## Sullivan Seeks More Support For Budget

**B**etween now and March when the General Assembly sends its budget recommendations to Gov. George Allen, President Timothy Sullivan will spend substantial time in Richmond making the case for William and Mary.

In fact, the president began the process earlier this month with testimony before the House appropriations and Senate finance committees at a hearing in Portsmouth. In addition, Sullivan has visited a number of legislators in their hometowns to promote William and Mary's cause in particular and higher education in general. The President's message is that, while Gov. Allen's budget recommendations are a good starting point, the Commonwealth needs to do much more for higher education during the next two years than is recommended.

Stewart Gamage, vice president

*"Given where we've been the past two years, the governor's budget is positive. However, we have major concerns..."*  
—Sam Jones

for public affairs, who works closely with Sullivan on legislative issues, said, "The most essential building block is obviously faculty salaries and investment in both teaching and research as well as financial aid for our students. The other side of the equation is building a strong infrastructure, which includes both technology and support for Swem Library and new science laboratories.

"Our success," said Gamage, "is in many ways linked to our ability to make the case for higher education across the state, and in that regard the business community is essential."

Sam Jones, vice president for planning and budget, added that,

## Storm Troopers

*Employees unite as winter storms close College for three days*

**W**hen a colleague at William and Mary asked Lisa Dessofo, acting director of buildings and grounds, how she enjoyed her days off during "The Snowstorm of the Century," she probably didn't know whether to burst into laughter or cry from exhaustion.

Dessofo and about 40 others in buildings and grounds are what's known as "essential personnel" at William and Mary. Not only did they not get any days off, but many of them went far beyond the call of duty. Team Leader Norton Vincent, for instance, stayed at the College for 48 consecutive hours fighting the snow and ice. David Tidwell and Michael Turnage worked 24 hours without sleep responding to power outages and a heating plant breakdown.

Putting the magnitude of the storm into perspective, Campus Police Chief Richard McGrew said it was worse than anything he had seen during three years in Minnesota.

Trying to move the snow would have been hard enough for a college that is ill-equipped to deal with even

**HEROES OF THE GREAT STORM**  
Dubbed "essential employees," members of Facilities Management proved they were just that during the recent snowstorm. Above, back row are Dave Kennedy and Lisa Dessofo; front row, Bill Ferguson, Norton Vincent and Ernest Kirby. Left, Ferguson, Carlton Brooks and Ernest Pursell were still laboring Monday to clear the icy snow from the sidewalks. Below, the Wren Yard glistens in the sun.

a modest snowstorm. But the maintenance crew also had to battle ice, a heating plant failure, downed trees, leaking roofs and burst heating pipes.

What they lacked in numbers and equipment, however, the plant and maintenance crew made up

for in teamwork and dedication. During an appreciation breakfast Tuesday morning, President Timothy Sullivan described the workers as "heroes and heroines" and thanked them for "their extra effort over the past 10 days." The president could speak from personal experience. On Monday, five workers had to extract his car from the President's House parking lot after he had "buried it up to the axles" while trying to get out for a meeting.

As Bill Merck, vice president for administration and finance, noted:

"I was really impressed by the dedication and spirit of the maintenance crew in tackling a tough job under extremely

## Yankovich And Longo To Receive TJ Awards

**P**rofessor of Education James Yankovich and Associate Professor of Modern Languages Teresa Longo will be the recipients of this year's Thomas Jefferson Awards on Charter Day, Feb. 3, in Phi Beta Kappa Hall. The awards, both endowed by the Robert Earl McConnell Foundation, are awarded each Charter Day to members of the William and Mary community whose contributions best exemplify the spirit of Jefferson, a student at William and Mary from 1760 to 1762.

Yankovich, a professor of education at William and Mary since 1974, will be presented with the 1996 Thomas Jefferson Award. This award is given to an individual who embodies the qualities that Jefferson thought essential to the future of democracy: intellectual rigor, social commitment, and ethical leadership.

"I've always felt privileged to be at William and Mary," said Yankovich, who served as dean of the School of Education from 1974 to 1984 and who plans to retire at the end of this semester. "I really thought that I would only be here five or six years and but I was 'seduced by the brickwork' and by the excellent colleagues and students who make it a joy to work here every day.

"It's a great feeling of pride when you're working at a place that has such a fine reputation," he added. "More specifically, I'm very proud that our School of Education now enjoys a national reputation. It was recently ranked 24th by superintendents across this country."

• During his career, Yankovich, has worked as a public school teacher, a counselor, and a principal. He also served as dean of academic affairs at the University of Michigan-Flint before coming to William and Mary.

After retirement he plans to spend more time with his family, and concentrate on his favorite hobby, playing jazz piano.

# Yankovich, Longo Garner TJ Awards

CONTINUED FROM PAGE 1.

The Thomas Jefferson Teaching Award, established as a tribute to educators at William and Mary who once helped to shape the young Thomas Jefferson, will be given to Teresa Longo, associate professor of modern languages. The Jefferson Teaching Award traditionally honors a younger faculty member who, in the eyes of students and colleagues, is dedicated to preparing young men and women for lives of intellectual autonomy and commitment to the public good.

Longo, who came to the College in 1988, teaches Spanish and Latin American literature and culture, with a particular focus on modern Latin American writers.

One of the hallmarks of Longo's teaching is her emphasis on drawing connections between what she teaches and the "real world." She sees this exercise as instrumental in "bringing alive"

otherwise inaccessible and esoteric material.

"If I'm good at something," she said, "it's making these connections and showing my students how to do it as well."

For instance, in her course on Latin American cultural history, Longo demonstrates a tie between ancient Mayan history and culture and a Guatemalan woman who won the Nobel Peace Prize in 1992.

"One of my greatest rewards happens when students get excited about these connections," explained Longo. "But more important is seeing them making their own discoveries—reading their research papers and learning of a connection that they made on their own without having it fed to them."

Ultimately Longo hopes her teaching fosters a greater awareness among her students of the importance of understanding among different cultures.

by Peggy Shaw and Poul Olson

Teaching in the shadow of famous Latin American writer Jorge Luis Borges is Teresa Longo.

Jim Yankovich retires at the end of this semester after 22 years at the College.

## Faculty Salaries Top Budget Initiatives

CONTINUED FROM PAGE 1.

"Given where we've been the past two years, the governor's budget is positive. However, we have major concerns in the areas of faculty salaries, campus technology needs and the library."

In the area of faculty salaries, the College's top priority, Gov. Allen has recommended \$1.1 million or a 5.1 percent increase in the second year

of the biennium (1997-98), but no increase in the first year. President Sullivan has proposed a 9 percent increase for each year of the biennium, which would enable faculty salaries to climb from the 27th percentile in their peer group to the 60th percentile over a two-year period. The State Council of Higher Education would achieve this same objective over a four-year period. Classified employees would receive a 3 percent increase in the second year but no increase in the first.

Noting that "We cannot provide the best by investing the least," Sullivan told legislators in Portsmouth on Jan. 3 that, while William and Mary is rated the top pub-

lic teaching institution in the nation by *U.S. News and World Report*, the future is not promising without increased investment in faculty salaries.

"There is no secret to our success," he said. "The academic foundation of any university rests with its faculty, and William and Mary is no exception. It is for this reason that our situation with regard to faculty is so serious."

"The College...has fallen to 27 percent of its peer institutions with regard to faculty salaries," he continued, "[while] the figure is only 14 percent for entering faculty members. We simply cannot compete with national universities when our salaries are not keeping pace even with the universities in our own region."

Although the governor's budget provides \$1.1 million to hook the Col-

lege up to a statewide technology network, it ignores a request for \$4.5 million for on-campus technology needs that would fund additional hardware, software and support personnel. In addition, his capital outlay budget provides \$12.3 million for the expansion and renovation of Rogers Hall, the College's third capital outlay priority, but includes no money for the top priority—a \$26.9 million expansion and renovation of Swem Library. Since the funding for Rogers Hall is contingent on the sale of surplus property statewide, a schedule for its completion cannot be projected.

In other highlights of the governor's budget recommendations, he allows the College to keep all of its restructuring savings (\$2.1 million) as well as savings resulting from the Workforce Transition Act. He also provides \$1,422,000 in additional funding for non-personnel services such as library materials and buildings and grounds maintenance. The budget does not require a tuition increase in the first year of the biennium but does allow the Board of Visitors to increase tuition up to the rate of inflation. In the second year, the budget would require a tuition increase of 3 percent to support William and Mary's share of faculty and classified salary increases.

The governor's recommendation will be reviewed, studied and probably altered by the General Assembly between now and March, when a final budget will go back to Allen for his review and approval. President Sullivan hopes to use the window during the session to carry the College's case to the legislators.

by S. Dean Olson

## Substance Abuse Concerns Faculty, Study Finds

Task force to hold brown bag luncheons

A study conducted by the Alcohol Task Force has found a growing awareness among William and Mary faculty of substance abuse issues on campus.

In 1993 and 1995, the task force surveyed both faculty and professional staff. A comparison of results from the studies indicates that faculty and professional staff members have become more aware of the negative impact of substance abuse on academic life.

For example, 91 percent of respondents in the 1995 study agreed that students' drinking has a negative effect on student behavior, compared to 80 percent in 1993.

The comparison also found that more faculty and professional staff members, 62 percent of respondents in 1995 versus 46 percent in 1993, believe that they can recognize a student or colleague with a drug or alcohol problem.

Forty-two percent of respondents in the 1995 study, compared to 35 percent in 1993, expressed interest in attending a workshop on alcohol or other issues.

Two hundred and ninety-five faculty and professional staff members responded to the Alcohol Task Force's survey in the spring of 1995 compared to a total of 170 in 1993.

To explain the results of the two surveys more fully and to provide a forum on substance abuse issues, the Alcohol Task Force is sponsoring a faculty brown bag at noon on Thursday, Jan. 25, in the York Room of the University Center. Beverages and dessert will be provided.

For more information, call Ken Smith, associate vice president for student affairs and chair of the Alcohol Task Force at ext. 13300 or Mary Crozier at ext. 13631.

## Strategic Planning Implementation Committees' Reports On WAMI

Reports (without appendices) from the following Strategic Planning Implementation committees are available on the William and Mary Information System under the Office of the Provost: American Culture Cluster; Computational Science; Environmental Science and Policy Feasibility; Natural Science and Technology; Policy Studies Cluster; and Public Policy Program Review.

Two copies of the reports with appendices are available at Swem Library in the Reserve Reading Room.

For more information, call the Office of the Provost at ext. 11993.

## Technology Upgrades Continue Across Campus

Over the semester break, the Computer Center installed 16 additional ports that provide access to Gopher and the William and Mary Information System.

Eighty users will now be able to access the system simultaneously. Eight more ports are

scheduled to be added in the next several weeks.

The Computer Center anticipates that the load on Gopher will lessen as more users are connected to the fiber backbone. The new backbone currently supports 21 academic and professional departments. More are being added weekly.

A second student mail server

(MAILA) was also installed recently. In an effort to improve mail service to students, the Computer Center plans to distribute the student mail load between the current server and the new one over the next 18 months.

Pentium processors have been installed in the Morton 240 and the Swem 125 computer labs. Approximately half of the machines will have multimedia capabilities.

## making headlines

### Legal Reporter In Residence At Law School

Fred Patterson Graham, a veteran legal reporter, will be in residence at the law school, Jan. 29-Feb. 1, as the Carter O. Lowance Fellow in Public Service.

On Jan. 31, a "Town Meeting" with Graham on the O. J. Simpson case and media coverage of the trial, will be held from 4 to 5 p.m. in Marshall-Wythe 220. The meeting is open to the public.

From 1965 until 1972, Graham served as Supreme Court correspondent for *The New York Times*. Until 1982, he was the *CBS News* law correspondent in Washington, D.C.

Since 1989, he has been the chief anchor and managing editor of the Courtroom TV Network.

The Carter O. Lowance Fellowship, established in 1989, is conferred on a person in public life whose achievements merit special recognition. While at the law school, the fellow meets with students and participates in classes.

### New Campus Card System To Be Selected

The Office of Auxiliary Services is in the selection process for choosing a vendor to supply a new campus identification card system.

Although the current system is five-years-old, the industry and technology have changed significantly over this time. The College anticipates that the purchase of a new system will reduce long-term costs and provide improved customer services, as well as enable departments to expand applications in their respective areas. The system should be installed by July.

Persons who wish to comment or be involved in the selection process may contact Mark Gettys at mmgett@facstaff.wm.edu or ext. 12435.

### Motorists Reminded About

#### James Blair Drive Traffic Pattern

Campus Police remind all College motorists that James Blair Drive is a one-way street out to Richmond Road, except between 7 and 9 a.m. weekdays.

During this time, a police officer has been posted on the campus road to assist motorists who work in Tyler and Tucker Halls in entering James Blair Drive from Richmond Road against the normal flow of traffic.

Entrance from Richmond Road onto James Blair Drive at any other time is a traffic violation.

Campus Police advises that drivers who violate the "DO NOT ENTER" or "ROAD CLOSED" signs will be subject to being ticketed.

Individuals who need to make a delivery or to unload heavy objects into Tyler or Tucker Halls, or the rear of Blow Hall need to contact Campus Police at ext. 14596 for assistance prior to delivery.

The current traffic pattern and restrictions will be in effect until completion of construction on James Blair Drive sometime later this year.

### Listing Of College Media Coverage On WAMI

The Office of University Relations has begun bi-weekly posting on WAMI of selected media coverage garnered by the College of William and Mary, its faculty, staff and students. The listing can be found under Campus News /Office of University Relations. Copies of all listed articles are available by calling University Relations at ext. 12630.

### Application Deadline For Student Conference Funding Nears

The Office of Student Activities has established a fund designed to support individual graduate and undergraduate students who attend conferences. The application deadline is Jan. 22 for conferences between Feb. 1 and April 30, 1996, and April 15 for conferences between May 1 and Sept. 30, 1996.

Funding priority will be based on the following criteria: students who are invited speakers (\$400 maximum); students who submit papers that are accepted at a conference (\$300 maximum); student representatives of law school organizations attending a regional or national conference for that organization (\$200 maximum); and students wishing to attend a conference in an area of special interest (\$100 maximum).

For more information, contact Anita Hamlin in the Office of Student Affairs at ext. 13271.

## Storms' Aftermath Will Be Felt For Months

CONTINUED FROM PAGE 1.

adverse conditions, especially since we don't have the equipment or staff to deal with snow and ice of this magnitude. Long hours and hard work made the difference."

Merck could count himself in that group. Ernest Kirby, a team leader on the maintenance crew, had to break through a layer of ice over a manhole near Ewell Circle during the weekend to enter a steam tunnel and adjust a valve to give heat to a women's gymnastic group huddled under blankets in Sorority Court. For safety purposes in the tunnel at night, Merck and Greg Wiggins rushed over to Ewell Circle to accompany Kirby into the steam tunnel.

Workers began fighting the storm at midnight on Saturday, loading sand and cleaning roads and parking lots. By Sunday, 15 more workers were on the job shoveling sidewalks. Although they fought a losing battle as the snow continued to come down, Bill Ferguson, another team leader, noted that "You can't just let it pile up. Dealing with snow means working until roads and sidewalks are clear." Echoing this spirit of dedication, Kirby said, "You gotta do what you gotta do."

Their job was complicated on Friday by a power plant failure that lasted until Saturday evening. As a result, workers had to go through College buildings to regulate the heating equipment so it wouldn't pull in cold air. When the power came back on Saturday night and the hot air rushed through the cold pipes, gaskets blew in the

*"When it's not safe for employees and students to be on campus, we don't want them here."*

*—Bill Ferguson*

pipes of several buildings, which required workers to go into steam-filled rooms to repair the damage.

More problems erupted when the clutch failed in the College's only snow plowing dump truck after 12 hours in service. Dessoffy acted quickly to bring in a private contractor to continue the work.

By Monday of this week, workers had dumped 30 tons of sand on the roads and sidewalks on campus. That will lead to additional work in the future when the sand will have to be swept up to prevent it from plugging up the storm drains. In addition, the maintenance crew will have to repair damage to gutters and roofs, and the landscape crew must repair ruts in lawn areas and replace ruined plants and shrubbery. "It will probably take until April or May to deal with the aftermath," said Dessoffy. "This will definitely hurt our budget."

If there was any good news associated with the storm, it was the

The winter storms took their toll on a number of trees around campus, including this one in the Common Glory parking lot that was uprooted.

fact that it happened while the students were away on Christmas break. After the College made the decision to close the College on Monday, Tuesday and Friday, that enabled the maintenance crews to get into the parking lots and other areas unimpeded. In addition, it lowered the risk of injury on the icy sidewalks and roads.

"It happened at the best time," said Ferguson. "When it's not safe for employees and students to be on campus, we don't want them here. It's our job to get the campus cleaned up, and it helps not to have

cars in the lots."

With the input of Vice President Merck and other administrators, Provost Gillian Cell is responsible for deciding whether to close the College. Merck said he gathers information by reviewing the weather forecasts and consulting with facilities-management employees and campus police to get a sense of the approaching weather and campus conditions. Before the initial storm, the decision was made on Sunday afternoon, but it took until 5 a.m. on Friday to decide to close the College on Jan. 12. It was not so much the snow forecast that affected the decision on Friday as the prospect of ice on campus that made the roads and sidewalks unsafe. Merck said the College not only has to be concerned for the problems employees have getting to work but their safety once they arrive on campus.

Merck noted that the sense of dedication was evident in many parts of the College. Once the decision to

close was made, the University Relations staff communicated it to the area news media. In the Wren Building, Louise Kale remained on duty throughout the storm to oversee that facility and the Muscarelle Museum of Art while spending her nights in a nearby motel so she could make it to the campus. And even the Payroll Office and Computer Center got into the act. Merck said that the College had been in the process of implementing a new human resources system that affected the first payroll of the new year when the storm hit. While snowed in at their homes, Michelle Wright of the Payroll Office and Judy Ewart of the Computer Center used their modems to communicate and iron out some bugs in the system. "They managed to pull it off so everybody could get paid on time," said Merck.

# DEPARTMENTS & SCHOOLS

## American Studies

The following faculty and students delivered papers at the American Studies Association Conference this past November: **Joanne Braxton**, Cummings Professor of American Studies and professor of English, presented "Symbolic Geography and Rituals of Healing in Maya Angelou's *I Know Why the Caged Bird Sings*"; graduate student **Marland Buckner** spoke on "Self-Possession and the Freedman's Bank"; **Dale Cockrell**, Bottoms Professor of Music, presented "Of Soundscapes and Blackface: From Fools to Foster"; graduate student **Ywone Edwards** spoke on "Trash Revisited: A Comparative Approach to Historical Descriptions and Archaeological Analyses of Slave Sites"; Assistant Professor of English **Kirsten Gruesz** was moderator for a conversation on teaching American studies comparatively; Assistant Professor of Anthropology **Grey Gundaker** was chair of a session on symbolic geographies in African-American literature and material life; **Sandra Gustafson**, a postdoctoral fellow at the Institute of Early American History and Culture, presented "Deborah Sampson Gannett Was a Woman Warrior ... and so Was George Washington: The Framing of Gender Identity and Difference in Early Republican Politics"; Assistant Professor of American Studies **Arthur Knight** spoke on "Toward an Intellectual History of African-American Film Criticism: The Thirties"; Adjunct Assistant Professor **Ann Smart Martin** was a conversation facilitator for a session on issues in material culture studies; Associate Professor of English **Jacquelyn McLendon** was chair for a session on new perspectives on the Harlem Renaissance; visiting Assistant Professor of English **Kenneth Price** spoke on "Crossing, Mixing, Bedeviling: Walt Whitman, Gloria Naylor, and the Politics of 'Polish'd and Perfect Limbs'"; graduate student **Gretchen Schoel** presented "Inner Cities, Colonial Costumes, and the Japanese: Experiencing Multiculturalism on American Grounds"; graduate student **Renee Sentilles** spoke on "Adah Issacs

Menken in San Francisco: Bohemian Days"; graduate student **Yujin Yaguchi** presented "Framing the Empire of the Rising Sun: Americans and the Colonization of the Ainu in Late Nineteenth-Century Japan."

Also in November, graduate student **Megan Haley** was a speaker at the Stonewall Jackson House conference on African-American history.

## Anthropology

Associate Professor **Tomoko Hamada** wrote an article "Inventing Cultural Others in Organizations: A Case of Anthropological Reflexivity in a Multinational Firm" for the *Journal of Applied Behavioral Science*, vol. 31, no. 1. She has also been elected to be a member of the board of the Virginia Foundation for the Humanities and Public Policy.

## DIRECTIVES

Having left the house where the TV wails  
you must wait for the moon to sculpt the dogwood  
to a statue of frost, for the crepe myrtle  
to catch fire so you can light your hands,  
for the chimney's rag of smoke to blind you.  
You must open your mouth so that stars  
freeze your tongue like snowflakes.  
Now you can tell yourself you are a wind  
wholly without body. You can travel  
past trees bowing and shaking their flags,  
past hayfields muttering simple prayers.  
You can climb slopes of the Blue Ridge  
and lose yourself in the dark between stars.  
Now there is nothing to do but go back  
to the house, nothing to do but whisper  
your song of starlight and distances  
to your daughter who wails in her crib,  
nothing to do but open the window and point  
to the red candle flames on the dogwood,  
the bones of pepper plants and tomatoes  
bending toward cultivated loam, milkweed seeds  
parachuting over garbage pails and newspapers  
like words that float and take root.

—Henry Hart  
*The New Yorker*, Oct. 24, 1995

## Capital Outlay

*Inform Magazine* featured **Ksenia Jaroshevich**, director of capital outlay, in a segment on three female architects who work at Virginia colleges. In the article, Jaroshevich discusses the challenges of overseeing building and renovation projects on a campus of "major historic significance."

## English

Associate Professor **Susan Donaldson** edited the latest issue of *The Faulkner Journal*. The issue includes an introductory essay by Donaldson and 10 essays examin-

ing Faulkner's work from the perspective of the new scholarship on sexuality.

Three additional essays by Donaldson have also been published recently. "Meditations on Nonpresence: Re-Visioning the Short Story in Eudora Welty's *The Wide Net*" is included in *The Modern American Short Story: Sequence as Genre* (Cambridge University Press). "Keeping Quentin Compson Alive: *The Last Gentleman, The Second Coming* and the Problem of Masculinity" appears in *Walker Percy's Feminine Characters* (Whitston Publishing Company). "Ellen Douglas' *Black Cloud, White Cloud* and the Fragmentation of Narrative" is included in the latest issue of *Southern Quarterly*.

Donaldson was also an invited speaker at the International Faulkner Symposium held last May in Norway where she spoke on "Dangerous Women and Gothic Debates: Faulkner, Welty, and Tales of the Grotesque."

A poem titled "Directives," by Associate Professor **Henry Hart**, was published in the Oct. 24 issue of *The New Yorker* (see left).

## Government

Assistant Professor **Christopher Howard** recently had an article published titled "Testing the Tools Approach: Tax Expenditures versus Direct Expenditures," in the September/October 1995 issue of *Public Administration Review*.

## Philosophy

Professor **William Cobb** recently presented his paper "Go and Eastern Philosophy" at a meeting of the American Society for Aesthetics in St. Louis.

Several faculty members recently attended the meeting of the Virginia Philosophical Association at Washington & Lee University. Associate Professor **Dorothy Coleman** and Professor **Alan Fuchs** commented on papers, and Haserot Professor of Philosophy **James Harris** presented a paper titled "Individuating Gods." Coleman was also elected president of the association for the coming year.

## Psychology

Professor **Ellen Rosen** participated in a symposium on "Multi-

media in Instruction" at the meeting of the Society for Computers in Psychology in Los Angeles in November. She co-authored a paper for the event titled "Selecting an Appropriate Multimedia Authoring Language." Rosen is a member of the board of directors of the society.

## Religion

**James Livingston**, Mason Professor of Religion, organized and chaired a session on "The Contextualization of 19th Century Theology" that was held at the meeting of the American Academy of Religion in Philadelphia, Nov. 18-21. Livingston also edited and wrote the introduction to the volume of printed papers from the meeting. **Frank Turner '66**, John Hay Whitney Professor of History at Yale University, delivered one of the papers titled "The Oxford Movement in its Social Setting."

James Livingston

## School of Business

W. Brooks Professor of Business Administration **Robert Fulmer** is editor of a special issue of *The American Journal of Management Development* on the theme, "Global Learning: for Managers and Organizations." He authored the lead article "Ten Management Development Commandments for Global Competitors in the New Millennium." The issue also contains an article titled "Anticipatory Learning for Global Success," co-authored with Assistant Professor **Hildy Teegen**.

Teegen was also invited by the North American Committee to speak on business alliances and integration in Mexico in October. This committee is composed of leading businessmen in the United States, Canada and Mexico with the purpose of furthering private initiatives supportive of economic integration in the region and of lobbying their respective governments to that end. Teegen is also currently giving a series of lectures via satellite on alliances and international marketing to executives in Mexico. The participating executives are supporting her research efforts by providing in-depth data on franchising, strategic adaptation under NAFTA and their alliance behavior in NAFTA.

Professor **Henry Mallue** presented a paper on "Enhancing Civil Rights of the Elderly" at the

Henry Mallue

Fifth Annual Florida Civil Rights Conference, Nov. 15-17, in Tallahassee, Fla. He appeared on the closing luncheon program with State Rep. Lars Hafner and Lt. Gov. Buddy MacKay. His remarks focused on a bill adopted by the Florida legislature last spring that made substantive changes in various areas of civil rights protection for the state's aging population.

Professor **Robert Solomon's** second article in a three-part series was published in *American Medical News*.

Professor **William Stewart** has been appointed as an associate editor of the *Journal of Hueristics*. Stewart also co-authored the paper "Modeling Natural Gas Pipeline Expansion Using Mixed Integer Programming" that appeared in *Applications of Management Science*, vol. 8.

**Wanda Wallace**, John N. Dalton Professor of Business Administration, had her co-authored article "Equity Market Benefits to Disclosure of Geographic Segment Information: An Argument for Decreased Uncertainty" published by the *Journal of International Accounting, Auditing, Taxation*, vol. 4, no. 2. Wallace has also joined the editorial board of *Accounting and Business Research*, a research quarterly published by the Institute of Chartered Accountants in England and Wales, and had her article titled "FASB Must Be Kidding About Segment Reporting" published in the Sept. 10 issue of *Accounting Today*. Wallace also had her article titled "What Questions Must Be Answered to Evaluate Whether the 150-Hour Initiative Is Progress?" published by the Center for Research in Accounting Education, James Madison University, in *Change in Accounting Education: A Research Blueprint*.

## School of Education

**Brian Blouet**, Fred J. Huby Professor of Geography and International Education in the School of Education and government department, recently presented a paper titled "The Political Geography of Europe: 1900-2000 A.D." at the annual meeting of the National Council for Geographic Education.

Faculty and staff from the School of Education made several presentations at the 42nd annual convention of the National Association for Gifted Children (NAGC), held Nov. 8-12, 1995, in Tampa, Fl. Assistant Professor **Jill Burruss** presented "True Voice: Mixed Designs for Evaluating Gifted Programs." **Linda Boyce**

spoke on "Literature: Catalyst for an Integrated Language-Arts Curriculum." **Joyce VanTassel-Baska** delivered "Language-Arts: Exemplary-Curriculum Pilot Results." **Claire Hughes**, Center for Gifted Education, presented "Language Arts Instruction for Gifted/LD Students." Hughes and VanTassel-Baska co-presented "Analysis of Exemplary Specialized Schools for the Gifted."

**Dorothy Finnegan**, assistant professor, co-edited a book, currently in press, for the ASHE Reader Series titled *Faculty and Faculty Issues in Colleges and Universities*. Finnegan also co-authored "Disciplinary Adaptations to Research Culture in Comprehensive Institutions" for the Winter 1996 issue of *The Review of Higher Education*.

Professor **Mark Gulesian** had a poem titled "Coda" published in *The Poet's Domain*, an annual collection of works by poets in Delaware, Maryland, Pennsylvania, Virginia and the District of Columbia.

Gulesian recently spent two days evaluating the English program at Norfolk Academy in Norfolk.

Professor **John Lavach** presented "Detection of Academic Malingerers in College Students Requesting Curricular Modification" at the 15th annual conference of the National Academy of Neuropsychology in San Francisco, Nov. 1-4, 1995. At the same conference, Lavach also co-presented "Simple and Conditional Reaction Time Training and the Prognosis for Functional Outcome in Head Injured Adults." He also presented "Birth Order: Fact or Fiction" at the Virginia Association of Independent Schools Annual Professional Day Conference on Nov. 6.

**James Lynch**, assistant director of admissions, coordinator of multicultural and international recruitment, was recently selected as the 1995 recipient of the Margaret Ruthven Perry Award. This award goes to the author of the article rated best by the editorial board of the *Southern Association of Collegiate Registrars and Admissions Officers Journal*. The article submitted was titled, "African-American Undergraduate Student Recruitment Strategies: A Case Study."

Several faculty members spoke at the 17th annual conference of the Council for Learning Disabilities, Oct. 26-28, 1995, in Chicago. **Virginia McLaughlin**, dean and Chancellor Professor, and **Lydia Boerio**, visiting assistant professor, co-presented "Case Methodology and Collaborative Problem Solving: Powerful Approaches for Professional Development." **Chriss Walther-Thomas**, assistant professor, co-presented "Learning How to Plan Together: The Key to Successful Co-Teaching" with **Mimi Bryant** and **Sue Land**, 1995 graduates of the education school. **Lori Korinek**, associate professor, spoke on "Intervention Assistance

Teams: Collaborative Support for Teachers and Students."

Instructor **Laurie Rokutani** and Assistant Professor **Victoria Foster** co-presented a workshop titled "Twenty-Five Years After the Sexual Revolution: Coming to Terms with Who We Are" at the Virginia Counselors Association Annual Conference on Nov. 29, 1995.

Professor **James Stronge** wrote "Balancing Individual and Institutional Goals in Educational Personnel Evaluation: A Conceptual Framework" for vol. 21 of *Studies in Educational Evaluation*. Stronge was also a guest editor for the May 1995 issue of *the Journal of Personnel Evaluation in Education*. Stronge co-presented with **Pamela Tucker**, doctoral candidate, two sessions at the 57th annual conference of the American Association of School Personnel Administrators, held Oct. 5-9, 1995, in New Orleans, La. The sessions were titled "What to Do When It's Time to Revise Your Personnel Evaluation System" and "Teacher Evaluation and the Law: What Administrators Need to Know."

**Joyce VanTassel-Baska**, Smith Professor of Education and Director of the Center for Gifted Education, co-edited a book titled *Developing Verbal Talent* (Allyn and Bacon) with Center colleagues **Dana Johnson** and **Linda Boyce**.

Associate Professor **Brenda Williams** recently presented a paper, "Preservice Teachers and Multicultural Education," at the 18th annual conference of the Teacher Education Division of the Council for Exceptional Children in Honolulu, Hawaii.

Williams has also been invited to serve as a consulting faculty member for the Leadership Development Program, Federal Judicial Center, Division of Court Education, in Washington, D.C.

### School of Law

Assistant Professor **Rakesh Bhala** was recently named to the board of governors of the International Practice Section of the Virginia State Bar.

**John Donaldson**, Ball Professor of Law, recently made two presentations, "Review of Virginia Supreme Court Civil Cases" to the Judicial Conference of Virginia and "Charitable Giving Using Items of Income in Respect of a Decedent," to the third annual Estate Planning and Charitable Giving Seminar.

Professor **Trotter Hardy** participated on a panel in November on "Property in Cyberspace," sponsored by the University of Chicago Legal Forum.

**Martha Rush**, associate law librarian, is the president-elect of the Virginia Association of Law Libraries.

**Rodney Smolla**, Hanson Professor of Law, recently participated in a panel before the annual convention of the National Associa-

tion of Women Judges on media coverage of sensational trials. He also recently spoke at Hampton University on "The Changing Face of Civil Rights Law."

Smolla also was a panelist recently at a program on the Supreme Court held at the Annenberg Center for Communications Policy Studies in Washington, D.C. Broadcast on C-SPAN, this program marked the publication of *A Year in the Life of the Supreme Court*, a project of the Institute of Bill of Rights Law. Assistant Professor of Law **Kay Kindred** wrote a chapter for the book titled "Civil Rights and Higher Education" and was a participant in the televised panel.

### Society of the Alumni

Executive Vice President **Barry Adams** delivered a presentation on "Preparing the Alumni Association for a Leadership Role in Capital Campaigns" at a Dec. 1 meeting for advancement professionals of Kentucky higher education institutions. More than 200 alumni, development and public affairs professionals attended the conference held at the University of Kentucky in Lexington.

### Student Assessment

A number of faculty and students participated in the ninth annual conference on student assessment, Nov. 8-10, in Lynchburg. Senior sociology majors **Jennifer Dodd** and **Ari Rosberg** joined public policy and law graduate student **Stacia Riggs** on a joint panel session titled "Students: The Assessed as Assessors," organized by Assessment Coordinator **Susan Bosworth**.

Bosworth also presented a poster "Achieving Synergy in Assessment" by **James Olver**, director of undergraduate studies in the School of Business. The poster illustrated the links between reaccreditation by the American Assembly of Collegiate Schools of Business and the School's concentration assessment.

At the annual election of officers for the Virginia Assessment Group, Bosworth was also elected to the post of vice president for four-year colleges.

### Theatre and Speech

**Tamara Burk**, instructor, recently had her essay "Collaborative Group Performance Among Three Generations of Women" accepted for publication in the Spring 1996 issue of the journal *Women and Language*. Burk also gave a presentation last November at the National Speech Communication Association conference in San Antonio, Tx., titled "Multi-level Assessment in a Small Oral Communication Program at the College of William and Mary."

Departments & Schools and Recent Grants will be published in the News again sometime in early April.

## faculty making headlines

### St. Onge Receives Prestigious French Honor

The French government has awarded **Ronald St. Onge**, professor of modern languages and literatures, the rank of *chevalier* in the *Ordre des Palmes académiques*. Granted last July by the Office of the Prime Minister, the decoration recognizes St. Onge's commitment to furthering knowledge of French culture in the United States.

Ronald St. Onge

Emperor Napoleon created the *Palmes académiques* in 1808 to reward excellence of instruction in French public universities. Selected writers, artists, professors, and others in the French university system as well as a small number of foreigners receive the award each year.

St. Onge has taught at the College since 1970, has written extensively on early 20th-century French literature and collaborated in the writing of five college textbooks in French language and culture.

In an unusual move this year, France recognized both St. Onge and his wife, a French professor at Christopher Newport University, with the *Palmes académiques*—the first time a couple has received the award.

### Walecka Awarded Bonner Prize In Nuclear Physics

The American Physical Society has awarded **Dirk Walecka**, Governor's Distinguished CEBAF Professor of Physics, the 1996 Tom W. Bonner Prize in Nuclear Physics.

The prize, which includes a \$5,000 award, is designed "to recognize and encourage outstanding experimental research in nuclear physics," particularly in theoretical work.

Walecka was cited "for his preeminent theoretical guidance and inspirational leadership in exploiting electromagnetic and weak probes of the nucleus and for his fundamental contributions to the understanding of the nucleus as a relativistic quantum many-body system."

Scientific director at CEBAF from 1986-92, Walecka is the author of six books and more than 130 publications in scientific journals.

Dirk Walecka

### DeFotis Produces Satirical CD

Centaur Records released a compact disc last year of original music largely written by Associate Professor **William DeFotis**. The compilation, titled *Satire Is Serious Business. songs & other pieces by William DeFotis*, contains 22 "numbers." Fourteen of the pieces are satirical songs delivered by DeFotis. The remainder include a string quartet, a setting of e.e. cummings poems, and a trio.

The jacket cover to DeFotis' CD

Song titles include "The P.C. Tango," "Some of My Best Friends Are Women" and "Family Values."

Lecturers **James Masters** and **Howard Curtis**, bassist and drummer respectively, perform on "Honey, It Ain't Post-modern (to Be Hankering for You)."

Associate Professor of Music **Daniel Gutwein** engineered the digital recording of the songs in Ewell Hall.

DeFotis used the CD as illustration for the delivery of his paper, "My Settings of e.e. cummings and of Original Texts: Satire and Heterosexuality," at a conference last June on feminist theory and music at the University of California-Riverside.

### School of Arts & Sciences

**Macdonald, R. Heather**, dean of undergraduate arts & sciences, "An NAGT Program of Intensive Short Courses to Disseminate Effective and Innovative Strategies for Teaching Undergraduate Geoscience," Undergraduate Faculty Enhancement, National Science Foundation, \$153,000.

### Anthropology

**Kealhofer, Lisa K.**, visiting adjunct professor, "Reconstruction of the Paleoenvironment and Prehistoric Land Use in Thailand," National Geographic Society, \$22,196.

**Moyer, Curtis**, archaeologist, "Conservation of Poplar Forest Artifacts," Corporation for Jefferson's Poplar Forest, \$1,175.

### Center for Archaeological Research

**Blanton, Dennis B.**, co-director/research, and **Donald W. Linebaugh**, co-director/administration, "Phase III Supplemental Research, Route 10, City of Hopewell," Virginia Department of Transportation, \$36,406.

**Blanton, Dennis B.**, co-director/research, and **Donald W. Linebaugh**, co-director/administration, "Exhibit on Archaeological and Historical Investigations, James R. Olin Flood Control Project, Buena Vista," Army Corps of Engineers, \$10,000.

**Blanton, Dennis B.**, co-director/research, and **Donald W. Linebaugh**, co-director/administration, "Phase II Evaluation of Site 6, Route 199 Project, James City County," Virginia Department of Transportation, \$13,531.

**Blanton, Dennis B.**, co-director/research, and **Donald W. Linebaugh**, co-director/administration, "Phase II Archaeological Evaluation of Site 44[C]127, Proposed Route 199 Project, James City County," Virginia Department of Transportation, \$11,933.

**Blanton, Dennis B.**, co-director/research, and **Donald W. Linebaugh**, co-director/administration, "Phase I Archaeological Survey of the Proposed Route 58 Project, South Hill Bypass, Mecklenburg County," Virginia Department of Transportation, \$8,914.

### Applied Science

**Brown, Reggie**, visiting professor, "Improved Techniques for Modeling and Controlling Nonlinear Systems with Few Degrees of Freedom," Air Force Office of Scientific Research, \$22,725.

**Hinders, Mark**, assistant professor, "Lamb Wave NDE for Aging USAF Aircraft," Physical Sciences, Inc., \$21,200.

**Hinders, Mark**, assistant professor, "Trans-Laminar-Reinforced Composites," National Aeronautics and Space Administration, \$19,830.

**Manos, Dennis M.**, CSX professor, with research associate **Yong Xiang Hu**, "Examination of the Role of Clouds and Radiation in the Earth's Climate Systems," National Aeronautics and Space Administration, \$82,504.

**Manos, Dennis M.**, CSX professor, with graduate student **Tom Vanhaus**, "Research and Development at CEBAF," SURA/CEBAF, \$20,016.

**Manos, Dennis M.**, CSX professor, and **Charles D. Pruett**, research scientist, "Large-Eddy Simulation of a Subsonic Axisymmetric Jet," National Aeronautics and Space Administration, \$54,137.

**Manos, Dennis M.**, CSX professor, and **Christopher J. Welch**, research professor, "A Stress Imager Integrating Thermoelastic and Photoelastic Stress Analysis," Stress Photonics, Inc., \$50,000.

**Orwoll, Robert A.**, professor, "Studies of

Matrix/Fiber Reinforced Composite Materials for the High Speed Research Program," National Aeronautics and Space Administration, \$22,719.

### Biology

**Byrd, Mitchell A.**, research professor, "Bald Eagle Research," Virginia Department of Game and Inland Fisheries, \$10,032.

**Byrd, Mitchell A.**, research professor, "Peregrine Falcon Research," Virginia Department of Game and Inland Fisheries, \$9,488.

**Heideman, Paul D.**, assistant professor, "Individual Variation in a Neuroendocrine Pathway," Jeffress Memorial Trust, \$17,753.

**Reilly, Dorothy S.**, assistant professor, "Molecular Biology of the *Xenopus laevis* OCRL-1 Homologue Gene," Jeffress Memorial Trust, \$18,155.

### Chemistry

**Bebout, Deborah C.**, assistant professor, "Mechanistic Comparison of Evolutionarily Divergent Peptidyl-Hydroxylating Monooxygenases," Jeffress Memorial Trust, \$10,000.

**DeFotis, Gary C.**, Garrett-Robb-Guy professor, "Magnetism and Phase Transitions in Unusual Pure, Dilute and Mixed Magnets," National Science Foundation, \$47,182.

**Kranbuehl, David E.**, professor, "In-situ FDEMS Sensing for Analytical Monitoring of Reaction Chemistry," ICI Worldwide Industries, \$4,000.

**Siles, Barbara A.**, assistant professor, "The Characterization of Heterogeneous Agarose/Hydroxyethyl Cellulose Matrices for the Separation of DNA Fragments in Capillary Electrophoresis," Jeffress Memorial Trust, \$16,405.

### Computer Science

**Ciarlo, Gianfranco**, assistant professor, "Integrated Environment for Performance, Reliability, and Availability Modeling," Genoa Software Systems, \$9,960.

**Mao, Weizhen**, assistant professor, with graduate student **Lan Fan**, "Research and Development at CEBAF," SURA/CEBAF, \$20,016.

**Nicol, David M.**, associate professor, and **Gianfranco Ciarlo**, assistant professor, "Integrated Modeling Project," Duke University, \$16,234.

### Geology

**Kruse, Sarah E.**, assistant professor, "The Bigger Picture: A Project-Based Course on Environmental Geophysics and Geochemistry," National Science Foundation, \$75,908.

**Kruse, Sarah E.**, assistant professor, "Near-Surface Deformation Associated with the Terrace Zone of the Chesapeake Bay Impact Structure," Jeffress Memorial Trust, \$15,072.

### Mathematics

**Kincaid, Rex K.**, associate professor, "Actuator Placement for Active Sound and Vibration Control," National Aeronautics and Space Administration, \$27,568.

**Stanford, David P.**, professor, "Mathematical Sciences: Matrix Analysis and Application," Research Experiences for Undergraduates, National Science Foundation, \$41,200.

### Modern Languages and Literature

**Houle, Martha**, associate professor, "The Visible Woman," Folger Institute, \$2,000.

### Physics

**Armstrong, David S.**, assistant professor, "Nuclear Weak Interactions and Muon Molecular Physics," Jeffress Memorial Trust, \$17,960.

**Krakauer, Henry**, professor, "First Principles Calculations for Ferroelectrics," Office of Naval Research, \$63,000.

**Vahala, George**, professor, "Theoretical Plasma Physics," U.S. Department of Energy, \$4,400.

**Walecka, J. Dirk**, professor, with graduate students **Daniela Steinbach** and **David Meekins**, "Research and Development at CEBAF," SURA/CEBAF, \$25,020.

**Welsh, Robert E.**, professor, "Detection Systems Software Creation," SURA/CEBAF, \$29,375.

### Psychology

**Galano, Joseph**, associate professor, "Hampton Family Resource Project Evaluation Plan," City of Hampton, \$30,000.

**Galano, Joseph**, associate professor, "Evaluation of the In-Home Parent Education Program for At-Risk Families," City of Hampton, \$4,500.

**Galano, Joseph**, associate professor, and **Judith S. Dubas**, assistant professor, "Resilient Children Making Healthy Choices Project," Virginia Commonwealth University, \$19,995.

### Public Policy

**Finifter, David H.**, director, "Interdisciplinary Research for an Effectiveness Analysis of the LaRC Small Business Innovation Research Program," National Aeronautics and Space Administration, \$13,700.

### School of Education

**Blouet, Brian W.**, Huby professor of geography and international education, and professor of government, "The Colonial Chesapeake: Lifestyles and Landscapes," Virginia Foundation for the Humanities and Public Policy, \$14,000.

**Stronge, James H.**, professor, "Virginia Education for Homeless Children and Youth Program," Virginia Department of Education, \$136,356.

### School of Marine Science/Virginia Institute of Marine Science

**Anderson, Iris C.**, professor, "Determination of Trace Gas Emissions Across a Mainland Marsh Ecotone as a Function of Inundation Frequency," University of Virginia/National Science Foundation, \$10,000.

**Anderson, Iris C.**, professor, and graduate student **Craig R. Tobias**, "Dissertation Research: Nitrate Reduction at the Salt Marsh Groundwater Interface," National Science Foundation, \$5,155.

**Anderson, Iris C.**, professor, "Effects of Burning on Soil Fertility and Biospheric/Atmospheric Trace Gas Exchanges in Brazilian Cerrado," U.S. Department of Agriculture, \$10,000.

**Austin, Herbert M.**, "Estimation of Relative Juvenile Abundance of Recreationally Important Finfish in the Virginia Portion of the Chesapeake Bay," U.S. Fish and Wildlife Service/Virginia Marine Resources Commission, \$219,400.

**Bauer, James E.**, assistant professor, "Sources and Turnover Time of Dissolved Colloidal and Particulate Organic Carbon in the Middle Atlantic Bight and Chesapeake Bay," Department of Energy, \$118,710.

**Berman, Marcia R.**, marine scientist supervisor, "Aerial Photo Interpretation Tasks for Detrital Monitoring and Monitoring of Wetlands Restoration," EA Engineering, Science, and Technology, Inc., \$29,483.

**Boon, John D.**, professor, "Dye Sample Analysis," Old Dominion University/Research Foundation, \$415.

**Boon, John D.**, professor, "Hydrodynamics of Sediment Suspensions in the Littoral Zone of the Lower York River-Phase II," Department of Environmental Quality/National Oceanic and Atmospheric Administration/Coastal Resource Management, \$44,800.

**Burreson, Eugene B.**, professor, "Life Cycle Studies of *Haplosporidium nelsoni* (MSX) using PCR Technology," Virginia Graduate Marine Science Consortium/National Oceanic and Atmospheric Administration, \$73,730.

**Canuel, Elizabeth A.**, assistant professor, "Organic Carbon Abundance and Distribution at the Oyster, Virginia Site," Battelle-Pacific Northwest Laboratory/Department of Energy, \$25,000.

**Canuel, Elizabeth A.**, assistant professor, "Particulate Organic Matter-Contaminant Associations at the Water-Sediment Interface: Biological and Physical Controls," Office of Naval Research, \$100,000.

**Canuel, Elizabeth A.**, assistant professor, "Sources of Organic Matter in the Chesapeake Bay: A Biomarker Approach," National Science Foundation, \$59,738.

**Chasey, Michael**, graduate student, "EPA Environmental Fellowship: Research on Metals Transport in a Commercial Landfill," Environmental Protection Agency, \$8,150.

**Chisholm-Brause, Catherine J.**, assistant professor, **William G. MacIntyre**, professor, and **Rebecca M. Dickhut**, associate professor, "Surface Characterization of Natural Solids for Investigation of Contaminant Mass Transfer and Reaction Parameters," Office of Naval Research, \$175,000.

**Cutter, George R., Jr.**, graduate student, "Radiological Sampling/Newport News Ship-

yard-1995," Newport News Shipyard and Drydock Company, \$9,200.

**Diaz, Robert J.**, associate professor, "Evaluation of the Functional Equivalency of Artificial Sea Grass Used in the Pilot Project on the Chesapeake Bay Bridge-Tunnel," Cornerstone Resources, Inc., \$15,820.

**Duffy, J. Emmett**, assistant professor, "Grazer Diversity and Ecosystem Function in Seagrass Beds," National Science Foundation, \$60,561.

**Duffy, J. Emmett**, assistant professor, "Evolution in an Ancient Lake: Radiation of the Biakal Gammarids," National Geographic Society, \$11,248.

**Dupaul, William D.**, professor, "Support for the Commonwealth-Mariculture Program 1996," Virginia Marine Resources Commission, \$50,000.

**Faisal, Mohammed**, associate professor, **Morris H. Roberts Jr.**, professor, **Peter Van Veld**, associate professor, and **Wolfgang Vogelbein**, assistant professor, "Effects of Metals on Detoxification, Carcinogenicity, and Immunotoxicity of Polycyclic Aromatic Hydrocarbons," Environmental Protection Agency, \$149,925.

**Faisal, Mohammed**, associate professor, **Stephen L. Kaattari**, professor, and **Jerome F. LaPeyre**, postdoctoral research associate, "Identification of Inhibitors Against *Perkinsus marinus*: Proteases in Oyster Plasma," Virginia Graduate Marine Science Consortium/National Oceanic and Atmospheric Administration, \$52,182.

**Faisal, Mohammed**, associate professor, **Stephen L. Kaattari**, professor, and **Jerome F. LaPeyre**, postdoctoral research associate, "Extracellular proteins from *Perkinsus marinus*: Analysis of pathogenic mechanisms and development of enhanced diagnostics," Virginia Graduate Marine Science Consortium/National Oceanic and Atmospheric Administration, \$96,009.

**Friedrichs, Carl T.**, visiting assistant professor, "Cross-Shoreface Suspended Sediment Transport: A Response to the Intersection of Nearshore and Shelf Processes," National Science Foundation, \$90,048.

**Graves, John E.**, associate professor, "Specific Identification of Billfish Fillets using Molecular Genetic Characters," National Oceanic and Atmospheric Administration/National Marine Fisheries Service, \$59,444.

**Graves, John E.**, associate professor, "Analysis of Pacific Blue Marlin and Swordfish Population Structure using Mitochondrial DNA Technologies," University of Hawaii at Manoa, National Oceanic and Atmospheric Administration, \$33,748.

**Graves, John E.**, associate professor, "Species Identification of Fish Fillets using DNA Analysis," Virginia Marine Resources Commission, Virginia Saltwater Recreational Fishing Development Fund, \$33,064.

**Hale, Robert C.**, associate professor, and **Mary J. Rybitski**, graduate student, "Effects of Organochlorine Exposures on Sexual Development and Reproduction in Amphibians," World Conservation Union/Species Survival Commission/Declining Amphibian Populations Task Force, \$1,330.

**Hale, Robert C.**, associate professor, "Identification of Toxic Organic Pollutants Present in Sediments and Fish from Selected Virginia Waters," Department of Environmental Quality, \$300,000.

**Hardaway, C. Scott, Jr.**, marine scientist supervisor, "Fort Eustis Shoreline Management Plan," Division of Soil and Water/U.S. Army, \$31,349.

**Hardaway, C. Scott, Jr.**, marine scientist supervisor, "Public Beach Monitoring Program," Division of Soil and Water/U.S. Army, \$41,893.

**Hardaway, C. Scott, Jr.**, marine scientist supervisor, "Scotland Wharf Ferry Wake Assessment," Department of Conservation and Recreation, \$5,000.

**Hardaway, C. Scott, Jr.**, marine scientist supervisor, "Willoughby Spit Breakwater Project," Andrews-Miller Associates, \$14,305.

**Hershner, Carlton H., Jr.**, associate professor, and **Thomas A. Barnard Jr.**, assistant professor, "Tidal Wetlands Management Technical Support," Department of Environmental Quality/National Oceanic and Atmospheric Administration/Coastal Resource Management, \$14,000.

**Hobbs, Carl H., III**, assistant professor, **Robert J. Diaz**, associate professor, **C. Scott Hardaway Jr.**, marine scientist supervisor, and **John D. Boon**, professor, "Evaluation of the Potential for Environmental Damage as a Consequence of a Sand Dredging in the Sandbridge Shoal Area, Offshore, Virginia," Minerals Management Service/Department of the Interior, \$417,193.

**Kaattari, Stephen L.**, professor, **Mohammed Faisal**, associate professor, and **Jerome F. LaPeyre**, postdoctoral research associate, "Identification of Inhibitors Against *Perkinsus marinus*: proteases in oyster plasma," Virginia Graduate Marine Science Consortium/National Oceanic and Atmospheric Administration, \$20,164.

**Kaattari, Stephen L.**, professor, "Immune Response Potential to IHN Antigen in Syngeneic Strains of Trout," U.S. Department of Agriculture, \$141,801.

**Kaattari, Stephen L.**, professor, **Mohammed Faisal**, associate professor, and **Jerome F. LaPeyre**, postdoctoral research associate, "Extracellular Proteins from *Perkinsus marinus*: Analysis of pathogenic mechanisms and development of enhanced diagnostics," Virginia Graduate Marine Science Consortium/National Oceanic and Atmospheric Administration, \$83,028.

**Lipcius, Romuald N.**, associate professor, and **Marcel M. Montane**, graduate student, "A Field Study of the Population Dynamics of the Blue Crab, *Callinectes sapidus*, in the Chesapeake Bay," National Oceanic and Atmospheric Administration, \$150,000.

**Loesch, Joseph G.**, professor, "A Mark-Recapture Study of Striped Bass in the James and Rappahannock Rivers, Virginia," U.S. Fish and Wildlife Service/Virginia Marine Resources Commission, \$209,401.

**Luckenbach, Mark W.**, associate professor, and **Eugene M. Burreson**, professor, "Cooperative Regional Oyster Selective Breeding (CROSBreed) Project," Virginia Graduate Marine Science Consortium/National Oceanic and Atmospheric Administration, \$34,098.

**Luckenbach, Mark W.**, associate professor, "Eastern Shore Site Monitoring," Virginia Marine Resources Commission, \$8,494.

**Luckenbach, Mark W.**, associate professor, "Oyster Aquaculture," Department of Environmental Quality/Chesapeake Bay Restoration Fund, \$25,000.

**Lynch, Maurice P.**, professor, "To Conduct Educational and Interpretive Activities as Part of National Ocean Survey Partnership Proposal: Ecosystem Health and Land Loss in the Chesapeake Bay," National Oceanic and Atmospheric Administration/Coastal Resources Management, \$6,750.

**Lynch, Maurice P.**, professor, and **David H. Niebuhr**, graduate student, "Coastal Management Workshops," Department of Environmental Quality/National Oceanic and Atmospheric Administration, \$3,000.

**MacIntyre, William G.**, professor, "Groundwater Contaminants Transport Research in an Aquifer at Columbus, Mississippi," U.S. Air Force, \$39,800.

**Mann, Roger L.**, professor, "Fishery Independent Standing Stock Surveys of Oyster Populations in the Virginia Sub Estuaries of the Chesapeake Bay," National Oceanic and Atmospheric Administration, \$77,345.

**Mann, Roger L.**, professor, "Evaluation of Oyster Settlement and Survival on Large Scale Intertidal Oyster Reefs in Virginia," Department of Environmental Quality/National Oceanic and Atmospheric Administration/Coastal Resource Management, \$16,517.

**Mann, Roger L.**, professor, "Giant Clams in the Red Sea: A Unique Ecological Resource or a Sustainable Economic Resource," Virginia Graduate Marine Science Consortium/National Oceanic and Atmospheric Administration, \$25,000.

**Milliman, John D.**, dean of graduate studies, "Analysis and Interpretation of Geological and Oceanographic Data, Yellow Sea," Woods Hole Oceanographic Institution, \$95,000.

**Milliman, John D.**, dean of graduate studies, "Flux and Fate: Terrigenous Sediment to the Continental Margin: Effect on Shallow Structure and Fine-Scale Morphology of an Active Margin: the California Shelf and Slope," Office of Naval Research, \$25,000.

**Mitra, Sidhartha**, graduate student, "Effects of Sedimentary Organic Matter on Hydrophobic Organic Contaminant Distributions in Hudson River Sediments," Hudson River Foundation, \$13,000.

**Moore, Kenneth A.**, marine scientist supervisor, and **Iris C. Anderson**, professor, "Processes Determining Water Quality in Shallow Waters of Virginia's Tributaries: Field and Modeling Studies," Department of Environmental Quality/National Oceanic and Atmospheric Administration/Coastal Resource Management, \$48,147.

**Musick, John A.**, professor, "A Delineation of Shark Nursery Grounds in Chesapeake Bay and an Assessment of Abundance of Shark Stocks," Virginia Marine Resources Commission, Saltwater Recreational Fishing Development Fund, \$130,820.

**Musick, John A.**, professor, "Sea Turtle Nesting and Tracking Study in Sandbridge, Virginia," U.S. Army Corps of Engineers, \$28,000.

**Musick, John A.**, professor, "Stock Identification Movement and Fisheries Contribution of Juvenile Summer Flounder in Virginia Nurseries," Virginia Saltwater Recreational Fishing Development Fund, Virginia Marine Resources Commission, \$77,102.

**Olney, John E.**, assistant professor, "NAFSA Top Up Award-Year 2," NAFSA Association of International Educators, \$10,000.

**Orth, Robert J.**, associate professor, **Gary F. Anderson**, scientific information systems manager, **Judith F. Nowak**, laboratory specialist senior, **Kenneth A. Moore**, marine scientist supervisor, and **David J. Wilcox**, programmer/analyst, "Distribution and Abundance of Submerged Aquatic Vegetation in Chesapeake Bay and Its Tributaries and Chincoteague Bay 1995," Department of Environmental Quality/National Oceanic and Atmospheric Administration, \$140,000.

CONTINUED ON PAGE 7.

## Inclement Weather Policy

The policy regarding university operations in the event of seriously inclement weather conditions (usually heavy snow or ice) is as follows:

1. The university will remain open under most reasonably foreseeable weather conditions, especially during periods when classes are in session.
2. If weather conditions are such as to make it impossible to maintain a reasonable level of academic activity, the university will be closed. Such announcements will cancel all classes and work obligations for everyone except those personnel identified as essential to maintenance, security and health services.
3. The person charged by the president to make such decisions regarding weather is the provost. For information regarding closings, call the Office of University Relations at (804) 221-2630.
4. The decision to close the university in full or in part will be given as soon as possible during the morning (if weather develops overnight) to the Campus Police and to the following radio stations:

**Chesapeake** - WAFX 106.9 FM; WNOR 98.7 FM

**Gloucester** - WXGM 99.1 FM and 1420 AM

**Norfolk** - WHRO 90.3 FM; WHRV 89.5 FM; WFOG 92.9 FM; WJQI 1600 AM & FM 94.9; WNIS 1350 AM; WOWI 102.9 FM; WSVY 1350 AM; WHRV 89.5 FM

**Richmond** - WRVA 1140 AM; WLEE 96.5 FM; WVGO 106.5 FM; WRVQ 94.5 FM; WRXL 102.1 FM; WPLZ 99.3 FM; WCDX 92.7 FM; WKHK 95.3 FM; WMXB 103.7 FM; WTVR 98.1 AM/FM; WXGI 950 AM

**Virginia Beach** - WWDE 101.3 FM; WNVZ 104.5 FM; WCMS 100.5 FM and 1050 AM; WGH 1310 AM and 97.3 FM (*Eagle 97*); WNVZ 104.5 FM; WTAR 790 AM; WLTY 95.7 FM; WKOC 93.7 FM

**Williamsburg** - WCWM 90.7 FM; WMBG 740 AM

**Yorktown** - WYCS 91.5 FM

Among television stations reporting closings will be:

**Norfolk** - WAVY Channel 10; WVEC Channel 13; WTKR Channel 3

**Richmond** - WWBT Channel 12; WTVR Channel 6; WRIC Channel 8  
Information on closings may also be obtained by calling 221-1SNO or 221-1766.

5. This policy is understood as affecting the Williamsburg campus only. Micro-climate variations and differences in academic functions may occasionally require closure of one or two, but not all three campuses. Such distinctions, if necessary, will be given to the police and the above-named radio and television stations and offices.

The following detailed regulations are taken directly from the Commonwealth's "inclement weather policy" and refer to classified employees only, unless otherwise noted.

### All-Day Closings

- A. Employees absent due to an authorized closing for an entire shift will be paid for such absence. To qualify for such payment, employees must work the scheduled work day before and the scheduled work day after such closing, or work either of such days and be on approved leave with pay for the other such work day. Employees absent both of such work days may apply accumulated leave as appropriate to the day of closing if they are otherwise eligible for such leave.
- B. Employees identified by the university as being required to work during such authorized closings shall be referred to as "essential personnel" with respect to this policy. Essential personnel will be credited with compensatory leave for the hours worked during such closing.
- C. "Essential personnel" required to work in excess of the hours in their normally scheduled shift will be paid overtime for such excess time worked unless compensatory time for those hours can be taken during the same work week.

### Partial Shift Closings

- A. When inclement weather conditions result in authorized changes in the work schedule, such as late openings or early closings, employees will be paid for such authorized absences. To qualify for such payment, employees must work all or part of the work schedule not affected by the authorized change.
- B. "Essential personnel" required to work during such periods of authorized closings will be credited with compensatory leave for hours worked during such periods.
- C. "Essential personnel" required to work additional time will be compensated as provided in C above (All Day Closings).

### Closings on Employee's Rest Day

Employees whose scheduled "rest day" falls on a day when their work area is closed will not be credited with compensatory leave.

### Transportation Difficulties

When inclement weather conditions create transportation difficulties that result in late arrival of employees to work, such lost time need not be applied to leave balances, nor should the employees otherwise experience loss of pay, if in the judgment of the agency head such lost time was justifiable in view of weather conditions.

### Hourly Employees

It should be noted that hourly employees may only be compensated for actual hours worked.

Gillian T. Cell, Provost

## Jacob Javits Grant Bolsters Gifted Ed

William and Mary's Center for Gifted Education has been awarded a \$288,000 Jacob Javits grant for 1995-96. The one-year grant from the U.S. Department of Education—the only one of its kind awarded in the United States this year—will be used to continue six years worth of research and development in curriculum for high-ability learners in kindergarten through eighth grade.

"I was totally amazed," said center Director Joyce VanTassel-Baska of the grant. "It was a wonderful affirmation that six years of work really meant something."

Specifically, the grant will support two full-time graduate students, four faculty members from the School of Education for summer research, and three part-time curriculum specialists for a year. The money will also enable William and Mary to build a curriculum effectiveness network in selected school districts nationwide, as well as host a curriculum network conference on March 4-5 and a similar conference in 1997.

VanTassel-Baska's curriculum team, which includes media specialist Linda Boyce, Adjunct Professor of Biology Beverly Sher, and Adjunct Professor of Mathematics Dana Johnson, is evaluating curriculum materials used nationally and creating new materials for high-ability learners. The group has also been disseminating science and language arts materials to teachers in workshops and summer institutes.

The research team includes Jill Burruss, visiting assistant professor of education; George Bass, associate professor of education; and Roger Ries, professor of education.

"The new grant money will build

on the work that's already been done," said VanTassel-Baska. "It will allow us to continue research on the effectiveness of high-powered materials for able youngsters."

For instance, the research team will be trying to determine how the new curriculum materials work most effectively; when used a few times a week, for example, or possibly during a regular period every day. William and Mary graduate students in gifted education will coordinate the

would suggest that schools are not accelerating or enriching high-ability learners to appropriate levels, given their readiness to learn. What these learners need is an opportunity to work in advanced content and engage in more open-minded tasks that are at higher levels of rigor."

Resources and programs for these children have also been shrinking in recent years, VanTassel-Baska said.

"We're ambivalent right now

*"We're ambivalent right now about gifted education in this country. We love what the gifted can do but we are not willing to support their development."  
—Joyce VanTassel-Baska*

nationwide study by staying in touch with the school districts, plotting the materials, and analyzing the data.

VanTassel-Baska, a former English and Latin teacher who also served as director of gifted programs for the state of Illinois and initiated a center for talent development at Northwestern University before helping to create the Center for Gifted Education at William and Mary in 1987, said she believes that individual differences in students should be addressed through differentiated learning tasks. It is not a belief honored by all educators.

"We have many schools across this country that believe all kids should be on the same page at the same time," she explained. "Our data

about gifted education in this country. We love what the gifted can do but we are not willing to support their development."

William and Mary's Center for Gifted Education is one of 25 such centers in the country that offers outreach services, as well as a graduate program and a research agenda. The Saturday/summer commuter program for gifted learners offers enrichment opportunities for students entering preschool through 10th grade. The program, which serves 800 students from 65 school divisions annually, allows youngsters to explore additional specialized areas of science, mathematics and the humanities.

## Recent Grants

CONTINUED FROM PAGE 6.

istration/Coastal Resource Management, \$28,000.

**Rhodes, Martha W.**, marine scientist supervisor, "Evaluation of Water Quality in Lake Matoaka," College of William and Mary, \$5,000.

**Roberts, Morris H., Jr.**, professor, and **Michael A. Unger**, assistant professor, "Body Burden of Polycyclic Aromatic Hydrocarbon in Hard Clams, *Mercenaria mercenaria*, from the Elizabeth River," Virginia Marine Resources Commission, \$10,806.

**Roberts, Morris H., Jr.**, professor, "Consultation with Hampton Roads Sanitation District Commission Regarding COP in Receiving Waters Adjacent to Five Existing STPs," Hampton Roads Sanitation District, \$15,200.

**Seitz, Rochelle D.**, graduate student, "1995-96 American Fellowship," American Association of University Women, \$14,500.

**Shields, Jeffrey D.**, assistant professor, "An Investigation into the Epizootiology of *Hematodinium perezi*, a Parasitic Dinoflagellate in the Blue Crab, *Callinectes sapidus*," National Oceanic and Atmospheric Administration/National Marine Fisheries Service, \$87,523.

**Theberge, Norman B., Jr.**, professor, "An Investigation of Public and Private Rights to Certain Beaches Along the Coast of Virginia," City of Virginia Beach, \$39,500.

**Thomas, George R.**, laboratory specialist, "Aerial Photography for Suffolk, Nansemond River Basin, Norfolk/Chesapeake, Elizabeth River, Southern," U.S. Army, \$2,500.

**Thomas, George R.**, laboratory specialist, "Metompkin Island Photographs," U.S. Army, \$2,400.

**Vogelbein, Wolfgang K.**, assistant professor, "Parasitological Investigation of the Wreckfish, *Polyprion americanus*, from the Blake Plateau Spawning Grounds," National Oceanic and Atmospheric Administration/National Marine Fisheries Service, \$12,500.

**Wetzel, Richard L.**, professor, and **Iris C. Anderson**, professor, "Freshwater Wetland

Models in Support of Virginia's Tributary Strategies," Department of Environmental Quality/National Oceanic and Atmospheric Administration/Coastal Resource Management, \$45,322.

### Center for Gifted Education

**VanTassel-Baska, Joyce**, director, "Javits Language Arts for the Highly Able," Board of Cooperative Educational Services, \$61,295.

**VanTassel-Baska, Joyce**, director, "Javits Gifted and Talented Discretionary Grants," U.S. Department of Education, \$288,654.

### Marshall-Wythe School of Law

**Butler, Lynda L.**, professor, "Environmental Federalism Conference," Virginia Environmental Endowment, \$8,000.

### Office of Community Relations and Public Service

**Zoller, Ted**, director of economic development, "Proposed Marketing Study for the High Technology Research Park at Oyster Point," Center for Innovative Technology, \$25,000.

## classified advertisements

Classified ads are included as a service to members of the College community and will be accepted from faculty, staff, students and alumni only. Only one ad per person per issue is permitted and should be no longer than 40 words. Ads must be submitted no later than 5 p.m. on the Friday preceding News publication. Send ads in writing to the William and Mary News office or via electronic mail to [wmnews@mail.wm.edu](mailto:wmnews@mail.wm.edu). Ads will run one week only with an option to renew for one additional week. No ads or requests for renewal will be accepted over the phone. For more information, call the News office at ext. 12639.

### FOR SALE

Spacious, immaculate Stratford-style home in Rolling Woods; 4 BRs with all amenities; large deck and heated Florida room; very private, wooded, ravined lot to rear; perfect for family. Five minutes from College and Colonial Williamsburg. Call Bob at 221-3906 or Martha at 229-7620.

Powhatan Plantation timeshare, week 41 (around homecoming on most years). Lock-out unit, one week for 12 people or use for two separate weeks sleeping 6 each. Can be traded for nice accommodations at vacation destinations throughout world. Selling for \$16,000+ at Powhatan, will sell for \$12,000. Call 253-1310.

1989 Toyota 4x4, AT, AC, 106K miles, excellent condition. \$2,900. Call 229-2015.

### FOR RENT

Modern apartment located on 10-acre farm, 11 miles from campus, 2 miles from grocery store and interstate. Living room; dining area; porch overlooking pond, fields and woods; kitchen w/stove, refrigerator, dishwasher; large bedroom, bath with jacuzzi tub and separate shower, one-car garage. Electric, water and cable paid. Quiet location, perfect for single person or couple. Non-smokers only. \$450 per month. References and security deposit required. Available immediately. Call 566-8126 and leave message.

Condo-type unit at Powhatan Plantation. Sleeps six, full kitchen, washer/dryer. Very nice for relatives or other company. Call to check on available weeks. \$500 for week or \$90 per night, 3-consecutive-night minimum. Call 253-1310.

# calendar

Rodd Bayston (l) and Mike Jessup (r) star as Sir Despard Murgatroyd and Richard Dauntless in the Sinfonicon Light Opera Company's production of Gilbert and Sullivan's "Ruddigore." (See listing under performances.)

## PERFORMANCES

### Jan. 19, 20

The Sinfonicon Light Opera Company will present Gilbert and Sullivan's "Ruddigore" at 8 p.m. in Phi Beta Kappa Memorial Hall, with an additional performance at 2 p.m. on Jan. 20. Tickets are \$6. Reservations may be made by calling the box office at 221-2674.

### Jan. 19

The Black Graduate Students Association is sponsoring a performance by the Hampton University Jazz Ensemble at 7:30 p.m. in Tidewater Rooms A and B, University Center. Admission is \$2 at the door. Call 221-3197.

### Jan. 27

Performing as part of the Ewell Concert Series at 8 p.m. in the Ewell Recital Hall are Julianne Baird, soprano, and Ronn McFarlane, lutenist in "The English Lute Song." Baird is on the faculty of Rutgers University and McFarlane, a former member of the music faculty at Peabody Conservatory, performs regularly with The Baltimore Consort.

Tickets are \$2 at the door. Admission is free to students with valid ID.

### Jan. 29, 30 and 31

The Concert Series is bringing three groups to campus for performances the last three days of the month. The first, on Jan. 29, is Chanticleer, the only full-time classical vocal ensemble in the U.S. Its blend of male voices, ranging from countertenor to bass, has earned international renown as "an orchestra of voices."

On Jan. 30, the Kalichstein-Laredo-Robinson Trio, composed of pianist Joseph Kalichstein, violinist Jaime Laredo and cellist Sharon Robinson take the stage for an evening of chamber music.

Finally, on Jan. 31, the Veryovka Ukrainian National Dance Company, formed in September 1943 during the difficult years of World War II, performs.

Performances all three nights are at 8 p.m. in Phi Beta Kappa Memorial Hall.

General admission tickets are \$20 for the Jan. 29 and 30 performances and \$15 for the Jan. 31 performance. Tickets may be reserved by calling 221-3276 or purchased in the Student Activities Office, room 203, in the Campus Center. If there are tickets remaining the evening of the performance, students with a valid ID may purchase one ticket for \$10 (Jan. 29 and 30) or \$8 (Jan. 31) at the door beginning at 7 p.m.

## SPEAKERS

### Jan. 25

Town & Gown luncheons resume in the Chesapeake Room, University Center, beginning with a cider reception at noon followed by a lunch buffet at 12:20 p.m. Clyde Haulman, professor of economics, will speak on "Asia-Pacific Economic Links and the Future of Hong Kong." The luncheon is \$7 (\$5 for faculty and staff) and reservations are required. Call 221-2640

before noon on the Tuesday preceding the luncheon.

There will be no luncheon on Feb. 1 due to Charter Day activities.

### Jan. 25

Ed Folsom, professor of English at the University of Iowa and author of *Walt Whitman's Native Representations*, lectures on "Walt Whitman's Calamus Photographs: Redefining Democratic Affection," at 4 p.m. in Tucker 216. Call 221-3927.

### Jan. 25

Lawrence E. Babits, associate professor of maritime history and nautical archaeology, East Carolina University, lectures at 5 p.m. in Andrews 101. His talk titled "The American Civil War from a Maple Leaf Perspective," centers on the Canadian-built steamer, *Maple Leaf*, that sank in the St. John's River near Jacksonville, Fla., carrying the baggage of three Union regiments and a brigade headquarters. Cargo from the excavated ship represents the finest collection of provenienced Civil War artifacts. For information, call John Oakley, 221-2160.

### Jan. 25

As part of the American Culture Lecture series, John D'Emilia, professor at University of North Carolina-Greensboro and director of the Policy Institute of the National Gay and Lesbian Task Force, will speak on "Beyond Coming Out: The Struggle for Recognition of Lesbian and Gay Families," at 5 p.m. in the Botetourt Gallery, Swem Library. For information, call 221-3737.

### Jan. 25, Feb. 1, 8, 15, 22 and 29

The School of Marine Science and the Virginia Institute of Marine Science have scheduled a six-week discussion series examining the roles, perceptions and challenges of women and men scientists. The weekly sessions, to be held from 4:30 to 6 p.m. on Thursdays at the Watermen's Hall auditorium, will begin with a film from the PBS series, "Discovering Women: Six Remarkable Women Scientists." These films were originally shown on television last spring. The series begins on Jan. 25 with "High Energy," featuring physicist Melissa Frank, followed by "Jewels in a Test Tube," with biochemist Lynda Jordan. For information, call 642-7366.

### Jan. 30

The Commonwealth Center has announced the speakers for its spring semester brown bag lecture series. The first speaker is Phyllis Hunter, instructor in women's studies. Her topic will be "What Good are Goods?: The Value of the Material in 17th- and 18th-Century Anglo-America." All lectures take place at 12:30 p.m. in the seminar room, College Apartments. For information, call Sharon Ghamari, 221-1277.

## COLLOQUIUM

### Jan. 19

Professor of Law Neal Devins and Michael Herz, professor of law at Cardozo Law School, are speakers for a colloquium on "The Uneasy Case for Department of Justice Control of Environmental Litigation," at noon in the Dean's Conference Room, Marshall-Wythe. Persons interested in at-

tending should call in advance to obtain a copy of the paper. Call Neal Devins at 221-3845 or Rod Smolla at 221-3808.

## SPORTS

### Jan. 27

Men's basketball vs. Old Dominion, W&M Hall, 7:30 p.m.

### Jan. 29

Men's basketball vs. East Carolina, W&M Hall, 7:30 p.m.

### Jan. 31

Men's basketball vs. James Madison, W&M Hall, 7:30 p.m.

For ticket information, call 221-3340.

## MISCELLANEOUS

### Jan. 19

The William and Mary School of Law is holding an information session from 9 a.m. to 12:30 p.m. for prospective applicants to discuss admission procedures and the law school in general. For information, call the admission office at 221-3785.

### Jan. 19, 22, 24, 26, 29 and 31

Technology Services has announced the following workshops:

**Jan. 19** - Intermediate WordPerfect for Windows, 8:30 a.m.-12:30 p.m. (\$30)\*\*

**Jan. 22** - Introduction to Quattro Pro for Windows, 8:30 a.m.-4:30 p.m. (\$60)\*

**Jan. 24** - WordPerfect for Windows, Tables Feature, 8:30 a.m.-12:30 p.m. (\$30)\*\*\*

**Jan. 26** - Introduction to Paradox for Windows, 8:30 a.m.-4:30 p.m. (\$60)\*

**Jan. 29** - WordPerfect for Windows, Merge/Sort Features, 8:30 a.m.-12:30 p.m. (\$30)\*\*\*

**Jan. 31** - WordPerfect for Windows, Graphics Feature, 8:30 a.m.-4:30 p.m. (\$60)\*\*\*

\*Introduction to Windows or good working knowledge is a prerequisite. \*\*Introduction to WordPerfect for Windows or good working knowledge is a prerequisite. \*\*\*Intermediate WordPerfect for Windows is a prerequisite.

All workshops are held in Morton Lab, room 244. For additional information and registration forms, call ext. 12982. A minimum of 10 attendees must be registered or a class will be cancelled. Reservations will be confirmed two business days in ad-

Colossal Head of the Sphinx, Giza, c. 1800, pencil and watercolor by Luigi Mayer, from the new exhibit, "Voyages and Visions," at the Muscarelle Museum.

vance of class and cancellations must be received two business days in advance of class. Departments may substitute attendees, but will be charged for "no-shows."

### Jan. 24, 25, 30

First-time users, infrequent users and daily users can learn more about using the new LION system installed in William and Mary libraries last fall by attending a LION training and information session. Sessions, to be held in the classroom on the ground floor of Swem Library, are at 3 p.m. on Jan. 24, and 1 p.m. on Jan. 25. A special session for Mac users will be held at 11 a.m. on Jan. 30. All sessions will last approximately 45 minutes. For information, call Jim Rettig at 221-3058.

### Jan. 31

A "Town Meeting" with Fred Patterson Graham on the O. J. Simpson case and media coverage of the trial is scheduled from 4 to 5 p.m. in Marshall-Wythe 220. (See related item under Making Headlines on page 3.)

### Feb. 5, March 12, April 8

President's Open House: President Sullivan has reserved office hours especially for students to discuss issues that concern them (or just to chat). The hours set aside for this purpose are from 4 to 5 p.m. Individual students or small groups may reserve a 10-minute appointment through

The Veryovka Ukrainian National Dance Company

Gail Sears in Brafferton 10 (gbsear@facstaff.wm.edu), 221-1693.

### Feb. 6 and 29, March 8 and 20, April 8

President Sullivan will host a series of luncheons at the President's House to give students an opportunity to meet with him informally in groups of 10. Lunch will begin at noon and last about an hour. Individual students are asked to sign up for these luncheons by contacting Gail Sears in Brafferton 10 (gbsear@facstaff.wm.edu), 221-1693.

## EXHIBITS

### Jan. 20 through March 3

"Voyages and Visions: Nineteenth-Century European Images of the Middle East, from the Victoria and Albert Museum," will be on display at the Muscarelle Museum following an opening reception, attended by a representative from the British Embassy, on Jan. 19 at 5:30 p.m. at the museum.

The exhibit includes watercolors and drawings collected by Rodney Seagriff (1909-91), an English businessman who frequently traveled to the Middle East.

The exhibit had its inaugural showing at the International Gallery of the S. Dillon Ripley Center, Smithsonian Institution, prior to its arrival at the Muscarelle Museum. It will be seen at two other museums in the United States following the Williamsburg showing.

### Through March 3

"Constance Stuart Larrabee: Time Exposure," a major retrospective of photographs, is on display at the Muscarelle Museum.

## LOOKING AHEAD

### Jan. 31, Feb. 1, 3

Some of the activities planned around the Charter Day celebration of the granting of the Royal Charter are as follows:

### Jan. 31

A cappella concert featuring "Voices for the Future," William and Mary student groups performing, at 8 p.m. in the Chesapeake Room, University Center. Tickets are \$5 and may be obtained by calling 221-2051.

### Feb. 1

"Swem Savories," features tastings by the area's best restaurants to benefit Swem Library. This event is from 6 to 8 p.m. in the Botetourt Gallery of Swem Library. Tickets are \$35 per person and may be obtained by calling 221-1002.

Virtuoso cellist Janos Starker performs a program of works by Haydn, Chopin, Bartok and Brahms, presented by the 1995-96 Cohen Forum. Tickets for the performance, at 8 p.m. in Phi Beta Kappa Memorial Hall, are free, but required for admission. Call 221-2578.

### Feb. 3

The Charter Day ceremony is at 10 a.m. in Phi Beta Kappa Memorial Hall. For information, call 221-2636.

The men's basketball team will play at 2 p.m. in William and Mary Hall. Tickets are \$8. Call 221-3356.

The Lord Botetourt Auction, a cocktail buffet and auction to benefit William and Mary athletics, is at 7 p.m. in the Botetourt Gallery of Swem Library. Tickets are \$75 per person and may be obtained by calling 221-3350.

A concert featuring the choir from William and Mary and The University of Virginia Singers, is scheduled for 8 p.m. in Phi Beta Kappa Memorial Hall. Tickets are free. Call 221-1085.

### Feb. 6, 7, 8, 11, 13, 14 and 15

Christopher Browning, Andrea and Charles Bronfman Visiting Professor in Judaic Studies, will present a series of lectures at various times and locations. A complete schedule will be published in the next issue of the *News*. For information, call 221-2172.

### Feb. 22, 23, 24 and 25

Performances of "The Cherry Orchard" will be presented by the W&M Theatre.

## WILLIAM & MARY NEWS

The next issue of the *William & Mary News* will be published on Wednesday, Jan. 31. Deadline for submission of items is 5 p.m. on Friday, Jan. 26, although submissions prior to the deadline are encouraged. Call ext. 12639 with any questions or concerns.

The *William & Mary News* is issued throughout the year for faculty, staff and students of the College and distributed on campus Wednesday afternoons.

News items and advertisements should be delivered to the *News* office in Holmes House, 308 Jamestown Rd. (221-2639), faxed to 221-3243 or e-mailed to [wmnews@mail.wm.edu](mailto:wmnews@mail.wm.edu), no later than 5 p.m. the Friday before publication.
