British dignitaries to be honored at Charter Day, Feb. 11

The Lord Chancellor of Great Britain and the Speaker of the House of Commons will each receive an honorary doctor of laws degree at the College of William and Mary's Charter Day ceremonies Saturday, Feb. 11.

The Lord Chancellor will deliver the principal address at Charter Day, which marks the College's annual commemoration of the anniversary of the royal charter granted by King William III and Queen Mary II of England.

The public is invited to attend the ceremony, which will be held at 10 a.m. in William and Mary Hall. This year's Charter Day is dedicated to the 300th anniversary of the Glorious Revolution of 1688-89, which saw the accession of the Dutch Prince William of Orange and Princess Mary to the English throne. Princess Margriet of The Netherlands, patroness of the William and Mary Tercentenary Celebrations, will receive an Honorary Fellowship at the event.

Charter Day will be the capstone of a series of public events in this country celebrating the Glorious Revolution. The College is sponsoring a major historical conference Feb. 8-10, titled "The World of William and Mary," featuring several public lectures by prominent historians.

The Muscarelle Museum of Art on campus has arranged for two simultaneous exhibits that draw particular attention to aspects of the William and Mary era, and the College has organized with the Grolier Club of New York and the Folger Shakespeare Library of Washington, D.C., a major historical exhibit for the public in both cities. Concerts, symposia and lectures are scheduled throughout 1989.

Lord Chancellor

Lord Mackay of Clashfern is Lord Chancellor and a member of the British Cabinet. He was Lord Advocate of Scotland from 1979 to 1984 and was a Lord of Appeal in Ordinary from 1985 until his appointment as Lord Chancellor in Oct. 1987.

Born James Peter Hymers Mackay, he was educated at George Heriot's School, Edinburgh, and at Edinburgh University where he graduated master of arts with honors in mathematics and natural philosophy. He was lecturer in mathemat-

Speaker of the House of Commons

ics at St. Andrew's University from 1948 to 1950, subsequently studying at Cambridge where he obtained a first-class degree in mathematics and was awarded a Senior Scholarship at Trinity College. He returned to Edinburgh in 1955 where he obtained a bachelor of laws degree with distinction and was admitted to the Faculty of Advocates.

Lord Mackay has been standing junior counsel to the Queen's and Lord Treasurer's Remembrancer, the Scottish Home and Health Depart-

ment and the Commissioners of Inland Revenue in Scotland. He became a Queen's Counsel in 1965. He was Sheriff Principal of Renfrew and Argyll from 1972 to 1974, and vice dean of the Faculty of Advocates from 1973 to 1976, when he was elected dean.

The Right Honourable Bernard Weatherill has been Speaker of the House of Commons since 1983. He was educated at Malvern College and served in World War II. He was commissioned into the 4th/7th Royal Dragoon Guards in 1940, then transferred to the Indian Army in 1941 and served with 19th King George V's Own Lancers until 1945, reaching the rank of captain.

Mr. Weatherill was managing director of the tailors Bernard Weatherill Ltd. (now known as Kilgour Weatherill of Savile Row) from 1957 to 1970.

He was elected to Parliament for his constituency, Croydon North-East, in the general election of 1964 as a Conservative. He was appointed as Opposition Whip in 1976 and a Lord Commissioner of the Treasury in 1970. From 1971 to 1972 he was Vice-Chamberlain in the Royal Household; from 1972 to 1973 Comptroller of the Household (Deputy Government Chief Whip). From 1974 to 1979 he was Opposition Deputy Chief Whip. He served as deputy speaker of the House of Commons and chairman of Ways and Means from 1979. In 1983 he was unanimously "chosen" speaker of the House and was chosen again in 1987.

William and Mary observes Martin Luther King Jr. Day

Three Williamsburg area residents received the Martin Luther King Jr. Achievement Award Friday during a luncheon held in the Campus Center as part of the Martin Luther King Jr. Day observances. The awards recognize local efforts to help further the goals of the civil rights leader.

Those recognized for their efforts were Alleyn Blayton, Madeline A. Gee and Elizabeth R. Morgan.

The presentations were made by Dale B. Robinson, director, Equal Opportunity and Affirmative Action.

Following the presentations, President Verkuil spoke briefly. He noted that in the past William and Mary may not have been as active as it could have been in bringing the College and community, especially the black community, together. He called upon the honorees to help make up for lost time.

"We have certainly honored the right people," said Verkuil. "We are very proud of you and ask that you help us create a community environment which will encourage more black students to come to William and Mary." The presentation of the Achievement Awards, concluded the President, was a very appropriate way to honor Dr. King.

Earlier attorney Oscar Blayton, son of Mrs. Alleyn Blayton, gave the lecture in memory of Dr. Martin Luther King Jr. in the Campus Center Ballroom, taking as his topic, "Reflections." He

was presented the Drum Major for Justice Award.

His lecture was sponsored by the Black Student Organization and the Office of Minority Student Affairs. He was introduced by A. Keith Jasper, president of the BSO.

The Ebony Expressions, a gospel choir under the direction of Marlene Fuller, opened the program with a musical selection.

Blayton focused his remarks on aspects of racism and bigotry. His remarks, he said at the out-

set, were those he felt Martin Luther King Jr. would have wanted to say and described them as a "course correction."

Blayton, an attorney practicing law in Hampton, was born in Williamsburg and attended Bruton Heights School, Williston Academy in Easthampton, Mass., and Palmer Memorial Institute in Sedalia, N.C.

In 1963 Blayton was the first black undergraduate to enroll at William and Mary. After two years he joined the U.S. Marine Corps as a commissioned officer. He was designated an aviator in 1968 and engaged in over 480 combat missions in Vietnam during his service, receiving the National Defense Medal, the Republic of South Vietnam Campaign Medal, the Vietnamese Cross of Gallantry with an Oak Leaf Cluster, and 26 Air Medals.

After completing his service, Blayton enrolled at the University of Maryland where he received a B.A. degree in journalism. He then enrolled at the Yale Law School where he was president of the Black Law Students Union, during which time the BLSU was allowed to submit an amicus curiae brief to the U.S. Supreme Court in the Bakke Case. Also while at Yale, he served as a teaching fellow and was a member of the Council on Western European Studies, during which time he was awarded a grant to attend The Hague Academy of International Law in 1976.

He received his J.D. degree from Yale in 1977.

President Verkuil poses with award winners (l-r), Mrs. Gee, Mrs. Morgan and Mrs. Blayton.

Beloved administrator Vernon L. Nunn dies at 90

Vernon L. Nunn, retired treasurer-auditor of the College, whose association with the school spanned seven decades, died Saturday, Jan. 14 at the Williamsburg Community Hospital. He was 90.

A native of Detroit Lakes, Minn., Mr. Nunn moved to James City County during his childhood and graduated from Toano High School. He graduated from W&M in 1925. He was a member of Phi Beta Kappa and Phi Kappa Phi.

Following graduation, he taught mathematics at Victoria High School in Victoria, Va., and later was a graduate assistant in mathematics at Ohio State University. He returned to his alma mater in 1930 as assistant treasurer.

Nunn served as treasurer-auditor for about 30 years, retiring in 1969. After retiring he served as secretary of the Endowment Association of the College and was a life trustee of the association. He served from 1985 to 1988 as a member of the board of directors of the Society of the Alumni, and was one of the oldest members to hold the post.

An active member of his community, Nunn was a member of the board of the Williamsburg USO during World War II, a charter member of the Williamsburg Kiwanis Club and was recently awarded a life membership by the Kiwanis Foundation. He was treasurer of the Williamsburg Historical Records Association from 1984 to 1988. He was also a member of the board of the Williamsburg Chamber of Commerce for many years.

Nunn received many honors during his lifetime, including the Thomas Jefferson Award in 1986, the Order of the White Jacket Distinguished Service Award in 1987, the Alumni Medallion and the Algernon Sydney Sullivan Award.

Survivors include his wife Elizabeth K. Nunn; two daughters, Lurie P. Shaw of Berwick, Pa., and Joyce N. McKnight of Williamsburg; and three grandchildren.

A funeral service was held at 10:30 a.m., Tuesday, Jan. 17 at the Williamsburg Baptist Church with the Rev. W. Wayne Price and the Rev. Thomas E. Pugh officiating. There was a private burial.

The family has requested that expressions of sympathy take the form of contributions to the William and Mary Class of 1925 Memorial Fund, Box 60, Williamsburg, 23187; or to the James City County Rescue Squad.

Many have paid tribute to Mr. Nunn, including two who worked with him and knew him well.

Dr. Davis Y. Paschall, former W&M President

No one in the history of William and Mary was more beloved by a host of alumni — especially among the Olde Guard — than Vernon Nunn.

During the 1920s and early 1930s he helped me and many other "country boys" with his encouragement and financial aid in one way or another to get a degree from William and Mary.

Many of us, returning to campus, beat a path to his door to say "Thank you, Vernon" and recall his modest reaction: "Aw Shucks!"

He attained two of the most meaningful awards that are within the power of the College to confer: the Thomas Jefferson Award, in recognition of his notable embodiment of the highest Jeffersonian principles, and the Sullivan Award, for meritorious service to one's fellow man. I knew him that way and so did my wife — class of 1931 — whom he taught at Victoria High School, 1925-26.

He was one of those rare individuals who, while still living, was blessed in already having earned a worthy immortality in the lives of so many whom he had touched for good.

A grateful alma mater says to him now, and in all time to come, "Thank you, Vernon."

Sam Whitaker, former comptroller

To me he was one of the nicest persons I have ever known. It was a privilege to have worked with a person who had such an understanding of his fellow man. He saw good in everyone and so tempered his life around that.

He was a man who was willing to help any person at any time and never expected anything in return. His loss will be deeply felt by the community.

As Dr. Paschall said, "So long, Vernon. You will be missed."

Chi Omega initiates Whistle Stop

Chi Omega sorority has undertaken "Whistle Stop," a safety awareness program, as its campus philanthropy.

Marcy Levy

During the next few weeks, those involved with on-campus and off-campus housing will be working to distribute 3,000 whistles to women students, along with informational material.

The whistle is the key to the program. It is hoped that if women put it on their keychains it

will be a constant reminder of the need for safety awareness.

"We hope that the whistle will be a reminder to women when they grab for their keys to do something that will help rather than hinder their safety," explains Marcy Levy of Chi Omega, the prime mover in the campaign. "We hope that when they see the whistle it will be a reminder to call ESCORT or a friend or ask someone to walk home with them. We want the whistle to make them think twice about going somewhere alone."

The whistle, says Levy, is a way of saying to women on campus, "We care about you, won't you care about yourself?"

The Student Association is publicizing "Whistle Stop" through table tents and in the monthly newsletter. The Campus Police, the Student Health Service, Psychological Services, the Campus Center, the Association of Parents, the Office of the Dean of Student Affairs, the Campus Center, Paul's Deli, Parking Services and several Greek organizations have given their assistance to "Whistle Stop."

"Whistle Stop" is planned as an ongoing program with each class of freshmen women, new transfers and graduate students getting whistles when they come to campus.

With an initial investment of about \$3,000, whistles have been purchased for women on campus.

"I had no idea how much work it would entail when I started," said Levy, but, added, "I am happy with the response. The project consumed my life last semester, but I am thankful that I did it. It convinced me that if you have a good idea there are people who care and want to help."

Eminent Scholar Lecture to be given by Gumenick Professor

Alan L. Berger, Sophia and Nathan S. Gumenick Visiting Associate Professor of Judaic Studies, will talk on "Children of Job: The Holocaust and Jewish Identity in Second Generation Literature" at 7 p.m., Tuesday, Jan. 24 in the Dodge Room of Phi Beta Kappa Memorial Hall.

Berger's lecture is part of the Eminent Scholars Lecture Series. A reception will follow his presentation.

Berger might not call himself an activist, but his intellectual exploration of the nature of the Jewish identity and his study and teaching on the Holocaust make his courses among the most relevant and even life-changing experiences for his students. He is an authority on the literature, pedagogy and theology of modern Judaism, especially in America. He is the author of three books including *Crisis and Covenant: The Holocaust in American Jewish Fiction*. This year he is on leave from his post as chairman of the Jewish studies program at Syracuse University.

"Today, people use the word *Holocaust* with the term *nuclear* in front of it, which is a fitting description," says Berger. "There is a kind of value-free approach to technology that is one of the terrible legacies of the Holocaust. If these murderers (the Nazis) had been common criminals we could have sloughed them off as rejects of society. But they were Ph.D.s, lawyers, opera singers. They took all the skills and professions and applied them to a new cause as murderers."

Berger recalls the writing of Franklin Littell, father of American Holocaust studies, who spoke

Alan Berger

of the Holocaust as "a reminder of the credibility crisis of education and universities."

"The crisis for the university is the creation of the technically competent barbarian," says Berger. "We train people for competency, but we don't care what they do with it. You can find a cure for cancer, or you can make poison gas. What determines which one you do often depends on how much money you're offered to do it."

Minor Research Grant Applications due Feb. 2

Students, faculty, and staff are reminded that minor research grants will be awarded during the Spring 1989 term.

The purpose of these grants is to assist investigators with expenses directly related to research, which are not normally included in departmental budgets.

Before applying, the applicant should obtain a copy of the Policy and Principles for Minor Research Grants from the Office of Grants and Research Administration (James Blair 202). An application form is attached to the policy statements.

The normal funding limit is \$300, although the committee may recommend funding up to \$500 if the request is fully justified.

The deadline (strictly enforced) for spring requests is Feb. 2.

'So Good a Design'

Kornwolf to lecture on politics and architecture in 18th century

In conjunction with one of the current exhibits at the Muscarelle Museum of Art, "So Good a Design," The Colonial Campus of the College of William and Mary: Its History, Background and Legacy," James D. Kornwolf, professor of fine arts, will present a public slide lecture at 7:30 p.m., Tuesday, Jan. 24 in Newman Auditorium of Andrews Hall. There is no admission charge.

Kornwolf has titled his lecture "So Good a Design," From College to Capitals: Architecture and Politics in 18th-Century Virginia." He will focus on the artistic and political thrust of the Glorious Revolution in 1688, which culminated in the accession of William of Orange and Mary Stuart to the throne of England. The joint monarchs granted a charter for the founding of the College of William and Mary in 1693.

The design of the College became the impetus for planning Virginia's new capital, Williamsburg. The architecture, landscape design and town planning created with the founding of the College and capital had a unique artistic and political di-

mension in colonial America, with significant ramifications for the future.

A native of Wisconsin, Kornwolf received a B.F.A. in art history from the University of Illinois, an M.A. in art history from the University of Wisconsin and a Ph.D. in art history from the Courtauld Institute of Art in London. He has been a member of the fine arts faculty of the College since 1968. He served as chairman of the fine arts department from 1982 to 1985.

The author of numerous articles on architecture and town design, Kornwolf was curator and author of catalog essays for the Muscarelle Museum of Art's exhibition, "Modernism in America, 1937-1941" and the Metropolitan Museum of Art's exhibition, "In Pursuit of Beauty: Americans and the Aesthetic Movement." He is the author of the book, "So Good a Design," *The Colonial Campus of the College of William and Mary: Its History, Background and Legacy*. He has also designed and supervised construction of several houses in Wisconsin and Virginia and renovated others.

Special Programs' spring menu

The spring menu of courses offered through Special Programs at the College has never before been so varied, with something for everyone's tastes.

From biblical botany to a primer on Islam, from King Arthur's realms to the dynamics of the New Age, the spring selection of non-credit courses is designed to meet a variety of personal, professional, vocational or cultural needs.

Each semester, about 1,000 people register for the classes offered through Special Programs, said Robert Jeffrey Jr., assistant director of the office. With so much interest, Jeffrey said it's a challenge to present new and varied material.

One need being met this spring is the demand for computer-related courses. Three of the five courses are new, and Jeffrey said there are classes designed to teach the novice and the accomplished computer user.

About 100 courses, conferences, workshops, seminars and lectures are included in the spring catalog, available free from the Special Programs office. Fees for the classes vary, although discounts for senior citizens are often available.

The College's history is prominent among three courses being taught for the first time this year. "The Glorious Revolution: The College and Two Queens" examines the influence Queen Mary II and Queen Anne had on the development of the College. "A Gallery of Presidents" examines the challenges facing College presidents from the founding until the post-Civil War era. "Struggle to Survive: Williamsburg and the College in the 19th Century" looks at a quiet period in Williamsburg's history, the years between 1780 and 1888. All three courses will be taught by the Rev. Richard Hughes Carter, former supervisor of training for the Colonial Williamsburg Foundation.

Verkuil praises Assembly organizers

Faculty Assembly holds first meeting, elects John Selby

John E. Selby, William E. Pullen Professor of History, has been elected president of the new Faculty Assembly. At the initial meeting of the group Tuesday afternoon in the Campus Center ballroom Selby served as president pro-tem. He was nominated for the presidency by John Donaldson, Ball Professor of Law, and won by acclamation.

John Thelin, Chancellor Professor of Education, was named vice president; and Roy L. Pearson, Chancellor Professor of Business Administration, was named secretary of the new group.

Charles Koch, Woodbridge Professor, Marshall-Wythe School of Law; David Evans, professor of marine science, VIMS; Martha Houle, assistant professor of modern languages; and Eric Bradley, professor of biology, were named to the executive committee.

A committee to establish the committee structure for the new organization will include John Lee, associate professor, Marshall-Wythe School of Law; Robert Hanny, professor, School of Education; Evon Ruzicki, associate professor of marine science, VIMS; Bill Warren, Ryan Professor of Business Administration; Jack Willis, chairman, English department; Deborah Ventis, associate professor of psychology; and Morton Eckhouse, professor of physics.

No permanent schedule of meetings has yet been established, but the Assembly will hold its next meeting in the Campus Center ballroom, at 3:30 p.m., Tuesday, Feb. 21.

In a brief statement, President Verkuil expressed his pleasure at the formation of the organization, praised those who had worked on its establishment and gave an optimistic overview of how the College is perceived by the Virginia legislators in a report on the current General Assembly session.

"I am glad we are all together here for what I think is a historical moment in the life of the College," said Verkuil. "I tried to put it in some

John Selby

kind of context, and I think of all those little blurbs you see on television for the Bicentennial — we need Bill Moyers here, to do this meeting justice. If you put this meeting in the context of William and Mary history — there was James Blair, the supplicant going to William and Mary; Ewell ringing the bell to keep the College alive; Tyler addressing the Virginia delegation to be sure that we became a state institution; John Stewart Bryan deciding that we were going to be like Dartmouth;

Pat Paschall creating the new campus and a new modern university; the great stadium fight; and now the the establishment of the Faculty Assembly — one of the many important events in the life of the College of William and Mary.

"Why is this historic? Just two reasons, and I believe these very sincerely. One, that this Faculty Assembly will serve to connect the faculty to the administration; and, two, to connect the faculties to each other. Both of these points are equally important.

We should first, thank those founders who established the organization and particularly Kate Slevin, associate provost, said Verkuil, noting that three members of the original committee for the formation of the Assembly — Roy Pearson, business; Cirila Djordjevic, chemistry; and David Evans, VIMS — were among the Senate members.

"Why is this organization important to the administration?" asked Verkuil. "This Faculty Assembly really predates this administration. It came out of the 1984 self-study, which was prepared and implemented prior to my arrival. I think it is important to note that the paragraph in the self-study is right on point: 'The strength and well-being of the university in the coming decade will depend on self-confidence and the focus with which it pursues its goals. Few mechanisms can assure unity better than a forum in which faculty members from different academic units must cooperate to make decisions.'

"It seems to me that that is exactly right. I like the word *self-confidence*, for a lot of what we are talking about here is just that. ... We have to have self-confidence about the institution, we have to have commitment to it as a whole and feel that all of us are diminished if every part of it is not in the best possible condition it can be in.

"The initial document talks about the faculty stake in the university and the strength and integrity of that stake. The committee feels that the Assembly should strengthen the faculty role in long-range planning and other educational priorities."

Verkuil said that his 15 years of experience in academics before coming to William and Mary had convinced him of the importance of faculty involvement. "And that is why I am pleased to be here today," he said. "You must be able to operate on a collegial and collaborative basis to be successful as an institution, and if this works, and I am confident that it will, we have set up something here that will perpetuate itself."

"The administration is certainly going into this with our eyes open," Verkuil said. "We are asking for your cooperation and help and advice and criticism from all of you; and, beyond that, we are asking that you help us. And I think this is where we have a responsibility together, to communicate to the rest of the faculties, exactly what is going on and what the university's priorities are."

Turning to the current General Assembly session, President Verkuil said, "We talk about self-confidence and the strength of this institution. Much that has happened in the last three years and much that will happen in the next three or four years, has come from Richmond, from what the General Assembly is willing to commit to us as an institution.

"I have to feel that the College is being recognized now in Richmond in a way that it should be, relative to its strengths and its value to the Commonwealth of Virginia and in ways in which it hasn't been for many years.

"This biennium our operating budget showed

At left, Pepsi-Cola representatives, Bob Ravener, Virginia area employee relations manager; Bob Ludwig, regional sales manager — Richmond area; and Steve White, regional sales manager — Norfolk area, pose with President Verkuil and students Steve Kim and Stephen O.

Program applications available

Pepsi-Cola rewards student interns College receives matching funds

Stephen O and Steve Kim have each received a \$2,000 scholarship for successful completion of a summer internship with the Pepsi-Cola Company, which has also donated matching funds to the College as part of the company's minority summer intern program.

Pepsi-Cola Company representatives will be conducting on-campus interviews for next summer's crop of interns on Wednesday, Feb. 15. Interested students should place their resumes in the appropriate preselection envelope in the corridor of Morton 104, no later than Friday, Jan. 27 at 5 p.m. Additional information is available in the employer research files in the career library.

Stephen O, a junior, is a history and government major. He said he applied for the internship because he was looking for hands-on experience in management and he was impressed with Pepsi Cola's earnest interest in helping young people. This is the fifth year of the minority development program. O worked as an account manager, dealing with stores in the Norfolk area.

O is vice president of the Korean-American Student Association; vice president of the history

honorary, Phi Alpha Theta; and a member of Sigma Chi fraternity. In addition to the \$2,000 interns were paid for their summer work.

Senior Steve Kim is a marketing major and vice president of Sigma Chi fraternity. He said he was enthusiastic about the people he worked with during the summer. He was a district manager trainee in the Richmond area. Kim hopes to be hired by Pepsi Cola after graduation.

The summer intern program offers students opportunities to learn more about jobs in sales and manufacturing.

Sales interns work in either the bottle and can division or the food service division. Intern responsibilities would include the placement of vending machines, sourcing new business and analyzing existing accounts. All sales interns work closely with Pepsi Cola management teams to learn basic selling techniques.

Interns who choose manufacturing work at one of 50 major manufacturing facilities across the country. Interns experience the multi-faceted operation of a modern-day soft drink bottling plant.

Sinfonicon presents 'West Side Story'

The Sinfonicon Light Opera Company will present the American classic "West Side Story," with music by Leonard Bernstein and lyrics by Stephen Sondheim, at 8:15 p.m., Jan. 19, 20, 21 and at 2 p.m., Sunday, Jan 22.

Tickets are \$4 and are available at the box office from 1 to 6 p.m. daily and the evenings of performance.

Two juniors, Tracy Taylor and Joe Webster, will play the romantic leads, Maria and Tony.

The director is Curtis Shumaker. The music director is Cameron Dahl. Orchestra director is

Linda Garrettson.

Designed to give students an opportunity to participate in all aspects of musical theatre production, the Sinfonicon company was formed in the fall of 1965 and presented "The Mikado" as its premiere show. Students work to earn enough money from each production to provide seed money for the following year.

Gilbert and Sullivan productions have been the mainstay of Sinfonicon's repertoire, but the company on several occasions has broken the pattern. In 1987, for example, they staged a highly successful production of "Evita."

Kenneth A. Harris, professor of military science, officiates at the commissioning of Cadet Jay Byrne.

Byrne receives Army commission

Jay Byrne '88, who won some of the highest awards given by the ROTC program, received his regular Army commission as a second lieutenant in the Aviation Branch of the Army at ceremonies held on campus Dec. 22.

Byrne qualified for airborne at Ft. Benning, Ga., and attended advance camp at Fort Bragg during the summer of 1987. He was named Distinguished Military Student, 1987-88. Byrne re-

ceived the Physical Fitness Excellence Award, 1986-88, and achieved the highest average physical fitness score of any cadet in the past three years. He is a nationally ranked triathlete in the 20- to 24-year-old age group.

Byrne, who received a B.A. degree in anthropology, was an ROTC scholarship cadet. He reports this week for Officer Basic Court at Ft. Rucker, Ala., where he will be stationed through December.

Newsmakers

ASP party

Some of the people who enjoyed the annual Christmas party for the Rita Welsh Adult Skills Program hosted by President and Mrs. Verkuil are pictured above. From left to right: Suzanne Day, a student volunteer; Nan Cruikshank, ASP director; Mrs. Verkuil; and Donald Lashinger, professor of education and co-founder of ASP on campus.

Anthropology

Professor Mario D. Zamora recently accepted an invitation to serve as international adviser of the Institute of Oriental and Orissan Studies, Cuttack, Crissa, India. He was also reappointed a member of the editorial board of the *Virginia Social Science Journal*.

Zamora's review of J. Sodusta's book, *Jama-wawon Ritual* appeared in *Man* (England). His review of M. K. Nydell's book *Understanding Arabs: A Guide for Westerners* was published in *The Indian Journal of Public Administration* (India) in the Oct-Dec. 1988 issue.

Biology

Professor Charlotte Mangum has been appointed to the editorial board of the *Journal of Experimental Marine Biology and Ecology*.

Professor Martin Mathes was an invited participant at the meeting of the International Plant Propagation Society at the Omni Hotel, Norfolk, Dec. 5-9. The report included the results of research dealing with the development of daffodil plantlets in a tissue culture system.

Economics

Associate Professor Berhanu Abegaz has published two papers: "The Economics of Surplus Squeeze Under Peripheral Socialism," *Studies in Comparative International Development*, XXIII (3), Fall 1988; and "Manpower Requirements Models: Synthesis," in the World Employment Program Research series of the ILO (Geneva), *Labour Market Analysis and Employment Planning Working Paper No. 26*, Sept. 1988.

Fine Arts

Henry Coleman, associate professor, had a drawing included in the Small Works Invitational Exhibition held by the Bowery Gallery, New York City, which ran Dec. 23 through Jan. 18.

Music

Joel Eric Suben, director of orchestras, was a guest lecturer for the New York Philharmonic on Jan. 13. In conjunction with the Pre-Concert Subscription Series, Suben lectured on the characteristics of melody in the works presented by the Philharmonic later that day. Those works included the Brahms Tragic Overture, Schumann's Piano Concerto and Prokofiev's Symphony No. 6.

Lecturer Ryan Fletcher recently completed his 50th performance of *A Dominion Divided*, a dramatic recreation of the historic debate in 1788 between Patrick Henry and James Madison. Conceived by Fletcher in collaboration with the Virginia Commission on the Bicentennial of the United States Constitution, the debate toured through the state in 1988 culminating with performances at the state capital, Colonial Williamsburg's History Forum and at the Smithsonian Institution.

Psychology

Joseph Galano, associate professor, was appointed editor of *Community Psychologist*, the official publication of Division 27 of the American Psychological Association. He was recently asked to serve on the National Prevention Coalition, which will develop recommendations for national policymakers concerning the prevention of mental-emotional disabilities. Galano will also serve on Virginia's Action for Prevention's Early Childhood Task Force, which has a goal of preventing developmental disabilities in Virginia. Galano continues to serve as gubernatorial appointee on the Virginia Council for Coordinating Prevention and as vice chair of the Virginia Prevention and Promotion Advisory Council for the commonwealth's Department of Mental Health, Mental Retardation and Substance Abuse.

Theatre and Speech

Professor Louis E. Catron has an article in the Feb. 1989 issue of *Writer's Digest* magazine. "Using Foreshadowing to Keep Your Stories on Track," is designed for playwrights, novelists and short story writers.

School of Business Administration

John Boschen, associate professor, presented the results of two papers, titled "Testing for Cointegration in the Presence of Moving Average Errors" and "Permanent Shocks to Real Activity: Are They Real or Monetary?" (both with L. O. Mills) at the December meetings of the North American Econometric Society in New York City.

School of Education

Professor Stuart Flanagan presented a paper titled "Diagnosis and Remediation in Mathematics: What Does This Mean and What Is Needed?" at the special State Conference on Remedial Education, sponsored by the Virginia Department of Education in Richmond, Dec. 1-2, for coordinators of division remedial education programs.

Flanagan will also serve as primary consultant for the King and Queen County model project for parent and school involvement in mathematics remediation, which recently received funding as an exemplary project under Title 11.

For the next two years, using his monograph *Ideas for Instructional Intervention in Mathematics*, Flanagan will assist county teachers of fourth through ninth grades to use diagnostic testing and develop remedial activities and strategies for their low-achieving students.

Professor Robert Maidment led an accrediting team at the American School of Brasilia, Brazil, Nov. 9-12. The accreditation work is being performed for the Southern Association of Colleges and Schools.

Jody and Layton Smith Professor Joyce Van-Tassel-Baska delivered the keynote speech, titled "Comprehensive Curriculum Planning," at the Missouri State Conference on Gifted Education held Nov. 15 at the Lake of the Ozarks. She spoke

on "Developing Talent: What Works?" at the Nov. 3 Town and Gown session in Williamsburg and made two presentations, both titled "Developing Scope and Sequence in Curriculum," at the Illinois Gifted Education Conference, Dec. 5-7, in Chicago. She also participated in a distinguished panel on "Celebrate the Past — Challenge the Future" as part of the conference's 25th anniversary celebration of gifted education in Illinois.

VIMS

Professor Robert J. Huggett presented the findings and recommendations of a Study on Research Strategies for Sources, Transport and Fate of the National Academy of Sciences' National Research Council. The study was commissioned by the administrator of the Environmental Protection Agency.

Huggett and Robert Hale, assistant professor, were invited by the National Capitol Area Chapter of the Society of Toxicology to give presentations at a symposium on "Toxicology of the Chesapeake Bay" in Baltimore. Huggett's presentation was on kepone and Hale's focused on aromatic compounds in the Bay.

Professor William J. Hargis Jr. attended the ninth annual meeting of the Society of Environmental Toxicology and Chemistry in Arlington, Va. He presented a paper titled "Pathology of Three External Lesions of Finfishes from the Polluted Elizabeth River," with J. A. Colvocoresses, D. E. Zwerner, D. A. Thoney and J. E. Warinner III of VIMS.

Eugene Burreson, associate professor, attended an Oceans '88 special symposium on "Problems in our Bays and Estuaries" in Baltimore, and presented an invited paper, titled "Unusual Intensification of Chesapeake Bay Oyster Diseases During Recent Drought Conditions."

The following VIMS contributions were received by the Library Oct.-Dec. 1988:

Boon, John D., "Temporal Variations of Shallow-Water Tides in Basin-Inlet Systems." Pp. 125-26 in Aubrey, D. G., and L. Weishar, eds., *Hydrodynamics and Sediment Dynamics of Tidal Inlets*.

1970 William and Mary graduate is finalist for teacher of the year

Mary V. Bicouvaris, who received an M.Ed. degree from the College in 1970, is one of four finalists for the title of 1989 National Teacher of the Year.

The contest is being run by the Council of Chief State School Officers. The name of the National

Teacher of the Year will be announced by the White House in April.

Ms. Bicouvaris is a senior high government-international relations teacher at Bethel High School in Hampton.

Audience packs Trinkle Hall to hear actress Cicely Tyson

"An Evening with Cicely Tyson," sponsored by the Black Student Organization, drew a standing-room-only audience to Trinkle Hall Friday evening as part of the celebration of Martin Luther King Jr.'s birthday.

The diminutive star of American theater and films, charmed her audience with a frank question-and-answer period at the beginning of her program and a special opportunity for all camera bugs to step forward and take her picture. Her visit will also be a night to remember for the many

young children who were invited to come up and share the stage with her at one point during the evening.

By answering questions from the audience, Miss Tyson revealed her aspirations for the stage

as a youngster, the opposition of her strict, religious mother and the opportunities she saw once she started acting to extend her talents and become a role model and spokesperson for the talents of black people.

Following the question-and-answer period, Miss Tyson slipped from her casual pose to become a powerful, effective reader, choosing to intersperse excerpts of Martin Luther King Jr.'s famous, "I Have a Dream" speech with the words of Martin Duberman, Langston Hughes and Maya Angelou.

At a small reception in the Great Hall following her program, she made her way around the room chatting, shaking hands and hugging well wishers.

In 1979 Miss Tyson won the International Nymph Award as Best Actress Internationally for her portrayal of Harriet Tubman in the television special "A Woman Called Moses." As Binta, the mother of Kunta Kinte in "Roots," she received an Emmy nomination. A second Emmy nomination followed when she played Coretta Scott King in "King."

For her highly acclaimed performance in the movie "Sounder" she earned an Oscar nomination and Best Actress Awards from the National Society of Film Critics, the New York Film Critics and the Atlantic Film Festival.

Miss Tyson has been honored with an unprecedented two Emmys as Best Actress in the title role of "The Autobiography of Miss Jane Pittman," and holds the record seven Image Awards as Best Actress from the NAACP.

A high point in her career came when she was invited to perform at the White House for President Carter and President Shegari of Nigeria.

She is very active in community affairs and has traveled extensively as chairperson for UNICEF. She also serves on the board of directors of the Dance Theater of Harlem, which she co-founded; Urban Gateways; and the American Film Institute, among others.

The program with Miss Tyson was a special feature of the third National Black Student Leadership Development Conference: Academic Excellence Plus Involvement, which was planned by Carroll F. Hardy, associate dean of student affairs and director of the Office of Minority Affairs.

Speakers included James Anderson, professor of psychology, Indiana University, Pa.; Maulana Karenga, executive director, The Institute of Pan-African Studies; and Patricia Russell-McCloud, president, Russell-McCloud and Associates.

Over 260 educators from throughout Virginia and across the country registered for the third annual National Black Student Leadership Conference.

The conference was partially funded with a grant from the Virginia Association of Student Personnel Administrators.

In top photo, President Verkuil chats with Miss Tyson at reception in Great Hall following her presentation.

The Ebony Expressions entertain at noon in the Campus Center ballroom, prior to the Martin Luther King Jr. Lecture given by Oscar H. Blayton.

Blayton, Gee and Morgan honored for their achievements

Continued from page 1.

He is a member of the Virginia State Bar, the Peninsula Bar and the Hampton Bar Associations and serves as president of the Newport News branch of the NAACP.

Achievement Awards

Alleyn Blayton

Alleyn Blayton has been a teacher, guidance counselor, visiting teacher and acting principal at various times for the York County Public School system and has overseen the Head Start program in York County. She has worked at the St. Paul Institute in Lawrenceville and the Hampton School for the Deaf and Blind. She is a Hampton University graduate and has a master's degree from New York University.

In addition, Mrs. Blayton has served on boards

for Thomas Nelson Community College, Williamsburg-James City County schools, the Williamsburg Ballet and the Association of Retarded Citizens. She has been active in sorority work, and was a member of the Newport News Alumnae chapter, Delta Sigma Theta Sorority, Inc., which organized the Mu Upsilon chapter of Delta Sigma Theta Sorority, Inc., at William and Mary. She was also a promoter of the Black Child Development Institute, Williamsburg, an affiliate of the National Black Child Development Institute.

Madeline Gee

Madeline Gee, born Madeline A. Johns in Portsmouth, is a graduate of Hampton University. She has also done graduate studies at Virginia State College and is now retired from teaching with the Williamsburg-James City County Public Schools.

Married to the late John S. Gee for more than 30 years, Mrs. Gee has been affiliated with many

local groups, including the Williamsburg Women's Chorus, the Grievance Board of York County, Occasion for the Arts, the Pastoral Council, the Virginia Electric Power Company Board, the Retired Teachers' Association, the National Education Association, the Centennial Celebration Committee, the Williamsburg Music Association, and the executive committee of the Carver Gardens Neighborhood Watch Program.

Elizabeth Morgan

Elizabeth Morgan taught mathematics in Norfolk public schools and later became head guidance counselor in that school system. She was director of the counseling service at Norfolk State University and directed the local Educational Talent Search, a Health, Education and Welfare program.

She has served the Young Women's Christian Association as an adviser and executive board member. In addition, she has been a member of the

Interdenominational Ministers' Wives and Widows Alliance of Tidewater, the National Ministers' Wives and Widows Alliance and Past Worthy Matron of Adah Chapter No. 20, Order of the Eastern Star.

She is chairperson of the executive board of the Ecumenical Outreach Ministry of Williamsburg and has served on the boards of the James City County Social Services and the Advisory Committee for Bright Beginnings in Williamsburg.

Mrs. Morgan is an organizer and president of Black Child Development Institute of Williamsburg, a past president of the Norfolk Alumnae Chapter, Delta Sigma Theta Sorority, Inc. She helped organize the Williamsburg chapter of Delta Sigma Theta Sorority, Inc., and was an adviser of the undergraduate chapter of Mu Upsilon, Delta Sigma Theta Sorority at William and Mary.

Notes

Retirement seminars

Most people wait too long to begin planning for retirement, according to the Virginia Supplemental Retirement System. VSRS says most experts agree that retirement planning should begin in one's 40s, but the fact is most people wait until they are ready to retire to begin thinking seriously about it.

According to the latest statistics, most of today's retirees face 20 or more years of life after work. That's half a career! But many are unprepared for what lies ahead.

Like all major milestones in life, retiring from work means a new beginning. To help make the transition easier, VSRS offers seminars on retirement planning. The seminars are offered on a continuous basis around the state and are intended for members and their spouses who are within 10 years of retirement.

If you are nearing retirement age and would like to register to attend a Preretirement Education Program, contact the Personnel Office or register directly with VSRS by calling 804-786-8785, ext. 819.

Independent schools seeking teachers

Exceptional teaching positions in private, independent schools are available in biology, English, chemistry, history, fine arts, French, Spanish, mathematics, physics, computer science, physical education, elementary education and classics.

Nationwide placement is free to candidates. Call toll free: 800-225-7986.

Carney, Sandoe and Associates is the largest private firm placing teachers and administrators in schools nationwide. Watch for special recruitment events: Forum '89 in Boston, Feb. 17 and 18 and during the National Association of Independent Schools conference, The Placement LINK in Chicago, March 2-4.

Arts and sciences students interested in teaching in independent schools will find similar opportunities in the Career Services Library, Morton 140, filed as "Teaching Opportunities for Arts and Science Graduates."

Glamour sponsors Top Ten contest

Glamour magazine is offering a \$2,500 cash award to the 10 finalists in its annual Top Ten College Women competition. Winners will receive national recognition in the media for themselves and their colleges. Details concerning the competition may be obtained from the Office of the Dean of Student Affairs, James Blair Hall.

Drive leaders thank all who helped VSCCC

The College collected \$40,406 in its drive for the Virginia State Combined Charitable Campaign. The College goal was \$35,000.

The final figures show a 14 percent increase over the goal and a 44 percent increase over the level of giving last year, and are contained in a report from one of the drive leaders, Franklin E. Robeson, vice provost for computing and telecommunications.

The number of individuals contributing increased from 286 to 384.

The efforts of HACE and several faculty volunteers were responsible for these impressive gains over the previous year, said Robeson.

In a report to President Verkuil, Donald J. Messmer, professor of business administration, cited the efforts of John Thelin, president of the United Way and Chancellor Professor of Education; Bill Merck, vice president for administration and finance; and Robeson. (Robeson, Merck and Messmer formed a three-member committee that headed the campaign efforts.)

Thelin's efforts were particularly valuable to this year's drive since this was the first time the expanded VSCCC drive had replaced the annual fall campaign of the United Way. The United Way was included in the list of organizations under the VSCCC umbrella.

Messmer also noted the contributions of the Hourly and Classified Employees Association who participated in a one-on-one solicitation of their peers.

Hare-Mustin to speak

Feminist scholar Rachel T. Hare-Mustin will give a psychology colloquium titled "Gender and the Meaning of Difference: A Postmodern Perspective" at 4 p.m., Friday, Jan. 29 in Millington 211.

This lecture is open to the public. Refreshments will be served before the talk beginning at 3:30 p.m. in Millington 232.

Ms. Hare-Mustin is professor of counseling and human relations at Villanova University and president-elect of the American Family Therapy Association.

Her many publications on gender issues include *Women and Psychotherapy* (with A. Brodsky; Guilford Press, 1980), and *Making a Difference: The Construction of Gender in Psychology* (with J. Maracek; Yale University Press), due later this year.

Dawson out for parking

Renovation of Blow gymnasium has begun. Dawson Circle is being used for construction vehicles and equipment.

Members of the College community who normally park in Dawson are asked to make alternative parking arrangements until work at Blow is completed.

This measure is necessary to prevent damage to private vehicles and to avoid private cars being blocked by construction vehicles and equipment.

In anticipation of the loss of parking spaces at Dawson, several spaces in the Bryan lot were assigned for faculty/staff parking.

The Office of Parking Services regrets any

inconvenience the parking changes may cause and asks the cooperation of campus parkers. Anyone having extreme difficulty with parking as a result of the Dawson changes is asked to contact Thea Stanton at ext. 4765.

Tax Tips on Tape

Your VCR could be one of the most important tools you use when preparing your tax return this year, says Jack G. Petrie, Internal Revenue Service Director in Richmond.

The IRS has released a new series of 15 short videotapes to Public Broadcasting television stations across the country. The new series, called "Tax Tips on Tape," gives different specialized taxpayer groups up-to-date information that relates directly to specific tax questions.

Individuals in any of the 15 subject groups are encouraged to record these 13-1/2-minute tax tips so they can refer to them when they prepare their income tax returns.

"Tax Tips on Tape" will air on Channel 23, Richmond, at 11 p.m. on Jan. 30 through Feb. 3.

"Tax Tips on Tape" will also be available in many local libraries.

The 15 different audience groups are addressed in the series.

Telephone books

Copies of the 1989 Williamsburg area telephone directory can be picked up in the Campus Post Office until Feb. 17.

Please be sure to secure sufficient copies for your department as the directories may not be available after the Feb. 17 deadline.

Go bowling for kids' sake

Big Brothers/Big Sisters of Greater Williamsburg is sponsoring Bowl for Kids' Sake on Saturday, Feb. 11, to raise money for the organization's program.

Get some friends together to form a team, have a great time, and raise money for a great cause. Prizes will be awarded.

For more information, team registration sheets, and sponsor forms, contact Help Unlimited at ext. 4129.

Writing Center Changes Hours

Effective Jan. 23, the Writing Resources Center, located in Tucker 115A, will be open Monday through Friday from 9 a.m. to 4 p.m., Tuesday through Thursday from 7:30 to 9 p.m., and by appointment.

Drop-ins are welcome, although appointments are recommended.

For further information, please call ext. 5503.

Volunteer Fair, Jan. 25

Help Unlimited will hold its second semester Volunteer Fair from 11 a.m. to 3 p.m., Jan. 25 in the Campus Center lobby.

This is an opportunity to talk with representatives from local community service agencies and find out first-hand how you can make a difference.

For more information, call Help Unlimited at ext. 4129.

Music faculty returns to Ewell

Members of the music faculty who have been camping out on campus while Ewell Hall was undergoing changes, are now back home. Phone extensions remain the same.

Applied music faculty will share one extension this semester, 5590. An answering machine will be in place when the office is not occupied. If possible, please leave a message by 10:30 a.m.

The applied music student assistant will retrieve messages daily and place notes in the appropriate mail boxes.

Faculty Club party

The Faculty Club will hold its first party of the semester in the Marshall-Wythe Law School at 5:30 p.m., Friday, Jan. 20.

The Faculty Club is open to all members of the faculty and administration of the College, and emeritus professors are accorded free membership.

The Club plans to hold two more parties during the year on Feb. 24 and April 20.

Membership is \$15. Payment of this fee at the door Friday will admit a new member to the party at no extra charge. A fee of \$5 will be assessed for a spouse or for one guest, \$10 for each additional guest thereafter.

Members will be charged \$5 per person per party, non-members will be charged \$10.

For membership details, please contact John M. Charles, secretary.

Rom Harre to lecture on Social Construction

Rom Harre, University Lecturer in Philosophy of Science at Linacre College, Oxford, will give a lecture titled "The Social Construction of Mind," at 4 p.m., Friday, Jan. 27 in the Dodge Room of Phi Beta Kappa Memorial Hall. A reception will follow.

A distinguished philosophy of science, Harre is the author of many books including *Anticipation of Nature, Casual Power: The Nature of Necessity, Explanation of Social Behavior, Great Scientific Experiments, Matter Method, Principles of Scientific Thinking and Varieties of Realism*.

He has also edited many works including a dictionary of psychology.

His lecture should be of interest to any of those in the community who have an interest in the social sciences, the philosophy of mind or the philosophy of science.

W&M tax conference garners praise

The 34th annual William and Mary Tax Conference, presented by the Marshall-Wythe School of Law, Dec. 2-3 at the Williamsburg Lodge Conference Center was acclaimed by many of the attendees as "one of the best they had attended."

Over 300 lawyers, accountants and other tax practitioners attended, making this one of the largest gatherings in the history of the program.

The subjects covered during the two-day conference included a detailed study of the choice of entities to be used for business transactions and an update on changes in the tax law relative to partnerships, corporations, employee benefit plans and estates.

Faculty Assembly

Continued from page 3.

almost a 30 percent increase. This is the largest increase by a doctoral-degree-granting institution in the state, including such growth phenomena as George Mason.

"We are doing well on the operating side and the capital side is even more reassuring," said Verkuil. Funds from the lottery have been set aside for university capital projects for the next two years. In the statewide package which will be presented to the legislature the College has three projects totalling over 13 million dollars in construction costs, said Verkuil.

The College, he said, could look forward to over 13 million in construction funds which would enable the College to complete the Sunken Garden complex with a new Tercentenary Hall. This building, he said would be particularly important to the sciences. Washington Hall was to be renovated and the fine arts program assisted by an art studio for faculty and students.

"Looking back over the past three years we have attained \$30 million dollars for new projects," said Verkuil. He added that he expected that figure to be higher, probably around \$35 million in the next three years.

"There is a lot going on on campus, obviously. It is important to know that this increase in funds has all been done at none other than historic rates of growth." We are adding on to resources that we already have, he said.

"I think we can continue to look for continued good support from the General Assembly," said Verkuil.

The following is a letter sent to area parents enlisting information about a project in the psychology department. Those wishing to participate are asked to cut out this form and return as indicated at the bottom.

Dear Parents:

We would like your assistance in helping us gain a better understanding of children's behavior. If you are biological parents of boys between the ages of 6 and 13 who have never been diagnosed or treated for problems with attention, hyperactivity or conduct, your help would be greatly appreciated.

We are in the process of gathering information about children with serious behavioral problems; however, it is very important to have similar information on children without such problems. You, as parents of "problem-free children" are the most valuable resource to increasing our knowledge about children's behavior in general; and in this case, your knowledge could assist us in learning how to improve the treatment of childhood behavior problems and may also give us some ideas about how to prevent them.

Your participation in this endeavor would involve completion of various questionnaires privately at home at your convenience, and all answers will be kept strictly confidential. As compensation for your help, you will be invited to attend a seminar on parent-child relations at no cost to you. In addition, we will be happy to provide you with a summary of the results of this study if you are interested.

If you are willing to help, please complete the form below and return it to either Cynthia A. Lease, graduate student, or Professor Glenn D. Shean, department of psychology, through campus mail or by regular mail c/o College of William and Mary, Williamsburg, VA 23185.

I would like more detailed information about how I can help in the project mentioned above. I agree to be contacted by telephone by either Ms. Lease or Dr. Shean.

Semester-long series begins Feb. 1

Art and Power: The Anthropology of Culture

A semester-long series of Wednesday evening lectures titled "Art and Power: The Anthropology of Culture" will begin Feb. 1 and continue through April 5.

The series is being coordinated by Ron Engard, visiting assistant professor of anthropology, to run concurrently with his course of the same title, but

will be open to the university community at large and the general public. There is no admission charge.

Approximately two thirds of the course and lecture series will be devoted to the study of African artistic traditions with major emphasis on the anthropology department's portion of the George W.

Harley collection of Liberian artifacts housed in the "African Room," Washington 110.

This series is being sponsored by the Virginia Foundation for Humanities and Public Policy, and several units of the College, including the anthropology department, the Faculty of Arts and Sciences, International Studies, Affirmative Action, Student Activities, Minority Student Affairs and Honors and Interdisciplinary Studies.

All talks will be held at 7 p.m. in Washington 100 unless otherwise announced. A reception in the African Room will follow each program. The speakers and their topics are as follows:

Feb. 1, Kris Hardin, assistant curator, African Section, University of Pennsylvania Museum, has done extensive field research among the Kono of Sierra Leone. She will speak on power and aesthetics among the Kono, taking as her topic "The Power of Cloth."

Feb. 8, Marianne Ferme, Carter Woodson Institute for African and Afro-American Studies, University of Virginia, "Constructing Gender Domains among the Mende of Sierra Leone."

Feb. 15, William Siegman, associate curator, African, Oceanic, and New York Art, The Brooklyn Museum, has spent more than 12 years in Liberia and will give his audience the benefit of his extensive knowledge of the masks of the West Atlantic region. His topic is "You Must Go to the Forest To Be of the Town: Art and Secret Societies in Central Liberia."

Feb. 22, Moni Adams, associate, African and Oceanic Ethnology, Peabody Museum of Archaeology and Ethnology, Harvard University, will speak on "Controlling the Energies of Life in the Western Ivory Coast." Adams has conducted field research in a number of African countries including Liberia. Her topic will relate to the Peabody's portion of the Harley Collection.

March 1, Robert Leopold, a fellow in the department of anthropology, National Museum of Natural History, Smithsonian Institution, has conducted recent field research among the Loma of Liberia. In his talk, "Dual Symbolic Classification Among the Loma of Liberia," he will speak about the power in the arts of life, a general background to the cosmology and social organization of the West Atlantic region with special reference to the Loma.

March 15, Mary Jo Arnoldi, curator of West African ethnology, department of anthropology, National Museum of Natural History, Smithsonian Institution, will speak on "Power and Play in Mande Theater." She has done extensive field research on Bamana puppet theater in Male, and will speak on the general concept of power within the wider Mande speaking world.

March 22, Ronald Engard, department of anthropology, has done extensive field research on the myth, ritual, art and social organization of the Bafut of the Cameroon Highlands. He will speak on dance and architecture as systems of constitutional politics among the Bafut. His talk will be titled "Turning the Outside In: Anomalous Mediators in an Open Society."

March 29, Susan Diduk, William and Mary graduate, is assistant professor in the department of sociology and anthropology, Denison University. She will speak on the paradoxes of secrecy among the Babanki of the Cameroon Highlands in her talk, "Can a Carved Stick Dance? Ambiguity and Secrecy in Kedjom Masquerades."

April 5, Elsa Diduk, professor of modern languages, "Empowering the Marginal East German Cabaret and the Russian Circus." Diduk has spoken eloquently here in the past on German cabaret in the 1930s and will extend her analysis to modern East German cabaret and the Russian circus.

Employment

Informational interviews will be held in the Office of Personnel Services each Thursday from 9 a.m. to noon on a first-come, first-served basis. This is an excellent chance to learn more about employment opportunities at the College and VIMS.

The following positions at the College are open to all qualified individuals. Call 229-JOBS for a 24-hour-a-day listing of vacancies, or visit the Office of Personnel Services, Thiemes House, 303 Richmond Road, for information and application forms, Monday-Friday, 8 a.m.-4 p.m. All applicants must submit a completed Commonwealth of Virginia Application form to the Office of Personnel Services.

The College of William and Mary is committed to the principle of equal opportunity in the employment of faculty, administrators and non-academic personnel. This policy was reaffirmed by the Board of Visitors on April 25, 1986. It is the policy of the College not to discriminate against any employee or applicant for employment on the basis of race, sex, color, national origin, religion, age, handicap, disability, veteran's status or political affiliation.

Notice: In accordance with the Immigration Reform and Control Act of 1986, effective immediately,

all individuals hired for positions at the College of William and Mary or the Virginia Institute of Marine Science will be required to produce the following: either (1) one document establishing both U.S. employment authorization and identity (such as Alien Registration card with photograph, U.S. passport, certificate of U.S. citizenship, certificate of naturalization or unexpired foreign passport with attached employment authorization); or (2) one document establishing U.S. employment eligibility (such as original Social Security card, birth certificate or unexpired INS employment authorization) and one document establishing identity (such as driver's license or U.S. military card). If the employee cannot produce the required documents within three business days of hire, he/she will be subject to removal.

Deadline for applying for the following positions is 5 p.m., Jan. 20, unless otherwise indicated. Postmarks will not be honored.

Tickets scarce for opera performance

The New York City Opera National Company will present "La Traviata" at 8:15 p.m., Sunday, Jan. 29 in Phi Beta Kappa Memorial Hall. The opera performance is part of the current Concert Series, which was fully subscribed last fall. Names for a waiting list will be taken at the box office the evening of performance. Any seats held by season ticket holders not claimed by 8 p.m. will be released. Because this attraction is credited with much of the popularity of the series this year, few tickets are expected to be available. Individual tickets are \$5. Shown above are Sandra Riuggles as Violetta and Robert Brubaker as Alfredo. photo by Carol Rosegg/Martha Swope Assoc.

Italian films being shown in Botetourt

The Italian Film Festival this semester will include films, which will be shown at 2 and 7 p.m. in the Botetourt Theatre in Swem Library on Mondays. There is no admission charge. All films will have English subtitles.
