# WILLIAM & MARY

A WEEKLY NEWSPAPER FOR FACULTY, STUDENTS AND STAFF

NEWS

VOLUME XX, NUMBER 18 • WEDNESDAY, JANUARY 30, 1991

## Town & Gown

Dr. Theodore Gill, former president of San Franciscan Theological Seminary, will speak at the Feb. 7 meeting of the Town & Gown luncheon on "Vive la Difference." His appearance is co-sponsored by the Williamsburg Presbyterian Church.

Reservations should be made by noon on Tuesday, Feb. 5 by calling ext. 12640. The fee is \$6.

## Military Call-Up

Faculty and staff members called to active military duty should contact the personnel office immediately for information on military leave benefits and reinstatement.

To set up an appointment call Carol Davis at ext. 13158.

## REMINDERS

### Directors Present Plays Jan. 31-Feb.3

Senior directors will present "The Glass Menagerie," (8:15 p.m., Feb. 1, 2 p.m., Feb. 3) and "Winners," (8:15 p.m., Jan. 31, Feb. 2) in the Studio Theatre of PBK. There is no admission charge.

### Language Houses Deadline Friday

Students who wish to live in a language house next year are reminded that they should sign up by Friday, Feb. 1 in Swem 325. Notification of admission will be given Feb. 8.

### Capriole Concert

Capriole, the ensemble-in-residence, will give a concert at 8:15 p.m., Saturday, Feb. 2 at the Williamsburg Regional Library auditorium. Admission is \$12; \$8 for students.

### Comprehensive Recycling

A comprehensive collection of recyclables will be held by the Campus Recycling Organization on Saturday, Feb. 2 from 9 a.m. to 1 p.m. at the William and Mary Hall parking lot.

### Afternoon Basketball Game

The Tribe takes on James Madison at 2 p.m., Saturday, Feb. 2 in William and Mary Hall.

## Charter Day Events

Thursday, Jan. 31

Reception for faculty and members of the Board of Visitors and the Endowment Association, 6 to 7:15 p.m., Blow Memorial Hall, hosted by the Faculty Club. Admission: \$5.

Friday, Feb. 1

"Topology of the Universe," Professor Fang Lizhi. Physics Colloquium, 4 p.m., Small Hall room 109.

Blow Memorial Hall Dedication, 4 p.m.

Saturday, Feb. 2

Charter Day Ceremony, Phi Beta Kappa Memorial Hall, 10 a.m.  
Post ceremony reception, Andrews Hall

Reception Honoring Professor Fang Lizhi, Muscarelle Museum of Art, 2-4 p.m.

## Chambers To Receive Marshall-Wythe Medallion

Julius L. Chambers, director-counsel of the NAACP Legal Defense and Education Fund, is the 1991 recipient of the Marshall-Wythe Medallion, awarded by the Marshall-Wythe School of Law.

The medallion has been awarded annually since 1967 to academics, jurists and practitioners in honor of exemplary service to the law. The recipient is nominated by the faculty of the law school.

Chambers will receive his award Friday, Feb. 1 at a dinner of the College's Board of Visitors. Earlier in the day, he will deliver a public lecture, "The Bill of Rights: The Bulwark of Personal Freedom" at 2:30 p.m. in room 124 of the law school. Admission is free.

Chambers has devoted more than 25 years to the practice of civil rights law. He has argued before the Supreme Court of the United States many of the most significant cases of the past 20 years involving school desegregation, preferential protection in employee layoffs, racial bias in death penalty cases and racial discrimination in conditions of employment.

Julius L. Chambers

In addition to his work at the Legal Defense Fund, Chambers also lectures at the Columbia University School of Law and at the University of Pennsylvania School of Law.

## Axtell Wins NEH Grant For 1992

James Axtell, Kenan Professor of Humanities, has been awarded a Fellowship for University Teachers by the National Endowment for the Humanities for the calendar year 1992. One of 114 awardees in an applicant pool of nearly 800, he

James Axtell

will use his \$30,000 grant to pursue the writing of a book titled *American Encounter: The Confluence of Cultures in Colonial North America*. This is the second volume in a trilogy for Oxford University Press called "The Cultural Origins of North

America." The first volume, *The Invasion Within: The Contest of Cultures in Colonial North America* (New York, 1985) won three prizes, including the Albert B. Corey Prize of the American Historical Association, and was a selection of the History Book Club.

Axtell is currently on research leave to finish *Beyond 1492: Encounters in Colonial North America*, a collection of 11 of his essays on themes relating to the Columbian Quincentenary. As the chairman of the American Historical Association's quincentenary committee, he is heavily involved in lecturing, writing and advising on the history of exploration and Indian-white relations in the Americas. He has just completed a booklet for a new AHA series for teachers, "Essays on the Columbian Encounter," titled *First Encounters in North America*. He is also advising Children's Television Workshop in New York on the historical content of a prime-time special, "Sesame Street Discovers America," which will be broadcast in early 1992. "I'm used to working with feathered subjects," he said, "but Big Bird is something else again. And can you imagine a horde of Muppets chasing a furry mastodon across the Bering Strait? History will never be the same."

The 49-year-old historian's latest publication is an article on "The Making of a Scholar-Athlete" in the January issue of *The Virginia Quarterly Review*. It takes a

personal look at the tensions between scholarship and athletics in high school, college and graduate school and suggests ways in which the two activities reinforce each other.

## Two Juniors Gain Truman Finals

Laura Flippin and Patrick Flaherty, both juniors, are finalists for the prestigious Truman Award which offers students up to \$30,000 to finish their undergraduate program and undertake two or three years of graduate study.

Over 1,000 applicants from across the country competed in the initial round of the competition. Eighty-two students will be selected as scholarship recipients.

Flippin and Flaherty will participate in a round of personal interviews in March.

Flippin has a double concentration in government and public policy. A President's Aide and a resident of the Wendy and Emery Reves Center for International Studies, she is actively engaged in the life of the college as a member of the Student/Alumni Liaison Council, the Student Concerns Committee and the Residence Life Commit-

## NEWSMAKERS

### Researcher Uses Satellites, Computers To Make High-Tech Maps

By Ray Betzner  
University Relations

If an armchair detective can solve crimes without leaving his study, then Gene Sivertson must be an armchair mapmaker.

Sivertson, a senior research associate at the College, can chart out the size and shape of a forest, showing hardwoods, softwoods and clearcut areas, without ever leaving the confines of his computer laboratory.

As director of the Virginia Remote Sensing Study, Sivertson is supervising a growing number of projects which combine satellite data collection and computer image processing to produce highly reliable maps for clients in the state.

Since the project started in Sept. 1988, more than 27 local and state groups have used Sivertson and his crew of William and Mary computer science, graduate

students to produce detailed visual images of everything from wetlands to underwater formations.

"The technology is available now. We can use it and come up with quick, reliable, cost-effective images to help local groups and the state government make some very important decisions," said Sivertson.

For example, Sivertson has adapted satellite information to help agencies determine the impact of development on wetlands grasses. That information is important to enforce the requirements of the Chesapeake Bay Restoration Act, he said.

"There are three groups of wetland grasses that are critical for ecological balance. We can inventory the grasses, show where they are, how they change during a summer, or over the course of years, and we can also show what impact development will have on them," he said.

Sivertson purchases data from satellites, among other sources. He then feeds the information into a computer system that assigns specific colors to the data. The resulting images look like detailed photographs taken on perfectly clear days.

The end product of a section of Virginia Beach, for example, shows wood types in various shades of green, tidal areas in red, and farmland in pale tan. By cross-referencing images with soil survey maps and other information, Sivertson can judge the difference between tidal and nontidal wetlands, check siltation patterns and track the impact of growth on the environment.

Sivertson got involved in sensing technology during a 33-year career as a National Aeronautics and Space Administration engineer. He helped develop special computers and sensing equip-

ment that was aboard the lunar launches and used in the space shuttle missions.

But he also wanted to show that the technology could be easily adapted to help local and state governments make land-use decisions.

He went to the state with a plan to show how high-tech tools could have practical implications for the state. Experimental work was done on Virginia Beach, the Middle Peninsula and Northern Neck, along with studies of the Nomini Creek Watershed and Tappahannock areas for the Virginia Department of Forestry.

"The possibilities are really endless," said Sivertson. "I would love to see Virginia develop a center for remote sensing technology. The demand is growing, and that will create an industry around the technology that will be a major benefit to the state."

### Ruth Beck Receives Medal From Corps Of Engineers

Professor Beck receives her award from Colonel Richard C. Johns, Norfolk District Corps of Engineers.

Ruth Beck, assistant professor of biology, was the guest of honor at a ceremony and reception at the College on Dec. 5, at 2 p.m. in the greenhouse at John Millington Hall.

Col. Richard C. Johns, District Engineer for the Norfolk District Corps of Engineers, presented her with the Commander's Award for Public Service for her work with the shore nesting birds at Craney Island.

Professor Beck has assisted the staff of Craney Island since 1985. She has provided her time and effort to insure that the beach nesting species of a variety of threatened or endangered birds at the dredged material management area were provided with safe nesting areas. Her

work included technical advice on preparation of the area to attract the birds, monitoring and posting once the colonies picked nesting spots, and constant policing of the area to keep contractors, fishermen, government employees and bird watchers from inadvertently entering the nesting areas and injuring the birds or their eggs.

"We're fortunate to have Professor Beck's assistance," stated Col. Johns. "She's saved the district time and money by her efforts to manage the nesting of the least terns and piping plovers. Her planning kept the nesting from stopping work at Craney Island and allowed the successful co-existence of both man and bird."

authored "Reaction to 'The Emotional Development of the Gifted Through the Lifespan.'" which appeared in *Proceedings from a Symposium on the Developmental Potential of the Gifted*, Ventis, D. and Van Tassel-Baska, J (Jody and Layton Smith Professor of Education, eds).

Professor Ronald Giese has co-authored two articles with J. H. Cothron and R. T. Rezba, "Come Fly With Us," and "Four Easy Pieces," that appear in the December 1990 issue of *Science World*. Giese also co-presented two papers with Cothron and Rezba at the National Science Teachers' Association regional meeting in Washington, D.C. in December. The papers were titled "Strategies for Teaching Experimental Design," and "Staff Development: The Means to Teaching Students Experimental Design

Laura Flippin

Patrick Flaherty

### Students Prepare For Scholarship Interviews

CONTINUED FROM PAGE 1

tee. She served as executive vice president of the Student Association during the fall semester. Flippin entered William and Mary with the Lee-Jackson Scholarship awarded by the Virginia Department of Education.

The first semester she also participated in an internship with the Office of Career Services' Shared Experience program. As a research associate at the National Center for State Courts, Flippin responded to inquiries about the court system at both the state and national levels.

Before entering William and Mary Flippin worked on Capitol Hill in the office of Congressman Frank Wolf from the 10th district of Virginia. She hopes this summer to work in Washington. Her career goals include working in the field of public policy as it affects economic trade with the European Community. Flippin says her interests also include education reform and health care.

Flaherty, who is majoring in economics and Latin American Studies, is looking toward a career in international development.

This summer he was a community sanitation volunteer in northeast Brazil with the Amigos de las Americas program, a non-profit, private international public health organization, which currently operates in six countries in Latin America.

Flaherty lived with Brazilian families during his eight-week stay in rural areas about three hours into the interior from the capitol of Natal. He helped build latrines and assisted with programs for children that stressed dental health. Flaherty speaks Portuguese and plans next year to sharpen his skills through independent study. He will work with Amigos de las Americas again this summer and is looking for an assignment either in Mexico or Ecuador.

Flaherty has been an RA for the past two years, this year at Monroe and last year at Yates.

## Departments

### Geology

Associate Professor Heather MacDonald served on a panel on "Issues for Women/Girls in Earth Science Education" at the National Science Teachers Association Convention in Washington, D.C., in December.

### School of Education

Kathy Evans, assistant professor, spoke on "Putting Psychology to Work," as a panelist at a meeting of the Virginia Association of Black Psychologists at Norfolk State University in October. Evans

and Analysis."

Gail McEachron-Hirsch, assistant professor, co-authored with Herbert Hirsch, the paper "Political Socialization and International Perceptions Among American Youth," that appears in the Winter 1991 *International Journal of Group Tensions*. McEachron-Hirsch presented "Adolescent Self-Esteem in Relation to Family Environment" to the Kappa Delta Pi conference at the college in November.

### Recent Grants

#### Anthropology

Linebaugh, Donald W., Project Director, "Phase II Architectural Study of the Smith House and Stone Cottage, Lime Kiln Road," \$6,816 (1/1/91-2/28/91).

#### Chemistry

Starnes, William H. Jr., Professor, and David W. Thompson, Professor, "Copper Additives as Smoke Suppressants and Flame Retardants," International Copper Research Association, Ltd., \$43,800 (1/1/91-12/31/91).

#### Physics

Benner, D. Chris, Research Associate Professor, "HALOE-Science Investigation," NASA \$93,322 (1/1/91-12/31/91).

Kishoni, Doron, Research Scientist, "Digital Signal Processing for Quantitative NDE," NASA, \$87,989 (1/1/91-12/31/91).

Wang, Liang-Guo, Research Scientist, "Diode Laser - Injection Seeding of LASE 1 Backup Laser," NASA, \$30,000 (5/24/90-5/15/91).

## NOTES

## Careers International '91

All international students (graduating seniors or graduate students) are invited to participate in Careers International '91 in New York City, March 7, sponsored by Peter's Connexion.

Candidates should have serious interest in home-country employment opportunities.

Brochures and applications are available from the receptionist in Career Services, Blow Hall 123.

Applications must be submitted by Jan. 31.

## Scholarships

Applications are being accepted through Feb. 15 for Continental Insurance scholarships and internships.

Continental offers two scholarships, one for \$2,000 and one for \$1,500 to current juniors for use in their senior year. The \$2,000 award is available to arts and sciences students only, while the \$1,500 award is open to both arts and sciences and business majors. Applicants are expected to pursue a full-time business career after completion of undergraduate work.

Recipients of the scholarships will be interviewed for two internships at Continental in New York for summer '91. Remuneration will include free housing for students outside the immediate New York City area and a \$10 per hour salary. Other students will be considered for the internships should they not be filled by the scholarship recipients.

Applications are available through the Financial Aid Office, Blow Hall 218.

## Organ Recital

The second in a series of dedicatory organ recitals will be held at 4 p.m., Sunday, Feb. 3 at St. Stephen Lutheran Church, Jamestown Road.

The artist will be Katherine Reier, organist and director of music at Christ Lutheran Church, Roanoke. The program will include pieces for small organ by Daniel Pinkham and Hugo Distler; works arranged by Johann Krebs and Jan Bender for organ and oboe; and music for the Epiphany season by Dietrich Buxtehude, Charles Ore and Virgil Thomson.

This dedication series, which honors Dr. Carl Fehr, professor of music emeritus, will conclude with a recital at 4 p.m., April 21 by Thomas Marshall.

## February Is Black History Month

Black History Month at the College of William and Mary will be celebrated through February with a number of programs by students, an alumnus and guest speakers.

The public is invited to all events. There is no admission charge.

Rodney Williams '80 will present "An Evening of Song and Dance," at 8 p.m., Friday, Feb. 1 in the Campus Center

Ballroom to open a series of Friday evening programs throughout February

The Ebony Expressions, a student gospel choir under the direction of Tammy Nicholson '91, will celebrate Black History Month with a program of songs, readings and skits at 7:30 p.m., Thursday, Feb. 7 in the Campus Center Little Theatre.

Barbara Reynolds, inquiry editor of

*USA Today* will be the speaker at a program at 8 p.m., Friday, Feb. 8 in Ewell Recital Hall.

Roger Guenveur Smith will present "Frederick Douglass Now," at 8 p.m., Feb. 15 in the Campus Center ballroom.

Final program in the series will be a talk by Dr. Samuel Proctor, Martin Luther King Jr. Professor Emeritus, Rutgers University, at 8 p.m., Feb. 22 in the Campus Center Ballroom.

## Student 'Pugwash' Holds First Meeting Jan. 31

The first meeting of the William and Mary chapter of Student Pugwash will be held at 5 p.m., Thursday, Jan. 31 in room E of the Campus Center.

Professor John Delos of the physics department will speak in the first of a series of roundtable discussions about the war in the Persian Gulf. Chapter business will also be discussed. All interested students are encouraged to attend.

Student Pugwash is an international, nonprofit, nonpartisan educational organization, which attempts to promote better understanding of the social and ethical dimensions of science and technology.

Pugwash provides students with the knowledge and skills necessary to translate their concerns about the future into viable solutions. The organization takes its name from the location of the first conference on science and world affairs, held in Pugwash, Nova Scotia, in 1957. The conferences began at the behest of Albert Einstein and Bertrand Russell, co-authors of the Pugwash Manifesto, which calls on scientists to consider the ethical implications of their work.

The most recent conference, "New Challenges Posed by Global Interdependence," was held in June 1989 at the University of Colorado at Boulder. Student and senior participants from 26 nations met to discuss changing defini-

tions of security, issues of access and equity in health care, science and the future of medicine, computers and human interaction, technology and development, and energy options.

## Japanese Drummers Due Feb. 6

Ondekoza: Demon Drummers of Japan will perform at 7 p.m., Feb. 6 in Phi Beta Kappa Memorial Hall.

There is no admission charge but an offering of \$5 is suggested.

Ondekoza consists of a group of 10 men and three women who exist in a communal type of lifestyle where both physical and mental activity coupled with a specialized diet are an integral part of their training. An essential part of their daily routine is long-distance running where they run up to an average of 30 miles daily. This provides the stamina and endurance needed for their physical performances. The heaviest drum

weighs close to 7,800 pounds, but they also play small tom-tom like drums, the shamisen, bamboo flute, and sing. The group began its U.S. tour in New York by participating in the New York marathon and plans to run around the perimeter of the United States from city to city, show to show, ending up again with the New York marathon in 1993.

The music of Ondekoza originates from traditional drum routines and classical Kabuki and Bunraku plays. The music is meant to be visual as well as aural and be an emotional experience for the audience.

## Next Ewell Series Concert To Feature Violinist Bachmann

The second concert in the new Ewell Concert Series will feature violinist Maria Bachmann and pianist Jon Klibonoff in a concert at 8 p.m., Sunday, Feb. 10 in Ewell Recital Hall.

Concerts are free to students with

W&M I.D. and \$2 for all other patrons.

The program will include Toccata-Scherzo by Albert Glinsky; Clockwork (1989) by Sebastian Currier; Sonata (1988) by George Rochberg; and Sonata No. 3 in D minor, Op. 108 by Brahms.

Bachmann enjoys a versatile career as a recitalist and as a soloist with orchestras and chamber musicians. She has won numerous competitions, including first prize and the U.S. Trust Artist Award of the 1986 Concert Arts Guild New York Competition and the 1983 Fritz Kreisler International Competition held in Vienna. She was a laureate of the 1990 International Tchaikovsky Competition in Moscow.

Bachmann is a member of the Carnegie Chamber Players, a frequent guest artist with the Bowdoin Trio and the Aeolian Chamber Players, and a featured artist at the Bowdoin Summer Music Festival.

Klibonoff, who is on the piano faculty of Hunter College in New York, is a recitalist, orchestra soloist and chamber musician. He has performed extensively throughout the U.S. and abroad.

Maria Bachmann

Through sponsorship from the Pro Musicis Foundation, Klibonoff has been presented in recital in New York, Los Angeles, Washington, D.C., and Boston. He can be heard with Bachmann on a recently released recording of Beethoven's "Kreutzer" Sonata and George Rochberg's Sonata on the Connoisseur Society Label.

Tentative arrangements have been made for a concert of gospel quartets from the Hampton Roads area at 8 p.m., Feb. 27 but plans are not yet confirmed.

Two other events, however, have been placed on the calendar for the series. Allen Otte of The Percussion Group/Cincinnati, will give a concert of contemporary percussion music at 8 p.m., March 27.

Songs from the time of the Civil War will be presented in concert by faculty members Mary Fletcher, Ryan Fletcher and Tom Marshall at 8 p.m., April 28. This is a change from the 3 p.m. time originally announced.

The Ewell Concert Series is supported by a grant from the Association of Parents.

WILLIAM & MARY  
NEWS

The *William & Mary News* is issued weekly during the school year for faculty, staff and students of the College and distributed on campus Wednesday afternoons.

News items and advertisements should be delivered to the News Office, James Blair 310A (221-2639), no later than 5 p.m. the Friday before publication. Notices for the calendar should be delivered to the News Office no later than 5 p.m. the Wednesday before publication.

News deadline: Fridays, 5 p.m.

## Smith Will Lecture On U.S.-Japan Trade As VCAS Distinguished Lecturer

Robert J. Smith, Goldwin Smith Professor of Anthropology at Cornell University will give a public lecture on "Culture's Role in U.S.-Japan Trade Frictions," at 7:30 p.m., Tuesday, Feb. 19 in Rogers 100.

Smith has been invited by the Virginia Consortium for Asian Studies (VCAS) as its 1991 distinguished guest lecturer, and will visit several Virginia universities and colleges on a special lecture tour during the week of Feb. 18-23.

One of the leading American anthropologists specializing in Japanese society and culture, Smith is the author of sev-

eral books including *Japanese Culture*; *Ancestor Worship in Contemporary Japan*; *Kurusu: The Price of Progress in a Japanese Village, 1951-1975*; *The Women of Suye Mura*; and his latest, *Japanese Society: Tradition, Self and the Social Order*.

Smith received a B.A. degree from the University of Minnesota, and M.A. and Ph.D. degrees from Cornell University. He has received fellowships and grants from the Social Science Research Council, the Fulbright Program, the American Council of Learned Societies, and the Japan Foundation. He is a past-president of the Association for Asian Studies.

## F.O.A.M. Dance

Tap your feet and swing your partner at the Friends of Appalachian Music dance Saturday night, Feb. 1. Southern squares, New England Contra dances and circle mixers will be taught and called to live music. The evening ends with a waltz and a Virginia Reel. Dances run from 7:30 to 10 p.m. at Norge Community Hall on Rt. 60 west, 1.4 miles past the Pottery, next to the Norge Sovran Bank. Admission: \$3 per couple, \$2 single. The easiest dances are called first—inexperienced dancers should come early.

For information, call S.C. Clement, ext. 12442.

Mrs. Fran Verkuil chats with Mrs. Guy (l) and Harriet Reid.

## Mrs. Gladys Guy Is Honored At President's House Luncheon

Mrs. Gladys Guy, widow of one of the College's revered teachers, William G. Guy, professor of chemistry, was honored recently at a luncheon given by Mrs. Fran Verkuil at the President's House and attended by many of her close friends.

Mrs. Guy has been an active participant in the life of the college and Williamsburg for several decades. Her father, Dr. Henry Eastman Bennett, was a professor in the School of Education from 1910 to 1921. She was living with her parents in Chicago when she met and married William G. Guy, a Rhodes Scholar from Carbonier, Newfoundland.

When he received a position at William and Mary in 1925 both he and his bride were delighted to be coming to Williamsburg. Mrs. Guy graduated from Randolph-Macon Woman's College but is quick to add that she would have attended William and Mary, had the college admitted women at that time.

Dr. Guy was chairman of the department of chemistry for many years. In 1985 Mrs. Guy funded a chair for the chemistry department which she asked be called the Garrett-Robb-Guy chair, thus honoring two of her husband's colleagues and predecessors as well. Dr. Guy died in 1970.

## SP Courses For Spring Semester

The Office of Special Programs is offering 21 new courses for the spring semester. Many new courses and some popular repeaters, begin in February.

The range of offerings is extensive. For those who have never painted before, Bob Ross' E-Z style oil painting guarantees that the student will take home a finished painting at the end of the session.

Great Decisions 1991 begins Feb. 5 and runs for eight weeks. The fee is \$30 (\$45 for couples). Sessions are held each Tuesday morning from 10:45 a.m. to noon in the Arts Center Auditorium at the Williamsburg Regional Library and is co-sponsored by the League of Women Voters.

Caroline Williams, author of the book *The Islamic Monuments of Cairo* and a former adjunct lecturer for 12 years at the University of Texas in the Department of architecture and Center for Middle East Studies, will lead a discussion of the Nobel Prize winning book *Palace Walk* for a course titled "Palace Walk: When, Where and Who."

For those who wish to bone up on their French, "Les Actualites de France" is a discussion group which will discuss the current affairs of France through French newspaper and magazine articles. The instructor is Jean Gregoire Reschke, a native of Montpelier, France, who is presently an instructor at William and Mary in the field of advanced conversation.

Detailed information and application forms may be obtained from the Office of Special Programs, ext. 14084.

Courses that begin in February include the following:

Feb. 2 - Bob Ross E-Z Style Oil Painting  
Feb. 5 - Great Decisions 1991  
Feb. 6 - Fun and Fancy Fabrics-Paint an

Original Shirt

Feb. 7 - *Palace Walk*

Vegetarian Cooking

Feb. 9 - Stained Glass

Single Parenting

Feb. 11 - Chart Your Career Course

Private Voices - Public Speakers

Feb. 13 - Survey of American Colonial Architecture

Feb. 14 - Accounting Essentials I

Feb. 15 - Age Beaters: Fitness for Fun

Feb. 16 - Surviving Divorce

Feb. 17 - Under Reflection 1687-1815

Feb. 19 - How to Run an Effective Meeting

Feb. 21 - Using Flip Charts for Effective Meetings and Presentations

Les Actualites de France

Feb. 22 - Confronting the Eight Hundred Pound Gorilla: A Practical Guide on Employee Layoffs for Employers

Feb. 23 - Let's Polish Our English

Grammar

Custom Home Building

Writing for Fun and Profit

Feb. 24 - Lee after "The War"

Feb. 25 - Creative Thinking

Feb. 26 - Some Enchanted Evening - Ballroom Dancing for Beginners

Make a Memory With A Quilt

Feb. 27 - Duck Decoy Carving

Feb. 28 - Intermediate Ballroom Dancing

Great Movies: Great Director

Conversational Spanish

## School Of Education Program For Gifted Learners Begins Feb. 2

The Saturday Enrichment Program for Gifted Learners, sponsored by the College and the School of Education, begins Feb. 2. Approximately 160 students from preschool age through junior high age are participating from 30 different school divisions and private schools. Regional areas represented include: Tidewater, Richmond, and the northern neck of Virginia.

Courses include Early Academic Enrichment for ages 4-5; the Reading-Writing Connection, Wonderful Weather, and Junior Geography for grades 1-2; Spatial Visualization for grades 1-3; Spanish is Fun and Science Discovery for grades 3-4; Lego LOGO, Moving West: A Living History, and The Challenge of the Unknown for grades 4-6; Exploring Nature for grades 5-6; All Things Considered for grades 6-8; and Basic BASIC for grades 7-8.

Courses are taught by a variety of instructors, including William and Mary faculty, area teachers of gifted and tal-

ented learners, and graduate students of the College.

Classes will be held at the College from 9 to 11:30 a.m. each Saturday from Feb. 2 through March 23. Special parent seminars will also be held.

Courses are open to students who score at the 95th percentile or above on a nationally-normed aptitude or achievement test. A recommendation from school personnel (teacher, principal or counselor) is also required.

Eligibility screening, conducted by program staff, is available on an ongoing basis for preschool children and students for whom no documented scores are available. Evaluation appointments may be made by calling 221-2362. A \$50 evaluation fee is due at the time of the appointment. The Center will also offer a two-week summer program from July 8 to July 19 based on a similar model.

For more information, call the W&M Center for Gifted Education at ext. 12362.

Winter Tea workers pose at the sherry table (l to r) Rachel Blanks, Lucille Walton, Mr. Walton and Micou Glazener.

## Winter Tea Resounding Success

Planners hoped for a turnout of 150 but the final tally was 200 for the second annual Winter Tea, a fund raiser by the Council of the Muscarelle Museum of Art.

An elegant garden setting was created for the event. The centerpiece for each serving table was a whimsical animal totem, the work of Cybil Eberdt, assisted by Jody Anderson. Lucille Walton, who has been in charge of arrangements for both teas, was delighted with the number of patrons, including many students, who turned out for the event. Time for the Tea was reset from 4-6 to 3-5 to avoid competition with the Super Bowl.

A working unit, limited to a membership of 50, the Council supports the Museum and its programs. Members of the Council prepare refreshments for

gallery openings throughout the year, serve as docents, help with mailings and, like Mrs. Walton, work with the children's classes.

Mrs. Walton, who spent several years living in England, looked through her English cookbooks for ideas for the tea. There was no pre-planned menu but the party fare included a wide variety of savories, sandwiches and sweets prepared by Council members.

Assisting Mrs. Walton were Micou Glazener, Rachel Blanks, Wilhelmine Wagner, Genevieve Meder, Ruth Pierce, Dorothy Kaltwasser, Ethel Sternberg and Dean Evans.

The Council is planning another gala occasion in April in connection with the Rodin exhibit coming to the Museum.

## Publications Office Wins CASE Award For Brochures and Calendar

The publications office of the College of William and Mary has won a grand award from District III of the Council for Advancement and Support of Education (CASE). The award was given for a series of brochures which were designed for the College's Campaign for the Fourth Century.

Individuals recognized for producing the winning publications were: Greta Matus of Richmond, graphic designer; Hillary Holladay of Chapel Hill, N.C.,

writer; Barrett Carson, director of development; and S. Dean Olson, director of publications and university editor. The competition's winning entries will be displayed at the CASE District III conference in Miami, March 3-6.

In addition to the grand award, the College's publications office won a special merit award for its overall, program and its Cultural Events Calendar, designed by Greta Matus, won a special merit award.

## Major Acquisitions

# Muscarelle Has Three New, Unique Works Of Art

The Muscarelle Museum of Art has made three major acquisitions recently.

As their first gift to the newly created Frederick and Lucy S. Herman Collection of Native American Art, Mr. and Mrs. Herman of Norfolk, long-time museum benefactors, have given a mid-19th century argillite panel pipe, made by the Haida, a people native to the Northwest coast of Canada.

Through the Jean Outland Chrysler Memorial Endowment Fund and the Joseph and Margaret Muscarelle Art Endowment Fund, the museum has acquired "Curled Up C," an abstract sculpture by Lila Katzen.

The museum's collection of European paintings has been enhanced by the addition of a seascape by a leading Dutch painter, Abraham Storck, c. 1635 to c. 1710, titled "Harbor Scene." The painting was acquired through the museum's acquisition fund.

"Each of these unique works, in its own way, represents a significant addition to the Muscarelle Museum of Art's expanding collections," said Mark M. Johnson, museum director. "The Haida pipe is the first gift of a promised large grouping of Native American art and artifacts which eventually will include a type and range of material not frequently seen in this region. We are deeply grateful to the generous donors who made these recent acquisitions possible."

The pipe, donated by Mr. and Mrs. Herman, is an example of the handiwork of the Haida who began to carve images on argillite, a soft black stone, about 190 years ago when they first encountered Westerners. The carvings were made only for sale to the seamen, traders and merchants who first explored and then settled the area and were never intended for use by the Haida themselves. The settlers actively encouraged the artists and the carvings were sold as quickly as they were made, providing the Haida with a steady source of income.

"Curled Up C" is a monumental abstract sculpture consisting of two curving forms, one of light-colored, buffed stainless steel and the other of Corten steel that weathers to a rich textured

Storck, Dutch, 17th-century, *Untitled*, Oil on canvas

brown. The two large vertical shapes lean diagonally against one another establishing a single point of contact before curling away, each in its own distinct form.

The sculpture was created in 1979 by Lila Katzen, an American artist known for her large-scale, site-specific sculptures. A duplicate of "Curled Up C" has been installed in the courtyard of the National Museum of American Art in Washington, D.C. The sculpture was been on loan to the Museum from the artist since

1983 when it was placed near the Museum entrance at Katzen's instructions. It has become an integral part of the visual aesthetics of the Museum and the adjoining Kinnamon Plaza.

"Harbor Scene" is an accurate rendition of a common scene along the rivers of Holland. The painting reflects the extensive worldwide trading by the Dutch during the 16th and 17th centuries which spurred the growth of an affluent middle class who could afford to purchase works

of art.

The Muscarelle Museum of Art is open to the public without charge Monday through Friday from 10 a.m. to 4:45 p.m., and Saturday and Sunday from noon to 4 p.m. Docent-guided group tours are available by calling ext. 12703 for advance reservations.

For more information about Museum collections, special exhibitions and educational opportunities, call ext. 12700.

## Work Of William White Now Exhibited In Andrews

Spring semester at the College opens with a blaze of color in Andrews Gallery of the department of fine arts. The paintings, drawings and pastels of artist William G. White are the fourth offering in this gallery's exhibit season.

The works of this Virginia artist are primarily concerned with light and the ways in which it modifies and shapes our visual experience. All are still-life images of everyday objects. The challenge for the artist is to take objects of no intrinsic value and to arrange them along with elements of light so they become like actors on a stage playing out a visual drama.

White is an associate professor of art at Hollins College. A native of Philadelphia, he graduated from the Philadelphia College of Art and received his master's degree in fine arts from Tyler School of Art at Temple University in Philadelphia. Before coming to Hollins in 1971, White taught at Indiana University. He teaches drawing, painting, video and contemporary art history at Hollins.

The exhibit will continue until Feb. 8. Andrews Gallery is located in Phi Beta Kappa Memorial Hall on Jamestown Road and is open to the public Monday through Friday, 9 am to 5 p.m.

For further information, please contact the department of fine arts, ext. 12519 or 12531.

## Museum And Library Plan Art Workshop For Children

The Muscarelle Museum of Art and the Williamsburg Regional Library will sponsor a cooperative workshop "Look Ma - No Brush!" from 4:30 to 6 p.m., Tuesday, Feb. 12 in the museum.

This paint-without-brush workshop,

designed in conjunction with the special exhibition "Contemporary Abstract Painting," is offered for third through fifth graders.

Pre-registration is required at either the Museum or the Library. The cost is

\$6 per student; however, scholarships are available in cases of financial need.

For additional information, call the Museum Education office at ext. 2703 or the Children's Department at the Library at 229-7646.

## Four Gymnasts Named All-American Scholar-Athletes

The National Association of Collegiate Gymnastics Coaches has just established its first ever All-American Scholar-Athlete team. In order to be eligible for nomination, each gymnast must have maintained a minimum 3.5 grade point average cumulatively or for the 1989-90

Randy Jewart

academic year. He must also have established at least a 8.5 official NCAA scoring average on one or more of the gymnastics events.

William and Mary gymnastics All-Americans are Randy Jewart, a junior majoring in English who has a 3.67 grade point average; Dan Krovich, a junior

majoring in chemistry with a 3.59 gpa; Marc Lim, a sophomore majoring in international studies with a 3.66 gpa; and David Williams, a junior majoring in biology with a 3.52 gpa.

William and Mary paced the Division I universities by placing four gymnasts on this initial scholar-athlete team. Nationally 34 gymnasts qualified for All-American honors.

"Obviously I am very pleased with Randy, Dan, Marc and David's achievements," said coach Cliff Gauthier. "Their

Dan Krovich

designation to the academic All-American team is truly a highlight of my coaching career as well as a definite indication that our men's gymnastics program has come of age."

Jewart, a team captain for the 1990-91 season, is state champion on the parallel bars. He is a medalist on a combination of four events, floor exercise, pommel horse, vaulting and parallel bars at three

David Williams

major championships. He ranks in the top 10 in all-time gymnastics records and is recipient of the 1990 Rock Award as William and Mary's hardest working gymnast.

Krovich, also a team captain, has won 10 individual state championships in only two years of competition. He is East Coast Athletic Conference Champion in the all-round and on-floor exercise and National Independent Champion on floor exercise and vaulting. He holds the school record for the highest score in the floor exercise, 9.85.

Marc Lim, a President's Aide and a Presidential Scholar, holds the parallel bar record at the State Championship. He finished the 1990 season as number-two point scorer.

David Williams entered William and Mary as a Presidential Scholar with a special designation as a Monroe Scholar. He holds both the State Championship and William and Mary's all-time pommel horse record. He is a state medalist in the all-around and on-floor exercise, vaulting and parallel bars. He is one of

Marc Lim

only six East-of-the-Mississippi gymnasts to qualify on the pommel horse for the NCAA Regional Championships.

Alumni gymnasts will have an opportunity to test their skills against the All-Americans and other team members at the alumni-varsity Green and Gold meet Feb. 9, during alumni weekend.

## Over 600 Students Register For Annual Career Exploration Day

Laura Wheeler Poms '86, American Management Systems Inc., Falls Church, Va.; Susan E. Arnot '79, Elizabeth Arden, New York; and Noah Levine '84, FCB/Leber Katz Partners, New York; comprised the panel on advertising and public relations.

Alumni from many different parts of the country, representing diverse career fields gave of their time and talents to come back to campus Saturday to participate in Career Exploration Day, an annual event sponsored by the Society of the Alumni and the Office of Career Services.

There was a huge welcoming banner to greet alumni as they converged on Morton Hall for the day-long program. In teams of three, alumni told students about the ups and downs of their work and gave them an idea of the availability of positions in today's job market. Accounting, advertising, banking, business management, computer science, health services, law, marketing, historic preservation, community agencies, education and human resources were among the career fields represented by alumni panelists.

After morning and afternoon panel discussions, an open session was held for an hour to allow students to visit with a number of alumni.

Panelists were entertained at brunch in the Dodge Room of Phi Beta Kappa Memorial Hall before the program.

Stan Brown and Bob Hunt '60 of the office of career services and Bess Littlefield '68 of the alumni office assisted students in planning for the program. Committee members included Jon Birdsall, Stephanie D'Atre, Toby Emert, Marlene Fuller, Chelsea Gilfoil, Chris Haase, Angelia Scott, Michael Sola, Jennifer Stowe, Suzan Thompson, Eileen Wall, Melissa Whitt and Janet Woo from the Class of 1991 and Tawnya Chesson, Michelle Manning and Robin Weatherholtz from the Class of 1992; and Chong Shin '93.

All but three of the alumni panelists who agreed to come showed up. The three that didn't had good excuses. Two were called to service in Saudi Arabia; the other, a reporter had to stay on the job because of a breaking news story.

One of the messages alumni brought was that study in any major provides good training for a number of different careers.

## NOTES

### Writing Resource Center

The Writing Resource Center will present a workshop on innovative pre-writing methods at 7 p.m., Thursday, Feb. 7.

The workshop will focus on generating and organizing ideas for papers.

Students may sign up at the Center, 115A Tucker Hall, or may call ext. 13925 to register for the workshop.

### Judo Lessons

Interested in Judo? The Judo Club holds lessons for students, faculty, administrators and their families from 6:30 to 8:30 p.m., Monday and Wednesday evenings in the wrestling room on the basement level of William and Mary Hall.

These lessons are free to members of the college community.

The Judo Club is chartered by the United States Judo Association and new members are welcome.

### Marathon To Benefit Track Team

The 12th annual Anheuser-Busch Colonial Half Marathon and 5K Fun Run will be held Sunday, Feb. 24.

All registrants will receive an official race T-shirt and will be eligible for random drawing merchandise prizes. Cash awards will be given to the first three finishers in the following male and female age groups in the half marathon: 19 and under; 20-24; 25-29; 30-34; 35-39; 40-44; 45-49; 50-54; 55-59; 60-64; 65-69; 70 and above. In the 5K Fun Run, awards will go to the top three finishers, male and female. There will be no age-group prizes.

Pre-registration for the half marathon is \$12 by Feb. 16; \$15 after that date. Number of entries is limited to the first 1,800. No entries will be accepted without money or signature.

For the 5K Fun Run, pre-registration is \$8 by Feb. 16; \$10 after the deadline.

Registration packets must be picked up from 10 a.m. to 12:30 p.m. on race day in the concourse area of William and Mary Hall. Packets will not be available at the starting line.

The awards ceremony will begin promptly at 3:30 p.m. in William and Mary Hall. Family and friends of participants are welcome. Refreshments will be served.

For further information on the races, contact Bonita Bates, ext. 13362.

### Physics Colloquium

Dr. Marvin Blecher, Virginia Polytechnic Institute and State University, will speak on "Radiative Muon Capture in Hydrogen," at 4 p.m., Friday, Feb. 8 for the physics colloquium in Small, Room 109. Coffee will be served at 3:30 p.m. in the conference room.

## New Policy Defines Smoking, Non-Smoking Areas

During the fall semester a smoking policy was adopted for the College. This policy limits smoking to specific areas within the facilities of the College.

### Campus Center Policy

At the Campus Center, the regulations are as follows:

1) Smoking is PROHIBITED in these areas: All meeting rooms, all food service areas, the TV Room, the Games/Crafts Room, the Atrium, all hallways, restrooms, stairwells and open areas, all elevators and storerooms.

2) Smoking is ALLOWED in the following areas, ONLY: Trinkle Hall, the Ballroom and the Main Lobby. Student organization and administrative offices may make their own determination as to whether they will allow smoking in their offices. Should the decision be to allow

smoking, please be considerate of the nearby offices to where the ventilation system may draw the smoke.

### Collegewide Policy

The smoking of tobacco products at The College of William and Mary shall be restricted in designated areas campuswide.

Smoking shall be prohibited in the following areas:

- All classrooms
- Meeting/conference rooms,
- Dining facilities (Commons and Marketplace),
- Swem Library (including the 24-hour study lounge),
- Campus Center Television Room,
- and all other areas in the buildings not specified below.

Smoking shall not be prohibited in the following areas:

- Trinkle Hall
- Campus Center Ballroom
- Campus Center Lobby
- Law School Lobby

In accordance with the policy of self-determination in the dormitories, the residents of the dorms shall make, at the beginning of the academic year, a policy pertaining to the smoking of tobacco products, to include hallways, restrooms, lounges, and all other areas with exception of individual rooms of residence.

Accordingly, private faculty, administrative, and organizational offices shall determine their own policies regarding the use of tobacco products.

Copies of this policy will be available in the main office of the Campus Center, room 110.

## VIMS Seminars To Focus On Environmental Hazards

A series of seminars on coastal hazards is being sponsored by the Virginia Institute of Marine Science. Dr. Bruce Hayden and Dr. Robert Dolan of the department of environmental sciences, University of Virginia, will discuss "Coastal Storms and Dynamic Response" on Feb. 13.

Seminars are held from 3 to 5 p.m. in Watermen's Hall on the VIMS campus, Gloucester Point. All seminars are free and open to the public.

These seminars are being offered as part of the School of Marine Science's annual spring interdisciplinary seminar course. This course offers graduate students a vehicle for in depth analyses of topics while providing the students and the public an opportunity to hear from and interact with experts from outside the School.

Seminar dates and topics are as follows:

**Feb. 27**—"Earthquake Risk along the Atlantic Seaboard, Dr. David Amick,

Ebasco Services, Inc., Greensboro, N.C.

**March 20**—"Ecosystem Response to Foreign Species, Dr. James Carlton, maritime studies program, Williams College, Mystic, Conn.

**April 3**—Environmental Response to Toxic Substances, speaker to be announced.

**April 17**—"Factors Affecting Fluctuations in Resource Populations," Dr. Joseph Mihursky, Chesapeake Bay Laboratory, Solomons, Md.

**April 24**—"Climate Change and Coastal Ecosystem Response, Dr. Victor Kennedy, University of Maryland, Horn Point Laboratory.

### Funding For Student Organizations

Eligible student organizations may now apply for funding from the Board of Student Affairs for fiscal 1991-92.

Budget packets are available in the office of the student activities accountant, Campus Center 207-C. Pre-budget seminars will be held from 2 to 4 p.m. Monday, Feb. 11 and 3 to 5 p.m., Wednesday, Feb. 12 in room C of the Campus Center to answer questions and assist in budget preparation.

Deadline for submittal of funding requests will be 4:30 p.m., Wednesday, Feb. 20.

For further information contact Anita Hamlin, student activities accountant, ext. 13271; or Kenneth E. Smith Jr., associate vice president for student affairs, ext. 13270.

## CLASSIFIED ADVERTISEMENTS

*Classified ads are included as a service to members of the College community and will be accepted from faculty, staff, students and alumni only. Ads should be no longer than 40 words and must be submitted in writing to the William and Mary News office no later than 5 p.m. on the Friday preceding the first insertion.*

### FOR SALE

Townhouse/Skiffes Creek Terrace, 3-BR, 2-1/2 baths, fireplace and all appliances; large eat-in kitchen with bay window; end unit with deck and privacy fence. \$79,500. Call Cindy at 887-0117, leave message. (2/13)

Two orange swivel rockers, round colonial style kitchen table with four high back chairs. Call 565-2035 after 5 p.m. (2/13)

Peugeot 12-speed bicycle, great condition. \$95 or best offer. Call 220-6619. (2/6)

Ford Mustang, 1968 2-door hardtop, 6-cylinder; original owner. 93,000 miles, original interior in very good condition. \$2,300. Call evenings and weekends, 229-7049. (1/30)

'75 Ford Gran Torino station wagon; V-8, automatic transmission, power steering, AM/FM, 84,000 miles, good tires. \$500 or best offer. Call 221-3757. (1/30)

### FOR RENT

Patriot Condo: All appliances, fireplace. 2-1/2 miles from campus. Ideal for grad students or couple. \$450 month rent, or approximately \$550

month owner financed purchase option. Call 229-4461. (2/13)

Seeking exceptionally nice people to rent 3-BR home in Powhatan Shores. \$625 per month. No pets. Call 564-3011 after 6 p.m. (2/6)

One, two or 3-BR (furnished or unfurnished) and full house privileges. Executive home, gorgeous setting, furnished, storage, everything provided (appliances, dishes, TV, VCR, gas grill, firewood, etc.), 2-car garage. \$195 to \$295 (negotiable) plus share utilities; individuals or families. Call 220-8349 ('85 grad). (2/6)

Outer Banks family vacation home (north of Duck): 5-BR, sleeps 12. Three tiled full baths (two whirlpools). Central AC, heat, microwave, dishwasher, washer/dryer, TV, VCR. No smoking. Excellent ocean view, 150 yd. to beach, tennis (amenity). \$1,050/week. Call 221-3889. (1/30)

Williamsburg Patriot condo, convenient location three miles from W&M. Two large BRs, two full baths; all appliances included: disposal, dishwasher, washer and dryer; air-conditioned and fireplace. Immaculate condition, just painted. Prefer graduate student, professional. No pets. \$545 per month plus utilities. References and one month's security deposit required. Year's lease desired (or

until Aug. 15). Call Dr. Richard Nelson, 220-3251. (1/30)

### WANTED

Student models—all types—for studio classes in fine arts department; primarily unclothed. Good pay, flexible hours. Call Professor Nanci Erskine, ext. 12528. (2/13)

Female roommate to rent furnished bedroom with private bath, kitchen privileges and washer/dryer in townhouse in secured community with other amenities. \$315 per month includes utilities. Call Betty at 221-1038 (daytime) or 229-3214 (evenings after 6 p.m.) Available February 8. (2/13)

Sitter for faculty member's 4-year-old, second semester. Tuesday/Thursday afternoons; possibly other times. Call 229-0244. (1/30)

To buy: baby crib with mattress or port-a-crib. Call 229-2430 (after 6 p.m.) (1/30)

### SERVICES

Typing: pick-up and delivery on W&M campus, reasonable rates. Housecleaning: windows or general cleaning, whatever suits your needs. Call 890-2309. (2/6)

Make that old kitchen look like new again! Kitchen countertop replacement, 15 years experience, quality work! Usually can take out old top and install new one in the same day! Call 890-0982 after 5 p.m. Ask for Bob. (2/6)

## EMPLOYMENT

The following positions at the College are open to all qualified individuals, unless otherwise noted. Visit the Office of Personnel Services, Thiemes House, 303 Richmond Road, for information, a listing of vacancies and application forms, Monday-Friday, 8 a.m. to 4 p.m. Call ext. 13150. All applicants must submit a completed Commonwealth of Virginia Application form to the Office of Personnel Services.

Deadline for applying for the following positions is 5 p.m., Friday, Feb. 2, unless otherwise noted. Postmarks will not be honored.

**Security Guard** (unclassified)—\$5.43 per hour. Approximately 30 hours per week. #H233 and #H138. Location: Campus Police

**Secretary** (unclassified)—\$6.49 per hour. Approximately 20 hours per week. #H367. Location: Chemistry.

**Secretary Senior** (unclassified)—\$7.10 per hour. Approximately 15 hours per week. *Restricted appointment with funding subject to renewal June 30.* #H126. Location: VIMS (Physical Oceanography)

**Fiscal Technician Senior** (unclassified)—\$9.27 per hour. Approximately 30 hours per week. #H166. Location: Law School

**Executive Secretary** (Grade 6)—Entry salary \$16,135. #H230. Location: VIMS (Dean/Director's Office).

**Institutional Health Director** (Grade 20)—Entry salary \$56,168-\$85,759. #227. Location: Student Health Services. *Deadline: March 22.*
