GREETING

TO OLD and new students alike, the Young Men's Christian Association of William and Mary College extends once more a hearty welcome. We wish for you the highest degree of success and trust that we may help you in its attainment.

We commend to you this little book and hope that it may be of use in giving you information concerning our College. Let it remind you of the wide fellowship and sympathy which the Association cordially extends to each student. We ask your hearty co-operation with us in our work for the advancement of our Master's Kingdom. "Seek ye first the kingdom of God and its righteousness and all things else shall be added unto you."

To New Students.

THE only railroad through Williamsburg is the C. & O. The station is but a ten minutes' walk from the College. There will be a "committee" from the Association to meet you there, and to look after you and your baggage.

At 9:45 a. m., September 26, you are expected to attend Chapel Services. You will there be told what you are expected to do.

Courses of study should be selected with great care. Ask one of the Professors to help you make out your "ticket." Too few lectures will mean a waste of time, too many result in poor work and may break down your health. You are required to take twelve (12) lectures a week; more than twenty (20) are not permitted without permission of the Faculty.

A student may change his classes within one week after admission; thereafter he must secure leave of the Faculty. Eighteen lectures are a good average for a first year man.

CHAIRMEN OF COMMITTEES

- C. L. Ebell, Bible.
J. T. Carter, Missionary.
F. E. Yancey, Hall.
W. B. Lee, Membership.
H. P. Fox, Delegation.

YOU are cordially invited to attend the Annual Reception given by the Young Men's Christian Association in the Gymnasium on Friday evening, September 17-'09.

Our Association.

THE chief work of our Association is the bringing of young men to the service of Christ, and the promotion of their welfare by mutual assistance and encouragement in temporal as well as in spiritual things. Our Y. M. C. A. is non-sectarian and endeavors to embrace all denominations; accomplishing work that is beyond the power of the churches. It aims to give a standard of manliness and purity, which shall lead to the highest life of college men in their college work.

The regular meetings of the Association are held each Tuesday at 7:00 P. M. It is the effort of our officers to secure the best speakers obtainable for these meetings, and to make them so interesting as to be worth the while of every student to attend.

The week of Prayer will be observed this year as usual. A speaker of force and ability will be secured to lead these services.

In the classes for Mission study three courses are open to students, namely: 1. "Japan and its Regeneration." 2. "Effective Workers in Needy Fields." 3. "The Healing of the Nations." These courses are only from 8 to 12 lectures long. The classes meet once a week. Special attention has been given to the selection and training of leaders in this department. A larger enrollment and greater awakening is hoped for than ever before in the great cause of missions.

In the classes for Bible study, four courses are open to all students. These are conducted by able leaders and we urge you to attend one of them. The classes meet once a week and are adjourned promptly at the end of three quarters of an hour. They are as follows: 1. "Studies in the Life of Christ." 2. "Studies in the Acts and the Epistles." 3. "Studies in Old Testament Characters." 4. "Studies in the Teaching of Jesus and his Apostles."

It is the custom of our Association to send delegates to the Summer Conference at Asheville, who come back bringing the ideas of experienced Christian workers. We trust even a larger number may have this great opportunity in future years.

These are but a few of the things which our Association attempts to accomplish, and it depends upon you, the students of our college, how far these objects will be attained. We invite you to join with us in the great work which we are trying to do in the Master's name. "Come with us and we will do thee good."

Membership.

STUDENTS are admitted into the membership of the Association by the vote of its members. The membership fee is one dollar; any student in good standing may be a member. Have your friend nominate you.

Suggestions.

JOIN the Y. M. C. A. and interest yourself in its work.

Use Sunday as a day of rest and worship; there are six days of work.

Attend the annual reception of the Y. M. C. A.; you will meet the members of the Faculty and your fellow students there.

Be loyal to the College and help support the Athletic Association and the Lit.

Remember the service in the Y. M. C. A. Hall at 7:00 P. M. every Tuesday, and Bible class meeting on Friday evening at 7:00.

Don't cut lectures, or they'll cut you!

Never forget the "Honor system;" it is the tradition and pride of our College.

Get out and try for the Foot ball Team; it will do you good.

Don't tell others how much you know; they'll find it out.

Join a Literary society and work.

Keep this book and use it; 'twas printed for you.

Our College.

THE College of William and Mary was founded in 1693, and is therefore the oldest college in America, with the single exception of Harvard. With a past filled with beautiful traditions and with the names of such immortal men as Jefferson and Monroe among its alumni, the history of our College is a constant inspiration to its students. William and Mary is non-sectarian and the student-body embraces many different denominations. It was here that the honor system had its birth and is still an unbroken rule of the College. When this principle is disregarded the culprit is as severely condemned by the students as by the Faculty.

Library.

THE latest addition to the College buildings is a handsome brick library erected in 1908. The main reading room is adorned with many rare portraits and interesting relics. The reading table contains most of the current magazines and newspapers and many useful reference books. The stack room contains about 18,000 volumes, and new books are being constantly added to the library. Students are allowed to take out only two books at a time which they may keep for two weeks. Absolute silence is maintained in the reading room, so that you can read or study without interruption. The librarian, Miss Emily P. Christian, is always glad to help you in any way.

LIBRARY HOURS,

9 A. M. to 1 P. M.

3 P. M. to 4:30 P. M.

7 P. M. to 9 P. M.

Literary Societies.

THESE are two literary societies, Phoenix and Philomathean, whose halls are in the College building. They meet each Saturday night for practice in debate, oratory and declamation. Medals are offered each year for improvement in each of these departments, and final men are elected by each society to compete for medals in oratory and debate. Intercollegiate debate is also encouraged. The advantages gained from these societies cannot be over-estimated, and the student should early in the session connect himself with one or the other.

At stated intervals during the session, the societies hold public meetings, which are largely attended and excite a healthy rivalry.

THE officers of the Philomathean for the first term are C. L. Ebell, President; W. H. Neblett, Secretary; N. M. Ewell, Treasurer.

Those of the Phoenix are W. L. Hopkins, President, T. H. Geddy, Secretary; E. E. West, Treasurer.

Representatives from the two societies contest for the position as representative of the College at the State Oratorical Contest, which will be held this year at Washington and Lee University. To be an ideal college man you must be a society man.

Glee Club.

THE Glee Club is an organization maintained by the musical students in College. They meet regularly for practice in instrumental and vocal music under the direction of Prof. Crawford.

Fred Crawford, President.

Dramatic Club.

THE Dramatic Club gives to its members an opportunity of training their talent in elocution.

Several plays will be given during the year for the benefit of some of the College institutions. Membership is by election.

German Club.

THE German Club is composed of the dancing students of the College and its membership is by election after application. Germans are usually given in the College Gymnasium at Thanksgiving, Christmas, Easter, and two at Finals. The Final officers of last year were, F. W. Lewis, President; D. M. Dold, Secretary and Treasurer.

Fraternities.

WILLIAM and Mary was the birthplace of the Greek Letter Fraternity in America, the Alpha Chapter of the Phi Beta Kappa being formed here December 5, 1776.

Only graduates of the College and men distinguished in letters, science or education are admitted to membership in the Phi Beta Kappa.

Among the undergraduate fraternities, the following have Chapters in good standing:

Theta Delta Chi.

Kappa Alpha.

Kappa Sigma.

Phi Kappa Alpha.

Sigma Phi Epsilon.

We would advise the new student to be very careful before pledging himself to a fraternity. Your fraternity mates will be your close friends throughout your college career; look long, and before you make your decision, decide thoughtfully, or you may regret a hasty act when too late.

Athletics.

IT should be the wish of every student of the College that William and Mary should take the lead in athletics that she holds in other walks of college life.

This can only be accomplished with the aid and moral support of the entire student-body.

The baseball and football teams are under control of the Athletic Association. The membership fee of the association is one dollar and every student is expected to be a member. It is considered a high honor to be a member of the College teams and every one who has the physical strength should try to "make" them.

The manager for the football department for '09 is B. T. Newton and C. A. Taylor captain.

The manager of the baseball department for '09 is A. R. Koontz and G. P. Arnold captain.

The officers of the Association for 1909-10 are:

President, C. A. Taylor.

Vice-President, C. W. Hall.

Secretary and Treasurer, H. F.

Tompkins.

Football and baseball coach, G.

Tennis Club.

THIS Club maintains two courts which are open at all hours to its members. For several sessions tennis has been a favorite sport at College. All students are eligible to membership. Membership fee \$1.50 cents. President E. L. Goodwin.

Gymnastics.

THE gymnasium building of the College is one of the handsomest in the State. It is fitted with the most improved apparatus and is open every afternoon except Monday from 4 to 6. All State students are required, and others are urged to take regular classes under the direction of our competent instructor. Gymnastic exhibitions are given by the classes, and a day is set apart each session as field day, all the students contest in running, jumping and other outdoor exercise.

Publications.

THE William and Mary Literary Magazine is published throughout the session by the two literary societies, and for several years has maintained a position among college publications of which we may be justly proud. As its contributions are drawn from the students, it remains with them to sustain the standard of past years.

The aim of the magazine is to develop the literary talent of the student-body. A handsome medal for the best prose contribution and a scholarship for the best poem are awarded each year by Hon. Robert M. Hughes, of Norfolk, Va. The editors urge that every student prepare and submit them some article during the session, which if found available will be published. Your labor will be of no less benefit to you than to the Lit.

The Colonial Echo is published each year as the annual of the College. In it are to be found the pictures of all the students and organizations and a record of the year's work. The Echo is always a beautiful and valuable book. The Handbook, issued by the Young Men's Christian Association of the College, is a compact little volume of general information, and is published annually. The Association presents each student with a copy.

The College Bulletin is published by the faculty and contains official information in regard to the College. For the catalogue addresss, Pres. Lyon G. Tyler, Williamsburg, Va.

Williamsburg.

WILLIAMSBURG, once the capital of Virginia, is replete with historic memories. At one end of its principal thoroughfare, Duke of Gloucester street, the College is situated, and at the other is the site of the old Capitol, so famous in colonial history. The Model and Practice School of the College occupies the ground on the Palace Green where the Governor's Palace stood. Many houses are yet standing which were formerly owned by some of the greatest statemen of the country.

Examinations.

EXAMINATIONS are held twice a year—in February and June.

No books are allowed in the examination room, and the students are placed on honor neither to give nor receive any assistance.

Violations of this pledge are regarded by the students as one of the greatest dishonors a student may bring upon himself, and the offender is dealt with by the students themselves in the severest manner possible. You cannot be too careful in guarding against fraud.

Twelve hours to leave town and public expulsion is the mildest sentence ever rendered to a cheater on examinations.

OUR attention is called to those who have so kindly assisted us by advertising in this little book and to whom we acknowledge our indebtedness. Patronize those who patronize us. We heartily recommend them to your patronage. Without their support it would have been impossible for this book to go to press.

SOUTHERN DOCTORS

who must treat Southern maladies, ought to be educated in the South. Of course, if they could not be thoroughly educated in the South, they should go elsewhere. It is possible, however, now to obtain a thorough and comprehensive Medical education in the South.

The University College of Medicine

is a high-standard school in every respect, offering in the South, at RICHMOND, VIRGINIA,

instruction in and opportunities for the study of Medicine rarely found anywhere. Co-equal Departments of Dentistry and Pharmacy.
