The first honorary degree from the College, a Master of Arts, was conferred upon Benjamin Franklin on April 2, 1756.

# William & Mary

Four Presidents of the United States benefited from educational programs offered by the College: George Washington, Thomas Jefferson, James Monroe and John Tyler.

Chartered in 1693, the College was founded nearly four decades before Georgia, the last of the original 13 American colonies, was chartered by King George II in 1732.

## Facts About The College

- W&M was founded in 1693 and is the second-oldest educational institution in the United States.
- W&M was the highest ranked small public university in the country according to U.S. News and World Report.
- W&M ranked 16th in graduation rates for national universities.
- W&M was given the highest rating of academics, five stars, by the Fiske Guide to Colleges.
- W&M has a student/faculty ratio of 12/1.
- More W&M graduates go on to earn doctorates than any other university in Virginia.
- W&M students founded Phi Beta Kappa, the premier academic honor society in American, in 1776.
- In the inaugural NCAA Academic Progress Report, W&M boasted the fourth-best APR score (992) among 328 active and provisional institutions, and W&M leads all programs that offer performance-based grants and financial aid to scholar-athletes.

Constructed between 1695 and 1699, the Wren Building is the oldest academic building in the United States. The building was originally designed to be the whole college, including a dining hall, dorm rooms and classrooms.

The Sunken Gardens' design was based on the gardens behind Chelsea Hospital in London, England. During the Revolutionary War, Patrick Henry selected the site as a place for the encampment of militia destined to join Washington's Continental Army in the North and later served as a bivouac area for many soldiers preparing to fight the British at Yorktown.

The "F.H.C." society was formed at the College on November 11, 1750. This was the first student secret society in America and the forerunner of the American fraternity system.

The Crim Dell was a gift from the class of 1964 to preserve the natural beauty of the area and is a memorial to John W.H. Crim, a nationally known attorney who was a benefactor to the College of William and Mary.

When the capitol of Virginia was moved from Jamestown to Williamsburg in 1699, the Wren Building served as temporary headquarters of the colonial government from 1700 until 1704.

# Head Coach Tara Brown

## Tara Brown Head Coach Seventh Season Virginia, 1993

Head coach Tara Brown is now in her seventh year at the helm of the Tribe lacrosse program, and the College continues to make strides under Brown in its return to national prominence.

After leading the Tribe to its first appearance in the Colonial Athletic Association finals in eight years and its first 10-win season since 1997 in 2004, W&M posted a sparkling 7-1 record at home last spring, which included a pair of victories over nationally-ranked opponents.

The positive influences of her strong leadership, preparation and attention to detail are witnessed by the team's continued progress towards restoring the Tribe's tradition-rich lacrosse legacy.

The 10 victories in 2004 were the most since W&M went 10-6 in 1997 under legendary head coach Feffie Barnhill, and the Tribe's heart-breaking, 13-12 overtime loss in the CAA championship game was the College's first appearance in the league final since dropping a 13-5 decision to Loyola in 1996.

The Tribe finished the 2004 season nationally ranked at No. 16, as W&M achieved its highest final ranking since 2001, when the College also made its last appearance in the NCAA Championship.

Under Brown's watch, 18 student-athletes have earned all-conference accolades and five have been tabbed All-America, including second-year assistant coach Tara Hannaford, who was a first team All-CAA performer in 2000 and 2001, and a third team All-American in 2001.

Brown was named Virginia's State Coach of the Year (by the Virginia Sports Information Directors) in 2001, after leading the Tribe to its first winning record and NCAA post season appearance in three years (1998). The squad ended postseason play with a final national ranking of 10th and a 9-7 overall record (5-2 in the always-competitive Colonial Athletic Association). Faced with a schedule that featured 10 teams ranked in the national top 20, the College rang up victories over traditional powers such as Virginia and James Madison.

Brown, who emphasizes aggressive defense and an up-tempo offensive style of play, came to the Williamsburg campus after spending two seasons (1998-99) at the University of Connecticut, where she gained a wealth of experience as the top assistant. Prior to working at UConn, Brown held similar positions at Cornell University (1996-97) and The College of New Jersey (1994-96).

A 1993 graduate of the University of Virginia, Brown was a varsity athlete in both field hockey and lacrosse for four seasons while in Charlottesville. She played defense wing on UVA's national championship lacrosse squads in the 1991 and 1993 seasons and earned second team All-America honors in 1993. Brown spent two seasons as a member of the United States National Lacrosse Team (1993-95) and was an Academic All-American as well. Also a standout in field hockey, she served as captain of the squad for her junior and senior seasons.

After receiving her BA in history from Virginia, Brown went on to work on her Master of Arts degree in teaching at the College of New Jersey, which she completed in 1996.

Brown, a native of Villanova, Pennsylvania and graduate of Radnor High School, is married to Tim Brown and lives in the Williamsburg area. The couple have three daughters Kelly (4), Alexis (2) and Anna (1).

# Assistant Coaches

**Tara Hannaford**  
Assistant Coach  
W&M, 2001

Tara Hannaford, a 2001 graduate of the College, is entering her second season as the team's top assistant. A former team captain and All-America performer, Hannaford brings a tremendous amount of coaching and athletic administration experience to the Tribe staff.

"I am so excited to have Tara back at William and Mary. She was such a competitor and leader while a part of the lacrosse team here at William and Mary. Her experience as an administrator while at the Cate School combined with her energy and enthusiasm will make her a true asset to the program," said Tribe head coach Tara Brown upon hiring Hannaford in the summer of 2004.

Prior to her current position, Hannaford assisted in the direction of the women's lacrosse program at the Cate School in Carpinteria, California for two years, in addition to serving as the Assistant Director of Athletics and women's water polo coach. In addition to her coaching duties, Hannaford handled the scheduling of athletic events, organized team travel, performed game-day logistics and acted as a dorm supervisor, student advisor and junior class advisor.

While at the Cate School, Hannaford also served as the National Tournament Coach for Pacific Regional Lacrosse in May 2003 and 2004. She was responsible for selecting the team comprised of 20 high school players and coordinating all administrative efforts.

Hannaford has also gained valuable experience interacting with student-athletes at STX Lacrosse Camps during the summers from 1999 to 2003. As a camp mentor, she taught a variety of lacrosse skills and strategies, in addition to enhancing campers' social and communication skills through individual and team-building activities.

A third-team All-American and two-time first team All-Colonial Athletic Association performer during her playing days, Hannaford also worked as a student assistant for the sports information department at the College, in addition to being a member of the Pi Beta Phi Sorority.

In 2001, Hannaford led the Tribe to the CAA semifinals and a berth in the NCAA Tournament, scoring 42 goals in 16 games, which matched the eighth-best single-season goal total in school history. She matched the sixth-best single-season total a year earlier, tallying 43 goals as a junior. Hannaford ranks eighth on the College's all-time scoring list with 141 career points. Hannaford received her Masters in Athletic Administration from Indiana University, where she completed her graduate coursework with a cumulative GPA of 3.95.

**Kelly McQuade**  
Assistant Coach  
W&M, 2004

Kelly McQuade, a 2004 graduate of the College, returns for her second season as an assistant coach this spring. She was also a second-year assistant for the Tribe field hockey team in the fall.

A two-sport athlete at the College, McQuade played lacrosse for four years, starting every game in her last three seasons. She scored 21 goals with six assists last season and tied for third on the team with 42 ground balls. For her career, she totalled 55 goals, 14 assists and 110 ground balls.

McQuade's outstanding college field hockey career culminated in the 2003 season, when she earned first team All-Colonial Athletic Association and all-state honors. The two-year starter finished her field hockey career with 38 points on 16 goals and six assists.

Prior to W&M, McQuade was a four-year letter winner at Central Bucks West High School in Doylestown, Pennsylvania, where she was the school's career goals record holder with 192 total tallies. She captained the team her final two years and was a first team All-Philadelphia Area and All-Montgomery selection as a senior. Also the field hockey team captain and most valuable player, she ended her prep field hockey career with 31 goals and 17 assists. McQuade also lettered in diving.

# Season Outlook

After taking a number of positive steps over the past two years, the Tribe lacrosse program will look to have a breakout season in 2006. In the last two seasons, the College has recorded 18 wins, including six over nationally-ranked opponents, eight all-conference awards and multiple all-region honors. But, seventh-year head coach **Tara Brown** and the 2006 squad want more, in particular, the school's second Colonial Athletic Association title and a trip to the NCAA Championship. With eight starters, 16 letterwinners and one of the league's most potent scoring attacks returning this spring, Brown is hoping the 2006 campaign proves to be the year the College breaks out.

Looking to build upon last season's impressive 7-1 home record, that included thrilling wins over 12th-ranked Penn State and 10th-ranked Hofstra, W&M is scheduled to play its 2006 home slate at Albert-Daly Field, the College's newest multi-sport grass field venue. Hoping to carry over the home field advantage and christen its new domain, the College would like nothing more than to capture the regular season CAA title and welcome three other league foes to Albert-Daly Field for the 2006 conference championship in May.

"We're very excited to be playing on Albert-Daly this spring, and we're anxious to carry over the success we had on the [Busch] turf last season," said Brown.

The Tribe's high-spirited four-member senior class, consisting of attackers **Colleen Dalon** and **La Nolan**, midfielder **Morgan Lang** and goalkeeper **Debby Petracca** will lead the charge in 2006. Dalon, Nolan and Lang have been selected as team captains for the upcoming season.

"This senior class had great role models, and they're stepping right into their roles," praised Brown. "They see the strengths of this team and are building on the experience they have acquired and have matured into phenomenal leaders."

Driven by last season's memorable victories and a burning desire to erase last year's disappointing 4-3 finish in league play, the quartet was at the forefront of an inspired fall season, in which the squad adopted the motto "Winners Only." And through the leadership and example of the senior class, the hard-working 2006 team has made a commitment to each other and each player has taken on a personal responsibility to make the unit a winner on the field.

To produce the victories, W&M will lean on a balanced offensive attack that is returning four 20-goal scorers, including Dalon, who is a CAA Player of the Year and All-American candidate. Complimenting the attack is a deep, veteran and lightning-fast midfield rotation led by Lang, a two-time all-CAA selection. Headlining an aggressive, game-tested defense is junior **Lizzy Bayly** and sophomore **Ashley Bolton**, who was selected to the CAA's All-Rookie Team in 2005. Petracca is the Tribe's most experienced netminder with 12 wins over the last two seasons, but she is in a battle for the job with sophomore **Amanda Roth**, who made a splash in her rookie season with six wins, including the victories over Penn State and Hofstra.

The following is further look at the 2006 Tribe lacrosse team by position:

## ATTACK

"The offensive threats and the balance of our attack is back this year," said Brown. "We have a lot of experienced goal scorers returning, but I think that is complimented nicely by the talented youth in our attack."

The Tribe's offensive attack will flow through one of the veteran's in Dalon, a reigning First Team All-CAA selection, who finished second in the CAA last season in points (68) and third in both goals (46) and assists (22).

"The attack is [Dalon's] to lead this season," said Brown. "She will be the leader on the field and will have a major impact on our offense once again."

Dalon recorded at least one point in every game in 2005 and had 11 hat tricks to her credit, including seven four-goal games. She set a career-high with eight points on two goals and six assists in a 19-9 win over UMBC and just missed tying that mark in a 16-5 victory over Drexel, when she tallied four goals and three assists.

With Dalon drawing much of the opponent's attention, it could lead to significant contributions from Nolan, junior **Emily Vitrano** and junior **Kara Parker**.

Nolan is what Brown calls a finesse-type player, who is sneaky with her ability to both score and distribute the ball. Nolan scored a goal in 15 of the Tribe's 16 contests last season and finished with a career-best 21 tallies on the

year, including a season-high three in the win over UMBC.

Vitrano is an attacking midfielder with the ability to get to the goal and score, as witnessed by her 20 goals in 2005. Despite the nice scoring touch, Vitrano played much of last season at what Brown termed less-than full strength. But a crisp, standout fall season showed Vitrano is once again fully healthy and a breakout year can be expected.

Another player coming off a noteworthy fall season is Parker, who showed significant improvement in one-on-one challenges and transition moves to goal. An intense, fast athlete on the field, Parker's offseason work ethic and increased confidence will lead to increased scoring production in the spring. She tallied six goals on just 13 shots in 11 games in 2005.

The youth of the attack Brown cited comes in the form of sophomores **Laura Lindsey** and **Meg Rafferty** and freshmen **Julia Martin** and **Dolly Williams**.

Lindsey is a talented play maker with outstanding field vision who saw action in seven games last season and scored her first goal in the win over Drexel. Rafferty is a scrappy, quick athlete who continues to develop in the attack with her standout work ethic. Martin, who Brown says has tremendous confidence on the field, could have the biggest immediate impact of the four freshmen with her excellent stick skills and field vision, while Williams' size and growth during the fall session has given the coaching staff an optimistic look on the future of the attack.

## MIDFIELD

Once again, speed and aggressiveness will be the staples of the Tribe's midfield corps, but Brown is particularly excited about the depth at the position, which will enable her to use a rotation game-in and game-out.

At the head of the rotation is Lang, who carried away her second-straight Second Team All-CAA award last season after ranking among the conference's top-10 in caused turnovers (25) and ground balls (45). An equally effective scoring threat, Lang tied for third on the squad with 21 goals and added eight assists for 29 points, the third-best total on the team. She tied Dalon for the team lead with 33 draw controls, an average of 2.06 per game which also ranked in the conference top-10. One of the most intense players in the league, Lang twice scored four goals in a game in wins over Richmond and UMBC last season and ignited a furious second-half comeback in the win at Old Dominion with three caused turnovers, four ground balls and three draw controls, before sealing the victory with the Tribe's final goal in the 12-10 win.

Joining Lang in the midfield mix will be juniors **Kristen Wong**, **Jamie Fitzgerald** and **Anne Harrington** and sophomores **Caitlin deMello** and **Jaimie Sellers**.

Wong is all-conference caliber midfielder who has worked extremely hard in the offseason in taking her game to a new level. Wong, one of the fastest players in the league, led the squad with 46 ground balls last season and added 23 caused turnovers, but she has made the commitment to become a full-field player and expand her offensive role this spring.

Fitzgerald rejoins the team this spring after another solid fall campaign with the Tribe's nationally-ranked field hockey team. She started 13 games last season and finished with a career-high 15 goals, including the game-winning tally in the finals seconds of the Tribe's 12-11 upset of 12th-ranked Penn State.

Further adding to the overall speed and depth of the rotation is Harrington, who saw action in 15 games last season. A versatile athlete who has continued to develop in

# Season Outlook

the program, Harrington tallied a pair of goals last season and picked up 12 ground balls, numbers that will undoubtedly swell with an increased role in the spring.

Coming off an exceptional fall season, deMello has made a push for significant time in the mid-field rotation with her notable work ethic. A speedy, skilled athlete, deMello saw time in just five games last season but her growth and increased confidence through the fall could lead to a starting role and breakout season in 2006.

Sellers provides reason for an even more optimistic look at the position after gaining significant experience and playing time as a rookie last season. One of only two freshmen to see the field in all 16 games in 2005, Sellers showed potent scoring potential with six goals on the year, including one in each of the final three games, and she also netted a goal in the win over conference-rival James Madison.

The only newcomer to the midfield position is freshman **Clare Dennis**, who also brings great speed and an attack-minded approach to the field.

## DEFENSE

Perhaps where the Tribe was hurt the most by graduation in the off-season was on the backline, as both Becca Hall and Katie Knarr played their final season of eligibility in 2005. But, with Hall playing more of a midfield role last season, the Tribe's younger defenders had the chance to play significant minutes, which translates into game-tested experience returning this spring.

"Lizzy Bayly stepped up in the fall and showed she will be the anchor of our defense this year," said Brown. "Also, Ashley Bolton is coming off a great freshman season, and the two will really dictate the play of our defense."

In addition to Bayly, a junior, and Bolton, Brown welcomes back junior **Kat Klopff** and sophomore **Lauren Coll**.

Bayly started all 16 games last season and developed into one of the Tribe's best one-on-one defenders with her superior height and reach at the position. An aggressive, physical stopper, she picked up 16 ground balls, eight draw controls and six caused turnovers in 2005 and should easily surpass those totals in the spring.

Klopff battled through a recurring ankle injury last season, which limited her to action in just three games. She has bounced back with a solid fall season, which showed she is now at full strength and that only adds to the overall depth at the position.

Bolton joins Dalon and Lang as returning all-conference performers, as the sophomore secured a spot on the league's all-rookie squad after starting 14 games as a freshman in 2005. The only other freshman to see action in all 16 games, Bolton often drew match-ups with opponent's top attackers and finished the year with 13 caused turnovers and 14 ground balls. With an inspiring work ethic and standout fall season, Bolton showed she is ready to join Bayly as the backline leaders in just her second collegiate season.

Coll also brings starting experience to the position after playing in 14 contests last season as a freshman with two starts. She has great size for the position and is an aggressive, vocal presence on the field.

Freshman **Kate Lawlor** is the only addition on the defense this spring, and she is an aggressive, solid player who could challenge for time as she adapts to the college game.

## GOALKEEPER

As mentioned, Petracca and Roth are the Tribe's two returning netminders, and the pair will likely split time on a game-to-game basis as the battle for the starting nod carries into the spring.

Petracca is a veteran in the cage and has continued to develop now in her third season with the Tribe. She saw time in 10 games last season and picked up victories over Old Dominion and Davidson in the final two games of the season. Petracca, an all-tournament team selection at the 2004 CAA Championship, had a season-high seven saves in the win over Davidson last year and has a career-high of 14 saves set against UMBC in 2004. She recorded 45 saves

on the year and posted a team-best 9.90 goals against average.

Roth made a nice transition to the college game, playing in 11 games overall last year with 10 starts. She recorded a season-high 10 saves on three different occasions, including games against Richmond, Georgetown and Drexel. She was named the CAA Rookie of the Week after her efforts against the Spiders and 12th-ranked Penn State, as she turned away six Nittany Lion shots to preserve the Tribe's upset victory. Roth also picked up one of her six wins in the upset of 10th-ranked Hofstra.

## SCHEDULE

The Tribe's annual challenging schedule has been upgraded to an even higher level in 2006, as the College will face seven of the 16 teams that made up the 2005 NCAA Championship field, in addition to its difficult slate of Colonial Athletic Association games. In total, the Tribe will take on five squads that ended last season ranked in the IWLCA Top 20.

"The schedule is what we expect to face every year, in national-level teams and a demanding conference season," said Brown. "But, the team is particularly excited about the addition of Boston University, a new, out-of-region opponent that is very, very good."

W&M opens the year on the road at state-rival Longwood on Tuesday, February 28, when the Tribe will look to avenge a 9-8 loss to the Lancers last season in Farmville.

The Tribe opens its home schedule on Sunday, March 5 against the aforementioned Terriers of BU. W&M will host BU, a NCAA Quarterfinalist in 2005, on the Busch Turf, the Tribe's only scheduled game on the turf this spring. As mentioned, the Tribe's remaining home games are scheduled for Albert-Daly Field, although the Busch Turf will again serve as a back-up venue when inclement weather dictates.

BU fell to Virginia, 13-9, in the quarterfinal round at Charlottesville last season, ending the Terriers' historic season in which BU posted its best overall record (18-2) and set program records for consecutive wins (14) and total wins (18).

W&M will face another conference champion and NCAA participant in its next contest, as the Tribe visits longtime state-rival and Atlantic 10 winner Richmond on March 8. Following the trip to UR, the Tribe has road games against NCAA teams Penn State (3/12) and Georgetown (3/15), which finished the 2005 season ranked fourth. W&M also visits Maryland-Baltimore County on March 18, before returning to Williamsburg for five consecutive games.

The homestand begins on Tuesday, March 21, as the College entertains 2005 NCAA finalist and longtime state-rival Virginia. The Cavaliers, who won the 2004 NCAA Championship before falling to Northwestern in last season's finale, will be making their first appearance in Williamsburg since the 2003 season opener.

W&M then hosts George Washington on Sunday, March 26, before opening CAA action against Delaware on Friday, March 31. Defending CAA champion Towson visits on Sunday, April 2, before George Mason closes the homestand on Friday, April 7.

League road games at James Madison (4/9), Hofstra (4/14) and Drexel (4/16) follow, before W&M returns home to host Duke on Saturday, April 22. The Blue Devils defeated the Tribe, 17-6, in Durham last season en route to a NCAA Final Four appearance and No. 2 final national ranking.

The Tribe will close CAA play and the regular season on Thursday, April 27, when Old Dominion visits Albert-Daly Field.

The four-team conference postseason tournament is scheduled for May 5-7, and the event will be hosted by the league's regular-season champion.

## 2006 Tribe Lacrosse

# 2005 Season Review

To say the least, the 2005 season was up and down for W&M, as the Tribe dominated its opposition at home going 7-1 at Busch Field with a pair of wins over nationally ranked teams, but the College went just 1-7 away from Williamsburg to finish .500 overall at 8-8. The campaign provided some memorable moments, record-breaking performances and multiple postseason awards which the program can undoubtedly build upon for the upcoming season. The following are a few notes on the 2005 season.

## Tribe Knocks Out Nationally-Ranked Foes

W&M twice defeated teams ranked in the IWLCA Top 20 last season with both wins coming at home. On March 13th, the Tribe posted a thrilling 13-12 victory over 12th-ranked Penn State on Jamie Fitzgerald's third goal of the game which came with just eight seconds remaining in regulation. All three of Fitzgerald's goals came in the second half, as W&M rallied from a 10-6 deficit in the final 15 minutes for the upset victory. Colleen Dalon's fourth goal of the game tied the score, 11-11, with 1:09 on the clock.

On April 10th, the Tribe downed 10th-ranked Hofstra, 11-9, at Busch Field, snapping the Pride's seven-game winning streak behind four Dalon scores and three goals from Morgan Watkins. W&M held a 17-4 edge in draw controls and Morgan Lang added a pair of goals, an assist and two caused turnovers in the win.

*W&M celebrates its 13-12 win over 12th-ranked Penn State on March 13.*

## No Place Like Home

As mentioned, the Tribe put together a sterling 7-1 record at home in 2005, closing the season on a five-game winning streak at Busch Field. W&M's seven wins at home last season were a record under head coach Tara Brown and matched the school record for home wins in a season. The last time the College won seven games in Williamsburg was 1994. In addition to the wins over 12th-ranked Penn State and 10th-ranked Hofstra, the Tribe also picked up victories over longtime state rivals James Madison and Richmond. The only setback came at the hands of third-ranked Georgetown on March 16.

## Stellar Career Closes

Morgan Watkins capped her outstanding four-year career with 52 points on 29 goals and 23 assists in 2005, leaving her name all over the school record book. Watkins' 23 assists last spring was the sixth-best season total in school history and brought her career total to 70, which tied the W&M career record also held by Lindsey Lowman ('01). Watkins, who started 67 consecutive games over her career, finished in second place on the school's career points list with 189, while also ranking third on the W&M career goals list with 119. She was a three-time All-CAA performer, winning first team accolades in 2004 between second team honors in 2003 and 2005. At the end of the 2004 season, Watkins was named a Third Team All-American by the web site [www.womenslacrosse.com](http://www.womenslacrosse.com).

## Statistics Show

In 2005, the Tribe led the CAA and ranked second in the nation in draw controls, averaging 13.8 per game. The only team to control more draws than W&M last season was national champion Northwestern (15.4). Individually, Colleen Dalon ranked third in the CAA and 14th nationally in points per game (4.25). The attacker also ranked second in the CAA in goals per game (2.88) and third in assists per game (1.44). Watkins was right behind Dalon in assists, as the senior's average of 1.38 helpers per game ranked third in the league. Watkins also ranked sixth in the CAA in points per game (3.25).

## And the Award Goes To...

Along with Watkins' second team citation, Colleen Dalon earned First Team All-CAA status in 2005, while Morgan Lang and Becca Hall received second team nods and Ashley Bolton was named to the league's inaugural All-Rookie Team. Dalon was also a Second Team All-South Region selection by the IWLCA.

Lang garnered second team status for the second-straight year after ranking among the conference's top-10 in caused turnovers (25) and ground balls (45). An equally effective scoring threat, Lang tied for third on the squad with 21 goals and added eight assists for 29 points, the third-best total on the team. She also tied Dalon for the team lead with 33 draw controls.

Hall, one of the league's premiere full-field players last season, set season career-highs with eight goals and five assists, while also ranking among the team leaders in ground balls (36), draw controls (30) and caused turnovers (18). With 36 ground balls, Hall brought her career total to 124, an average of better than two per game over her stellar career.

Bolton started 14 of the Tribe's 16 games and was a tenacious, shutdown-type defender in her rookie season. She finished the year with 13 caused turnovers, 14 ground balls and four draw controls.

*Becca Hall (left), a Second Team All-CAA pick, was one of five all-conference selections for W&M in 2005.*

Carlen Sellers ('88) holds the W&M career record for goals against average.

# Year-by-Year Results

*William and Mary game-by-game results for every season since the College began sponsoring varsity lacrosse in 1970. Home and away designations were unavailable before 1980. W&M began competing in the CAA in the league's inaugural season of lacrosse in 1992, after the six charter members (W&M, JMU, AU, ODU, UR and LU) of the South Atlantic Conference (SAC) joined the CAA.*

# WILLIAM AND MARY ATHLETICS

*Tribe*

"Exercise and recreation ... are as necessary as reading;  
I will say rather more necessary, because health is worth more than learning.  
A strong body makes the mind strong."  
—Thomas Jefferson, W&M Class of 1762

Few colleges in America can boast of the combination of athletic and academic excellence that is found at the College of William and Mary. Each year, more than 500 Tribe student-athletes, competing on 23 Division I teams, prove that it is possible to simultaneously excel at the highest levels of athletics and academics.

## Athletic Excellence

The 2004-05 season was another outstanding year for W&M athletics, as the Tribe added five CAA titles to push its conference-leading total to 81, 30 more than the next closest competitor. Seven teams competed in their respective NCAA Championships, highlighted by the football team's appearance in the I-AA semifinals. It has become typical for W&M to win at least five conference championships and send seven or more teams to the NCAA Championship each season.

Each year the goal of the athletics department is to finish in the top-100 nationally in the NACDA Directors' Cup standings and in recent years W&M has far exceeded that standard. In 2004-2005, the College finished 76th, and was the highest-ranked team in the CAA and was third among all schools in the state of Virginia, making this the ninth time in the 12-year history of the Directors' Cup that the College has finished both in the top four in the state of Virginia and first or second in the CAA.

William and Mary fields Division I teams for both men and women in basketball, cross country, golf, gymnastics, soccer, swimming and diving, tennis, and indoor and outdoor track and field. There are also field hockey, lacrosse and volleyball squads for women of the College, while there are two additional sports (baseball and football) for men.

## Academic Success

The Tribe's athletic accomplishments do not come at the expense of its students' academic responsibilities, as W&M has produced 36 Academic All-Americans since 1992.

In the NCAA's inaugural Academic Progress Rate scores for all Division I institutions, William and Mary once again excelled in its mission of fostering true student-athletes. The College boasted the fourth-best APR score (992) among 328 active and provisional institutions, and W&M leads all programs that offer performance-based grants and financial aid to scholar-athletes.

Additionally, W&M had four student-athletes recognized as CAA Scholar-Athletes of the Year in 2004-2005: Pat Comstock (Men's Cross Country), Megan Bishop (Women's Cross Country), Keith Bechtol (Men's Track and Field) and Lena Sherbakov (Women's Tennis).

# ATHLETIC FACILITIES

The College of William and Mary and its student-athletes take a great deal of pride in the quality of its athletic facilities. Over the last several years, the College has bolstered its lineup of venues to match the success that the Tribe has shown in the athletic arena, which has been unmatched in the Colonial Athletic Association. William and Mary boasts some of the finest athletic arenas in the nation, from its newest venue, Albert-Daly Field, to the oldest, Walter J. Zable Stadium at Cary Field, a campus landmark since 1935. The College is committed to providing the student-athlete the most enjoyable and rewarding atmosphere possible.

# STUDENT-ATHLETE SUPPORT

## Goals

We take pride in the many achievements of William and Mary athletes, both in the classroom and on the playing field. These support services and many others are in place to help each student-athlete achieve their goals. It is our hope that at the completion of their undergraduate career they can reflect upon:

1. An academic experience that prepared them for a successful career.
2. An athletic challenge that brought many rewards.
3. A feeling of loyalty and pride in identifying themselves as a varsity athlete with a degree from The College of William and Mary.

## Compliance and Academic Support

As members of the Colonial Athletic Association and NCAA Division I, the College is committed to full compliance with all NCAA and conference regulations. The department has a fulltime Director of Compliance committed to assisting students, staff and coaches through education and monitoring of compliance issues.

All entering students are assigned to a faculty academic advisor assigned by the director of Academic Advising. Students remain with this advisor until their sophomore year at which time they select a faculty advisor in their chosen major.

Within the athletic department, the Academic Support Coordinator is a valuable resource for student-athletes serving in a liaison role with the various student service offices throughout the campus community. The College has offices for Volunteer Services, Career Services, a Writing Resource Center and Oral Communication Studio, to name a few.

The department offers a variety of study, life and career building skills programs, but holds firm to the concept of self-determination—each student must take responsibility for his or her collegiate experience. Our goal is to assure that there is a support system in place to assist students to make positive and informed decisions.

## Sports Psychology

The athletic department has on staff a sports psychologist, who holds a Ph.D. in sports psychology. All consultations are confidential and all student-athletes, teams or coaches are welcome regardless of the issues they wish to discuss. Consultation is available for sport psychology education, performance enhancement skills training, strategies for dealing with stress or injury, or for personal issues that may affect performance. The sports psychology consultant is considered a member of the Counseling Center and refers individuals to the Center when appropriate.

## Strength, Speed and Conditioning

Tribe athletics is very proud of the Joseph W. Montgomery Strength Training Center, a 5,000 square foot weight training facility. Under the guidance of the Head and Assistant Strength Coach each sport is provided with a program designed to enhance individual strength and flexibility development specific to the skills and movements required for their sport. Individuals are educated on proper lifting techniques and workouts are monitored to assure safety at all times.

## Sports Medicine

The Division of Sports Medicine provides a comprehensive health care program for the department of intercollegiate athletics. The staff consists of a team physician, seven full time certified athletic trainers, two graduate assistant athletic trainers and medical specialists from the local community. The team physician has overall responsibility for supervision of the sports medicine program. Tribe athletes have the luxury of rehabilitating and treating injuries in a state-of-the-art athletic training facility.

The priority for the athletic training staff is to enhance and assure lines of communication and cooperation among its staff, student-athletes, parents, coaches, the Student Health Center and involved medical specialists. Through a team approach to health care the sports medicine program can offer comprehensive health care services to the student-athletes in a caring and cooperative manner.

# WILLIAM AND MARY AT A GLANCE

## The Best Small Public University in the United States

For more than 300 years, William and Mary has been a symbol of academic distinction in America. Now, in its fourth century, the College is prepared to educate the leaders of the 21st century.

The College of William and Mary was founded in 1693 by King William III and Queen Mary II of England. Four Presidents of the United States received their education at the College - George Washington, Thomas Jefferson, James Monroe and John Tyler.

William and Mary was the first college to institute an honor code of conduct. The premier academic society, Phi Beta Kappa, was founded by William and Mary students in 1776. The Society of the Alumni, founded in 1842, is the sixth oldest alumni group in the nation. Now the College is designated as a "Public Ivy", and ranks 15th among the best regional business schools.

*The Wren Building is the oldest one in the United States in which classes are still taught.*

*Lake Matoaka provides an on-campus field laboratory and recreational activities, and includes an amphitheatre to host concerts.*
