Profit For First Quarter

CHICAGO-R. C. Rolfing, president of The Rudolph Wurlitzer Company, manufacturers of coin operated music machines and musical instruments, announced that the consolidated financial report for the first quarter of the current fiscal year (April, May and June) shows a profit of \$280,920.33 after all reserves and

taxes. This compares with a consolidated loss for the same period last vear of \$41,093.40

The North Tonawanda plant, location of the music machine manufacturing division, is rushed to the limit at this time in an effort to supply the trade with its demand for the new model "1250" phono.

Bally Announces Increase Price **On "Turf King"**

GEORGE JENKINS

CHICAGO-George W. Jenkins, vice president of Bally Manufacturing Company, this city, announced a price increase on its current game, "Turf King."

"We hated to do it," explained Jenkins, "and we held to the old price line as long as we could-in fact, much longer than we should.

"That's a point we would like to re-emphasize. The necessity for this price increase isn't confined to just the drastic developments of the past few weeks. It is the result of a spiraling labor and material situation that has been building up over a long period and which is affecting practically every manufactured commodity.

"We want to thank the operators and our Bally distributors and jobbers," concluded Jenkins, "for their understanding acceptance of this necessary price change. And we're more than proud of the fact that 'Turf King' remains the greatest bargain in coin machine history."

The announcement to the trade followed notification by wire to all Bally distributors sent out on July 26. The wire read: "Effective with shipments of August 1 Turf King operators price advances to \$695. Are forced to this action by the constant still rising increases in our own plants. Are confident entire trade realizes circumstances and necessity this step. Sure everyone will agree that even with this increase Turf King remains the biggest bargain in all coin machine history."

Reports from distributors thruout the nation indicate this \$50. increase hasn't affected the sale of "Turf King," and as a matter of fact has impressed the present unpleasant situation on the minds of the operators still more. Demand, which was extremely heavy, now has reached unheard of heights, and the Bally factory is working day and night to produce sufficient quantities of games to somewhat supply their customers.

Coven Cleaned Out Of New Wurlitzer 1250 Phonos

Warehouse Bare — Orders Filled In Rotation

BEN COVEN

CHICAGO—Ben Coven of Coven Distributing Company, this city, re-ported this past week, "Our ware-house is cleaned out of all new Wur-litzer 1250's. We are trying hard to supply the orders which we have taken by keeping in constant long distance phone contact with the Wur-litzer factory."

Even used phonos have been going at a speedy rate, according to Coven, and he doesn't see any slowing of de-mand for some time to come. "In fact," Coven stated, "if any-thing at all, there is no longer any doubt that the demand for new and used phonographs is going to grow

"We have taken orders far in ad-vance for the new Wurlitzer 1250 and are filling these in rotation as received." Coven stated that for some time the

firm was gathering up used phonos which they were taking in trade against sales of the new Wurlitzer

Local demand for the new Wurlitzer 1250 reached unprecedented heights. "We don't know whether we'll ever be able to fill all these orders we've taken," Ben said, "but we're going right ahead and the factory is going to ship us as much as they possibly can." can.

3 Group Operations Of "Hollycranes" Set For Canadian National Expo.

TORONTO, CANADA—Arrange-ments have been completed to run three locations with group operations of "Hollycranes" this year at the Ca-nadian National Exposition, held in this city.

Last year 20 "Hollycranes" were operated in a group concession by Dave Russell and due to the success of this type of concession, it has been decided, thru arrangements with J. W. (Patty) Conklin and Dave Russell to have three different locations with a total of 40 "Hollycranes" in operation. One of the new locations will be inside the penny arcade and will be operated the same as this concession is operated at Belmont Park in Mont-real, Canada, and Crystal Beach at Ridgeway, Canada. Ridgeway, Canada.

Another location will be in the play-land building the same as last year and the third location will be a unique spot on the midway underneath a wenty-four foot California umbrella. Red Van Patten, manager of the "Hollycrane" concession at Belmont Park will be in charge of one of these locations as General Manager when the exposition opens in this city. John ay, assistant manager at Crystal Beach operation will also be in charge of another unit at Toronto. Dave Russell, who was a recent visitor at the Como Manufacturing forporation plant in Chicago, manu-facturers of the "Hollycrane," out-ined the arrangements with Jack Nelson, general sales manager of the manufacturing firm.

Operators And Distributors Stocking Up On Parts And Supplies

Many Tubes Difficult To Obtain

CHICAGO-Operators and distribs thruout the country are stocking up, as best as they can, with parts and supplies, according to information reaching this office.

Rumors are to the effect that many tubes, which are used in automatic phones, are becoming difficult to obtain.

This is attributed to the heavy buying of these tubes, rather than to any scarcity at this time.

But, as one distributor after another has reported, "Operators are calling on us for parts and supplies daily. We are trying our best to give them as much as they ask for. At this time, tho, it is getting difficult to take care of the unusually heavy demand."

Belief here is that tho parts and supplies of certain kinds, like critical tubes, may become scarcer, they will still be obtainable.

The average operator, tho, is trying to assure himself everything he will need all at one time and is, therefore pressuring distributors to ship him just about everything in parts and supplies that he will require for a long pull.

"This isn't at all necessary," on ϵ noted leader here stated. "Operators will be able to get whatever they need," he continued, "for repairs and maintenance of their machines.

"There is no need," he said, "for any hoarding or any big rush for quantities of parts and supplies."

In the meantime, those who can are stocking up with whatever they can get and whatever they will require, especially for older model machines which parts can only be obtained, in many cases, by breaking up another, similar machine.

EASTERN FLASHES

It's a very strange situation that exists on New York's coinrow at this time. With prices on new amusement games going up, and deliveries behind schedule the jobbers decided to have a price war, and are offering these new machines away below list. While, for the moment, it's a fine break for the operator eventually the prices must go back—and the jobbers must wind up in bad shape A jobber has a decided place in the scheme of things in the coin machine business, and if he winds up losing money, he must go out of business. Operators, who have been doing business for many years with the Tenth Avenue jobbers, are not disposed to argue with these people when they offer equipment at a lower price—but we know they realize that over the years these companies have been of assistance to them in many ways. No business can stay alive without making a profit—and if these jobbers continue with their current tactics—someone is going to get hurt—and badly.

* * * * * * * * Sale of music, both new and used, continues brisk. Prices on used music continues to go up. Most buyers do not even question the increase, but some few are balking. However, the market is getting real tight, and wholesalers are paying more for equipment, and on the re-sale, are forced to add this to their selling price. . . On new music, all distributors are selling all the mabienes they can get. . . . Murray and Ann Wohlman vacationing in Miam Beach. Sol Wohlman, the other half of the Pan-Coast Amusement Co. leaves on his vacation when Murray returns. Sol and his missus will drive thru New England and then to Canada. While on the trip, they will drop in to visit their Oave Lowy, Dave Lowy & Company, returned after a 10-day vacation at takeside Inn, Ferndale, N. Y. Dave's family is spending the summer at this resort hotel. Lowy, quite a golf bug, proudly boasting that he broke the century mark, and that he's sure to get under the 90's when he returns for the rest of his summer vacation at the end of August.

* * * * * * * * * * * * * * * All Simon, Albert Simon, Inc., completely relaxed, taking orders for Chi-Coin's current hit, "Trophy Bowl." He takes the orders and hopes the factory will be able to ship in sufficient quantities to fill them. It seems demand for the deliveries. . . . Teddy Seidel, back from his vacation in Washington, D. C. where he did considerable boating on the Potomac with brother Bob. . . . While we watch at Mike Munves', five big trailer trucks get loaded up with arcade machines and parts for delivery thruout the country. Seems like Munves ported to have taken over the corner store at 44th and 10th Avenue. This was the former location of Economy Supply Company, the parts and supply house run by Joe Munves. Economy had moved its parts business into the large quarters of Mike Munves. . . Herbie Semel got himself hitched this past honeymoon. Herbie and his father, Jack, ran a little shindig for their coin friends at Dave Lowy's on Friday. Unfortunately, Jack took ill that day and couldn't be on hand. However, he was able to be at the wedding ceremony Although not completely recovered, Jack visits his office for a few hours each day.

Williams' "Double Header" continues to attract a great deal of attention with operators continually flocking around the game displayed on the floors of Seaboard New York Corporation. Meyer Parkoff reports that they have taken orders for quite a large quantity, and he hopes the factory is geared to turn out in large numbers so that he can satisfy his customers. . . . Jack Ehrlich one of the real old-timers in point of experience in the coin field, operating quite a music route in Brooklyn, which he tells us is doing very well. . . . Dave Stern, Seacoast Distributors, Elizabeth, N. J., getting ready to spring a big surprise. . . . Despite the tight situation in used music, Harry and Hymie Koeppel, Koeppel Distributing Company, keep in top action. "While the prices are going up," stated Harry, "we fortunately are able to buy, and then re-sell. We think we can continue along these lines no matter what the future might bring." . . . Joe Young, Young Distributing (Wurlitzer distributors) don't know whether to be happy or sad. Seems that the sale of the "1250" phono keeps all equipment going out to the operators as quickly as they arrive which should make Joe happy. "But," he sighs, "if the factory would deliver more machines to me, I'd be able to satisfy the demand, and naturally, be completely overjoyed."

DALLAS DOINGS

Irving (Kempy) Kempner, demon road salesman for Runyon, spent most of the week at the home office. He had been away for several weeks covering upper New York State. But no matter how far away, Kempy always came home for the week-ends. Kempy should be moving into that brand new home he built in Jersey any day now. . . . Milty Green, American Vending Company tells us his game operations are doing swell, with music holding up pretty good for the summer. . . . Dave Stern, Seacoast Distributors, Elizabeth, N. J., celebrates a birthday on Saturday, August 5th. He isn't disclosing his age, but he still looks like a healthy "thirty" even the he became a grandpop a few weeks ago. . . . Jack Fitzgibbons also has a birthday coming up on Saturday, August 12. Jack, who at one time was one of the leading distributors in the East, and the entire country for that matter, has been ill and confined to his home for the past several years. . . . With the weather exceptionally fine these past weeks, arcade owners and operators with equipment at resort and shore locations report collections very good. . . . Marcus Klein, Tenth Avenue jobber, vacationing in Europe, and should be back on the job around the beginning of September. Meanwhile Moe Bittner running the business.

CHICAGO CHATTER

Most of the discussions around this sizzling hot town (weather and sales) these days is, "For whom do the bells toll?" Opinion here is that the average bellman is pretty well set. Also that, since the states of Nevada, Idaho and Montana will be open to future shipment, and that other states may some day also open, business will go on to some extent. Local and inner-state sales will continue. But, in the meantime, the belief is that the bells toll the dawn of a new amusement era for the industry by the mfrs of the bells themselves. Belief is general that these big plants will come up with something entirely new for the trade. Consoles, too, will be hit in this new bill, "if" and "when" it passes, but, most console makers have other products, and tho they may continue satisfying the states where shipments can be made, they will be supplying the trade with other items.

Art Weinand of Rock-Ola came up with a peacheroo this past week. In general discussion, Art said, "The best definition I know for mixed emotions is the fellow watching his mother-in-law roll over the cliff in his brand new convertible." At the same time Art is like the expectant husband walking the floor in the hospital (waiting news of tests on their new shuffle game). "Will it be a boy, girl or goldfish?" is the way Art puts it. . . Irv Webb here laid down quite a bit of cash at one manufacturer's offices the other day, cynical of the fact that this mfr had sold out one big line of products, and was a very much surprised man when he found that this was the truth—even cash can't buy what isn't there. . . They say that there's a slot that isn't a slot now being manufactured by one large plant here. . . Henry Strong of O. D. Jenmings says, "Regardless of what happens we'll still be in business." . . Jerry Haley of Buckley still on vacation and Pat Buckley away from his offices, too, this past week. . . Charley Pieri over at Keeney excited about their new conversion "Match Bowler" which converts those 12 ft. cushion boards to 1, 2, 3 or 4 player action.

Jack Nelson, Bill O'Donnell, George Jenkins, and everyone else at Bally busier than all get-out trying to fill those "Turf King" orders. "And," as Jack says, "more and still more orders flood in everytime we begin to see our way somewhat clear to completing some shipments.". .. Ben Becker and Art Garvey of Bally covering the Eastern and Southern territories. Ben is now down in the south and Art's covering the Buffalo, Syracuse, upstate N.Y. area. ... Bill Billheimer at Como busier than he ever was, what with those conversion orders to fill, and the Hollycranes getting hotter than the weather, the "Shadow" has plenty of work ahead of him for some months to come.... Happy to hear that Larry Cooper of SuperVend is back on the job again. Paul Fuller still down in bed. Jackie Fields running around town like mad. Mike Hammergren down in Dallas yowling for more and still more production. In fact, everyone at SuperVend working harder than ever before.

Frank Mencuri of Exhibit just returned from New Orleans, San Antonio and Dallas (and at this time of the year, too) "But," says Frank, "it sure was a very worthwhile trip." Frank learned right here in Chi that new blood can do quite a sales job... Sam Lewis and Ed Levin of ChiCoin both believe that their new "Trophy Bowl" may exceed sales of their great "Bowling Classic." Which sure would be an achievement. ChiCoin has clicked with every game introduced this year. ... Joe Caldron is doing a very terrific job exporting used phonos and also selling same about the nation. ... Bill Olsher of Abco advises the firm has a conversion surprise on the way in.... Billy DeSelm was a very happy guy this past Monday morning when he entered his office for the first time, after a week's rest, and found letters from here, there and everywhere, ordering more conversions and plenty more of the firm's new "Twin Shuffle Alley Rebound." Billy advises that he did a bit of motor boating with Lou Casola and really enjoyed the speedy boat Lou owns.... Everyone's back on the job at United and all happy to be hard at work again.

Al Stern of World Wide is probably among the busiest of the distribs around. Al has been preparing for eventualities and now finds himself deluged with requests from everywhere in the nation. Lots of credit to Al for thinking so far ahead. . . Billy Knapp, Vic Weiss and Col. Lewis at Allied Coin planning to move into a big, new building, not far from their present quarters on Milwaukee Ave. here. The men are going great guns and are setting up to do a real job in the future. . . Wally Finke and Joe Kline of First Distribs are all hepped up waiting for that brand new Rock-Ola "Rocket 50" phono to be presented. In fact, from what Wally and Joe advise, "We're actually getting orders in advance". . . Never saw a time when Harry Brown looked better. This guy just thrives on long distance phone calls. Says Harry, "We've never been busier"

Sam Stern over at Williams Mfg. Co. just skipping from his office into the factory all day long with "D.H." (Double Header) reported one of the grandest games the firm have ever yet produced. Sam showed a string of ollection reports to some of the men who visited with him and the most amazing part was how they continued up and up and still up each day, getting bigger each week. Which is one sure sign of a hit game . . . Harold Saul at Coven Distributing Co. rushed right into one headache after the other this past week. First off the bat, they cleaned Coven of almost every phono he had on hand. Second, demand for new Wurlitzers got so big Harold wanted to hide himself. Third, Bally's "Turf King" demand zoomed right up and Harold just sat and stared at the ringing phones. Maybe, Harold, that's because Carl Christiansen is out on the road punching harder than ever before. Carl's proving himself one of the best roadmen in the biz according to Ben Coven. . . Juke box men here are plastering stickers on their phonos featuring Danny O'Neil's latest recordings for Oriole. This is the operator's own recording outfit here in town who are doing a very grand job with this label. Vince Brandom and Boice Smith head the outfit. Jimmy Martin is local distributor.

That's really a "Gimmick" Rodney Pantages and J. Harry Snodgrass have over at Maestro Music on Venice Blvd. And that's the name of it, no kiddin', the "Gimmick." Couldn't think of a better word at that, to describe what this ingenious new baby does, in combining all the merits of the jukebox with those of wired music into one unit. For the technical workings and the firm's plans for production and sales, you might look up the story and ad that appear in this issue. But one point we saved for mention here, and that was Harry's very astute psychological analysis of how the "Gimmick" should appeal to all players. Quoting him: "In combining the jukebox and wired music types of play, we figured that the setup should hit the spot with the boys who enjoy getting out on the floor and talking to a strange young women with a pleasant voice while for the shy boys—or those who don't dare talk to a strange young woman, even through a telephone hookup in a public place—there's always the remote boxes so that they can quietly insert their nickels." Pantages Maestro, which currently operates 70 installations in the to so Angeles area and has sold its wired music equipment to hundreds of operations in 50 principal cities throughout the country, should do well with their new baby, in that it encourages use of their product in smaller cities. Combining the personal touch with economy, an eight hour shift by the fair voiced disc spinners would be rounded out by the juke box taking care of around-the-clock action.

How To Use "The Confidential Price Lists"

FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange —posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists," rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory. METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price for the week; Second price listed is highest price. Where

listed is lowest price for the week; Second price listed is highest price. Where only one price appears this should be considered lowest price.
