Williams "D.H." Day Set For July 26 At All Distributors

Factory In Full Production On "D.H."

SAM STERN

CHICAGO—Sam Stern, executive vice-president and general salesman of Williams Manufacturing Company, this city, this past week announced that their "D.H. Day" would start at 9:30 A.M. on Wednesday, July 26th, at the offices of all their distributors, clear across the nation and that, on this day, the firm would show its new amusement game.

As Sam Stern stated, "We sincerely believe that this is one of the most

outstanding amusement products that has ever yet been introduced to the industry.

"This is one game we believe every operator will be able to use and will also be able to place on any location anywhere.

"This game," he continued, "is the result of a great deal of experimentation and field testing. It is one game that has every quality operators have ever wanted in a strictly amusement product plus long-life operation."

Samples of the game were on the way this past week to all the firm's distributors, but, will only be shown, beginning 9:30 A.M. on Wednesday, July 26.

The game will be an 8-foot rebound with some of the most outstanding features ever yet presented to the trade.

It will be a baseball play game. The letters "D.H." stand for the name of the game which is, "Double Header."

The game is a two player rebound featuring unusual puck play action. Tho too many details concerning the new "Double Header" weren't as yet made public, Sam Stern did state, "This is one amusement machine which has every quality that operators have ever asked for in any game.

"It is so outstanding that those who saw it acclaimed it as one of the all-time great games of the coin operated amusement machine industry."

Chris Pressing Como For Speedy Deliveries Of "Hollycrane"

CHRIS CHRISTOPHER

BALTIMORE, MD.—Chris Christopher, Chris Novelty Company, this city, has been keeping the Como Manufacturing Corporation, Chicago, busy answering his steady stream of long distance phone calls requesting more and more "Hollycranes."

His explanation of the increase in sales of "Hollycrane" is the complete satisfaction from an operating standpoint and the unusual earning power of the machine. "In some locations," Chris reports, "it is almost unbelievable to hear the reports on earnings of 'Hollycranes' operated with dime chutes."

Amusement parks in the vicinity of Baltimore, according to Chris, are doing exceptionally well operating "Hollycranes."

Rock-Ola Mfg. Corp. Readies New Shuffle Game

J. A. WEINAND

CHICAGO—J. A. (Art) Weinand, vice-president and salesman of Rock-Ola Manufacturing Corporation, this city, announced this past week, rather mysteriously, that the firm is readying introduction of their newest rebound shuffle game and that, he

stated, "Would take the entire industry by surprise."

According to Weinand, "This new game, which is un-named as yet, is one of the greatest which we have ever yet built at our factory.

"It has all the qualities and attributes of the former famous Rock-Ola products.

"It will, without any doubt, prove the greatest stimulant in the rebound-shuffle game field which has ever yet been introduced."

The field tests of the games are under way at this time, and plans for shipments of samples to the firm's distributors are now being completed, Weinand didn't make public when the firm would announce the new game.

He did state, "This is one amusement product which we, at Rock-Ola believe the trade will agree was well worth waiting for.

"It's the kind of game that will revive play everywhere in the nation."

Further announcements regarding this new Rock-Ola rebound-shuffle will be forthcoming within the next few days.

The firm hasn't as yet decided just what its plans will be regarding deliveries.

They did announce, tho, that all orders will be handled in rotation as received.

Production Speeded To Supply Trade With New Equipment

Factories Rush Runs. Look For Less Materials Available In Near Future. Foresee War Work As Part Of Future Production.

CHICAGO—The present condition brought about by the Korean incident which caused rapid government action to produce war materials, and which also started much contemplation thruout this heavy industry mid-west area as to whether many factories would soon be on war materials production, also reacted in manufacturing for the industry.

Many manufacturers rushed production runs of products which they had been withholding to get these to market prior to any possible moves on war materials production, if such did come about.

With raw materials becoming scarcer, with skilled labor hard to obtain, and now a war scare to add to the headaches which the manufacturers have been undergoing, there was some noticeable activity on the part of both small and large manufacturers to stock up, and to warehouse whatever they possibly could,

so as to be prepared for any eventuality.

As reported in past issues of this publication, manufacturers here have been absorbing price increases of raw materials all down the line. The time was not too distant, factories reported, when further increased price absorption would mean loss.

Therefore, there was every indication that unless raw materials loosened up, price rises would be forthcoming from factory after factory in the field. (Wurlitzer announced a raise in price of its new Model 1250 phono.)

So far, tho, the games manufacturers haven't as yet raised prices. But, should part of their factories be taken up with war materials production and make it more difficult for them to continue, plus the fact that costs are zooming it would only be expected that they would have to raise the prices of their finished products to forestall any losses.

Tho the production of war items hasn't yet penetrated too deeply into the field here, it must be remembered that many of the factories are still doing some war work and will probably continue, while others now believe that they may be called back into this sort of work.

Should this come about, it is naturally believed here that this would cause a shortage of new equipment thruout the field.

Many are wondering just what will result, and tho they are biding their time, are also speeding all production runs of equipment they now have under way.

EASTERN FLASHES

Conversations in the most part this week along coinrow were about President Truman's speeches to the Congress, and to the nation delivered on Wednesday. As is natural, coinmen discussed the effect his directives would have on their individual businesses. It was obvious that with materials diverted from its regular channels to war production, the coin machine industry would be greatly affected, if not at the moment, surely in the very near future. Buying along the street was better than any summer in many, many years, with both new and used equipment going. A check indicates certain parts were getting "tight," and that prices on better used equipment have risen, with music in particular getting more and more difficult to obtain.

Ed Wurgler, general sales manager of Rudolph Wurlitzer, and Bob Bear, special representative for the phono firm, visit their local distributor, Joe Young, Young Distributing. Wurgler and Bob came into the city after seeing Si Redd at Boston and Joe Ash at Philadelphia. They were both jubilant over the volume sale of the new model "1250" phono, their only complaint being that the factory couldn't keep up its production to match the orders. . . . A. D. Palmer, advertising manager of Wurlitzer, flew into New York for some special work, but failed to meet up with Wurgler. A. D. arrived Thursday morning, and Ed had left Wednesday night, returning to North Tonawanda. . . . While in Boston, Wurgler and Bear almost had an opportunity to study the local "pokey." And it was all Si Redd's fault. Si, scheduled to pick up the Wurlitzer officials at the airport, borrowed Ed Miller's convertible Chevrolet. On the way out, Redd decided to take a fast shave at his favorite barber's located in the town's leading hotel. He rushed out of Miller's car, parked in front of the hotel, tipped the doorman to leave it in that spot, explaining he'd be out in a few minutes. After the tonsorial job, Si rushed out, jumped into the convertible Chevrolet and drove out to the airport. When he had picked up Ed and Bob, they headed for the car, but noticed that several radio cars and a flock of policemen were around the car. In his haste, Redd had taken the wrong car, and was now on the spot for having a "stolen" car in his possession. After a little "discussion" with the police officers, the matter was straightened out, and the Wurlitzer boys were given permission to drive the car back to town.

Art Lyons, special representative for Exhibit Supply Company, visits with Mike Munves. Munves still as busy as ever shipping games and supplies thruout the country. . . . Barney (Shugy) Sugerman, Runyon Sales Company, always on the go, visits some of his up-state New York operator customers. . . . Dave Lowy, Dave Lowy & Company, practically sold out of his stock of used games, awaiting more new ones from J. H. Keeney. Meanwhile, Dave becoming more active in the wholesaling of used music. . . . Nat Cohn, at one time head of one of the country's leading wholesaling firms, back in the city after a sojourn in Arizona these past few years. We understand Nat has some plans in mind, and if they take hold, will once again set up here. . . . Al Simon, Albert Simon, Inc., (Chicago Coin representative) should have the factory's newest rebound game on display when you read this. Al, who saw "Trophy Bowl" at the factory, claims it's the best ever turned out by this manufacturer. "And the operators know how successful they were with our past games," grinned Al.

* * * * *

Harry Koepfel, Koepfel Distributing Company, returns from a most successful buying trip thru the South. Hymie, who had been holding down the fort during Harry's absence, starting to show some signs of weariness. "If I can make it," says Hymie, "I'll take a vacation sometime in August, and drive out to Arizona with the missus to visit some of my family." . . . Harry Rosen, Atlantic-Seaboard New York Corp., ailing this past week, but comes down to the office anyway. . . . Teddy Seidel, American Vending Company, leaves for a vacation shortly, and will spend the time with his brother boating on the Potomac. . . . Harry Wichansky, Atlas Vending Co., Elizabeth, N. J., celebrates a birthday on Friday, July 28. . . . Al Douglass, formerly owner of Daval Manufacturing Co., dropped into the office this week to say hello. Al is retired and living the life of Riley in Miami, Fla. By coincidence, Douglass and Nat Cohn arrived at our offices within a few moments of each other. Naturally the discussions turned to the days of past glories. Cohn's firm, Modern Vending Company, was the first distributor ever appointed by Daval, and as a result they both profited. Altho Cohn is presently associated with a business venture in Tucson, Ariz., his family is putting the pressure on him to remain in the big city. Reminiscing about past successes in the coin machine field whetted Cohn's appetite considerably, and it's quite possible he'll study the possibilities of returning to his first love.

Bill Rabkin and Herb Klein, International Mutoscope Corporation, announce the manufacture of a book vending machine "Vendavon." The machine has a capacity of 350 to 650 books depending upon the size of the book. The buyer has a selection of 24 different titles of every description at 25c each. Books are published by Avon Publishing Company, publishers of pocket-sized books. . . . Chris Christopher, Chris Novelty Company, Baltimore, Md., reports the sale of Como's "Hollycrane" is surpassing anything he'd believed possible. "It's making money for the ops," stated Chris, "and after placing several, they return for more." . . . Eddie Ellis, formerly connected with the coin biz here and Colorado drops in for a chat and to ask questions about the biz and his friends. . . . Bob Bear, Wurlitzer special representative, very happy over the arrival of his baby some weeks ago, and that his wife is now completely recovered.

CHICAGO CHATTER

Much commendation to **Herb Jones**, editor of "Bally-Who," one house magazine that is trying to tell the nation's coinmen what it takes to build a game. The photos which are shown in this latest issue are an education for everyone in this industry. . . . Whatta party that was at the Chez and the Silver Frolics this past Satty eve. **Mr. and Mrs. Bill Bye**, **Lyn Durant**, **Millie and Ray Riehl**, **Val and Gil Kitt**, "**Big Bill**" **Rothstein** of Philly, **Mr. and Mrs. Bob Schaeffer** and many, many others, traveling from the Chez to what is fast becoming a favorite spot for coinmen, **Irv Singer's "Silver Frolics."** . . . Juke box ops here ganging up to take advantage of that free records bonus plan by Mercury Records. Boys get together to buy as much as each one can and share alike in the number of free records they get in return for the purchasing they do between July 15 and August 15. . . . **Ray Moloney**, **Lou Breeze** and **Tom Callaghan** along with the writer plan a game of golf which should be a lulu to watch. Each guy out with a different gag and all probably flying after the first nine.

Harry Williams, **Sam Stern** and **Sonny Rosenberg** talking golf in Sam's gorgeous private offices. From what we gathered, Harry gets two lessons per week and has turned into a really great golfer out in California. Sam still continues in the "hacking dept." But, what was really funny, was that both these factory execs had better watch their step when out with Sonny. This guy has won himself a zillion cups for his golf and shoots way low in the 70's. Beware! . . . Which also reminds that **Jackie Fields** believed, after steady golf this season, the time had come when he could take **Mike Hammergren** for a cute little ride over the Tam O' Shanter course. Mike's a handicap golfer. So—when the 18 were over—was Jackie dejected. But, like a true champ, he's still going to try. . . . That was quite a weekend party up near Brainerd, Minn., given by **Herman Paster** who bought the old Wurlitzer distrib's gorgeous summer spot there. Herman had some Chi people with him, as well as many of his employees, and everyone reported to have had a really grand, grand time. If you go up to Breezy Point Lodge, you're only 12 miles from Herman's place.

Paul Fuller down with a heart attack and rushed back to his home in Oneida, N. Y. And **Larry Cooper** of the same firm, SuperVend Sales Corp., also very sick, we hear. Here's hoping both men speedy recovery. . . . Election of new officers by CMI this past week. **Samuel Wolberg** of Chicoin named President, **Sam Stern** of Williams elected Vice-President and **Dave Gottlieb** of D. Gottlieb & Co., elected Secretary-Treasurer. **Dudley Ruttenberg** continues as legal counsellor. . . . Chicoin back in action again with a new 8 ft. rebound, "Trophy Bowl," which **Sam Lewis** of the firm tells me is greater than their famed, "Bowling Classic." Plenty good features on the game and speedy, 45-second play action. . . . **J. A. (Art) Weinand**, who has all the executive problems over at Rock-Ola Mfg. Corp. while **David C. Rockola** and **J. Raymond Bacon** are on vacations, reports that all their "Magic-Glo" phonos sold out this past week. "Not a one left in the factory," is the way Art put it. And, in addition, this big plant coming up with a new idea in an 8-foot rebound which Art labels, "sensational." Field tests under way here in Chi and samples soon on the way to Rock-Ola distrib's.

That new Williams' game "D.H. Day" is "Double Header" which is also an 8 footer in the rebound department, but with what **Sam Stern** claims, "Are the most outstanding features ever yet built into any rebound shuffle game." . . . **Charley Pieri** is so busy over at J. H. Keeney & Co. these days that it's almost impossible to get him on the phone. Anyway, when we at last did reach him, Charley advised that the firm are just about ready to pop with a brand new conversion for 4 players which "will rock 'em back on their heels." . . . Talk about orders. Sit down at the Bally factory for a few minutes with **Jack Nelson** or **Bill O'Donnell** or some of the other guys and listen. Just listen—to the way those phones ring all day long asking for more, more, more "Turf King." Wow!! . . . Tho not openly announced some of the larger drink dispensers and ciggy machine makers have already advised their distrib's that prices will go up as of August 1. Some raising as much as \$100 per machine. . . . Meantime vendor ops much worried because merchandise prices zooming. May have to change to higher coin chutes.

Joe Cohen of Ristaucrat, Appleton, Wis., advises that firm simply jammed with orders for that little 45 RPM phono. Plant is working at capacity and trying hard to get up to 200 production per day. . . . **Jerry Haley** of Buckley away on a two-week, well-earned vacation and intending to get lots of rest and sunshine. . . . **Max Lipin** of Detroit around town advising the firm now sales agents for Olympic TV sets. . . . **Ben Coven** a busy boy these days. Between golf with his charming wife, **Trudy**, at Twin Orchards, and more business than ever, he's torn between burning the midnite oil and enjoying some golf or spending a regular workday at his offices and neglecting golf. What to do. What to do? . . . The time element is getting ever more important with ops. With TV cutting into play on many spots, ops want to know what they can expect from any machine during the peak play hours. So **Frank Mercuri**, sales manager of Exhibit, prior to introducing the firm's new five-ball "Judy" had location time-tests made of the average playing time. They found that the average player completed the play on "Judy" in 1 minute, 15½ seconds, which, to our way of thinking, is pahlenty speedy in any man's location.

Art Olsen of Permo enjoys himself a birthday on Friday, July 28. Happy Birthday, Arthur. . . . Rumor has it that one of the largest plants around town will soon be working for Uncle Sam. . . . **Vince Brandom** around to report that they're now the top disk sellers in this area with Oriole Records. This platter created by ops here is clicking. . . . Never saw a bunch of happier guys than over at United. **Lyn Durant**, **Billy DeSelm**, **Herb Oettinger**, **Ray Riehl**, and all the others, very much elated the way their new conversions are going over the top with ops everywhere in the country. These conversions so good, from what ops report, they're actually making "new games out of old machines." And that's what we call commendation.

CALIFORNIA CLIPPINGS

Well, the papers were full of it, with everybody getting into the act as the recent state legislative ban on slots went into effect on July 14. The state authorities said they would do this and that if they caught anyone with anything even remotely resembling one; the county sheriff's dept. pledged to get whatever was left over; the L. A. Chief of Police also announced his men would pick up any "slot machines they might see." (The last is a verbatim quote, apparently, from several of the local newspapers.) As far as Coin Row jobbers and the operators were concerned, there wasn't too much excitement. Most of them had pretty well cleared their stock out of state or broken the stuff up well before the deadline. The only people we know who showed any anxiety were a couple of personal friends with machines in rumpus rooms. Seems they thought we might have some inside information as to whether the state, county and municipal gendarmes would knock 'em over on a charge of possession. We had nothing bright to say.

Badger Sales is now distribs for Exhibit and set to do a job on the new 5-ball "Judy" (got to plug that one, same name as our young daughter). **Bill Happel**, mighty nimrod he, back from Balboa fishing trip with one albacore. . . . The gang at **Paul Laymon's** misses Blaze, their canine mascot, if not his master, **Charlie Daniels**, who seems to have had his mind changed about that vacation trip up North and decided to work around the yard and get in a little local fishing. . . . **Al Sleight**, Bally regional rep, due in for social visit with Laymons though they'll probably take time out for a toast to "Turf King" and the ops who are clamoring for speedy delivery on the sensational new one-ball. . . . **Joe Peskin** cooling off in Chicago during the L. A. heat wave, and **Paul Silverman** tells us that the weather has taken some toll of music biz in the city but AMI sales to ops for resort spots are taking up the slack. . . . **Lyn Brown** busy entertaining his brother, Max, in from Philly and anxious to see what makes Hollywood tick. . . . **Johnny Hawley** has arranged for a warehouse nearby his Pico Blvd. spot, which is slated for a new front shortly, and the hustling Hawley outfit appears to be handling its fair share of 5-ball and novelty merchandise sales.

Bud Parr awaiting Rock-Ola's new "Rocket" jukebox, which he'll be distributing for So. Calif., and operators also eager to see the new machine especially in view of its reported competitive price. Meantime, **Bud and Fred Gaunt** are keeping busy selling United's "Shuffle Alley Express." . . . With Sicking Distribs, it's the one-ball run that's keeping **Jack Simon** and **Jack Ryan** hopping. . . . **Phil Robinson** back from visit to Chicago Coin plant, but we weren't able to get with him for full details on his trip till next week. . . . At Automatic Games, **Sammie Donin** and wife have moved up to Las Vegas, where **Dannie Jackson** also spent the week helping to move merchandise into their warehouse and get their arcade set up. **George Warner**, holding down the home front, tells us they'll be jobbing everything jobable from now on out of the Pico Blvd. location. Here's one bunch of fellows, though hardest hit by the new state taboo on bells, that just won't cry the blues.

Bill Lawrence, well known skeeball op bedded for three years with illness, was put to his final rest at Forest Lawn last week. . . . How To Use "The Confidential Price Lists"

FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists," rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price for the week; Second price listed is highest price. Where only one price appears this should be considered lowest price.
