COLLEGE OF WILLIAM AND MARY

VOL. XXXVII No. 28

COLLEGE OF WILLIAM AND MARY, WILLIAMSBURG, VIRGINIA

MAY 11, 1948

## Curtain Will Rise On Varsity Show Tonight

### Sale Of Tickets For June Finals Starts Tomorrow

The advance ticket sale for the June finals dances, which will feature Claude Thornhill and his band, will begin tomorrow and extend until Wednesday, May 26, announced John E. Hocutt, dean of men.

The advance price of a ticket for both the Friday and Saturday night dances will be \$6.00. If tickets are bought for both dances on Friday night at the door the price will be \$8.00, and the Friday night dance alone will cost \$6.00, while the Saturday night dance ticket will amount to \$4.00.

#### Finals Week End

The week end of June Finals will consist of the June Ball on Friday night from 9 P. M. until 2 A. M., a one-hour concert by Thornhill's orchestra on Saturday afternoon on the east side of the Wren Building from 4:30-5:30 P. M., and a Saturday night dance, the Alumni Dance, from 9 P. M. until midnight.

Both dances will be held on the stage of the Matoaka Theater, which exceeds the two gyms in Blow Gymnasium in total floor space, if the weather is fair. A permanent stage setting is being prepared for the dance and for subsequent dances in the future. The college is prepared to spend \$1,000 for this set. A high hedge will be placed at the back of the stage and the bandstand, adorned with lattice work, will be placed against this in the center. Large candelabras, aided by spotlights from the towers in front of the stage, will furnish light. Provisions will be made at the Theater for spectators.

#### In Case Of Rain

If the weather is inclement, the dances will be held in Blow Gym without decorations, as the gym must be used on Sunday for the graduation ceremony.

Tickets will be sold in the dormitories, and may also be bought at the information desk in Marshall-Wythe. Alumni may purchase tickets at the Alumni Office prior to the dance at the advance ticket price.

Tickets may be obtained from the following dormitory representatives: Randy Garrett, Brown Hall; Harrison Tyler, Monroe Hall; Ed Ward, Old Dominion Hall; Dotsy Thedieck, Jefferson Hall; Penny Allenbaugh, Chandler Hall; Nancy Kurtz, Barrett Hall; David Saunders, Monroe Hall; Bren Macken, Taliaferro Hall; Alice Baxley, sorority court; George Bacon and Bob Cartwright.

### Bright Will Direct Placement Bureau

"The Placement Bureau will combine with the Work Study Plan next year under the direction of John Bright, registrar at St. Helena," announced Dr. Sharvy G. Umbeck, dean of the college.

"Previously the Placement Bureau, which finds jobs for graduating students, was under the direction of Hibbert D. Corey, professor of economics, and the Work Study Plan, which is concerned with scholarships, undergraduate jobs and loans, was headed by Wayne F. Gibbs, professor of business. Gibbs and Corey have expressed the desire to return to

See BRIGHT, Page 6

JUST ONE ATTRACTION FROM THE VARSITY SHOW—Susie Strong is surrounded by a quartet of admirers in a scene from "Take Your Time" which opens tonight in Phi Beta Kappa Hall.

### 'Take Your Time' Officials Expect Capacity Crowds

Musical comedy will hit the Phi Beta Kappa Hall footlights tonight and tomorrow at 8 P. M. when the Backdrop Club will present the 1948 Varsity Show, **Take Your Time**.

Written, produced and directed entirely by students of the college, **Take Your Time** has 25 original songs, 11 dance production numbers, 14 scenes and over 150 people in the cast.

The most extravagant extravaganza ever attempted on the campus, the show departs from the annual formula of burlesquing college life and reaches into the field of universal humor.

#### No Information

With the exception of the above mentioned facts, the Backdrop officials would give no information on the content of the show itself. Plot and leading characters remain a closely guarded secret. "Project X," an unknown entity which will open the show, is discussed behind bolted doors. The portals of Phi Beta Kappa Hall were closed to visitors during rehearsals. Theatergoers will learn all tonight and tomorrow night.

The student body, faculty and townspeople have displayed unusual interest in this year's presentation. In the first two days that the box office opened for business, every reserved seat was snapped up. A number of general admission seats remain to be sold and some standing room ducks will be on hand for emergency purposes. A sellout for both nights is predicted by Backdrop chiefs.

See VARSITY SHOW, Page 3

### Honor Councils Ask Student Cooperation

"The Honor System of William and Mary is the parent of all honor systems in use in the colleges and universities throughout the United States, the first system in which students willingly agreed to abide by a code of honor in exchange for virtually unlimited privileges," declared the Men's and Women's Honor Councils in a joint statement to the Flat Hat this morning.

"Recently this system has been threatened through either neglect or deliberate violations," the statement continues. "In a number of classes cheating has become so universal that class members have accepted it as a permissible evil. Obviously, the Honor System of William and Mary cannot sustain such violations, since its basic foundation is complete student cooperation."

#### Discussion Of Honor Problems

"In an attempt to remedy this situation while it is still possible, the Men's and Women's Honor Councils in joint session have recently been discussing honor problems with representatives selected at random from the classes in which violations of the honor code have been cited. These discussions were not trials but efforts to strengthen the Honor System through student cooperation. The Honor Councils recognize the fact that honor trials are, in a sense, last resorts which fail to solve large-scale cheating or stealing. If the student representatives working with the councils fail to im-

See HONOR COUNCIL, Page 7

### Flat Hat Names Bogg To Head Circulation

William Bogg was appointed circulation manager of next year's Flat Hat, subject to the approval of the Publications Committee. Six junior editors and five editorial assistants were also named by Jody Felix, editor, and Elaine Campton, managing editor.

Jan Walsler will serve as news editor and Jim Anthony as make-up editor. Other junior editors are Mary Lou Hostetter, features; Bill Greer, sports; Eva Kafka, morgue, and Jeanne Bamforth, woman's sports.

Editorial assistants are Joan Carpenter, news; Nicky Dillard and Carolyn Geddy, features; Hugh DeSamper, sports, and Bruce Robinson, morgue.

### Mortar Board, Omicron Delta Kappa Tap Nineteen At Second Post-War Ceremony

By Eva Kafka

Mortar Board and Omicron Delta Kappa, leading campus honor societies held their second joint tapping ceremonies since the war last Thursday at 11 A. M. in Phi Beta Kappa Hall.

Elected to Mortar Board were Jean Canoles, Eleanor Pendleton, Carol Achenbach, Joan Felix, Virginia Lore, Dotsy Thedieck and Mary (Tuga) Wilson. Tuga will also serve as president of Mortar Board for 1948-49.

#### ODK Members

Named to ODK after the Mortar Board tapping were Herbert Bateman, Dick Bethards, Harvey Chappell, William Clarke, John Fritz, Lou Hoitsma, Dave Saunders, Kenneth Scott, Warren Sprouse, Mark Waldo, Fred Kova-

leski, and Vernon Geddy.

A plaque for the sophomore woman with the highest scholastic average was then presented to Eleanor Seiler.

Jean Canoles, from Norfolk, is the chairman of the Judicial Committee, senior member of the Student Assembly, a member of the Senate, General Co-operative committee, and Kappa Kappa Gamma.

Eleanor, of Washington, Va., is the secretary-treasurer of the senior class, assistant business manager of the Colonial Echo, and a member of the German Club, YWCA and Chi Omega.

From Millburn, N. J., Carol is the chairman of the Honor Council, assistant director of the choir, a cheerleader, member of the Senate and Pi Beta Phi.

#### Flat Hat Editor

Editor-in-chief of the Flat Hat, Joan comes from Malverne, N. Y., and is a member of Chi Delta Phi, the Music Club, and Delta Delta Delta.

Virginia, from Solomons Md., is president of the German Club, a member of the Accounting Club, business manager of the Colonial Echo, chorus and Chi Omega.

Suffolk is the home of Dotsy, who is president of WSCGA, and a member of Der Steuben Verein, Student Assembly, choir and Delta Delta Delta.

Tuga comes from Gastonia, N. C., and is the senior member of the Honor Council, a junior editor on the Colonial Echo and is a member of the girls' chorus, the Interclub Council and Kappa Kappa Gamma.

#### Bateman's Activities

From Newport News, Bateman is an Aide to the President and vice-president of the International Relations Club, and has served as president of the freshman class, and as a representative to the Student Assembly.

Bethards, editor of the Royalist, is from Wilmington Del., and has served as president of Theta Al-

Principles, Not 'Benefits'

The issuance of the proclamation by the Men's and Women's Honor Councils doesn't surprise anyone, since rumors of the stealing and cheating have been flying thick and fast.

We do think, however, that the statement, "If the students will think briefly of the many benefits we enjoy—no proctors, the right to take exams out of class, library privileges—they will see immediately that the Honor System is worth preserving," is absurd. We don't recognize the Honor System because of these three "benefits," but because of the wonderful feeling of mutual trust that exists under the system. When the Honor System has to be "advertised" by selling the idea of "benefits" it will be a very sorry day. It needs no advertising—the system should sell itself by its very existence. It is too bad when we have to say we won't cheat, steal or lie because library privileges will be taken away. Few, if any, students "neglect" the Honor System. A much better term is ignore. While, for the most part, students have no difficulty obeying the stealing and lying phases of the honor code, we ignore that part of the code regarding the reporting of violations. This is comparable to the unwritten criminal code, which allows no "squealing" on partners in crime.

The trouble which has arisen here in regard to the system is nothing new. Practically every college with which the Flat Hat exchanges papers has had news stories and editorials on the subject. There is no explanation for the basic cause of the present difficulties. Placing the blame on the war is a very tired thought and won't suffice in this case.

The honor councils here are very interested in spreading the system, both in colleges and high schools. It is only natural that those interested in installing the Honor System should come to William and Mary to learn how it works. It is highly embarrassing to everyone to know that the system isn't working at the place where it has had the most time to develop. We aren't trying to say everyone should live up to the system merely because it started here, but rather live up to it because of the good feeling it spreads, both here and in places where the system will be installed in the future.

A. R. J.

Lb. Moore Does Final 'Cudgelling'

Selection Of ODK's Causes Criticism

ODK tapping has caused a great deal of comment this week—comment that has been mostly unfavorable. On this page there is a letter to the editor signed by 65 students who criticize the selection of ODK members this year. Evidently they are asking why the president of the student body, the chairman of the men's honor council, the president of the senior class and other outstanding leaders were not honored at the tapping ceremony last Thursday.

Lb. Moore since they are not and can not be familiar with all the facts. If the prominent leaders referred

to in the letter were not selected because of personal dislikes or other trivial reasons, then the ODK's should be severely criticized. The above mentioned men have spent much time and sincere effort in their respective positions. That I know. No one can question that they have rendered service to all of us. And personal opinion should not have withheld the honor which they have earned.

On the other hand, ODK is a fraternity, and to a degree at least, the members must be secret about their selection of new members. Those of us who do not know the secrets are not well enough informed to make unreserved criticism. We do know that a man must be outstanding in athletics scholarship, social and religious affairs (which includes student government), publications, or other activities such as debate, dramatics, fine arts and music. Along with this qualification there are scholastic and character standards

—and about these we do not know. Scholastic records are, of course, withheld, and the criterion of "character" on which the local chapter of ODK selects men cannot be determined.

I think the whole episode is good. Perhaps next year the ODK boys will be a bit more judicious in their selections, realizing that there are many interested students to whom they are, in a way, responsible. And perhaps another year will find Phi Beta more than just half-filled for the tapping convocation. ODK and Mortar Board are good institutions and a little spurt like this may make us realize their value simply because we stop and give them some thought.

There now. I have done all the 'cudgelling' I'm going to do this year. And probably this is the best time to say that all the "toe-stepping-on" I have done has been with good spirit, at least, and an honest effort to be constructive.

Letters To The Editor

Students Question ODK Qualifications

To the Editor:

I left the convocation on Thursday with a mingled feeling of pride and disgust. I was proud, as were many others, of the members of Mortar Board who, in their choice of new members to that group, showed wise and unbiased consideration. Public opinion is not always an infallible criteria, but, in such a closely knit group as exists on this campus, the majority of the students tend justly to agree upon those among us who have shown the most outstanding leadership, scholarship, and service. Such was the case with the Mortar Board nominees. The prevailing feeling was that a careful and just choice had been made. I think a study of the records of those students would prove that to be the case.

My disgust, on the other hand, arose from the rather surprising nominations, or lack of nominations, to ODK, the men's honorary fraternity. Many other students shared my feelings.

As I understand it, ODK is similar to Mortar Board except that recognition is given for athletic accomplishments also (this fact was obvious at the convocation). Service, scholarship, and leadership are the other points that should then be considered. Scholarship without other qualities, however, should not be the basis for nomination. Phi Beta Kappa exists for those who achieve outstanding grades. Service and leadership then remain to be considered.

There was a general feeling that ODK's ideas of outstanding service and leadership differed sharply from those of the student body. . . . I suppose that bringing entertainment to the students in the form of the William and Mary-Go-Round column in this paper and production of the Varsity Show (which, incidentally, is arousing much favorable publicity for this college) is outstanding service—plus much hard work. ODK failed to recognize this service. I continue imagining that being past president of Men's Honor Council, past president of the Interfraternity Association, past head cheerleader and member of the Student Assembly, Senate, General Co-op, choir, etc. shows outstanding service and leadership. Again ODK disagreed. Many students, however, shared my opinions.

All the above mentioned cases describe men who are considered well-rounded in college life and who depart from the "typical" student only in that they have been quite outstanding in their leadership and service on this campus. I, and many other students, fail to see why such leadership and service should go unrecognized when others with fewer qualifications are honored.

Let us hope that next year ODK will follow Mortar Board's example and use really careful, just, and unbiased choice in naming future members to that organization.

This letter is not intended to reflect upon those recent nominees to ODK. It is, rather, directed at the omission of several outstanding persons from nomination.

Sincerely, Betsy Platt

P. S. The undersigned students concur with me upon the above opinions.

professors do not check class attendance can go blithely along accumulating a staggering number of cuts, while the student whose professors do check the class attendance is forced to conform to the rules as stated in the bulletin.

These inequalities are manifestly unfair. The students of the college are entitled to equal treatment in all matters of discipline. Either the attendance regulations should be enforced uniformly, or they should be abolished.

I certainly do not share Lb. Moore's fear of the free-cut system. It is true that one cannot cut some classes because the subject matter of the course or the man-attendance quite necessary, but it is also true that one can cut classes in other courses without any ill effects whatsoever. The student, then, should be free to decide how best to spend his time to the greatest advantage. If he finds that he is learning little or nothing from the lectures in a certain course, then he should be at liberty to cut these lectures.

Perhaps the college might at some future time undertake to test the free-cut system by putting it on trial for one semester in order to determine whether or not a mass exodus from the class rooms and wholesale failing of exams would occur. I do not think this would be the result.

Sincerely, John W. Helfrich

To the Editor:

Mr. Donald Ray Taylor, has asked me to serve as campus chairman of the annual fund-raising drive of the Virginia section of the American Cancer Society. This drive will be conducted in Williamsburg during the week of May 15-22, and a very modest quota of \$500 has been set for Williamsburg and James City County. Details of the purposes and needs of the American Cancer Society are described elsewhere in a news article in this issue of the Flat Hat. It suffices merely to reiterate here that the need is great, and the drive merits the support of all students.

The campus drive will get under way this week, and will end on May 20, before the reading period begins. Boxes and literature will be placed strategically on the campus. Contributions of one dollar or over entitle one to membership in the American Cancer Society. One person from each dormitory and sorority house will be needed to act as custodian for their respective residence unit. Volunteers, please submit your names at once to myself or Nancy Morton, Kappa Kappa Gamma House, who will serve as chairman for the women students. Thank you.

Ira B. Dworkin
313 Monroe Hall

To the Editor:

Both the editor in his editorial and Lb. Moore in her column in last week's Flat Hat have failed, I believe, to present the most obvious evil of the present attendance system—an evil which will not be corrected by the proposed changes.

As matters now stand, neither the faculty nor the administration has a clear-cut policy on class attendance. Of course, the attendance rules are carefully printed in the college bulletin, but they are actually without meaning. The student supposedly is permitted no more than one cut per hour each semester in each course, and when he exceeds this allotted number of cuts he then is supposed to receive a note from the dean, warning him that further cutting will result in some disciplinary action. The proper functioning of this system is entirely dependent upon the faculty, who are supposed to check class attendance daily and report absentees to the deans. Because each member of the faculty does not regularly do this, the result in a total inequality in the operation of the system and considerable misunderstanding and confusion. This means that a student whose

To the Editor:

This is a distress signal to the Flat Hat in behalf of the fellows who live way off in Copeland Park. Seems the Flat Hat might as well be in a foreign country 'cause they never see it; that is almost never. Mailing it has been ruled out I heard, and it wouldn't do any good anyway because by the time they got it the activities would be over or what have you. Here's a suggestion we hope will pass your approval. Put a batch of them (about 50) on one of the busses which are parked right at O. D. and within sight and shouting distance of the Flat Hat office. How about it Mr. Editor? Help them get in on more of the school activities and the news like the rest of you. As an old (?) alum of dear old W&M, I know what the Flat Hat means to a student. P. S. Their wives like to read it too!

Thanks a lot, Anne Holland

Editor's Note: Flat Hats are available at the Information Desk in Marshall-Wythe Wednesday mornings.

Varsity Show

'Take Your Time' Will Open Tonight

(Continued from Page 1) Meanwhile, the engagement of WRVA Theater on Friday has focused statewide attention on Take Your Time. Richmond newspapers carry pictures and stories about the show daily. Radio stations in Norfolk, Richmond and other Virginia cities play the three songs which have been published by Broadcast Music, Inc., throughout the day. The William and Mary Choir,

which appears in two big production numbers, made a recording of William and Mary-Go-Round, which has been played several times daily on radio stations WRVA, WRNL and WXGI. Richmond's immortal "Jughead" has been plugging the show on his nightly disc jockey program. Richmond's new television station, WTVR, will televise a portion of the show at 3:15 P. M. tomorrow. Ben Johnston and Ben Bray are

scheduled to appear on the Video Show.

The songs, Breath of Spring, William and Mary-Go-Round and Give Me a Kiss were distributed nationally last week. Copies of the sheet music will be on sale at Phi Beta Kappa Hall on the nights of the show.

A large extensive and unusual program for the Varsity Show also will be on sale before curtain time. Lyrics to all songs are included in the illustrated program.

Plans for the trip to Richmond were completed early this week. The 165 Backdrop Club members and choir will leave Williamsburg immediately after breakfast on Friday morning in four chartered busses. Upon arrival they will rehearse the show one time on the large WRVA Theater stage to get adjusted to the surroundings. The performance will be given at 8:30 P. M. and the cast will return to Williamsburg about 2 A. M.

The box office in the lobby of Phi Beta Kappa Hall will be open from 3:30 P. M. until performance time today and tomorrow. Seats for the Friday show at Richmond may be procured from the WRVA Theater in Richmond.

There will be a party for the entire cast on Saturday at 7:30 P. M. in Phi Beta Kappa Hall.

Kent Currie Will Speak To Advertising Class

Kent D. Currie, sales manager of the Pittsburgh Plate Glass Company brush division, will address the advertising class on Monday, May 17. He will speak on the subject of typography.

Currie, who also directs the printing department, has been a student of printing and typography for over 28 years. He has designed books for the University of Pennsylvania Press and special pieces for Johns Hopkins University.

Dr. Demerath Addresses Seminar On Future Status Of Cities In U.S.

Dr. N. J. Demerath, sociologist from the University of North Carolina, spoke on The Future of Cities in American Civilization at the final meeting of the Marshall-Wythe Seminar last Friday. Dr. Charles O. Lerche, director of the

much understanding, organization and action.

He went on to point out the specialized functions of cities such as wholesale and retail distribution, educational and research facilities, specialized recreation units, general organization of management, finance and industry and a number of others.

Regional Capitols

Richmond, Charlotte, Atlanta and New Orleans are the cities Dr. Demerath pointed to as regional capitols of the southeast and to the New York-Chicago axis as one of the three super-metropolitan orbits which serve as the centers of world organization. The others are around the North Sea for Western Europe, and in the Japan-China Sea area for the Far East.

Urban conditions threatening the civilization are the mass existence in cities which breeds insecurity, mental diseases and inefficiency; poor municipal services such as police and the like; substandard housing leading to blight and congested traffic. Also listed were the random and unguided flight to the suburbs; certain municipal policies and demands and the threat of biological or atomic warfare.

Certain Steps Needed

The speaker then went on to say that scientific steps had to be taken in regard to the growth of cities, and that the South stands a better chance of successful growth than other parts of the

See SEMINAR, Page 6

Dr. N. J. Demerath

course, stated that the class would meet Friday, May 14, for the one-hour final examination.

The main points he brought out were that cities are prerequisites to civilization as we know it in the west, that our cities are beset with grave problems great enough to challenge our way of life and that there is a great need for

Joseph Smith Named Head Of Fraternity Association

New officers of the Fraternity Association, who will take office on Tuesday, May 18, are Joseph Smith, of Phi Alpha as president; and a secretary, who will be Woodie Wayland, the new president of Pi Kappa Alpha.

Four fraternities have already chosen their lodge sites, and the rest will choose theirs in the near future.

# Tennis Team, Harriers Will Participate In SC Meets

## W&M Racquetmen To Defend Team, Singles, Doubles Titles

By Ed Griffin

After meeting Duke University at Durham, N. C., tomorrow, William and Mary's tennis team will move to Chapel Hill, home of the University of North Carolina, where they will wind up the regular season by competing in the annual Southern Conference tournament, scheduled for Thursday, Friday and Saturday. The Indians will be defending the title which they won for the first time last year.

Though the Tribe probably will be favored to repeat their 1947 achievement, the going will be somewhat rougher because of the absence of Gardner Larned, who sparked the home forces to their win last year by trouncing Carolina's Victor Seixas in four sets for the singles crown and teaming with Captain Tut Bartzen to trim Fred Kovaleski and Howe Atwater in an all-W&M doubles final. Also missing will be Billy Smith, who reached the third round before losing to Clark Taylor, No. 2 man for the Tarheels.

### Smoke Signals

By Bill Greer

The scheduling of North Carolina State to play the William and Mary basketball team in Norfolk next season indicates that Coach Barney Wilson & Co. are planning on being in fast company, with the inference that they wouldn't be there unless they planned on being able to keep up. The Indians also have a rough four-day northern trip scheduled which will put them up against such top teams as Seton Hall.

Eligibility rules will continue to give Wilson trouble until the beginning of the second semester. It seems that Sherman Robinson, Kentucky freshman who entered W&M last February, was able to play under the wartime Southern Conference rules, but when the league returns to peacetime rules July 1, he will be ineligible since his status still will be that of a freshman.

Any further statement of opinion regarding Southern Conference eligibility rules would be repetition, but this is just one more instance in which those rules have or will have caused grief in the Indian camp, because there is a very strong possibility that Robinson will be the best player in the loop sitting out the fall semester.

Any hopes of W&M supporters for the Braves to repeat for the Southern Conference championship, will depend to a great degree on the outcome of the knee operation which Jack Cloud will undergo this month. He will have considerably longer than the necessary 10-week period for his leg to heal after the removal of the cartilage, but only time can tell if the operation is really a success.

A good season for Cloud next fall—one as good as 1947 or a little better—should net the wearer of number 50 a place on many All-American selections. While he was not widely enough known for sports writers in general to concur with the opinion of Grantland Rice that he was "probably the best college fullback in the country" in 1947, the nature of the W&M schedule and some other factors may give him the prominence he deserves next fall.

Rumor has it that a clean break in William and Mary-Virginia athletics is in the offing. That would make for one of the worst possible situations in Virginia athletics, with the two colleges who consistently send out the best football teams and often the best teams in the state in other sports shunning each other. But this "shunning" seems to be a one-sided proposition, starting in 1940 when the Indians worked over a good Cavalier grid team and the Gentlemen picked up their marbles and went home.

The understandable conclusion that the Virginia teams don't care to take their medicine seems to be the obvious one, and it can be substantiated by a study of the record before 1940, which shows a long string of Virginia wins over the Indians, and a study of the final ratings of teams since then, which

Whether Seixas, who missed the team match against the Braves at Virginia Beach, will play is still uncertain. If he is able to compete, he probably will draw the No. 1 seeding. Second place will go to Kovaleski, whom he eliminated in four sets in the semi-finals, or to Bartzen, who extended Larned to five sets in the other match of the next-to-last round.

The fourth spot should be filled by Oliver Roddey, top man at Davidson, who defeated Taylor in their team encounter last month; and the bespectacled Tarheel perhaps will be awarded the fifth seeding.

Sixth place could go to Atwater on the strength of his fine performance of last season. Seeded seventh, he captured a 6-1 first set from Seixas in the quarters and took four games in the second before going down. Ray Morris and Charlie Rice, of Carolina, and Ted Keesler, of Davidson, form a trio which will have to be considered thoughtfully before the No. 7 and 8 positions are assigned.

**Good Doubles Teams**  
Bartzen and Kovaleski may well draw the top doubles seeding and could be followed by Galloway and Bob Doll or Atwater and Jim Macken. The former duo reached the 1947 semis before losing to Bartzen and Larned. Seixas and Taylor, if the former is ready to go, could furnish tough competition. Also strong is Davidson's top tandem of Ted and Lenoir Keesler.

Each participating school is allowed eight singles entrants and four doubles teams. In addition to the men already mentioned, Coach Sharvy Umbeck will take Dick Randall and Lyman Chennault or Bill Ozenberger on the

See TENNIS, Page 5

## Baseball Nine Plays Quantico, Jackets, Richmond This Week

The Big Green baseball squad is on the road this week, playing three engagements away from Williamsburg, including the game played this afternoon against the Quantico Marines.

Tomorrow the locals will appear in Ashland for the only contest of the year against the Yellow Jackets of Randolph-Macon. Jim Stewart may be the starter. On Saturday the Tribesmen will play in Richmond, taking on the Spiders at Milhiser Field.

### Lose To Richmond

Out of the four games played during the past week, the Redmen took three, losing only to Virginia Tech at Blacksburg on Monday. Stewart started for the losers but was lifted in the eighth.

The Water Pageant, which was to have been presented by members of the Water Safety Corps on May 14 and 18, has been cancelled, it was announced Saturday.

The visitors got off to a one-run lead in the first, but the Gobblers scored two in the second on a home run by Zender with a man on base. They iced the game in the eighth inning with another four master, this time by left fielder Slayton with two ducks on the pond.

## Golfers Drop 11-7 Decision To Apprentice

The Newport News Apprentice School golfers kept alive a winning streak by downing William and Mary, 11-7, last Wednesday at the Hampton Country Club course. It was the fifth straight win for the Apprentice School linksmen.

The Indians, who had captured their two previous matches, pressed the victors as Doug Weiland and Doc Ware defeated their opponents. The Maroons, however, led by Captain E. Rappold who was low medalist with a 75, had enough to win.

### The Summaries

Rappold, Apprentice, defeated Baldwin 2½-½; Weiland W&M, defeated Tidd, 2½-½. Best ball match won by Apprentice, 2 and 1.

Ware, W&M, defeated LeClair, 2-1; Robbins, Apprentice, defeated Donahue, 2½-½. Best ball match won by Apprentice, 2½-½.

Against Virginia Military, however, the locals repeated their earlier performance by trouncing the Keydets to the tune of 11-1. Bob Gill turned in an excellent pitching job, going the route and allowing the losers only four hits.

### Take Early Lead

The Indians got off to an early lead, scoring two runs in their first time at bat. They added another three in the second inning before the Keydets scored their lone tally on a home run by Williford. Captain Leo Brenner was the player of the day when he collected a single, a triple, and a home run in three trips to the plate plus two free passes for dessert.

The game between Davidson and William and Mary was started and progressed three and one-half innings before rain halted play. The visitors' pitcher, Torrence, had allowed no hits or runs while Chick Fox had given up one single and no runs.

### Swamp H-S

The Redmen had another field day against Hampden-Sydney on Saturday, posting an 11-4 score against the losers. Randy Mallory started the game for the Indians but was removed in the fourth inning after giving up eight hits, and "Hi" Wardwell finished the game and got credit for the win.

Each side got 15 hits, but the Tribe made more use of theirs by making them when they counted. They got a single run in the first, two in the second, and three in the third, but the big inning was the sixth when ten men batted and five came all the way around to score.

The record now stands at nine victories and two defeats for the Tribe. The two losses have been at the hands of VPI, while the locals have chalked up two wins each over St. Helena, Hampden-Sydney, and VMI. The postponed game with Richmond has been rescheduled for Saturday, May 22, here.

## Aquatic School Offers Scholarships To Seniors

Applications will be received until Saturday, May 15, for scholarships to the American Red Cross Aquatic School, which will be open to next year's seniors.

Qualifications include the possession of senior life saver status. Applications, with references, should be turned in to Dr. Caroline Sinclair in Jefferson gym.

## George Sheehan, Reymer Pace Field Men Who Participate On Thomas' Track Team

In the high jump, broad jump and pole vault the William and Mary track team is decidedly improved over last year. George Sheehan and Dick Reymer have proven to be the team's greatest assets in these events.

### Sheehan Leads

In the high jump Sheehan has paced the Indians. He won a letter last year as a freshman, and has shown vast improvement this year over his former performances. Sheehan, from Johnstown, Pa., is taking a pre-law course at William and Mary. So far this year Big George has taken three first and three seconds in six events, a near par for the course. His best jump this year, so far, was made against the University of Richmond, 6' ¾", which oddly enough, earned him only a second place.

Other men in the high jump are Bill Low and Harry Taylor. Low, a sophomore from Chicago, is out for the first time this year. He picked up a second in the Wake Forest meet and placed in the two Apprentice School engagements.

Both Low and Taylor, in their first year on the track team, have worked hard and have done some good work. Taylor, a freshman from Florida, has also placed in the pole vault.

Dick Reymer has been just about William and Mary's only scoring entry in the pole vault. He has been in five meets this year, winning three and placing second in the other two. His best jump this year came against Apprentice when he cleared 11' 6". He is a freshman from Arlington, where he held the State indoor and outdoor pole vaulting records while in high school.

### Broad Jump

Three men have placed for William and Mary in the board jump. Frank Rosenfeld has led this trio, his best effort being a first place in the last meet, against Apprentice. Rosenfeld, however, has amassed most of his points in the dashes. In the century he has one first (against Richmond), two seconds and two thirds; in the 220 he has a second and two thirds.

Frank was a high school star at Newport News High School. In high school he was the state champ in the 100 and 220, hitting 10 flat in the 100 at one time.

Al Rosenfeld, the other half of the twin Combo, has been sidelined with a bad leg most of the season. He competed only in the first two meets of the year and picked up a second and a third. In high school Al was state broad jump champ with a 21' 6" lead.

Pat Reeves is the third man in this group. He, like Frank Rosenfeld, has picked up most of his points in other events. Reeves has done a good job in the low hurdles this year, picking up firsts against Apprentice, Wake Forest and Richmond. He also placed in the Virginia, VMI and Apprentice meet. In broad jumping Reeves has two seconds and a third. Reeves, one of the high point men on the squad is from Whitmarsh, Pa.; he performed last year for the Indian cindermen but has been much more effective this season.

## Past Records Favor Terps Of Maryland

With the 1948 track season nearing its conclusion, Coach Al Thomas and his Tribesmen are looking forward to the Southern Conference Tournament scheduled for Chapel Hill, N. C., on Friday and Saturday, May 14 and 15.

At this writing, the University of Maryland's Terps are expected to take the meet, although plenty of competition will be offered by the Carolina entrants. It is probable that all conference teams will enter.

As a whole, there is more emphasis on track in the Carolina colleges than in any of the Virginia schools. Because of this, with the exception of Maryland, the tournament is expected to be dominated by N. C. State, Carolina and Duke. Those teams are definitely stronger than any that the Old Dominion can offer.

Coach Thomas, prior to the Big Six meet held at Charlottesville last Saturday, had not definitely decided who the William and Mary entries would be. Tentatively he planned to take Francis McFall, sprinter; Bob Batchelder, 440; "Rocket" Roy, half-miler; Clyde Baker, half-mile, mile, or two-miler; Sam Lindsay, half-miler, and possibly Bob Lawson, two-miler. In the field events he expected to enter Lou Hoitsma, George Hughes, Lou Creekmur in weights; Harry Wenning, javelin; "Red" Sheehan, high jump; and Dick Reymer, pole vault. The mile relay team will probably consist of Batchelder, Roy, Harrison Tyler and Bernard Skiba.

Coach Thomas feels that some of his men such as Roy, Baker, McFall, Lindsay, Wenning and Creekmur, should place in their respective events. The Indians did not enter the meet last year.

## Elaine Lamp Takes Second In Net Tourney

Elaine Passow Lamp, of William and Mary, bowed to Jane Austin, of the University of Pennsylvania in the finals of the Middle Atlantic tennis tournament on Sunday at Swarthmore, 6-4, 6-3.

Elaine was runner-up last year to Betty Coumbe, also of William and Mary, who didn't defend her title. Although having been sick for quite a while this spring Elaine, who was seeded No. 1, moved, as was predicted, to the finals with ease.

Jane, who is the Philadelphia singles title-holder, had won the championship two years ago, but was eliminated last year by Betty Coumbe in the semi-finals.

Mrs. John B. Prizer, chairman of the tournament, gives the cup each year to the winner. It is an invitational tourney, with colleges from the middle states region being invited to enter.

William and Mary had six girls entered, Jane Oblender, Nancy Milne, Jean Morgan, Ruth Barnes and Carol Newman. Ruth reached the quarter-finals before being defeated by Jane Austin.

Elaine and Jane were interviewed over an NBC hookup, Saturday, on the Sports Parade program. Elaine then admitted, "I had it on my mind to beat her, but couldn't put it on the ball."

## Conference Additions

There is a strong movement in progress to bring the University of Virginia and West Virginia into the Southern Conference. Such additions would bring Dixie membership to 18, making it one of the largest in the country.

# Jefferson Leads In Struggle To Win Position In Playoff

Jefferson, one of the three contestants fighting for the women's softball championship, won a victory that wasn't played on the diamond. The girls on the Jefferson team protested the game played between them and Gamma Phi to the Intramural Committee on the grounds of not having the proper allotted time of one hour in which to play the game.

This game was the only defeat that the Jeffersonians had on their tally sheet, since Theta forfeited this week. The committee decided to have these two teams play it over and the result will be the deciding factor as to who will have the opportunity of meeting KD for the championship.

Gamma Phi stretched its winning streak to five games by beating Theta, 14-10, and winning from Kappa by the slim margin of 14-13.

KD is one of the contenders since they have four wins and no defeats. Their last game was won at the expense of Tri Delt by the score of 13-0.

Pi Phi beat Theta by 12-9 and then turned around and lost to Phi Mu, 3-2.

Many of the games that were scheduled were forfeited because some teams did not have the required number of players. Kappa's second team had to forfeit to Chi Omega's II and III teams and Tri Delt's II team. Alpha Chi had to play only one game this week and that was against Chi Omega who beat them, 5-2. Their other games with Chandler and Tri Delt were both forfeited.

In 1945, when William and Mary resumed track, the sport was coached by Glenn Knox and Marvin Bass, former Indian greats.

# Indians Place Second In Big Six Meet

## Braves Edge Out Virginia Tech, VMI As Cavaliers Walk Away With First

By Hugh DeSampier

Last Saturday at the Big Six track meet, the William and Mary Indians pulled one of the major surprises of the current season when they grabbed second place and hung on to it by a slim margin. The meet is the annual proving grounds for state teams, usually deciding the men who will attend the Southern Conference meet, which will be held this week end at Chapel Hill.

The meet was won by Virginia, as has often been the case, the battle for first place not even being close. The real thriller of the afternoon was the three-way scramble for second between the Tribe, VMI and VPI. It was close all the way with the final event, the relay, deciding the controversy. Final scores were Virginia, 67 1/6; William and Mary, 25 1/2; Virginia Military, 24 1/2; Virginia Tech, 24 1/3; Richmond, 17 1/2; and Washington and Lee, 6.

Copch Al Thomas was very pleased with the showing of the team. He stated, "They performed far above my expectations—did themselves proud. It was team spirit and team strength that paid off in the end. Harry Wening deserves praise for throwing the javelin the farthest he has ever thrown in gaining the only William and Mary first place. Also deserving of special praise are George Hughes, who hadn't been counted on for points, but came through in both the discus and shot put with excellent throws, and Francis McFall with two places in the sprints. McFall had the fastest qualifying time for the 220."

He added that, "With the material we had at the beginning of the season, the boys have really come through. They have shown a decided interest, and I believe that track is on the upgrade here." A meeting has been called for one day this week, at which time it is expected that a team captain will be elected.

Giving all due credit to the fine Virginia team that ran away with first place honors, it must be made known that "dark horse" William and Mary scored a definite moral victory in topping strong Tech and VMI. The victory over the Keydets was especially sweet as it helped to avenge an early season loss to them.

places the Tribe consistently higher.

If the Cavaliers choose to remain off the Indian schedule, they will leave room for teams just as good or better who aren't afraid to take their chances with the up-and-coming Indians.

Great possibilities are shown by the Flat Hat's cartoonist, Hugh Haynie, who is making his first attempt this year at drawing for publication. Two of his works, including the one used on the sport page a couple of weeks ago which showed Tommy Korczowski, have been reprinted in Virginia dailies. The other was a political cartoon showing Truman and Tuck, and provoked editorial compliments.

## Women Pick Murphy As Federation Prexie

Jimmie Murphy was elected president of the second conference of the Virginia Athletic Federation of College Women to be held here next April. The corresponding secretary will be Marianne Haynes and the recording secretary will be a representative from Madison College.

There will be three faculty advisors; Dr. Caroline Sinclair will be on this executive body as a representative for the college, Margaret Reynold from Sweet Briar will be the representative at large, and the third faculty advisor will be from Madison College.

Each college will have a press reporter so that news concerning the federation will be given to all members first hand. There will also be four news letters a year with the first issue being published in October.

## Tennis

(Continued from Page 4)

trip which will begin tomorrow morning.

Kovaleski sustained his initial loss of the season last Thursday when he was defeated by Virginia's captain, Hal Burrows, 2-6, 6-1, 9-7, as the Cavaliers lost their second match of the year to William and Mary, 6-3. On Sunday the Indians captured their 57th straight win by downing the Country Club of Virginia, 9-0, in Richmond. This afternoon's last home attraction, with George Washington's team providing the opposition, had not been completed when the Flat Hat went to press.

## Sigma Rho Remains Unbeaten In Fraternity Softball Loop

The Sigma Rho softball nine scored two more wins last week, to secure further their top position in the Fraternity league. On Tuesday the unbeaten Sigma Rho's play the once-defeated Pi KA's in what might be the deciding game of the season.

KA and SAE, who up to last week were strong contenders for the crown, were both downed by the strong Sigma Rho's, KA by an

11-9 count, and SAE, 8-2.

A pitchers' duel is in prospect for Tuesday between the loop leaders' Chet Mackiewicz and the Pi KA's Hank Blanc.

Harvey Levine, Pi Lambda Phi, captured the school handball championship last week by defeating Steve Chipok, Sigma Rho, in a hard-fought contest.

## WAA Appoints Heads For Intramural Sports

The heads of intramural sports next year as appointed by the Joint Committee of the Women's Athletic Association are: Shirley Lyons, tennis; Delores Huette, manager for the varsity tennis team; Nancy Ramseur, bridge and ping pong and Anne Menefee, basketball.

Also, Mary Lou Hoover, manager of the varsity basketball team; Frances House, swimming; Melissa Warfield, hockey; Peggy Benedum, badminton; Dee Curry, dance; Charlotte Phillips, Water Safety Corps; la Ferne Doss, softball; Mary Moore, archery and Jane Copland, hostess.

## Bright

(Continued from Page 1)

full-time teaching, and therefore, the functions of the two offices are being combined under Bright.

This new office will also be coordinated with the Counselling Office in order to implement guidance in choosing both student and graduate jobs and careers. Dr. Umbeck expressed the hope that these two offices would be situated near one another so that the close cooperation would be more complete, and the files concerning the student's aptitude tests, past jobs and career preferences could be combined.

The Placement Bureau was originated in 1932 by Corey to aid those graduate students in the economics and business administration courses to get jobs during the depression. When John Stewart Bryan became president of the college in 1934, he was very interested in the program and soon asked Corey to help students in the social science courses to find jobs. In 1936 this program was extended to include graduate students from all departments and has continued in this capacity until the present. A program is now under consideration to help students get summer employment in their fields of concentration.

The Work Study Plan began in 1942 to aid those students who would otherwise be unable to attend college because of financial difficulties. A plan was set up whereby a student would attend classes three days of the week and work the remaining three days.

During the war many students worked at the Naval Mine Depot and one group completely manned the dining room at the Inn. At the present time the same program places undergraduates at the Travis House, where the complete staff of waiters, except the head waiter, is composed of college students.

(Continued from Page 3)

country because its cities are still growing. While "city structures are based on land and its uses," he cited the need for intelligent planning and the creation of cities for the people.

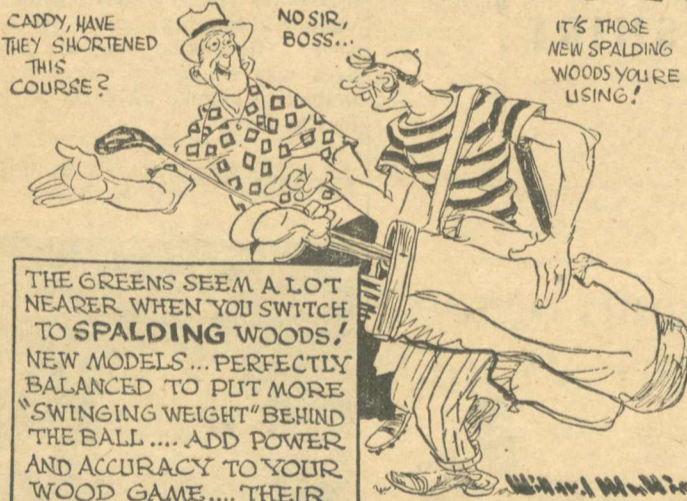

Other essentials of planning include, Demerath said, civic organization and proper public opinion; construction by mixed private and public enterprise; competent planning techniques and builders and a new development of facilities for construction.

Stressing the importance of the application of social science to urban growth, he closed by stating that "we go to the science of cities to move us from where we are to where we will be tomorrow."

### Seniors To Discuss Spending Of Funds At Final Meeting

Members of the senior class will hold their last meeting on Thursday, May 13, at 7 P. M. in Washington 200.

Matters pertaining to the class luncheon and the disposition of class funds will be discussed. Free theater tickets, a gift of the Williamsburg restoration, will be distributed. "All seniors are urged to attend this important meeting," declared Dusty Ash, class president.

Ash announced that reserved seat tickets and invitations for graduation may be picked up on Thursday afternoon, May 13, at the auditor's office in Marshall-Wythe. A few extra tickets to graduation will be available to seniors who desire more.

JOURNEY TO GREAT BRITAIN DISCUSSED—Pictured above are George Wells, Pat Norton and Gene Griffin, William and Mary students who will attend summer school at Southampton's University College and the University of St. Andrew's in Scotland.

### Assembly To Act On Amendment Affecting Term Of Flat Hat Editors

At the last meeting of the Student Assembly, Dick Carter, chairman of the Publications Committee, presented an amendment to Article X of the Constitution affecting the election of the editor and junior editors of the Flat Hat.

The proposed amendment stated that the members of the Publications Committee, except the editor of the Flat Hat, shall be elected during the first week of April or May. The editor of the Flat Hat shall be elected during the last week of January, effective in 1950 and

### Dr. Umbeck States Registration Dates For First Semester

"Registration for the first semester of the academic session of 1948-1949 will be held on Thursday and Friday, September 23 and 24," stated Dr. Sharvy G. Umbeck, dean of the college. Notice of the time and day for the official appointment with the advisors will be mailed to students in August.

Pre-registration for sophomores and juniors has been held this past week and extends through tomorrow, in order to facilitate the orderly process of registration in September.

thereafter, his membership shall begin on February 1 and shall last for one year. Other members of the Publications Committee shall begin their membership on June 1 and their term of office shall last for one year.

However, this will go into effect after next year's elections when the editors will be elected in May and their editorship shall expire the following February.

This proposal also states that the editors shall be elected preferably from the junior class among the junior editors and that a candidate to one of the salaried offices must have maintained during the semester or over three semesters a quality point average of at least 1.4.

Howard Hyle, president of the Student Body reported that the addresses of the students will be published in the student directory soon after college begins next semester.

## Wythe Law Club Begins Issuance Of Regular Letter

The Wythe Law Club launched a new project last week, the issuance of a semi-annual newsletter to be sent to alumni and friends of the department of jurisprudence.

The newsletter, in a mimeograph format, was mailed to 145 law graduates, members of the Board of Visitors, Board of Directors and members of the Virginia Judiciary. Several replies have been received commenting favorably on this project.

The faculty of the department will be widely dispersed this summer. Dr. D. W. Woodbridge will conduct bar review courses at Washington and Lee and the University of Virginia and then will teach Contracts II at the University of Florida as a visiting professor. Dr. J. M. Cormack will spend the summer in Mexico City on a special grant from the Mexican government to do legal research on their labor law. Charles H. Anderson and Donald R. Taylor will teach during the William and Mary summer session.

Dean Arthur Phelps, now on leave of absence, is expected to rejoin the department in September.

Dr. Archibald F. Ward Will Speak At Chapel

## Dr. Ward To Speak At Chapel Service

Dr. Archibald F. Ward, minister of the Williamsburg Baptist Church, will speak on **Choosing the Right Course** at the chapel service tomorrow night.

Choosing as the theme of his talk **The Buried Life** by Matthew Arnold, Dr. Fraser Neiman spoke to the chapel audience last week on the immortality of literature and the virtue of love.

Good literature itself, containing many ideas, gives the mind much information and food for thought. Dr. Neiman stated that peace was to be found in self-knowledge, introspection and meditation. "Man tries to reveal his hidden self, and until he does this he does not know love and peace," he concluded.

## IRC Conference

Bob Cook and John Fritz attended an IRC conference at Randolph-Macon Men's College on Friday and Saturday, May 7 and 8, where Cook was elected president of the state-wide IRC organization. The purpose of this meeting was to draw up a constitution for a state organization of all IRC's in Virginia in order that there may be more cooperation and a greater exchange of ideas among the clubs.

### City Will Begin Drive For Funds To Fight Cancer

The fund-raising phase of the American Cancer Society's year-round efforts to combat that disease goes into operation this week in Williamsburg. A goal of \$500 has been set for Williamsburg and James City County.

Donald R. Taylor, Williamsburg attorney and lecturer in jurisprudence at the college will be chairman of the fund-raising effort. Ira B. Dworkin, graduate law student in charge of the campus drive, has asked for volunteers to help collect college donations.

Based on past statistics, 180,000 persons die of cancer every year in the United States. Medical statistics show that 30% to 50% of those doomed to die of cancer in 1948 can be saved by early recognition of cancer symptoms. The American Cancer Society, composed of 59 divisions throughout the 48 states, has been in existence since 1913. Its purpose is the control of cancer, which it has been combatting through a three-fold program of education, medical service and research.

### Miss Cummings Dies

Miss Lilian Cummings, head of the home economics department, for 20 years died Saturday night at the Christian Science sanitorium in Chestnut Hill, Mass., after an illness of five months.
