Parents to Visit This Weekend

Over 900 parents are expected to converge on campus this weekend.

This is the figure given Monday by Dean Carolyn Moseley, administrative coordinator of the program. She pointed out, however, that the reservations are still coming in.

"Autumn Trails..." is the theme of this year's Parents' Weekend which begins Friday with "open door" office hours by faculty and administration. Parents' Weekend concludes Sunday with a continental breakfast hosted by President and Mrs. Graves in the Wren Courtyard.

In case of rain, Saturday's buffet luncheon, scheduled to be held on the lawn west of the Sunken Gardens, will be held in Blow Gym. An added feature of the Weekend is a tour of the Millington Hall Greenhouse, Saturday from 3-5 p.m.

Bill Clement and his orchestra will provide the music for "Big Band Night" at the Hoi Polloi on Saturday evening. (See The Calendar, page 8, for other activities.)

O'NEAL COLLECTION ON EXHIBIT IN ANDREWS

Master Drawings from the O'Neal Collection are currently on display at Andrews Gallery on campus. The exhibit closes October 21.

The exhibit includes 30 drawings, 17th to 20th century, both European and American, from the collection of William O'Neal, an architectural historian, formerly on the faculty of the University of Virginia.

The gallery is open Monday through Friday from 9 a.m. to 4 p.m.

Campus Exhibits

"A Dog's Life - Selections from the Peter Chapin Collection," Botetourt Museum, Swem Library, ending October 15. Monday-Friday, 8 a.m.-5 p.m., Saturday, 9 a.m.-1 p.m.

RUSSIAN DIGNITARY TO SPEAK THURSDAY

Nikolai Smilnov of the Russian Embassy in Washington will speak on "U.S. - U.S.S.R. Detente" at the Botetourt Theatre, Thursday, October 3, at 7:30 p.m.

Thursday's program is being sponsored by members of the Russian Club who will entertain Mr. and Mrs. Smilnov at a dinner at the German House.

Mr. Smilnov will be on campus Wednesday and will visit several classes and Project Plus. His lecture on Thursday will be an informal presentation with an accompanying question and answer period.

T. J. Lowi

C. M. Kenyon

Scholars to Present Lectures

Theodore J. Lowi, John L. Senior Professor of American Institutions at Cornell University, will open the 1974-75 Visiting Scholar Lecture Series Wednesday, October 9.

Mr. Lowi will speak at 8 p.m. in the Campus Center Little Theatre on "The State of Permanent Receivership: The Political Consequences and Ramifications of Such a State." His lecture is open to the public without charge.

Professor Alan J. Ward will host the occasion and Professor William L. Morrow will introduce the speaker.

Lowi has served in a professional capacity as a consultant to the National Commission on the Causes and Prevention of Violence, as a witness before the U.S. Foreign Affairs Committee on several occasions and as a witness before the U.S. Senate Subcommittee on the Separation of Powers.

The author of some 50 articles on a wide range of topics in political science, Lowi's books include "The End of Liberalism: Ideology, Policy and the Crisis of Public Authority," "At the Pleasure of the Mayor: Patronage and Power in New York City, 1898-1958," "Legislative Politics U.S.A.," and "The Politics of Disorder." Two books scheduled for publication within the next year are "Arenas of Power: A Reconstruction of Politics" and "Incomplete Conquest: American Government as a Problem of Politics."

Cecelia Marie Kenyon, James Pinckney Harrison Professor of History, will speak on "Constitutional Foundations of the American Dream" at the Project PLUS Forum, Wednesday, October 2, at 7:30 p.m. in Millington Hall.

The Forum is open to the public.

The visiting professor has been Charles N. Clark Professor of Government at Smith College in Northampton, Mass., since 1969. Prior to joining the Smith College faculty in 1948, Professor Kenyon was a teaching fellow at Radcliffe College where she earned her M.A. and Ph.D. degrees. She received her undergraduate degree at Oberlin College.

Professor Kenyon is co-author of *Graduate Education for Women: The Radcliffe Ph.D.*, published in 1956; and editor of *The Anti-Federalists*, published in 1966; and has written scholarly articles for the *Political Science Quarterly*, the *Encyclopedia Britannica*, and the *Centennial Review*. She has also written reviews and articles for the *William and Mary Quarterly* and the *American Political Science Review*.

Professor Kenyon is presently working on a book tracing the development of ideas and institutions of American constitutional democracy from Tudor England through the era of the American Revolution.

She was one of four speakers at the 200th anniversary celebration of the First Continental Congress in Washington, D. C., recently.

Board Convenes

The Board of Visitors at its quarterly meeting Friday and Saturday established a new vice president's post for the College, and took a number of other actions reported in this issue of the *News*.

The new post is that of Vice President for Planning and Administration. A search will begin shortly for a person with the background which the position calls for.

At the same time, the Board retained the post of Executive Vice President but no indication was given on when that vacancy will be filled. Carter O. Lowance resigned September 1 as the College's first Executive Vice President.

In other actions affecting the By-Laws of the Board, it was stipulated that the Vice President for Academic Affairs would act in place of the President for short-term absences, but that in absences of longer duration the Board would act to designate which officer would be acting president. If the post of Executive Vice President is filled during such absences, then that person will be acting president.

The Board also agreed that the Executive Committee would meet as necessary to act on proposed faculty appointments between regular Board meetings. This is the procedure which was followed during this past summer.

The Board also approved architectural plans for the new National Center for State Courts building.

Other actions of the Board are reported on pages 4 and 5.

Alumni Statesmen to Lead Parade

The Governor, Lieutenant Governor and Chief Justice of Virginia, all alumni of the College, will lead this fall's Homecoming Parade.

The three have accepted designation as honorary parade marshals for the October 19 march down Williamsburg's historic Duke of Gloucester Street. Theme of the parade is the "Good Old Days."

Governor Mills E. Godwin, Jr. is a member of the class of 1936; Lieutenant Governor John Dalton is a member of the class of 1953 and Chief Justice Lawrence L'Anson is a member of the class of 1928.

Gordon C. Vliet, executive vice president of the Society of the Alumni, noted that William and Mary alumni tended to dominate early Virginia government. But, he said, it appears to be the first time since the American Revolution that alumni have held the three key posts simultaneously.

The parade will also feature the eight-horse Anheuser-Busch Clydesdales and wagon, the first time in recent years that an outside unit has appeared in the event.

Subject: Affirmative Action

At its September 27-28 meeting, at the request of Governor Godwin the Board of Visitors approved "The Plan for Equal Opportunity in Virginia's Institutions of Higher Education: A Shared Responsibility." This is the Commonwealth's Affirmative Action Plan which was approved by the Department of Health, Education, and Welfare in June 1974. In keeping with the nature of Virginia's bi-level higher education system, "The Plan for Equal Opportunity: A Shared Responsibility" is based on the dual principles of state-wide coordination and institutional governance. The overall Plan of the State, of which the College is part, therefore includes a central portion on the State's commitment to Affirmative Action, and also the individual Affirmative Action plans of each institution of higher education in the State. The Board of Visitors, in approving the Plan last week, approved both the State and College part of it.

Under the new bi-level plan, the College will be relieved of certain data-keeping requirements that have become increasingly time consuming. These requirements will now be coordinated on a State-wide basis. The College will not be relieved of its responsibility to supply data as required, but the internal generation and administration of the requirements of Affirmative Action are lessened. Under the bi-level plan, our relationship to the Commonwealth and to the Federal Government is also clarified further. Finally, the William and Mary Plan, as a segment of the overall plan that has now been approved, is the basis from which the College administers its own Affirmative Action program. Until approval of the Virginia Plan was secured from HEW in June, the College necessarily was operating under conditions of some uncertainty.

The William and Mary Affirmative Action Plan, approved by the Board of Visitors in September 1974, supersedes the College's Affirmative Action Plan submitted to HEW for consideration in October 1973. There are two major differences between the new College plan and the October 1973 plan. First, the new plan is more inclusive. Whereas the October 1973 plan was essentially a faculty plan, the new one embraces administration, faculty, students and staff. At the same time the current plan does not contain specific goals and timetables for either women or minorities. It is expected that each department at the College will continue to demonstrate consistent "good faith" in all matters having to do with Affirmative Action. Goals are not mandated, however, in the College plan as it was finally approved by HEW.

Concurrent with the Board's approval of the new Affirmative Action Plan is the appointment to the staff of Mr. Wesley C. Wilson as the College's new Coordinator for Affirmative Action. Mr. Wilson, whose appointment was announced in the September 10 issue of the *William and Mary News*, assumes his post effective October 1. In his capacity as Coordinator for Affirmative Action, Mr. Wilson succeeds Jerry Van Voorhis, who has coordinated Affirmative Action for the College within the President's Office in addition to his other duties as Assistant to the President.

Mr. Wilson's appointment provides the College with an opportunity to devote more time and attention to Affirmative Action. Although Affirmative Action will continue to be the responsibility of each academic and administrative department head, Mr. Wilson will be available to work closely with them in coordinating the program and encouraging the forward movement of Affirmative Action affairs, within the College's existing resources. The appointment of a half-time Coordinator for Affirmative Action is in partial response to one of the major recommendations of the Advisory Committee on Affirmative Action in its 1973-74 annual report.

As Coordinator for Affirmative Action, Mr. Wilson's main duties will include:

(1) Working with the vice presidents, deans, and appropriate directors and department chairmen to ensure that all recommendations of the 1973-74 report of the Advisory Committee on Affirmative Action and the 1972-73 report on the Status of Women are carefully considered and implemented where appropriate and feasible.

(2) Working with the vice presidents, deans and appropriate directors and department chairmen in the monitoring and implementing of the new Affirmative Action Plan to ensure that its provisions are carefully followed and implemented.

(3) Working closely with the Affirmative Action Advisory Committee in the encouragement of Affirmative Action at the College and in bringing new developments in Affirmative Action to the attention of the College community.

Conditions of uncertainty in Affirmative Action will continue for some time. The evolving nature of federal regulations in this area, the illusive nature of some of these regulations, and the difficult implementation of others highlight these uncertainties. Nevertheless, it is important to reaffirm the College's commitment to the principles of equal opportunity. The recent action of the Board of Visitors and the appointment of Mr. Wilson are important steps in allowing us to act on this commitment.

Roseberg to Lecture

Carl Roseberg, professor of fine arts, will speak on Chinese bronze casting at the Asia House, Thursday, October 3, at 7 p.m.

After presenting slides on Chinese bronzes, Roseberg will discuss the film, "The Enjo Bronze Casting Factory," which deals with a Tokyo family still practicing ancient Chinese bronze casting.

A nationally known sculptor, Roseberg has exhibited widely in local, state, regional and national exhibitions. He is the recipient of many high honors, prizes and private and public commissions. In 1965, he was awarded a Fulbright grant for faculty research in order to attend an eight-week seminar in India.

Roseberg, a member of the faculty for the past twenty-six years, is currently offering courses in beginning and advanced sculpture and oriental art.

The program is open to the public.

German Film Series

The German newsreel series "Deutschlandspiegel" will be shown each Thursday evening at 8 p.m. in the German House, Botetourt Residence 5. All interested persons are invited to attend.

International Circle Holds Initial Meeting

International Circle will hold its first meeting on Thursday, October 3. All students, faculty, administrators and staff members are eligible for membership. Foreign faculty members are especially urged to attend.

The meeting is scheduled to be held in Rooms A and B in the Campus Center at 7:30 p.m. Included on the agenda is the election of officers for the current academic year.

Theta Donates to Circle K

Mandy Linden, President of Circle K, receives a check for \$1,000 from Kappa Alpha Theta president Janet Muse. At right is Marcia Carl, projects chairman last year. The money represents one of 10 such grants awarded this year by the National Kappa Alpha Theta Foundation to Theta alumnae and collegiate chapters for community involvement projects. The

award to the service club was made on the basis of its community involvement in the Chickahominy community project, tutoring, recreation, the pre-school program, as well as the senior citizens program, and on the basis of the participation of Kappa Alpha Theta members in this work.

Yearbook Photos

Appointments for yearbook portraits for all students can be made now at the Echo Office (Ext 317) in the Campus Center. Pictures will be taken through October 18.

Physics Colloquium

E. N. Economou of the University of Virginia will speak on "Studies in the Hubbard Model Using a Random Static Field Approximation," Friday, October 4, at 4:30 p.m. in 109 Small. Coffee will be served in the conference room at 4 p.m.

Financial Aid Notices

National Direct Student Loan and Supplemental Educational Opportunity Grant recipients who have not signed the necessary forms should come by the Student Loan Office, 1st. Floor, James Blair Hall, immediately.

At Christopher Newport

Artists appearing in the Concert Series in the Campus Center Theatre include:

Eugene List, October 2, 8 p.m.

Olivia Stapp, November 6, 8 p.m.

For ticket information and reservations call 596-7611, Ext. 274/278.

Sickle Cell Anemia Drive

The Black Student Organization (B.S.O.) is sponsoring a sickle cell anemia Drive on Thursday, October 3, 1-5 p.m. in Rooms C and D of the Campus Center.

The Drive will include the administering of tests for sickle cell anemia, a dreaded disease which affects mostly members of the Black race, and a short program on the facts concerning the disease. Florence Cooper, director of the Sickle Cell Anemia Clinic of the Medical College of Virginia, will be the guest speaker.

The entire Williamsburg community is invited to participate in the campaign.

Outstanding Students Earn Scholarship Awards

APPLICATIONS OPEN

FOR FULBRIGHT GRANT

Susan Dandridge, a senior from Martinsville, has been awarded a \$1,000 fellowship from the Virginia Museum in Richmond for her lighting design work in the William and Mary Theatre.

A theatre major, she is the first William and Mary student to be granted this award, offered annually by the Museum to graduate and undergraduate students who show a strong interest in working with the theatre.

Miss Dandridge has worked with many musical and theatrical productions on campus since her freshman year. She has designed lights for the William and Mary Choir performances for the past 2 1/2 years; the Sinfonicon production of 'Patience'; William and Mary Theatre production of Chekov's 'The Seagull'; Backdrop Club production of 'Marat Sade'; and the Orchesis dance concert this past year. This summer she worked with the 'Eighteenth Century Show' at the Williamsburg Lodge.

Miss Dandridge, who plans to follow a career in the theatre, finds lighting design fascinating because "it involves so many aspects - a familiarization with electronics, a knowledge of colors and what light does to different fabrics, moods it can create, and the psychological impact it has on an audience."

Michael E. Madden of Silver Spring, Md., a senior, has received the Pi Kappa Alpha Fraternity Scholarship for the academic year 1974-75.

The scholarship, established in 1879, is given annually to the fraternity member with the highest academic average for the previous year and was donated by Robert M. Hughes, L.L.D., of Norfolk, Va. The scholarship carries a \$100 stipend.

A history major, he is Pi Kappa Alpha fraternity secretary this year and participated in the fraternity's "Bike Marathon" last spring to help raise money for muscular dystrophy.

He is a 1971 graduate of Wheaton High School in Wheaton, Md., where he was vice-president of the student government and placed second in national high school debating competition during his junior year.

Fellowship Sponsors Concert

James Ward, self-styled singer and piano player, will appear in concert at the Campus Center Ballroom at 8 p.m., Saturday, Oct. 12.

Ward's music is a mixture of blues, jazz, and gospel with classical overtones.

Mr. Ward is presently affiliated with Inter-Varsity Christian Fellowship and travels to colleges, universities and churches with a "Christian alternative to the humanist spirit usually found in popular music," he says.

Ward holds a B.A. Degree in music from Covenant College, and now lives in Chattanooga, Tennessee.

The concert here is being sponsored by the William and Mary Christian Fellowship. Tickets cost \$1.50 in advance or \$2.00 at the door. For further information, call Dave Berry at Ext. 535.

We Apologize

Last week the *News* erred in reporting the amount of the MBA scholarship stipends awarded to Oscar Larry Anderson and Charles E. Rawley, III, by the United Bank of Virginia of Williamsburg. Each student received an actual stipend of \$750 for the 1974-75 academic session.

Left front, S. T. Peters, D. L. Brizendine; left rear, C. J. Guion, R. A. Kerr

Four William and Mary students have been awarded Sigma Phi Epsilon Educational Foundation scholarships for the academic year 1974-75.

Christopher J. Guion, a senior biology major, and Scott T. Peters, a senior business administration and management major, were presented awards of \$350 each. Two senior biology majors, Donald L. Brizendine and Robert A. Kerr, received awards of \$100 each. The presentations were made last Thursday by Foundation president J. Edward Zollinger, '27.

Sigma Phi Epsilon, the second largest national college fraternity, was founded

at the University of Richmond in 1901. It has chapters at 200 colleges and universities in 43 states and the District of Columbia. The foundation is supported by contributions from undergraduate and alumni members of Sigma Phi Epsilon. It awards scholarships annually to student members who qualify on the basis of scholarship, leadership in fraternity and college and community activities, and need.

Zollinger said \$6,200 in scholarships was awarded this year and that in the past 14 years, scholarships worth \$77,000 have helped over 300 students to continue their education.

Surplus Property Sale

Bids will be opened Friday, October 11, at 2 p.m. for items on the latest surplus property sale list issued by the State Department of Purchases and Supply.

Copies of the complete list of sale items may be viewed at the Purchasing Department, the College Plant Office, and the News Office. Items on the list include lawn mowers, drafting tables, and office machines.

Sale items 149-164 listed on the schedule and located at the College may not be bid on by employees of the College or their families under the conflict of interest clause contained in the conditions and terms of the sale.

Selection is based on the academic and/or professional record of the applicant, the validity and feasibility of his proposed study plan, his language preparation and personal qualifications. Preference is given to candidates between 20 and 35 years of age who have not had prior opportunity for extended study or residence abroad.

Information and application forms may be obtained from Gary Smith, advisor of the Fulbright Program, 106B Washington Hall, from 10:30-11:30 a.m., Monday, Wednesday and Friday; and from 11 a.m.-12 noon, Tuesday and Thursday. The deadline for receipt of applications is October 21.

ATGSB Scheduled

The Admission Test for Graduate Study in Business (ATGSB), required of applicants to most graduate business programs throughout the country, will be administered November 2 in 301 Jones Hall.

Registration deadline for the test is October 11.

A limited number of applications are available in the graduate division of the School of Business Administration in 305 Jones Hall.

Under a new procedure, walk-in registration will be allowed only if sufficient space and test materials are available. An additional fee of \$10 is charged for walk-in registration.

TWIRLER HOOKS A RUG

Linda Angevine, featured twirler with the William and Mary band, is an artisan with a needle as well as a baton.

Linda Angevine

A sample of her handiwork is a colorful handhooked rug in green and gold wools featuring the College seal.

Linda started on the project this summer to fill some leisure hours. Her friend, Barbara Heile, an art major at American University, drew the pattern and Linda transferred it onto the canvass and did the hooking. The finished product is so attractive it will probably never touch the floor but be used as a colorful wall hanging.

A sophomore from McLean, Va., Linda hopes to go to medical school after graduation. She took her handiwork over to Ewell Hall the other day to see if someone there might be interested in a trade - the rug for assurance of a place in medical school. The offer was turned down but Linda says she would gladly set up a rug factory if that would help her attain her goal.

PLAN FOR EQUAL OPPORTUNITY IN VIRGINIA'S INSTITUTIONS OF HIGHER EDUCATION: A SHARED RESPONSIBILITY

At its meeting of May 17-18, 1974, the Board of Visitors ratified the Virginia Plan for Equal Opportunity in Higher Education (VPEOHE), embodying the dual principles of statewide coordination and institutional governance, as the official policy of the College of William and Mary, Christopher Newport College and Richard Bland College.

On May 28, 1974, the Governor submitted "The Plan for Equal Opportunity in Virginia's Institutions of Higher Education: A Shared Responsibility" to the Department of Health, Education and Welfare. In late June, "The Plan for Equal Opportunity: A Shared Responsibility" was approved by HEW. The Plan, as approved, contains both an updated version of the statewide sections of the Plan (revised from the VPEOHE) as well as the individual Affirmative Action plans of each state institution.

The Governor has requested that the Board of Visitors of each institution affected "approve that portion of the plan specifically relating to your institution as well as those statewide actions affecting your institution."

RESOLVED, That the Board of Visitors approve "The Plan for Equal Opportunity in Virginia's Institutions of Higher Education: A Shared Responsibility" for the College of William and Mary, Christopher Newport College and Richard Bland College.

REVISION OF BY-LAWS

In view of the vacancy now existing in the position of Executive Vice President, the President has undertaken a study of the administrative organization and functioning of the College. This review has led to the conclusion that the needs of the College are best served by the creation of a new position of Vice President for Planning and Administrative Services. Under this proposal the President would assume increased responsibility for relationships with the General Assembly and the Governor's Office, and the position of Executive Vice President would not be filled at this time. The proposed By-Laws reflect this plan.

In view of the misunderstandings that have become apparent regarding the responsibilities of the faculties, academic deans, the President and the Board of Visitors as they pertain to faculty appointments, the President has further reviewed the By-Laws of the College and has modified them accordingly, in the enclosed proposed By-Laws of the College.

NOW, THEREFORE, BE IT RESOLVED, That the Board of Visitors approve the revised By-Laws of the College, as enclosed, and

BE IT FURTHER RESOLVED, That the President be directed to take appropriate actions to implement these revised By-Laws at the earliest practicable date.

(Note: The Relevant Portion of the Revised By-Laws Follows)

VICE PRESIDENT FOR PLANNING AND ADMINISTRATIVE SERVICES

The Board of Visitors will, on recommendation of the President of the College, appoint a Vice President for Planning and Administrative Services. The Vice President for Planning and Administrative Services shall, under the direction of the President and in accordance with the policies of the Board of Visitors, work with all appropriate persons to develop integrated long-range plans for the College consistent with its statement of purpose and goals, and will coordinate the implementation of those plans within the resources available.

He shall have responsibility over the automated data processing resources of the College, for both educational and administrative purposes, and be responsible for institutional research. He shall take responsibility for a College-wide management information system, for both current use and long-range planning. He shall have responsibility for the planning and administration of the College's space resources.

He shall take on such other administrative assignments as directed by the President, with the approval of the Board of Visitors. He shall, under the direction of the President, fill vacancies and establish new administrative positions, subject to appropriate approval and appointment by the Board of Visitors.

RESOLUTION OF THE BOARD OF VISITORS APPOINTMENT OF PRESIDENTIAL SEARCH COMMITTEE RICHARD BLAND COLLEGE

On September 25, 1972, the Rector of the Board of Visitors appointed a Committee to search for a successor to Colonel James M. Carson, as President of Richard Bland College. Subsequent events and considerations that led to the appointment on May 19, 1973 of Dr. Cornelis Laban as Acting President are documented in a memorandum of May 21, 1973. The Board reappointed Dr. Laban on January 11, 1974, as Acting President, for the period from September 1, 1974 to August 31, 1975 as documented in a memorandum of January 14, 1974.

As the two memoranda indicate, the continuing uncertainty as to the future of Richard Bland College was the major factor that led to the appointment of an Acting President in 1973 and to the reappointment of an Acting President in 1974.

The substantial educational and administrative progress made at Richard Bland since September, 1973, has contributed greatly to the stability of the College. Recently we have received assurances that in view of this progress there are no immediate or specific plans to undertake a further study of the future role of Richard Bland. This development suggests that Richard Bland will continue in its present role for the foreseeable future, and that the earlier uncertainties are largely removed.

Therefore, it is now an appropriate time, as suggested in the memoranda of May 21, 1973, and January 14, 1974, for the Board of Visitors to take action that could lead to the appointment by the Board of a President of Richard Bland College who would no longer be on an Acting basis.

Accordingly, be it Resolved, That the Board of Visitors appoint a Presidential Search Committee to make recommendations to the Board on the appointment of a President of Richard Bland College.

Be it further Resolved, That the Presidential Search Committee* consist of four members of the Board, a faculty member, a student, and an alumnus of Richard Bland College, all appointed by the Board of Visitors, as follows:

Mr. Thomas C. Clarke, Member, Board of Visitors
Dr. Sidney R. Davis, Chairman, Department of Sociology and former Dean of Students
Dr. James E. Kilbourne, Member, Board of Visitors
Miss Anne Dobie Peebles, Member, Board of Visitors, Chairman of Search Committee
Dr. George D. Sands, Member, Board of Visitors
Mr. Jefferson K. Teass, President of Student Government Association
Mrs. Mary Frances Williams, President of Alumni Association

Be it further Resolved, That the criteria and standards outlined in the statement of 1972 adopted by the earlier Presidential Search Committee be reaffirmed and adopted by this new Presidential Search Committee.

*Dr. Paul N. Clem, Liaison Officer for William and Mary with Richard Bland College, will provide administrative support to the Committee.

IN MEMORIAM

Professor John Thomas Baldwin, Jr.

Professor John Thomas Baldwin, Jr., of the Department of Biology died in Williamsburg on September 3, 1974 at the age of 64 years. A graduate of William and Mary (A.B. 1932) in classical languages and of the University of Virginia (Ph.D. 1937) in biology, he led a distinguished career in biological sciences, both academic and governmental, throughout his professional life.

Following attainment of the doctorate, Baldwin came to William and Mary as an assistant professor of biology from 1937 to 1939 and then joined the faculty of biology in the University of Michigan from 1939 to 1942. In 1942, he was recruited by the U.S. Department of Agriculture to engage in the study of rubber tree production and spent two wartime years in the Amazon Valley in this endeavor. In later years, he continued as an active consultant on natural rubber to the Department of Agriculture. Following World War II, Baldwin was again at the University of Virginia as a faculty member and manager of the Bland Experimental Farm. In 1946 he responded to a consultative inquiry on a faculty vacancy at William and Mary by volunteering himself and returned to Williamsburg as a professor of biology in the College. The call for active government service came again and in 1949 and 1950, he was in the field in West Africa and Mexico seeking and identifying plant sources for the hormone cortisone.

At William and Mary, Baldwin devoted himself to the teaching of botany and genetics. His insights into plant life offered a unique appeal to many college students. He was a significant leader in the expansion of the biology department and in the encouragement of William and Mary students to pursue careers in professional biology and related fields. As a dedicated alumnus and involved faculty member, he gave unnumbered days of his life to the beautification of the William and Mary campus which is graced by a documented scientific and esthetically pleasing flora of his selection. Therefore, in recognition of his professional accomplishments and of his devotion to this College,

Be it Resolved by the Board of Visitors of the College of William and Mary that the contributions of Professor Baldwin be recognized with deep appreciation and that this memorial become a part of the permanent minutes of the Board.

Faculty News

Biology

Bruce Grant, associate professor, presented a seminar to the Biology Department at the University of Richmond on September 16. The discussion dealt with frequency-dependent selection and genetic variation in natural populations.

A paper entitled "Frequency-Dependent Mate Selection in *Mormoniella Vitripennis*," by Mr. Grant, G. Ann Snyder, '72, and Steven Glessner, '73, was published in *Evolution*, 28:259-264.

C. Richard Terman, professor, was awarded a North Atlantic Treaty Organization (NATO) Senior Fellowship in Science this past summer at Oxford University.

The fellowship was granted by the National Science Foundation (NSF) and the U.S. Department of State. The program was designed to foster interchange of information among NATO nations, and awards were granted to 40 scientists nationally.

Terman has received an additional grant from the U.S. and Polish National Academies of Science for study in Poland during October to visit researchers in Population and Behavioral Ecology and to give occasional lectures.

Government

Joseph A. Miri, assistant professor, who is on a year's leave, has begun his assignment with the Office of Planning and Evaluation of the U. S. Environmental Protection Agency. Mr. Miri received a public administration fellowship from the National Association of Schools of Public Affairs and Public Administration under a program which seeks to give college faculty in the fields of public administration and public policy practical experience in government administration.

History

A. Z. Freeman, professor, has been elected to a three-year term as a member of the Council of the Conference on Scottish Studies.

Mathematics

Carl M. Andersen, senior research associate, recently attended a conference on Symmetry, Similarity and Group Theoretic Methods in Mechanics held at the University of Calgary, Canada. At the conference, Mr. Andersen gave a talk on a paper that he co-authored with Ahmed K. Noor, from George Washington University Center at NASA-Langley Research Center. The talk was entitled: "Use of Group-Theoretic Methods in the Development of Nonlinear Shell Finite Elements."

Modern Languages

Alexander Kallos, professor, has published a study entitled "Twentieth Century German Literature in English" in *Festschrift fur Adolf D. Klarmann*. The volume is a collection of essays dealing with modern German literature.

A translation by assistant professor Gary A. Smith of a previously unpublished work by Angelika Mechtel, "Hochhausgeschichte" (High-rise Story), appeared recently in *Diminution: Contemporary German Arts and Letters*, Vol. VI, No. 2.

"Death as a Theme in Casona's Plays," an article by John A. Moore, professor, appears in the current issue of the *South Atlantic Bulletin*.

Philosophy

Associate professor Alan E. Fuch's article, "The Production of Pleasure by Stimulation of the Brain: An Alleged Conflict Between Science and Philosophy," has been accepted for publication by *Philosophy and Phenomenological Research*.

Physics

John Kane, associate professor, recently presented a contributed paper entitled "Measurement of the Magnetic Moment," at the Fourth International Conference on Atomic Physics in Heidelberg, Germany. Co-authors of the paper were William and Mary professors Colin R. Cox, Morton Eckhause, Bradley Lee Roberts, and Robert E. Welsch, as well as collaborators from Carnegie-Mellon University, the California Institute of Technology, Virginia Polytechnic Institute, and the University of Wyoming.

Following the conference, Mr. Kane visited the Swiss Institute for Nuclear Research in Villigen, Switzerland, and gave an invited talk on "Muonium Production from Gold Foils." The experimental group working on this topic included from William and Mary Messrs. Morton Eckhause, Cheng Shong Hsieh, and Charles B. Spence, as well as collaborators from the University of Maryland.

School of Law

Walter L. Williams, Jr., addressed the recent meeting of the United Nations Association Peninsula Chapter on the topic "The Role of the United Nations in the Development of International Law."

William F. Swindler, John Marshall Professor of Law, on leave this semester as Distinguished Visiting Professor at the University of Oklahoma, participated in a discussion with Raoul Berger of Harvard Law School in a panel on "alternatives to impeachment" at the University of Oklahoma September 5. Swindler's paper, "Accountability: The Constitutional Goal," will appear in a symposium on post-Watergate constitutional problems in a forthcoming issue of the *George Washington Law Review*.

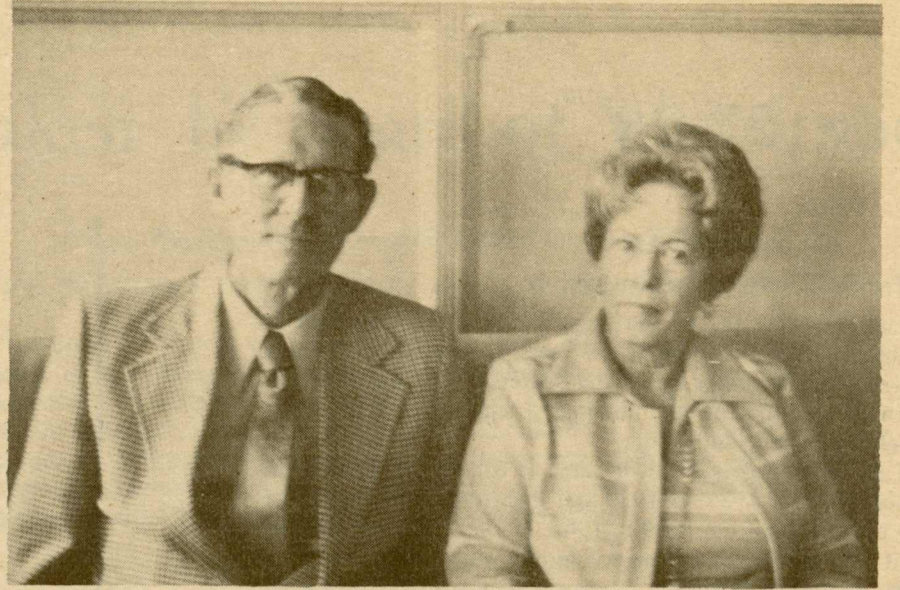

Swindler is also the author of a short article, "Watergate and Constitutional Powers: A Perspective to United States v. Nixon," to be published in the fall issue of *The Brief* of Phi Delta Phi legal fraternity.

Ron Brown, who for the past year has served as regional chairman of the Federal Bar Association's Committee on Public Employee Labor Relations, recently delivered a speech on "The Legal and Non-Legal Developments of Public Sector Bargaining in the South and Southwest Region of the U.S." at the Federal Bar Convention in Washington, D. C.

School of Education

Armand Galfo, professor, and Roger Ries, associate professor, have been conducting a survey of staff opinions concerning the 45-15 year-round school pilot programs in the Virginia Beach City School System. The study focused on how administrators and supervisors view the program after one year of operation relative to administrative operation, instruction, staff-pupil morale, and community reaction.

Kevin Geoffroy, associate professor, attended a two-day workshop for journal editors sponsored by the American Personnel and Guidance Association. The 35,000 member association publishes twelve journals in the field of guidance and personnel services. Geoffroy is editor-in-chief of *Together: The Journal of Specialists in Group Work*.

TWENTY-EIGHT YEARS OF SERVICE--Mr. and Mrs. Thomas C. Fannin took five in front of the camera last Friday during "Tex" Fannin's retirement party. Mr. Fannin has been employed by the College since 1946 and has most recently served as superintendent of building and grounds in charge of the mechanical branch. The Fannins plan to live in Lightfoot during his retirement.

Personnel Bulletin

Columbus Day

Columbus Day, October 14, is a legal holiday for permanent classified employees.

In accordance with previous holiday notices, this holiday should be given, as far as practicable, to members of each department. However, the College will be in session on this date, and certain services must be maintained in various departments. These services should be furnished on the holiday by a minimum number of employees. The responsibility for determining this number of employees rests with the department head.

A leave slip should be submitted to the Personnel Office for any permanent classified employee who takes the holiday. Permanent classified employees who are required to work on this holiday are urged to take the compensatory leave earned as soon thereafter as possible in order to avoid excessive leave accumulation. Hourly employees who work on this holiday will be paid at their regular hourly rate.

Job Openings

The following positions at the College are or will be vacant. Qualified employees who wish to be transferred to these positions may receive additional information at the College Personnel Office. The College of William and Mary is an Equal Opportunity Employer. Accordingly, women and minority employees are encouraged to apply for those positions for which they feel they are qualified.

Annual Service Ratings for 1974

Each year, all permanent classified employees at the College who have been employed on or before September 1 receive a service rating. This rating is prepared annually by an appropriate supervisor. Each employee is rated on habits of work, amount of work, quality of work, cooperation, intelligence, and initiative. Adjectival ratings are poor, fair, good, very good, and excellent. When an employee's service rating includes more than two appraisals of "fair" or any appraisals of "poor," the employee may not receive a merit increase. The service rating must be discussed with the employee by the supervisor. This is not a decision to be made by the rating official. Each employee is required to sign his or her name at the top of the completed service rating form to indicate that they have seen and discussed the rating with the supervisor. Instructions for preparation of the service ratings for this year will be forwarded to rating officials during the month of October.

Official Memoranda (Con't.)

From: Vice President for Business Affairs

To: All Deans, Department Heads and Supervisors

Subject: Uniform Accident Prevention and Safety Program

The College of William and Mary has been directed by Executive Order Number Fifteen issued by Governor Mills E. Godwin, Jr. to support and conform to the provisions of the State Uniform Accident Prevention and Safety Program. The Transportation Officer of the College, Mr. William T. Allen, and the Director of Safety and Security, Mr. Harvey P. Gunson, will be responsible for the implementation of this program. Its provisions are detailed in the full text which follows.

From: H. W. Burgess, Superintendent - Department of State Police

To: State Departments and Agencies

Subject: Executive Order Number Fifteen

I am enclosing a copy of Executive Order Number Fifteen issued by Governor Mills E. Godwin, Jr., on August 20, 1974, charging the Department of State Police with responsibility to establish and direct the Uniform Accident Prevention and Safety Program among the several Agencies of State government which use State-owned vehicles.

This Executive Order rescinds the one that was originally issued by Governor William M. Tuck on October 20, 1948 with subsequent amendments by Governors John S. Battle and Thomas B. Stanley.

Paragraph 2 of section 6 of this Executive Order has been changed to read as follows:

"Whenever negligence of an operator of a State-owned vehicle has been determined as the cause of an accident, a penalty of \$2.50 shall be imposed on the operator by his department or agency, and if the State-owned vehicle is a pool car, such monies collected shall be credited to the Central Garage Fund for use in the promotion of safety among the agencies and departments using pool cars. Agencies or departments owning their own vehicles shall utilize such funds collected for the promotion of safety in their own organizations."

I would appreciate very much if the provisions of this Executive Order are called to the attention of all of the employees within your department or agency and I would particularly like you to remind them of the necessity of calling a member of the Department of State Police to investigate all accidents involving State-owned vehicles.

Whenever negligence of an operator of a State-owned vehicle has been determined as the cause of an accident, a penalty of \$2.50 shall be imposed on the operator by his department or agency, and if the State-owned vehicle is a pool car, such monies collected shall be credited to the Central Garage Fund for use in the promotion of safety among the agencies and departments using pool cars. Agencies or departments owning their own vehicles shall utilize such funds collected for the promotion of safety in their own organization.

Where a State-owned vehicle has been damaged through gross negligence on the part of the operator, as determined by his department or agency head, the department or agency using the car may pass on to the operator the cost of repairs.

7. If the question of responsibility of the operator is in dispute as between the operator, the using agency, or the Department of Highways in the case of pool vehicles, the matter shall be referred to the Department of State Police by the using agency for a full review of the case and a report of its findings and recommendations to the agency or agencies involved and the operator of the vehicle. Appropriate action to comply with the recommendations of the Department of State Police shall then be taken by the using agency.

8. A control shall be established by the Department of State Police as to what employees may not have the privilege of using State-owned vehicles. On conditions as established by the Department of State Police, the right of an employee to operate a State-owned vehicle may be suspended.

When an employee's experience from the records at the Department of State Police and/or the Division of Motor Vehicles indicates that his right to operate a State-owned vehicle should be suspended, the Department of State Police shall so suspend and shall so notify the employing agency, the employee, and the Department of Highways car pool.

This Executive Order Number Fifteen rescinds the Executive Order issued the sixth day of June, 1956, on this same subject.

Given under my hand and the Seal of the Commonwealth of Virginia this twentieth day of August, 1974.

(S) Mills E. Godwin, Jr.
Governor

EXECUTIVE ORDER NUMBER FIFTEEN

CHARGING THE DEPARTMENT OF STATE POLICE WITH RESPONSIBILITY TO ESTABLISH AND DIRECT A UNIFORM ACCIDENT PREVENTION AND SAFETY PROGRAM AMONG THE SEVERAL AGENCIES OF STATE GOVERNMENT WHICH USE STATE-OWNED VEHICLES

Pursuant to the authority granted me as Chief Executive of this Commonwealth, I hereby charge the Department of State Police with responsibility to establish and direct a uniform accident and safety program among the several agencies of State government which use State-owned vehicles. The Department of State Police is further authorized to modify as it deems advisable for the best interests of the Commonwealth any uniform accident and safety program of any agency to take into consideration certain special operating requirements of that agency.

To the extent practicable, the programs established in each agency under the direction of the Department of State Police shall be uniform. Each uniform program shall embody the following features and provisions, and such other features and provisions as in the discretion of the Department of State Police are necessary to effectuate and maintain a workable program best suited to the interests of the Commonwealth:

1. Whenever an accident occurs involving a State-owned motor vehicle, the agency owning the vehicle, shall report the same immediately to the Department of State Police. In the case of State-owned pool vehicles, the Department of Highways shall also report the accident to the using agency.
2. The Department of State Police shall investigate all accidents involving State-owned vehicles.
3. The Department of State Police shall require the maintenance of records on accidents by the individual agencies in a manner as prescribed by the Department of State Police.
4. The Department of State Police shall have access to these records at all reasonable times and may require reporting by the agency as deemed advisable.
5. If it is considered advisable, the Department of State Police shall conduct a safety contest on a continuing basis.
6. In the case of an accident involving the use of a State-owned pool vehicle, the Central Garage shall repair the damage to the vehicle, and, where there is no negligence on the part of the operator, shall stand the cost of such repairs. Where it has been determined that there is negligence on the part of the operator, the department or agency using the car will bear the cost of repairing the vehicle.
