He was instrumental in helping to support the creation of the new National Center for State Courts, which is located on land adjacent to the new Law School building.

Dean William B. Spong, Jr., who recently completed a five-city tour of alumni meetings across the state, has invited all alumni of the Law School to attend both the Law Day program and the ceremony to lay the cornerstone. Members of the General Assembly and government officials have also been invited.

The new Law School building, which was a part of the bond referendum package approved by voters in November 1977, will include a larger library and one of the most technically advanced moot courtrooms in the nation.

President Graves points out the historic spots on campus to Miss Joanna Edwina Knatchbull of Great Britain, reigning Azalea Queen, when she visited the campus briefly on Monday.

Soloists will be Ellen Bathe, a sophomore from McLean; Lynn Eklund, a sophomore from Fairfax; and Kevin Perlowski, a sophomore from Pittsford, N.Y.

#### **Blue Cross-Blue Shield State Health Insurance Plan**

May is the annual enrollment for the State Health Insurance Program. Any employees who wish to change their coverage from employee only to employee and dependents or who wish to enroll in the Program for the first time must do so during the month of May. Deductions will begin with the June 1-16 pay period and coverage is effective July 1. The only condition under which coverage can be purchased or changed at a time other than during the month of May is when an employee's eligibility status changes. Eligibility status changes result from changes in marital status, adoption of a child, attainment of age 65 or a change in the health insurance program where an employee's spouse is enrolled. (A change from employee and dependents to employee only coverage can be made at any time.) However, notice of cancellation will not relieve a member of the plan from payment for any month already begun. Enrollment information is available in The College Personnel Office for

permanent State employees. Any questions concerning the State Health Insurance Plan should be directed to that office.

#### **SS Representative Available**

The Social Security representative is at the Williamsburg-James City County Court Huse on the second and fourth Tuesday of each month from 9: 15 a.m. to 3:30 p.m. to answer questions and assist in filling out forms.

It is extremely important that each member of the Virginia Supplemental Retirement System keep up-to-date the designation of their beneficiary. The beneficiary is the person, or persons, to whom the contributions and interest credited to the member's account, or other benefits in the Retirement System, are to be paid in the event of the member's death. Form VSRS-1, Designation of Beneficiary, is used for changing the designation of beneficiary. This form will also be used to distribute the proceeds from a member's Group Life Insurance Policy. The form and assistance in its completion are available in the College Personnel Office.

The Galt Family papers, which were acquired by the College last year, are currently on exhibit in the Zollinger Museum in Swem Library.

The Galts were a prominent Williamsburg family, beginning with the arrival of Samuel Galt in the capitol of Virginia in the mid-eighteenth century. His son James Galt in 1773 began a Galt family association with Eastern State Hospital in an official capacity which lasted about 100 years. A grandson of Samuel Galt settled in Norfolk and produced a line of distinguished Virginians in medicine, education, the military and the arts

The exhibit, which will be on display until June 2, focuses on these two branches of the family

The family papers, dating from the mid-eighteenth century to the early twentieth century, document several generations of family life in Virginia.

The Zollinger Museum is open to the public weekdays from 8 a.m. to 4:45 p.m., and on Saturdays from 9 a.m. to 12:45 p.m.

Items on display were selected by Ron Colvin and Myra Curtis, graduate history students and archival apprentices with Swem Library and the Colonial Williamsburg Foundation.

# Awards Presented At First Senior Class Banquet

Getting together again for the first time since freshman orientation, members of the class of 1979 held a gala banquet and awards ceremony, Thursday evening in the ballroom of the Campus Center.

President Graves was the featured speaker. He talked informally about the changes that have occurred since the class first entered as freshmen and reviewed the past year with its

"successes and disappointments." The mix of ups and downs, said Graves, was what seniors could expect to find in future life and he wished for his audience that their successes would outweigh their disappointments.

committee. The SA Council and the executive committee presented SA President Bill Mims with a commemorative gift in recognition of his leadership this year.

Margaret Nelson drew a round of laughter from her audience, including President Graves, when she announced in her remarks and introduction of the speaker that "the worst is yet to come." (Reading period and exams begin next week).

Dean Reilly, one of the award presenters, noted that the class of 1979 included four members with perfect 4.0 averages: Carol Arnold, Paul Reilly, Brian Coad and Janet Froom; two are transfer students, all are out-of-state students. Arnold and Reilly tied for the

Alpha Lambda Delta academic award. Seniors viewed the campus slide show with special narration by alumna Linda Lavin as part of the evening's program. #### Subject: College Calendar

The Academic Calendar Committee, chaired by Assistant Vice President for Academic Affairs Linda Collins Reilly, was appointed in October, 1978, for the first time, with the specific charge of recommending to the President a calendar for the College (except the Law School) for the three consecutive years ahead.

On March 1, 1979, this Committee recommended to me a calendar which included a Fall Break of two days in October. Following further discussion in the President's Advisory Committee, this suggested calendar was then submitted to the academic deans so that they could obtain reactions from the several faculties

On April 3, strong support for this calendar and the Fall Break was expressed at the regular meeting of the Faculty of Arts and Sciences. I have also consulted with and received the views of the deans of the Schools of Education and Business Administration.

Now I am pleased to approve the attached calendar as the calendar for the College of William and Mary (except the Marshall-Wythe School of Law) for the academic year 1979-80. It contains a Fall Break on Monday and Tuesday, October 15 and 16.

To: All Students Residing in College Housing From: Dennis K. Cogle Subject: Post Office Service

In order to provide a more efficient and effective mail service to all students who reside in College housing, certain changes of which you should be aware are planned for the 1979-80 year

During the coming summer, additional mail boxes will be installed at the College Post Office so that every dormitory room on campus will have its own mail box. With this addition, the general delivery service will be discontinued. (Any mail addressed General Delivery after August 25, shall be returned to the sender as undeliverable.) All mail will be delivered to a mail box, the number of which will be assigned according to your individual dormitory room.

This service will be provided only for on-campus resident students. Off-campus students either must have their mail delivered to their off-campus address or to post office boxes at the Williamsburg Post Office. There will be no direct charge to on-campus students for this expanded service, as the costs will be covered by rental payment for your room.

Your mail for the 1979-80 year should be addressed in the following manner:

Your name Your dorm and room number College Station Box XXXX Williamsburg, Virginia 23186

At this time, we are unable to assign box numbers for your room, but by no later than your arrival on campus in the fall, you will be informed as to this number. If you should change your room after assignment of your box number, be sure to notify your correspondents, and the College Post Office, of the address change from your old room to the new one so that your mail box assignment may be changed.

This plan should provide a better mail service to you, and eliminate the long lines, as well as some of the other problems we all have experienced in the past. If you have any questions on this matter, please contact either the Post Office (Ext. 4491) or my office (Ext. 4203).

We would appreciate your understanding cooperation in helping us make this new system work in the way we are sure it can work.

> Dennis K. Cogle, Assistant to the Vice-President for Business Affairs

William J. Carter, Vice President for Business Affairs From: Subject: Additional Responsibilities for The College Personnel Office

Recent changes at the level of State Government have placed additional responsibilities on The Personnel Office at The College of William and Mary. One major responsibility is that of training. Faculty and staff are now encouraged to contact that office whenever they wish to discuss personnel management and/or training policies and/or procedures.
