Denver Re-Elected Pres. AMOA

Bernoff, vice-president; Trella, secy; and Wasserman, treas. Also Re-Elected: Some Board Members Chosen With Open Post Filled

NEW YORK—The Automatic Music Operators Association (AMOA), this city, held its 13th annual general meeting on Tuesday night, November 28, in the Tudor Room of the Henry Hudson Hotel, where one of the largest gatherings of local music operators took place.

This year the association deviated from its usual practice, and opened the meeting to several outside individuals connected with the music machine business. John Haddock, president of AMI, Inc., was the guest

This year the association deviated from its usual practice, and opened the meeting to several outside individuals connected with the music machine business. John Haddock, president of AMI, Inc., was the guest speaker, and other invited guests seated on the dais were Bill Fitzgerald, advertising and promotion manager for AMI; Barney Sugerman, Runyon Sales Company (AMI distributor); Joe Young, Young Distributing (Wurlitzer distributor); Meyer Parkoff, Atlantic-Seaboard New York Corporation (Seeburg distributor); Sam Bushnell, Standard Factors (finance firm); Bill Littleford, The Billboard; and Joe Orleck, The Cash Box.

After the membership listened to guest speaker Haddock; Albert Denver, president, who reported on the state of affairs of the association during the past year; Sidney H. Levine, counsel, who gave his report on legal matters affecting the music machine industry; and Harry Wasserman, who read the financial statement; election of officers for the coming year was held.

Officers who served the past year, as well as the same board of directors were re-elected to serve one year. An opening on the board, caused by the death of Bill Goetz, was filled by the election of Louis Hirsch.

Re-elected to office were: Albert S. Denver, president; Charles Bernoff, vice-president; Harry Wasesrman, treasurer; and Sal Trella, secretary. All these men received a unanimous vote. In addition to Louis Hirsch, voted back on the board of directors

were: Joseph Connors, Arthur Herman, Louis Herman, and Albert Bodkin. Officers serve on the board.

In their talks to the board.

In their talks to the body, both Denver and Levine stresesd the fine progress made during the past year, and complimented the members for their fine record of cooperation with many outside organizations thru the donations of juke boxes and records. Denver informed the operators of the wonderful reputation AMOA has built up thruout the industry. Levine told them that there is is now in progress a plan to endeavor to have the New York State Fair Practice Law changed to include services as well as commodities. (The State of California, thru the efforts of the music operators' associations, made this change in their law this year.)

John Haddock talked to the association members, giving them the manufacturers' point of view and detailed some of the problems that continually confront them. He agreed that the manufacturers need the operators, and that if they are strong and prosperous, all would benefit. He also stresed the fact that the operators need the manufacturers, who spend fortunes in developing new equipment to make it possible for the operator to continually keep progressing, and thereby increase his collections year after year.

(Complete report of Haddock's talk appears elsewhere in this issue).

The meeting wound up for the evening with the awarding of a door prize, an RCA-Victor 45 rpm player, to operator Sam Penner.

Photo below shows members at dinner. On the dais (l. to r): Harry Wasserman, Charles Bernoff, Bill Littleford, Joe Young, Meyer Parkoff, Sidney Levine, Al Denver, John Haddock, Barney Sugerman, Bill Fitzgerald, Sam Bushnell and Joe Orleck.

asked that the "Band Box" be rented to them on a weekly basis to be placed in their front windows. This is, without any doubt, the most realistically animated speaker of all time.

As Sam Lewis, Ed Levin and Avron Gensburg of the firm stated, "The 'Band Box' is actually a seven-piece band for every tavern, club, restaurant and other juke box location.

"The men play their instruments," these men enthusiastically continued, "and turn toward the audience, all seemingly in time with the playing of the recording itself."

Each one of these ChiCoin execs related successful tests conducted everywhere in the country with the "Band Box" in a multitude of different type of locations and, in each instance, they report, the play increased so much that it caused tremendous surprise to both operators and location-owners.

New York Dept. Of Health Studies **Food And Drink Vendors**

May Require Ops To Get Permits. Some Equipment Found Dirty. Issues Advice.

NEW YORK-The Department of Health, this city, has completed a study of food vending machines in subways, theatres, office buildings and schools to ascertain whether specific regulations should be drawn up to insure sanitary maintenance of the coin-operated vendors.

"The dispensing of food and drink by means of automatic vending machines," Edwin Ludewig, director of the department's bureau of food and drugs, said, "offers many sanitary advantages over the serving of food manually in eating establishments and stores, since human handling of the products in the former case is reduced considerably."

Mr. Ludewig said, however, that while the industry in general was cooperating with the department to keep the machines sanitary "some of the devices were found to be serviced in an unsatisfactory manner."

In a detailed report he made these recommendations for the guidance of machine operators:

1. Machines should be so located that they are protected from overhead leakage, dirt, vermin and other kinds of contamination. Sufficient space around the machine should be provided so that it can easily be cleaned.

Hot and cold running water should be available and maintenance men should be equipped with brushes, detergents and clean cloths.

2. Headquarters for servicing should be kept sanitary and the area used for repair of machines should be separated from that in which food is stored and equipment is cleaned and sterilized.

3. Appurtenances such as syrup tanks and lines, dispensing valves, pumps and cup stations should be inspected periodically for cleanliness.

4. Food ingredients should be transported from service stations in closed containers and care should be exercised to avoid contamination.

'We are giving serious thought to the advisability of a permit requirement for dealers who operate vending machines," Mr. Ludewig said, "the issuance of the permit to be predicated largely on the observance of the above

"In addition, we are studying proposals which will apply to construction and installation of vending machines. The industry is relatively young and the Health Department is offering its help to machine manufacturers in designing devices that incorporate all principles of sanitary construction."

Bush Distributes "Band Box"

MIAMI, FLA.—Ted Bush, Bush Distributing Company, this city, was most enthusiastic when he learned that Chicago Coin Machine was going into full production of its "Band Box."

"We have been testing the Band Box' on location thruout our territory for over two years." Bush told The Cash Box over the long distance phone, "and it has proven a great success in all different types of locations. In most instances it has increased the normal collections over three times, and more than that, has kept these collections at this high level without faltering a single week.

"Coinmen, who come from all over the world, and visit with us, have been inquiring all this time as to when the 'Band Box' would be available in quantity," continued Bush, "and we are mighty happy Chicago Coin is now going ahead with full production. In my opinion, after these long and time tested location tests, the 'Band Box' is the greatest coin stimulator ever devised for the juke box."

Bush is exclusive distributor for Georgia, Florida, Cuba, Central America and South America.

United's "Double Shuffle Alley Express" In Production

CHICAGO—Altho United Manufacturing Company, this city, is going ahead with hardly any promotion, "Double Shuffle Alley Express" is making quite a hit, with demand in-

creasing day by day, according to Bill DeSelm, sales manager.

The new game, pictured above, with DeSelm, on left, pointing out play features to factory salesman Johnny

Casola, is stated to be the only twin rebound on the market with true bowl-ing scoring. It also features disap-pearing pins, colorful lightup score-board, and beautifully constructed cabinet.

Johnny Casola, pictured above, also wants to stress the fact that mechanically "Double Shuffle Alley Express" is both simple to handle and perfectly constructed.

United, at this time, in addition to the above alley, is now shipping its new five-ball game "Red Shoes" to all its distributors. Other machines also being shipped to its distributors are "Skee Alley," "Four Player Shuffle," and all its conversions.

EASTERN FLASHES

The rain and wind storm which hit the Eastern part of the country in While a number of machines were unable to operate, due solely to the curtailment of electricity in some areas, we haven't heard of any machines that were in themselves damaged. Operators in the outlying sections of Long Island and New Jersey suffered the most.

The 13th annual general meeting of the Automatic Music Operators' Association, held on Tuesday night at the Henry Hudson, was quite an impressive affair. This is the first time outsiders were permitted to be present. It should have happened many years ago. Only by permitting officials of the inudstry, as well as the press, to view their progressive measures and note their strength can the industry be impressed. Officers and board members were so well pleased, they stated, that they intend to follow this practice in all future meetings. The meeting was well conceived, with a fine dinner served before going into the business meeting. John Haddock, president of AMI, the guest speaker, gave the attending music operators a peek into the problems of the manufacturer; and we're sure, when they left the hall, that they were a great deal more appreciative of what the other side of the picture means. Al Denver, as usual, reviewed in clear, lucid tones, the progress made by the organization during the past year, and Sidney Levine outlined some of the legal problems facing them at this time. Election of officers was held, and the same men, plus the addition of Lou Hirsch to the board, were voted in for another term. (See story this issue).

Manny Ehrenfeld, well-known Passaic, N. J. operator, was a victim of the storm. His heat and lights were cut off, and as he was nursing a cold, he and Mrs. Ehrenfeld had to take rooms in a hotel for several days. "Business is good," states Manny, "but I'm working like hell." . . . Another coinman affected by the week-end storm was Al Simon of Albert Simon, Inc. Al's electricity also was cut off. In order to protect his family for the future, Al installed a generator on the premises. . . . Harry Brodsky, music op, became a grandfather. Harry looks like a college student, and probably is just as old. One thing we can be sure of, he's definitely the youngest grandfather in the business. . . . Joe Young, Young Distributing (Wurlitzer distributor) smiling happily these days—probably due to way sales of the 1250 are going. . LeRoy Stein, well-known in the industry, now runs an advertising service at 208-210 Broad St., Elizabeth, N. J. In addition to preparing direct-mail campaigns, Stein does printing, multigraphing, offsetting and makes photostats. Our good friend, and music operator, Jack Ehrlich, opens the Heights Supper Club, a restaurant and cocktail lounge at Montague St., Brooklyn, N. Y. . . . Dave Rosen of Philadelphia, in town again this week, and spends some time with Haddock and Fitzgerald over at Runyon's. While here, Rosen drops into the Paramount to visit with Patti Page, Mercury's songbird. The Rosen firm distributes for Mercury in Philly. . . Bill Fitzgerald, following his New York stop, runs up to Boston, then to Newark, then to Philadelphia. Finished up by Saturday, so he flew back to Grand Rapids. . . No sooner did Bert Lane and Harry Pearl get their outside sign up, then along came the winds. The sign wound up twisted out of shape alongside the building. . . . Mike Munves, Dave Lowy and Dave Simon, attending the Park Show in the windy (?) city, missed the big wind. . . . After hearing "Senator" Al Bodkin sing (?) we're sure Perry Como has nothing to worry about. . .

DALLAS DOINGS

Mr. and Mrs. Garland Delemar of Waco, are now the proud parents of a small, 6 lb., brown eyed, curly haired baby girl. This great event happened on November 21st. The daughter of the Mayor of East Waco has been named Deborah Delene. Congratulations to two swell people. . . . Mr. and Mrs. George Wrenn and son, returned from an extended trip through Oklahoma and Kansas George Related that this was both pleasure and business. . . Mr. and Mrs. Andy Wrenn and Mr. and Mrs. Huseman of Chicago, have been the guests of Phil Weinberg for several days. Phil took his guests to the coast for fishing and hunting. . . Received the report from Walbox Sales that Bally's new, sensational "Hook Bowler" has been received with open arms. This game is apparently the greatest of them all Al Shannon, Coin Machine Sales, Houston, stopped off in Dallas, returning from Chicago and the N.A.M.A. show. Al visited the Rock-Ola plant and was all raves over the new phonograph. Also reports that Walbox should have their sample on the floor by December 1st. . . . Red McCullah and Weldon Denton returned from a very successful goose hunt in South Texas. . . . How to keep your customers happy: Keep them supplied with fish, so says T. W. Hughes. T. W. owns and operates the S & H Novelty in Shreveport, but never a week goes by but what he doesn't manage to get in some fishing. . . Freddie Davis, Springhill, Louisiana, is definitely going 45 rpm on all locations.

We have to get in a few words about our good friend Harry Levine of Oil City, Louisiana, Harry operates within 125-mile radius of Shreveport, his equipment being mostly phonographs and pin ball games. The company known as Levine Enterprises consists of several routes each operated by a route manager. His bookkeeping and office work is handled by Mrs. Levine. Harry Levine has an understanding of the business that only his many years of experience can give an operator. . . lorida Operator elebrates 25th ledding Anniversary

PERRY, FLA.—Mr. and Mrs. Lionel Joseph Louque recently celebrated their 25th wedding anniversary with a party at their home, in this city, that is still being talked about.

Lionel Louque, one of the most progressive operators in the state, has been active in the coin machine business for 20 years.

Elaborate decorative effects were staged to make the visit of over 200 guests a happy one. The most typical and most highly appreciated was the AMI Model "C" phonograph, which Louque hooked up to provide the music for the occasion.

Mr. and Mrs. Louque are natives of Perry, and have maintained an active interest in its welfare and progress, as well as that of Taylor County, and the State as a whole.

Pictured herewith is the happy couple surrounding the "C" that not only provided the music, but typical of the equipment that provided the where-with-all over the years to stage this fine affair.

Williams' New 5-Ball "Nifty"

SAM STERN

CHICAGO—Sam Stern, executive vice-president of Williams Manufacturing Company, this city, announced it is now in production on its new five-ball game "Niftv."

Executives of the firm look forward

to this game being one of the finest it has ever produced. "It will act as a 'location defroster,'" they stated.

In addition to the usual features of the "Thumper Bumper," "Flippers," and a "High Score" action, "Nifty" gives the player several additional thrill incentives—a special score awards him 5 replays; and a superspecial score, which stays on until it is made and the player can increase the award up to 10 replays.

Shipments to all Williams' distributors is underway, and the game is now on their showroom floors for the operators to view it.

Pictured herewith is the front entrance of the Williams' building. The

well known firm name design trade mark is distinctly displayed over the main entrance.

MINNEAPOLIS-ST. PAUL, MINN.

This area was very fortunate in not getting any part of the severe snow storm which by-passed us and went on to the East. Of course, Frank Mencuri, of the Exhibit Supply Company, might state his views differently. Frank made a quick trip with Hy Sandler, salesman for Lieberman-Hy-G Music Company, into Northern Minnesota and in order to get back to Chicago in time for Thanksgiving, Frank had to take a plane from Hibbing to Minneapolis and then sweat out a plane from Minneapolis to Chicago. The last we heard, he made it just in time to cut the turkey . . . Pete VanDerhyde, of Dodge City, was in town and purchased several bowling games and he stated that they were the games that are making him a lot of money . . . Harry Nold, of Cambridge, seconded the motion by adding a couple of more bowlers to his route . . Leon Kell, of Alma, Wis., was in town doing a little shopping . . . Roy Foster, the genial gentleman from Sioux Falls, S. D., was in town visiting the various distributors and also purchasing various items for his South Dakota operations.

Harold Drew, service man for Lieberman-Hy-G Music Company, finally tied the knot and was married Saturday morning, November 25th . . . Esther Gershone Lane, wife of Robert Lane, passed away last week and was buried on November 19th. We tender our sincere condolences to Bobby, who is the parts manager for Silent Sales Company . . . Urban Kost, of St. Cloud, stopped in and looked over the bowler situation and he stated that he had two purposes in mind, to look over the bowlers and to hang around for the wrestling matches in the Minneapolis auditorium that night. Sol Rose has left the employ of the Lieberman-Hy-G Music Company to go into business on his own. Sol is now in the liquor business and we wish him all the luck in the world.

Elgin E. McDaniel, of Wadena, made a quick trip into town to purchase phonograph equipment and bowlers for several new locations which just came up. Evidently, Mac doesn't let any grass grow under his feet, even though all the grass is covered with snow . . . Harold Havenor and wife, of Eleva, Wis., were in saying "Hello" to everybody and looking over the premium situation.

HICAGO CHATTI

The darkening Korean picture was instantly reflected in the attitude of the members of this industry here. Every leader in town planned more war work. All were willing to give up everything to help. Once again the entire industry came to the fore, to help Uncle Sam win. And win as quickly as passible. . . . This means still deeper cuts in new equipment production. It also means that every operator, jobber and distributor should now prepare aimself with as much new equipment as he possibly can. To ride out what might prove a barren new equipment production Production for years to come, the production have a small night prove a barren new equipment production. The rest of the factory working hard to get the new Rock-Ola "Rocket '51-50" on the market. . . . O. D. Jennings cut down deeper on regular production. Have a small night shift also going now on their war work.

Retallers expect this to be the biggest spending Xmas in history (some say it may pass the \$20 billions mark) and while this spending spree under way ops report biz undergoing a lull, which is only seasonal. . . Lots of Chi's leaders in Minneapolis at Hy Greenstein's, Jonas Bessler's and Harold Leberman's grand opening of their new offices. . . . Earl Moloney, who can, and loves to play the piano, was gifted with some autographed pro copies by writers of latest tunes. . . Bill DeSelm, with Johnny Casola in tow, explaining new products now on United's production lines. . . . Over at ChiCoin much action as their new "Band Box", full orchestral speaker, is readied for the music market. . . . Sam Stern so busy this past week he didn't even realize that the weather had dropped to zero. He kept the wires that hot trying to dig up materials. "And," he told us, "unless we can get a few parts from somewhere we may have to forego building some new products." . . Vince Shay reached the half-century mark on his last birthday just a few weeks ago.

Ben and Trudy Coven much thrilled with their trip East. Ben promises a real surprise very, very soon. . . Bill Fitz

and under class, to the draft. Remember women mechanics and collectors in the last war? Helen Cusson, of Portland, Ore., trained an entire fem crew for the late Jack Moore.

Willie Blatt writes up from Miami Beach, "Sun's shining. Swimming's fine."

Willie Cohen of Minneapolis reported to have sold out most of his coinbiz.

Bumped smack into Bill Billheimer of Como. Bill is on his way to the park show where "Hollycrane" displayed. Showing some fine complimentary letters received on firm's "Hollycrane" and conversions. . . . Vic Weiss and Billy Knapp of Allied, reported taking things easy these days. . . . Mike Hammergen, whose SuperVend sales force selling like mad, was approached by another bev dispenser mfr. about "a deal." But Mike scurried down to Dallas to just keep SuperVend production zooming. . . . Col. Lew Lewis, just returned from an extended buying trip, reports, "Prices are going up everywhere for good used machines." . . . Vic Comforte and Lou Koren (Lou is down in Miami Beach) poppin' plenty with "Popperette," automatic corn-popper.

Will ops soon pay higher license fees? The nation's 37 cities of 250,000 population and over were all in the red in '49. And are deeper in the red in '50. Perhaps higher license fees, bigger income taxes, greater overhead expense plus inflated dollar, will force ops to seek a more equitable commish basis or front money service guarantee. And last, but not least, 10c play for anusement games. . . . Bally "Turf King" breaks firm's all-time record for consecutive weeks in production. And still going strong. . . Regardless of rumors, as yet no official announcement from Permo regarding 45 rpm phono. . . Many distribs, and a few mfrs., too, reported to have large inventories on hand. But, none worried . . . "The Cash Box's" annual "Holiday Special," the once-a-year holiday greetings issue important (more important than ever) to all in the trade. Rush your ad in today. . . Sen. Malone's eleven-hour flibuster of the Johnson Bill cost \$5,236 to print in the Congressional Reco

Happy birthday to my associate Joe Orleck this past Friday, Dec. 1. . . . Gil Kitt reported in Florida. . . Bill O'Donnell of Bally, gets our vote for outstanding effort to help firm's distribs. . . . Feature writer for Harper's Bazaar magazine in town, seeking for history of juke box business. Wants to give it outstanding spot in one of this fashion mag's forthcoming issues.

MACHINE QUOTATIONS

How To Use "The Confidential Price Lists"

FOREWORD: Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter "The Confidential Price Lists" can only feature the market prices as they are quoted. "The Confidential Price can only feature the market prices as they are quoted. "The Confidential Price Lists" acts exactly the same as the market quotation board at the Stock Exchange—posting the prices as they are quoted for the past week, regardless of how much they may seem to be out of line. Some prices do not change for months. "The Confidential Price Lists," rather than show no price, retain the last known quotations for such equipment so that the subscriber at least has the last known prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. "The Confidential Price Lists" reports each quotation exactly as it is made and depends on the subscriber to make average price adjustments to fit the peculiarities of his territory.

METHOD: "The Confidential Price Lists" should be read as follows: First price listed is lowest price for the week; Second price listed is highest price. Where only one price appears this should be considered lowest price.
