Col^r
Peasey may have seen it with truth, that I sent him the money by our letter, but as
that he did not apply for it, in the contrary I never saw a more praiseworthy course of
conduct than to let him do it. & I think it probable the ^{other} collector pursued similar
principles of it. The money was made up by equal contributions, and passed through me, as
~~the collector~~ ~~the man of no title -~~ ~~and~~ ~~to~~ ~~Rankin Shultz~~ ~~Rankin Shultz~~
being there it was sent by our letter. The actual power to have, & the full ad-
ministration of Rankin Shultz's estate by our Agents, which will be placed by you
with him just as well as light bear to the one toward us, may think proper to insist.
I have before informed Dr. Peasey that Francis Eggers esq. in the vicinity of Richmond
was the only man I am in possession of all the books & papers of Mr. Eggers, and that
I have not enabled in the administration. a service of proportion will be rendered
to the state, but still if you desire it should be on record, that my alone from
the state on my occasion, no delay, I will acknowledge a service on Mr. Eggers as a pro-
-posed service done, and consent that the officer shall return it as served on me. or
if you will inform me when you shall have taken out proofs, I will have my appear-
ances immediately in any court at Richmond to shew it is returnable. I send
you my respects.

W. Scott Esq

Mr. Archibald M^r. Colle
