Permit No. 26

First Elderhostel Underway This Week

William and Mary's first Elderhostel is underway in fine form.

Classes began yesterday for the approximately 50 citizens, 60 years of age and older, who have come from ten different states and cities in Virginia to participate.

R. Wayne Kernodle, professor of sociology, is director of the William and Mary Elderhostel and is being assisted by David P. Aday, Jr., assistant professor of sociology.

Frank A. MacDonald, professor of philosophy emeritus, is teaching a class in "The Intellectual Science in 18th Century Williamsburg," and Hans C. vonBaeyer, professor of physics and Director of the Virginia Associated Research Campus, VARC, is teaching a class in "Natural Sciences in the 18th Century."

Members of the Colonial Williamsburg staff are teaching a course entitled "Learning and Teaching in Today's Museum."

Mr. and Mrs. Lyman Peters of Williamsburg are serving as hosts for the program, assisted by Mr. and Mrs. John Bright. Student staff includes Katherine Anne Antinori, Susan Lovegren and Michael Thom.

Kernodle, who has been chief coordinator and planner for the program, is particularly happy to see it come to campus. An authority on aging, Kernodle has sought to break down some of the stereotyping of older people. Kernodle and his wife Ruth, a member of the faculty at Christopher Newport College, have been named recently as lecturers and consultants for the seminar on gerontology on international and cross-cultural perspectives which will be held at the Center for Post Graduate Studies in Dubrovnik, Yugoslavia, this summer.

The schedule of extracurricular activities for the Elderhostelers will include a program of colonial dancing tonight in the Project Plus Residence Hall and a Greenhouse Tour Wednesday evening in Millington Hall. Monday evening, Elderhostelers were hosted at a wine and cheese reception at the Alumni House.

Elderhostels will also be held in Virginia this summer at Ferrum College, Marymount College, George Mason University, Mary Baldwin College, VCU, Eastern Mennonite College and the University of Virginia.

The concepts of Elderhosteling began in New Hampshire in 1975, the brainchild of a world traveler and social activist, Martin P. Knowlton. Last year 13,000 people participated in 235 programs in 38 states.

Taking A Break From Class

Frank MacDonald (far right), professor of philosophy emeritus, who taught the first class in the Elderhostel Program which began on campus yesterday, poses with some of his students and the directors of the program, R. Wayne Kernodle, professor of sociology, and David Aday, assistant professor of sociology, on the plaza in front of the Project Plus Residence Hall which is quarters for Elderhostel. Pictured, l-r, Aday, Margaret and Charles Hagner from Cincinnati, Ohio; Kernodle; Benjamin Smilg, Dayton, Ohio; Betty Heller, Arlington, Va.; and MacDonald.

Terman, Huggett Win Horsley Award From VAS

Two professors at the College have been awarded the prestigious J. Shelton Horsley Research Award by the Virginia Academy of Science for a paper investigating the effects of Kepone on land animals.

C. Richard Terman, professor of biology, and Robert J. Huggett, associate professor of marine science at the College's Virginia Institute of Marine Science, were named winners of the most coveted research award for a Virginia scientist at the annual conference of the Academy held last week in Charlottesville.

Terman and Huggett have found significant quantities of Kepone, a highly toxic chemical, in the livers of white-footed mice captured on Jamestown Island. The level of Kepone, which has been shown to adversely

affect the survival, growth and reproduction of several marine organisms, is significantly greater among mice on Jamestown Island than among mice of the same species captured along a tributary 4.8 km from the river. The research proves for the first time the Kepone contamination of small mammals in a terrestrial ecosystem.

The Virginia Academy of Science

Movie Scheduled

"The Henderson Monster," the made-for-TV movie which was filmed partly on campus last summer, is scheduled for showing at 9 p.m. Tuesday, May 27, over CBS affiliate WTAR-TV in Norfolk (Channel 3). The film was scheduled in April but postponed.

consists of 1500 science professors and industrial research specialists from throughout the state. The papers submitted for the J. Shelton Horsley Research Award were reviewed and judged by the Sigma Xi Society at the University of West Virginia.

Heading for Nationals

The women's tennis team placed second at the Region 2 championships last weekend qualifying the Tribe for the AIAW Division II Nationals June 11-14 at California State University-Los Angeles.

The women's lacrosse team finished in sixth place at the United States Women's Lacrosse Association (USWLA) Division I Nationals in Princeton, N.J.

Newsmakers

Thad Tate's review of Raymond C. Bailey, *Popular Influence upon Public Policy: Petitioning in Eighteenth-Century Virginia*, appeared in the April issue of *The North Carolina Historical Review*. Tate is professor of history and director of the Institute of Early American History and Culture.

Hans C. von Baeyer, professor of physics and director of VARC, presented a physics department colloquium entitled "The Gauge Principle - A New Building Block in the Foundation of Physics" at Central Michigan University on May 1. He also addressed the Central Michigan University Astronomy Club on the subject of medieval astronomy.

In a special issue of *Marine Geology* on "Estuary-Shelf Interrelationships," due to be published this fall, **Maynard M. Nichols** of the geological oceanography department of the Virginia Institute of Marine Science is a major contributor.

Nichols, a co-editor, wrote and contributed to the preface entitled "Physical Dynamics of Estuarine Suspended Sediments" in conjunction with George Allen of Talence, France.

Also, **Robert J. Byrne** and **John D. Boon, III**, from VIMS, contributed to the special issue. The paper they collaborated on is "On Basin Hypsometry and the Morphodynamic Response of Coastal Inlet Systems."

The special issue is due to be published in the late fall.

Maurice P. Lynch, professor of marine science and director of the VIMS Sea Grant Program, recently participated in a Marine Science Consortium at Wallops Island, Va.

Attending the meeting as advisors to the Bi-State Committee were **John Zeigler**, **William J. Hargis, Jr.**, and Lynch. They served as advisors on dredging problems, fisheries problems, water quality conflicts and coordination of scientific advice during emergencies.

Lynch also attended a meeting of the Council of Sea Grant Directors at the Naval Oceanographic Laboratory, Bay St. Louis, Mississippi.

Michael Tankersley of Falston, Md., a rising senior, has been awarded an archival internship for the summer at the Hall of Records in Annapolis, Md.

David Edleson, a freshman from Waynesboro, Va., has won first place in the beginning college level Russian essay contest sponsored annually by the American Association of Teachers of Slavic and East European Languages, Virginia Chapter.

Edleson is interested in writing and music and plans to major in comparative literature. This is the third year in a row that William and Mary students have won this contest. The prize is a book, an anthology of Russian poetry, and publication of the winner's essay (about Russian music) in the AATSEEL bulletin.

Deborah G. Hartley, psychology, recently presented a paper entitled "Problem-finding and problem-solving in Adulthood" at the Biennial Meetings of the Southeastern Conference on Human Development. She was the second author on a paper entitled "Parental Age: Effect on Child-rearing Practices" delivered by Rhonda A. Richardson, a 1979 psychology honors student who is currently a graduate student in the College of Human Development at Pennsylvania State University.

The Director's Guild of America, Educational and Benevolent Foundation, has selected **Wayne Taylor**, manager of television services, to attend an intensive summer workshop on directing for film and video production, to be conducted by leading professionals in the field, in New York City, August 10-22.

Hugh B. Easler assistant professor of mathematics and computer science, served as one of the judges at the 43rd Annual High School Oratorical Contest sponsored by The American Legion and held in the Great Hall of the Wren Building, Friday, April 25.

This was the National Finals Contest and scholarships of \$8,000, \$5,000, \$3,000, and \$2,000 were awarded to the four finalists.

Other judges were Virginia State Senator William E. Fears; L. Eldon James, trial lawyer and chairman of the board, First Peninsula Bank and Trust Company; Ann Kilgore, councilwoman and former Mayor of Hampton, Virginia; Ross Mackenzie, editorial editor, *Richmond News Leader*; Col. Stanley W. Tyler, U.S. Army, retired; and The Right Reverend C. Charles Vache, Bishop of the Diocese of Southern Virginia of the Episcopal Church.

Gary Kreps, associate professor of sociology, recently attended a meeting of the Committee on U.S. Emergency Preparedness, National Academy of Sciences-National Research Council. As a consultant to this committee, he presented two papers at this meeting: the first involving a comparison of possible impacts and consequences of tornadoes and crude nuclear devices; the second looking at possible links between peacetime nuclear and non-nuclear hazards programs and civil defense programs related to nuclear war.

Moore Leaving For Tennessee

Leroy O. Moore, dean of minority student affairs, is resigning, effective June 1, to become coordinator of student affairs at the University of Tennessee School of Medicine in Memphis, Tenn.

Moore joined the William and Mary staff in 1974 as Director of Minority Student Affairs. He was promoted to his present position in 1977. He is responsible for minority student recruitment, evaluation and support, and is also in charge of commuting student concerns.

The Minority Affairs Office, which Moore heads, was established in 1974 on the recommendation of the Affirmative Action Advisory Committee, charged initially with the recruitment of minority students. Moore developed the scope of the office to include student advising and counseling and the initiation of programs primarily for minority students.

Moore also serves as liaison between approximately 1,000 commuting students and the College. Applications from minority students have increased four-fold during his tenure.

Last year, for the first time, the Summer Transition and Enrichment Program (STEP) was introduced for high school juniors and seniors. Entering minority students used STEP as a bridge from high school to college and the program helped to augment the traditional orientation held in the fall at the beginning of each school year.

Peter Martin, visiting associate professor of English, has been engaged on contract to complete a manuscript for Colonial Williamsburg. The working title of the book is "The Gardening World of 18th Century Williamsburg."

Edwin Dethlefsen, professor of anthropology, is author of a chapter entitled "Colonial Gravestones and Demography" in the just-released Academic Press volume entitled *Essays in Historical Demography*, edited by Maris Vinovskis. Dethlefsen's essay explores the validity of statistical inferences from gravestone data as compared with censuses and vital

records, and suggests some historical interpretive uses of data from early graveyards.

Ann Tyler Netick, associate professor of modern languages and literatures, has been awarded a stipend to participate in a National Endowment for the Humanities seminar on Russian Modernism at Cornell University this summer.

Miles Chappell gave a paper, "Lodovico Cigoli Painter: Some Problems and Some Proposals in Connection with a Catalogue," on April 15 at the Harvard University Center for Italian Renaissance Studies at Villa I Tatti in Florence.

'80 Literary Prizes Announced

Literary awards for 1980, supported by the College and the Society of the Alumni, have gone to members of both the freshman and senior classes.

The Tiberius Gracchus Jones Literary prize for the best entry of any type and the Howard Scammon Drama Prize were both won by Sheryl June Anderson of Cuttermill Place, Springfield, a 1980 graduate.

Earlier, Miss Anderson was awarded the Prentice Hill Award in drama which was presented to her by the donor of the award, Mrs. Anna Bell Koenig Nimmo '45, of Golden, Colo., who acted in many plays during her college years.

Miss Anderson won her award for a

full-length play about her family entitled "For Want of a Shoe." The play, described by reviewers as a "warm and funny comedy of family life," was produced in April by Premiere Theatre on campus which provides a showcase for student productions.

The Goronwy Owen Poetry Prize, which honors a Welsh poet who was a member of the faculty of the College in the 18th century, was won by Barbara Quigley, a freshman from Dickinson Dr., Wheaton, Ill.

The Glenwood Clark Fiction Prize, which honors a former chairman of the English department, went to Stephanie Hughes of Inlet Court, Reston, a 1980 graduate.

\$161,838 in Grants Awarded

Grants totalling \$161,838, \$108,832 of which will be provided by the National Science Foundation, have been awarded to members of the faculty for research in a number of different fields.

A National Science Foundation grant of \$21,484 has been awarded for a field geology workshop for earth science teachers which will be held on campus this summer under the co-directorship of Ronald Giese, associate professor of education, and Gerald Johnson, professor of geology.

The workshop, to be held June 16 - July 4, is designed to increase participants' ability to interpret the geologic history of selected sites in Tidewater Virginia's coastal zones.

Teachers who participate will receive three hours of approved credit to use toward endorsement in earth science. Participants will also receive full tuition scholarships and an allowance for travel, books and food.

NSF has awarded \$31,096 for nuclear studies in protons and pions to be undertaken under the direction of Charles Perdrisat, professor of physics. Joseph Scott, associate professor of biology, will undertake a year's study of "Systematics of the Red Algae" under a National Science Foundation grant of \$36,250.

A grant award of \$20,000 by NSF brings to \$60,000 the funds granted for theoretical studies of chemical reactions involving excited electronic states, being directed by John Delos, associate professor of physics.

The National Aeronautics and Space Administration has awarded \$23,608 for a project entitled "Definition of the Operational Semantics of ADA," to be directed by Stefan Feyock, associate

professor of mathematics and computer science.

Trevor Hill will continue research into the preparation of "Chemical Intermediates," under a grant of \$25,000 from the Mobil Chemical Company.

S. Y. Tyree, professor of chemistry, has received \$4,400 from the Environmental Protection Agency for work on "Sediment and Pore Water Chemistry."

Clarence Gaines Gets Moorehead

Clarence Gaines, a varsity football player who graduated on May 11, has been selected as a Morehead Fellow by the prestigious John Motley Morehead Foundation.

Gaines, an academic All American and "A" student, majored in business and will pursue a graduate degree in that field at the University of North Carolina in Chapel Hill where the Morehead Foundation's programs are conducted.

Fellowships are awarded solely on merit, without regard for financial need. Each fellow receives a sum of money sufficient to pay all costs of attending the University.

Three fellowships are awarded each year in the Graduate School of Business Administration. Over 1,300 applied and Gaines was one of three chosen to receive a Morehead Fellow grant.

Zollinger Museum Exhibit Features Doll Collection

The fascinating world of dolls comes alive in the current exhibit in the J. Edward Zollinger Museum in Swem Library.

Dolls from the collection of Mrs. Carter O. Lowance of Williamsburg span more than 100 years of doll magic and include examples of different kinds of dollmaking from 1840 to the present day. There are 50 dolls included in the exhibit.

The gallery is open, without charge, daily, Monday through Friday, from 8 a.m. to 4:45 p.m. and also on Saturdays during June from 9 a.m. to 12:45 p.m. The exhibit will continue through June 27.

The oldest doll in the exhibit is dated 1840. She has a papier mache head with glass eyes, a cloth body and leather hands and feet. She is dressed in an original costume with pantaloons dress and bonnet and is approximately 27 inches tall.

There are several china head dolls in the exhibit. Made chiefly in Germany, most china head dolls have black hair and blue eyes. It has been suggested that the contrast between the whiteness of the china and the black hair seemed more striking to the doll artist. There is in the exhibit, however, a copy of the blonde Hilda doll made in Germany in the 19th century.

Spanning different countries and cultures, the exhibit includes several 20th century storybook dolls as well as a Geisha Girl doll with six different wigs; an Amish couple in somber blue and white costumes; and a colorful china "circus doll" dressed in her original iridescent green dress.

There is also a celluloid doll in the exhibit in a hand-knitted dress and an Indian man doll wrapped in a colorful blanket and wearing painted wooded boots. "Poor Pitiful Pearl," a doll first produced in 1959, is included. She is also dressed in her original outfit which includes the trademark bandana. A large boy doll in the exhibit dates back to 1910 and is made with paper mache and stuffed with straw.

Mrs. Lowance has been collecting dolls for many years. She has made costumes for several of the dolls in the exhibit. She enjoys her hobby, she says, because of its historical interest and the fact that the kind of artistry which went into dollmaking in the past will probably never be repeated. As well as a doll collector, Mrs. Lowance is author of a popular cookbook of regional recipes, *Tastefully Yours - Virginia*. Mrs. Lowance says she welcomes the opportunity to share her dolls through exhibits. Because she does not store them at home, she says she can only share them when they are on display.

To the casual visitor, the dolls represent a parade of beautiful toys which must have delighted their original owners. To the collector, there are many fine examples of dollmaking from both here and abroad.

Mrs. Lowance holds one of the baby dolls in the collection made in Germany.

One of the most interesting dolls in the history of dollmaking is the "Bye-lo Baby" modeled after a three-year old child. It was designed by Grace Storey Putnam and revolutionized the doll industry when it came on the market in 1924. It was originally made in bisque in Germany but was later made in composition in America. The doll held the world record for doll sales for several consecutive years. The "Bye-lo Baby" in the exhibit is shown in a wooden cradle. There are also Queen Louise dolls in the exhibit, probably made by Armand & Marseille, and French dolls of the 19th century made with leather bodies.

As might be expected, two baby dolls owned by Mrs. Lowance and her sister since childhood are the most cherished items among those on display. Several dolls of this kind were made by noted German firms of Simon & Helbig and Armand & Marseille.

The props which add so much to the

display include several paintings of children, on loan from the Abby Aldrich Rockefeller Folk Art Center, courtesy of the Colonial Williamsburg Foundation, as well as several items of doll furniture, including beds, cradles, chests, and a grand piano and a carriage.

Carnevale Announces Plans To Retire in June, 1981

Ben L. Carnevale, who has guided the men's athletic program at the College since 1972, will retire as Director of Intercollegiate Athletics for Men on June 30, 1981.

Carnevale has provided men's athletics "with exceptionally strong and effective leadership and direction for the past eight years," according to President Thomas A. Graves, Jr.

Graves announced the formation of a Search Committee to find Carnevale's successor. Marvin M. Stanley, professor of business administration, will serve as chairman. Other members are Peter L. Derks, professor of psychology; J. Scott Donaldson, professor of English; Denys Grant, Richmond, an alumnus and member of the Board of Directors of the Society of the Alumni; John F. Lavach, professor of education and chairman of the Athletic Policy Advisory Committee; Douglas J. Martini, rising junior student; Shirley G. Roby, professor of dance; James E. Ukrop, Richmond, an alumnus and president of the Athletic Educational Foundation; Juanita Wallace, assistant dean of admissions; and Ross Weeks, Jr., assistant to the president and director of university communications and information.

Carnevale, who came to William and Mary from New York University where he was director of athletics, is currently president of the National Association of

Collegiate Directors of Athletics—the national organization which athletic directors consult for guidance in running their programs.

A member of both the Helms Basketball Hall of Fame and the Naismith Basketball Hall of Fame, Carnevale began his collegiate coaching career at the University of North Carolina in 1944. After taking the Tar Heels to the finals of the NCAA basketball tournament, he moved to the Naval Academy where he coached for the next 20 years, compiling a record of 257 wins and 158 losses. His teams played in five NCAA tournaments and two National Invitational Tournaments.

Carnevale left the Naval Academy for the athletic directorship at New York University in 1966. He came to William and Mary after a nationwide search by the College to select a new athletic director.

His tenure has seen a rapid expansion of private contributions to the athletic program and an improved level of gate receipts.

Carnevale said his most difficult challenge at William and Mary has been to "develop revenues to retain the present level of athletic competition without putting additional burdens on the College." His department administers 15 different men's sports, one of the broadest-based men's athletic programs in the nation.

Honorary Marshals '80

The three honorary marshals, selected by the senior class to lead the procession across campus to commencement exercises at William and Mary Hall, (l-r) Randolph A. Coleman, associate professor of chemistry; Edward E. Jones, associate professor of physical education; and John J. McGlennon, assistant professor of government, enjoy the humor of Art Buchwald, commencement speaker. Jones was also honored as one of the recipients of the Algemon Sydney Sullivan Award. Other winners were two members of the graduating class, Marla Ann Gusmer and Merlin Cleveland Vaughan.

Personnel

MEMORIAL DAY HOLIDAY, 1980

The administrative offices, the plant department (except for those employees required to maintain essential services), and the mail room of the College of William and Mary will be closed on Monday, May 26. The Campus Police Department will maintain regular hours.

The names of permanent classified employees who are required to work on Monday, May 26, 1980, should be reported in writing to the Personnel Office in order that they may be credited with compensatory leave. Permanent classified employees who are required to work on May 26 should take compensatory leave earned as soon thereafter as possible in order to avoid excessive leave accumulation. Hourly employees who work on this day will be paid at their regular hourly rates.

I. H. Robitshek
Department of Personnel

Official Memos

Budget Overexpenditure

As we approach the end of one fiscal year and plan for the most effective uses of our financial resources for 1980-81, it is important that we understand clearly how budget overexpenditures will be handled.

If a current 1979-80 departmental budget is overcommitted at the present time, no further purchase orders or invoices will be processed against that budget unless and until the funding to cover the overexpenditure is provided by the appropriate dean or vice president. If your current budget is reported as overspent, you should contact your dean or vice president immediately, to determine whether necessary coverage funds are available for transfer to your budget.

Please note also that if your budget printouts should show an overexpenditure as of June 30, 1980, your budget approved for 1980-81 will be reduced in the amount necessary to cover the overexpenditure.

We appreciate your assistance in our annual effort to expend most effectively all the funds appropriated to us, but no more.

George R. Healy
Vice President for Academic Affairs

William J. Carter
Vice President for Business Affairs

Blue Cross-Blue Shield State Health Insurance Plan

May is the annual enrollment for the State Health Insurance Program. Any employees who wish to change their coverage from employee only to employee and dependents or who wish to enroll in the Program for the first time must do so during the month of May. Deductions will begin with the June 1-16 pay period and coverage is effective July 1. The only condition under which coverage can be purchased or changed at a time other than during the month of May is when an employee's eligibility status changes. Eligibility status changes result from changes in marital status, adoption of a child, attainment of age 65 or a change in the health insurance program where an employee's spouse is enrolled. (A change from employee and dependents to employee only coverage can be made at any time.) However, notice of cancellation will not relieve a member of the plan from payment for any month already begun.

Enrollment information is available in The College Personnel Office for permanent State employees. Any questions concerning the State Health Insurance Plan should be directed to that office.

I. H. Robitshek
Director of Personnel

Employment

The following positions are open to all qualified individuals; however, current faculty and classified employees will receive first consideration. Except where noted, inquiries and applications should be made at the Personnel Office, 201 James Blair Hall, and not at the department where the opening exists. Call 229-JOBS (229-5627) for an updated listing and 24-hour service. An EEO/AA employer.

CLERK STENOGRAPHER D--\$9,168 per year. High school graduate plus three years clerical experience, one year at a responsible level equivalent to a clerk stenographer C. President's Office, deadline 5/23.

CUSTODIAL WORKERS, unclassified--temporary, summer, \$3.10 per hour. Six months experience in cleaning or related work. Buildings and Grounds, deadline 5/23.

CLERK TYPIST (records clerk), full time, unclassified, \$7,680 per year. Accurate typist, familiarity with IBM OS/6 and a pleasant telephone manner is desired. Alumni Office, deadline 5/27.

CLERK TYPIST B--\$6,720 per year. High school graduate plus one year clerical experience or college. Registrar's Office, deadline 5/27.

COMPUTER SYSTEMS ANALYST B, \$17,150 per year. College degree with major study in computer science, mathematics, engineering, accounting or business administration plus 2 years experience in systems analysis and design. Additional experience in systems analysis and design or as a skilled programmer may substitute for education on the basis of one year of experience for two years of education. Additional experience as a skilled programmer may substitute for up to one year of experience in systems analysis and design. The Computer Center, deadline 5/30.

COLLEGE HOSTESS C, resident director, Project Plus, temporary, ending May, 1981, \$533 per month plus apartment and utilities. High school graduate and experience involving public contact and work with young people, preferably in group activities. Knowledge of principles of student counseling and the practices of good housekeeping. Project Plus, deadline 6/12.

RESIDENCE HALL COORDINATOR--\$673 per month plus furnished apartment. Position begins July 1, 1980. College degree with major in social science field or any bachelor's degree plus one year of experience in residence hall management and counseling. Office of Residence Hall Life, deadline 5/23.

FURNISHED or Unfurnished air-conditioned townhome in Season's Trace. Prefer faculty or married couple. Call 565-0640 or 804-293-9539. (6/17)

1 BDRM IN HSE 1 1/2 MILES FROM CAMPUS \$115/mo. plus utilities—furnished. Available now until end of August. Call 220-2736 or 565-0830. (6/17)

BRAND NEW 3 BEDROOM HOUSE in First Colony. 2 baths, w/w carpeting, fireplace, heat pump, central air, deck. Wooded lot near park. Appliances included. July/August occupancy for 1-2 years. \$425/mo. 229-3087 after 5. (6/3)

FURNISHED—1 bedroom apt. to sublet in Conway Garden Apts. Looking for quiet grad. or law student or couple for June-Aug. Call Sharon at 229-1309 after 5 p.m. Rent: \$235/month plus utilities. Includes water, gas, heat, and use of pool. (6/3)

AVAILABLE IN MAY: 3 BR/2 bath apt. w/kitchen and laundry facilities. Within biking distance of campus. \$300 a month + electricity. Call Cathy or Karen at 253-2359. (6/3)

VERY NICE 4 BEDROOM, 2 bath, 1700 sq. ft. ranch. Fenced back yard, garage. Two miles to W&M campus. Available in June. No pets. \$425 a month. Phone 229-1402. (6/3)

SATURDAY, MAY 24

Organ Recital, Wren Building, 11 a.m.

SATURDAY, MAY 31

Organ Recital, Wren Building, 11 a.m.

SUNDAY, JUNE 8

Virginia Festival of the Arts Concert, CC Ballroom, 3 p.m.

Library Hours

Monday, June 2 - Thursday, August 7
Monday through Thursday
8 a.m. - 10 p.m.
Friday and Saturday
8 a.m. - 5 p.m.
Sunday
1 p.m. - 10 p.m.

ROOM FOR RENT. Within walking distance of campus. Available June 1. Call 229-3119. (6/3)

SUMMER SUBLET - 2 bedroom apt. One block from campus. May 31 thru mid-Aug. \$270/mo. including all utilities. A/C optional extra. Call 229-8829. (5/20)

A NEW, COMFORTABLE two bedroom home on Cape Cod. Short drive from Nauset Beach. Available June 14 through Aug. 31. \$250 per week (reduction for longer rental). Call Bill Losito at 564-9345 after 5:30 p.m. (6/3)

APARTMENT for 1 person - completely furnished, available May 17, easy walk to W&M campus, non-smoker. Call 229-1086. (5/20)

SUMMER SUBLET - beautiful sunny faculty apartment, 4 rooms, 2 baths, back yard, air-conditioning, eat-in-kitchen, screened porches, etc. One block from campus. Need highly responsible party to care for good furniture. \$235/mo. Call 220-0540. (5/20)

Apartment for rent, 1 bedroom, living room, kitchen, 15 minutes from campus. \$200 per month, including all utilities. Call 564-9800. (6/17)

WANTED

ROOMMATE WANTED: To share 2 bedroom apartment, completely furnished, air-conditioned, pool. Available May 15-August 15. Rent \$140/mo. negotiable. Convenient to campus by bus, bike, or car. Will lend bicycle. Call Pat at 229-5474 evenings or afternoons. (6/17)

DRIVER NEEDED—Drive my car to Long Island. I'll provide one full tank of gas. Call Abby Frucht at 229-4657 evenings. (6/17)

Faculty Family wishes to rent 4 bedroom (preferably furnished) home in Williamsburg - Hampton area for period: 1 August 1980 - 31 July 1981. Please contact Professor Robert E. McIntosh, Electrical and Computer Engineering, University of Massachusetts, Amherst, MA 01003 (413) 545-0709 or 256-0277 evenings. (5/20)

FEMALE to share two bedroom townhouse. Convenient location. Call 220-0339. (6/3)

WANTED TO RENT—Doctoral candidate would like a 3 BR apt. or house to rent close to campus. Will sign year's lease from July 15. Please contact Rich Nelson, 10E Kings Gate W, Camillus, NY 13031. References available. (6/3)

Episcopal Minister and wife need Apt. or House for June and July while attending classes at W&M. Please call 693-5602. (5/20)

FOUND

ACADEMIC HOOD—purple & yellow. B.A. Found in W&M Hall on Sunday, May 11. To identify, stop by the Office of the Registrar. (6/17)

2 KEYS four, i out in front of the Post Office. To identify, call the News Office, ext. 4226. (5/20)

KEYS in Andrews Hall, Glasses, Jewelry and other items. Please personally contact the secretary in the Department of Fine Arts. (5/20)

KEYS in Wren Bldg. Call K. Cross in English Dept. ext. 4359. (5/20)

WOMAN'S BIRTHSTONE RING in rest room, Jones Hall, Wed., March 26. Call Linda, X4393 to identify.

WOMEN'S WATCH near James Blair. Found approximately 2 weeks ago. Call Karen at 229-4082 to identify. (6/3)

CARPOOL

Additional rider to join carpool from Oyster Point Rd. vicinity to College. Call Doreen, 4654. (6/3)

Published weekly by the Office of University Communications during the academic year, except when the College is in recess, and twice each month in June, July and August.

Barbara Ball, editor
Publications Office, production
