Physicists Plan Campus Meeting

Approximately 300 physicists from the U.S. and Europe are expected to attend the yearly meeting of the Division of Particles and Fields (DPF) of the American Physical Society which will be held on campus September 5-7.

One of twelve divisions of the 28,000-member American Physical Society, the DPF consists of experimentalists and theorists interested in elementary particles, the primary constituents of matter, and the fields of force which surround them.

The study of particles and fields is in some sense the most fundamental of all scientific inquiries because it concerns the building blocks from which everything else is made, according to Hans von Baeyer, chairman of the Department of Physics. Mr. von Baeyer also heads the planning committee for the conference.

Mr. von Baeyer feels the meeting in Williamsburg comes at a time of extraordinary excitement in the community of elementary particle physicists. Two reasons can be adduced for this: new and very powerful accelerators, sometimes called atom smashers, have come into operation within the last two years and are producing totally unexpected results. The largest of these is located in Batavia, Ill., but other high energy machines, with different capabilities are located in California and in Geneva, Switzerland. The other reason for excitement is the beginning of a theoretical revolution. Led by Harvard physicist Steven Weinberg, theoreticians throughout the world have been able in the last two years to unify the description of two of the four basic forces of nature, von Baeyer explained.

Sixty years ago only two kinds of particles were known - electrons, which are responsible for electric current, and nuclei at the center of each atom, von Baeyer said. "The only known forces were gravity and electromagnetism, both familiar in everyday life. Today there are hundreds of elementary particles and four basic forces. Attempts to describe, understand and systematize the complex phenomena involving particles and fields is the business of the members of the DPF," he stated.

Campus Exhibits

"A Dog's Life - Selections from the Peter Chapin Collection," Botetourt Museum, Swem Library, ending October 15. Monday-Friday, 8 a.m.-5 p.m., Saturday, 9 a.m.-1 p.m.

Gouaches and Paintings by Jean Lurcat, Art Gallery, Robert Andrews Hall, September 1-23.

NEW PRESIDENT WAS CAMPUS VISITOR IN 1968

Key 1968 commencement officials being escorted by Marshals Alfred R. Armstrong (left) and Frank B. Evans. Second from left is President Gerald R. Ford, then minority leader in the House of Representatives, principal speaker for the occasion. At Mr. Ford's left is President Emeritus Davis Y. Paschall who retired in 1971.

Campus Projects Receive Support

Psychology

In the wake of the recent Supreme Court decision to allow less than twelve-member juries and non-unanimous verdicts, the College has begun a study of jury verdict deliberations.

"The Judicial Decision Processing Project," under the direction of Herbert Friedman, professor of psychology, and Kelly Shaver, associate professor of psychology, has been set up with support from the Metropolitan Criminal Justice Center and Administration.

Students have been recruited to serve as "jurors" and mock juries of different sizes with varying criterion for conviction, either unanimous or non-unanimous, have been set up.

The kinds of information that are being collected from the mock juries are varied, according to Professor Shaver. He explained that basically researchers are looking at how the jurors interact when the jury is small rather than large and whether or not the need for a unanimous decision affects the course of discussion of the case.

"Traditionally... an accused is assumed innocent until found guilty beyond a reasonable doubt by every member in a group of twelve jurors. The Supreme Court, however, has recently decided that the use of less than twelve members in a jury and a non-unanimous verdict is satisfactory for conviction in both civil and criminal cases. Virtually no solid empirical research existed on which the Court could base its decision."

"In this situation," explained Shaver, "evidence from social science research could be very helpful. We're hoping to provide some."

Friedman and Shaver are planning now to expand their program into the community.

Special Education

The U.S. Office of Education, Bureau of Education of the Handicapped (BEH), has given the Division of Special Education a one-year grant of \$40,000 to be used as scholarship aid to full-time students and as revenue for curriculum materials.

Students of the special education program are trained to teach children who have handicapped conditions. With funds from the grant, there will be added emphasis on the preparation of diagnostic-prescriptive teachers (DPT) of the emotionally disturbed. These "teachers-in-training" will serve as resource personnel to teachers of children with wide ranging educational handicaps.

With the help of the DPT teacher, the sometimes unnecessary placement of children in special classes may be avoided. Accordingly, the Division of Special Education is involved primarily with public schools, but it is also involved with institutions and regional centers dealing with the severely educationally handicapped.

Cooperative arrangements between the Division of Special Education and the Children's and Adolescent Units of Eastern State Hospital, the Sarah Bonwell Hudgins Rehabilitation Center in Hampton and the Chesapeake Regional Center in Portsmouth allow students to gain practical experience in working with handicapped individuals. The units at Eastern State Hospital are state facilities which serve emotionally disturbed children in Virginia.

Louis P. Messier, associate professor of education and coordinator of the Division of Special Education, has explained that public schools do not want to enroll

Cont'd. on p. 2, col. 4

Commencement Saturday

Commencement exercises will be held for approximately 286 degree candidates in Phi Beta Kappa Hall, Saturday, August 24, at 1:30 p.m.

A breakdown of the candidates is as follows: B.B.A., 14; B.S., 22; B.A., 92; M.B.A., 14; M.T.S., 3; M.Ed., 51; Certificates of Advanced Study in Education, 7; M.S., 14; M.A. in Education, 33; M.A., 26; J.D., 1; M.L.& T., 1; Ed.D., 2; Ph.D., 6. The degrees will be conferred by President Graves.

James M. Yankovich, newly appointed dean of the School of Education, will deliver the commencement address. Invocation and benediction will be given by the Reverend Braxton Allport of the Wesley Foundation. Anne Rowe, a local professional vocalist, will sing "The Star Spangled Banner." She will be accompanied by Mrs. Latham Jones at the organ.

Curtis H. O'Shell, associate professor of education, is chief marshal in charge of the procession. Marshals are Lewis A. Foster, Jr., associate professor of philosophy; Gerald Johnson, associate professor of geology; and Alexander Kallos, professor of modern languages.

President and Mrs. Graves will host a reception for the graduates, their families and friends in the Dodge Room and immediate adjoining areas in Phi Beta Kappa Hall immediately following the exercises.

Classes Begin September 13

Approximately 5,400 undergraduate and graduate students will begin classes September 13 in the 283rd session of the College.

Orientation for the freshman class and other new students will be held September 7-11. Robert P. Hunt, dean of admissions, said application requests this year are up about six percent over the number of requests last year. A total of 1050 freshmen have been selected from some 6,000 applicants.

According to the academic calendar, first semester will close January 17, the last day of the examination period. Second semester classes will begin January 27, and second semester examinations will be conducted May 15-27. Commencement exercises will be held June 1.

Both branch colleges of William and Mary, Christopher Newport College in Newport News and Richard Bland College in Petersburg, will begin classes September 3.

NEWS RESUMES REGULAR SCHEDULE THIS FALL

This is the last issue of the William and Mary News for the 1974 Summer Session. The paper will resume publishing on a weekly basis September 10 with the first issue of the 1974-75 academic year.

Firm To Assess Finance Potential

An effort to assess the potential for greater private financial support for the College has been undertaken by a nationally known firm of consultants, Brakeley, John Price Jones, Inc.

Staff members of the firm will interview key alumni and others associated with the College, including members of the administration, faculty and student body, over a period of several weeks. A report from the firm is due in January, 1975, for review by the administration and the Board of Visitors. The study, which will cost \$12,000, is being financed from private funds of the College.

A comparable study, conducted in 1967 by another firm, Marts & Lundy, Inc., was inconclusive.

NSF Grant

The National Science Foundation has awarded the Physics Department a grant of \$41,000 for supplemental support of a research project currently being undertaken by two members of the faculty.

Robert T. Siegel, professor of physics and director of the Space Radiation Effects Laboratory (SREL), operated for NASA by William and Mary, and Robert E. Welsh, professor of physics, are co-directors of the project which was initially funded by an NSF grant of \$72,600 for "Research in Muon Physics." Colin R. Cox is a research associate with the project.

The work involves muons with a negative electric charge. Muons are elementary particles which are produced as byproducts when fast protons are allowed to collide with matter. Negative muons interact with the positive nuclei of targets they are aimed at and induce various changes in the nuclei. Thus, they are used as probes for studying the structure of nuclei.

Faculty News

Religion

Jack Van Horn, assistant professor, recently returned from India where he was engaged in research on the religious practices of the new Buddhists. Areas visited include Bombay, Poona, and Kharagpur.

School of Business Administration

Correction

Donald J. Messmer, assistant professor, was listed in the August 6th issue of the *News* as a candidate for the Ph.D. degree in marketing at Washington University in St. Louis. Mr. Messmer completed requirements for his degree in June.

New Faculty

Six persons have been appointed to the staff to fill existing vacancies.

R. Gordon Scott, a Newport News attorney, and J. R. Zepkin of Williamsburg, general district court judge, Ninth Judicial District, have been appointed lecturers in law.

Both men received their law degrees from the College. Scott received his undergraduate degree from Randolph-Macon College. Zepkin, who served as a lecturer at the law school, 1970-73, also earned his undergraduate degree at William and Mary.

Linda Lea Allmond, a 1972 graduate of the College, has been appointed instructor of business administration.

Gregory M. Capelli, a doctoral candidate at the University of Wisconsin, has been appointed assistant professor of biology. He received his B.S. degree from St. Louis University and his M.S. degree from the University of Wisconsin.

Kay Jean Domine, who earned her B.A. degree at the University of Michigan in 1969 and her M.A. degree at the University of Wisconsin in 1971, is the new college archivist.

Eric Herbst, who received his doctorate from Harvard University in 1972, has been appointed assistant professor of chemistry. He received his A.B. degree from the University of Rochester in 1966 and his M.A. degree from Harvard in 1969.

Surplus Items

A list of items available in the Surplus Property Office may be viewed at the Purchasing Department, in Ervin D. Farmer's office, or at the News Office. Housekeeping and laboratory equipment and office machines are included on the list. All transactions must be completed prior to Saturday, August 31.

School of Education

James Bergren, a candidate for the Ed.D. degree, will defend his dissertation, Tuesday, August 20, from 1:30-4:30 p.m. in the Gold Room in the Campus Center. The examination is open to members of the College community.

Staff Notes

Swem Library

Alva W. Stewart, associate librarian, is the author of an article describing the suggestion box system in Swem Library which appears in the July issue of the *Virginia Librarian*, bi-monthly journal of the Virginia Library Association.

Security Office

Officers Linda Moore and Harry Frizzell were recently awarded certificates after successfully completing the State Arson Investigation School held on campus July 25-August 2.

The school was sponsored by the State Corporation Commission, State Fire Marshal's Office.

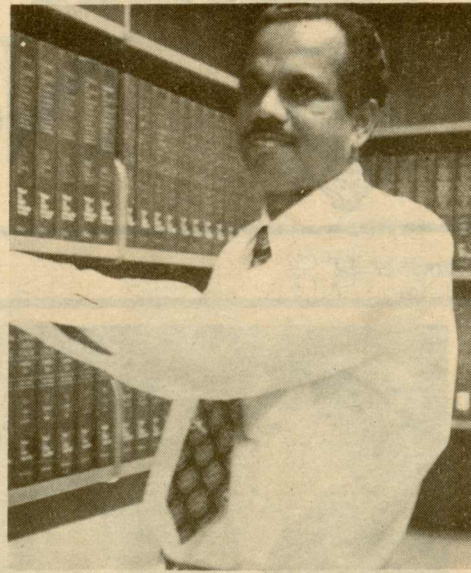

Officers Bobby Sanders and Michael Willders are attending the Police Academy Training School at Thomas Nelson Community College during the month of August.

APPOINTMENTS

Jacqueline Graham and Ann Heath are new members of the Computer Center staff. Both are accounting machine operators.

Mrs. Graham, a native of Baltimore, Md., is a former data processing machine operator for Blue Cross/Blue Shield Insurance Company in Towson, Md. She is a graduate of Mergenthaler Vocational-Technical High School in Baltimore.

Campus Profile/ S. N. Pillai

Sivathanu Nagar Pillai, accountant in the Acquisitions Department of Swem Library, recalls his life in his native India.

Pillai is the eighth of 11 children born to his parents in Nagercoil, Tamilnadu. Formerly known as Madras State, Tamilnadu is located at the southernmost tip of India where the Indian Ocean, Arabian Sea, and the Bay of Bengal meet. His attorney father is a progressive Hindu who was the first in his community's history to fight and win the right for widows to remarry.

India has 17 states, 15 major languages with 364 dialects, and more than 3,000 castes and subcastes, Pillai said.

Contrasting the system of education in India to that in the United States, he explained a student, after completing the 11th year of high school, spends one year in pre-university training and three in undergraduate school before receiving his degree. Three languages are taught in the system: Tamil (the native tongue), Hindi, and English.

Mr. Pillai, for the most part favorably impressed with the United States, plans to write a book in Tamil about his experiences in America "so that the ordinary villager in Madras can understand the real life and impressions about this great country." The dignity of man, he says, is the basic fundamental principle of the philosophy of the United States. "This is the place of freedom of speech, freedom of religion, freedom of participation, and independent free democracy."

Mr. Pillai is further impressed with the methods of teaching in the States - "the seminars, initiative, dignity of labor, the affluent society."

"In India," he continued, "we are handicapped in our system of education, which is patterned after the traditional British system. We have no free discussion

in the classroom. Here they are inquisitive, more free, contributing to the educational process of awareness and enlargement of mind." The attitude of American youth is more scientific, more analytic, he says. "However, American youth need more development of self - more stress on the values of life."

Mr. Pillai came to the United States in 1968 after receiving an assistantship at Madison College in Harrisonburg, where he earned the master's degree in education and business. He holds a bachelor of commerce degree from Kerala University in south India and a master of commerce from Saugar University in central India.

During his tenure as professor of business at Madurai University (one of three universities in Tamilnadu), Pillai authored two textbooks, *Principles of Commerce*, written in English, and one in Tamil on bookkeeping as a medium of instruction in college.

Though his social pattern has changed considerably since leaving India, Pillai still finds time to practice yoga, which he says keeps the body and mind in good physical shape. He also enjoys playing tennis.

Pillai and his wife, Karpakavally, have a daughter, 17-year old Seetha, a senior at Lafayette High School, and a son, Sivathanu, 13, a seventh grader at James Blair.

Continued from page 1

children with severe handicaps while institutions are attempting to move the severely handicapped into neighborhood or regional centers closer to their homes. Because of the move to depopulate institutions and gradually move out children who may be helped through special education, Mr. Messier sees the need for teachers of the severely handicapped as acutely urgent.

Douglas Prillaman, associate professor of education, is coordinator of the diagnostic-prescriptive teaching program at the College, and Robert B. Bloom, assistant professor of education with training in special education and educational psychology, coordinates studies in emotional disturbance. In addition to serving as coordinator of the Division of Special Education, Mr. Messier specializes in working with the mentally retarded.

William and Mary News

Volume II, Number 41
August 20, 1974

Published weekly through the Office of Information Services by the College of William and Mary for faculty, staff and students. Produced by the College News Office, 125 Richmond Road. Mrs. Eleanor R. Anderson, Editor. Mailed to addresses of employees as on record at the Personnel Office, James Blair Hall, to which office address changes should be directed.

Official Memoranda

To: Deans, Directors and Department Heads

Subject: NCR Forms

Carbonless (NCR) forms have created a special problem for both the Printing Office and the Purchasing Office in the past because requests for the collated order of the forms came in so many different sequences. This meant that the Printing Office could not stock up on paper for the NCR forms, but rather had to make a special order through the Purchasing Office to satisfy the desires of each customer. This not only caused additional paper work for both the Printing Office and the Purchasing Office, but often delayed the completion of the printed NCR forms.

In order to alleviate these problems and speed up the production of the forms, the Printing Office in the future will print NCR forms only in the following sequences: 1) for the four-part forms, white, canary, green, and pink; or white, green, canary and pink; 2) in the two-part forms, white and canary; or white and pink. All requests to the Printing Office in the future should follow one of these sequences.

S. Dean Olson
Director of Publications

PERSONNEL BULLETIN

Labor Day

The College will observe Labor Day on Monday, September 2, as an official holiday.

The administrative offices, the plant department (except for those employees required to maintain essential services), and the mail room will be closed on September 2. The Security Office and the switchboard will maintain regular hours.

The names of permanent classified employees who are required to work on September 2 should be reported in writing to the Personnel Office in order that they may be credited with Compensatory Leave. Permanent classified employees who are required to work on this day should take compensatory leave earned as soon thereafter as possible in order to avoid excessive leave accumulation. Hourly employees who work on this day will be paid at their regular hourly rates.

Job Openings

The following positions at the College are or will be vacant. Qualified employees who wish to be transferred to these positions may receive additional information at the College Personnel Office. The College of William and Mary is an Equal Opportunity Employer. Accordingly, women and minority employees are encouraged to apply for those positions for which they feel they are qualified.

Test and Reading Specialist (college degree required)
Clerk-Stenographer C
Clerk-Stenographer B
Clerk-typist B (four positions open)
Clerk-typist C (three positions open)

RAKES IN HAND WORTH TWO IN THE BUSH!

Women took a "small step" this summer in their "long hard climb" towards liberation on campus when juniors Sloane Zebora (1) and Debbie Harrison were hired as "groundsmen." According to Ansel D. Rorer, landscape supervisor, this is the first time women have joined the maintenance staff in such a capacity. Discovered by the camera's eye, these trailblazers revealed both confidence and good-humored self-amusement in their new roles.

Continued from page 1

"Since last year, it even seems possible to unify three of the four. If these ideas are borne out by further careful experimentation and theoretical scrutiny an important step will have been made in our understanding of nature. It will be a unification analogous to the momentous discovery that the red blood carried by arteries, and the blue blood carried by veins, is in fact the same fluid circulating through the body; or to the equally beautiful realization that the force which makes the apple fall is the same force that keeps the moon in its orbit. Reports of new results and lively discussions on these topics are expected to characterize the meeting," Mr. von Baeyer stated.

The physicists will be welcomed by President Thomas A. Graves, Jr., and then will meet in a series of plenary and parallel sessions for two and a half days.

In addition to Chairman von Baeyer, other members of the organizing committee include Professors Ed Remler, program; Carl Carlson, proceedings editor; Franz Gross, finances; Rolf Winter, information; John McKnight, cultural events; and Robert E. Welsh, Morton Eckhause and John Kane, local arrangements. Professor Robert T. Siegel will chair one of the scientific sessions.

Over a 'Collective Century'

Ashby (left), Randolph, Stokes,
Parker; Scott (seated)

Five members of the Buildings and Grounds staff share one thing in common: July 1 marked their 26th year (for a total of 130 years) as College employees.

Lucy E. Scott has worked in Bryan, Monroe, Dupont, King and Barrett dormitories and is currently a member of the New Complex staff. She is the wife of Herman Scott, maitre d' at the Hilton Inn West and the mother of one daughter. A native of Goochland, Mrs. Scott is assistant daughter ruler of Colonial Temple No. 380. She attends First Baptist Church in Williamsburg and enjoys baseball in her leisure time.

Groundsmen Leonard L. Ashby, Alexander Parker, Jerome Randolph, and James G. Stokes all share something further in common: They are natives of Williamsburg.

Ashby joined the staff shortly after being discharged from the U.S. Navy with the rank of steward first class. He and his wife, Emma, are the parents of four children. The Ashbys are members of Mt. Gilead Baptist Church in Grove.

Parker, whose wife, Elizabeth, worked in the College Laundry until last spring, was a driller at the Newport News Shipping and Dry Dock Company prior to joining the William and Mary staff. The Parkers have two sons and a daughter.

Former Colonial Williamsburg employees, Randolph and his wife, Evelyn, are the parents of five children. Mr. Randolph is a member of Zion Baptist Church in Centerville.

Stokes, popularly known around campus as "Garfield," has been in landscaping since his arrival at the College. A spectator sports enthusiast, Stokes and his wife, Sophronia, are the parents of four. They are members of Mt. Gilead Baptist Church in Grove.

Carpool Information

Want to pool ride from Newport News to William and Mary College. Must arrive by 8 o'clock. Can meet anywhere in the vicinity of Newmarket Shopping Center or upper Newport News. Call Rena Mae Joy at Ext. 303 (days) or 838-0349 (evenings).

SUMMER ANNOUNCEMENTS

The summer recreation program in Blow Gymnasium is closed for the remainder of the summer. Adair Pool will close Wednesday, August 21, at 7 p.m.

All residence halls will close Saturday, August 24, at 5 p.m. Students may turn in their keys to the Office of Residence Hall Life, 206B James Blair Hall, until 5 p.m., Friday, August 23. After that time head residents of each hall will accept keys and authorize refunds.

Reminders

The fall, 1974 edition of the *Evening College Catalog* is available at the switchboard in James Blair Hall and in the Evening College office, 111 James Blair Hall. Telephone orders welcomed. The deadline for mail registration in evening courses is September 9. Regular registration for evening courses will be held in Blow Gymnasium, Tuesday, September 17, 7-8 p.m.

Commencement rehearsal will be conducted at 11 a.m. Saturday in Phi Beta Kappa Hall. Caps, gowns and hoods will be available for rental pick-up the same day in the laboratory theatre of PBK from 8:30-10:30 a.m.

INTERIM SCHEDULES

Swem Library

Saturday, August 24, 1974	8 a.m. - 5 p.m.
Sunday, August 25, 1974	Closed
Monday, August 26- Saturday, August 31	8 a.m. - 5 p.m.
Sunday, September 1	Closed
Monday, Sept. 2 - Saturday Sept. 7	8 a.m. - 5 p.m.
Sunday, September 8	1 p.m. - 5 p.m.
Monday, Sept. 9 - Thursday, Sept. 12	8 a.m. - 5 p.m.
Friday, September 13	Resume Regular Schedule

Campus Center/Wigwam

Friday, August 23

Wigwam Closes 4:30 p.m.
Campus Center Closes 5:00 p.m.

Tuesday, September 3 through Thursday September 5

Wigwam Opens 8 a.m.; Closes 4:30 p.m.
Campus Center Opens 8 a.m.; Closes 5 p.m.

Commencing Friday, September 6, regular hours resume

Wigwam: 7 a.m. - 6:30 p.m. (8 a.m. Saturdays and Sundays)
Campus Center: 7 a.m. - 11 p.m. (8 a.m.-6:30 p.m. Sundays)

THE CALENDAR

WEDNESDAY, AUGUST 21

Hot Dogs and Volleyball: Campus Ministry Center, 526 Jamestown Road, 6 p.m.

SATURDAY, AUGUST 24/31

Organ Recital: Wren Chapel, 11 a.m.

WEDNESDAY, SEPTEMBER 4

Foreign Study Meeting: Campus Center Theatre, 2-5 p.m.

THURSDAY, SEPTEMBER 5

Physics Department Conference: Small 109 and 113, 3-5 p.m.; Millington Auditorium, 9 a.m.-3 p.m.

FRIDAY, SEPTEMBER 6

Physics Department Conference: Small, 2:30 p.m.; Millington Auditorium, 11:10 a.m.-9:30 p.m.

SATURDAY, SEPTEMBER 7

Orientation Period Begins.

CPA Preparation Program: Jones 302, 9 a.m.-4 p.m.

Residence Halls open, 9 a.m.-12:00 noon.

Physics Department Conference: Millington Auditorium, 9 a.m.-12:15 p.m.; Small 113, 2:30 p.m.

Organ Recital: Wren Chapel, 11 a.m.

General Meeting for Parents: W & M Hall, 2:30 p.m.

General Meeting for Students: W & M Hall, 8 p.m.

Concert following the general meeting.

W & M Football: W & M vs. Mississippi State, Away.

SUNDAY, SEPTEMBER 8

Marshall-Wythe Chapter of the Black American Law Students Assoc.: Reception and Mixer, PBK Dodge Room, 4-7 p.m.

Honor Council Mock Trial: PBK, 4-5:30 p.m. and 6-7:30 p.m.

Campus Center Open House: Pub, Coffee House, dancing in Ballroom, 8 p.m.

MONDAY, SEPTEMBER 9

Academics General Meeting for Transfer Students: Small Lab Room 109, 9:30 a.m. Meetings afterwards in Small 109 and 110.

Academics General Meeting for Freshmen: W & M Hall, 9:30 a.m.

Students meet in groups with advisors, 11-11:30 a.m.

Orientation Lunch: Picnic on The Common's lawn (in case of rain, W & M Hall), 11:30 a.m.

Self-determination Conferences: W&M Hall, 1-2 p.m.

Writing Proficiency Examination: Millington Hall, 3 p.m.

Departmental Interest Night: W & M Hall, 8-10 p.m.

Law School Orientation Program: PBK Dodge Room, 7:30 p.m.-midnight.

TUESDAY, SEPTEMBER 10

Student Conferences with Faculty Advisors, 9-12 noon, 1-4 p.m.

Parliamentary Debate, sponsored by the College Wide Reading Program, PBK 8-9:30 p.m. Reception following the program in the Dodge Room.

ANSWER TO PUZZLE WHICH APPEARED IN THE AUGUST 6TH ISSUE OF THE WILLIAM AND MARY NEWS:

Alum, always, ask, books, classes, dances, daydream, deans, diploma, dorm, etc., exams, faculty, frats, friends, fun, graduate, grow, job, join, joy, laughter, learn, life, love, Mary, mature, money, papers, play, relationships, roommate, search, sorority, spirit, study, teachers, tears, T. Graves, today, W and M, William, wonder, work, yesterday.

CLASSIFIED ADVERTISEMENTS

FOR SALE

In Winsor Forest--4 BR; 2 bath rancher; All you'd expect in a custom home--from 180 sq. ft. redwood deck to brick sidewalk and gutters. 229-7829. (9/17)

For sale: 1 bed \$18.00; bureau-desk, \$12.00; book shelves, \$3.00; 1 coffee table, \$4.00; 1 coffee table, \$8.00. 229-9668. (9/17)

For sale: small lawn mowing and garden maintenance business. Ideal for student or grad student. \$60. per wk. income, approx. 16 hr./wk. Choose your own hours. Call Al at 220-1690 or Tues., Wed., or Thurs. eve at 229-9585. Mower and all equip included.

For sale: G.E. Dishwasher, regular size, counter top portable, top load, excellent condition--\$40; 2 air conditioners, 5,000 BTU each, Fedders, both for \$95; Studio Couch, converts to full size bed or two singles, practically new, (cost \$160 new) for \$95. Call 220-0106 after 5 p.m.

1968 Ford Cortina, 4 new Polyglas tires, excellent mechanical condition. \$450. Call Sadler Loue, 229-3000, Ext. 471, 9-12 a.m. or 1-5 p.m. weekdays.

For Sale: Upright wardrobe trunk, 40" high and 22" wide, with 3 deep drawers on one side and place to hang clothes and place for shoes on other side. Call 229-2564.

For Sale: Hardman walnut console piano with bench, \$750; Sears 26" 3-speed bicycle, \$50; Sears 18,500 BTU air conditioner, \$275; Regina electric broom, \$25; Kenmore heavy duty 2-speed, 3-cycle washer, \$200, (price includes insurance and warranty policy); Whirlpool Supreme-80, 4-cycle dishwasher, \$150; 2, 9x12 rugs (1 oriental style, 1 oval braided), 1, 4x6 rug (oval braided), total \$75. Call Robert D. Sichts, 229-4569.

For sale or rent: Across James River. Restored 1835 House. Ten rooms, Four Fireplaces, Five bedrooms, 2 baths, 2 porches (1 enclosed), extensive panelling, large backyard. Freshly painted inside and out. \$35,000. Can finance if necessary. Call 357-5686. (9/10)

For Sale: Frigidaire refrigerator with small freezer. Approximately 3' by 1 1/2'; perfect for dorm or apt.; one year old in excellent condition. Only \$50. Contact Bill Lugar, Ext. 355. (9/17)

House for Sale--Denbigh Area near Warwick River. Four bedrooms, centrally air-conditioned, 2 1/2 baths, spacious foyer, family room with fireplace, kitchen has built in appliances including dishwasher. Living room, dining room, and stairs carpeted, single car garage with pull-down stairway. Deluxe chair-rail and crown molding through house. Phone 874-0688 after 6:30 p.m. (8/20)

BY OWNER--In city at 114 Haynes Drive. Immediate occupancy--Rancher w/ cedar siding, 1400 sq. ft. Central A/C--3BR, 1 1/2 B, Den, Eat-in Kitchen. A/C and Dishwasher are new. Quiet Cul-de-sac surrounded by trees. Yard suitable for small children or easy maintenance for retired couple. Willing to consider renting with option of 7 1/4% loan assumption with possible 2nd mtg.--\$37,900. Call 229-5782 for appointment after Aug. 11. (9/10)

Panasonic AM/FM, cassette player-recorder stereo system, with 2 speakers. Excellent condition. \$129. 229-8920. (8/20)

1973 Honda CB 175 with 6,000 miles. Complete with fairing, adjustable sissy bar with pad, luggage rack, and 2 helmets. Asking \$700. Call G. R. Thomas at 229-2032 after 5:30 p.m. (9/10)

For sale: '69 Dodge Super Bee; 36,000 miles, factory A/C; 8-track stereo; automatic transmission; power steering; 2-dr. vinyl hardtop. \$1400. Call 229-9360 (nights). Leave name and telephone number if I'm not in. (9/10)

'72 Honda CB450, excellent condition. Must sell. \$900. New helmet. Call 564-9624 after 6 p.m. (8/20)

For sale: 1970 Plymouth Fury III, air-conditioned, clean interior, good maintenance record, has dents on both sides which do not impair functioning. \$500 or best offer. 229-0739. (9/10)

Refrigerator; average working condition; small freezer space. \$40. Call 229-9589 (nights) or 229-3111 (days). (8/20)
