RECESSIONAL

Exhibit in Swem

An exhibit on the history of College presidential inaugurations is on display in Swem Library.

Featuring materials from the College Archives, the exhibit is in the display cases on the second and third floors of the library opposite the elevators, and in one case in the Zollinger Museum on the ground floor. Timed to coincide with the inauguration of President Paul R. Verkuil on Oct. 20, the exhibits will be on display until Nov. 3.

William and Mary started formally inaugurating its presidents in 1921 with the inauguration of President J. A. C. Chandler as its 19th president. As far as can be determined from records in the College Archives, prior to that time William and Mary presidents took office with little or no ceremony.

Early William and Mary presidents and faculty members were required to sign an oath attesting to their loyalty to the Church of England and their acceptance of the 39 articles of faith adopted by the English clergy in 1562. From 1758

until the Revolution they also had to swear loyalty to the King of England.

For further information about the exhibit please contact Kay J. Domine, College Archivist, or Laura F. Parrish, Assistant College Archivist at ext. 4550.

CSA party

The CSA is inviting Catholic faculty and staff members to a wine and cheese party, Friday, Oct. 18 from 4 - 6 p.m. in the African Room on the first floor of Washington Hall. The gathering will also be an opportunity for a discussion of religion on campus. For further details, contact George D. Grennia of the modern languages department, ext. 4335.

Official Memoranda

Review of Employment Applications and Resumes

Effective Oct. 1, 1985 the Employee Relations and Affirmative Action Office will be forwarding the original employment applications and resumes to Department Heads to screen for available positions. When a department representative picks up the applications and resumes from our office, they will be required to initial a list verifying the applications and resumes they are receiving. Accordingly, an employment offer cannot be made until all original applications and resumes are returned to the Employee Relations and Affirmative Action Office. Because these original applicant resumes and applications are maintained in an active file in the Employee Relations and Affirmative Action Office for a period of three years, it is vital that nothing be written on them.

If you have any questions about this procedure, please feel free to call Debby Rorrer or Elizabeth W. Jones at ext. 4214. Elizabeth W. Jones Employment/Training Manager Office of Employee Relations and Affirmative Action.

RESTRICTION ON NEW EMPLOYMENT FOR MONTH OF DECEMBER

In accordance with past practice, new staffing will not be authorized from December 1, 1985 through January 1, 1986.

This restriction is based on the fact that approximately one-quarter of the month of December is consumed in paid holiday-time for College employees, and it is not deemed equitable from the standpoint of general morale for a new employee to work a maximum of three weeks (assuming a December 1 employment date) and then receive a week's holiday with full pay.

Accordingly, if a vacancy cannot be filled before December 1, then the earliest the position will be approved for staffing is Thursday, Jan. 2.

It should be noted that the employment restriction does not apply to employees paid on an hourly basis, since they are paid only for hours actually worked. Also, it does not apply to the internal transfer of permanent classified employees from one position to another within the College, since those employees already would be eligible for the extended holiday with pay.

Your understanding cooperation in this matter will be appreciated.
