Dear Brother

I set-up in my bed for a few moments to answer your letter which I received with the \$5.00 bill I am sorry you did not send me a Green Back for so far I have not got it changed. I am getting along as well as can be expected owing to the hot-weather it has been very warm here but-for the last 2 days we have had nice weather with thunder showers. Last night was the first cool night-we have had in over 3 weeks. I will not be home as soon as I expected but-I hope to be home in a little while give my love to Pa &

Henry not forgetting to receive
a good shake your self. if
you see any of the boys give
them my regards I must
close now as I want to
write to Ma

Yours
Gave Partridge
W^m P. Allen
