In the News

"Real Life, Louisville in the Twenties" is the topic of an illustrated lecture by Michael Lesy in the November 3 Project Plus Forum, to be held in Andrews Hall of Fine Arts at 7:30 p.m.

Lesy, who is visiting lecturer in history at Emory University, will explore the culture of an industrial city between World War I and the Depression through the use of vernacular photographs as documents of that culture. Lesy is the author of a book of the same title, published this month by Pantheon Press, and of "Wisconsin Death Trip" (1973).

He holds degrees from Columbia University, the University of Wisconsin and Rutgers University in the fields of history and American Studies.

Swine Flu vaccine will not be available through the College's Student Health Service, advises Dr. Richard Cilley, director. The vaccine will, however, be available through Public Health Service clinics, he said.

"The monovalent swine flu vaccine is recommended for people from the ages of 18 to 65 who are essentially in good health and are free of allergy to egg protein," said Cilley. "The bivalent vaccine, which is the swine flu and the A-Victoria flu combines, should be used for chronically ill patients and for persons over age 65."

Residents of Williamsburg, James City County and the upper portion of York County who are 18 years of age and older may go to any of three locations for their free inoculations. They are James Blair Junior High School, Ironbound and Longhill roads; Magruder Elementary School, Penniman Road and Route 143; and York High School on Route 17. Hours at all three locations are noon-8 p.m., on Saturday and Sunday, Nov. 6 and 7.

W&M Scientists Named Fellows Of Physics Society

Physics Professors Arden Sher and Hans C. von Baeyer have been named Fellows of the American Physical Society, the principal professional society in the field.

Fellows are elected by the Society's Council, in recognition of their contributions to "the advancement of physics by independent, original research" or by their rendering "some other special service to the cause of science which is considered equivalent to such investigations."

Sher joined the College faculty in 1967 from the Research Laboratory of Varian Associates in Palo Alto, Cal. His principal field of research is in the area of solid state theory, the mathematical description of matter. Recently he has been working on the improvement of solar cells which convert sunlight directly into electricity. In addition to his ongoing undergraduate teaching duties, he has supervised the doctoral dissertation of five students.

Professor von Baeyer, who came to William and Mary in 1968 from McGill University in Montreal, is currently chairman of the department. His field of research centers on the theory of relativity as applied to elementary particles. In 1973 he was awarded the Thomas Jefferson Teaching Award, which is presented annually to one faculty member for excellence in teaching.

Lindberg Appointed To Music Faculty

John Paul Lindberg, solo timpanist for the Virginia Opera Orchestra and principal percussionist of the Norfolk Symphony, has accepted a temporary appointment as lecturer in music for the 1976-77 session.

He has been an instructor of percussion at Norfolk State College, Virginia Wesleyan College and the Frederick Campus of Tidewater Community College. Lindberg is leader of the Virginia Chamber Ensemble, Young Audiences, Inc. and has been timpanist of the Norfolk Chamber Orchestra since 1971 and percussionist with the Norfolk Chamber Concert since 1969.

The Third Presidential Debate

Gentlemen Protagonists at the College of William & Mary in Virginia

Government Department Begins Seminar Series

Harry Rozitske, a retired employee of the Central Intelligence Agency, will discuss "Secret Operations and American Foreign Policy" Thursday, Oct. 28, in the first of three Diplomats-Scholar Seminars sponsored by the government department. The series will focus on the major issues relating to the conduct of American foreign policy.

The seminar begins at 3:30 p.m. in the Dodge Room of Phi Beta Kappa Hall. Interested members of the College community are invited to attend.

Before entering the CIA, Rozitske served in the U.S. Army and the Office of Special Services during World War II. Since his retirement from the Agency, he has lived in Middleburg, Va. His most recent publications are the *USSR Today* and "America's Secret Operations: A Perspective" (*Foreign Affairs*, January 1975). His book on intelligence activities will be published early next year.

Rozitske, who holds a doctoral de-

gree from Harvard University, has lectured widely on the subject of covert operations.

Also participating in the seminar are Murat W. Williams, retired ambassador to San Salvador and former liaison with civilian and military intelligence agencies for the State Department; Walter J. Mueller, U.S. Foreign Service, retired, and former Consul-General in Canada; John Day, visiting associate professor of government, from Leicester University, Great Britain; Alan J. Ward, professor of government; Walter J. Williams Jr., associate professor of law; Robert M. Berry, graduate student in government; Robert J. Morrow, a William and Mary undergraduate student; and George W. Grayson, associate professor of government, moderator.

Subsequent seminars will deal with "The United States and the Exportation of Nuclear Technology," Jan. 20, and with "Who Makes Foreign Policy: The Constitutional Questions," Apr. 21.

Newsmakers

"A Liberal Education: Our Common Heritage" is the topic of an article by **President Graves** published in the October issue of "Liberal Education." The article is based on an address which he gave at the College of Charleston's Founders Day celebration last spring.

Leland E. Traywick of the School of Business Administration recently attended the Federal Statistics User's Conference in Washington, D.C., where he served as chairman and moderator for the sessions on federal data programs for state and local governments.

Athletic Director **Ben Carnevale** has been inducted into the New York University Sports Hall of Fame. He previously has been inducted into the Helms Basketball Hall of Fame and the Naismith Basketball Hall of Fame.

Carnevale has also been elected third vice president of the National Association of College Directors of Athletics and will serve in that capacity for the 1976-77 term.

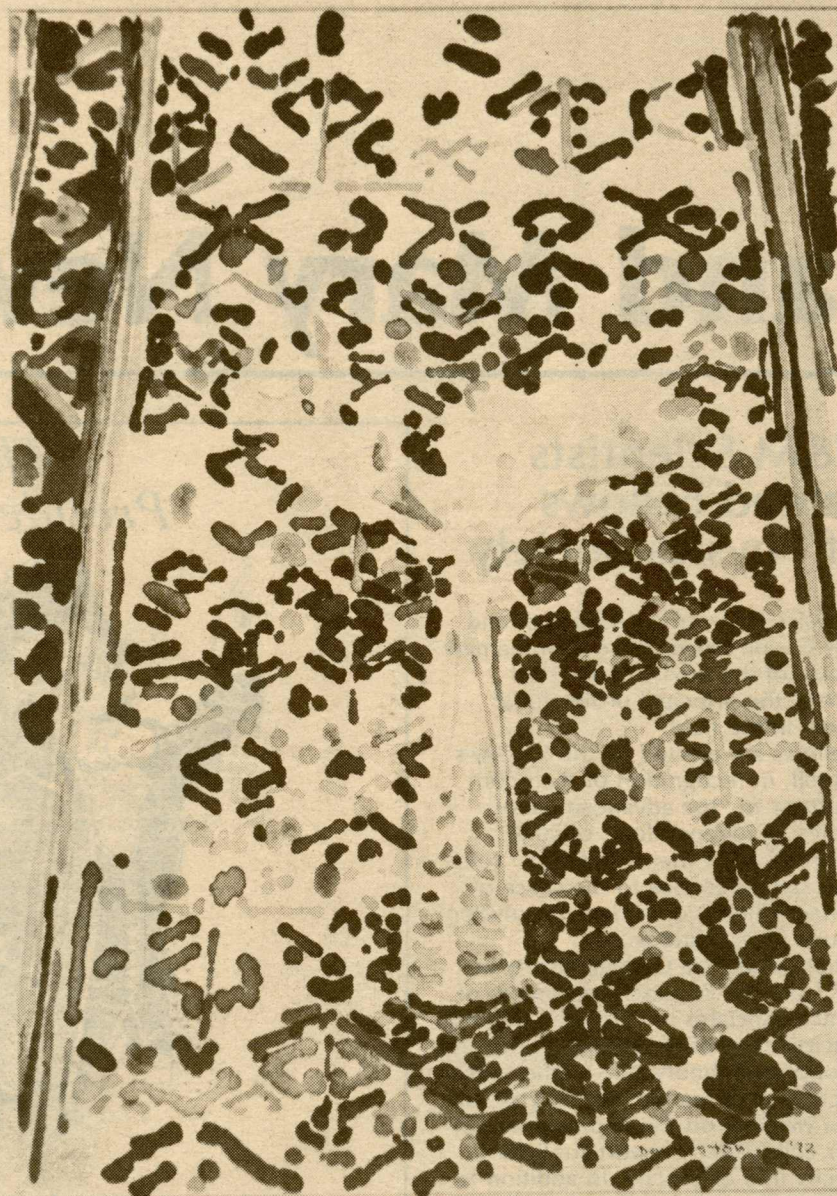

Members of the International Arena and Auditorium Managers from across the state participated in an in-service seminar, Oct. 18, sponsored by William and Mary Hall under the direction of **H. Lester Hooker Jr.** Panel leaders and their topics included **Ernest Boyce** on housekeeping maintenance; **Phil O'Doherty** of Szabo Food Services at the College, on efficient concession and catering operation; **Bettie Adams**, ticket manager at William and Mary Hall, on smooth ticket operation; and **Harvey Gunson**, director of security at the College, on building and event security.

Two faculty members were among the scientists who spoke at the fourteenth Virginia Science Teachers Conference, held in Williamsburg early in October. Physicist **Hans von Baeyer** led a discussion on the "1760's Physics Program," while geologist **Gerald H. Johnson** presented a lecture on "Geology for Earth Science." He discussed the concept of field experience for students in the context of paleontology and geomorphology.

Virgil McKenna of the psychology department has been appointed to the American Psychological Association's Committee on Personality of Division 8, the Society for Personality and Social Psychology. Charged with assessing the current status of personality research and theory, the committee met during the APA convention, Sept. 3-7, in Washington, D.C. Also serving on the committee are Rae Carlson, Livingston College of Rutgers University, chair; Jack Block, University of California at Berkeley; Robert Hogan, Johns Hopkins University; Seymour Rosenberg, Rutgers University; and Silvan Tomkins, Princeton, N.J.

At the conclusion of the APA convention, McKenna served on a scientific review panel at the Center for Population Research, National Institute of Child Health and Human Development.

Carl Moody of the economics department gave an invited paper on "Energy Use and Technological Progress" and chaired a session on Project Independence at the third annual Missouri Energy Council, Conference on Energy at the University of Missouri, Rolla. **Arthur Andersen**, who has been a visiting Eminent Scholar in the economics department, also gave a paper, entitled "Energy Independence" in the Project Independence session.

DOUGLAS DENNISTON EXHIBIT--Watercolors by an Arizona artist. Andrews Hall, Oct. 27-Nov. 24. Gallery hours are 9 a.m.-4 p.m., Monday through Friday.

Leonard Schifrin, economics, presented two lectures in September to second year students at the Eastern Virginia Medical School on the economics of health care. In subsequent terms he will regularly present a series of lectures in that area as part of the EVMS program in behavioral sciences.

On September 30 Schifrin was one of four invited lecturers in a symposium on health care for the poor, sponsored by the Church Social Ministries Resource Center and the Biomedical Ethics Committee of Eastern Virginia Medical School, at Chrysler Museum in Norfolk.

Schifrin currently has two publications in press. His study on "The Economics and Epidemiology of Drug Use" is the concluding chapter in a forthcoming medical textbook, *Clinical Pharmacology*, second edition, edited by Drs. Kenneth Melman and Howard Morrelli of the University of California School of Medicine. Schifrin's article on "The Drug Lag: An Interpretive Review of the Literature," with Jack R. Tayan of the Health Services Research Program, Stanford University School of Medicine, will appear in the *International Journal of Health Services*.

George Grayson of the government department and Professor John Bailey of Georgetown University will analyze the election returns, November 2, on "Elecciones USA '76," a Voice of America broadcast to Latin America. The program, which will be broadcast live from 11-11:30 p.m. from the Voice of America's Washington studios, is sponsored by the United States Information Agency.

Grayson's "Portugal y el Movimiento de las Fuerzas Armadas" is the lead article in the current issue of the

journal *Estudios Internacionales*, published in Buenos Aires. The article is an updated Spanish language version of a study that appeared last year in *Orbis*.

Robert Scholnick's article, "My Humble Muse: Some New Bierce Letters," has been published in the summer issue of *The Markham Review*.

Wayne Kernodle attended the annual meetings of the Gerontological Society in New York City, October 13-17, where he participated in the social science section. The meetings included a hearing of the Senate Committee on Aging, of which Senator Charles Percy is chairman.

Mr. Kernodle will be a participant on the program of the Eastern Shore Conference on Rural Community Mental Health to be held at the Eastern Shore Community College, November 18-19. He and **Richard Morrison**, co-investigators of the Eastern Shore Mental Health Research Project, will present their findings. The research and the conference were funded by the Commonwealth's Department of Mental Health and Mental Retardation.

Three hispanists from the department of modern languages delivered papers at the 26th annual Mountain Interstate Foreign Language Conference at Virginia Polytechnic Institute, October 15-16. **R. Merritt Cox** presented a paper entitled, "Cervantes and Three *Ilustrados*: Mayans, Sarmiento and Bowle." **Howard M. Fraser** discussed "Theatricality and the Games People Play in *Los soles trunco*s and *O Pagador de Promesas*." **James E. Griffin** presented a paper entitled, "Vicente Lenero and the Mexican Documentary Theater: Analysis of Che's Revolution in *Companero*."

A paper by biologists **R.E. Black, R.T. Enright** and **L. Sung**, entitled "Activation of the Dormant Podocyst of *Chrysaora quinquecirrha* (Scyphozoa) by removal of the Cyst Covering" appeared in the September issue of the *Journal of Experimental Zoology*.

Bob Maidment, school of education, will deliver the keynote address at the Virginia meeting of the National Association of Purchasing Managers, October 29 at the Boar's Head Inn, Charlottesville. The topic of his address is "The 1980 Manager."

Charlotte Mangum of the biology department was recently elected chairman of the Division of Comparative Physiology and Biochemistry, American Society of Zoologists, to serve from 1978-1980. As chairman-elect, she is serving on the steering committee of a taskforce on comparative physiology, sponsored jointly by the American Society of Physiology and the American Society of Zoologists.

In September, Mangum participated in an expedition to the Amazon drainage basin, aboard the research vessel *Alpha Helix*, a ship designed for the study of medicine and physiology. The subject of the expedition, which was financed by the Canadian government, was the transition from water to air-breathing in fish.

James P. Whyte, school of law, participated in a panel on arbitration at the sixth annual Labor Law Conference of the Virginia Bar Association at Virginia Beach, October 12. His topic was "The Nature and Legal Basis of Labor Arbitration."

Law professor **Emeric Fischer** has been appointed by the governor's office as a Virginia delegate to the annual conference of the National Tax Association Tax Institute of America, to meet at Phoenix, Ariz., November 14-18.

Walter L. Williams is the author of "The Law of War and 'Personnel Infrastructure,'" published in the current issue of the *Military Law and Law of War Review*.

Law professor **John Donaldson** discussed "Fiduciary Taxation" at the workshop of the Kansas Society of Certified Public Accountants in Wichita, Kansas, October 7-8. On October 4 he spoke on "Estate and Gift Tax Changes in the Tax Reform Act of 1976" to the Estate Planning Council of Roanoke.

Fred Harris of the economics department has been selected for the National Science Foundation's Chautauque-type course on "The Mathematical Modeling of Public Choice." The participants will meet four times this fall and spring under the direction of William Lucas of Cornell University.

"Will Unions Make Us Less Professional?" is the title of an article by sociologist **Michael A. Faia**. The article appears in the September 1976 issue of *College English*.

Bruce K. Goodwin spoke on the geology of the Richmond area in a lecture to students and faculty of the geology department at Madison College, October 7. In addition to describing the geology of that area, Goodwin outlined some of the environmental problems and discussed the mineral heritage of granite quarrying and coal mining in the Richmond area.

To be continued in next week's issue of the *William and Mary News*.

The Third Presidential Debate

Cartoon by Proffers at the College of William & Mary in Virginia

About 8,000 people gathered at William and Mary Hall Friday night for the special large-screen viewing of the final Presidential debate, sponsored by the Student Affairs Office as a Parents' Weekend program.

Although technical difficulties prevented the telecast from being shown in color until about 10:30 p.m., the audience of students, parents, faculty, staff and townspeople was enthusiastic. The audience greeted some of the panel's questions and candidates' responses by clapping or cheering their approval.

Douglas Kiker of NBC-TV introduced the debate for the W&M Hall audience.

Both President Ford and Governor Carter put in late-night appearances at the Hall, following the debate.

The President arrived at W&M Hall 12 minutes after the debate ended and entered to "Hail to the Chief," played by the William and Mary band.

Ford was accompanied by his wife, Betty, and daughter, Susan, and was escorted by Governor and Mrs. Mills E. Godwin Jr. and President and Mrs. Thomas A. Graves Jr.

A special guest with Ford was entertainer and U.N. delegate Pearl Bailey, who, at Ford's request sang "Hello, Dolly!" and then broke into her own version of "Carry Me Back to Ole Virginy."

Carter arrived at 11:36 p.m., shortly after Ford had left.

The audience, which had shown strong signs of being pro-Ford took a nonpartisan approach and welcomed Carter with loud applause and cheers.

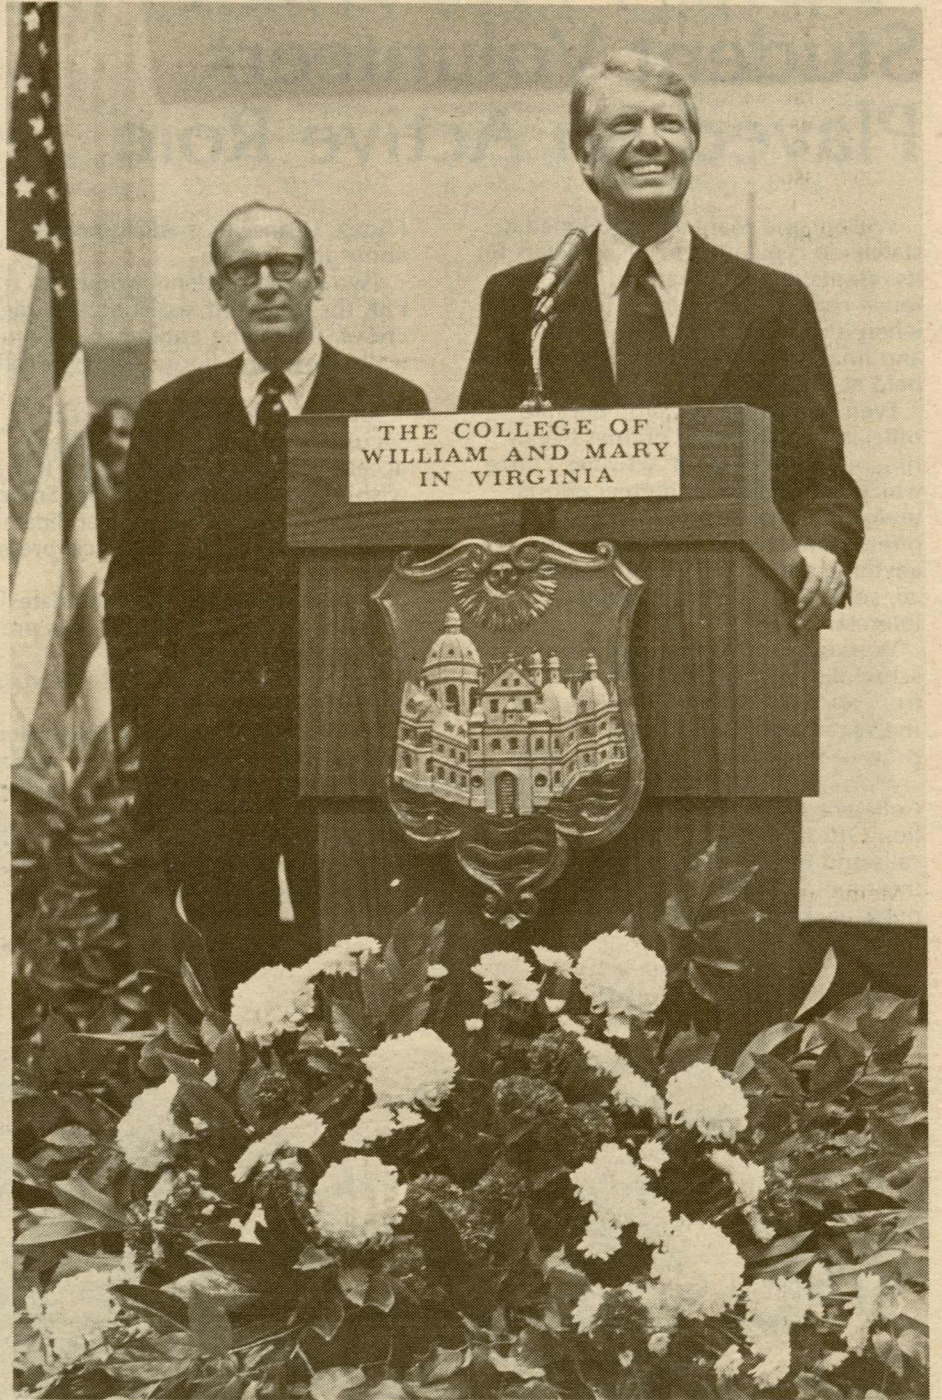

After being introduced by President Graves, the Democratic nominee spoke to the crowd in a mini-version of his campaign addresses.

Campus Welcomes Presidential Contenders

Jimmy Carter (right) addresses W&M Hall audience following the debate, as President Graves looks on.

Student Volunteers Played An Active Role

William and Mary has developed a statewide reputation in recent years for its interest in volunteerism. That interest really mushroomed, however, when it was announced that the third and final Presidential Debate would be held at the College.

Even before the decision became official on October 5, phones began ringing in the Student Activities Office, which coordinates volunteer efforts under the direction of Ken Smith, with offers from students willing to do anything connected with the debate. In all, some 200 students indicated an interest.

Working around their regular class schedules, students did everything from answer telephones to lubricate the seats in Phi Beta Kappa Hall to prevent them from squeaking.

More than 30 students assisted in the College's temporary Debate Information Office in PBK, answering phone calls and debate inquiries, and in the Information Services office, preparing press packets for news media covering the debates. Another student was on hand in the press headquarters at the Williamsburg Lodge Thursday and

Friday, to answer media questions about the College.

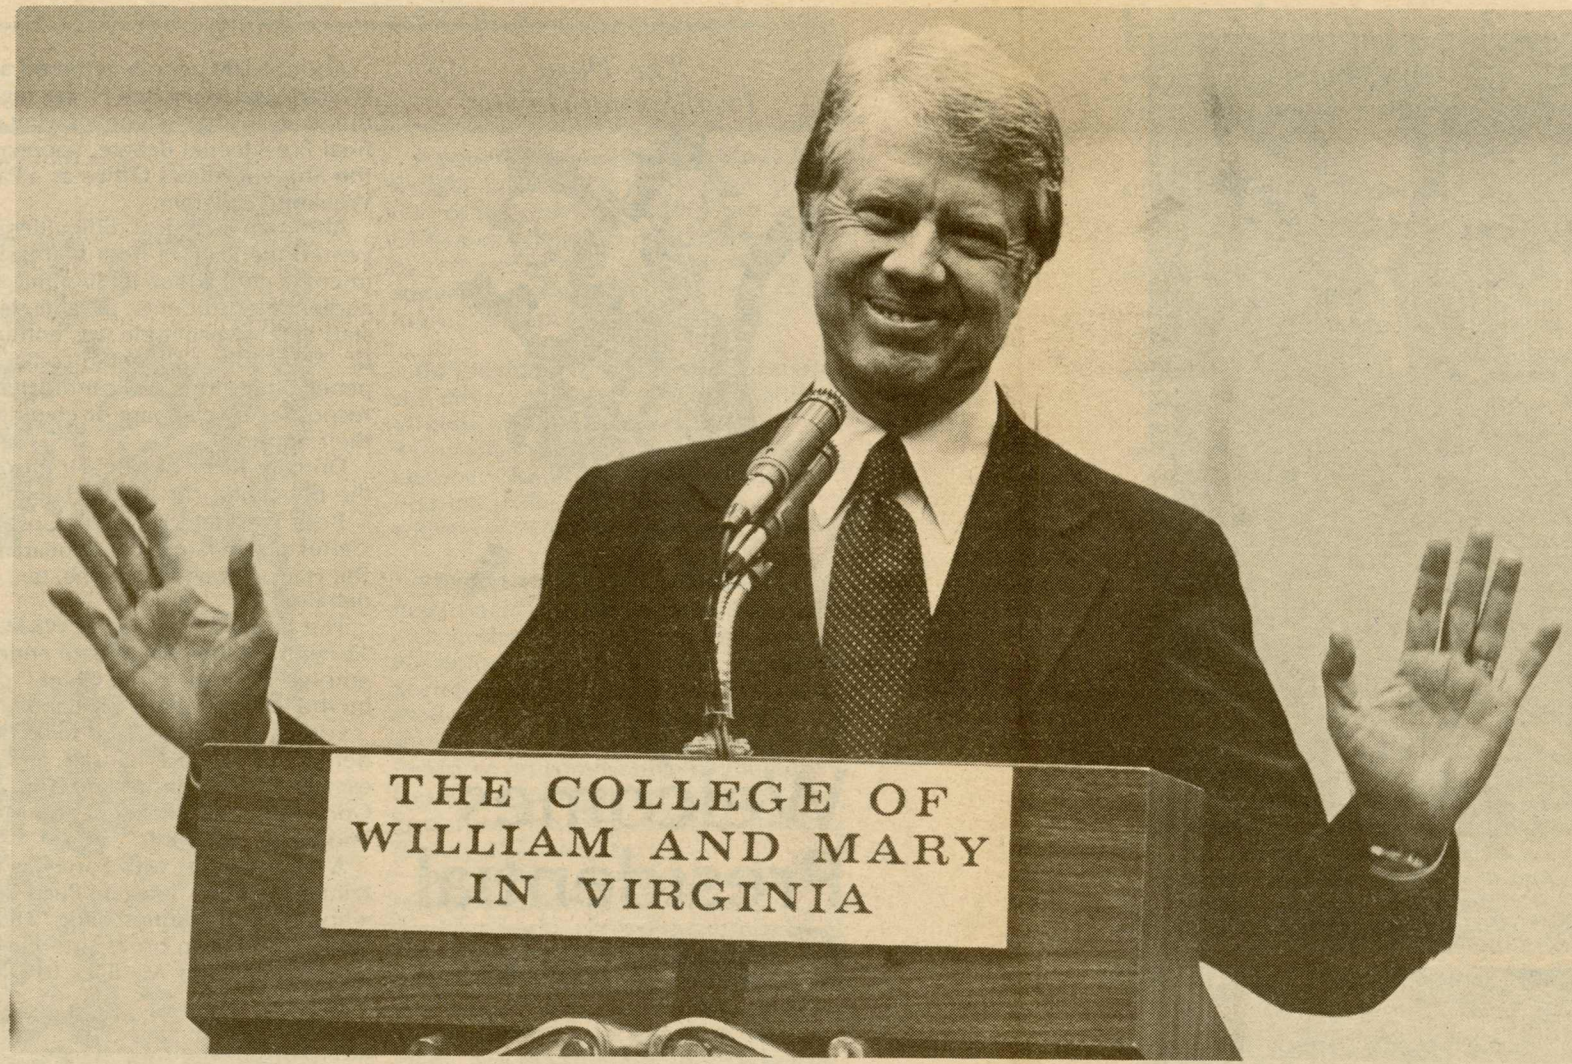

Two dozen students worked to ready PBK for the event, assisting the stage crews, unloading equipment, washing walls, sweeping floors, and lubricating the seats.

Student volunteers worked as security checkers in PBK to check access lists and credentials for those wishing to enter the building. Some acted as stand-ins for the candidates and panelists during technical preparations.

Others worked in the candidates' advance offices for several days preceding the debate.

Networks also used students to assist with debate activities.

Student photographers chronicled debate preparations and were also on hand Friday evening to take photographs at William and Mary Hall, where members of the College and Williamsburg communities watched a special closed circuit telecast of the debates. More than 50 volunteer ushers helped in seating some 8,000 guests at W&M Hall.

News, Technical Experts Visit Classes

What one administrator termed "presidential debate fever" swept the campus last week.

Anxious to meet and to talk with the candidates, their families, their campaign staffs, and the national news media, students planned everything from wine and cheese parties to softball games for visiting VIP's. Other visiting experts were invited to lecture in academic classes and in residence hall programs.

Amy Jarmon, assistant dean for Residence Hall Life, coordinated many of the arrangements between campus visitors and students and faculty.

Although complete details were not available Monday morning, Jarmon reported that some two dozen programs had been arranged.

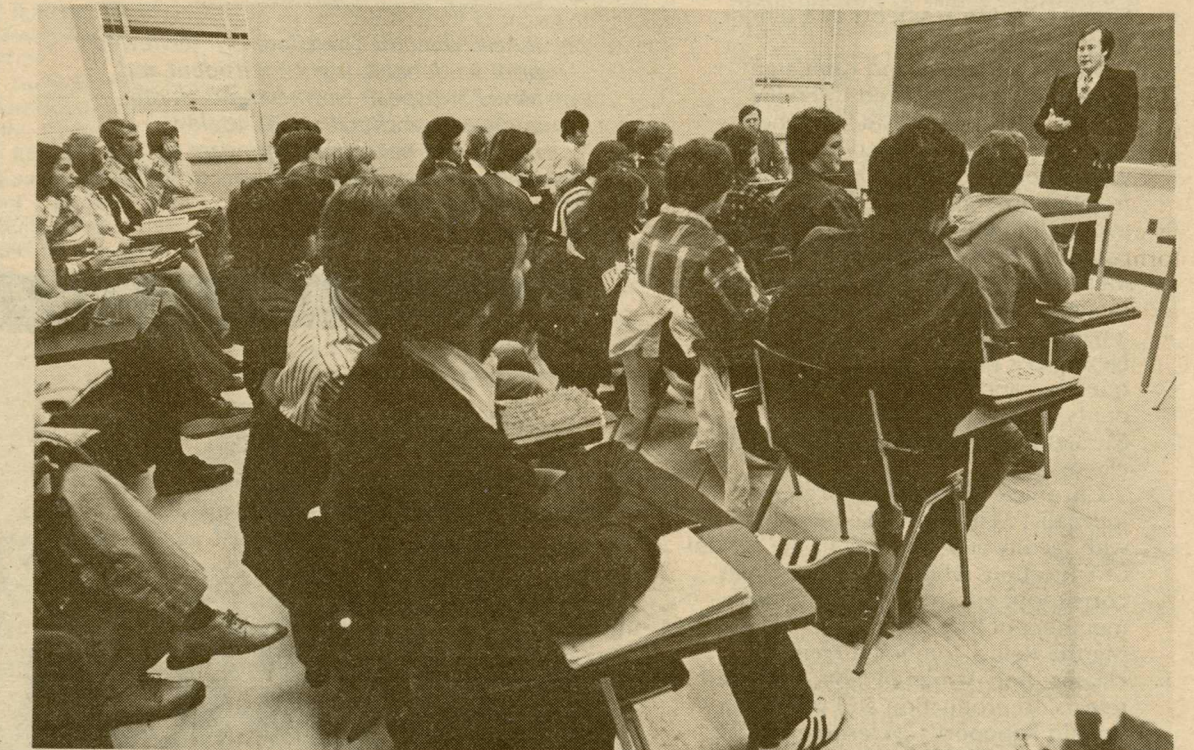

On Wednesday, Oct. 20, Ludwell residents held a dinner and talked with Mickey Cleary of Senator Dole's staff. Vincent Vacca of NBC spoke to Cliff Pence's television production class. Joe Lelved of the New York Times spoke in the Project Plus Forum.

On Thursday, Byran Hall residents unveiled a huge "Welcome Jerry and Jimmy" banner which covered nearly the entire front of the hall. Carter representative Shirley Cooper of York-

town, first congressional district campaign coordinator, and Ford representative Jim Jones, president of the Young Republicans, attended the gala festivities, while President Graves addressed the gathering.

Frank Slingland of the NBC directing crew spoke to John McGlennon's government class on TV direction and campaigns and politics, while Frank Ursomarso, head of the Ford advance team, spoke to George Grayson's government class concerning his position in the White House.

Continued on Page 6

Entire Campus Contributes To Debate

Behind-the-scenes preparations for the Presidential debates involved elements of the entire College community.

Maintenance crews, aided by student volunteers, saw to it that the woodwork in PBK was oiled, new carpet installed, and the hall thoroughly cleaned for the event. Painters re-painted the two dressing rooms for the candidates, and air-conditioning repairmen insured that the temperature in the hall would be cool for the candidates and panelists under the intense television lighting.

Campus security police worked with the Colonial Williamsburg and the city forces, as well as with the state police and Secret Service agents to handle traffic and security requirements.

Officials from the College business office spent the better part of several days at PBK, working out contract negotiations with the League of Women Voters, sponsor of the debates, and with network officials for use of College property and space.

In the theatre and speech and the fine arts departments, faculty members cooperated by scheduling classes around debate activities, and turning over their offices during the day of the debate. Chris Boll and others in the theatre department provided technical advice concerning PBK facilities and assistance to network crews.

Choir members and Sinfonicron Opera Company members changed the dates of their performances in order to accommodate the debates.

Some offices were involved in surprising ways. The athletic office saw to it that Cary Field was accessible when an area television station needed a helicopter landing site to pick up film footage to be broadcast on the evening news. The Student Aid office made arrangements for a babysitter for the child of one of the panelists. And the Campus Bookstore agreed to sell special collector's edition commemora-

tive envelopes created to mark the debate.

Alumni, too, made substantial contributions. Joseph Steele, a 1976 graduate, and manager of the Carolina Furniture Store in Williamsburg, designed the two dressing rooms for the candidates.

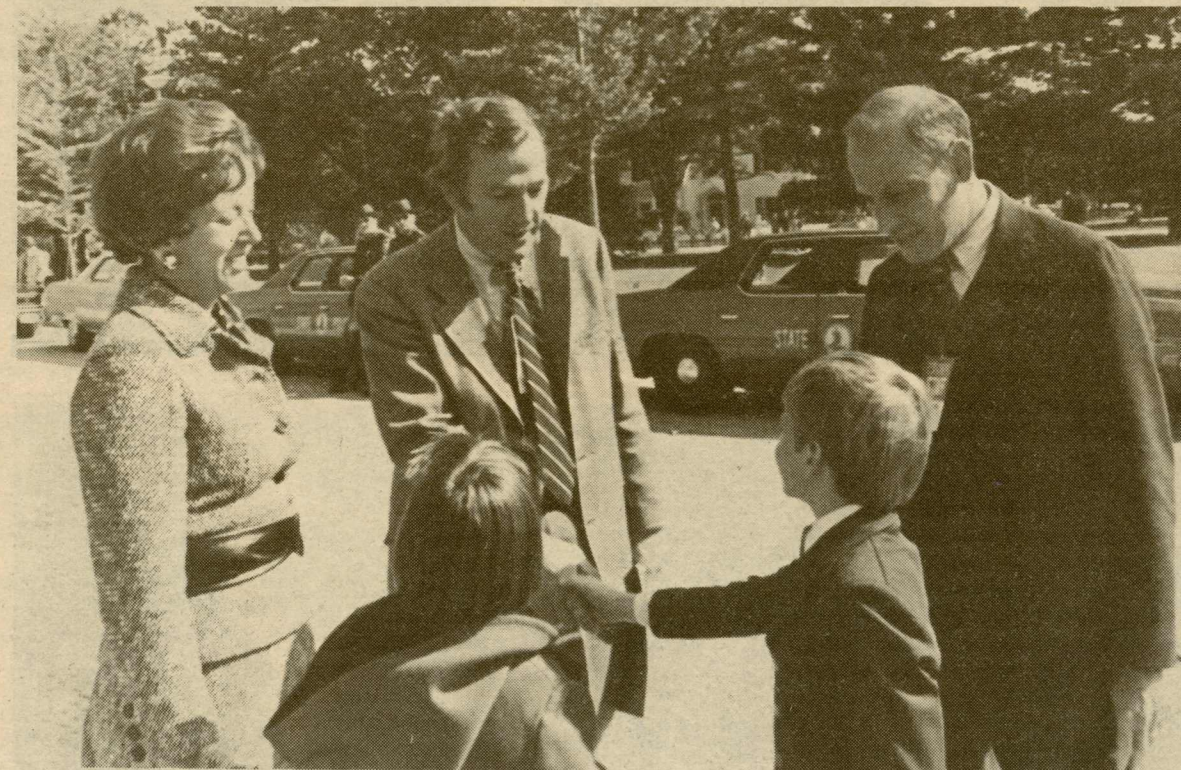

Hugh Haynie '50, political cartoonist for the Louisville Courier-Journal, designed a special cartoon depicting the two protagonists in colonial garb. Copies were given to the candidates, and were included in press kits given to the visiting media.

Alumnus Rene Henry '54, executive officer of InterComm Public Relations Associates of Los Angeles, returned to his alma mater to provide the Information Services Office extra assistance in dealing with the several hundred news media covering the debate.

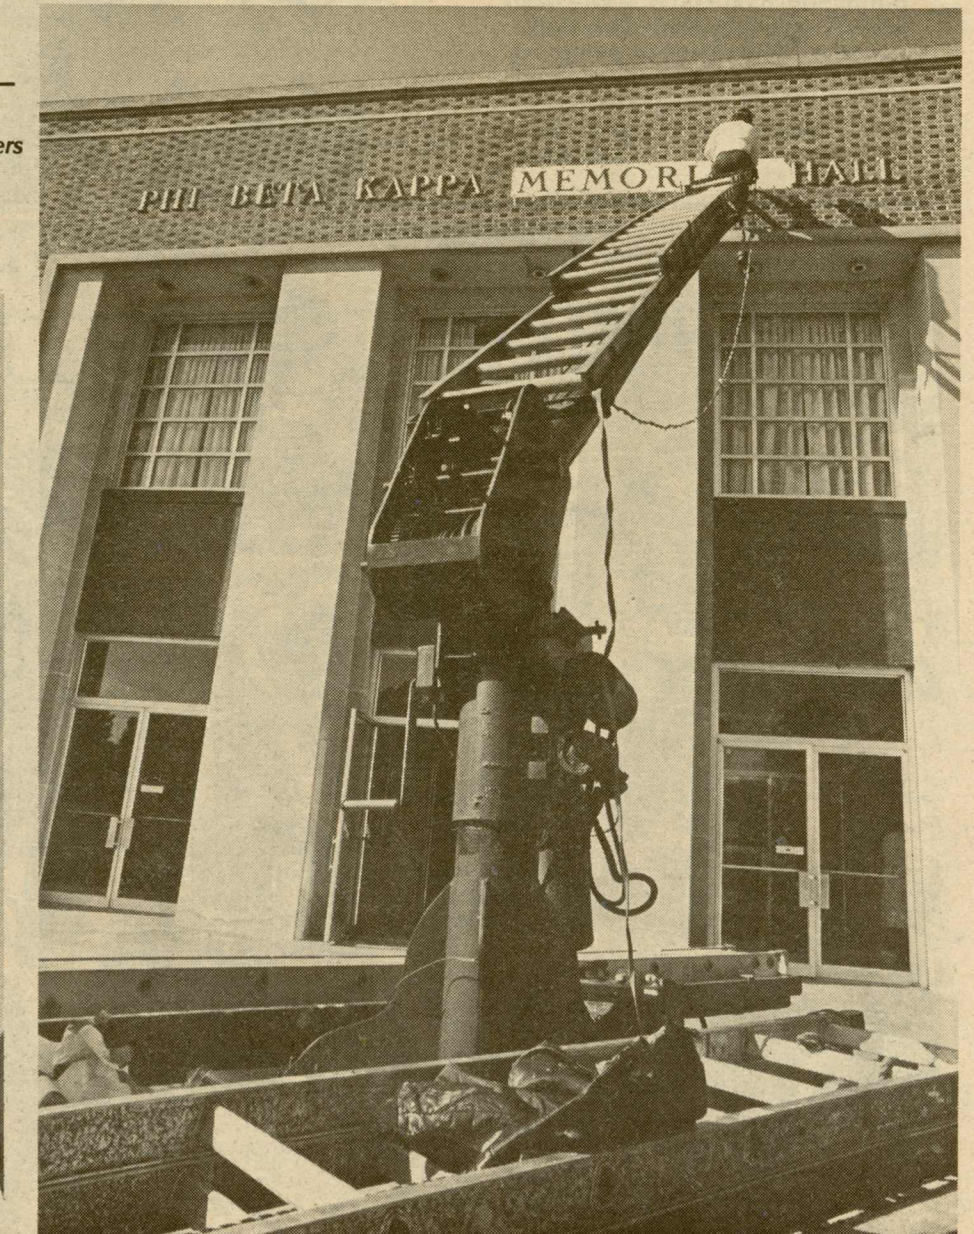

William and Mary Hall personnel arranged for the 15x20 foot screen for the special debate telecast in W&M Hall.

Ross Weeks, Jr., assistant to the president and director of Information Services, coordinated the College's arrangement for the debates.

NBC producer John Ward addresses government class (above right), workers attach lettering identifying PBK Hall (right), and students stand in for panelists (below) during preliminary audio-visual check.

President and Mrs. Graves and their children welcome network correspondent Roger Mudd (above) to campus. Dressing rooms in PBK (below) were transformed into elegant sitting rooms.

Residence Halls Welcome Debate Visitors

Continued from Page 5

Several residence halls sponsored programs. Landrum residents held a wine and cheese reception Thursday evening for secret service agents. Agents also answered questions in a program in Yates hall. Barrett Hall held a reception for CBS news representatives, which included Roger Mudd, Brian Healy and David Buxbaum, while Chandler Hall met with John Ward and others of the NBC crew. The staff of WCWM campus radio station also held a reception Thursday evening for television pool and League of Women Voters representatives. Carter representative Shirley Cooper met with Spanish House residents at a dinner that evening.

Several technical and campaign representatives lectured to Friday classes. CBS vice president Robert Chandler discussed media and politics with students in Bill Morrow's government class; John Ward of NBC's production crew met with Bruce Rigelman and Alan Abramowitz's government classes, where he spoke on producing a debate; and Stephen Leshner, a national political correspondent for Newsweek magazine had an informal question and answer session with students in Rigelman's and John McGlennon's combined government classes.

Chronicle of Higher Education journalist Malcolm G. Scully talked with faculty and students in the School of Education, while New York Times correspondent Joe Lelveld met with members of Bob Maccubbin's and Martha Reid's combined English classes. Bob Asman of NBC discussed television production and politics in Ronald Rapoport's government class.

Swedish college professor and newsman Bertil Wigurd met with members of the modern languages department during lunch on Friday, while other foreign correspondents attended a reception at the German House, spon-

sored jointly by the language houses, Asia House, and International Circle.

Chi Omega sorority members held a cocktail party for newsmen that afternoon, and Rowe house residents invited Malcolm Scully and a photographer from the Chronicle of Higher Education to dinner.

IEAHC director Thad Tate is interviewed prior to debates (right); President and Mrs. Ford speak with students during audio-visual check at PBK (below, right); and news media prepare to cover the candidates' arrivals at William and Mary Hall (below.)

Employment

- CLERK MESSENGER B: \$5400 per year, College Post Office, deadline October 28.
- CLERK STENOGRAPHER D: \$7680 per year, Personnel Office, deadline October 29.
- COMPUTER OPERATOR A: \$8040 per year, hours are midnight to 8 a.m., Computer Center, deadline October 28.
- COMPUTER PROGRAMMER A: \$10,992 per year, Administrative Information Services, deadline October 27.
- *PROFESSIONAL SEAMSTRESS: \$2.50 per hour, part time position, W&M Theatre, PBK costume shop. Call J.H. Bledsoe, Ext. 273.

Classifieds

FOR SALE

- MOTORBECANE 50S, almost new, 100 mpg, cost \$450, 2 years old, will sacrifice, price negotiable, driver's license not required. Call 229-9589 after 5 p.m. (10/26)
- HOUSE in Druid Hills. Four BR, 2½ baths, LR, DR, den, breakfast room, kitchen plus double garage. Central A-C. Mid fifties. Call 220-1719. (10/26)
- PANASONIC 8-track tape player, like new, \$40 or best offer. Call 220-2385 after 6 p.m. (10/26)
- 1973 IMPALA sport coupe, 46,000 miles, A-C, A-T, power brakes and steering, new radial tires, AM+FM stereo, \$2500. Call 229-0333 after 5 p.m. (10/26)
- SANYO COMPACT refrigerator, 20 months old, in excellent cond., like new. Originally \$105, will sell for \$60. Also 1965 4-door Plymouth Valiant. Runs, but needs work. \$50 or best offer. Contact Jon Beck, Madison 146, Ext. 209. (10/26)
- MAHOGANY BOOK CASE, 83" tall, 30" wide, 14" deep, 5 movable shelves, \$75; masters academic robe, \$7.50. Call 229-2446 (11/2)
- TUXEDOS-2 suits and 1 white dinner jacket. Also 2 dress shirts. Excellent cond., size 44 long, \$75; Kenmore washer, excellent cond., \$50. Call 229-5555. (11/9)
- 1972 3-SPEED green Duster with A-C. \$1590 or best offer. Call Ext. 541 days; or 1-353-2609 evenings and weekends. (10/26)

FOR RENT

- QUIET ROOMS 2 blocks from campus, board & laundry if desired. 229-6905 (11/2)
- FULLY FURNISHED tri-level house, 2½ miles from W&M, 3 BR, 2B: LR, DR, K, hall,

Notices

GRADUATE SCHOOL IN PSYCHOLOGY--An informational meeting will be held in 232 Millington at 4 p.m., October 27, for all undergraduate students interested in graduate study in psychology. Students are reminded that most graduate schools require applicants to submit GRE test results. Since the next deadline for submitting application to take the GRE tests is Oct. 27, students should pick up test application forms at the Center for Psychological Services and submit them prior to that date.

DORM STAFF POSITIONS--Graduate and undergraduate students interested in being head residents or resident assistants next year should attend a meeting Thursday, Nov. 4, in the Campus Center Ballroom. Dean Sam Sadler will be the speaker. All students whose last names begin with letters between A-L should plan to attend the 7-8:30 p.m. session; students whose last names with letters M-Z should attend the 9-10:30 p.m. session. The program will focus on the subject of self-determination.

LANGUAGE CLASSES--International Circle is sponsoring free language classes in German, Wednesdays from 7:30-8:30 p.m., German House Lobby, Botetourt Unit 5, beginning the week of November 1; and in Norwegian, Wednesdays, from 8-9 p.m. in the French House Lobby, Botetourt Unit 6. For information call Peter Moon at 229-6480.

COOKING CLASSES--International Circle is sponsoring cooking classes this semester. The first class, on the soufflé, will be taught by Mrs. Whitman at 406 Jamestown Road on Saturday, Oct. 29, at noon. All interested persons are invited to attend.

GRANT DEADLINE--Application forms for semester faculty research grants

are due on November 15. Forms are available in the Office of the Vice President for Academic Affairs, Brafferton Room 6.

COLLEGE WOMEN'S CLUB--Mrs. Graves will entertain members of the club on the morning of Election Day, Nov. 2. Members are encouraged to vote early and then to socialize at the President's House from 10 a.m. to 12 noon. Babysitting will be available; call Julie Littlefield at 220-0643 for details.

MUSCULAR DYSTROPHY FUND RAISER--Members of the College community are encouraged to give their children a special treat for Halloween and send them trick-or-treating with Chi Omega. As a fund-raising drive for Muscular Dystrophy, members of Chi Omega sorority are offering to escort children around for Halloween for \$1 per hour for each child. Call Melissa Eastman after 3 p.m. at 229-3290 for information.

GHOUL'S GALLERY--Members of the W&M Science Fiction Club and the Bryan Complex Dorm Council are sponsoring free tours through the halls and chambers of a "Haunted House" for area children, Saturday, Oct. 30, from 7-10 p.m. in Bryan Residence Hall. There will be candy for the children after their tour.

GRADUATE FELLOWSHIPS--Thirty New York State Herbert H. Lehman graduate fellowships are available for study in the special sciences, public and international affairs. The competition is open to U.S. citizens who will graduate from college by September 1977. Recipients of the fellowships study at an approved New York State university. Information is available in Dean Deery's office, 210 James Blair Hall.

DISSERTATION DEFENSE--A comprehensive examination for John J. Gevoni will be held in the conference room of Byrd Hall at the Virginia Institute of Marine Science at 1 p.m., November 19. Gevoni's dissertation is entitled "Aspects of matter/energy utilization by early postlarval spot, *Leiostomus xanthurus*."

jaloused porch, garage; fmly rm, BR, B, \$275 mo plus utils. Jan. 1-Aug. 31, 1977. Call W.J. Kossler 229-8060. (11/2)

HOUSE--available Jan. 1-July 31, 1977; 6 mi. from campus, fully furnished, brick ranch on large wooded lot. Central AC, 3 BR, 2 baths, DR, LR with fireplace, family room. \$300/month, excluding utilities. Call 229-2055, or write: Philip J. Funigiello, 101 Lawnes Circle, Williamsburg. (11/9)

FURNISHED APARTMENT for sub-lease. Efficiency, w/bath; LR, BR areas; small kitchen. \$130/mo. (includes utilities) Avail. late Nov. Call 229-3716; 229-3768 after 5:30. (11/9)

WANTED

ROOM with kitchen facilities near campus, or female graduate student to share apt. Call 220-3248. (11/9)

CAN'T FIND ANYONE to buy your banjo? Call Christie at Ext. 574, or stop by Landrum 228. I'm interested even if it's at home and you can't get it until Thanksgiving. (11/9)

LOST

1 ROLL of Kodak Instamatic, C126 film, on Sat., Oct. 2, at Derby Day - on side bleachers, W&M Hall. Irreplaceable photos from trip out west. Please call Ext. 501 or 271. (10/26)

WHITE SEQUINED CLUTCH BAG at the Homecoming Dance. Please contact Shari, Ext. 281 (11/2)

Friday night at W&M Hall during Homecoming Dance: 1 ladies bracelet, gold links interspersed with pearls. If found, contact Pehr Pehrsson; Bryan 204, Ext. 207. (11/2)

KEYS--W&M Hall, 2 keys and pen knife on leather strap. Call 220-9887. (11/9)

Personnel

Changes in Amounts Taxable Under Social Security

Effective January 1, 1977, employees will continue to contribute 5.85% of their gross annual salary to the Social Security Administration. This contribution will be based on the first \$16,500 of the employee's salary instead of on the first \$15,300 as was done in 1976. This means that the maximum Social Security tax a wage earner pays during 1977 will be \$965.25, as compared to \$895.05 during 1976. Pay checks distributed on and after January 16, 1977, will be subject to this change.

Development Office Grant Opportunities

ENERGY RESEARCH AND DEVELOPMENT ADMINISTRATION

Solar Energy Manpower Assessment. Solicitation of proposals for a survey of scientific, engineering, technical and skilled manpower engaged in solar energy research related activities. Request RFP DAS-76-881 from Procurement Section, ERDA, Room E-072, Attn: J. Holmagren, Washington, D.C. 20545. Deadline: November 1.

OFFICE OF NAVAL RESEARCH

Opportunities for Naval Research; areas of interest include:

- Physics:** theoretical and experimental investigations in atomic and molecular physics, plasma physics, lasers and their application, radiation transport, electrooptics, surface and interface physics, radiation interaction, and aspects of nuclear physics related to weapons effects.
- Logistics:** identify and develop mathematical techniques and algorithms applicable to problems of naval logistics. Disciplines of mathematics, statistics, economics, operations research and computer science are appropriate to achieving these objectives.
- Mathematics and Numerical Analysis:** differential and integral equations, especially their application to control theory, optimization, wave propagation, mathematical acoustics and structural and fluid mechanics; to combinatorial analysis, to numerical analysis including approximation theory.
- Operations Research:** mathematical optimization, mathematical economics, integer and nonlinear programming, network theory, microeconomic analysis, game theory and applications.
- Statistics and Probability:** stochastic processes, search theory, communications theory, et al.
