For Second Year Law School Teams Sweep Moot Court Competition

For the second consecutive year, teams from the Marshall-Wythe School of Law have swept top honors at the regional level of the National Moot Court Competition.

The final round was a contest between two Marshall-Wythe teams, a repeat of last year's line up.

The team of Scott Caulkins of Hampton; Roberta Coulton of Punta Gorda, Fla., and Jack Sharpe of Chambersburg, Va., were judges the winning team. Second place went to the team of John Nevin, Springfield, Va., Kevin O'Mahony, Oakland, N.J., and Karen Russell, Arlington, Va.

The two top teams in each regional competition are eligible to compete at the national level in New York City in January. Competition regulations, however, permit only one team from each school to compete at the national level. Only the top team from William and Mary will enter the final rounds of competition.

The winning team of Caulkins, Coulton and Sharpe, were winners of last year's prestigious Moot Court Invitational Tournament at Fordham University, continuing the winning pattern of last year's finalists.

The strong showing of the Marshall-Wythe competitors caused one of the judges on the panel, Robert R. Mehri of the United States District Court for the Eastern District of Virginia, to extend his congratulations and add, "Maybe you should invite other schools to compete next year."

"Last year when our two teams ended up in the finals, they said it was unprecedented. I don't know what word to use to describe the victory this year except - magnificent," said Dean Spong.

Twenty-one teams competed representing 12 law schools in Virginia, West Virginia, North Carolina and Kentucky.

Roberta Coulton of the winning team was also presented with a silver bowl from the American College of Trial Lawyers given for the best oral argument in the championship round. She was also awarded a copy of the 1982 Federal Tax Handbook given by the Prentice-Hall Company for the best oral argument in the competition.

The Virginia Bar Association's award for the best brief went to the second place team of Nevin, O'Mahony and Russell.

Individual members of both finalist teams were awarded bronze medallions engraved with a bust of Justice Lewis F. Powell, Jr., a gift from the American College of Trial Lawyers of which Powell was a member.

There were also awards to the law school. A large pewter bowl, the winner's trophy, was presented to the

Members of the Moot Court Competition finalists pose with their trophies. From left to right: John Nevin, Karen Russell, Jack Sharpe, Roberta Coulton and Kevin O'Mahony.

Faculty Forum to Meet for Lunch on Thursday

The William and Mary Faculty Forum will hold its first meeting at 12:30 p.m., Thursday, Nov. 19, in the Dodge Room of Phi Beta Kappa Memorial Hall.

Members of all the faculties of the College are invited to bring a lunch to the initial meeting. Coffee will be provided.

Principal speaker will be Garnett R. Brooks, professor of biology, who will speak on "Foraging Ecology of Caribbean Lizards, or Why are There so Many Animals?"

Future speakers will include Thomas Finn of the religion department and Fred Schauer of the Marshall-Wythe School of Law faculty.

A few minutes at the beginning of the meeting will be devoted to housekeeping details concerning the new group. Initiated at the suggestion of Zeddie Bowen, Dean of the Faculty of Arts and Sciences, and organized by Rolf G. Winter, Dean of Graduate Studies, the Forum is intended to offer an opportunity for faculty members to share interests and projects across department lines.

It is expected that meetings of the Forum will be held monthly, said Winter. Times will be flexible during the lunch period and dates alternated throughout the week to accommodate as many different teaching schedules as possible.

Winter said that discussion of a

Forum type organization for faculty members had been under discussion from time to time, and several years ago an organization was initiated.

Winter said that the structure of the Forum and its definite plans for the future would be among items discussed at the opening meeting on Thursday.

Handicapped Awareness Day

TO: MEMBERS OF THE COLLEGE COMMUNITY

1981 has been designated by the United Nations as the International Year of Disabled Persons. To recognize the contributions made by the College's handicapped students, staff and faculty and to promote an awareness of the barriers confronting handicapped and non-handicapped persons, an ad hoc committee was established. The committee is composed of a handicapped student, two members of Campus Ministries United, a representative of the Student Association, another student and ourselves.

The Student Association will sponsor a limited simulation experience for student leaders Thursday, Nov. 19. Approximately 30 students will simulate mobility, sight or hearing impairments throughout the day. A panel presentation will be held in the evening to discuss the experience and to offer an opportunity for interaction with some of the College's handicapped students.

The committee wishes to invite the members of the College community to support its goals, to assist the student leaders and others in learning from the simulation experience and to attend the panel presentation scheduled for 7:30 p.m., Nov. 19, at the College's Television Studio in Phi Beta Kappa.

Dale B. Robinson
Director, Equal Opportunity
and Affirmative Action Programs

Amy L. Jamon
Associate Dean of Students

Notebook

Applications for Aides

Any student interested in participating as a freshman or transfer Orientation Aide for January should pick up an application form in James Blair 210. Applications will be available beginning Monday, Nov. 16, and must be turned in no later than 5 p.m. on Tuesday, Nov. 24.

ESU Scholarship

The College is seeking to nominate a candidate for the English-Speaking Union Scholarship. This scholarship sends one or more students who are rising seniors and legal residents of Virginia to study during the summer in the United Kingdom. The value of the scholarship is \$2,000, which is sufficient for the major portion of the student's round trip fare, tuition and fees at the university which the student attends.

No student will be considered without a departmental nomination. Students who wish to be considered for this scholarship should approach their departments requesting endorsement. The deadline for nominations from the departments is Dec. 1.

International Study Fest

The Office of Extramural Programs is sponsoring an INTERNATIONAL STUDY FEST, Monday, Nov. 23, between 1-5 pm in the Ballroom of the Campus Center. The afternoon fest will give students the opportunity to learn more about foreign study programs, the language houses, internship and VENTURE programs. Faculty and students will be there to provide information and to answer your questions. Representatives from the language houses, internship and VENTURE programs will also be available. Slide presentations will be featured and refreshments will be served. For further information, contact the Office of Extramural Programs, The Brafferton, X4354.

Alliance Francaise

Col. Jacques Pons of the French Army will speak on "La Jennesse Francaise et la Defense Nationale," (French Youth and National Defense) at the French House at 8:15 p.m., Wednesday, Nov. 18.

Colonel Pons will compare the attitudes of French youth and American youth toward national defense.

Following Colonel Pons talk, refreshments will be provided by the French Honor Society, Pi Delta Phi, residents of the French House and the Alliance Francaise. Members of the College community are invited to attend and practice their French.

Why Are M.D.'s So Rich?

Louis Henry of the department of economics at Old Dominion University will speak on "Why Are Doctors So Rich," focusing on the economics of health care, at 7 p.m., Sunday, Nov. 22 in the William Guy auditorium in Rogers Hall, under the sponsorship of the Health Careers Club.

A reception will follow. The program is open to the campus community.

New memberships in HCC will be accepted at the Sunday meeting.

VENTURE Program

There will be a VENTURE meeting on Wednesday, Nov. 18, at 3 p.m. in the Campus Center Room D. Ms. Bruce Harvey, Assistant Director of the VENTURE program will be special guest. Refreshments will be served. For more information, contact the Office of Extramural Programs, The Brafferton, ext. 4354.

Study in Italy

Anyone interested in finding out about William and Mary's Summer in Florence program is invited to come to the informational meeting on Wednesday, Nov. 18, at 4 p.m., in room 302, Washington Hall. Franco Triolo of the modern language department and Dean Joseph Healey will be there to explain the program and answer any questions.

Study in Spain

On Nov. 16 at 3:30 p.m. in room 2 of the Brafferton, there will be a meeting for any and all students interested in finding out about the Summer in Spain Program. James Lavin and Dean Joseph Healey will be there to discuss the program and to answer any questions.

Study in Germany

This week there will be two meetings for students interested in the William and Mary study programs in Germany. On Nov. 16 at 8 p.m. in the German House lobby, Gary Smith will be showing slides of the W&M-Vassar Summer in Munster program. On Nov. 20 at 2 p.m. there will be a meeting for the Junior Year in Munster, West Germany Program in room 2 of the Brafferton. Any and all students with some background in the German language are encouraged to attend.

Students may contact any of the professors named above on the Office of Extramural Programs, the Brafferton, room 8, for information and applications.

For Students

President Graves will be in his office from 4-5 p.m., Wednesday, Nov. 18 to meet informally with students to discuss any topic of their choice. No appointment is necessary. President Graves will also be in his office from 4-5 p.m., Monday, Nov. 23 for conversations with students.

NEWS Schedule

The William and Mary News will be printed on Tuesday, Nov. 24, but there will not be an issue on Tuesday, Dec. 1 because of the Thanksgiving break. First news after the holiday will be Tuesday, Dec. 8.

Gymnasts Offer Children's Clinic Following Meet

Cliff Gauthier, gymnastics coach, is inviting children who have participated in his age-group program and faculty and staff children to participate in an open clinic following the first home meet for the gymnastics team, Sunday Nov. 22 in William and Mary Hall.

The meet against James Madison University, will begin at 2 p.m. Gauthier expects the clinic to begin around 4 p.m.

William and Mary will begin defense of its state championship with the meet against second place Madison. The championship round will be held at William and Mary Hall in late February, and Gauthier will be looking for his eighth consecutive championship.

Gauthier took gymnasts to the Metro Invitational Tournament in Baltimore over Homecoming Weekend and came home with the third place trophy. The William and Mary entry, minus seniors who were involved with Homecoming, were beaten out by Navy and the University of Pittsburgh.

Speaker Ideas Sought by Barnes

Who would you like as a speaker, Robert Redford, Walter Cronkite, Tom Snyder?

Now is your chance to make known your nomination for a speaker for the Our Future in the Cosmos lecture series which is co-sponsored by the College and NASA Langley Research Center.

Carson Barnes, director of the Office of Special Programs which coordinates the lecture series is looking for suggestions for future programs. He would appreciate any and all suggestions which should be sent to him at his office at VARC within the next three weeks.

Initiated in 1974-75, the series has offered an impressive list of speakers including Alvin Toffler, author of "Future Shock," pollster George Gallop, science fiction writer Isaac Asimov, astronaut Donald Slayton, writer, architect and engineer, Buckminster Fuller, oceanographer Jacques Cousteau, William F. Buckley, Jr., author, editor and lecturer; archaeologist Mary Leakey, "Roots" author Alex Haley and TV commentator Eric Sevareid.

The lectures are usually given at the Hampton Coliseum. Free tickets are distributed by the Office of Special Programs. Anyone wishing to be included on the mailing list for upcoming programs, announcements should call the Special Programs office at 877-9231.

Preservation League

The William and Mary Preservation League will meet at 7:45 p.m., Wednesday, Nov. 18 in the Campus Center, room D, to select a theme and make program plans for a statewide preservation conference on campus in March.

Public Debate

The William and Mary Debate Council will sponsor a public debate at 7 p.m., Monday, Nov. 30 in the Wren Chapel on society's responsibility for its criminals.

Participants will include Anthony L. Guenther, professor of sociology; Scott Jenkins, president of the Debate Council; Richard A. Williamson, professor of law at the Marshall-Wythe School of Law and David Price, chairman of the Debate Council.

French House Coffee Hour

The French House will host a coffee hour at 4:30 p.m., Wednesday, Nov. 18, in the lobby of the House. Members of the campus community are welcome to attend, speak French and enjoy refreshments.

The photographic exhibit of the Georges Pompidou Cultural Center in Paris, currently on display at the House, has been extended until Dec. 15 due to popular demand.

Thanksgiving Buses

The Greyhound, Northern Virginia Special for students will run Wednesday, Nov. 25 instead of Fri. Nov. 27. There will not be a special on Friday. It will return as usual on Sunday.

Personnel Notice

The Personnel Office is sponsoring a workshop entitled "Managing Stress on the Job." Participants will learn to recognize excessive stress reactions in themselves, and how these reactions affect both physical and mental health. Job and home situations which tend to produce stress will be examined and participants will be shown techniques currently used to cope with and productively manage stress.

This course is open to all interested employees of the College. The workshop will be held December 17th and 18th in the Sit'n Bull room of the Campus Center from 8:30 a.m. to 4:30 p.m. Lunch will be provided. The cost of this seminar will be \$18 per participant and each participant's department will be responsible for this charge.

For further information and registration, interested individuals should contact Charla Cordle at ext. 4214 in the Personnel Office. Deadline for registration is December 4, 1981. Those interested are encouraged to register early as space is limited.

Kauffman to be Phi Beta Kappa Speaker on Dec. 5

The distinguished film and drama critic Stanley Kauffman will be featured speaker at the annual meeting of Alpha of Virginia Chapter of Phi Beta Kappa, which this year celebrates the two hundred and fifth anniversary of the founding of the fraternity here.

Kauffman will speak on "The Director: An Idea in Theatre History," at 8:15 p.m., in Phi Beta Kappa Memorial Hall. The program also includes the introduction of new members, and the presentation of the

Phi Beta Kappa award for scholarship and research.

Kauffman has published four collections of film criticism: "A World of Film," "Figures of Light," "Living Images," and "Before My Eyes." He is editor (with Bruce Henstell) of the anthology "American Film Criticism: From the Beginnings to 'Citizen Kane.'"

Kauffman was born in New York City in 1916 and was graduated from the College of Fine Arts of New York

University in 1935. He spent ten years as actor and stage-manager with the Washington Square Players and has published a large number of short and long plays. He is the author of seven novels, published here and abroad and he worked for ten years as a book publishers editor.

In 1958 he became the film critic of "The New Republic" with which journal he has been associated ever since, except for an eight-month period

in 1966 when he was the theater critic of The New York Times.

Kauffman has received many prestigious awards and fellowships. In 1974 he won the George Jean Nathan Award for Dramatic Criticism. He has received two Ford Foundation fellowships and an "Emmy" award for a television series about film that he conducted for five years on the PBS station in New York. In 1979 he was given a Guggenheim fellowship for the writing of his memoirs.

He taught drama at Yale and from 1973-76 was Distinguished Professor of English, and taught drama, film and literature at York College of the City University of New York. Since 1976 he has been Visiting Professor in the Theatre Department of the Graduate Center of CUNY.

Justice O'Connor Selects Marshall-Wythe Law Clerk

Jane F. Vehko, first in the Marshall-Wythe School of Law class of 1981, and first in her class as an undergraduate at Southwestern at Memphis, has added another first to her list of distinctions. She has been selected as the first law clerk to the first woman on the United States Supreme Court, Justice Sandra Day O'Connor.

Her appointment will begin July 1, 1982 for one calendar year.

Vehko was editor-in-chief of the William and Mary Law Review last year; recipient of the Webber Diploma, given by the law faculty to the student judged to have the greatest professional promise; and winner of the Trial Advocacy Award given by the Virginia

Trial Lawyers Association. Currently, Vehko is clerking at the Court of Appeals for the 11th Circuit in Atlanta.

She says she is looking forward to a very stimulating year, which she expects to involve a lot of hard work and challenging experiences. She said she applied for the clerk's position

continued on p.6

Cynthia Wallace

Cynthia Wallace Plans Recital

Cynthia Wallace, mezzo soprano, will present her junior recital at 8 p.m., Friday, Nov. 20 in the Moot Court Room of Tucker Hall. Her piano accompanist will be Alyssa Van Winkle.

This performance is open to the public. There is no admission charge.

Wallace has selected a variety of Spanish music for her recital and will also sing four poems by Emily Dickenson, set to music by Vincent Persichetti. Her program will include the "Songs of Manuel de Falla," "El Maja de Goya," by Enrique Granados; and "Parting" by Thomas Pasatieri.

Tracy Adams, baritone, will make a guest appearance, accompanied by pianist Lisa Goff. Adams will sing "In der Fremde," by Robert Schumann and "Das Irdische I eben," by Gustave Mahler.

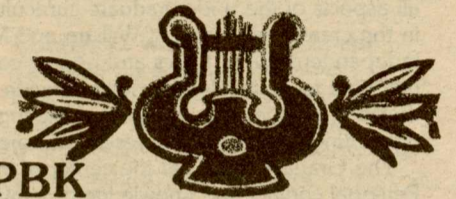

Wallace, a junior music and education major from Portsmouth, Va., is a student of Frances Breeze. She is a member of the William and Mary Choir and is an active participant of Alpha Kappa Alpha Sorority. She is also an accompanist for the Ebony Expressions choral ensemble.

Alyssa Van Winkle, from Fairfax, Va., is a junior sociology major and currently is a student of Christopher Kypros. She is a member of Chi Omega Sorority.

Tracy Adams, a junior music concentrator from Richmond, He is currently a student of Frances Breeze.

Lisa Goff is a 1980 graduate of the College and now resides in Williamsburg. She accompanies various singers and groups in the local area.

On the Musical Calendar . . . Orchestra Plays Haydn, Liszt Nov. 24 in PBK

The William and Mary College-Community Orchestra under the direction of Edgar W. Williams, Jr., assistant professor of music, will give the first of three public concerts planned for this year, at 8:15 p.m. Tuesday, Nov. 24, in Phi Beta Kappa Memorial Hall.

General admission is \$1.50. Tickets will be available at the door the evening of the performance.

The orchestra will play William Boyce's Symphony V in D, Charles Griffes' "Sho-Jo," "Hamlet," a tonepoem by Franz Liszt, and Symphony No. 78 in C minor by Haydn.

The program, says Director Williams, includes several pieces of music which are not regularly included in concert programs. The Haydn Symphony is one of the middle symphonies and is one of the few written in a minor key. It is not often heard, says Williams, although it is one of the composer's wittiest works.

The American Charles Griffes' "Sho-Jo" was commissioned by a Japanese dance troupe in 1917. The composer uses Japanese folk tunes as a basis for the work which Williams describes as French Impressionist with an Oriental flavor.

The tonepoem "Hamlet," by Liszt, was written in the 1850's as a preface to Shakespeare's "Hamlet." It is an advanced formal and harmonic idiom that foreshadows the later developments of Richard Wagner.

Richmond Symphony in Sampler Series

The College, with assistance from the Virginia Commission for the Arts, will again this year present a Symphony Sampler Series with the Richmond Symphony which is currently celebrating its "Silver Season."

The series will feature three concerts representing the best of the orchestra's Pops, Classical and Serenade series.

The series will open on Monday, Nov. 30, with the Richmond Symphony in an all orchestral program under the direction of Jacques Houtmann, music director and conductor.

On Wednesday, Feb. 3, the Richmond Sinfonia Serenade Orchestra will perform with Philip Teachey, oboe, as featured soloist.

The series will conclude on Monday,

Symphony V in D by William Boyce, is written in an old-fashioned 1760 Baroque style, says Williams. It was not widely recognized until recently because at the time it was composed it was overshadowed by the prominence of works by Handel.

Oboist to Give Concert Sunday,

The Sunday Series will present Franck Avril, oboist, in a concert at 3 p.m., Sunday, Nov. 22 in the Campus Center Ballroom.

This concert is open to the public. There is no admission charge.

Avril will open his concert with Sonata in G Major by Giovanni Sammartini. He will also play Francis Poulenc's Sonata (1962); Sequenza VII (1969) by Luciano Berio, and Metamorphoses after Ovid for solo oboe, Opus 49, by Benjamin Britten.

Avril will also include in his program Sonata, Opus 166 by Camille Saint-Saens.

Avril will conduct a master class for music students Monday, Nov. 23 and will meet with music classes during his visit here.

Avril is the first oboist to ever win the Young Concert Artists International Auditions, and as a result was presented in the 1979-80 Young Concert Artists Series in New York. In 1977 Avril won the Bronze Medal of the Geneva Competition, and also won

a Concert Artists Guild award to perform at Carnegie Recital Hall. Born of French parents, Avril came to the United States at an early age. He graduated from Yale University and earned his Master's degree from the Eastman School of Music in 1975. He is currently Artist-in-Residence at the Conservatory of Music for the University of Missouri at Kansas City.

His accompanist for his Sunday afternoon concert will be Deborah DeWolf Emery, a chamber music performer from Kansas City. She graduated with honors from the Oberlin College Conservatory of Music in 1974 and spends her summers at the New England Music Camp in Maine.

a Concert Artists Guild award to perform at Carnegie Recital Hall.

Suspense Novel by Jess Cloud on Sale Locally

A suspense novel, "Touch & Die," by Jess Cloud, is one of the new paperback titles on sale at the College Bookstore and Scribner's Bookstore.

Cloud was coordinator for campaign communications during the College's three-year effort to raise \$10 million in private funds, initiated in 1976. He also taught in Project Plus. Cloud came to William and Mary from Hampshire College, where he was Director for Development and Public Relations. He died in 1979.

An English professor before he turned to administration, Cloud taught courses in several periods, specializing in the Renaissance, 16th, 17th and 20th century literature. Cloud had also been vice president and creative director of public relations and advertising for Michel-Cather, Inc., and for Batten, Barton, Durstine & Osborn, Inc., both of New York.

"Touch & Die" is the story of a globe trotting widow who agrees to go undercover for the U.S. government to hunt down a notorious terrorist known as "The Man." *continued on p.7*

Awards of Grants and Contracts July 1, 1980 - June 30, 1981

Research

We are in a decade in which faculty development is one of the most critical challenges facing us. One proven and effective format for faculty development has been and continues to be a faculty member's research activities. Research--the active involvement of faculty in the solution of current problems and timeless questions which confront the academic disciplines--is the principal means by which faculty members stay abreast of their fields. Faculty research is important to all aspects of the undergraduate curriculum, particularly in the creative direction of William and Mary's independent study, topics and honors courses. At the graduate level, faculty members provide guidance and direction to students who are completing and presenting the results of a research project.

The Grants Office is at the center of this challenge. Personal contact and knowledge of individual faculty members' interests are important aspects of an effective Grants Office. During the year, approximately 100 faculty members submitted proposals to public and private agencies. 53 grants and contracts, totalling \$2.3 million, were awarded to support faculty research and other educational projects. Nevertheless, the growth and development of our interactions with faculty members, rather than the number of successful grant applications, remains the most relevant statement that our office can make regarding its contribution to faculty development within the institution.

Last year the university received the second \$200,000 payment from the National Endowment for the Humanities Challenge Grant. We now have received \$400,000 in federal funds which will be endowed for faculty salary support in the humanities. Alumni and friends have responded generously to the Challenge Grant campaign which is being conducted by the Office of University Advancement. Friends and alumni have given over \$500,000 in major gifts. In addition, annual giving has nearly doubled. By the end of the second year, the university has qualified over \$800,000 of the \$1.5 million needed to be raised during the four-year period of the grant.

One of the highlights of last year was providing help to four faculty members who were awarded highly competitive fellowships. Hans Tiefel and Bruce McConachie were awarded full-year Fellowships for College Teachers by the National Endowment for the Humanities. Don Monson was awarded a Mellon Fellowship which is partially funded by NEH. Peter Wiggins was awarded an NEH Summer Stipend Fellowship. William and Mary was one of only 18 institutions to have two faculty members receive one of the 155 fellowships awarded in the Fellowships for College Teachers program.

The competition for federal funds will be intense in the coming year. Nevertheless, faculty members at William and Mary are in a strong competitive position and should continue to pursue actively and optimistically external support for research interests.

David Kranbuehl, Director
Grants and Research Administration

1980-81 Research Summary

Research support from public and private agencies totalled over \$1.8 million.

Federal support alone represented 7% of the total Educational and General budget for the university and 14% of the academic budget.

Approximately one-fourth of the university's faculty received some support from external agencies for their research interests.

Over 50 faculty members received summer research salaries from their grants.

Over 100 students received at least partial support from research grant funds.

Indirect costs included in these awards provided \$189,000, or 85% of the amount needed, to support the Summer and Semester Research Grants Programs.

Indirect costs provided \$63,000 to departments and schools for research activities.

Thirty-two faculty members were awarded Summer Faculty Research Grants.

Twenty-one faculty members received Semester Faculty Research Assignments.

Micken, Patrick, Department of Theatre and Speech, "Virginia Shakespeare Festival 1981"; Virginia Commission for the Arts, \$5,000 (6/1/81-9/30/81).

Young, Martina, Department of Physical Education, "Sojourn: A Tribute in Dance to Black Folk"; Virginia Commission for the Arts, \$2,000 (11/1/80-3/1/81).

Private Funds

Holmes, Carolyn, Ash Lawn, "James Monroe and the Emerging American Culture"; Virginia Foundation for the Humanities and Public Policy, \$2,781 (1/10/81-9/30/81).

Faculty Fellowships

Abramowitz, Alan, Department of Government, 1980-81 Post-Doctoral Fellowship, National Science Foundation.

Axtell, James, Department of History, Guggenheim Fellowship.

Baron, James, Department of Classical Studies, 1981 Summer Seminar for College Teachers, National Endowment for the Humanities.

Chappell, Miles, Department of Fine Arts, American Philosophical Society Travel Grant.

McCain, Morris, Department of Government, 1981-82 Ford Foundation Research Fellowship, Harvard University, Center for Science and International Affairs.

McConachie, Bruce, Department of Theatre and Speech, 1981-1982 Fellowship for College Teachers, National Endowment for the Humanities.

Monson, Donald, Department of Modern Languages and Literatures, University of Pennsylvania Mellon Fellowship in the Humanities.

Oakley, John, Department of Classical Studies, American Philosophical Society Travel Grant.

Tiefel, Hans, Department of Religion, 1981-1982 Fellowship for College Teachers, National Endowment for the Humanities.

Wiggins, Peter, Department of English, 1981 Summer Stipend Fellowship, National Endowment for the Humanities.

Newsmakers

Robert Scholnick and **Scott Donaldson** of the English Department attended the annual conference of the Canadian Association for American Studies held at the Universite du Quebec a Montreal, Oct. 22-24.

Scholnick presented a paper on "Ideas of Democracy in Post-Civil War America" and Donaldson spoke on "Scott Fitzgerald: Man and Myth."

At the Biennial Convention of the American Studies Association held in Memphis, Oct. 29 - Nov. 1, Donaldson and Scholnick again presented papers, as did **Lynn Bloom**. Donaldson spoke on "Fitzgerald and St. Paul" and Bloom's paper was titled "The Old South, the Wild West, and Beyond: Toward a Definition of Regional Autobiography." Scholnick gave his paper, "A Divine Discontent with the Atlantic: The Galaxy and Democratic Culture," at a session on New York literary magazines which he organized.

Carl W. Vermeulen of the department of biology has been included as a fellow of the American Institute of Chemists in the "1981 Professional Directory." His interests in molecular biology fall within the field of biochemistry.

H. Earle Johnson, lecturer in music, read a paper on "Music Publishing in Boston 1640-1900" before the American Musicological Society at its Annual Meeting in Boston, Nov. 12.

The following paper was published by **C. Richard Terman** and **Eric L. Bradley** of the biology department: "The influence of urine from asymptotic laboratory populations on sexual maturation in prairie deer mice. Researches on Population Ecology 23: 168-176.

Dr. Pieter Nienhuis of the Netherlands visited the Virginia Institute of Marine Science recently as part of his tour of principal U.S. oceanographic centers prior to attending the Estuarine Research Federation Conference in Oregon next month.

Nienhuis is an aquatic botanist and research administrator at the Delta Institute of Hydrobiological Research of the Dutch Royal Academy of Sciences. He heads a team of 25 scientists and technicians there who are studying changes in the estuarine environment as a result of Holland's heralded Delta project.

His week-long visit is sponsored by **Dr. Polly Penhale** and **Dr. Robert Orth** of VIMS. They met him recently at the International Botanical Congress held in Sydney, Australia.

Nienhuis inspected various areas of estuarine research in Virginia and consulting with colleagues at VIMS who are studying fisheries, sea grasses, marine physiology, wetlands ecology, microbiology, engineering and pollution chemistry. He also visited the Woods Hole Oceanographic Institution, and the University of Durham's Jackson Laboratory at Durham, N.H.

Alan Abramowitz, **John McGlennon** and **Ronald Rapoport**, government department, hosted a Conference on American Political Party Activists. The conference, which was held on campus in early October, was funded by the National Science Foundation.

The papers presented were based on 1980 surveys of eighteen thousand state convention delegates in eleven states. Among the eighteen papers presented were the following: Alan Abramowitz,

"Amateur Activists in Presidential Politics," John McGlennon, "Does Religion Matter in Presidential Nominating Politics," and Ronald Rapoport, "Attitudinal Constraint in a Political Elite."

Robert Emans, professor and associate Dean of Education, reviewed *A Design for a School of Pedagogy* by B.O. Smith.

The following two papers were presented at the Virginia Academy of Science annual meeting at Old Dominion University by members of the biology department:

Cynthia L. Willard-Mack and **C. Richard Terman**. Kepone levels of selected terrestrial animal species from the Jamestown Island area.

Charles C. Wolfe and **C. Richard Terman**. Social behavior, growth characteristics, and reproductive organ weights of White-footed mouse (*Peromyscus leucopus noveboracensis*) populations in the laboratory.

David P. Aday, Jr., associate professor of sociology, has had an article accepted for publication in the *American Journal of Sociology*. Entitled "An Empirical Typology of American Metropolitan Juvenile Courts," the article is co-authored with Vaughan Stapleton of the American Justice Institute and Jeanne Ito of the National Center for State Courts.

A research paper entitled "Mid Level Intrusions at the Continental Shelf Edge", authored by **Christopher S. Welch**, has been accepted for publication in the Journal of Geophysical Research, Oceans and Atmosphere. The article includes descriptions of the intrusion of oceanic (slope) waters onto the continental shelf in the water column's middle levels.

Welch, a VIMS oceanographer and associate professor of the School of Marine Science, predicts an associated current flowing northward from the intrusions, contrary to the general southward circulation deduced from the flow directions taken by surface bottles and seabed drifters.

A National Science Foundation grant of \$61,000 has been awarded to **John E. Olney** of VIMS to study the systematics, evolutionary biology and zoogeography of the pearlfishes (Pisces, Ophidiiformes and Carapodidae). These fishes are found primarily in tropical seas.

Olney, a School of Marine Science instructor, will be joined in the work by **Douglas F. Markle** of the Huntsman Marine Laboratory of St. Andrews, New Brunswick, Canada. Both are graduates of the School of Marine Science.

Rudolf H. Bieri, associate professor of marine science, presented a paper at the International Conference: "Ocean Pollution, 1981" held recently in Halifax, Nova Scotia. The paper was entitled "Unusual Concentrations of Polynuclear Aromatic Hydrocarbons in a Sediment from the Susquehanna River" and was co-authored by Paul deFur, Robert Huggett, William MacIntyre, Phillip Shou, Craig L. Smith and Chih-Wu Su, all of the School of Marine Science.

On his return from Canada, Bieri presented a seminar entitled "Organic Pollutants in the Chesapeake Bay" at the Marine Institute of the University of Delaware at Lewes.

Challenge Grant of \$45,000 Received by Marshall Papers

The papers of John Marshall, a project sponsored by the College and the Institute of Early American History and Culture, has received a \$45,000 challenge grant from the Robert G. III and Maude Morgan Cabell Foundation of Richmond, according to Charles F. Hobson, editor.

The grant is to be paid in installments of \$15,000 in 1982, 1983 and 1984, subject to the conditions that there is no diminution in the support of the project by the College and that matching funds be raised from either private sources. Earlier the Cabell Foundation contributed \$10,000 to the project in 1977.

"This grant represents a large step toward insuring the financial stability of the Marshall Papers at least through the mid-1980's," says Hobson. Over the years the College and the National Historical Publications and Records Commission, an agency of the federal government, have been the principal sources of funding for the project, but federal budget tightening may soon cut off assistance from the commission.

"The support from the Cabell Foundation comes at a crucial time in the life of the Marshall Papers," says Hobson. "The potential income from this grant will make up for the loss of federal funding."

To date, three volumes of The Papers of John Marshall have been

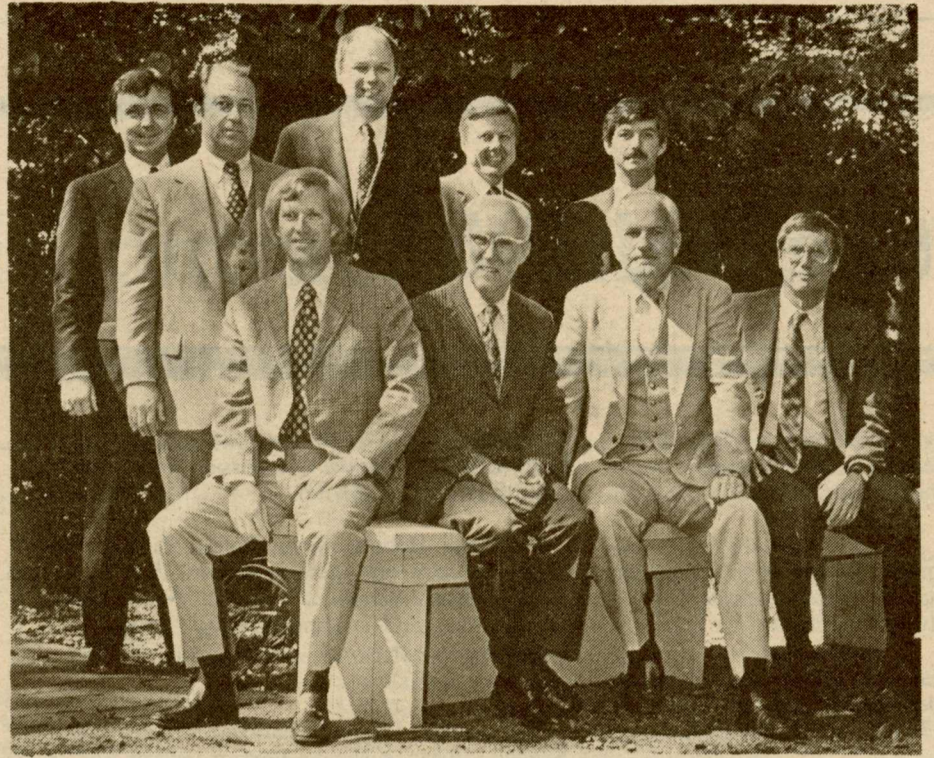

published, covering Marshall's career through 1798. Volume Four, which will take Marshall to the eve of his appointment as Chief Justice of the Supreme Court, is now being copyedited at the Institute before being sent off to the University of North Carolina Press. In addition, a special volume of "The Portraits of John Marshall," has been published as part of this series. The editors are presently working on a volume dealing with Marshall's law practice from 1782 to 1800. The remaining volumes will document his career on the Supreme Court.

Preparation of the papers of the fourth Chief Justice of the United States has been underway since 1966. They include more than 6,000 manuscripts and documents relating to his career. Marshall studied law at the College of William and Mary in 1780 under the direction of George Wythe, a signer of the Declaration of Independence and holder of the first chair of law in North America. Marshall was one of Wythe's early students.

Work at Wolf Trap

Wolf Trap is offering eight-month and four-month internships for students interested in a position as press assistant.

Deadline for applications is Dec. 4, 1981. For further information, stop by The Brafferton, third floor, or call ext. 4354.

Award to Accounting

During a recent on-campus recruiting trip to the College, Peat Marwick hosted a luncheon for several faculty members and presented the school's accounting department with a \$2,500 direct grant from the Peat, Marwick, Mitchell Foundation. Earlier this year, the College also received a \$4,140 check from the Foundation which represented individual matched gifts from Peat Marwick personnel.

Pictured left to right are, seated, Professor James E. Smith, Professor John S. Quinn, Asa L. Shield, Jr., Norfolk office audit partner and college relations partner for the College; Richard H. Seward, III, Richmond office audit partner; standing, Robert G. Dinsmore, Jr., Washington, D.C. office tax partner, L. Glenn Perry, Newark-Short Hills office audit partner, Associate Professor William T. Geary, Wesley P. Johnson, Baltimore office audit partner, and Wesse C. Ranes, II, Washington, D.C. office audit partner.

Handicapped Awareness Day Involves Student Volunteers

How do blind students find their way to class, deaf students "hear" a lecture, or wheelchair riders maneuver through pedestrian traffic?

Other students will find the answers to these questions and learn how they can help others during Handicapped Awareness Day Thursday, Nov. 19.

In a notice to the campus community announcing the event which is being sponsored by the Student Association; Dale B. Robinson, director of Equal Opportunity and Affirmative Action Programs; and Amy L. Jarmon, associate dean of students - two of the organizers - noted that 1981 has been designated by the United Nations as the International Year of Disabled Persons.

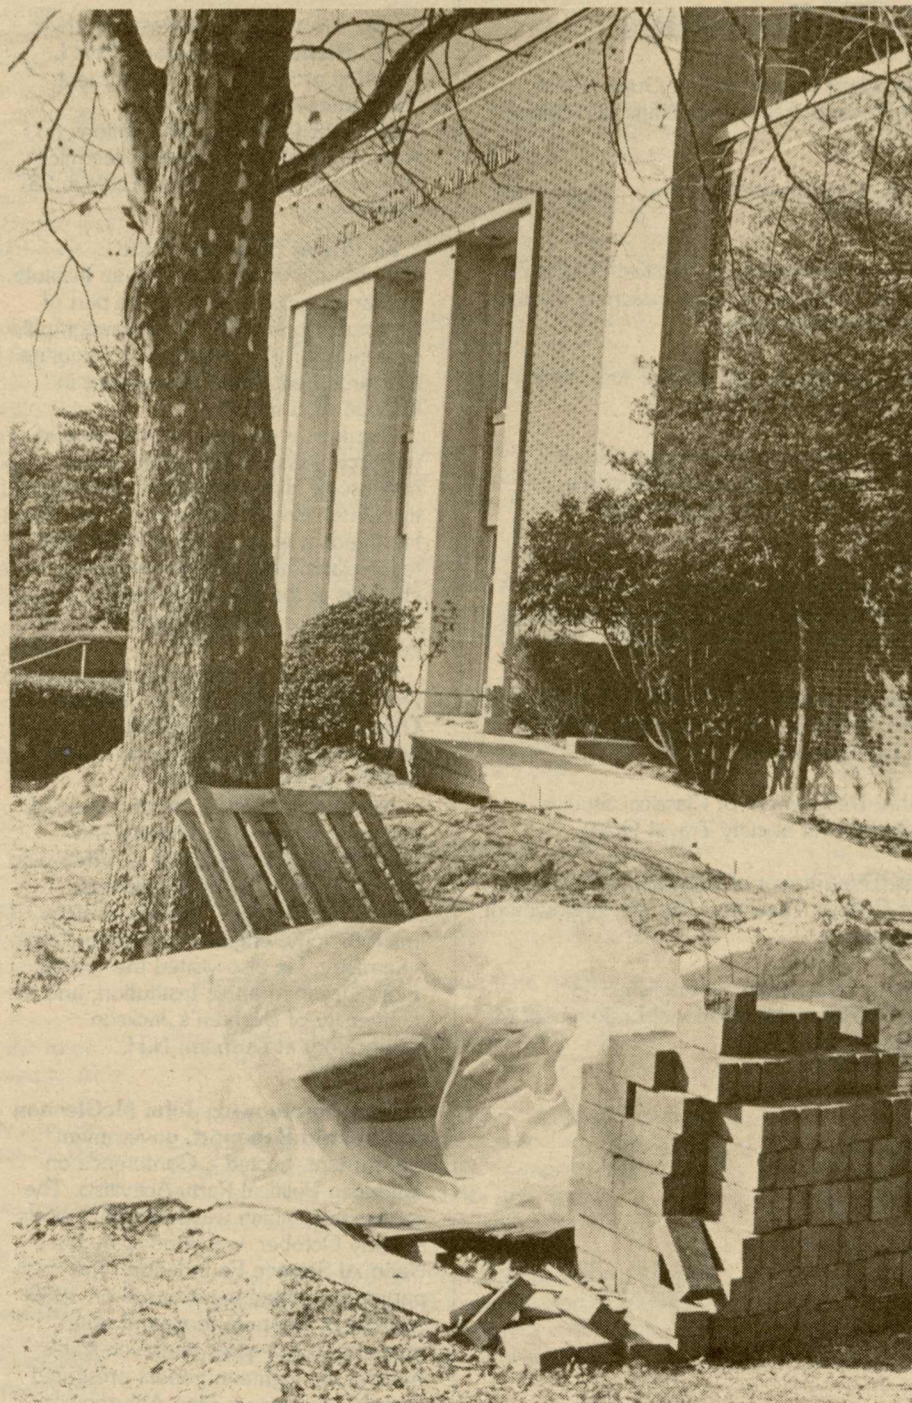

About 35 student leaders will participate in a limited simulation experience during the day. They will don blindfolds, wear ear plugs, or ride in wheelchairs and maintain their class schedules to get an idea of how handicapped students cope with their particular problems.

Following the daytime exercise, a panel discussion will be held at 7:30 p.m. in the College's television studio in Phi Beta Kappa Memorial Hall for simulation participants and handicapped students to discuss their special experiences. This meeting is open to the public.

Sam Portaro, college minister from Bruton Parish Church, will serve as moderator. Members of the panel will include Theresa Carter, a blind student; Brett Leake, a mobility handicapped student; Kevin Doyle, president of the Catholic Student Association; Randolph Beales, president of the Student Association; and Lisa Haverty, vice-president of the SA in charge of cultural events; Robinson and Dean Jarmon.

Following brief presentations by members of the panel, the audience will be invited to join in an informal discussion of handicapped awareness.

The College is currently working on

Phase II of its handicapped accessibility program on campus.

Phase I, which included accessibility to high priority buildings on campus, has been completed, and Phase II, which includes a ramp into Phi Beta Kappa Memorial Hall's main entrance, is underway. Permanent entrance ramps are also being installed at James Blair and Tucker Halls and at the Campus Center, and first-floor rest rooms in these buildings are being adapted for handicapped persons.

An ad hoc committee, composed of student and administration representatives, has been established. Committee members include Portaro, Ron Sequin, St. Bede's; Theresa Carter, Bud Bruscewicz and Lisa Haverty.

At left is the new ramp into Phi Beta Kappa Memorial Hall under construction.

Law Clerk

continued from p.3

because she wanted to do more researching and writing on a regular basis and felt a position with a Supreme Court Justice would allow her to do this.

Vehko says she met and had an opportunity to talk with Justice O'Connor when the former judge came to participate in a law school symposium in Williamsburg last year. "She is an extremely pleasant person," says Vehko, "and a very conscientious one."

"It is a once-in-a-lifetime opportunity," says Vehko, who adds that it will be particularly exciting to be working with a new member of the Court.

Before coming to Marshall-Wythe, Vehko had compiled an impressive academic record. She was elected to Phi Beta Kappa and graduated with distinction. Her undergraduate major was religion. She said she was drawn to study law because she felt it offered work that she would find challenging and interesting for a long time.

'A Change of Pace' Presents Coffee House Setting

If the Book of Lists ever included the hazards of college life, high priority would probably be given to fitting into the pattern of social life with a minimum of anguish.

Most college students, at one time or another during their four years on campus, usually during the first year, come up against the problem of how to meet people and get acquainted when traditional avenues don't accomplish this for them.

"A Change of Pace," is a new idea aimed at the old problem of loneliness.

Jointly sponsored by the Student Association and the Ecumenical Councils, the program is receiving support from the Office of Student Affairs.

The idea was initiated in October with great success. In Tazewell Hall in the new Randolph Residences, tables were set out cafe style with candles on each a la Chowning's Tavern. There was coffee, cokes, cider and hot chocolate to drink, and lots to munch including pretzels, peanuts and potato chips. Chess boards and backgammon boards were available. A member of the Friends of Appalachian Music stopped by and fiddled a few tunes. A group from Kappa Kappa Gamma sorority stopped by to entertain as did a member of "The Dime Slots."

Some people came by for the whole evening, others stopped in for a study break. One student came to write letters.

The next "Change of Pace" is scheduled for 9 - 11 p.m., Thursday, Nov. 19. Everyone is welcome, faculty, students, staff. Entertainment will feature the Botetourt Singers from the Choir.

Evelyn Kirkley from the Baptist Student Union, one of the prime movers in the establishment of "A Change of Pace," explains that the

coffee house idea grew out of a conversation she had this summer with several people including Dean of Students Sam Sadler, that students needed somewhere to get together that was low-key and didn't depend on loud music and alcohol for survival.

She admits that the initial response was far greater than expected. "We thought 50 to 70 people would show up, but we had over 150," she said. "And people seemed to really enjoy it. We want people to feel comfortable coming alone; it's not somewhere you have to bring a date to enjoy. We found people meeting over a backgammon board and seeing people they hadn't talked to since freshman year."

It is not, Kirkley stresses, religiously oriented; there is no attempt to proselytize or espouse any particular belief. It is, she says, a social alternative that won't appeal to everyone but is available for the people who do enjoy it. Kirkley says she wants members of the faculty and staff as well as students to come by both as patrons and entertainers.

"A Change of Pace" planners hope to have several programs next semester and would like to see it get established on a weekly basis next year. There is no cover charge. A 25 cent donation is asked for drinks and munchies are free.

The steering committee for "A Change of Pace," includes Lisa Haverty, SA Vice President for Cultural Events; Tracy McNeil of the Wesley Foundation; Mary Ann Wessbecher of the Catholic Student Association; and Sue Pleasants, Area Coordinator at the Randolph Residences. Volunteers who would like to help with the setting up or planning of "Pace" programs are asked to get in touch with a member of the steering committee.

'A Change of Pace' planners go over the program for Thursday night. Pictured left to right are Tracy McNeil, Sue Pleasants, Mary Ann Wessbecher, Evelyn Kirkley and Lisa Haverty.

Mrs. Banks Wins Recognition For Performance, Attendance

Mrs. Dorothy J. Banks who works at the Marshall-Wythe School of Law building has won the Housekeeping Employee of the Month award for September.

A native of York County who now resides in Highland Park, Williamsburg, Mrs. Banks has been an employee of the College for 18 months. During that time she has amassed not only a number of excellent performance evaluations but also an almost perfect attendance record.

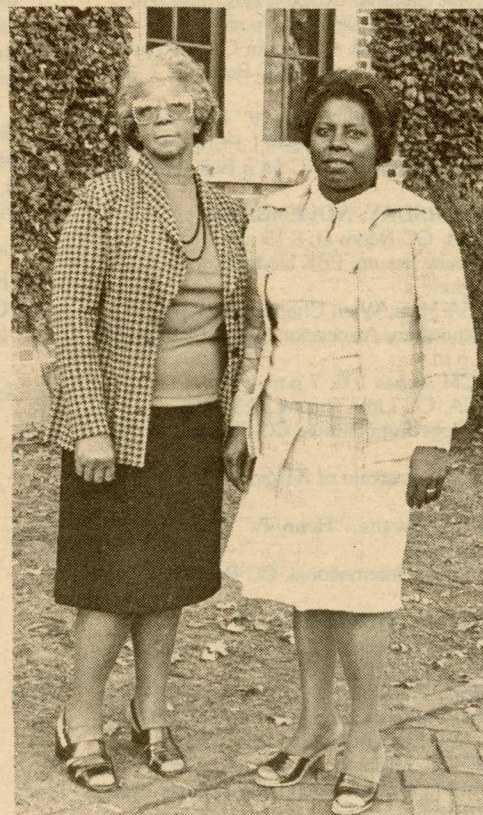

In presentation ceremonies Friday morning in the office of William J. Carter, Vice President for Business Affairs, Mrs. Banks was cited for her initiative on the job, her dependability and loyalty.

Her supervisor, Mrs. Juanita Achols says Mrs. Banks is a "very capable" employee. She adds that she is "easy to get along with and does a lot of volunteer work."

Mrs. Banks is also an active volunteer off the job. She serves as a deaconess at Mt. Gilead Baptist Church in Grove. This keeps her busy visiting the sick and elderly of the church, helping with fund raising projects and membership drives.

Mrs. Banks is a member of the Willing Workers Club of the Church and is a nurse's aide.

When she does have some leisure time, Mrs. Banks likes to read novels and grow flowers. She has one son who is a student at Norfolk State College. He works part time while he is going to school as a laboratory technician at Williamsburg Community Hospital. His career goal is to be an electrical engineer.

Mrs. Banks (L) with her supervisor, Mrs. Juanita Achols

Cloud Novel

continued from p. 3

According to his widow, Cloud wrote "Touch & Die" for the fun of it and as a change of pace project from his scholarly pursuits.

"He enjoyed it enormously - he didn't expect it to become a published book," said Mrs. Cloud. She said she turned it over to his agent, but a publication contract was not settled until after Cloud's death.

"He would read adventure stories for relaxation," explained Mrs. Cloud. It took him about eight months to complete the manuscript, working after hours during his tenure at William and Mary. He is also author of several short stories and a collection of poetry entitled "Figures in the Shadow," as well as many scholarly articles.

Cloud drew from his extensive travels in Europe for the locales in his novel, says Mrs. Cloud. The characters, she said, are composites of many personalities. Mrs. Cloud read galley proofs and was her husband's typist for the book.

Poems to Focus On Human Rights

Amnesty International and the department of modern languages will co-sponsor a reading of Chilean poetry with English translations, at 8 p.m., Wednesday, Nov. 18, in the Spanish House lobby.

Topic of the poems will be human rights. The purpose of the program is to use the poetic medium to highlight the importance of the human rights situation in Chile.

Amnesty International will hold its next regular meeting at 9 p.m., Thursday, Nov. 19, in the Campus Center, room C.

Employment

The following positions at the College of William and Mary are or will be vacant. They are open to all qualified individuals. However, current faculty and classified employees of the College will receive first consideration. Those wishing to apply for these positions should submit their applications to reach the Personnel Office, James Blair Hall, no later than 5 p.m. on the deadline date. The College of William and Mary is an Equal Opportunity/Affirmative Action employer. Accordingly, women, minorities, and the handicapped are encouraged to apply for those positions for which they are qualified.

Inquiries about vacancies should be directed to the Personnel Office between the hours of 8 a.m. and 4 p.m. and not to the department where the openings exist.

***Promotional opportunity only for hourly or classified employees of the College of William and Mary, Virginia Institute of Marine Science.

Moot Court Awards Stay At M-W

continued from p

first place team. A pewter tray, inscribed with the names of the members of the team submitting the best brief was also awarded to the school for one year.

Judges for the final argument were John D. Butzner, Jr., United States Court of Appeals for the Fourth Circuit; Harry R. Carrico, Chief Justice, The Supreme Court of Virginia; Judge Mehrige; and the Hon. James C. Turk, United States District Court for the Western District of Virginia.

The case argued at the competition was "Media Communications of America, Inc., versus Vets for Justice." The main issue of the case was whether a war hero has a "right of publicity" that survives his death; and whether First Amendment considerations overcome the assigned publicity rights.

The regional moot court competition was sponsored by the Young Lawyers Section of the Virginia Bar Association, the Association of the Bar of the City of New York and the American College of Trial Lawyers.

Faculty advisor to the Marshall-Wythe moot court teams is John Pagan, professor of law.

The regional competition is usually held in Richmond, but because of the facilities available in the new law school building at William and Mary, the competition was moved to Williamsburg this year. The final round Sunday afternoon was held in the moot court room.

Published weekly by the Office of University Communications during the academic year, except when the College is in recess, and twice each month in June, July and August.
