President's Annual Report Published

Efforts to increase financial support for the College, and to use income more effectively and efficiently, are pledged in the first annual report of President Graves.

The report, made to the Board of Visitors and printed for distribution to alumni, parents and friends of the College, concentrates on activities designed to increase William and Mary's stature as a state institution of unusual quality.

The document chronicles many of the activities at the College since Mr. Graves became its 24th president in September, 1971, and also some of the policy decisions which were adopted during the year.

"Many significant and pressing opportunities remained before us at the end of the year," he wrote. Among these were "broad problems related to the physical, living, working and learning environment...most of which are complicated by a lack of sufficient currently available funds with which to take remedial action."

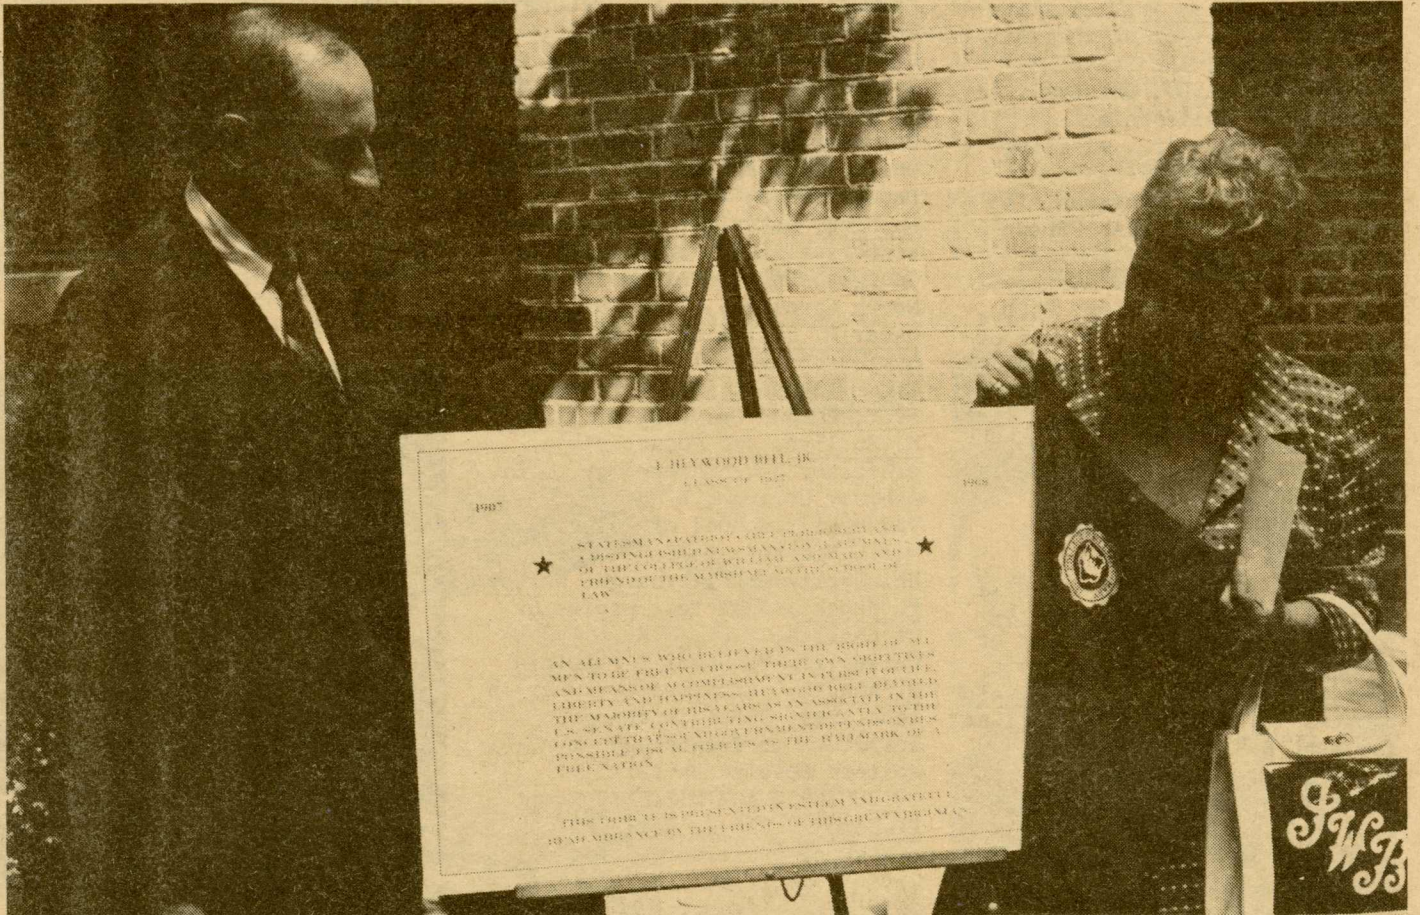

"It is crucial for us to approach these opportunities promptly, carefully and efficiently, for the quality of education bears a close and direct relationship to the quality of the environment in an institution such as ours," he wrote.

He cited a need to develop a "modern internal budgeting, control and costing system... that will allow us to set effective budgets and continue to control costs at all levels of the College," especially since the College "as a state institution being heavily dependent on state funds, has an obligation to be cost conscious, and efficient and productive in the use of these funds."

Moreover, he added, the effort is required "if we are to expect to increase the inflow of resources and support we need to move toward excellence, while still holding to our limited size and objectives."

On the matter of increasing financial support, he described the establishment of a new Office of College Development to set up a "well managed and coordinated development program (which) will make a substantial contribution to our goal of excellence." He said the office headed by a vice president, will act on the basis of a "carefully documented assessment of needs and priorities."

"Despite the continuing support of a growing number of very generous and thoughtful alumni and friends, there has

PRESIDENT GRAVES AND MRS. BELL VIEWING PLAQUE HONORING THE LATE J. HEYWOOD BELL

not been a coordinated and continuing program to develop outside resources for the College," he said. Current annual fund raising by the independent Society of the Alumni and the athletically-inclined Educational Foundation have been at a "relatively modest" level and the College "has not benefited in proportion to the very substantial efforts devoted to these programs and in terms of its overall needs and commitments to educational enrichment."

He noted that the College and those associated with it appear to have reached a consensus that its size shall remain approximately at its current level, with no more than 4,000 undergraduates.

Among other efforts to be made are long-range planning, through a self-study now in progress, an increase in Black enrollment, faculty and administrative personnel; and improvements in internal communications and governance.

Copies of the Report can be obtained in the President's Office, Ewell Hall.

Ten members of the faculty and staff have been included for the first time in the 1972 edition of *Who's Who in America*. Selected were Nathan Altshuler, professor of anthropology; Richard M. Brown, professor of history; Carl R.

Plaque Honors J. Heywood Bell

A plaque honoring J. Heywood Bell, '27, a friend of the Law School who served on the staff of the late Senator Harry F. Byrd for many years, was dedicated in the Marshall-Wythe School of Law recently.

At the time of his death in 1968, he was director of the Joint Committee on Reduction of Nonessential Federal Expenditures in Congress.

Mr. Bell was associated for nearly 30 years on Capitol Hill with Senator Harry F. Byrd. He joined Senator Byrd's staff in 1936, served as a research man and speech writer. When the Joint Committee was set up in 1941 with Senator Byrd as chairman, he became its staff director. He continued in that post after the Senator resigned from the Senate in 1965.

Mr. Bell was born in Newport News. While attending the College, he covered news for the Newport News Daily Press and Times-Herald and during that period wrote the first story of the Rockefeller plans to restore Williamsburg.

The dedicatory plaque cites Mr. Bell as "an alumnus who believed in the right of all men to be free to choose their own objectives and means of accomplishment in pursuit of life, liberty and happiness. Heywood Bell devoted the majority of his years as an associate in the U.S. Senate contributing significantly to the concept that sound government depends on responsible fiscal policies as the hallmark of a free nation."

A Reception For Sophomores

President and Mrs. Thomas A. Graves, Jr., cordially invite all sophomores to a reception at the President's House on Sunday, September 24 from four to six p.m.

Ten Selected For Who's Who

Dolmetsch and Fraser Neiman, professors of English; Thomas H. Jolls, professor of law; Carter O. Lowance, executive vice president; John L. McKnight and Robert Welsh, professors of physics; Anthony L. Sancetta, professor of business administration; and Dr. Robert Siegel, director, Space Radiation

Effects Laboratory, Newport News. Also named was Algin B. King, formerly of the School of Business Administration, now dean of the School of Business at Connecticut State College.

President Thomas Graves was selected last year for inclusion in the publication.

Welch, assistant professor, B.S., Stanford University, Ph.D., Massachusetts Institute of Technology.

LIBRARY - Miss Leah Rae Miron, assistant cataloging librarian, B.A., Rice University, M.A., L.S., University of Denver.

Area Code To Change

Plans are being made now by the C&P Telephone Company to introduce Area Code 804 in the southeastern part of the State beginning June 1973, according to T. N. P. Cutler, manager of the Williamsburg office. The code is being added because of population growth and demand for telephone service.

"Since the area code will change to 804 on June 24, 1973, we want to give our customers advance notice so that they can arrange for the new area code to be shown on letterheads, business cards, invoices, etc., in June 1973. We encourage our customers to make these changes to ensure prompt completion of incoming calls to them and their firms," Mr. Cutler stated.

OFFICER BARBOUR

New Security Officer

A new officer is on the scene in the Security Office. He is James W. Barbour, III, who comes

to this campus from the Eastern State Hospital security staff.

A native of Charles City, Mr. Barbour is a graduate of Ruthville High School. He and his wife, Thelma, an employee in the York County school system, have one daughter and two sons.

New Shop Now Open

The Williamsburg Community Hospital Auxiliary has opened a White Elephant Thrift Shop at 452 North Boundary Street across from the VEPCO Plant.

The new shop is open for business each Thursday, Friday and Saturday with hours from 10 a.m. to 3 p.m. Merchandise for the shop will be received during the store hours and also on Wednesday from 10 a.m. to 3 p.m.

All proceeds will be used to purchase equipment for the hospital.

The new shop has a special need for volunteers to refinish and repair furniture and sell. Anyone, male or female who would like to volunteer their services is asked to contact Mrs. Steen, 229-8990.

President To Visit

Richard Bland

Dr. Graves will visit the Richard Bland campus on September 20. He will also meet with the Board of Visitors on September 22-23.

Theatre Season Opens Oct. 18

The 1972-73 William and Mary Theatre season includes four productions and two visiting professional touring companies.

The season will open with a monumental Shakespearean tragedy of love and empire, "Antony and Cleopatra," directed by Jerry Bledsoe, October 18-21.

The Theatre's second production, "A Cry of Players," a comic drama about young Will Shakespeare's formative years in Stratford, directed by Louis E. Catron, will be presented Dec. 6-9.

A fey musical fantasy of a land of dreams, "Brigadoon," by Lerner and Loewe of "My Fair Lady" fame, co-directed by Stephen Paledes and Howard Scammon, is scheduled for Feb. 28.

The culminating production of the season, "The Trojan Women" by Euripides, a moving drama about the cruel aftermaths of war, directed by Mr. Scammon, is scheduled for presentation April 18-21.

The first of the two Theatre-sponsored professional touring companies, "Jacques Brel is Alive and Well and Living in Paris," featuring the famous Brel dramatic lyrics and music, will be presented Sept. 30. The second, The Little Theatre of Sicilian Puppets' production of "Don Quixote," a novel and ancient cultural tradition presenting the story of the Man of La Mancha, is scheduled for Nov. 18.

Season tickets for the four Theatre productions are priced at \$7; for the four plays plus the two visiting professional companies, season tickets are \$12. Information is available at the Theatre office in Phi Beta Kappa, ext. 395.

Alumni Drop Burgesses Day

The Society of the Alumni has announced the temporary discontinuation of "Burgesses Day," which, in the past, has recalled the occasions in colonial times when the House of Burgesses met on the campus.

This step is being taken because of the "pressing financial needs of the College and of the Society and the clear desirability for all of us to use the limited financial resources within the State system of higher education as frugally as possible..." C. Randolph Davis, of the Board of the Society, stated. The Society has the full support of the administration of the College on the issue.

Hall Receives Hope Scholarship

John Hall, a rising junior, is the recipient of the James Barron Hope Scholarship for the academic year 1972-73. Hall was awarded the Scholarship for his story, "Dulcimers and Ramps," which appeared in the spring issue of the *William and Mary Review*.

Anthropologists Seek Clues To Colonial Era

Several members of the Department of Anthropology are uncovering an early colonial village, dating to the c.1618 period. Forming the team are Norman Barka and Nathan Altshuler, co-directors; Mr. Barka, director of research; Leverette Gregory, director of field operations; Jane Townes, laboratory supervisor; and students from the Department.

The project is being sponsored by Mr. and Mrs. David A. Harrison, III, of New York City, who recently established Southside Historical Sites, Inc.

Flowerdew Hundred is believed to have been one of the largest and most important plantations during the early years of the Colony, and a thriving popula-

tion center throughout the 17th century. Only limited information on the settlement can be provided by documentary sources. Much of its history lies buried in the ground, and it remains for archaeological research to reveal the characteristics of past life at the plantation, according to Mr. Barka.

Eighteen early 17th century archaeological sites have been located to date on the plantation, as well as numerous late 17th and 18th century sites.

Recent archaeological excavations have begun to uncover the remains of the earliest colonial settlement: a substantial, well-preserved house foundation dating to the c.1620's, which was evidently

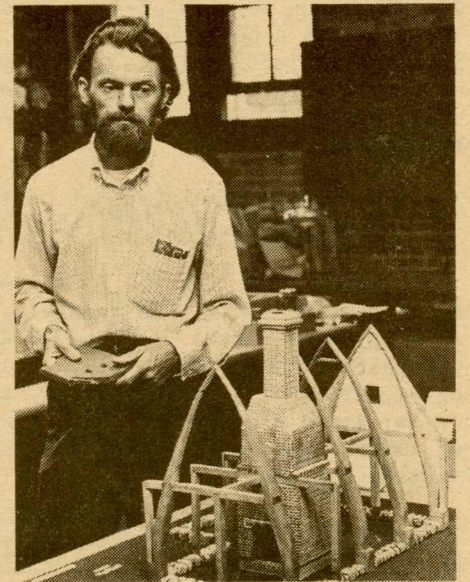

part of a large cluster of buildings or row houses; a probable fort structure where gun parts, cannonballs, armor, and so forth have been unearthed; portions of the extensive palisade, which apparently surrounded the plantation and was many thousands of feet in length in each direction. In addition to these structural remains, artifacts (pottery, iron tools and hardware, pewter, glassware, etc.) from England, Germany, Holland, and China have been found.

"The opportunity exists, as never before, to uncover a seemingly complete early 17th century English-American plantation," Mr. Barka stated.

Mrs. McCoy Serves "First Families" On Campus

Mrs. Sarah McCoy can easily relate how it is to work in the home of a college president. She has served as a maid to three "first families" on campus - the Pomfrets, Paschalls, and presently the Graves.

Mrs. McCoy worked for the Pomfrets for a year but left to take another job on campus. She returned to the President's House in 1964, where she has remained.

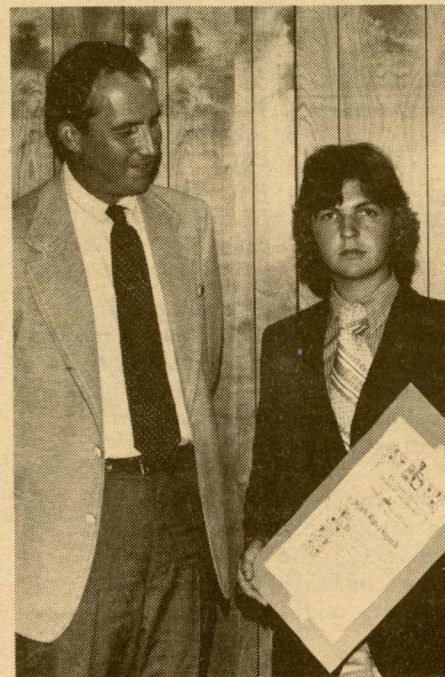

Of her work with the three presidents and their families, Mrs. McCoy says, "It has been fun seeing the different people

who have been guests in the President's House through the years, especially those from other countries." The two young Graves - Andrew and Eliza, she feels, are "two of the sweetest children you'll ever find."

A native of James City County and member of the Church of God, Newport News, Mrs. McCoy spends much of her leisure time working in church. Her husband, the late John Daniel McCoy, was employed at the College many years prior to his death in 1964. Her brothers - Lawrence and John Rowe - have worked at the College a total of 17 years.

Gazette Award Given Reynolds

The Virginia Gazette Award for 1972 has been presented to Mark Rigney Reynolds of Danville. This award, given annually since 1963 through the generosity of John O. W. Gravely III, publisher of the *Virginia Gazette*, is presented to a returning student who has made an outstanding contribution to a student publication of the College in one or more of the journalistic arts. It consists of a certificate and a check for \$100. Mr. Reynolds, currently a senior, is managing editor of the "Flat Hat" and was cited for accuracy and fairness in reporting.

Women's Club Opens Program

The College Women's Club will open its program this year with a "Fall Welcome" and business meeting, October 6 from 3:30-5 p.m. in the Dodge Room of Phi Beta Kappa Hall.

Club schedule for the rest of the year includes the following: Oct. 9, Newcomers Realty program, 8 p.m., Dodge Room; Nov. 7, Election morning coffee, (children welcome), Dodge Room, 10 a.m.-noon; Nov. 16, Newcomers dessert with Mrs. Graves, The President's House, 8 p.m.; Dec. 1, theatre party, Williamsburg Players, York Street, curtain 8:30 p.m.; Jan. 5, coffee and greenhouse tour, Millington Hall, 10 a.m.-noon; Feb. 3, "Second Semester Spectacular" with gourmet refreshments, Campus Center ballroom, 9 a.m.-1 p.m.; March 15, coffee with Mrs. Graves at the President's House, 10 a.m.-noon; April 10, tour of VIMS, Gloucester Point, followed by coffee, 9 a.m.-noon; May 4, spring luncheon and business meeting, Dodge Room, noon-2 p.m.

Club officers are: Mrs. Richard Prosl, president; Mrs. John Lavach, vice president; Mrs. Marvin Stanley, secretary; Mrs. Warren Heemann, treasurer; Mrs. Richard Walck, welcome chairman; Mrs. J. Worth Banner, membership chairman; Mrs. William Bullock, hostess chairman; and Mrs. Arthur Isham, newcomers chairman.

Office Of College Development

Recent Grant Opportunities

Programs with October DeadlinesUndergraduate Research Participation Funds - for Social Sciences and Natural Sciences - Deadline October 16, 1972

The Undergraduate Research Participation (URP) Program provides support for college-level activities that increase the opportunities for undergraduate students and institutions alike to obtain experience with investigative project-centered education designed for each student as an individual. Such experience may take the form of research, research participation, or independent study.

The Program's purpose is to foster this more open approach to the education of young scholars and to lead institutions to incorporate opportunities for research participation and independent study into their normal curricular patterns. Projects should result in improved patterns of college instruction as faculty members become convinced that superior teaching effectiveness results from placing major responsibilities for learning upon able, well-motivated students, and that project-type work is a powerful motivator. A secondary but nonetheless important objective is to establish or sustain a modest amount of faculty-student research in departments which enjoy little other external support for this key component of a good teaching environment.

Title I, Higher Education Act of 1965 - Community Improvement, - Deadline, Preliminary Proposal, October 15, 1972

In accordance with the Annual Amendment to the State Plan for administering Title I in Virginia, the program emphasis for FY 1973 is to be placed on PUBLIC SERVICE KNOWLEDGE AND SKILLS FOR COMMUNITY IMPROVEMENT, particularly in such program areas as aging, drug abuse, model cities, and environment. Further, the State Agency will give special consideration to the development of cooperative, coordinated and linked programs in the above-mentioned areas.

Strengthening the International Dimensions of General Education at the Undergraduate Level - Deadline, October 15, 1972

The purpose of this program is to stimulate and assist innovative efforts to infuse an international perspective into general education at the undergraduate level, particularly in the first two years. Funds may be used to permit the institution to rework curricula, orient faculty, accelerate plans for hiring of new people to round out existing staff resources. Efforts which reflect an interdisciplinary approach and which show special promise of helping teacher education become more relevant to the world of the 1970's and 1980's are especially welcome.

Funds - Grants up to \$30,000 per year will be awarded to approximately 40 new programs for the academic year 1973-74. Initial grants for one year are renewable subject to the availability of funds and successful completion of the first year. The proposed program may include summer symposia, workshops, or intensive training as well as academic year activities.

Agency - Proposals should be submitted to: Robert C. Suggs, Division of Foreign Studies, Institute of International Studies, Office of Education, HEW.

National Endowment for the Humanities - Planning Grants - Deadline, Preliminary Outline, October 1, 1972

Planning grants may be awarded when an institution has completed an analysis of its strengths and weaknesses in the humanities and has identified areas in which, with effective planning, substantial progress can be made.

Funds - Up to \$30,000

ACLS Fellowships - See below.

New ProgramsThe German Marshall Fund

Announcement of the Fund was made by Chancellor Brandt in June. Legislation authorizing the fund was passed by the German Bundestag and provides a total of \$46.6 million to be paid out in 15 annual installments of about \$3.1 million each year beginning this year. About \$1 million is earmarked as an endowment in support of the West European Studies program at Harvard.

The three major areas of interest of the fund are: (1) the comparative consideration of problems of advanced societies in Europe, the United States and elsewhere; (2) the study of problems of international relations that pertain to the common interests of Europe and the United States; and (3) support for the field of European studies.

Chairman of the Board of Directors of the fund is Harvey Brooks, president of the American Academy of Arts and Sciences. Acting President is Guido Goldman, executive director of West European Studies at Harvard. The fund will maintain offices on the premises of the Carnegie Endowment for International Peace, Washington office, 1717 Massachusetts Avenue, N.W., Washington, D.C. 20036.

Japan Foundation

Establishment of the Foundation was announced in June following approval of the National Diet of Japan. The Foundation will place particular emphasis on personnel exchange and Japanese studies in the U.S. It will begin with an initial fund of \$32 million and is expected to grow in the future.

Applications to the Foundation may be addressed to Information Section, Embassy of Japan, 2514 Massachusetts Avenue, N.W., Washington D.C. 20008.

Senate-Passed Marine Mammal Protection Bill Contains Research Clause

The bill that would establish new guidelines for the protection of Marine mammals, H.R. 10420, has passed the Senate.

One of the provisions of the measure would authorize the Secretary of the Interior to award grants to state agencies and public and private institutions to undertake research in areas which relate to the protection and conservation of marine mammals.

An authorization not exceeding \$3 million for the fiscal year in which the bill becomes law and for each of the four following fiscal years would be for the grants. Funds appropriated for the program would be divided, one third to the Secretary of the Interior and two thirds to the Administrator of the National Oceanic and Atmospheric Administration.

Fundamental Scientific Research Proposals Wanted by Air Force

Nonprofit organizations, industrial corporations, and small business organizations are being invited by the Air Force Office of Scientific Research to submit fundamental scientific research investigation proposals for consideration.

The Office's research program involves phenomena-oriented investigations in the sciences related to Air Force needs, research involving the search for new scientific knowledge, and expansion of scientific principles.

Investigations in the following general areas will be supported: chemical sciences, mathematical and information sciences, electronics and solid state sciences, aeromechanics and energetics, life sciences, general physics and geophysics.

NSF Wants to Increase Research Efforts on National Computer Network

Research proposals which deal with the concept, feasibility, and problems related to a national computer network for education, research, and science information services are being solicited by the National Science Foundation.

Studies have been supported by the Foundation for several years and it now wants to expand these efforts to explore in more depth the resource-sharing potential of a national network in support of research and education.

Special attention will be given to proposed collaborative efforts for the development of new and effective approaches to resource sharing. One aspect of the expanded research will be to explore the extent to which the network could satisfy individual campus needs for computing and science information service.

American Council of Learned Societies

ACLS Fellowships - for research in the humanities; programs with a predominately humanistic emphasis in any of the social sciences will also be considered. Period of tenure: minimum of six continuous months; maximum of one year. Awards will rarely exceed \$12,000 each. The Ph.D. or its equivalent is required. Deadline: October 15, 1972.

Awards for Computer-Oriented Research in the Humanities - for the support of significant humanistic research involving the use of computers. Awards rarely exceed \$5,000. The Ph.D. or its equivalent is required. Applications for funds to buy computer time cannot be considered. Originality in the use of the computer rather than the routine application is sought. Applications will be accepted and reviewed throughout the year.

Study Fellowships - for young scholars in the humanities to enlarge their range of knowledge by study inside or outside the humanities but in disciplines other than their present specialization. Social and natural scientists who wish to study a humanistic discipline are also invited to apply. Period of tenure: minimum of six continuous months; maximum of one year.

Stipends will not exceed \$10,000. The Ph.D. or its equivalent is required. Although no age limit is imposed, it is expected that Study Fellows will normally be under 36 years of age. Deadline: November 1, 1972.

Grants-in-Aid - in support of significant humanistic research. Maximum award: \$2,000. The Ph.D. or its equivalent is required. Deadlines: September 30, 1972 and February 15, 1973.

Grants for Research on South Asia - for development specialists and scholars in the humanities and social sciences who wish to pursue research relating to Bangladesh, Ceylon, India, Nepal, and Pakistan; sponsored jointly by the ACLS and the Social Science Research Council. (Travel to and research within India are not included.) Grants may be used for travel, analysis of data, research expenses, and maintenance for three months or more, but grants rarely exceed \$10,000. The Ph.D. or its equivalent is required. Projects contributing to scholarly knowledge of social change and development in contemporary Asian society are particularly welcome. Preference will be given to applicants who do not have access to special funds for South Asian studies at their own universities. Deadline: December 1, 1972.

Grants for Study of East European Languages - for scholars and graduate students (who have completed one year of graduate study) for study of the languages of the following countries: Albania, Bulgaria, Czechoslovakia, Greece, Hungary, Poland, Roumania, and Yugoslavia; sponsored jointly by the ACLS and the Social Science Research Council. Applicants desiring to study Modern Greek are eligible only if they intend to teach it or use it in their research. Grants are for summer language study abroad or for enrollment in intensive language courses in this country. Stipends will include the equivalent of overseas group travel and subsistence at one of the summer language centers for foreigners available in most East European countries. The maximum award will be \$1,000. Deadline: February 1, 1973.

In all of the programs applicants are required to have the doctorate or its equivalent as of the stated deadline, except in the program for study of East European Languages. In addition, applicants must be citizens or permanent residents of the United States or Canada.

In requesting application forms please state: age, highest academic degree held and date received, citizenship or permanent residence, academic or other position, field of specialization, proposed subject of research or study, period of time for which support is requested, and the specific award program under which application is contemplated.

Application should be made under one program only. If the proposed research lies within the scope of one of the area programs, the application should be so directed; it may not be considered under any of the general categories.

All inquiries and requests for application forms should be addressed to: Office of Fellowships & Grants, American Council of Learned Societies, 345 East 46th Street, New York, N.Y. 10017.

Faculty members desiring assistance with individual research proposals for federal support may contact Samuel Buckwalter, III, Director, Office of Grants and Contracts. For additional information on institutional proposals, please contact Stella Neiman, Director of Sponsored Programs.

Students Urged To Apply For Grants

Faculty members are urged to encourage qualified students to apply for grants, administered by the Institute of International Education, for graduate study or research abroad, or for professional training in the creative and performing arts.

These grants, whose purpose is to increase mutual understanding between the people of the United States and other countries through the exchange of persons, knowledge and skills, are provided under the terms of the Mutual Education and Cultural Exchange Act of 1961 (Fulbright-Hays Act) and by foreign governments, universities and private donors.

Applicants must be U.S. citizens at the time of application, who will hold a bachelor's degree or its equivalent before the beginning date of the grant and, in most cases, be proficient in the language of the host country. Except for certain specific awards, candidates may not hold the

Ph.D. at the time of application.

Although in many countries, preference is given to advanced graduate students, opportunities for B.A. and M.A. candidates exist particularly in the following countries: Brazil, Chile, Ecuador, France (teaching assistantships and Alliance Francaise Scholarships), Germany, Italy (teaching assistantships), Mexico (Mexican Government Grants only), Peru, Portugal, Sweden, Switzerland and Yugoslavia.

A special effort is being made this year to recruit an increased number of qualified applicants from among minority groups.

Application forms and information may be obtained from the campus Fulbright Program Adviser, Dr. Gary A. Smith, Washington Hall 106B, Ext. 424. The deadline for filing applications through the FPA on this campus is October 20.

Second Annual Faculty Tennis Tournament

The second annual tennis tournament will be held this fall beginning September 22.

All tennis playing faculty members, regardless of their playing potential, are encouraged to participate. The tournament is open to both male and female.

A draw will be posted on Thursday, September 21, in the Adair Gym lobby.

The tournament will consist of a singles and doubles tournament. Participants are asked to call Steve Haynie, 229-3111, Ext. 320, Ext. 267; Alan Fuchs, Ext. 484, 486 or Wayne Kernodle, Ext. 332 to sign up. The deadline is September 21.

Players will be given the first weekend to complete the first round, the second round the following weekend and so on.

All caliber players are encouraged to take part.

Each player or team will be required to provide a new can of balls and the winner of each match will in turn take the unopened can to the next round, whereas the used balls go to the loser (sorry)!

Computer Center Short Courses

The Computer Center staff will offer a series of noncredit short courses this fall. These courses are open to faculty, students and staff from the College and other institutions which use the central computer. No course will be taught to fewer than six people and if six people request any additional course it will be offered.

Following is a more complete description of each of the courses. People may register for these courses by calling Erika Stein at the Computer Center, Ext. 477. Please leave your name, department, and phone number. For additional information, contact the course instructor or N. E. Gibbs.

President's Aides Named

President Graves has announced the names of the students who will serve as President's Aides for the current year. Eight will serve on the basis of offices they hold and the remaining four were chosen by the President from nominations made to him by the ex-officio aides.

The following will be Aides to the President for 1972-73 by virtue of the offices which they hold: Donald Alexander (Andy) Purdy, president, Senior Class; Daniel John (Dan) Coakley, editor, *Flat Hat*; Madeline Carney Collins, president, Mortar Board; Dennis Irl Belcher, president, O.D.K.; Donna Mae Fukumoto, president, W.D.A.; Charles Andrew (Chuck) Hall, co-chairman, Honor Council; Heather Lynne Dorion, co-chairman, Honor Council; and Cornell Thomas Christianson, president, Student Association.

The at-large aides are Robert Ranson, Barbara Woodall, Kermit Dance and K. Alexander. Ranson is chairman of the Board of Student Affairs; Miss Woodall is active in Project Plus and the College-wide Reading Program; Miss Alexander served as liaison with the Board of Visitors last year and is active this year in Project Plus; and Dance, a former president of the Black Students Organization and past Student Association vice president, currently serves on the Board of Student Affairs.

The Aides meet periodically with the President to discuss and advise him on mutual College concerns. They also participate in formal academic processions.

Since the number of ex-officio aides was reduced to eight by the elimination of the office of President of the Junior Class, the President appointed an additional at-large aide this year to maintain the level of aides at 12.

Season Begins For Players

A popular comedy, "Any Wednesday," by Muriel Resnik, will start the season for the Williamsburg Players. The play will make its debut on September 28, 8:30 p.m. and run weekends through October 21.

This delightful comedy deals with four very engaging and believable people: a millionaire businessman, his disarmingly innocent mistress, his hoodwinked wife, and the irate victim of his sharp practice. "Any Wednesday" is truly an updating of the old-fashioned comedy of manners.

Several members of the College community are members of the Players: Katherine "Kata" Austin, of the library staff, who stars as the mistress in "Any Wednesday," Joy D. Barnes, assistant editor of publications, Institute of Early American History and Culture, publicity and advertising; Arthur Barnes, a Ph.D. student in history, set construction; John Whitman, law student, set

designer who also works in construction; Letty Cash, secretary, Mathematics Department, publicity; and Patricia Blatt, administrative assistant to the director, Institute of Early American History and Culture, advertising and publicity.

Admission fee for the play is \$2.50. Patrons of the theatre must pay \$25 for the season (five plays).

General Delivery Service Extended

The U.S. Postal Service has agreed to extend student general delivery service at the Williamsburg Post Office to December 1, to permit the College to establish its own postal station in the basement of Old Dominion Hall.

Extensive renovation of the basement is necessary in order to make it useful as a postal facility. Its current occupants, the Evening School and Summer Session office, have been delayed in relocating to James Blair Hall because of renovations in progress there. OD construction work will commence after that move is made.

The new postal station, which is to be owned by the College, will be operated by College employees under supervision of the Office of Business Affairs. The College had not previously budgeted for the station, and the U.S. Postal Service declined a proposal that the facility be operated as a government-owned branch of the main Williamsburg Post Office.

The Postal Service had initially informed the College that it would need to abandon general delivery service to students after Oct. 1, or 30 days after the service was started when students registered. The Williamsburg Post Office lacks rental boxes in sufficient quantity to serve students, and is not permitted by the Postal Service to expand to meet local demand. It is also prohibited from providing delivery service to the campus proper.

The new station will provide a limited number of rental boxes, as well as other services such as postage stamp sales. It will also serve the faculty and staff by incorporating existing mail operations in James Blair Hall.

Purdy On Task Force

Governor Linwood Holton has named the president of the senior class, Donald A. Purdy, Jr., to the Environmental Goals Task Force of the Council on Environment.

The new task force has been formed to "incorporate the view of the private and citizen communities successfully into the decision-making process," according to a communique from Governor Helton's office.

Purdy is a government major and native of Media, Pa.

New Marshall-Wythe Director

Clyde A. Haulman, associate professor of economics, has been named the new director of the Marshall-Wythe Institute for Research in the Social Sciences. He is replacing W. Warner Moss, John Marshall Professor of Government and Citizenship emeritus, who had been the director since the inception of the Institute in 1966. Mr. Moss retired in June.

Mr. Haulman received B.S., M.A., and Ph.D. degrees from Florida State University, Tallahassee. He is currently doing research on the economic determinants of migration in the United States. Last summer, he received a grant from the Society of the Alumni at William and Mary to do a study of "Migration in Tidewater Virginia." He also received a National Science Foundation post-doctoral grant to study demography at the University of North Carolina and Duke University.

The Institute conducts the Marshall-Wythe Symposium during the second semester of the academic year. It also arranges lectures on current topics relating to the social sciences and develops research among the social science departments. The director is assisted by an advisory committee representative of the Marshall-Wythe School of Law, the departments of government, economics, history, sociology and anthropology and the School of Business Administration.

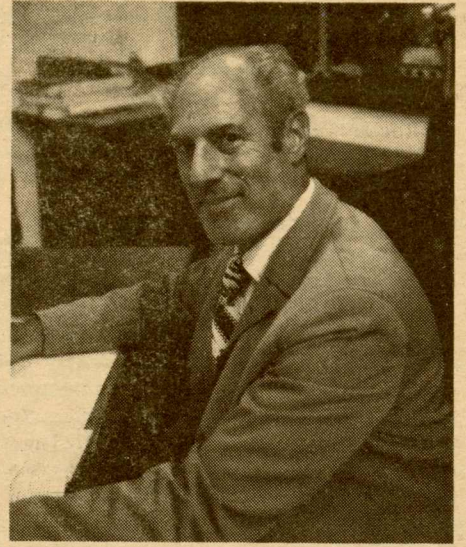

Parents Assoc. Selects Chairman

A Virginia Beach executive is chairing the steering committee of the Association of Parents at the College. Recently appointed to the chairmanship was Alfred W. Craft, Jr., senior vice president for the Virginia Beach Region of the First and Merchants Merchants National Bank.

Persons selected as vice chairmen for various sectors of the student body include: Kenneth L. Woodfin, Alexandria and Rob Roy MacGregor, Ridgewood, N.J., freshmen; Howard T. Cohn, Madison, N.J., sophomores; Robert Eller, Kinnelon, N.J., juniors; Robert P. Gardner, Suffolk, seniors; and Mrs. Arthur H. Gordon, Norfolk, graduate students and recent graduates.

Also named to the committee were Paul J. Arizin, Springfield, Pa.; John E. Johnson, Montross; Dan P. Restuccia, Lynchburg; Eugene L. Parker, Plainfield, N.J.; Mrs. Henry C. Reed, Martinsville; Charles H. Wilson, Jr., Richmond; H. Kurt Blumberg, Stamford, Conn.; James A. McClure, Arlington; Carl D. Lunsford, Richmond; and George B. Foy, Barrington, Ill.

One of the first duties of the new steering committee will be to assist with Parents' Day which this year will be held November 11.

MR. ROBITSHEK

Director Of Personnel

The name "Robitshek" is a common and not-so-common name on and around the campus. Persons seeking employment must touch base with this gentleman upon arriving on campus, or shortly thereafter.

Irving H. Robitshek is a native of Minneapolis, Minn., and received his degree from the University of Minnesota.

In 1942 he enlisted as a private in the U.S. Army and was promoted to master sergeant a few years later. He was subsequently commissioned as a second lieutenant, integrated into the Regular Army as a captain, and retired in the grade of lieutenant colonel in 1968.

Mr. Robitshek joined the staff at the College as director of personnel immediately after his retirement. He has subsequently been assigned the additional duty of Equal Employment Opportunity Officer.

His wife, Heidi, was born in Czechoslovakia, and prior to her arrival in the United States, she was a professional ballet dancer and instructor. Mrs. Robitshek currently dances with a number of Tidewater area groups, and conducts instruction in classical ballet in Williamsburg.

Campus Elections

Campus-wide Honor Council and Student Association elections are slated for Friday, September 27, according to Jay Burgomaster, SA Elections chairman. To be decided are two seats on the Board of Student Affairs, two junior class positions on the Honor Council, and forty SA senatorships.

One of the BSA seats is open strictly for members of the freshman class. The other is at large, and any student, freshman through senior, is eligible.

The Senatorial seats are chosen by geographic district, rather than by class standing. The forty senators chosen will represent 21 campus areas.

The Honor Council election is a special one to fill two seats vacated by John Elsasser and Jay Orr, winners of exchange scholarships to Great Britain. Only junior men are eligible for election.

Biology

Recent publication by biology faculty member:

School of Business

Richard J. Vargo, chairman, Department of Accounting, and William McCormick, Jr., associate dean for Undergraduate Studies, had articles published in the Fall Issue of *Medical College of Virginia Quarterly*. The title of Mr. Vargo's article is "Accounting Systems and Patient Receivables: Complementary Management Areas" and Mr. McCormick's, "Internal Control of Cash in the Medical Office."

Charles L. Quittmeyer, dean, was elected to the Board of Directors, First & Merchants National Bank of The Peninsula and attended the annual meeting of the Academy of Management in Minneapolis last month. He also was a panel speaker at Virginia Commonwealth University recently, on "Managing the Business School in the Seventies."

George D. Cole, Jr., associate professor, Department of Management, served as chairman of a management team conducting a three-day workshop for members of the State Agency Training Committee. Meetings were held at the Williamsburg Colony on By-Pass Road last month.

There were 29 participants from various state agencies, all having training responsibilities in their respective organizations. The program was sponsored by the Virginia Public Executive Institute.

Mr. Cole, also attended a three-day workshop at the Hilton Inn in Williamsburg recently. William Bullock and Robert Maidment of the School of Education also attended the meeting.

The program was conducted for a statewide group of consultants working with the Virginia Public Executive Institute. This institute is developing continuing programs of management development for executives in state and local government. It functions under the Division of Personnel, Office of the Governor, and is funded under the Intergovernmental Personnel Act of 1971.

The proposed program will be run by students, without charge, each afternoon Monday through Friday from 1-4 p.m. in the WATS building on South Boundary St.

Woodcut Exhibit Now In Library

An exhibit of woodcuts by J. J. Lankes (1884-1960) is on display in the Botetourt Museum of Swem Library. The woodcuts displayed depict American rural scenes.

Photo-engravings of Mr. Lankes' woodcuts on exhibit were a gift to Swem Library from Lankes' son, J. B. Lankes of Richmond, who loaned several of his father's paintings for the exhibit.

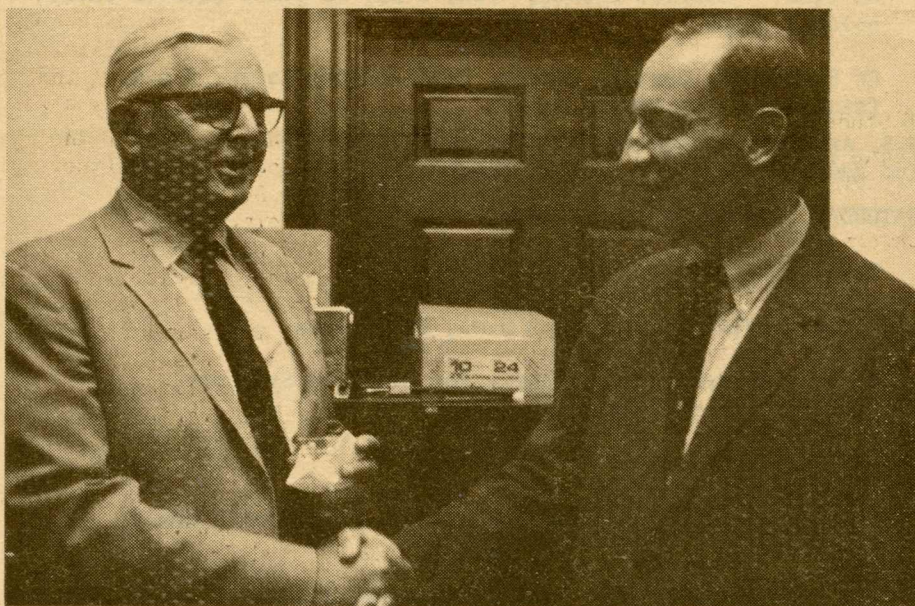

Many of the woodcuts show scenes in the local area. For a number of years Mr. Lankes was a resident of Hilton Village in Newport News.

Included in the exhibit are woodcuts he printed to illustrate the poems of Robert Frost, a personal friend of Mr. Lankes.

Museum hours are 8 a.m. to 5 p.m., Monday through Friday and 9 a.m. to 1 p.m. Saturday. The exhibit will close Oct. 7.
