John Randolph Returns As New Athletic Director

John H. Randolph, 43, is back on campus as the new athletic director for men.

The former track coach replaces James Copeland who left to go to the University of Utah.

Randolph comes to Williamsburg from Florida where he was Director of Sports Development for the Governor's Council on Physical Fitness and Sports.

"John Randolph is ideally suited to be William and Mary's athletic director," said President Verkuil in announcing the appointment following the Board of Visitors meeting here Aug. 2. President Verkuil said he enthusiastically recommended the appointment which had also received the approval of the Board. He added "He has the experience and dedication necessary for the task. As a graduate and one of the most successful coaches in William and Mary history, he understands how to compete and win in the context of the high academic standards for which the College is known."

Randolph had been named in June to direct the Governor's Council in Florida. Prior to that he had been head track and cross country coach at the University of Florida at Gainesville since 1979, and had amassed considerable experience in athletics management.

WRITING 101 EXEMPTION EXAMINATIONS WILL BE GIVEN ON THE DATES BELOW:

August 26, 10:15-1:15, Small Hall, Room 113.

August 30, 6-9 p.m., Tucker Hall, Room 120, (The Moot Court Room).

From 1980 to 1984, Randolph served as chairman of The Athletics Congress, which is country's national governing body for track and field of the Men's Olympic Development program for the 1984 Olympic Games. In that post, he led a committee of 60 coaches and track and field experts and administered a \$1.5 million budget for the four-year period. He was recently reappointed chairman of the program for track and field for the 1988 Olympic Games.

Prior to his work with the Athletics Congress, Randolph chaired the leadership and control body for collegiate track and field competition, the NCAA Track and Field Sports Committee, from 1977 to 1980.

Randolph served with the United States Marine Corps as an infantry and operations officer from 1964-67. He was assistant track and cross country coach at the College and lecturer in physical education from 1967-68, then held the head coach position from 1968-76. He holds an undergraduate degree in history from William and Mary and received a master of education degree from the College in 1968.

At William and Mary, Randolph's teams won a total of 45 championships, including all but one Southern Conference and Virginia Intercollegiate championship in cross country, indoor and outdoor track. He coached 11 All-Americans at the College, including three NCAA champions and four USA National team members.

After leaving William and Mary, Randolph served as head coach and cross country coach at the United States Military Academy at West Point until 1979.

HELP!

In anticipation of automating the circulation process during the school year, the staff of Swem Library has begun applying bar code labels to each circulating item. More than 500,000 items need to be labeled. The Library needs volunteers from the College community to assist in the project.

If you can donate an hour or so on any day, please call 4019 or stop in Bibliographic Services on the first floor. A 15-minute explanation of the labeling process will be given in the lobby of Swem Library on Thursday, August 15, at 10:00 a.m.; Friday, August 16, at 9:30 a.m.; and Monday, August 19, at 1 p.m. Attendance at a session is NOT a prerequisite for assisting.

During August when more items are on the shelves, library staff will work each day, including weekends when the library is closed. Please call or stop in if you can help.

Faculty Meeting Sept. 3

President Verkuil has announced that the annual college-wide faculty meeting will be held on Tuesday, Sept. 3, in Millington Auditorium, at 3:30 p.m.

New members of the Faculty of the College will be introduced to their colleagues. (Background information will be distributed in advance of the meeting in order to keep introductions by the Provost brief.)

The academic deans will report on the highlights of the past year and expectations for the current year.

The President will make some remarks, but promised no speeches.

The meeting, which should be over about 4:30 p.m., will be followed by an informal reception in the Muscarelle Museum, to which all faculty and administrators are invited.

Adrienne Dunn as Katherina and Douglas Krizner as Petruchio rehearse a scene from "The Taming of the Shrew," which the Virginia Shakespeare Festival will take on tour to Richmond after the season closes August 17.

Thespians Take to the Road

For the first time ever, the Virginia Shakespeare Festival is going on tour, presenting four outdoor performances of "The Taming of the Shrew" at Ash Lawn-Highland, near Charlottesville and in Richmond for the Philip Morris Company.

Shows are scheduled Wednesday through Friday, Aug. 21-23, and Sunday, Aug. 25, at 7 p.m.; and Saturday, Aug. 24, at 2 p.m., at Ash Lawn, once the home of James Monroe, which is owned and operated by the College. Ash Lawn is located off I-64, about two-and-a-half miles from Monticello.

Tickets are \$7 for adults, \$5 for senior citizens and students, and \$3.50 for children under 12. Seating is general admission, but tickets may be purchased or reserved in advance at the Festival box office, ext. 4469. Patrons may also purchase tickets, if available, at the door before performances.

And if it rains? "We're praying it doesn't. But Ash Lawn has a very large tent that we can use," says Director Leslie Muchmore.

After their Charlottesville engagement, the company will go to Richmond for four invitation-only performances at Philip Morris' new 300-seat auditorium.

"We're very gratified to have this opportunity to present one of our productions to a new audience," says Muchmore of the Philip Morris engagement.

"We would like to secure the backing to have a more public Richmond season next year."

CIT Officials Visit Campus

Representatives from the CIT were on campus recently to meet with members of the administration and at least a dozen researchers representing five academic departments and the Virginia Institute of Marine Science (VIMS).

The purpose of the visit, according to Melvyn D. Schiavelli, professor of chemistry and dean of the Faculty of Arts and Sciences, was "to explore areas of mutual concern, interest and potential for the future."

Robert Pry, president of CIT, and Steve Rattien, vice president for technology development and transfer, visited the departments of chemistry, physics, computer science, psychology and biology, and VIMS. They also conferred with President Verkuil; David E. Kranbuehl, professor of chemistry and director of grants and research; Rolf G. Winter, professor of physics and dean of graduate studies, and Schiavelli. Kranbuehl is also a member of CIT's president's advisory council.

Newsmakers

VIMS Keeps NASA Ship

Frank O. Perkins, Dean/Director of VIMS, left, accepts a deed to the Research Vessel LANGLEY, from Richard H. Petersen, Director of NASA-Langley Research Center as the vessel is transferred to the Institute on a permanent basis.

The R/V LANGLEY, with its state-of-the-art electronic equipment already in place, has been on a long-term loan to VIMS from NASA/Langley.

Frank O. Perkins, dean/director at VIMS, and **Maurice P. Lynch**, professor of marine science, recently attended a meeting of the Scientific and Technical Advisory Committee of the Chesapeake Bay Program in Gloucester.

Beverly Anne Weeks, associate professor of marine science, and **J. Ernest Warinner**, assistant professor of marine science, have been awarded a research grant of \$3,750 from Duke University Marine Biomedical Center for a one-year study of the immunotoxicity of carcinogens using fish model systems.

Fu-Lin Chu, assistant professor of marine science, has received a new \$90,000 two-year grant from the National Science Foundation to study "Metabolism of Dietary Fatty Acids in Oysters."

Herbert M. Austin, associate professor of marine science, chaired a coastal zone 85 session on recent fisheries research at the Fourth Symposium on Coastal and Ocean Management, held in Baltimore July 30-August 2.

William J. Hargis, Jr., professor of marine science, has been elected vice president of the Shellfish Transport Committee of the Atlantic States Marine Fisheries Commission (ASMFC). Hargis attended an organizational meeting of that committee and participated in developing and passing six resolutions designed to help states and the federal government stop undesirable transfer and introduction of diseases, parasites and predators at national and international levels. This contamination by foreign diseases has caused distress and economic loss to fishermen and harmed local ecological systems.

Hargis presented a paper at the tenth annual Fish Health Workshop at Wash-

ing College, Chestertown, Maryland, entitled "Occurrence of Lesions on Finfish of the Elizabeth River." The paper was co-authored by **J.A. Colvocoresses**, a marine scientist at VIMS, and describes the "gross" lesions encountered on several species on finfish during a series of sampling cruises to the Elizabeth River during 1983 and 1984.

H. Lester Hooker, Jr., director of William and Mary Hall, was one of more than 450 managers of major international sports, entertainment and convention facilities to attend the International Association of Auditorium Managers 60th Annual Conference and Trade Show held in New Orleans in July.

The conference, "Alliance for Action," provided seminars on new managerial techniques and addressed such issues as alcoholic beverage control and the Reagan administration tax reform proposal.

"Most people who enjoy events in public facilities don't realize that their entertainment, safety, comfort, convenience--and often the cost-effective use of their tax dollars--are in the hands of professional facility managers," said Hooker. "IAAM gives managers like me a chance to keep up on the state-of-the-art and meet with my colleagues to discuss our industry's issues and concerns so I can do a better job for the people of Williamsburg."

IAAM was founded in 1924 and represents over 1,000 managers from some of the world's largest stadiums, auditoriums, arenas, convention centers and performing arts centers.

Hooker has just completed his 19th year as a IAAM member and is a charter member. He has been a Certified Facility Executive for eight years and is presently serving in his last year on the Certified Facility Executive Committee.

Rex Kincaid, assistant professor of mathematics, has been awarded a \$1,844 NASA contract to assess the need for the use of more sophisticated optimization techniques within the branch's computer-aided design programs.

Charles Perdrisat, **Herbert Funsten**, professors of physics and **Michael Finn**, associate professor of physics, have been awarded a National Science Foundation grant of \$176,000 for a project entitled "Nuclear Physics with Medium Energy Hadronic and Electromagnetic Probes." This project intends to investigate several different, but related questions in the field of nuclear structure and reaction physics. The group plans to study a range of nuclear reactions using hadronic and electromagnetic probes at several intermediate energy accelerators in the United States and abroad.

John Oakley, assistant professor of classical studies, has been awarded an American Council of Learned Societies, ACLS, grant-in-aid for postdoctoral research in the humanities. He is working on public dining pottery from Classical Athens.

Upon recommendation of the President, the Board of Visitors approved the appointment of the following individuals to fill existing vacancies.

Stephen L. Field, full-time assistant professor of modern languages, effective 16 August through 15 May, 1986. B.A. (1974), Ph.D. (1985), University of Texas at Austin, instructor, St. Edward's University at Austin, 1982.

Frank J. Hajek, part-time visiting assistant professor of history, effective 16 August through 31 December. This is a temporary, restricted appointment. B.A. and Ph.C., Masaryk University, Brno, Czechoslovakia, 1949; M.A., University of Illinois at Chicago Circle, 1969; Ph.D., Emory University, 1975; visiting assistant professor, Randolph-Macon College, 1979 to present; instructor, DeKalb College, 1975-78.

Victoria Krane, part-time soccer coach, effective 16 August through 31 December. This is a temporary, restricted appointment. B.A., Denison University, 1983; head coach girls' soccer, Rincon High School, Tucson, Arizona, 1984-85.

Deanna Sirlin, part-time instructor of fine arts, effective 16 August through 15 May 1986. This is a temporary, restricted appointment. B.A., State University of New York at Albany, 1978; M.A., Queens College, City University of New York, 1980; exhibition coordinator, College of William and Mary, 1984 to present; instructor, Washtenaw Community College and Ann Arbor Public Schools, 1983-84; instructor, Cornell University, 1980-82.

Daniel Sokolowsky, full-time visiting professor of mathematics, effective 16 August through 15 May 1986. This is a temporary, restricted appointment. B.S., Brooklyn College, 1947; M.S. (1948), Ph.D., (1958), University of Wisconsin, consulting work, 1975 to present; part-time professor, California State University 1981-84; professor, Antioch College, 1953-75.

Charlotte Mangum, professor of biology, recently completed a three-year term as chairman of the biological sciences section of the American Association for the Advancement of Science. At the recent annual meeting in Los Angeles, she presided over the business meeting and represented the section on council.

Professors **Magnum**, **Joseph L. Scott** and **Robert E.L. Black** recently published a paper entitled "Centipedal

Hemocyanin: Its Structure and Its Implications for Arthropod Phylogeny" in the proceedings of the National Academy of Science.

Gary Kreps, professor of sociology, attended the 10th annual Hazards Research and Applications Workshop in Boulder, Colo., July 7-10. He chaired the session on Decision Making Under Stress. Kreps also recently served as a consultant to Children's Television Workshop on program development for natural hazards.

Mario D. Zamora, professor of anthropology, attended the executive committee meeting of the International Union of Anthropological and Ethnological Sciences (IUAES) held in Zagreb, Yugoslavia. Zamora is an elected member and sole representative of the U.S.A. on the 16-member world anthropology body. Zamora (center) is pictured with Hubert Maver (right), IUAES president from Yugoslavia and Pavao Rudan (left), chairman of the scientific committee of the World Anthropology Congress. Among the items discussed in the world executive committee meeting of the IUAES were meetings of the World Anthropology Inter-Congress in Egypt in January 1986 and the World Congress in Yugoslavia in 1988.

VIMS STUDENT GIVEN AWARD

Tom Munroe, above, a doctoral candidate in Ichthyology at VIMS, was recently awarded the Stoye Award in Ichthyology at the 65th Annual Meeting of the American Society of Ichthyologists and Herpetologists held earlier this summer. The Stoye Award is for the best student paper on ichthyology presented at the meetings.

The topic of Munroe's paper was, "A Preliminary Hypothesis of Species Group Relationships in the Tongue fish Genus *Symphurus* (Pleuronectiformes: Cynoglossidae)." This work represents a portion of his dissertation research on the systematics of tongue fishes, a group of about 65 species of small to mid-sized flatfishes.

Officer Yates Wins Award

Honorary degrees and scholarships regularly honor academic excellence and each year the College singles out a member of the college community for an award that is based solely on characteristics of heart, mind and conduct as evince a spirit of love and helpfulness to other men and women.

That award is the Algernon Sydney Sullivan Award, and this year it was presented to Katherine A. Yates, a college police officer. The award honors a New York attorney who was highly respected for his work in law and for his volunteer work with many causes. He was the first president of the Southern Society of New York, which makes possible the award.

Officer Yates was cited for "the thoroughness of her investigations, for the highly professional manner in which she approaches her job, and her willingness to volunteer her time for students."

How students react to her efforts on campus is summarized in the words of one of the students who nominated her for the award:

"She meets students and becomes a trusted supporter of many. She asks our concerns and really listens. She befriends numerous students during rough emotional states. . . Each year I have seen Officer Yates 'adopt' a student as her personal project. . . and boost his or her self-image and offer appropriate, wise counsel."

Campus Spotlight

Kathy Yates has been a police officer at William and Mary for the past five years and has earned several department citations.

Richard S. Cumbee, director of campus police, says that Officer Yates brings three particular assets to the department. "She has the ability to see the police department as a part of the college and base her decisions on what is good for the entire community, not just for the department. She also has the ability to see people as they are and treat them on an individual basis; police officers often tend to put people into categories.

"Yates also has a tenacity during investigations which results in complete and thorough workups," Cumbee concludes. She has a high clearance rate and an exceptionally high conviction rate."

Kathy wanted initially to be a mounted forest ranger, but because the forestry field was so crowded she decided to go the law enforcement route, get some experience with the Virginia State Police and transfer into the Park Service. In the 1970s it took courage for a woman to decide to become a state trooper. She encountered some resistance and ended up filing a discrimination suit. Now that it is all over, there is no animosity on her part. She was offered her job back but declined it. She says she feels that the resolution of her case has made it easier for the women who came after her.

HILLEL PICNIC

Hillel Jewish Student Association is sponsoring a picnic supper Monday, August 26 at 5:30 p.m., at Temple Beth El/Hillel House, 600 Jamestown Road, across from Phi Beta Kappa Memorial Hall. Faculty, new and returning students, graduate and undergraduates, are welcome.

Kathy Yates

Kathy likes her present assignment. It gives her a lot more scope, she says. "As a trooper everything was black and white. Here on campus we emphasize enforcement of the law and the regulations of the college, but we also do a lot in the area of public relations.

"We are not a hard-core SWAT team," she says. "We aren't out to send everyone to court. We work for closer ties with the college community by letting

Forum Speaker

Miriam Cardi, clinical psychologist with Psychological Associates of Williamsburg, will be the next luncheon speaker on the Forum of Williamsburg program. She will speak Tuesday, Sept. 10 at noon at the Cascades restaurant on the "Superwoman Trap."

Reservations are necessary and may be made by calling either Julie Leverenz or Margaret Ward at ext. 4700. Reservations may also be made by mail to "Women in Business," Box JD, Williamsburg, 23187. Fee for the luncheon is \$6.50 per person.

Research Ideas Sought by IIT

The Institute of Information Technology (IIT) has issued a request for proposals for research in the following areas: computer systems, communications systems, decision and system sciences, intelligent systems, and human-computer interaction.

The IIT is one of four institutes within the Center for Innovative Technology, established in 1984 by the legislature to foster economic development in the Commonwealth by promoting university research in support of industry needs.

The CIT seeks to stimulate new research partnerships between universities and industries. To this end, it provides matching funds as an incentive. The IIT has funded 30 proposals, with CIT matching ranging from \$10,000 to \$124,000. Proposals for research may request funding for personnel, equipment, and renovations. Projects may be for one year or more, with funding awarded annually.

Since the university-industry relationship is paramount in making funding decisions, CIT looks for the one-to-one-research relationship between university and industrial investigator that is most likely to achieve its goals of economic development and technology transfer.

For promptest processing, proposals should be submitted in sync with RFPs. This RFP calls for proposals to be received by Sept. 3. Funding decisions are expected in October.

For a complete RFP, researchers should contact Merry Wheaton mornings at 703/961-7539. To discuss a proposal idea, contact Roger Ehrlich, Institute Director, at 703-961-5420. The IIT is housed at Virginia Tech, 562 McBryde Hall, Blacksburg, VA 24061.

Eunice Hall '30 Dies At Home in Williamsburg

Miss Eunice Hall, 95, died at her home in Williamsburg August 6 following a lengthy illness.

An alumna, Miss Hall was well known in the Tidewater area for her contributions to education, and in Williamsburg for her work as an active member of the Williamsburg United Methodist Church, the Soroptimist Club and the Williamsburg Community Council.

In 1952 she was honored for her contributions to education by a plaque at the headquarters building of the National Congress of Parents and Teachers in Chicago. Upon her retirement in 1959, the Eunice Hall scholarship was established to enable a student from the Williamsburg school system to attend the College.

A native of Portsmouth, Miss Hall received a bachelor's degree from the College in 1930. She later received a master's degree from Columbia University and a graduate diploma in critic teaching and supervision from Teacher's College of New York. She also completed additional graduate studies at the University of California, the University of Colorado and the University of Chicago.

She was a classroom teacher and assistant principal at Robert E. Lee School in Portsmouth before coming to Williamsburg. She was a classroom teacher, a curriculum coordinator and counselor

for junior high students with the Williamsburg system for 30 years. She also was counselor and supervising teacher for student teachers from William and Mary. She was a member of the College's summer school faculty for 12 years and taught classes at extension schools in Norfolk, Portsmouth and Gloucester.

Miss Hall served two terms as president of the Williamsburg chapter of the Virginia Education Association and one term as president of the Parent-Teacher Association. She was a member of Delta Kappa Phi and Delta Kappa Gamma honorary educational sororities. She was also a member of the Virginia and National Education Associations.

A memorial service was held Sunday, August 11 at the Williamsburg United Methodist Church. Burial was in Oak Grove cemetery, Portsmouth.

Morgan Blake Dies

Morgan E. Blake, 67, husband of Mrs. Anne Blake of the staff of the School of Business, died July 25 in the Williamsburg Community Hospital.

A retired auditor with Sheraton Governor's Inn motel, he was a member of Memorial Grace Baptist Church and a Navy veteran of World War II.

Burial was in Arlington National Cemetery.

SP Readies Fall Courses

Courses ranging from book collecting to coping with aged parents will be offered this fall by the Office of Special Programs.

Special Programs has expanded course offerings in every category, including a new section of classes devoted entirely to literature, languages and foreign cultures.

Approximately 20 courses have been added to the catalog this year, says Robert Jeffrey, assistant director of Special Programs. The new section on literature, languages and culture includes: a course on African society; an examination of Indo-European languages; separate classes on conversational German, Hebrew, French and Russian; a new offering called "Biblical Animals, Birds and Plants;" and an exploration of Irish, Welsh and Scottish cultures through story, song and myth.

The Office of Special Programs enrolls about 3,000 people each year. Fees vary for each class, and early registration is suggested. For further information on specific classes or registration procedures, call ext. 4084.

Special Programs hasn't overlooked today's lifestyles, and will again offer courses on women's issues, fashion, exercise, stress management, handling money and investments, and the popular historic plantation, home and church tours around Virginia.

Of general interest are courses in law for the layman, amateur radio, consumer awareness, auto repair and safety, speed reading, and an introduction to appreciation of fine wine. A new course that should be popular, according to Jeffrey, deals with genealogical research and includes a field trip to the Daughters of the American Revolution National Library in Washington, D.C.

Courses in the arts and crafts includes basic drawing and composition, introductory lessons in stringed instruments, and Renaissance and Baroque dance.

Some of the courses are designed with professionals in mind, says Jeffrey. Classes have been scheduled for pilots of private aircraft who are preparing for written exams, and for advanced users of home computers, restaurant owners, technical writers, office personnel and professionals in nursing, clerical and social work.

Special Programs also adapts existing courses for presentation to special groups, says Jeffrey. "We can move the course to where the people are. We have a lot of freedom to do the things that people are interested in."

He adds: "The whole mission of Special Programs is to develop courses to meet a public need and interest. We operate under the assumption that learning is a continual process. Our courses are developed with that in mind."

Jeffrey says that many of the course participants come from Hampton and Newport News to the William and Mary campus. "This may be the first time they've been on campus. It's a good way to build a bridge between the college and the community."

ROTC Finishes 19th

Forty-six cadets from the Reserve Officer Training Corps of the College and Christopher Newport College recently finished 19th overall out of 111 colleges and universities participating in the 1985 six-week ROTC Advanced Camp at Fort Bragg, N.C.

Cadets from William and Mary have been participating in the camp, which is required for commissioning, since 1948. Jay Kashouty, a Christopher Newport student, finished fourth overall at the camp out of 3,700 cadets participating.

Kathryn Potter, a rising senior at William and Mary who will be student body president for the coming academic year, finished 55th overall. She also was one of the top women finishers at the camp.

Linda Malone, a rising William and Mary senior from Virginia Beach, won the Joe Barr Trophy for the highest physical fitness average for all females at the camp. Courtney French, a senior from Weston, Conn., had the third-highest time for the physical fitness two-mile run.

Other William and Mary cadets who finished in the top 20 percent of the camp program include: Tom Myers of Wytheville; Suzanne Robinson of Jackson, Tenn.; Watkins Gray of Alexandria; Sharon Winn of Vienna; Ricky O'Keefe of Hampton; Kathryn Webb of Williamsburg; and Ken Downer of Alexandria.

Employment Classifieds

The following positions at the College are open to all qualified individuals. Call 229-JOBS for further information or visit the Employee Relations Office, Thiemes House, 303 Richmond Road, for information and application forms between 8 a.m. and 4 p.m., Monday-Friday. An EEO/AA employer.

For the present, job bulletins are not being distributed through campus mailboxes. Persons interested in obtaining copies may pick them up at the Employee Relations Office.

CLERK TYPIST C — (Grade 4) — Salary range \$11,222 — \$15,321 per year. No. 008. Typing test required by the deadline date, Aug. 23. Center for Psychological Services.

CLERK TYPIST C — unclassified, \$5.40 per hour, part-time, approximately 35 hours per week. Typing test required by deadline date, Aug. 23. Swem Library (Government Documents).

DIRECTOR OF UNIVERSITY RELATIONS

Director of University Relations required by October 1, 1985 to manage a challenging program of public information, special events, publications, internal communications and government relations, and supervise a staff of six professionals, support staff, and a five-member print shop for a nationally recognized, moderate-sized state university in an attractive location. Seeking highly creative and skilled person with demonstrated success in public relations and administration, and with media experience. Knowledge of Virginia, the community, and the College desirable. Salary competitive. Submit resume, references, and salary expectations to S. Dean Olson, Secretary, Search Committee, College of William and Mary, Williamsburg, Virginia 23185. Deadline for applications to be received is August 15, 1985.

William and Mary is an EO/AA employer.

The Use of Compensatory Leave for Labor Day 1984

Please be reminded that compensatory leave earned for working Labor Day in 1984 (September 3, 1984) must be taken by September 3, 1985 or it will be lost. Requests for leave should clearly indicate that the compensatory leave balance should be charged the appropriate number of hours.

Compensatory time earned and credited to leave balances should be requested as soon as possible after it is earned and should be taken prior to using the annual leave balance to avoid losing the compensatory leave.

Compensatory leave earned must be taken within 12 months following the date on which the work was performed or the hours earned will be lost.

Dale B. Robinson, Director
Employee Relations and Affirmative Action

A previous announcement from this office indicated that the Department of Information Technology would be charging the College for operator assisted calls including personal calling card calls.

Recent communication with the DIT has revealed that there will be no operator assistance charge to the College when using your personal calling card for a toll call made from a College telephone.

Auxiliary Enterprises

John Randolph

Continued from P. 1

He went on to rebuild the track program at the Academy, with two undefeated indoor seasons and a fourth place finish in the 1978 IC4A Meet, a competition of 102 schools.

At the University of Florida, Gainesville, he developed the program into a contender in the Southeastern Conference and achieved top 20 national standing. The team was runner-up three

consecutive years in the Southeastern Conference Cross Country Championships (1982, 1983, 1984), achieved second place in SEC Outdoor Track (1981), and third place in 1983 SEC Outdoor Track. He also coached 16 All-Americans and three Olympic team members there, and established new school records in 15 out of 19 indoor events and 13 of 19 outdoor events.

Randolph was named to the William and Mary Sports Hall of Fame in 1978. He is married and has two children.

FOR SALE

HOME FOR SALE BY OWNER - In City of Williamsburg (Skipwith Farms) - Attractive 2-story house on quiet, convenient street. 4 BR, 2-1/2 B, LR, DR, eat-in kitchen, paneled FR w/tp. \$84,500. Call 229-0852 for appointment or more information.

Household goods - 2 single beds and frames, 2 chests of drawers, 1 6-ft. corduroy couch, lamps, etc. Reasonable. Call 220-1771 (9 a.m. to 9 p.m.).

Three cars and a camper: '64 Ford Fairlane (restored), \$1200; '69 Fairlane (needs body work), \$300; '71 Pinto, good condition, needs engine, \$500. '64 camper, self-contained, sleeps 6, \$1,000. Call 229-4461.

TWO HOUSES FOR THE PRICE OF ONE: 3 BR, 1 BA, brick Cape Cod with finished second story. All appliances, two woodstoves; oak floors/wall-to-wall carpeting; garage. Also, 1981 2-BR Oakwood mobile home, 14' X 58'. Together on two acres. \$78,500. 229-6884.

Jamestown 1607 Townhouse, 3 BR, 1 1/2 BA, new heat pump, excellent cond. \$60,000 neg. Phone ext. 4255 or 229-4793.

16" Ross BMX boy's bike. VGC. \$50. Call 565-0519.

By owner. 3 BR ranch in Nelson Park, 2 mi. to campus, 1/3 acre, redecorated, convenient, refrig., stove, new furnace, new water heater, \$47,500. Call 229-4503.

1976 Chevette, engine, good condition, body & interior fair; 4 new radial tires, new starter, water pump & exhaust. \$600 negotiable. Call 220-2093 evenings.

'69 Elcar 12x60 mobile home, 2 BR, CA, storage shed, good condition. \$5,500. Call 253-2682.

Spacious two-bedroom townhouse at Jamestown 1607. Avail. Sept. 15. \$525. Call 229-8622 after 5 p.m.

FOR RENT

Room for rent. For quiet, non-smoking student, 1 1/2 miles from campus, off Route 199; avail. late Aug. for academic year. Call 229-4761 after 4 p.m.

Beach cottage, direct access and view of Chesapeake Bay. Walk, sunbathe, fish on private beach. Near public boat ramp in Mathews Co. \$250 per week. Call 229-4461 for brochure/information.

Townhouse, 3 BR, 1 1/2 BA, all appliances, central air; wall-to-wall carpet. 1 1/2 miles to W&M, near major shopping area. Available early Aug., annual lease. \$550/month. Call 565-0602.

Room in house near campus. \$108.33 per month, plus utilities. Females only, graduate students preferred (or responsible undergrads). Available immediately. Call Nancy or Kristen at 253-0396.

WANTED

Add a touch of class to your place. British

male graduate student seeks accommodation for '85-'86 within walking distance of campus or near bus line, in price range up to \$160/mo. incl. all utils. Must have own bedroom. Refs. supplied if requested. Colin Donald, 1-216-672-2676.

MISCELLANEOUS

Town and Country Early Learning Center now has openings for summer and fall enrollment. We provide a quality day care/pre-school program with certified teachers and an experienced staff in a nurturing, home-like multi-age group setting. The learning/play environment offers a variety of creative and cognitive experiences essential for the mental, physical, social and emotional growth of small children. We are located at Five Forks (4449 John Tyler Hwy., Williamsburg) at the intersection of Route 5 and Ironbound Rd. Please call 229-4411 for further information.

Reliable Homesitting Service. Let us take care of your pets, plants, lawn, house, while you are away. Our rates are reasonable. We are bonded and insured. Call 253-2828, Williamsburg.

Kathy Yates *Continued from P. 3*

them know that we are both a police department and a service department."

The police department monitors the 1,300-acre campus and its population of students, staff and faculty. As well as the usual cases of theft, assault, traffic and pedestrian accidents, the campus police are always involved with planning for special events which occur here with more regularity than they do on many other campuses.

Campus police are also on the scene for rock concerts in William and Mary Hall.

Events involving VIPs sometimes mean 12-hour shifts for members of the campus police, coordination of activities with the Secret Service, and very little time to participate in the events themselves.

Kathy is married to a fellow officer on the force, Charles H. Yates, so neither can hope to get promoted because of restrictions on couples serving in the same unit. This, however, doesn't bother Kathy. She likes what she is doing and says she wants to stay.

"I like the concept of the old beat cop," says Yates, "where you get to know your neighborhood and the neighborhood gets to know you." For Kathy that neighborhood is the campus.

The calls that Yates responds to can vary tremendously in their scope and severity. Recently she was the first to respond to a radio call and stop a van in which at least one occupant was known to be armed. Then there was the student who decided to play Jessie James and hold up the pizza delivery man before he could make his stop at the dorm. She tracked him down through an eyewitness and the store identification number on the pizza box.

After field training in Fredericksburg

with the Virginia State Police and schooling at the State Police Academy, Kathy returned to the Tidewater area and William and Mary. She had previously worked on campus in the offices of the President and the Director of Internal Auditing.

A graduate of Denbigh High School, Kathy is the daughter of Mrs. Virginia Yelland of Newport News and the later Maj. (ret.) Wilfred J. Yelland. She attended Hampton Roads Business College for two years and has also taken courses at William and Mary and Thomas Nelson Community College.

Kathy is a member of Trinity United Methodist Church in Newport News where she has been a member of the choir and the administrative board and has worked with the youth group of the church. She has been a member of the American Legion Auxiliary, Ladies of the Newport News Scottish Rite, the International Association of Women Police, and the Fraternal Order of Police, Chickahominy Lodge. Kathy has worked as a Red Cross volunteer, and last year was listed as an Outstanding Young Woman in America.
