BRYAN INAUGURATION SET FOR OCTOBER 20

President Roosevelt, Governor Peery, to Receive Honorary Degrees at Ceremonies; Rededication of Duke of Gloucester Street.

PLAN SUBJECT TO CHANGE

Nation-Wide Broadcast of Ceremonies Planned; Tour of Williamsburg for Guests.

The tentative program for the inauguration of John Stuart Bryan as President of the College of William and Mary was released to the Flat Hat yesterday by Mr. Charles Duke, includes an address by President Franklin D. Roosevelt of the United States, and the awarding of honorary degrees both to President Roosevelt and to Virginia's Governor-Peery, as well as the inauguration of Mr. Bryan. The date has been set for October 25th, at which time it is expected that the Duke of Gloucester Street will be finished, and that the street can be rededicated during the ceremonies.

Last spring President Roosevelt was unable to attend a program given here during the Music festival due to pressure of business in the Capitol, but he expressed his hopes that he might make the trip in the fall. Negotiations have been going on during the summer, and a date has finally been agreed upon. It is expected that President Roosevelt will arrive in Williamsburg at eleven a. m. on the 20th, after which time the rededication of the ancient Duke of Gloucester Street will start with a parade. The President is scheduled to arrive at the Wren Building about eleven-thirty. Immediately following this will begin the inaugural ceremonies for President Bryan, which will be held from the west portico of the building. Following the inauguration Mr. Bryan will make his address.

Shortly after twelve an honorary degree will be conferred upon Vir-

OPEN AIR THEATRE WILL BE DEDICATED

Dr. Hoke to Give Address; President Bryan Will Make Speech of Acceptance.

The tentative date for the dedication of the new open air theatre in Matoaka Park has been set for Tuesday afternoon, October 2nd, at 4:00 p. m. At this time an introductory address will be given by Dean Hoke. The theatre which will be called Players' Dell, will be presented by Mr. G. B. Arthur, who was the government official in charge of the project constructed by the C. C. C. workers. President Bryan will make the speech of acceptance.

As a part of the program, a play will be staged combining the departments of dramatics, music and physical education. The play is "The Ghost of Windsor Park," a fantasy by Harold Brighouse. The play has been selected with much care and is particularly appropriate since its setting is in 17th century Jamestown. The first portion of the play is staged in modern time.

The cast consists of over thirty people, including the dancing girls and the chorus. The cast is as follows:

GIBBONS SOCIETY GREETES FRESHMEN

The Gibbons Club, local Catholic society, held its first meeting of the year Tuesday night, September 25, at seven fifteen, in Rogers Hall. The purpose of this meeting was to welcome the incoming freshmen. President Fred Casagrande explained the purpose of the club and welcomed questions from the newcomers.

Capable Leadership
The club, under the capable leadership of Casagrande, who is also well known in athletic circles, looks forward to a very successful year. Freshmen are welcome at any time.

ORIENTATION PLAN BACKED BY W.S.G.A. AND THE Y. W. C. A.

President of Women's Student Government and Y. W. Vice-President are in Charge of Plans.

TO HOLD FOUR MEETINGS

Freshman women and transfer students are fast becoming adapted to college life at William and Mary under the Orientation Program sponsored by the Women's Student Cooperative Government Association and the Young Women's Christian Association. W. S. C. G. President Kitty Chiswell and Y. W. C. A. Vice-President Mary Jean Roth are jointly promoting the Orientation schedule through a number of Sponsors and Assistants.

"Big" and "Little Sisters"
The two groups divide responsibilities. The Y. W. C. A. is taking charge of the "Big Sister" plan, whereby each new girl becomes the special interest of an older student. During the summer the Vice-President sent the names of a group of about 15 new girls to each of 15 Sponsors selected last spring. "Big Sisters," chosen and notified by the Sponsors, wrote welcoming letters to their "little sisters;" then assumed particular concern for them this fall.

FRESHMEN DUC RULES ADOPTED BY TRIBUNAL

Tribunal Meeting To Be Held Wednesday Night; Penalties Will Be Discussed.

The Senior-Junior-Sophomore Tribunal met last Wednesday night, September 19, 1934 at the Kappa Sigma House to discuss rules for the regulation of Freshmen men. It is required of every Freshman to obey all of these rules. The Tribunal will meet again on this Wednesday, September 26 for the election of officers and discussion of penalties for violation of the Duc rules. The following are the rules:

1934-35

1. Freshmen men are required to wear the regulation Duc cap and green tie at all times while outside of academic buildings. The date of removal will be announced at a later date.
2. Freshmen are required to walk only on brick walks and gravel paths and no cutting of campus will be tolerated.
3. Freshman men must carry

All deferred examinations must be taken by September 28. Make application for them in Dean Hoke's office.

STUDENT ACTIVITY TICKETS

Several years ago the students of the College requested the College to allow them to take all charge of student activities which included student publications and debate. This action gave the students permission to set up the present Board of Control for the collection and distribution of student fees. Before this all these fees had been collected by the College.

At the present time the Board of Control has been built into a smooth working organization, and has handled funds in such a way as to keep all campus activities on a paying basis, various campus organizations having accumulated surpluses which have been used to carry on the other organizations who have not been as fortunate.

Compulsion is not used in the sale of Student Activity tickets, students are merely asked to support their own activities. In the case of Freshmen it is almost necessary that the fee be paid, for no sorority or fraternity may pledge a freshman until he, or she, has paid their activity fees. Those who are trying out for debating must pay the fee in order to be eligible for debate teams.

The Flat Hat has with this issue inaugurated a new picture section which is expected to add materially to the paper. In recent years the Hat has become more and more a student newspaper, and various improvements have been added from time to time. No student can keep up with campus affairs unless he, or she, reads the Hat each week. The payment of the Activity Fee gives the student his copy of the Hat each week.

The Colonial Echo is a year-book to be proud of, and no one may secure a copy of it until he has paid both semesters activity fees. The book is a memento of Campus life, and will be a source of pride in years to come to students who look back upon their College careers. The Literary Magazine is also included in the Activity Fee, and this magazine, judged among the best in the south, contains the best in Campus stories, poems, and essays.

The sale of tickets to date has not been encouraging, and the Board of Control hopes that more will be paid in the near future so the campus activities will be able to expand, as well as keep up the good work they have been doing the past years. The Board of Control Office is open each day from two until five for the payment of fees. Support your activities!

BOARD ELECTS CHARLES DUKE TO NEW OFFICE

Member of Board of Visitors is Elected to Fill Ancient Office of Bursar; Will Handle Financial Management.

A notable addition to the faculty and administrative offices of the College this year has been that of Charles J. Duke, Jr. to the office of Bursar. Mr. Duke, a member of the Board of Visitors of the College for several years, was originally appointed to the Board by Gov. Byrd, and his appointment reconfirmed by Governors Pollard and Perry. The new office of College Bursar, which has just been inaugurated by the Board of Visitors is a revival of one of the old-time administrative offices of the College.

Mr. Duke obtained his B. S. degree from the College of William and Mary in 1923. He then entered the field of real estate and insurance in Portsmouth, where he became a member of the firm of Welton, Duke and Hawks.

Mr. Duke's work at the college will be that of general business manager and assistant to the president. He will handle also any problems arising among students or campus organizations. It is his aim to create between students and administration a spirit of friendliness and cooperation.

'34 ENROLLMENT REACHES 1132

Figures from the administration department disclose that 1132 students are enrolled in the College of William and Mary for the first semester. This number is slightly less than that of this time last year which totaled 1200.

Virginia Has Largest Number
Virginia again claims the honor of having the largest enrollment of all the states. The records show that there are approximately 700 Virginians. New Jersey has the second greatest number, 117, with New York following closely with 111.

Freshmen Exceed 400 Students
The Freshman class totals over 400. The scholarship requirements of the entering students are even higher than those of previous years. Dr. Howard and Dr. Landrum have expressed their satisfaction with the entrance records of the freshman class.

W&M WELCOMES NEW ADDITIONS TO THE FACULTY

College Announces Several Important Additions to the Faculty in Various Departments This Year.

There have been several important additions to the faculty in various departments this year. Dr. Charles T. Harrison, formerly an instructor at Hobart College and assistant professor at Boston University, has joined the English department. He received his B. A. at the University of Alabama, and his M. A. and Ph. D. at Harvard.

Dr. Harold Lees Fowler of the History department, who will specialize in English Constitutional History, received his M. A. at Dartmouth College and his Ph. D. at Harvard.

Miss Ethel Skinner, B. S., from Skidmore and M. A. from Columbia, is instructing in the department of Fine Arts. Miss Eleanor Craighill is also returning to this department.

Dr. W. A. R. Goodwin, rector of Burton Parish Church, will again instruct in Bible History. Another addition to this department is Miss Lena Noll, instructor in Biblical Literature, a B. A. from Central College, Missouri, and an M. A. from Scarrett College, who has taught several years at Teachers' College of Oklahoma.

Miss Frances Stubbs has joined the Library Science faculty. She received her B. A. degree from Georgia State College for Women, and B. S. from Columbia University School of Library Science. Miss Stubbs taught library science at North Carolina College for Women and this past summer.

DEBATE COUNCIL PLANS RECEPTION

On Wednesday afternoon, Sept. 19, the Women's Debate Council held its first meeting of the year in Washington 300 at 5:00 p. m. After discussing the matter of how the debaters for the coming year should be chosen, the council made plans for an informal reception for all women students interested in debating. The reception will be held Monday night at 8:30 in the Y Room of Barrett. The coach, Merrill Brown, gave a brief talk, after which the meeting was adjourned.

STUDENT BODY HEAR BRYAN AT ASSEMBLY IN PHI BETA KAPPA

Tells of Old Traditions at William and Mary and Aim of College Career; Musical Selections Were Given.

HALL FILLED TO CAPACITY

John Stewart Bryan, president of the College of William and Mary, made his initial address to the student body and faculty in the Phi Beta Kappa Auditorium last Tuesday night. Upon his arrival the entire student body stood up and cheered until Mr. Bryan motioned to them to sit down. A larger crowd was present than has been at any convocation since Miss Amelia Earhart spoke here last year.

Tells of Tradition
In his speech Mr. Bryan emphasized the advantage of living amid the traditions of William and Mary, citing some of the famous graduates of the College, such as John Marshall, Richard Bland, and James Monroe. He also spoke of George Washington and Patrick Henry, both of whom were associated with the College.

Aim of College Career
Mr. Bryan defined the main object of a college career to be the ability to lift yourself above yourself, to control life. The greatest accomplishment of man is not money, fame, or

STATES LONE PURPOSE

Treasures Distinction of Being Made an Honorary Alumnus of College.

I gladly avail myself of the opportunity offered by the Flat Hat to say a word of introduction and expectation to the students of William and Mary.

For the Freshman class, as for myself, this is a new experience. For the entering students it is their first year in college; for me it is my first and only experience as president of an institution of learning.

For my first association with this College I got the feeling of kinship that is essentially that of an alumnus, and when I was made an honorary alumnus of this College I treasured it above any other distinction I had ever received.

So I would say to the students, both those who have just entered and those who are well along their way, that I wish them please to regard me as a fellow student and a fellow son of William and Mary.

I have but one purpose for this College, and that purpose I am sure is the same that is in the mind of every other well-wisher and servant, namely, to extract the uttermost of growth, learning, and power from the time the students step within these walls. To do this we must have teachers of superior attainment, and these I believe we possess; we must have a student body of more than ordinary ability, and one that is willing to pay the price of intense application for the attainment of the inestimable prize of full accomplishment.

No man can foresee or measure

LIT MAGAZINE COMES OUT NOVEMBER FIRST

Policy to Stimulate Literary Interest; Manuscripts Must be in Before October 15.

For the appearance in November of the first issue of the William and Mary Literary Magazine, the editor and his associates announce a policy designed to stimulate literary ability and greater literary interest on the campus.

Prizes Will be Offered
The organization and program of the magazine will differ from the procedure followed in past years, and if funds will permit, prizes will be offered for the best short stories, poems, and formal or informal essays.

Instructions
Manuscripts from those interested in the publication must be in possession of the editor before October the

COTILLION CLUB PLANS DANCES

John A. McManus was elected president of the Cotillion Club at their last meeting in May. Other officers elected at this time were Harrell Pierce, vice president, and Eddie Boisseau, secretary-treasurer.

Plans Not Complete
Plans for the formal dances to be held this year have not yet been completed. It is thought that the first will be held about the same time as the annual Homecoming Day in November.

The club hopes to clear up the remaining part of the debt incurred a few years ago. The officers of the club last year cut the outstanding debt to the Board of Control in half by the receipts of the two dances held.

Membership to the club permits a great saving in admission fees to the formal dance sets given throughout the year.

PHILOMATHEAN SOCIETY OPENS YEARLY PROGRAM

Holds Regular Meetings in Philomathean Hall in Wren Building Every Friday Evening; Extensive Programs Will be Given.

The Philomathean Literary Society has plunged into what is expected to be a most interesting year. The society, this year, is under the able guidance of Earl Robertson, president; W. L. Davidson, vice president; Richard Clements, secretary; G. Legakos, treasurer; G. Woodward, sergeant-at-arms; Chas. Hatch, program secretary and C. Shelton, chaplain. Under this able body of students the interest of all members will undoubtedly be held to a great degree throughout the entire year.

Meets in Wren Building
This society holds its regular meetings in Philomathean Hall in the Wren Building every Friday evening at seven-thirty. A portion of the meeting each week is devoted to business. This is followed by a guest speaker and designated speakers of the society, who give their conceptions of the "Topics of the Day" in National and Local affairs.

Jackson Guest Speaker
At the reception meeting on Monday for the benefit of Freshmen, Dr. J. H. Jackson, who is known as one of the most interesting speakers in this part of the country, spoke on Iceland. In his talk, Dr. Jackson discussed climatic and general social conditions in this isolated Danish Province.

First Regular Meeting
At the first regular meeting on Friday, Mr. H. C. Council gave a comparison between the Colonists and the modern College Freshman. This was followed by an explanation of the political situation in Germany by Bruce Kent, after which, Lowery Sanders gave a "rapid-fire" sports review.

Joint Meetings Planned
The special activities of the Society have not as yet been arranged, but a joint meeting with the Phoenix and J. Leslie Hall Societies has been planned. The Freshman Court which is held at the end of each semester has also been arranged.

All those interested in trying out for the fencing team or in learning fencing, report to the small gym at Blow, Monday at the small gym at Blow, Monday at 4 o'clock.

All Freshmen women are eligible in trying out for Assistant Manager in Hockey please sign up in Jefferson Gym as soon as possible. All Freshmen women are eligible to try out.

LITERARY GROUP HEARS SPEAKER AT RECEPTION

Delivers Interesting Address to Old and New Members of Society; Reception Preceded by Business Meeting in Washington Hall.

The Phoenix Literary Society held an informal reception Wednesday evening in room 200 of Washington Hall for old and new men at the college. The reception, which was preceded by a business meeting of the old members on the preceding Friday was very interesting and instructive. Mr. Robert C. McClelland, instructor in the Department of Ancient Languages, gave an interesting address. Mr. McClelland gave those present an idea of his philosophy of life along with some excerpts from some Greek and Roman drama. The subtle humor displayed by Mr. McClelland brought smiles to the faces of all those present and made the evening enjoyable for all. Ernest Goodrich, a member of the society, made an informal talk.

Founded in 1732
The Phoenix Literary Society was organized at William and Mary about the year 1732 and has been an outstanding organization on the campus since that time. The society has as its main objective the training of young men in the fields of reading with ease and appreciation, orating, declaiming, and debating. The society does not do this collectively but gives every man a chance to develop his literary ability in the field in which he is most interested. This is done by giving each member and opportunity to take part in the program. Every fall a contest is held with the members of the Philomathean Literary Society, the other outstanding literary society, for men of Freshmen class. This contest includes reading, debating, orating, and declaiming. Another similar contest is held in the spring in which any members of each society may participate. Max Doman is president of the society. Meetings are held each Friday evening in the Phoenix Hall in the Wren Hall.

ORIENTATION PLAN BACKED BY W. S. G. A. AND THE Y. W. C. A.

(Continued from page 1.)
Orientation program, carries out its work through meetings held by Junior and Senior Sponsors and Sophomore Assistants. Sponsors for

1934-1935 are: Winfred Brough, Ruth Cobbett, Juliette Croxton, Sally Dobbs, Anne Edwards, Jane Gilmer, Mildred Heineman, Mary Louise Hollowell, Mershon Kessler, Helen Reinhorn, Ann Renforth, Jane Steele, Beatrice Torrence, Doris Van Dien, Margaret Van Oot. Their Assistants, training for Sponsorship next year, are: Kitty Watkins, Jane Lewis, Evalyn Stribling, Bertie Courtney, Peggy Rocap, Betty Carrington, Carol Gouldman, Marjorie Harrison, Gretchen Kimmel, Patricia Parsons, Deborah Ralph, Leona Yoder, Jerry Murphy, Linda Waddell, Billy Belgard.

College Life Studied
Sponsors held brief first meetings of their groups Monday evening, September 17, for the purpose of making members acquainted with each other, answering questions and explaining the campus map. Three further meetings, on successive Monday nights, will take up college traditions, social rules, school spirit, the honor system, and other phases of life at William and Mary.

The fourth and final meeting will be devoted to an examination on the material covered. Meanwhile the Assistants will assume complete charge of the party for the new girls to be held later in the evening in Jefferson Gymnasium.

Williamsburg Tour Planned
A feature of the Orientation Program will be a tour of Williamsburg, including visits to the Raleigh Tavern, the Palace and the Courthouse. The date will be announced later.

Dean Landrum Speaks
The program is receiving valuable aid from the faculty. Dr. Landrum spoke to the Sponsors and Assistants at a meeting September 22. Dr. Landrum emphasized the responsible position of the group members as leaders of the new women students; dwelt upon the individualities of William and Mary's campus, which freshman should be taught to appreciate. Pauline Stanley, chairman of the Judicial Council, concluded the meeting with a brief talk on the social rules.

Dartmouth And Army Listed on Football Schedule For 1935

INDIANS TO OPEN FOOTBALL SEASON WITH NAVY GAME

KELLISON AND DOWLER COACH VARSITY TEAM

Contest This Saturday Marks First Game of Year For Both Navy and William and Mary.

TICKETS NOW ON SALE

Team Has Been In Practice Since September 3; Predictions Favorable to Indians.

William and Mary will open its 1934 football season this Saturday when the team travels to Annapolis to play Navy for its first game.

Navy has suffered much by graduation this year. Fourteen first string men have been lost to the squad and such stars as Chung-Hoon, Baumberger and others who helped make things hard for the Indians last year will not be in the line-up.

Since September 3, the Indians have been practicing daily on Cary Field. This year the coaching is being done under the cooperative system. The linemen are in charge of John Kellison and the backs are being instructed by Tommy Dowler.

The Indians have lost a number of letter men this year, but the regulars who have returned along with some good material from last year's freshman squad have combined to form a good team.

In the backfield outstanding men who have returned are Junie Smith, Stumpy Bryant, Swede Yerkes and Hutzy Blaker. Charlie Shade, who did a great deal of the quarter-backing last year, has not fully recovered from a shoulder injury and will probably not see much action this season.

Back in the line are Captain Joe Bridgers and Bob Wallace, who will alternate at center, Spack, Stewart, LeGrande, Murray and Franklin. Outstanding freshmen who have come up are Beech, Marino, Brickell, Hadtke, Walton, Sherrill Zable, and DeGutis.

Although it is practically impossible to make predictions about a football team, the Indians should have a good season if they click, for there is plenty of good material on the squad.

Coaches Kellison and Dowler have not selected or at least have not announced a first team, but is probable that the starting line-up for the opening game will be as follows: center Bridgers; guards, Spack and Hadtke; tackles, Stewart and LeGrande; ends, Zable and DeGutis; quarterback, Blaker; halfbacks, Bryant and Travers; fullback, Yerkes.

Tickets for the game this Saturday can now be secured at the Athletic Office in Blow Gymnasium. In order to obtain the reduced prices for students, athletic tickets must be brought.

CAPTAIN, 1934

JOE BRIDGERS

W. & M. FACES TOUGH FOES NEXT SEASON

Dartmouth, Army, Navy, Richmond, V. P. I., and V. M. I., on Definite Schedule for 1935.

Six games have already been scheduled for the 1935 edition of the Tri-Color grid machine, according to Wm. S. (Billy) Gooch, Indian athletic director. These include contests with Army, Navy, Dartmouth, Richmond, V. P. I. and V. M. I.

Three other games will probably be scheduled in order to give the Braves a nine game schedule. There is a possibility that Harvard's powerful Crimson may journey down to Williamsburg to dedicate the new stadium which will be constructed in a natural bowl in the woods just back of the campus.

The games, with Navy, on September 28, Army on October 5, Va. Tech. on October 12, Dartmouth on November 9, and Richmond on November 28 will be played at Annapolis, West Point, Richmond, Hanover, N. H., and Richmond again, respectively. The place of the V. M. I. contest has not yet been decided upon.

With many of the mainstays of the present squad juniors and Sophomores and with a good looking bunch of freshmen coming up for varsity next season, the prospects are bright for a team that may match in fight and courage the Indian elevens which tied the Crimson in '30 and upset the Middies in '32.

Other possible opponents for the season are Emory and Henry, Washington and Lee, and Roanoke. Many of the alumni are in favor of opening the new stadium with a game with Virginia, and if it is impossible to sign up with Harvard, this may be done.

The athletic office expects to have the schedule definitely arranged within a short time.

Mr. Gooch is still negotiating with several colleges as to the dates and locations of the games.

INTRAMURAL SPORTS PLANNED FOR 1935

Department of Physical Education to Sponsor Comprehensive Program of Athletics.

The department of Physical Education has begun to plan for a very wide and complete intra-mural activities program. The program will be under the direction of the department, personally supervised by Tucker Jones, Professor of Physical Education.

For the past ten years there has been only a fair percentage of students engaged in Intra-mural sports, such as touch football, baseball, basketball, swimming, boxing, and volley ball. It is the aim of Mr. Jones to establish a program broad enough to attract every student on the campus.

Interest charts have been issued to each member of the men and women gym classes. These charts will to a large extent determine seasonal arrangements of activities. One of the principal goals of the entire program is to give the participants exactly what they like.

It is the object of the Intra-mural program to carry on sports suitable to the climate and season and also include certain social activities as checkers, chess, bridge, ping pong, etc.

The divisions of competition are: 1. Classes 2. Dormitories 3. Departments and schools. 4. Fraternities 5. Gym sections 6. Social and literary organizations 7. Independents

The eighth division will probably be devoted to church organizations, although it has not been definitely decided. The plan if carried out as arranged will be without doubt the broadest, the most complete, and the most progressive program of intramural activities in the country today.

RALLY SCHEDULED THURSDAY NIGHT

A rally will be held Thursday night at 7:15 p. m. in Phi Beta Kappa Hall in order to honor the Indian football team, which leaves Friday for the Navy Game.

Several members of the team will speak at the rally and Dave Rutledge, cheer leader, will lead the students in college songs. All Freshmen are required to attend this rally and to know the words of all the songs and cheers.

Rallies the night before football games have been a custom at William and Mary for many years. The entire student body is expected to attend them as a demonstration of school spirit. While the freshmen are required to attend these gatherings it is hoped that they will come voluntarily and lend their whole-hearted support to the team.

BECK CAPTAIN 1934 FIELD HOCKEY TEAM

Transfer From Savage Proves Welcome Material For This Year's Varsity Hockey Team.

The Varsity Hockey Team is reported to be exceptionally strong this year, according to Ruth Personius, manager. Many of last season's stars are back. Lined up for the first team are: Dot Beck, Captain, playing center forward position, Ann Cummings, Ann Edwards, Dot Channings, Aubrey Holladay, Jane Whittaker, Margaret Dawson, Geddys Wood, and Nancy Horn. The line-up is not definite yet.

A new player is expected to add to the strength of the team this year. Peggy Shehan, a graduate of the Savage School, New York City, is scheduled to star in center half position when the season opens. Shehan was varsity player at Savage for three years, where her playing at this position won favorable comment.

The teams have already been in practice a week. The coach this season is Miss Martha Barksdale, assisted by Miss Pat Lowry. Assistants to Ruth Personius, manager, are Florence Fisher, Dixie Sterling, and Adele Stephenson.

The game schedule is not settled definitely, but probably opponents include Drexel, Swarthmore, Bryn Mawr, Panzer, Baltimore Reserves, and members of the Southeastern Tournament.

INDIAN FRESHMEN OPEN SEASON FRIDAY

Open Here With Louisburg, North Carolina, College in First of Six-Game Series.

Coach Bill Scott's Freshmen team will clash with Louisburg College of North Carolina Friday afternoon on Cary Field in the first of a six-game schedule which will be climaxed on November 24 when they entertain the Baby Spiders of Richmond University here.

Although it may be a bit early to predict the strength of the Frosh who have yet to appear under fire, the scrimmages to date have shown several outstanding performers both in the line and backfield who are likely to be heard from this season and on the varsity later.

The Duc's are expected to better considerably the Freshman record of last year in which the team of '37 won only two contests and lost three, including a 25-0 shellacking at the hands of Richmond. Oak Ridge Military Academy of Oak Ridge, N. C. is a newcomer on the Papoose schedule this season, bringing the total games to six.

The schedule is as follows: September 28, LouisburgHere October 19, Oak RidgeHere October 26, W. and L.There November 3, V. M. I.There November 10, W-M (N. D.)There November 24 RichmondHere

DELTA PSI KAPPA ELECTS OFFICERS

Alpha Alpha Chapter of Delta Psi Kappa formerly H2E Club, held the first meeting of the year at 2:30 o'clock, September 22, in the old H2E room in Jefferson Gym. The following girls were formerly pledged at this time: Dorothy Beck, Roberta Brittle, Winifred Cummings, Margaret Dawson, Geddys Weed, Virginia Sterling, and Jeanne Tenny.

The new officers are Margaret Yeaman, president, Nancy Horn, vice-president, and Ann Edwards, treasurer.

WOOFIN' ALONG

Hae Ducs and Duccesses, Sophs and Juniors, Seniors and Five-Year-Men, Six-Year-Men, Seven-Year-Men—what does time matter? The Woofler is back, woofin' and spoofin' along—attempting in his woofin' way to entertain you with witticisms (what modesty), facts, whats and whatnots about the campus and the world in general.

Apologies are in order—Ye sports editor of the Indian Handbook made two errors—Erratta—Harrell Pierce is the manager of the track team—Bill Schmidell is captain of the tennis team—Sorry Mercer and Kerner.

The football team is coming into its own in fine shape. Looking over the boys on the squad we find Captain Bridgers a stone wall at center, with Playboy Beech and Bob Wallace as able-bodied reserves. Joe Marino, Mush Brickell, Frank Livesay, and Walt Hadtke are battling for the guard positions. Four seasoned veterans, Waddy Stewart, "Brute" Murray, Harry Spack, and Ned LeGrande are at tackle—but since inter-collegiate rules state that only two men can play at one time at tackle, it looks like a battle royal.

Little Hutzy Blaker is calling signals this year and gets the call at quarter. Al Michaels and Benedetto are doing good jobs as understudies. Stumpy Bryant and Red Woodward, the two Indian triple-treats are in fine shape and expect to give opposing linemen many a headache—Junie Smith and Shorty Trueheart are giving these two stellar half's plenty of opposition. At fullback, Swede Yerkes is a tower of strength—a fast and aggressive back. Stumpy Travers will see plenty of work. Charlie Shade injured quarter of last season's team, is out on the field and is getting into condition as rapidly as possible and will in all probability see action before the termination of the season.

The Dean brothers of the St. Louis Cards are just about the best brother act in all baseball. Paul Dean pitched the first no-hit game of the year against the Brooklyn's, and Dizzy followed with a three-hit shutout.

Speaking of brother acts, in baseball, today there is a battery with the Red Sox of Beantown, les Freres Ferrell, brother Rick, the catcher, and brother Wes, the pitcher. A few years with the Washington Senators the Ferrell brothers played a prominent part in the Senators' pennant fights.

Lick Burke, star of the William and Mary golf team two years ago, has returned to school and with his return the Athletic Association has deemed it advisable to re-emphasize the Old Scottish pastime. Johnny Mapp, Woody Vaughn, and Normy Weinberger are rarin' to go and bring some bacons back to Williamsburg.

Some people spend ten dollars a seat to see an Earl Carroll production which features, legs, legs, legs. Since we are in the throes of a depression, (apologies to F. D. R.) an economical way to feast the eyes would be to go out to Cary Field and watch the huskies go through a calisthenic drill. Beech, Spack, Benedetto, and Walton would arouse envy in any Broadway beauty.

It seems that the Physical Ed. Department intends to stress intramural sports this year. Complete schedules and preference sheets (which do you like better, ping-pong or Badminton? That kind of stuff) are already being prepared. They'll probably be published in the Flat Hat next week. Personally, we think its a great idea. Not, only can you compete, but you have a chance to learn such sports as shooting, archery, and so forth. The Physical Education Department intends to make this a big thing, but nothing can be done unless the students cooperate.

Take a glance at the football schedule for 1935. It's a honey. By that time the new stadium will be up, and we hope to get some good games here.

The fraternities are beginning to get busy. The Inter-Fraternity Basketball tourney is starting soon. Almost every House on the campus is optimistic over the outcome. The Kappa Sigs won last year in a thriller against the S. P. E's. The technical arrangements have not been completed as yet, but the contests are sure to be closely fought insuring a fine show to all spectators. Intra-mural sports have always been well received on the campus and there is no reason why they should not be expanded. Touch football would be a pleasant way to spend a few hours on some sunny afternoon. An Inter-frat-dorm league would without doubt, greatly increase the spirit and activity on the campus. Why not have a touch football league?

WELCOME STUDENTS

Once again the College of William and Mary welcomes the returning students and the freshman class. This greeting is in the main addressed to the latter, those who are now entering the College for the first time. Some of you will never graduate from William and Mary. Perhaps you will "flunk out"; family finances may reach a new low; there are numerous reasons why students fail to graduate. Nevertheless, at the present time you are a member of the student body and there are certain traditions that you are expected to live up to.

Be honest with your fellow students. If you cheat in class, you are taking an unfair advantage of them. In addition, you stand a very good chance of being expelled from William and Mary. And regardless of what you may think, it is a very serious and tragic occurrence to be expelled from any institution. It means that through the rest of your life a certain stigma will be attached to your name. You may believe that no one else will ever find out about it, but don't take a chance on their ever doing so.

Be polite. Politeness makes life much more pleasant. For many years it has been a campus custom to say hello to the students, whether you know them or not. Don't be shy about it. No one is going to hit you for being polite.

The freshman class this year is the second to enter the college under the selective system established by the late Dr. Chandler. You are the pick of your high schools. Live up to that reputation which you possess already. Live up to the reputation of William and Mary and we are sure that you will enjoy a happy and successful year. Good Luck!

THE NEW PRESIDENT

The Flat Hat, on behalf of the student body, extends a most hearty welcome to John Stewart Bryan, new President of the College of William and Mary.

Mr. Bryan is eminently fitted for his new position. He has been associated with the College for many years as a member of the Board of Visitors and has always taken a great interest in everything connected with this institution. Although he has been most successful in business, he has also been prominent in educational work. We are sure that Mr. Bryan is the best choice possible to carry on the extensive building and scholastic program begun by the late Dr. Chandler.

Mr. Bryan is the only administrative officer to appear on the campus. Mr. Charles Duke, Jr., Bursar of the College, is another to whom we wish to extend a welcome. He also has been a member of the Board of Visitors of the College of William and Mary for many years. In this capacity he has worked on college business and in consequence is able to understand the financial problems connected with the college administration.

HONOR SYSTEM

The College of William and Mary was the first college in America to establish the Honor System, based upon individual honor and responsibility. At this institution it is more than a century and a half old.

Violations of the Honor System are understood to include lying, stealing, cheating, and failure to report any violation. These violations are handled by student organizations, the Men's and the Women's Honor Councils.

The Men's Honor Council is composed of representatives elected by the students themselves. To its members is entrusted the responsibility of maintaining and perpetuating the principles of honor which have so long guided the students of William and Mary. It is the most important organization connected with the Men's Student Body.

During the past year the constitution of the Men's Honor Council was revised. Formerly it was composed of seven members, two from each of the upper classes and one freshman. Now the members are three seniors, three juniors, and one sophomore. Former eligibility requirements only necessitated the candidates to have passed ten hours of scholastic work the previous semester. Now in addition they must be approved by a committee composed of students and members of the Administration.

This revision has raised the membership standards of the Men's Honor Council, so as to make it more representative of the student body and to increase the fairness and justice of its decisions by increasing the number of upper-classmen and eliminating from membership the freshmen, who have not had experience in this type of work.

These improvements in the Honor Council have tended to strengthen the Honor System as a whole. This system can be properly maintained however, only through perfect cooperation between the Honor Council and each and every member of the Men's Student Body. If the students will do their part by reporting promptly and authentically any violation of the Honor System, the Council will do theirs by taking equally prompt action on all cases. Anonymous letters are not sufficient. The Honor Council is powerless to act unless definite charges are brought by some person. It is the urgent plea of the Honor Council that in the future any student observing a violation of the Honor System will report the violation in order that the Council may take action immediately upon the case.

This editorial has dealt mainly with a discussion of the changes in the constitution of the Men's Honor Council. The same principles apply under the Honor System for both men and women at the College of William and Mary. The two systems are not entirely separate from each other in their functions. If, for instance, a girl should observe a man student violating the Honor Systems, by that same system she is pledged to report such a violation.

THE NEW BUILDING PROGRAM

The new building program inaugurated by the late Dr. Chandler is already well under way. Work is progressing on the new Taliaferro Hall and on the Marshall Wythe Building. The Student Activities Building and the new stadium will soon begin.

The construction of these new buildings has been made possible by a loan and grant of \$650,000 to the College from the United States Government, which was obtained last spring. This loan is to be amortized over a period of thirty years.

The new Taliaferro Hall is to be used as a men's dormitory. It is located near the dining hall, and will probably be completed by February, 1935. The other building under construction will house the administrative offices and several classrooms. Upon its completion the present administration building will be torn down.

The Student Activities Building will be located next to Washington Hall and will contain all student publications and organizations and a social hall. The new stadium will be directly in rear of the campus, and is expected to seat about 12,000.

CONGRATULATIONS TO FLIGHT CLUB

During the summer the William and Mary Flying School was discontinued by the Administration. The equipment was sold by the College.

On September 7th the following letter was received by the William and Mary Flight Club from the National Aeronautical Association in Washington, D. C.

"I am pleased to advise you that, in recognition of the splendid record of the William and Mary Flight Club during the past year in fostering flying activity, the Contest Committee has awarded it second place in the annual Loening Intercollegiate flying competition. This award carries with it a cash prize of one hundred dollars.

"First place in this competition was awarded to the University of Minnesota Flying Club with honorable mention to the Harvard Flying Club and Dartmouth Flying Club.

"The Contest Committee extends to you its congratulations on your fine work during the 1933-34 school year."

The Flat Hat wishes to extend its congratulations to the Flight Club on this occasion and hopes that the Flying School at the College of William and Mary will soon be resumed.

'ROUND CAMPUS

By I. C. M.

Why live?
You'll die!
Why love?
You'll cry!
Why kiss?
He'll tell!
What's the use?
Oh--Hell.

With this little ditty we begin another year of "key-holing"--so here goes. By the way the first house on the right in Sorority court contributed the ditty.

Dot "Bright eyes" Toulon, the Theta playgirl hot from Panama has "Landed." Nice having a job in Hampton--an over at the Kapper Sig house we find Ed Conner very grateful for the influx of gullible freshmen women.

Many of the spring romances have continued to flourish over the summer and into this fall; Nenzell's theme song is "Who's Afraid of the Big Bad Wolf"; am sure that she isn't, what has happened to June Ackerman's K. A. pin; any new jewelry in view, June; the campus romantic atmosphere has suffered a severe blow with the absence of the Byrd-Fifield team; with the return of Red Woodward to the campus, it looks like Janet Thorpe is happy once again: what will the K. D.'s do without Dave Rutledge this year; we hope that Johnny Mapp will find another comfortable chair in the Pi Phi house this year.

Stambaugh likes the Cos Moore and Moore by the looks of this bee line there; the Fieser-Kelly revolving door has ceased to turn and Kelley has turned his attention to the C. O. house to carry on with Ann Fauntleroy; Monk Little has his North Carolina pin back so look out girls, he can run; Remember Betty Gordon? She's got one cute sister on this campus who is not only getting a sorority rush but a big one by that little boy from Petersburg, Shorty Trueheart.

If it rains much more we will be inclined to believe that the Sigma Nu swimming pool will be reality instead of just a gag.

Who was the freshman that had a date with Virginia Government over in Barrett Hall last week? Dick Rhoades and Sally Elmore were seen --oh, just let it go at that. The pin complex hit summer school pretty hard according to statistics. . . Theta Delt Mack gave his prize jewelry to Ruth Farmer at the Phi Mu House . . . and George Bishop has left his pin in care of Margaret Weber, a Gamma Phi here last year. And incidentally, Helma Mallory is holding the pin of Ed Morecock. We see that Ralph Nestor and Lena Stratton are still holding hands.

One of those Chandler Hall freshmen tried to convert Tommy Richards from one religion to another one day last week. The Alpha Chi's with the help of the Theta Deltas are doing their best to console Beth Robinson in the absence of Jimmy Warner. . . We are very grateful to the freshman in the beginner's French course who spoke of an "Aspirin h".....

Babe Brown at the Kappa Sigma House has turned into a Lone Star Ranger this fall, the reason being that his girl, Carol Heintz, down on Texas Avenue has turned from an easy job in the Physical Ed office to a hard job in the Business dept.

Some new male faces seen over at the Theta house. Everett Blake has been seen right much with Grizel Vander Psmythe and Byron Mercer

has brought to light Ellen Laten who is incidentally a confirmed man-hater. Congratulations, Speedy. By the way, fellows, if you get the opportunity, ask Speedy about some Northern excursion or other last summer.

'Tis rumored that Dot Dunlap won't date on this campus. The editor would appreciate any information that the gossipers have to offer.

Some fraternity man on James-town Road wanted to know where he could get a date so he asked the telephone operator and she said that the C. O. would be the place. And he did. And he got the date.

As Barrett Roberts used to say, we shall pull down the Windsor Shades and go to press. See you next week.

Yours,
I. C. M.

CAMPUS LEADERS

"Kitty" Chiswell

We are going to present to you this year, various persons who are prominent in the highlights of the campus. Kathryn Chiswell--"Kitty" to you, is the first of these campus celebrities. She hails from Washington, D. C., where she was a prominent figure in the affairs of the Central High School, from which she was graduated.

It was in her freshman year that "Kitty" began to gather her numerous honors. At this time she was elected to membership in the Freshman Y. W. C. A. Cabinet.

In her sophomore year she became a member of the German Club and K. O. B., and since that time she has taken an active part in the activities of these organizations. By the way, she proved that her ability was not confined solely to one field, when she played woman's field hockey in her second year on the campus.

Last year she was chosen Secretary of the Woman's Honor Council, and she was also elected to the office of Secretary-Treasurer of her class. "Kitty" is well known among student government circles, both here and at student government conventions, for she represented the women of this College at the National Federation of America, and she was also a delegate to the Women's Southern Intercollegiate Association of Student Government. She also holds the honor of being President of the Women's Student Government.

Last spring "Kitty" had one of the highest honors of the campus bestowed upon her when she was elected to Mortarboard. She is a member of the Kappa Delta Sorority, and also a delegate to the Women's Pan-Hellenic Council.

Incidentally, she held down a government position in Washington last summer. In all probability, she will hold a government position in Washington when she is graduated. Good luck! "Kitty."

STUDENT VOICES

Student Opinion Letters, and Letters to "Connie Confidence" should be mailed to the Flat Hat, Box AA, Williamsburg, or left in the Flat Hat Box in the Administration Building. Students are invited to use these columns for advice, and for expressing their opinions concerning campus affairs. The editors reserve the right to change any letter to conform to space limits or to the ethical standards of this publication.

Connie's Column

Dear Connie:

I am just a poor little Freshman woman in College this year and I have already had a very severe setback in my social life. Last Saturday night I had a date at the dance with a great big bad Senior and we got to the dance all right. After dancing with him a few minutes someone cut in and that is the last I saw of him at the dance. Now I have been around to dances before and I wonder if it is the custom for a girl to go to the dances with one person and then have a different one take you home. It made me very mad and I would like your opinion in this matter, dear Connie.

Disillusioned.

Dear Disillusioned:

You came to just the right person with your troubles. You had every right in the world to be very mad but I checked up on the matter and learned that you told everyone about it. That wasn't the thing to do because when you get to college you are expected to be tactful in what you say and to use discretion in your actions. I don't mean to scold you but you ought to see all sides of the case. I once took a girl to a dance and for a very good reason I couldn't take her home and so I can thoroughly understand the young man's side of the case. So, dear disillusioned, think the problem over and give the boy another chance to redeem himself. I am sure you would find better qualities under more favorable circumstances.

Connie.

Dear Connie:

I've noticed during the last year a lot of your letters, and I've always wondered if they were all read, or were they written by either you or someone else on the Flat Hat staff. I'd really like to know if they are all true stories or are they imaginative work of some of those promising journalists?

Senior.

Dear Senior:

I'm very happy to know you were taking enough interest in my column to wonder whether students write all the letters I answer every week. Just because you are graduating this June I'll let you in on my secret. About two-thirds of the letters are written by students, the rest are scribbled off at the last minute by the promising journalists you mentioned. We try real hard to interest the students on this campus in something, but it's an awful undertaking. They not only need a shove, but they need to have someone put a rope around their neck and lead them. Some day, dear Senior, somebody is going to get tired holding the rope. Then comes the tragedy. I suggest

Student Opinion

Editor of the Flat Hat:

Last year the members of the Senior class were judged old enough and at the same time sane enough to be allowed to operate autos. True it is that even then they were only allowed to use them at certain specified times, however that was better than the present rule.

I am not alone in my views on this subject. If I were I would never think of sending this protest to the Flat Hat.

I do not advocate the use of cars for the general purpose of leaving Williamsburg for parts unknown each time a student has a little extra time. I do however, believe that if allowed to keep and operate cars the Senior members of the William and Mary Student Body are honest enough to obey a more liberal ruling on autos, and exercise enough good sense to place their primary objective for attending college before pleasure rides.

To the Editor of the Flat Hat:

Although it is a little early in the year to discuss possible changes in the social system, I would like to offer a few suggestions with the possibility that you will publish them in the Flat Hat. The first suggestion that I venture to make is that there be fraternity and sorority dances to which only invited guests may go. The parlors in the different dormitories ought to be open to small dances with the radio supplying the music. After attending the Saturday dances, I have come to the conclusion that the student is buying himself into society at the rate of 50c a lesson. This may sound a little radical, but, dear Editor, just think about yourself. Perhaps an editorial some week might bring some action on this point. I am also in favor of allowing the women students to visit the men's fraternity houses under much the same rules that are now in force in the matter of men visiting the sorority houses. Can't something be done about this?

A Fraternity Man.

Dear Editor:

Not that you can do anything about it, but why all this sorority rushing? Three weeks of this seems to have upset all the former peace and quiet of Williamsburg--girls are half crazy from trying to look happy--even steady dates are breaking up due to the strain of constant rushing--in fact it's just too much. Why can't the Flat Hat run an editorial against the foolishness of it all, and see if we can't have the old peace and quiet back again.

Disgusted Male.

PAN HELLENIC GROUP START PREFERENTIAL PLEDGING OF WOMEN

Miss Weeks Explains New System to Freshmen; Preferential Parties to be Held Thurs.

Rushing for the women's social fraternities opened September the tenth with half hour visits in the dormitories between the hours of four and six and seven and nine. The rushees visited the houses for the first time last Friday night when each sorority held open house. This marked the beginning of rushing held at the various houses. This is the first time that the Preferential System of bidding has been used on this campus in several years. In many colleges this system has proven to be more successful than any other method.

Miss Weeks, Pan-Hellenic adviser, has spoken on behalf of the Pan-Hellenic Council explaining to the new girls this system of Preferential Rushing. She made it clear to the girls that they were only to accept the invitations in which they were interested and not more than three invitations for the Preferential Parties on Thursday.

Pan-Hellenic Council at a recent meeting decided to bring Women's Rushing to a close Thursday, September 29 with a Preferential party at each house. Friday and Saturday will be silence days at which time no sorority girl may talk to a rushee. Sunday all bids will be returned to the Sororities.

TAYLOR'S NEW TEXTBOOK TO BE USED AT COLLEGE

Business Professor Now Engaged in Writing "Labor Problems and Labor Legislation."

Dr. A. G. Taylor, head of the School of Economics and Business Administration is writing an up-to-date text on labor. The title of this book is "Labor Problems and Labor Legislation."

The book is over half complete and is made up in manuscript form. First semester students taking the business and economic course are now using the manuscript as a text book.

Dr. Taylor looks forward to finishing the text during vacation time of next year when his present duties will be temporarily relieved. The College plans on using the text in its regular business and economic curriculum at the beginning of the 1935 fall term.

Dr. Taylor stated that Prentice and Hall, Inc., of New York, will publish his book. The contract was signed several months ago. He also stated that competition in this field is great as several other texts of this type are being published.

Five New House-Mothers in Dorms.

Several of the dormitories and houses have new house mothers this year. Mrs. Pfeiffer of Boynton, Virginia, is in Barrett. She is new on campus. Mrs. King of Churchland, Virginia is the house mother of Chandler, while Mrs. Lambeth formerly in Chandler is at the Chi Omega House. Mrs. Delia Carter of Lexington, Virginia, is at the Pi Phi House. In 1932 Mrs. Carter was the house mother in Richmond Road dormitory. Mrs. M. E. Garnett of Richmond is new at the Alpha Chi House. The other houses and dormitories have retained the same mothers they had last year.

Three Frats. Move To New Addresses

The opening of the fall session at William and Mary has brought about several changes in fraternity addresses for the ensuing year.

The Epsilon-Alpha Chapter of Lambda Chi Alpha has a new house at 607 Richmond Road which was purchased during the summer months. The house was completed last spring and was the former residence of Mr. T. A. Painter. It is insulated brick construction, having twelve rooms.

The Alpha Phi Delta Fraternity has moved from Chandler Court to the Maupin House on Duke of Gloucester Street.

The Phi Alpha Fraternity is now located in a twelve room house on Prince George Street.

The Young Women's Christian Association held a short organization meeting in Washington Hall on Thursday evening, September 20, at 7 o'clock.

This year an activity credit will be given for participation in Y work. Every phase of campus activities and major interests of the college woman's life is represented here. Anyone interested in becoming a member may do so by paying the fee to Lillian Shepherd at Richmond Road dormitory.

The program for the year can be found in the Indian Hand Book. Meetings are held twice each month, when there will be either a lecture, entertainment, vespers, or discussion groups.

The officers for this year include: Yvonne Winslow, president; Mary Jean Roth, vice-president; Marguerite Stribling, secretary; and Lillian Shepherd, treasurer.

The next meeting will be the annual Lantern festival to be held on Thursday evening, October 4.

SORORITY HOUSES OPENED TO RUSHEES LAST FRIDAY NIGHT

Rushees Entertained on Friday, September 21, from 7 to 10 by Sorority Parties.

The nine women's fraternities on campus held open house for rushees on Friday evening, September 21, from 7 to 10. Pi Beta Pi, Alpha Chi Omega, Chi Omega, and Kappa Alpha Theta gave formal receptions carrying out some theme of the fraternity. Dahlias, chrysanthemums, and zinnias added color to the gathering at the Pi Phi house. A large golden cake in the shape of an arrow was cut and served with tea and punch. Each guest received a small arrow on which her name was printed.

The Alpha Chi Omega house was decorated with tube roses and dahlias. Merangs and peach ice cream were served. The favors were candy nose-gays.

The Chi Omegas presented each rushee a metal horseshoe tied with fraternity colors. Punch and cookies were the refreshments.

The Thetas gave corsages of orange carnations to their guests. Tea and toast were served.

The Phi Mus carried out the comic strip idea with a Mickey Mouse stand and Mickey Mouse comic faces as favors. Brick ice cream, pink cake, and mints were served.

The Tri-Delta house was the Crescent Cafe for the evening. A large crescent with electrically lighted pearls decorated the wall. The bar and a cocktail shaker carried out the atmosphere of a cafe. Refreshments were served.

A colonial theme was carried out at the Gamma Phi Beta house. Spinning wheels, kerosene lamps, and colonial costumes added to the effect. Caramel ice cream and cakes were served. Black mummies were the favors.

The Club Kappa Broadcast included a floor show with songs and dances by members of the fraternity. Balloons and streamers were hung from the chandelier. The guests received nose-gays tied with sorority ribbons. Punch and sandwiches were served.

The train idea was the theme for the Kappa Delta Special. The first floor was decorated as the station, while upstairs were the lounge, the pullman, and rooms representing large cities visited on the trip. Refreshments were served in the diner.

a good cigarette gives you a lot of pleasure

... just about every cigarette smoker knows that—but here are some other facts to keep in mind ...

For a cigarette to be milder and taste better it must be made of mild, ripe Turkish and home-grown tobaccos.

We wish you could go into the factories and see Chesterfield made. The mild ripe tobacco is cut in long even threads—then packed into the cigarette so as to make Chesterfield draw right and burn evenly.

A good cigarette can give you a lot of pleasure, and we would like for you to try Chesterfield.

J. LESLIE HALL PLANS RECEPTION FOR WOMEN

Society to Follow Last Year's Plan of Work. Meetings Will Begin With Reception for Those Interested in Work.

The cabinet members of the J. Leslie Hall Literary Society held their first meeting of the year Monday night, September 24 at 9:00 p. m. in the living room of Brown Hall. Jane Gilmer, president of the group, presided. Other officers for this year are: The vice president, Ann Renforth, the secretary, Doris Van Dine, the treasurer, Jessie Lee, the chaplain, Elizabeth Tate and the program chairman, Margery Croft. It was announced that Laura Coleman, who is now a senior, will serve as co-chairman with Margery Croft. Laura was elected program chairman at the end of her sophomore year, but was a junior transfer student to France and so was unable to fill her position last year. A vacancy is left in the office of sergeant in arms. The former sergeant in arms, Mary Ann Burns, has transferred to the Richmond division. The person to fill that office will be elected by the group at their first business meeting.

Reception to be Held

The latter part of this week the society will give an informal reception at Barrett Hall. All women students who are interested in joining are cordially invited. The purpose of the organization and its plans for the coming year will be explained so that everyone will understand the standards of the literary society.

Two Groups in Club

Last year the society was divided into two groups, the portrait group and the modern novel group. The work done by these groups was interesting and instructive. The groups met separately twice a month and also had one joint meeting. The monthly dates of the meeting were usually the first, second, and the fourth Fridays of the month.

Credit Given Members

An activity credit will be awarded for membership and attendance. The dues are fifty cents a semester.

Anyone who is interested in the work and aims of this literary society is urged to attend the informal reception to be given the latter part of this week.

the possibilities of richness and satisfaction that lie before the students who are in this College today. For their own sake, for the sake of William and Mary, for the sake of civilization, for the sake of posterity, I ask those students to join with me in making the period of their stay at William and Mary a time for better seeing that in which the fullness of life consists as well as the time for strengthening moral fibre by the daily application of self-restraint and effort, so that when the test comes every student of William and Mary may be found ready.

JOHN STEWART BRYAN, President.

Besides these mentioned above there are four maidens who will give a jazz dance and some who dance old English folk dances. In addition to these there will be a chorus of girls and a string quartet. The program promises to be very interesting and a great deal of importance is being attached to the dedication ceremonies. No admission will be charged.

The program committee, as appointed by Dean Hoke, is headed by Miss Hunt, who has charge of the dramatics. Doctor Wagener has charge of the ceremonial side of the program. Mr. Small, the musical side; and Mr. Tucker Jones, assisted by Miss Lucille Lowry, the dancing.

The players' Dell is to be put at the disposal of all the various departments on the campus. There is a turf stage with a background of trees and shrubbery. The theatre has a seating capacity of five hundred. It is to be furnished with lights some time in the near future so that it may be used for evening performances. The Players' Dell will furnish an excellent background for plays, pageants and musical affairs. It is expected to be quite an addition to the campus life.

In case of rain, the program will be postponed until Wednesday afternoon, October 3, at four p. m.

ginia's chief executive, Governor Perry. Following this an honorary degree will be awarded to President Roosevelt and his address will be made.

Mr. Duke stressed in his announcement to the Flat Hat that the program was subject to change by the White House staff, and that a complete program for the occasion could not be made public until final arrangements had been made.

The entire proceedings will be broadcast over the complete networks of both the National and the Columbia Broadcasting Systems, and radio time for two hours, from eleven until one, has been allotted for the ceremonies. The broadcast will begin with descriptions of President Roosevelt's arrival and the dedicatory parade on Duke of Gloucester Street. Following this the proceedings at the Wren Building will be broadcast. News Reel camera men and news photographers will also be on hand to record these and other ceremonies incident to the program.

President Roosevelt will have luncheon at the College following the address. Students of the College remember when President Roosevelt, then Governor of the State of New York, attended the Governor's Conference in Richmond, and had lunch-

eon at the College in 1932. Following the luncheon President Roosevelt will be escorted around the city with an opportunity to inspect the Governor's Palace, Raleigh Tavern and the Capitol, and such other plac-

es as he may desire. The subject of either President Roosevelt and President Bryan's address will not be announced for some time, but will appear in the Flat Hat as soon as announced.

Luckies They Taste Better

Only "The Cream of the Crop" is good enough for Luckies.

And that means—Luckies use only the clean center leaves—these are the mildest leaves—they cost more—they taste better.
