1982 Festival Expands Educational Opportunities

After four successful seasons entertaining the theatre public, the Virginia Shakespeare Festival is expanding its educational opportunities for both the community and students.

Anderson Wins Jamestown Prize

Fred W. Anderson, lecturer in history and literature at Harvard University, has won the 1982 Jamestown Prize offered by the Institute of Early American History and Culture at the College for a book about the lives of American soldiers at war in the Massachusetts Colony during the 18th century.

The award, which includes a \$1,500 cash prize as well as publication by the Institute, is given annually for the best book-length, scholarly manuscript on Early American history. The Institute is co-sponsored by the Colonial Williamsburg Foundation.

Anderson's manuscript, entitled "War and the Bay Colony: Soldiers and Society in Massachusetts during the Seven Years' War, 1754-1763," is a revealing study of the wartime experiences of Massachusetts troops recruited to fight against the French and their Indian allies in the "Great War for the Empire."

By making use of muster rolls and enlistment records surviving from the period, Anderson was able to reconstruct the social backgrounds of these provincial citizen-soldiers, whose unprofessionalism was generally looked upon with contempt by the British redcoats who fought by their side.

From diaries, letters and journals, Anderson was able to recreate the attitudes and daily experiences of the American troops, a subject never before given close study.

Anderson's book will be published for the Institute by the University of North Carolina Press. Since 1947, the Institute of Early American History and Culture has published over 100 books.

The author is a native of Omaha, Neb., and received a bachelor's degree from Colorado State University in 1971 and a doctoral degree from Harvard in 1981. He served as a first lieutenant in the Army Signal Corps, 1973-75.

The Jamestown Prize is funded by the Jamestown-Yorktown Foundation, the University of North Carolina Press and the Institute's two sponsors, the College and the Colonial Williamsburg Foundation.

The prize-winning manuscript was chosen by a distinguished committee of historians drawn from the Institute's Advisory Council. Chairperson of the committee is Dr. Louis Green Carr, historian at the St. Mary's City Commission in Annapolis, Md. Other members of the committee are Richard L. Bushman of the University of Delaware and Gordon S. Wood of Brown University.

"It was our original intent that once the Festival was healthy and strong enough economically, we would expand into other areas such as developing our educational mission," says Richard Palmer, general manager of the Festival. "We hope that the Virginia Shakespeare Festival, in the years to come, will be both a source of entertainment and education."

For the first time since its founding, the Festival will offer a new non-credit course entitled "Enjoying Shakespeare" through the College's Office of Special Programs. The course is open to the public for a fee of \$25, or \$20 for senior citizens. The course will meet Tuesdays from 6:30-8 p.m., in the Dodge Room of Phi Beta Kappa Memorial Hall on campus, beginning July 13.

The course fee includes season subscriptions to the Festival. For those who have already purchased season tickets, the fee is \$8, or free to senior citizens. Advance registration is required.

Palmer will lead pre-production and post-production discussions of each play. The focus of discussion will include topics such as Shakespeare's distortion of historical material, the actor's approach, stage combat, and scenery, lighting and costume design.

For students enrolled in the College's regular summer session, a credit course entitled "Staging Shakespeare" will be taught by Louis E. Catron, professor of theatre and speech, during the second five-week summer session July 12-Aug. 13.

continued on p.4

Robb's Fellows Are Selected

Three William and Mary students are among the 15 college students named by Governor Charles Robb to serve summer internships in the Executive Department under the new Governor's Fellows Program.

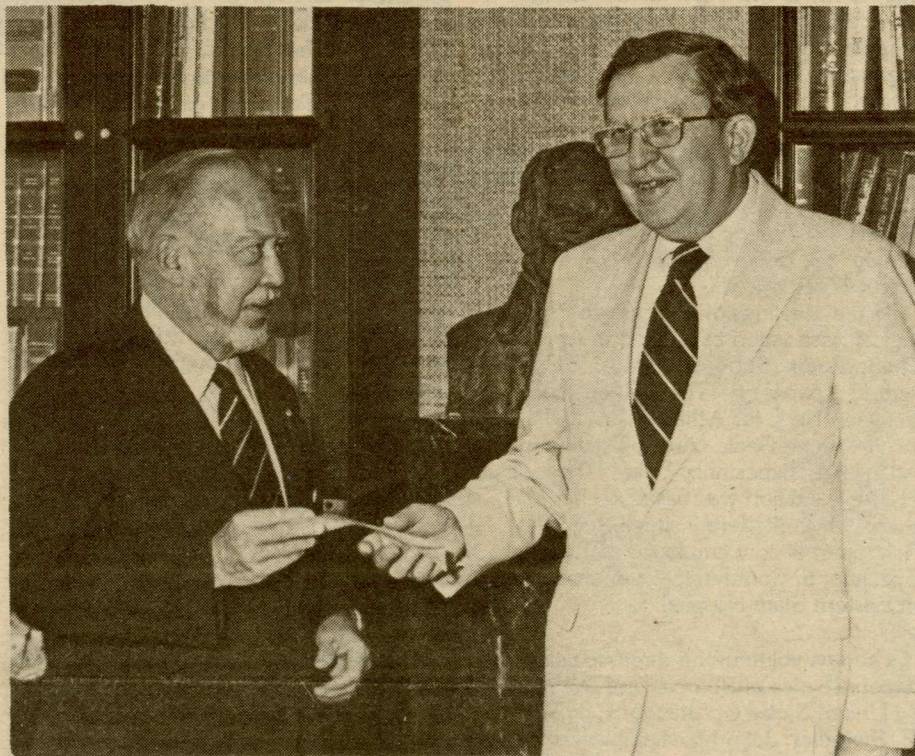

The interns have been assigned to offices in Richmond and will work during June and July. No state funds are involved and the living expenses will be defrayed by their schools.

The students were selected by President Graves, Paula Brownlee, president of Hollins College; Robert Huntley, president of Washington & Lee University, and Edgar Toppin, a history professor of Virginia State University.

Randolph Beales '82, from Mecklenburg County, is working in the Office of the Secretary of Education.

Kimberly Grawe, a graduate student working at VIMS, is working in the office of the Secretary of Commerce and Resources.

Jennifer Ricketts '82, of Richmond, is working in the office of the Secretary of Human Resources.

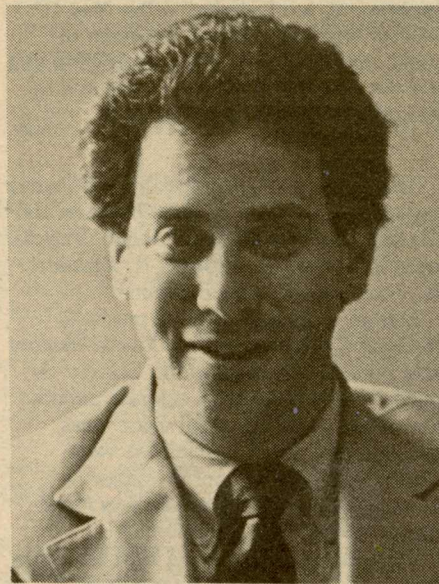

First Installment

William B. Spong, Jr., dean of the Marshall-Wythe School of Law at the College of William and Mary (right) receives a check for \$250,000 from Washington, D.C. attorney Arthur B. Hanson, one of the trustees of the Alfred Wilson Lee and Mary I.W. Lee Memorial Trust. The check is the first annual installment from the Lee Trust of a grant totaling \$1.75 million to be given to the College over the next seven years to establish and support an Institute of Bill of Rights Law at Marshall-Wythe.

According to Spong, the Lee Trust grant, the largest single gift ever made to the College, will be used to fund additional professorships in constitutional law, legal history and media law. In addition, he said, the law school will work toward becoming a national center and resource for the study and research of constitutional problems related to the First Amendment and media law.

Lowry New Museum Director Will Begin Work September 1

Glenn Lowry

Glenn D. Lowry, Curator of Oriental Art at the Rhode Island School of Design, Providence, R.I., has been appointed Director of the Joseph and Margaret

Muscarella Museum of Art. He will assume the post September 1.

The Muscarelle Museum, currently under construction at the College, is expected to open in 1983.

Lowry, 27, is a magna cum laude graduate of Williams College, where he received a bachelor's degree in 1976, and holds a master's degree from Harvard University, where he will finish his doctorate degree in fine arts this summer. His academic specialty is Islamic and Indian art and architecture.

He has taught at both Harvard and Wellesley College and has been assistant curator of Islamic art at the Fogg Art Museum at Harvard.

In addition, Lowry has published widely on Islamic and Indian art.

Lowry was selected from some 70 applicants by a college-wide search committee which included Miles Chappell, professor of fine arts and chairman of the department; William Barnes, associate professor of fine arts; James Kornwolf, professor of fine arts; Hans von Baeyer, professor of physics; and James C. Rees, former director of capital support.

Newsmakers

Bartlett Theberge, associate professor of marine science, was an invited speaker at a recent meeting of the American Fisheries Society on May 27-28, 1982 in Fredericksburg, Virginia. He presented a paper entitled "Legal Aspects of Chesapeake Bay Fisheries -- Perspectives for the Future."

An essay by **R.J. Scholnick**, professor of English, entitled "Between Realism and Romanticism: The Curious Career of Eugene Benson" appears in the Autumn 1981 number of *American Literary Realism*.

Virgil McKenna, professor of psychology, spoke to the Departments of Psychology and Social Services at Eastern State Hospital on May 14 on "Style and Expression in Personality". He discussed research on the psychology of clothing conducted in collaboration with undergraduate and graduate students: **Kathy Angle '80**, **Kathy Burke '80**, **David Dennie '79**, **Susan Harris M.A. cand. '82**, **Carol Morris '80**, **Nancy Read '79**, **Mary Sibley '82**, **Robert Vollrath '79**, and **Daryl Wedding '80**.

At the meetings of the Eastern Psychological Association in Baltimore, April 15, **Daina Paupe Schoppert**, M.A. '81, presented a paper on "The relationship between Need for Achievement and Achievement Goals: An Application of Atkinson's 'Expectancy-Value' Theory". Her presentation was based on her M.A. thesis which McKenna supervised. Ms. Schoppert is now employed as Research Specialist in Community Support Service at Eastern State Hospital.

The first volume of a three-volume *Second Series of Sources and Documents of United States Constitutions*, by **William F. Swindler**, John Marshall professor of law emeritus, has just been published by Oceana Publications of New York. It includes documents from 1492 to 1800 supplementing the state constitutional collections in the ten-volume first series. The other two volumes of the new series will cover the nineteenth and twentieth centuries.

Robert W. Middleton, a marine science doctoral candidate presented a paper "Contingency Mapping of the Shorelines of Maryland, Virginia and North Carolina in the Event of Oil Spills" during meetings of the Society of Wetlands Scientists held in Wrightsville Beach, N.C. on May 18, 1982. The paper was co-authored by **Ms. Ann H. Rooney-Char**, instructor in marine science, and marine science graduate students **Ms. Alyce D. Thompson** and **Ms. Jean M. Baker**.

Robert J. Orth, assistant professor of marine science, and **Mr. Kenneth A. Moore**, associate marine scientist, presented a paper on the importance of fertilizing transplanted eelgrass to the Wetlands Restoration and Creation 9th Annual Conference, held in Tampa, Florida, May 20-21, 1982.

While in Florida, the wetlands scientists also observed a large seagrass transplantation experiment in Miami and attended a seagrass conference at Harbor Branch Foundation facilities in Fort Pierce.

Five members of the VIMS wetlands research group attended recent meetings of the Atlantic Estuarine Research Society held in Baltimore, Maryland. Four presented research papers.

Gene M. Silberhorn, associate professor of marine science described the reproductive process of eelgrass (*Zostera marina*) in lower Chesapeake Bay. The paper was co-authored with **Kenneth A. Moore**, associate marine scientist, and **Robert J. Orth**, assistant professor of marine science.

Graduate Student Going to UN Seminar

Giovanna M. Cinelli of Tallahassee, Fla., a graduate student in government at the College of William and Mary, has been selected to participate in the 20th Graduate Study Program organized by the United Nations Information Service in Geneva, Switzerland, July 12-29.

Miss Cinelli, who will receive a master of arts degree with high honors in government in August, is the first William and Mary student ever to be selected for the program. She says she was philosophical about her chances when she applied.

"I just figured I was investing a stamp, but what a shock when I heard I had been accepted."

Miss Cinelli speaks fluent French and Italian. Her thesis topic, which may have helped her win a spot in the summer program in Geneva, is on the characteris-

Miss Cinelli

tics that determine policy in the 25 cantons or states in Switzerland. Her work follows two similar studies, one on West Germany by Robert Rickards, acting assistant professor of government; and one on Japan, a master's thesis by Michael J. Gresalfi, who graduated in May.

Miss Cinelli will leave for Geneva July 8. Before her departure she plans to take the LSAT entrance examination for law school and would like very much to be able to start law school in the fall. She has applied to the Marshall-Wythe School of Law at William and Mary and is particularly interested in the field of international law.

Miss Cinelli received a bachelor's degree with honors in political science and French from Loyola College, Baltimore, Md., and received high honors in government for a special study she undertook at Harvard University in 1980.

'Lubbers Lectures Continue at VIMS

The Oceanography for Landlubbers series of films and lectures, offered by the VIMS-Sea Grant Marine Education Program will continue throughout the summer.

Programs are held at the VIMS Byrd Hall Conference room on the first Wednesday of each month at 7:30 p.m.

For details on any of the programs, please call Mary Sparrow, 642-6131, ext. 291 or the Sea Grant Marine Education Center, ext. 298.

The next program will be held July 7 and will focus on scientific coordination for oil and hazardous material spills. Ms. Ann Hayward Rooney-Char, scientific support coordinator, U.S. Coast Guard for oil and hazardous materials spills, will present a slide-illustrated talk on the ways in which the federal government responds to spills in the nations coastal waters and the role of scientific information in those response efforts.

James W. Oberly, Library Assistant in the College Archives, defended his doctoral dissertation in history at the University of Rochester on May 14. The title of his dissertation is "Acres and Old Men: Military Bounty Land Warrants, 1847-1860." His article "Military Bounty Land Warrants of the Mexican War" appears in the Spring, 1982 issue of *Prologue*.

Results of Virginia voters directed by **John McGlennon**, **Alan Abramowitz** and **Ronald Rapoport** of the government department, are included in the May 10 issue of *Opinion Outlook*, a survey of public opinion trends affecting government and the economy which is distributed by the publishers of *National Journal*.

The impacts of a dredged hole on water quality and benthos in the Albemarle and Chesapeake Canal, Great Bridge, Virginia, were described by **Thomas A. Barnard, Jr.**, instructor in marine science.

School of Marine Science graduate students **Clifford Ryer** and **Laura Murray** also presented papers to the Society. A paper "Micrograzine on eelgrass periphyton: implications for plant vigor" was presented by Ryer. Co-authors were **Robert J. Orth**, assistant professor of marine science, and **Jacque Van Montfrans**, assistant marine scientist.

Nutrient enrichment and light reduction effects in "Zostera marina epiphytic growth" was presented by Murray. Co-author was **Richard L. Wetzel**, assistant professor of marine science.

Walter Priest, assistant marine scientist engaged in wetlands research at VIMS, also attended the meetings.

Deadlines Announced for ACLS Grants

Deadlines have been announced for fellowships and grants offered by the American Council of Learned Societies.

September 30 is the application deadline for research fellowships for recent recipients of the Ph.D., and fellowships for studies in modern society and values.

Grants-in-Aid for significant humanistic research in progress must be filed by Dec. 15.

A Dec. 1 deadline has been set for applications for grants both pre-doctoral and post-doctoral research in Chinese studies; grants for East European studies and the post-doctoral grants for young China scholars for a full year of language training in Asia or to research an advanced study in this country or abroad.

continued on p.4

Researchers Receive \$140,000

More than \$140,000 has been awarded in recent grants to researchers.

The Chesapeake Corporation has awarded \$2,445 for research on two eighteenth century sites, Warreneye Church and the Old Stage Road, in order to interpret these sites to the public.

Norman Barka, professor of anthropology, will be principal investigator. The research results will be used as interpretative data along a proposed extension of an existing nature trail.

Carl Andersen, senior research associate, department of mathematics and computer science has received a grant award of \$39,960 from the National Aeronautics and space Administration for work on a tire nonlinear model. This grant brings to \$186,935 in grant awards for this project. Andersen is seeking to develop finite element computer programs for calculating the deformation of an aircraft tire under specified loadings.

A grant of \$39,000 has been awarded by the National Science Foundation for work being undertaken by **Charles F. Perdriat**, professor of physics. Investigations in nuclear experimental physics will be carried out in three different directions. All three directions have in common an effort to gain understanding of simple and basic reaction mechanisms involving intermediate energy projectiles and the nuclei of very light elements, like the hydrogen and helium isotopes. Research will be conducted at accelerators in the United States and in Canada.

Research towards the preparation of chemical intermediates of interest to Mobil Chemical Company will be supported by a Company grant of \$17,000. Principal investigator will be **Trevor B. Hill**, professor of chemistry.

John B. Delos, associate professor of physics has received a grant of \$43,256 from the National Science Foundation for continuation of his research into how chemical reactions occur, by studying the

simplest binary collisions involving atoms, molecules or electrons. To date, NSF has made grant awards totaling \$84,271 for this work.

Howard L. Elford, senior biochemist, Virginia Associated Research Campus, VARC, spoke to the Engineers Club of Richmond, in Richmond, June 2 on the search for cancer drugs.

Elford is currently working jointly with **Barvant Riet**, Ph.D. and **Galen L. Wampler**, M.D., who are associated with the Medical College of Virginia.

Victor Goldsmith, a former associate professor of the College's marine science faculty who now serves on the University of South Carolina faculty, and **Mr. Dan Bowman** of Ben Gurion University of Negev in Israel also served as co-authors of the work.

Kevin Kiley, instructor in marine science, has co-authored a paper, "Sequential Stage Development of Crescentic Bars: HaHoterim Beach, Southeastern Mediterranean," published in the March, 1982 issue of *Journal of Sedimentary Petrology*. The article deals with the development of sand bars in response to wave action at HaHoterim beach in northern Israel. Kiley reduced and analyzed the water wave data as his contribution to the study.

Bland Scholar

Edward W. (Sunny) Cameron of Hopewell, who will be a student at William and Mary in the fall, topped his many honors received during two years at Richard Bland College with recognition as its valedictorian at Friday's Commencement.

Son of **Lewis and Jean Cameron**, 4021 Cameron Road, Hopewell, he completed academic work with 3.96 out of a possible 4.0. As newly elected president of the graduating class, he presented the class gift, a large banner for use in the gym.

Wynn Awarded Employee Prize

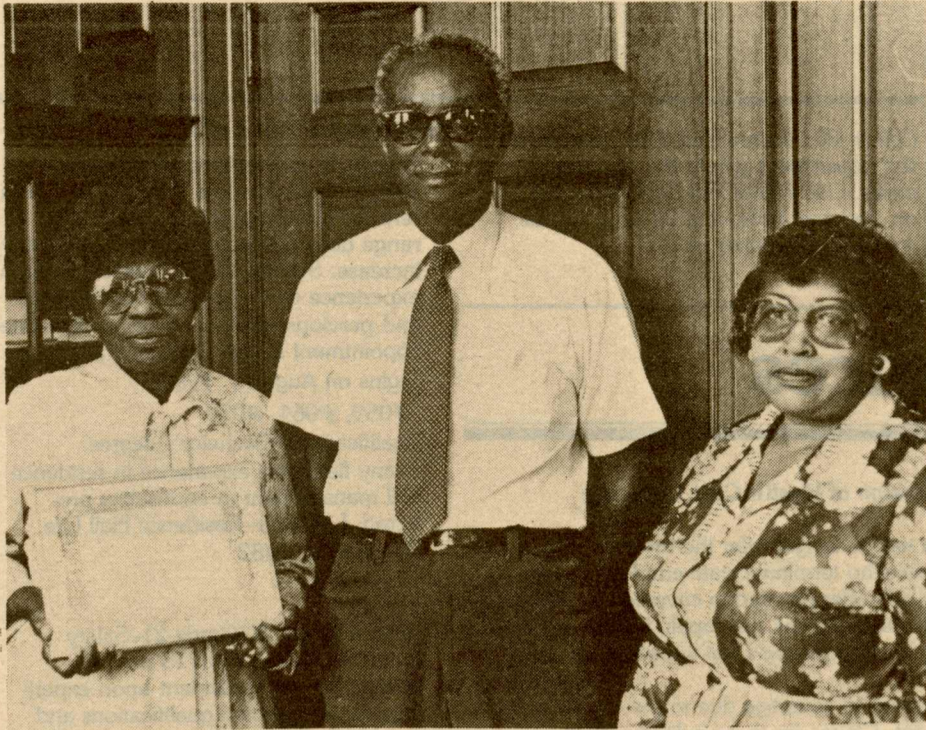

Mrs. Sarah Helen Wynn, one of the first persons to receive a Housekeeping Employee of the Month award after the program was initiated in March, 1979, has been awarded her second certificate as top employee for the month of May.

Mrs. Wynn, who works at Phi Beta Kappa Memorial and Andrews Fine Arts Halls, received her first award in August 1979, the sixth person to receive that honor.

Mrs. Wynn is also continuing to work a unique record. When she was first honored in 1979, she had an excellent attendance record and had to her credit 1800 hours of sick leave. As of June 1 that total has risen to 2,125. Calculating a 52-week year of work, 40 hours per week, Mrs. Wynn has over one year of credit. Employees are permitted to collect 25 percent of those sick leave hours in cash upon retirement.

Mrs. Wynn has been an employee of the College since 1951. She has worked in James Blair and Old Dominion Halls.

She is a member of Pride of Grove Eastern Star Chapter 181 and the Shiloh Baptist Church.

Mrs. Wynn (L) and her supervisor, Mrs. Wallace, pose with Executive Housekeeper Ernest Boyce at presentation ceremonies.

Mrs. Wynn has served as Past Daughter Ruler, a member of Leading Light Council, past State President of Colonial Temple 380, I.B.P.O.E. of W. Elks and was master sergeant of Old Capitol Lodge Male and Female Marching Unit.

She has three sons, Raymond, Roger and Horace, and one daughter, Joyce Wynn.

Mrs. Wynn was recommended for the award by her supervisor, Mrs. Mary Wallace.

"She is a very dependable worker, always pleasant, someone I don't mind asking to do a job. She has that same smile no matter what it is she is asked to do. She takes pride in her work. She's the person you can depend on to work in another area if she is needed," says Mrs. Wallace.

At the presentation ceremonies in the office of William J. Carter, Vice President for Business Affairs, the award was given to Mrs. Wynn by Ernest Boyce, executive housekeeper.

Mrs. Wynn is a native of James City County but has lived most of her life in Williamsburg.

Notebook

Library Hours Summer School

Through Friday, August 13:
Monday through Thursday -- 8 am-10 pm
Friday - Saturday -- 8 am - 5 pm
Sunday -- 1 pm - 10 pm

Swim Camp

Keith Havens and Dudley Jensen, swim coaches, will direct two one-week sessions of the Indian Swim Camp this summer.

The first session will be held from June 21-25, the second from June 28-July 2.

Fee per swimmer is \$100 per session which includes lunch each day.

This day camp for competitive swimmers age 9 through junior high school, features stroke work and drills in all four competitive strokes, turns and starts, daily videotaping, instructional films and lectures, and individualized stroke analysis and evaluation.

Swimmers will be grouped by ability and will spend about four hours each day in the pool or on the pool deck.

Further information concerning the camp and registration details may be obtained by calling the Office of Special Programs, 877-9231, ext. 62.

Surplus Sale

Fiberglass boats, pickup trucks, office furniture, outboard engines, typewriters and a host of other surplus goods will go to the highest bidders on June 23, when the Virginia Institute of Marine Science holds its first general surplus property sale.

The equipment to be auctioned has been used in Virginia's marine science program, according to A.N. "Bud" Davenport, VIMS property administrator.

An auctioneer from the State's Department of General Services will conduct the sale on a VIMS parking lot at Gloucester Point, beginning at 10 a.m. All items will be presented for inspection from 8 a.m. until the auction convenes.

Davenport may be reached at VIMS, telephone 642-2111, ext. 141, for additional information.

All sales are final.

The Conflict of Interest Act passed in 1970 Virginia General Assembly, prohibits any employee, spouse or relatives residing in your household to purchase property belonging to the agency by which you are employed. As VIMS is a part of William and Mary, this restriction applies to the upcoming sale.

Help Needed

Immediate assistance is needed for handicapped students at the College. If you are interested in volunteering as a reader or escort, please call Dean Jarmon's Office (ext. 4581) for more information.

Pools Open

Blow Gymnasium, including the pool, and the pool at Adair Gymnasium, will be open for students during the Summer Sessions, through August 13.

Students must have valid college summer I.D.'s to be admitted. Guests can be signed in, but must be accompanied by a student.

Hours of operation are Monday through Saturday, 1 p.m. through 7 p.m. for Blow Gym; Blow Pool will be open 1 p.m. through 5:30 p.m., Monday through Saturday and Adair Pool will be open Sunday through Friday, 6 p.m. through 9 p.m.

Dissertation Defense

Donald Sweig will defend his dissertation on "Northern Virginia Slavery: A Statistical and Demographic Investigation," at 1:30 p.m., Monday, June 14 in the Blue Room of the Wren Building.

Society Fetes Elderhostlers

President Graves chats with members of Elderhostel who are visiting on campus this week. The occasion was a wine and cheese reception at the Alumni House, hosted by the Society of the Alumni on Monday evening. Participants in the Elderhostel Program representing several states and Canada are attending classes given by Robert Hanny, School of Education, Tom Marshall, Colonial Williamsburg Foundation, and Robert Scholnick, department of English. The schedule also allows time for sightseeing and entertainments during the week. Elderhostelers arrived Sunday and will leave on Saturday. Arrangements for the program are being handled on campus through the office of Linda Collins Reilly, Associate Vice President for Academic Affairs, and Ken Smith, Associate Dean of Students for Student Activities and Organizations. The second and final session of Elderhostel for the summer begins on Saturday.

Dr. Shield Dies In Richmond

Dr. James Asa Shield, Sr., 80, first physician in Virginia to be certified in psychiatry and neurology and a former member of the Board of Visitors of the College, died May 19 in a Richmond Hospital.

Dr. Shield, who lived at Fullstream Farm in Richmond, came to the area in 1930 as an associate of Dr. Beverly R. Tucker at what was then Tucker Sanatorium and later Tucker Hospital, Inc. Dr. Shield served as president of the hospital from 1959 until 1969 and retired in 1976.

Born in Hampton, he was a Phi Beta Kappa graduate of the College and a 1926 graduate of the Medical College of Virginia. He served two terms on the College's Board of Visitors and was a former president of the MCV Alumni Association.

He was a pioneer in the study of nutrition and diseases caused by nutritional

deficiencies and also had been interested in multiple sclerosis. He had published numerous scholarly articles on both topics in journals in his field.

Funeral services were held May 22 in Second Presbyterian Church in Richmond with burial in Hollywood Cemetery. The family requested that in lieu of flowers contributions be made to the William and Mary Endowment Fund.

Speech Noted

The June 7th issue of U.S. News and World Report includes an excerpt from the commencement speech of Gary Trudeau, creator of the cartoon "Doonesbury," - in its roundup of advice to the class of 1982.

The magazine found that growing concern about economic troubles around the world and the threat of nuclear war were two major areas that speakers included in their addresses.

Report Available

The College's Affirmative Action Advisory Committee has completed and transmitted its final Report to the President. The President has in turn distributed copies of the Report to the members of the President's Advisory Council. Other members of the College community may obtain a copy of the Report from Dale B. Robinson, Director of Equal Opportunity and Affirmative Action Programs, by calling extension 4651.

Employment

The following positions are open to all qualified individuals; however, current faculty and classified employees will receive first consideration. Except where noted, inquiries and applications should be made at the Personnel

Office, 201 James Blair Hall, and not at the department where the opening exists. Call 229-JOBS (229-5627) for an updated listing and 24-hour service. An EEO/AA employer.

RESIDENCE HALL COORDINATOR

(Grade 4)--Salary range \$9,374 to \$12,797 per year less \$26.75 per month rent for furnished apartment. Salary range does not include July 1, 1982 pay increase. Starting salary dependent upon experience or exceptional qualifications and previous salary level of the appointee. Appointment to the following positions begins on August 1, 1982.

#059, #064, #070

Qualifications--Bachelor's degree in any field plus experience in residence hall management or counseling preferred. Location--Residence Hall Life. Deadline 6/15/82

CLERK TYPIST B (Grade 2)--Salary

range \$7,838 to \$10,715 per year. Starting salary dependent upon experience or exceptional qualifications and previous salary level of the appointee. #516 Qualifications--High school graduate preferred with clerical experience. Experience in accounting or book-keeping preferred. Demonstrated ability to type required. Location--Residence Hall Life. Deadline--6/15/82

COLLEGE HOSTESS B (Creative Arts

House Director) (Grade 2)--Salary range \$5,878 to \$8,036 per nine-month school year less \$26.75 per month rent for furnished apartment. Salary range does not include July 1, 1982 pay increase. Starting salary dependent upon experience or exceptional qualifications and previous salary level of the appointee. Position appointment begins on August 15, 1982 and extends for nine months. #414 Qualifications--Bachelor's degree preferred in any field. Experience in residence hall management or counseling and an interest in the arts is important. Location--Residence Hall Life. Deadline--6/30/82

COLLEGE HOSTESS B (Fraternity Com-

plex Director) (Grade 2)--Salary range \$5,878 to \$8,036 per nine-month school year less \$26.75 per month rent

for furnished apartment. Salary range does not include July 1, 1982 pay increase. Starting salary dependent upon experience or exceptional qualifications and previous salary level of the appointee. Position appointment begins on August 15, 1982 and extends for nine months. \$412 Qualifications--Bachelor's degree preferred in any field. Experience and interest in residence hall management or fraternity affairs is important. Location--Residence Hall Life. Deadline 6/30/82

WATCHMAN A--Unclassified, part-time (2 vacancies) \$3.45 per hour. Ability to read, write and follow oral and written instructions. Incumbent is responsible for checking the security of Institute buildings and grounds at 4:30 p.m. and 11:00 p.m. on weekdays, holidays and weekends. Incumbent is required to open the exhibit room at 8 a.m. and shut it at 4:30 p.m. on holidays and weekends only. Location--VIMS (office of the Director of Buildings and Grounds). Deadline 6/16.

The College of William and Mary is committed to the principle of equal opportunity in the employment of faculty, administrators, and non-academic personnel. This policy was adopted by the Board of Visitors on April 28, 1978, in accordance with The College Affirmative Action Plan, and is effective July 31, 1978.

Grants

continued from p.2

Subject to funding, the ACLS will offer grants for East European Studies at the post-doctoral level.

Programs administered by the Social Science Research Council will include grants for post-doctoral research relating to Africa, Japan, Korea, Latin America and the Caribbean, the Near and Middle East, South Asia and Southeast Asia. Pre-doctoral fellowships for training and research are also available. Requests for information regarding these programs should be addressed to the Social Science Research Council, Office of Fellowships and Grants, 605 Third Avenue, N.Y., 10016.

Those interested in any of the ACLS programs should ask for bulletin M-28-1 in the Office of Placement, Morton Hall 140.

Festival

continued from p.1

Students will hear presentations by directors, designers and actors from the Festival. There are no prerequisites for the course. Application details may be obtained from the Office of the Registrar at the College.

For all playgoers, the Festival will again offer informal audience discussion sessions after each Wednesday performance. Directors of the plays and selected cast members will participate in the question-and-answer sessions.

Also as in past years, the Festival will give two Sunday matinee performances especially for children. After the full-length performance, company members will give children backstage tours Aug. 1 following a performance of "The Merry Wives of Windsor," and Aug. 15, after "All's Well That Ends Well."

Even the actors themselves are involved in the new educational thrust of the 1982 Festival. For the first time, actors will attend company classes during the Festival's six-week run, to be taught by members of the group who will share their particular specialties.

Palmer also plans to shoot an educational videotape on this season's Festival, which can be used for future lectures and courses.

Personnel Notices

Discontinuance of Three-Month Extension of Health Care Coverage

Effective July 1, 1982, the State of Virginia will no longer offer the three-month extension of health care coverage to employees who terminate state employment on or after that date. Blue Cross and Blue Shield will offer non-group coverage to these individuals. If an employee's last workday is in June, he/she may apply for the three-month extension of coverage; however, if an employee's last workday is in July, the three-month extension is not available.

The State decided not to continue the extension of coverage due to the excessive number of claims filed on terminated employees. Claims for these individuals far exceeded the premiums collected.

Observance of Independence Day

Independence Day, July 4, is a legal holiday for permanent classified employees. Since this date falls on Sunday in 1982, it would normally be observed on Monday, July 5, 1982. However, classes will be in session on that day and normal services must be maintained. The responsibility for maintaining the services rests with the department head. It is not a decision to be made by the employees of the department.

A leave slip should be submitted to the Personnel Office for any permanent classified employee who takes the holiday. Permanent classified employees who are required to work on this holiday are urged to take the compensatory leave earned as soon thereafter as possible in order to avoid excessive leave accumulation. Hourly employees who work on this holiday will be paid at their regular rate.

The Virginia Institute of Marine Science will observe this same holiday schedule and procedure.
