

JIMMYE LAYCOCK FOOTBALL CENTER

DEDICATED JUNE 21, 2008

"[The complex] is definitely a tribute to coach Laycock. He's the creator, motivator and architect of what William and Mary football is today. He's the man who put the program on the national map ... Coach Laycock has done the one thing that is so hard in football and that's to consistently compete at a high level and put a winner on the field by doing things the right way."
