Karen Tolson of Fairfax plays Agnes. Though naive and guideless at first, she quickly learns how to trick her guardian so that she can meet secretly with Horace, the young man who loves her. Meanwhile, Horace, acted by Jefferson D. Sage of Reno, Nevada, foolishly confides the events of his amorous adventures to Arnolphe, never suspecting that the older man is

Arnolphe has hired two servants, Alain and Georgette, to keep Agnes locked up and out of sight. This buffoonish couple, played by Steven Culp of Virginia Beach and Amy Ziff of

Fairfax, fall all over themselves in their ridiculous attempts to obey Arnolphe.

Amidst this mixture of slapstick and high comedy, one character argues for reason and moderation. Portrayed by Donald Wilson of Brewster, N.Y Chrysalde counsels his old friend Arnolphe on the futility of trying to shape a vivacious girl into his rigid notion of a perfect bride.

But Arnolphe continues on his head-

Board Actions

Tuition Remains Constant; Room, Board To Increase

TUITION AND GENERAL FEE, AND OTHER FEES FOR 1978-79

Requirements for the educational program and supporting services have been evaluated carefully by the President and his administrative officers for the year 1978-79.

The 1978 General Assembly adopted a Budget Bill which included appropriations of General Fund and Special Fund revenues that reflected the intent of moving, over several years, toward a ratio for each State college and university of 70% from General Funds and 30% from Special Funds (General Funds are those produced by taxes, and Special Funds are those produced by student fees). This action of the General Assembly suggests that it would be inappropriate for the Board of Visitors to take action this year that would increase the tuition allocations for 1978-79 beyond the 1977-78 level

The tuition allocation for 1978-79 which students at William and Mary will pay will therefore remain constant in comparison to 1977-78, despite an annual inflationary factor in the economy of some 7% and a substantial need for increased revenues in support of

the pressing educational needs of the College.

There are other selective increases in allocations to enable the College to maintain the

calibre and scope of present programs during an inflationary period.

RESOLVED, That the Board of Visitors of the College of William and Mary in Virginia hereby approves increases in the Tuition and General Fee and Other Fees for 1978-79, as detailed below:

Increase in tuition and general fee for in-State, full-time students by \$22.50 per semester, increasing this amount from \$515.50 to \$538.00 per semester, a total of \$1,076

for both semesters of the regular session. Increase in tuition and general fee for out-of-State, full-time students by \$22.50 per semester, increasing the amount from \$1,239.50 to \$1,262.00 per semester, a total of

\$2,524 for both semesters of the regular session. Increase in board rate by \$32 per semester, increasing the board rate from \$387 to \$419 per semester, a total of \$838 for both semesters of the regular session.

Increase in room rent from a present range per semester of \$320 to \$420 to a range of \$350 to \$445 per semester, a total of \$700 to \$890 for both semesters of the regular

session.

RESOLVED FURTHER, That the Board of Visitors of the College of William and Mary in Virginia hereby approves the following tuition for part-time students at both the undergraduate and graduate levels, effective September 1, 1978:

\$36 per semester hour for Virginia students \$85 per semester hour for out-of-State students

Upon approval, these tuition rates will be applicable to part-time students in the

Regular Session, the Evening College, and in the Summer Session.

Current part-time tuition rates are \$34 per hour for Virginia students and \$83 per hour for out-of-State students. The proposed rates represent a direct pro-ration of the full-time Tuition and General Fee for 1978-79 according to domiciliary status.

RESOLVED FURTHER, That the Board of Visitors of the College of William and Mary in Virginia hereby approves an increase in the application fee for the Summer Session from \$5 to \$10, to be effective for the Summer Session of 1979, to cover increases in administrative operating costs.

TUITION AND FEES FOR SUMMER PROGRAMS ABROAD

The College presently operates three academic programs during the summer at locations in British and French universities: one at the University of Exeter for law students; one at Christ College, Cambridge, for undergraduates; and one at the University of Montpellier, primarily for undergraduate students in French.

Each program provides the opportunity to earn six William and Mary credit hours. The Exeter program enrolls students from many American law schools, and a few from William and Mary. The Cambridge program is exclusively for William and Mary students; others are eligible for the Montpellier program, but the first group in the summer of 1977 was exclusively William and Mary students. William and Mary faculty are involved in all programs, providing about half of the instruction at Exeter, all at Cambridge, and a small fraction at Montpellier. Faculty salaries are generally lower than those for regular summer school faculty in Williamsburg, but are supplemented with travel and varying per diem allowances.

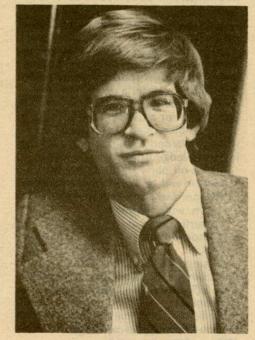

All programs are designed to operate on a self-sustaining basis. Tuition rates necessarily vary, depending on the instructional costs, currency exchange rates, and local fees and charges for facilities and services. For these reasons, program tuition rates cannot be closely tied to the regular William and Mary tuition and fee structure.

It is recognized that the Board of Visitors has responsibility to establish tuition and other fees for College academic programs, and, therefore, it is appropriate that Board approval be given to these special summer academic programs, as well as to the regular

As noted above, however, tuition rates and other costs will vary from summer to summer for the variety of reasons indicated.

At its meeting in December, 1977, the Board authorized the President and his administrative officers to set special charges annually for the proposed summer field school in Archaeology "at a level sufficient to ensure that this program will be

BE IT RESOLVED, That, on the basis of that precedent and in order to forego the necessity of processing separate resolutions each year to set charges for these summer programs abroad, the Board of Visitors of the College of William and Mary in Virginia hereby authorizes the President and his administrative officers to set the special tuition and fee charge each year, for each of the summer programs noted above, at a level sufficient to ensure that each program will be self-supporting.
