agitated in our next Assembly. ~~And~~
Should my Intention meet with your Approbation
I must request the favour of you to assist Mr Alexan-

my Election. but should they not I shall not
be displeas'd even with your Opposition. except as
I set a high Value upon your good Opinion. and
as I am convinc'd you ^{will} only support him you
~~think~~ worthy of the Office. Mr Binns promises to
furnish you with a copy of my Address to the People
which I must request you to communicate to such as
you may fall in with. But I hope you will your-
-self make some allowance for its being wrote in the midst of
Bustle & Confusion

Dear Sir.

I enclose you three Letters given me by a Clerk of one of the public boards that to yourself I imagine relates to the Judg't. which went ag't. you at the last G. Court to the amount of four pounds some odd shillings, which can not be discharged in those Certificates you sent me. This is my private opinion, however, I will try it, as little as I expect from it. Be pleased Sir to give the other Letters a Conveyance. I have directed one Copy of the Laws sent to be forwarded with this Letter.

I am Sir Your Very Obt. Sert.
