Re: Land deal

Worcester 5 Dec 23 1824

Dear Sir
Your favour was duly received respecting the
the land - Although the price seems large
yet I have concluded to sell in with your
terms and by it of you in the morning I mentioned
in the time you received. As this is not my
truly or the fair price you no doubt would not
have any objection against my making the
bail on your land next morning and land
of about young letters to Mr. May and he was
delighted I have spoken to Mr. May respecting
selling of timber for rails for and he promised
you, and others are that night - I have begun
to make them - you will be able to receive
about as I have and then we can adjust the whole
to Mr. May's -
Yours respectfully
J. J. Salisbury
