

Norfolk 22^d Jan^y 1793

Sir

This Day I put into the Post office, agreeable to Mr. Morris's Request to me at Paris, his Dispatches to you. We arrived here yesterday in the french ship *Sainable Antoinette* in 6i days passage from *St. Pierre de Gravon*. - When we sailed from France, nothing was yet determined on the fate of the King & Queen, but the Republican Armies of France were triumphing in every Quarter. - I have given to the Printer of this Place a circumstantial & impartial Account of the ~~to~~ Great Events that have taken place in France during the year 1792, & as soon as the same be printed, I shall have the Honor of transmitting a Copy to you.

If you have any Dispatches for Governor Blount, or the Governor of Kentucky, by forwarding them to me at Richmond, I will take charge of them with great Pleasure. - I shall be in Richmond before the 1st Feb^y, shall only stay there a few days, and proceed to Gov. Blount & the South Western Territory, therefore your Orders to those places would meet with an immediate Compliance.

I have the Honor to be respectfully

Sir

Y^r. most Obed^t & most
humble servant

J. C. Montfortney
