Cooking Seminar

The College Women's Club is sponsoring two mini-cooking seminars, Nov. 13 and Nov. 30, both at 7 p.m.

Ina Friedman will give a basic bread making course at the first seminar. The second will be an introduction to Greek cooking by Julia Ruzewski.

Both classes will be limited to 15 and all interested College Women's Club members may register by calling Karen Schifrin, 229-8189. Fee for each seminar is \$3.

News Schedule

The *William and Mary News* will not publish an issue Tuesday, November 21, due to the upcoming Thanksgiving Holiday. It will resume publication the following Tuesday.

Faculty Exhibit

Currently on display in Andrews Hall Gallery is the annual Fine Arts Faculty Exhibit.

The exhibit will be up until Dec. 1. Gallery hours are Monday through Friday from 10 a.m. to 4 p.m.

The exhibition includes works in varying media and techniques including ceramics, drawing, painting and sculpture by members of the faculty William Barnes, Henry Coleman, Paul Helfrich, Wright Houghland, Marlene Jack, Carl Roseberg and Pat Winter.

Cook's Holiday

Shamrock Food Service is offering a holiday package for cooks who do not want to spend time in the kitchen.

Shamrock will supply a full course Thanksgiving dinner with turkey or ham including dessert of pumpkin or mincemeat pie.

The menu also includes dressing, gravy, fresh cranberry relish, baked yams and apples, buttered green beans and a relish tray. Prices vary from \$35.95 to \$64.95 according to number of servings.

Orders should be placed with John Robb or Mark Galea, 229-0521 at the Commons by Nov. 18. Menu variations are available.

Fuller to Speak in 'Cosmos' Series

R. Buckminster Fuller, internationally known designer-engineer and creator of the geodesic dome, will be the next speaker on the "Our Future in the Cosmos" lecture series, sponsored jointly by the College and NASA Langley Research Center.

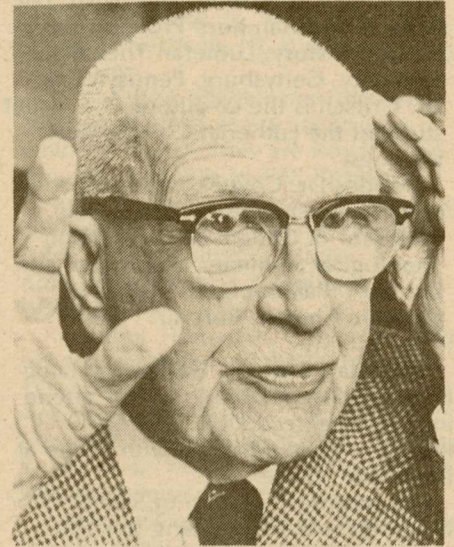

"An Evening with Buckminster Fuller" will be presented Monday, Nov. 13, at 8 p.m. at the Hampton Coliseum. There is no admission charge but tickets are required. Tickets will be available at the Coliseum Box Office the evening of the lecture.

This is a return visit to the area for Fuller, who was a lecturer at the College in 1973. A spry octogenarian, Fuller maintains an active lecture schedule. He will be speaking in New York Sunday evening before leaving for Virginia.

Fuller, who has scored outstanding successes as a scientist,

mathematician, engineer, inventor, designer, architect, cartographer and creator of such principles as synergetics, tensegrity, and ephemeralization, is world-renowned for the design of the geodesic dome, a self-supporting spherical shell, composed of triangles without formwork. It is the most economical way of enclosing space and a viable solution to the long-sought low-cost, self-built housing. There are today one hundred thousand geodesic domes in over half the countries of the world. A nearby example is the Dome in Virginia Beach. He was also the designer of the U.S. Pavilion at Expo '67 in Montreal, a gigantic "skybreak" bubble dome that dominated the fair's profile.

Much of Fuller's philosophy is based on synergy, which he defines as the behavior of all systems, unpredicted by the behavior of parts or sub-systems.

Boushall Receives Medallion

Thomas C. Boushall, organizer and honorary chairman of the Bank of Virginia, became the third recipient of the School of Business Administration's Distinguished Achievement Medallion in ceremonies Saturday at Phi Beta Kappa Memorial Hall.

In receiving the award

presented by Dean Charles M. Quittmeyer, Boushall remarked that it was "extremely magnanimous of William and Mary to present this award to a migrant."

A native of North Carolina, where he graduated in the class of 1916 from the University of North Carolina at Chapel Hill, Boushall entered the banking

field working for the bank which was the forerunner of today's First National City Bank of New York. He served in the Army in France during World War I and worked with the New York bank's branch in Brussels after the end of the war. Following his stay in Brussels, Boushall moved to Virginia where he organized the Morris Plan Bank, which later became the Bank of Virginia.

"My desire was to organize a bank that would provide services aimed at helping the working man, and would bring broader banking advantages to those not among the wealthy class," said Boushall.

In his citation speech, Dean Quittmeyer also credited Boushall with suggesting the amendment to Virginia's constitution which subsequently allowed the issuing of general obligation bonds for Higher Education and other purposes.

"During Governor Godwin's special conference on education in 1966, it was Tom Boushall who suggested the constitutional amendment from which the College of William and Mary, and every institution of higher learning in the state, has reaped great benefit ever since," said Quittmeyer.

Boushall expressed great admiration for the accomplishments of the School of Business Administration, and in his acceptance speech entreated the College to "continue sending representatives to the world of business of which William and Mary, the community, and business itself, can be proud."

Dean Quittmeyer presents medallion to Thomas C. Boushall.

Newsmakers

Stuart Flanagan, School of Education, has been asked to serve on the Committee on Instructional Programs for Minimum Competencies in Mathematics (CIPMCM), for the state of Virginia.

Boyd Coyner of the department of history participated in a Reformation Day Forum, "Lutherans and Catholics in Dialogue," in Richmond, Sunday, October 29. Meeting in the First English Lutheran Church, the major presentations were by Dr. Walter Burghardt, S.J., Theologian in Residence, Georgetown University, member of the Papal Commission on Theological Education, and by Dr. Eric Gritsch, Austrian-born Professor of Church History, Lutheran Theological Seminary, Gettysburg, Pennsylvania. Dr. Gritsch is the co-author of a recent study of the Lutheran Confessional Writings.

Besides Dr. Coyner, the commentators were Dr. Ross V. Mackenzie, Professor of Church History, Union Theological Seminary, Richmond, and Dr. Avril Makhlof, St. Edward's Catholic Church, Bon Air.

Thursday, **Berna L. Heyman**, catalog librarian, Swem Library, will be attending a special reception for area librarians hosted by Rosalynn Carter at the White House.

On Saturday, a group of Swem librarians will be attending the 54th annual meeting of the Potomac Technical Processing Librarians to be held in Alexandria, Virginia. The program for that meeting will be a preview of the new cataloging rules which will be instituted in 1981 and a review of the status of automated authority files. Berna L. Heyman, catalog librarian, is the elected Virginia representative to that group. **Kathryn Blue**, assistant catalog librarian, **Nancy Griesenauer**, rare book cataloger, **Jim Kelly**, assistant catalog librarian, **Merle Kimball**, assistant catalog librarian, **Meredith Merritt**, catalog library assistant, **Jean Marie Peet**, catalog library assistant and **Sue Welch**, law catalog librarian, will also be attending the meeting.

Woods Schedules Talk Tonight

The Student Association is sponsoring a talk by South African journalist Donald Woods tonight at 8 p.m. in the Campus Center Ballroom.

The public is invited to attend. Admission is \$1.

Currently a Neiman Fellow at Harvard University, Woods fled South Africa on Dec. 31, 1977, to escape government harassment. His oppo-

sition to Apartheid policies had made him a virtual prisoner in his own house, forbidden to work as a journalist.

Woods will speak on "South Africa, Apartheid and Steven Biko." His book on the life and death of the black leader was released this spring.

Woods scheduled a news conference at 2 p.m. this afternoon in the Campus Center gold room.

Nylon Discoverer to Speak

Paul Flory, winner of the 1974 Nobel Prize in chemistry and one of the team of scientists who developed nylon at the Dupont Experimental Station in Wilmington, Del., during the 1940's, will be a guest speaker on campus Saturday.

Flory will speak at 9:30 a.m. in Small 109 on "Spatial Configuration of Natural and Synthetic Molecules."

Now retired, Flory worked both in industry and academe, expanding on the knowledge of synthetic materials

such as rubber and plastics.

A graduate of Manchester College in Indiana, Flory received a doctoral degree from Ohio State University. After working for several industrial companies, he became a professor of chemistry at Cornell University and then head of research at the Mellon Institute in Pittsburgh. From there, he went to Stanford University as Jackson-Wood Professor of chemistry and chairman of the department of research.

Prillaman Supervises Workshop

The Special Education Inservice Training Workshop for mainstreaming handicapped students into regular classrooms will be held November 11 in Swem Library from 9 a.m. - 3:15 p.m. Classroom teachers from Newport News, Hampton, York, Williamsburg, James City County, Charles City, Poquoson, and New Kent County are

expected to participate.

Douglas Prillaman, associate professor of education and director of the inservice training project, will supervise the workshop.

The keynote speaker for the workshop will be Kate Richardson Long.

This is the first in a series of workshops for mainstreaming students.

Caplan Discusses Raku Firing

Jerry L. Caplan, artist and teacher, will be here Saturday and Sunday to present a slide lecture, demonstration and workshop involving raku firing and decorating techniques in clay.

Caplan will give a slide lecture Saturday morning at 10 a.m. in Andrews Hall, room 201. He will spend Saturday afternoon between 1 and 4 p.m. in the ceramics studio where he will demonstrate his method of stencil decorating. During that time, students will decorate pieces especially pre-

pared for the workshop.

Caplan will be firing Sunday in the ceramics studio behind the bookstore on Jamestown Road, between 10 a.m. and 4 p.m.

The public is invited to attend the lecture and both the studio sessions Saturday and Sunday.

A graduate of the Carnegie-Mellon University where he received B.F.A. and M.F.A. degrees, Caplan is presently teaching at Chatham College in Pittsburgh. He is also associated with the Pittsburgh Arts and Crafts Center and the Pittsburgh Plan for Art.

Cooper Presents Senior Recital

The music department will present Nelda Diane Casper in a senior piano recital Saturday, November 11, at 8:15 p.m. in Phi Beta Kappa Hall.

Casper is a native of Richmond who is concentrating in both music and physics. She is treasurer of Delta Omicron, the women's professional music fraternity at the college.

Nelda won the 1978 Delta Omicron Music Competition, Piano Division, and is the recipient of the 1978-79 Anna B. K. Nimmo Scholarship for musical excellence, service to the department, and potential for success. Nelda accompanies the William and Mary Chorus and Choir. She was featured as a soloist with the Williamsburg College-Community Orchestra

last April and did half of a junior recital in February.

In addition to being musically active, Nelda is a member of the women's field hockey team and is currently working on her senior physics project at the National Aeronautics and Space Administration in Hampton. She plans to attend graduate school in pharmacology.

The program features *Fantasia* and *Sonata in C minor* by Mozart, *Impromptu in B-flat, Op. 142, No. 3* by Schubert, *Bamboula* by Louis Gottschalk, *Roumanian Dance, No. 1* by Bartok, and *The Cat and the Mouse* by Copland. The recital is open to the public without charge.

Also Trustees Emeritus

Ten Join Endowment Association Board

Ten leaders from the fields of law and business have been appointed by President Thomas A. Graves, Jr. to the Board of Trustees of the Endowment Association of the College.

The new trustees will join 15 other board members who oversee the investment of the Association's endowment holdings which have swelled to approximately \$9.3 million during the current Campaign for the College fund-raising effort. Another \$5 million in College endowments is managed by the College's Board of Visitors.

New members are from New York, Pennsylvania, Kentucky and Virginia.

Robert S. Andrialis, a 1965 graduate of the College, currently serves as treasurer and controller of Standard and Poor's Corporation in New York City. He also serves on the corporation's securities board and Government Services Corporation. Andrialis received a master of commerce degree from the University of Richmond and has been an active leader of the New York Chapter of William and Mary's Society of the Alumni.

Robert Friend Boyd, Sr., a 1952 graduate of the College who lives in Virginia Beach, is a senior partner in the law firm of Boyd, Payne, Gates and Farthing in Norfolk. He serves on the corporate boards of Stewart Sandwiches, Holly Hill Lumber Company and Santee-Dandee. Boyd's wife Sara is a 1955 graduate of the College, his son Robert, Jr., graduated in 1976, and his daughter Mary Elizabeth is currently a William and Mary junior. Boyd is also a member of the President's Council at the College.

Jean Canoles Bruce, a 1949 graduate of the College who lives in Norfolk, is the immediate past president of the Society of the Alumni and serves as vice-chairman of the Campaign for the College. She is director of human development in the planning division of Norfolk's Planning Council. Mrs. Bruce, her husband John, and their two children are all alumni of the College, and Mr. and Mrs. Bruce are presently members of the President's Council.

A. Robert Doll, who graduated from the College in 1949, is a senior partner in the law firm of Greenebaum, Doll and McDonald, the largest law firm in Louisville. He is a member of the national leadership gifts committee of the Campaign for the College. His wife Mary also graduated from the College in 1949.

Floyd D. Gottwald, Jr., is the chairman of the board and chief executive officer of the Ethyl Corporation in Richmond. He and his father, both strong supporters of the College's School of Business Administration,

received the Business School Medalion last fall.

Julian B. Hickman, owner and manager of Binns Fashion Shop in Williamsburg, is chairman of William and Mary's Friends of the College committee. He is also a director for the Old Colony Bank and Trust Company.

Malvern H. Omohundro, Jr., a member of the class of 1928 at William and Mary, is a partner in Omohundro Brothers realty firm in Richmond. He serves as a member of the President's Council.

S. Warne Robinson, a 1937 graduate of the College who lives in Pittsburgh,

is chairman of the board and chief executive officer of the G. C. Murphy Company. He serves as director of the company's foundation and of the McKeesport National Bank. Robinson serves as regional chairman of the Campaign for the College effort in the Pittsburgh area.

J. Walton St. Clair, Jr., who graduated from the College in 1951, is president of the First National Bank of Allentown, Pa. He is director of the Methodist Home for Children and serves as a trustee for the Methodist Hospital. St. Clair earned a master of business administration degree from

the Wharton School of Business and did post-graduate work at Harvard. His wife Betty graduated from the College in 1951.

James Edward Ukrop, a 1960 graduate of the College, is president of Ukrop's Super Markets, Inc. in Richmond. He also serves as a director for Richmond National Bank. Both Ukrop, and his wife Betty, a 1961 William and Mary graduate, are active leaders of the Richmond Chapter of the Society of the Alumni and the Athletic Educational Foundation.

Four individuals were elected to second three-year terms, including Frederick Deane, Jr., Herbert I. Lewis, David A. Harrison, III, and Thomas W. Thompson.

Ten of the College's most devoted supporters were elected to trustee emeritus status. They are Roy R. Charles, T. C. Clarke, W. Brooks George, Arthur B. Hanson, Henry Clay Hofheimer, II, Howard H. Hyle, Otto Lowe, Jr., Raymond A. Mason, A. Addison Roberts and Truman C. Welling.

President Thomas A. Graves, Jr., will serve as president of the Endowment Association, with Warren Heemann as vice president, Floyd E. Whitaker as treasurer and registered agent, Jeffery R. Shy as secretary, and Michael R. Schoenenberger as counsel.

Graves will also serve as chairman of the executive committee, which also includes Heemann, Thompson, Lewis, A. Marshall Acuff, Carter O. Lowance and Blake T. Newton, Jr. Acuff will chair the investments committee, Thompson will head the development committee and Newton will chair the nominating committee.

Official Memoranda

As a service to those undergraduates who may not be able to go home for the Thanksgiving holiday (November 22 - 26), the following buildings will be *the only undergraduate residence halls open* during this vacation period: Ludwell Halls, Brown Hall, Bryan Complex (Bryan, Camm, Dawson, Stith, Madison), James Blair Terrace - Buildings #42 and #43, Botetourt (all buildings). In order to stay in one of these halls, however, a student who does not normally reside in these halls must have the explicit written permission of the regular occupants of the room in which the student wishes to stay.

All requests to stay in any designated building during the holiday period - including requests by those planning to stay in their own rooms -- must be submitted (along with the letter of permission, where necessary) to Ken Ashworth, Irene Slagle, Barry Morris, Peter Garland, or Roger Ballou - Area Coordinators for their areas (located in Ludwell 104-A, Brown 108, Bryan Room 113, JBT 43 - 132, Botetourt Unit 9 apartment, respectively) or to the Office of Residence Hall Life (James Blair 206-B) *no later than Monday, November 20, 1978.* (Deliver under door, if necessary) Requests after this time will *not* be granted.

It must be understood by all parties that damage to individual rooms will be charged to the *permanent "official" occupant*, not to the guest. Furthermore, *no* keys will be issued by the Office of Residence Hall Life. As students make arrangements to stay in the *residence hall*, they must also arrange to receive room keys and card-keys from the permanent occupants. Those planning to stay in Lodges, Sororities, Fraternities or houses must follow established procedures -- see your area coordinator. The card-key system will be employed in all the halls on a 24-hour a day basis throughout the holiday.

All residence halls will be locked from 5 p.m. on *Wednesday, November 22*, until they reopen at noon on Sunday, November 26. No student will be permitted to stay in his/her room or to gain entry to his/her room *at any time* from 5 p.m. on Wednesday, November 22, until noon on Sunday, November 26, except as noted above.

Please take all valuables home. Campus Police will patrol the campus throughout the holiday, but the College cannot guarantee the safety of your possessions.

Have a nice vacation - and watch out for those turkeys!

THANKSGIVING HOLIDAYS, 1978

The administrative offices, the plant department (except for those employees required to maintain essential services), and the mail room of the College of William and Mary will be closed on November 23 and 24, 1978. The Campus Police Department will maintain the regular 24-hour schedule.

The names of permanent classified employees who are required to work on either November 23 or 24, 1978, should be reported in writing to the Personnel Office in order that they may be credited with Compensatory Leave. Permanent classified employees who are required to work on either of these days should take compensatory leave earned as soon thereafter as possible in order to avoid excessive leave accumulation. Hourly employees who work on either of these days will be paid at their regular hourly rates.

Leave Without Pay Status During Holiday

The following information is quoted from the College of William and Mary Employee Handbook and it outlines the procedure to be followed when an employee is not in a full pay status on both the day before and the day after a holiday.

In order to be eligible for holiday pay, an employee must have:

- worked the last scheduled work day before and the first scheduled work day after the holiday, OR
- have charged such scheduled day before and after the holiday to earned leave.

For example: If you are on a Monday through Friday work schedule, and you are working, or are on earned leave on Thursday and Monday, you will be paid for any holiday that may be scheduled for that Friday; however, *if you have exhausted all leave time, and you do not work the day before and the day after the holiday, you will not be paid for the holiday!*

It is strongly suggested that all supervisors bring this requirement to the attention of their employees.

Anderson Talks on 'Book Affairs'

The Botetourt Bibliographical Society will present a lecture, "The Book Affairs of a Librarian-Printer," Wednesday, Nov. 15, by Frank J. Anderson, Librarian at Wofford College, Spartanburg, S.C.

Anderson will speak at 3:30 p.m. in the Kellock Library of the Institute of Early American History and Culture on the ground floor of Swem Library.

Anderson's visit to campus is being sponsored by a grant from the Union Camp Corporation.

Anderson joined the Wofford College staff in 1966 as Chief Librarian and helped with the planning of a new library which was occupied in the fall of 1966. Prior to moving to South Carolina, Anderson was Chief Librarian at Kansas Wesleyan University in Salina, Kansas.

Forum Features George Land

Dr. George T. L. Land, scientist, executive and educator, will be the next Forum speaker for Project Plus Nov. 15.

Land will speak at 7:30 p.m. in Millington Auditorium on the topic "General Fields Area: The Master Patterns of Nature that Affect All Disciplines."

At present the director of George Land Associates, Southampton, N.Y., Land has held a wide variety of positions in academic, business and government fields. He has also served as consultant to an equally wide variety of organizations. He has been deeply involved in General Systems Research. Land's topic for the Project Plus Forum grows out of that interest.

Among his books are "Innovation Systems," "Innovation Technology," "Four Faces of Poverty," "Grow or Die," "The Unifying Principle of Transformation," and "Creative Alternatives and Decision Making."

Departing from the usual academic path, by age 18 Land was established in his first career in television and motion picture production. By 22 he had left the communications industry to begin anthropological research in parts of Mexico and Latin America still largely unexplored and unknown today. In the early 60's he established an interdisciplinary research institute to investigate the theory of creative and evolutionary behavior and to practice consultation with government and industry in enhancing the creative efforts of scientists and managers.

Land holds a Ph.D. in psychology and anthropology from Sussex Institute of Technology in England and a D.Sc. in physics from the Max Planck Institute in Germany.

Notices

MUSEUM JOBS--A seminar on job searching for positions in museums will be held at 4 p.m., Nov. 16, for interested graduating students. This is a time change from the previously posted notice, made to accommodate students with Thursday afternoon classes. Please contact the Office of Corporate Relations and Placement for an appointment.

STUDY IN JAPAN--The Japan-America Society of Washington has established a fund to provide partial support to an individual study program in Japan, emphasizing the Japanese language. The Society will provide up to \$2,000 as a supplement grant to a qualified candidate for a study program formulated by the applicant. Applications must be submitted by Dec. 15 to the Chairman, Scholarship Committee, Japan-America Society of Washington, Inc., Suite 704, 1302 18th Street, N.W., Washington, D.C., 20036. The Society will announce its selection by Jan. 31.

BUSINESS INTERNSHIP--The Caterpillar Tractor Company is offering an intern program for the spring semester designed to provide a college student with an interest in the business community an opportunity to get a first-hand look at the way a corporate governmental affairs office works in Washington. The student intern works directly with the Washington manager of the Governmental Affairs Division, who is responsible for monitoring and lobbying on legislation at the federal level that impacts Caterpillar's operations, both domestically and internationally. William and Mary will select one candidate who will then be competing with two other candidates, from Rutgers and University of Virginia. If you are interested, please contact the Office of Extramural Programs and provide a letter detailing your background, career interests and reasons for interest in the program.
