Exhibit Goes "Western" With "Dale Six Shooter"

New Gun Placed On Market After Many Months Of Extensive Location Tests

FRANK MENCURI

CHICAGO—They can be very proudly wearing those wooly chaps and western ten gallon hats over at Exhibit Supply Company as the firm introduced its newest, and greatest gun, the "Dale Six Shooter."

This is one product which has been on locations for many months, undergoing every type of rigorous test known to the industry, to decide every iota of mechanical perfection and money-making power.

There is no doubt, from advance reports that, "The gun is one of the best that has ever yet been introduced to the industry."

In fact, at the Illinois Wholesale Liquor Dealers Convention, just a few weeks ago, at the Sherman Hotel, a display of only five of these remarkable guns chalked up over 13,000 plays. And this was from an extremely limited atendance at this convention.

"In short." as Frank Mencuri, sales

remely limited atendance at this convention.

"In short," as Frank Mencuri, sales manager of Exhibit Supply Company stated, "it proved that the people who attended this convention were so thrilled with the 'Dale Six Shooter' that they came back again, and again, and again, to try their skill at this great gun."

This is one gun that brings back the

This is one gun that brings back the "Old West" in all its glory. Here the player has the opportunity of shooting bandits right off their horses.

And, as a matter of fact, that is exactly what he does.

These "bandits" are holding up a "stage coach," in true western fashion. The "hero" is the player himself. He stands up there and shoots away at the moving and animated targets, trying to shoot down those bandits, as they hold up this important payroll

Every hit counts. Every hit means a bandit biting the dust. The bandits fall right off their horses. What's more, the shooting goes right on ahead, with the speediest, most thrilling, and most tense action, ever yet incorporated into any moving target. incorporated into any moving target gun that was ever placed on the mar-

To thrill the coin machine operator is the outstanding feature of ticket vending.

The shooting over, the machine delivers a ticket as actual proof of the players skill. Operators have complete control over the ticket mechanism.

"But," as Frank Mencuri reports, "Exhibit wasn't going to be at all completely sure of the gun until they had placed it on location after location."

In fact, the "Dale Six Shooter" was

placed on so many locations that word spread like wildfire.

Operators came calling demanding guns as fast as they could get them. And, what's more, in the biggest quan-tity guns have ever yet been ordered.

The gun is mechanically perfect, according to the engineers of the firm, who have watched it on every location. It features the most thrilling action that has ever yet been incorporated into any coin machine, according to execs of the firm.

"We were the converters to serve the size."

"As far as operators are concerned, it is the fastest and finest moneymaker they have ever yet purchased. The only trouble," according to Frank Mencuri, "is that even tho we just announced the gun, after so many extensive and rigorous tests, we are so jammed with orders we don't know where to turn first.

"We urge the operators to get their orders in quick. That's the only way we shall be able to handle production. The orders will be filled in rotation as received thru our distributing organization."

Celebrate Return Of Bally "Shuffle-Champ"

CHICAGO — Among the happy people in this city are Ben Coven, Harold Saul, Carl Christiansen and Mac Brier of Coven Distributing Company, who were among the first to urge the Bally factory to bring back the "Bally Shuffle-Champ". Carl Christiansen reports, "Wherever I traveled thruout our entire territory, operator after operator kept asking me to get him 'Bally Shuffle-Champ'.

"I just got to the point that, in every report to the office, I suggested that Bally be contacted and told that our ops wanted the 'Bally Shuffle-Champ' back on the market."

The same, according to reports Ben Coven received, came from Mac Brier and Harold Saul. Their territory is even closer to Chicago and the boys had their hands full trying to answer ops as to "why can't we get the 'Bally Shuffle-Champs' now?"

In the meantime, of course, the Bally factory had also been getting the same request from other distributors, jobbers and operators everywhere in the country.

Coven remarked, "With the result", he stated, "that Bally decided, after a deluge of mail, phone calls and telegrams, to get back into production of the 'Bally Shuffle-Champ' because of this tremendous, popular demand."

Coven remarked, "We're ready to deliver to the operators who will get in touch with us as soon as possible. We'll try to arrange deliveries on a fair rotation method."

CHICAGO—Reports from leading juke box distribs are to the effect that the phonograph sales boom is growing

greater each day.

Many of these men, who have had years of experience in the juke box field, believe that present demand exceeds anything they have ever yet experienced.

The new Rock-Ola, coming on the The new Rock-Ola, coming on the market soon, has also gathered a great deal of interest from many distribs who have been calling the factory here for further delivery details.

Late used model phonos are at a premium, according to distribs.

In addition, of course, prices of the later model used machines are going up and, it is believed, will continue to go up. Older models, it is stated, will also become more important as time goes on.

These will be used for parts, they

Many of the ops won't release them at low prices. Ops feel they are valuable for the parts which they can get from them.

All are of the belief that should sales continue the way they are now going that within some months from now the industry will easily be able to claim that there are 600,000 locations featuring automatic music in all categories.

There is also reported to be an increase in double and single channel wired music where telephone lines have been obtainable.

PREMIUMS BOOM SHUFFLE

CHICAGO—Shuffle rebound and game operators are turning more and more to heavier and wider use of premiums of every kind and make, it is reported.

Premiums are boosting play of shufand rebounds on locations every

At the same time, they are bringing

At the same time, they are bringing about bigger and better profits for the operators, as well as for the location owner. This latter fact, as all coinmen know, is extremely important.

The methods being used by the games' ops is keeping premium awards within bounds. Players who are able to attain a certain high score are given a ticket, and a duplicate.

The player holds onto the duplicate and drops one part of the ticket into a box in the location. There is a weekly drawing for the prize. Rolls of these tickets are extremely reasonable.

these tickets are extremely reasonable.

This gives every player the opportunity to obtain the premium as long as he can reach, or surpass, a certain high score which is set for the location both the operator and the location

Of course, players who attain the score more than once, are given more tickets and, therefore, have a better chance to obtain the premium, for they have more duplicates of their tickets in the closed box when the drawing time rolls arounds.

At the same time the "sale" of the premium to the location owner actually can be considered as "front money" by the operator.

The price of the premium, usually a bit less than the retail tag attached, is removed "off the top" from the

regular week's collection.

The difference is, as per usual, divided between the storekeeper and the location owner.

The premiums offered range all the way from electric clocks to pots, pans, lamps, toasters, dishes, dolls, etc.

Everyone is happy over the use of the premiums. They boost the play to the point where, aside from "top money" the operator is getting, he also enjoys better profits.

The same is true of the location The increase in collection owner. The increase in collection brought about by the premium has made the location owner a better friend of the operator. He, too, is en-joying better profits from the ma-

There is no doubt that premium play is gradually sweeping the nation. Operators in widely scattered cities advise coinmen that they are finding the use of premiums the best stimulant, as well as the finest profit booster, on their shuffle and rebound games

Urges Action For Uniform Federal Arcade License

ST. LOUIS, MO.—Carl Trippe of Ideal Novelty Company, this city, believes that action should be taken by arcade owners througut the country to arrange for a uniform single Federal arcade license.

It's a known fact that agents for the government interpret the law several different ways, and that some territories are burdened when an agent arbitrarily insists upon having his own way. In Trippe's area arcade owners are assessed \$10 per machine, and Trippe points out that this is entirely unfair in the case of arcades, where a number of machines are located in one spot.

Trippe also recommends that some action be taken to lower the present Federal license fee of \$100 per year charged on counter games.

Pieri Asks Ops To Anticipate Requirements And Order Ahead

Keeney Factory Put On Full Time Night Shift

CHARLES PIERI

CHICAGO—Charles Pieri, general sales manager of J. H. Keeney & Company, Inc., this city, reported this past week that he is asking operators to "anticipate requirements," so that the firm can get them the equipment they order, "about as close to the time that they want it."

Pieri also reported that the firm has added a full time night shift and is working as fast as it possibly can to get shipments of their Keeney "League Bowler" to meet the orders they already have on hand.

Pieri said, "Tho we are somewhat behind in filling the orders we now have for our 'League Bowler,' we are working as fast as we can, and have also added a full time night shift to our present force, to get these machines out to the trade and fill the orders that we already have on hand. "There is no doubt," Pieri continued, "that 'League Bowler' has proven itself, wherever it has been placed, as the most sensational bowling alley game of all time.

"The fact that four players can play the game at one and the same

"The fact that four players can play the game at one and the same time has brought in more coin for operators than any other game in the history of shuffle or rebound bowling. "This is the type of game the operators needed to take care of all requests for one, two, three or four players and, there is now no longer any doubt, it is the top machine on the market. "The operators agree that this is the machine with all the features they have ever asked for from any type of game in this classification.

"We certainly are pleased the way

"We certainly are pleased the way the nation's coin machine men have accepted our 'Keeney League Bowler,' but, more than anything else, we are pleased to hear the marvelous earning reports from every territory in the country and, what's more, we assure operators we shall try our very best to get them deliveries just as fast as we can if they will anticipate their

Coven Again Sets New Wurlitzer Sales Mark

CHICAGO - "The amazing '1250' becomes more and more amazing each week," according to Ben Coven of Coven Distributing Company, this

"It seems," Ben says, "that there's no way to halt those last minute orders. We are now at the point where we are asking the music operators in our territory to place their orders with us as far in advance as they possibly can so that they'll be assured of delivery dates."

The firm has been working at top speed to fill orders their salesmen have been taking thruout Northern Illinois and Northwest Indiana as well as in Berrien County, Mich.

Harold Saul of the firm put it this way, "We don't know how this thing gets going, but, it's just like a small stone that starts an avalanche.

"Someone," he continued, "starts the 'Wurlitzer 1250' on some location in one area and the next thing we know we're simply deluged with demand for more of these 1250's from that territory."

The firm has been advising music operators that it is trying its best to keep "stock on hand" of as many of the "Wurlitzer 1250" phonos as it possibly can obtain from the factory.

"As the operators realize," Ben Coven stated, "this isn't the easiest job in the world. We are in constant touch with the Wurlitzer factory. We are trying our best to keep ahead of all orders by arranging for shipments of machines weeks ahead of time.

"We don't know," Ben said, "whether we'll be able to keep this up very much longer. But, we will try our best to satisfy the growing demand, which has again set a new sales mark for our firm, if the operators will get their orders to us as far in advance as they possibly can."

J. in town and placing a whopper of an order with Red Zogg for refrigerated sandwich vendors. In fact, Al informs that very first order he took was for over 50 of these machines, "With cash on the line". . . . Red Zogg has built and rebuilt many a machine in his time. Red comes up with a new one called, "Aladdin Special". "All you do" says Red, "is put in a silver dollar. Wish where you want to be and", he claims, "if you don't get your wish vou'll get 50c back." . . . Have you tried one of those cigarettes Tom Ca'llaghan is smoking these days? . . . Ben Coven was at his wit's end this past week. Terrific orders for "Turf King", Wurlitzer 1250 and "Bally Shuffle Champ" just zoomed right into his place, according to Ben. Had his hands full trying to get as many machines to the trade as he possible could. . . . It's a lot later than you think. . . . EASTERN FLASHES

Dave Lowy, Dave Lowy & Company and Dave Simon in Chicago attending the meet of the National Coin Machine Distributors Association (NCMDA). Hirsh's son, who's been hospitalized for the past months, making progress. past months, making progress.

The Louis-Charles fight was attended by a number of coinmen. Seems that Barney (Shugy) Sugerman of Runyon Sales Company, had the right hunch, which added a few cabbages to his bankroll. . . Al Simon, Albert Simon, Inc., another of the bunch who backed his opinion that Charles was the better man. Between answering phones for ChiCoin's games, and doping the fight, Al was a mighty busy man. . . Teddy Seidel, ex-pro battler, also predicted the winner. . . Next sporting event that will excite the "row" will be the World Series. Last year, the boys did mighty well backing the Yankees against the Dodgers. Guess they'll all stay with them once again. . "Senator" Al Bodkin, dressed in the height of fashion, buys coffee all around, and still pretty excited over his luck in winning the Seeburg 100 phono at last week's UJA raffle. . . Al Denver, president of Automatic Music Operators Association, busy putting the finishing touches on arrangements for the forthcoming annual banquet set for October 28 (Saturday night) at the Starlight Roof of the Waldorf. Assisting are Nash Gordon and Dorothy Volke of the association office.

Mike Munves entertained Frank Mencuri of Exhibit Supply Company the week prior, and now displays the manufacturer's latest gun "Dale Six Shooter", which he claims should outsell the great "Dale" gun. Mike already has requests from coinmen thruout his territory of New York State. We tried out our shooting skill, and surprisingly "killed off" a large number of "bad men".

. Joe Munves returned this week from a trip thru the South, where he saw distributors and arcade men on the firm's new two-player competitive "Air Hockey". . . Marcus Klein returned this week after a three month vacation trip thru Europe and Israel. . . Moe Bittner getting so fat, he'll soon be as wide as he's tall. . . . Harry and Hymie Koeppel, Koeppel Distributing Company, awaiting arrival of a large number of used phonos.

Among all coin operated items, guns now are in demand once again. Sky Fighters selling fast, and the new guns getting a big play. . . . Joe Young, Young Distributing, who finds out for the first time by reading The Cash Box that his manager Abe Lipsky was quite an athlete, sends him out to see the music ops on the Wurlitzer 1250. "If he's still retained any of his speed afoot, let's see him use it in covering the trade" smiles Joe. Joe Hirsch appointed business manager of the Associated Amusement Machine Operators of New York, local games association, according to an announcement by Louis Rosenberg, president, and Teddy Blatt, their attorney. Joe is well known, having been one of the pioneer operators of pin games many years ago. At one time he was president of their association. His last active participation as an operator was a few years ago, which unfortunately was terminated by legal order. Joe is now busily engaged in rounding up the few operators who haven't as yet become members of the association. . . . Ike Berman on the road seeing the trade on the "Ristaucrat '45'" phono, for which he is distributor. Ike covering New York State and the New England states.

DALLAS DOINGS

Stan and Pauline Lewis, Shreveport, dashing around Dallas finishing up their business, and looking forward to a night on the town. . . . Paul Glass, former branch manager of Macy's Record Dist Company, Dallas, has taken over the reins at Harold Daily's "South Coast Distributing Company", 4116 Live Oak. Marian Jones, well known to Dallas operators, will follow as Paul's secretary and Mac Branshaw, formerly with Mercury Records, will head the sales staff. . . . Henry Manning and Harry Hoosier took to the Western Plains on a good will tour. . . . We hear that Carl Weathers refuses to put "Korea, Korea, Korea" on his jukes. Could it be that Carl is in the Reserves? . . . E. R. Wurgler, of Rudolph Wurlitzer, visiting the Williams & Commercial Music Co. . . The surprise of the month came with the announcement Walbox Sales being appointed exclusive distributors in this territory of Rock-Ola Phonographs. Although Walbox has not handled music for several years, they are anticipating a large increase in business. . . . George Wrenn and Fred Barber are taking particular pains in redecorating their show room.

CALIFORNIA CLIPPINGS

Dannie Jackson of Automatic Games hopped up to Las Vegas for huddle with Sammie Donin regarding future of their distribution depot and arcade up there... Understand on the arcade that the boys may be taking our suggestion of putting in some 5-balls, bowling games and other amusement devices for the benefit of folks with tired arms and tireder pocketbooks. As to their distribution setup, the lads are either crazy or crazy-smart, but it seems they're out to buy up all the good used bells they can get their hands on, despite or because of presently pending legislation affecting interstate commerce in equipment of that nature... Georgie Warner of the same firm up to Murrietta Hot Springs for a few days. Strictly for his health, says the Warner man, and not on business or the monkey variety of same... Just about as slick looking as a brand new Thrifty Drug Store, and carrying about the same variety of merchandise, is Johnny Hawley. His premium dolls and stuff have been augmented by a very nice line of jewelry and they're all going great, Johnny reports. But he's still doing a big job with used 5-balls and expects big things out of the new Gottlieb's "Four Horsemen."

Jack Ryan tells us that Jack Simon is coming along nicely at home after his operation and will be coming in an hour or two daily within a week. Meanwhile Jack R. is keeping busy with the new Chicago Coin flyup pin conversion unit, exclusively handled by Sicking on the Coast, and also figures a nice future for the Gottlieb 5-ball . . . It was a busy week at Paul Laymon's with music ops from far and near coming in after Wurlitzers. The music service dept. will be fully moved in this week, with the latest repair and testing equipment in the hands of two factory-trained mechanics, Stan Turner tells us. Ed Wilkes and the gang are waiting on some more Bally "Shuffle Champs" once again and Bally's "Turf King" is still galloping right along. Ed also reported a warm reception by vending ops for their new "Smokeshop" cigarette machine out of Automatic Products in Minneapolis.

Operator Pete Shupp of Lynwood is reportedly coming along pretty well in a Bishop hospital after his bad automobile accident while returning from a hunting and fishing trip to Bishop. The car was a total wreck and Pete's leg was seriously injured . . . Phil Robinson, who's getting restless for another trip, tells us that Chicago Coin's "Ace" bowler looks like a live one . . Still in the East, visiting his business and social contacts, is Bill Happel, Jr., of Badger Sales. . . . Fred Gaunt of General Music was up to Corona for a few days, leaving Bud Parr and staff to carry on with the United bowling games while waiting for another big deal to break . . . In the absence of Paul Silverman and Phyllis Hammond at J. Peskin's we chatted with darkeyed beauty Dolores Moreno, who proved she doesn't really care by expressing nothing but admiration of our picture with four armfuls of King Sisters in a recent issue . . . Joe Peskin is due in from Chicago any day now. . . Bob Bard and Ed Kendall of Bard sales both out and their discreet young seey, wasn't talking . . . On the Row: Mrs. P. A. MINNEAPOLIS-ST. PAUL, MINN.

Joe Engel, of Pine City, in Minneapolis for the day looking for new equipment . . . Bob Lammers, of St. Cloud, ace mechanic for H. H. Krueger, of Fairfax, had a little accident last week, as he burnt his whole right arm while at one of his locations. While stopping in to check, he helped the chef move a kettle of hot grease; they spilled it, and he burnt his arm. Bob was given immediate medical attention and it will be several weeks before he will be able to use his arm again . . . Bill Lord, of Park Rapids, driving into Minneapolis for the day, visiting a few distributors in the Twin Cities. . . . Ernie Klicker, of Park Rapids, has been confined to his bed for the past ten days with a very bad back. Erne lifted a piece of equipment which was too heavy for him and that did the damage . . . Leo Bearth, St. Paul operator, is getting around very slowly since his automobile accident about two weeks ago. His right leg is swathed in bandages, as his leg was pinned under the hot exhaust pipe after the crash.

Phil Smith, Minneapolis operator, took his family to Fargo, N. D., for a two weeks vacation where Phil took over his brother's butcher shop, while his brother took off for a two weeks vacation to visit relatives in Arkansas. Phil was in the butcher business before he went to the operating business and had no trouble holding the fort down. Phil's operation was handled capably by his mechanic . . . Jerry Hardwig, of St. Cloud, took advantage of the beautiful fall weather to drive into Minneapolis to pick up his record supply for the week . . . At Wold Chamberlain Airport, Minneapolis, last Sunday, September 24th, Henry Greenstein, of the Hy-G Music Company, Harold Lieberman, of the Lieberman Music Company, and Herman Paster, of the Paster Distributing Company, took the stratocruiser to Chicago to attend the NCMDA meeting. Although Greenstein is an official member, Harold Lieberman and Herman Paster went along to attend the meeting and to join the organization.

Mr. and Mrs. Bruce Ruffing, of Wells, in Minneapolis for the day calling on a few distributors in Minneapolis . . . Ray Stockr, of the Hy-G Music Company, officially opened the hunting season in the state of Minnesota, as he left early Sunday morning for grouse shooting. . . . How To Use "The Confidential Price Lists"

FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotestian heard at the Stock Exchange can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists," rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price for the week; Second price listed is highest price. Where only one price appears this should be considered lowest price.
