

Washington Sept^r 2^d 1841.

My dear Sir,

I beg leave to invite your particular attention to the case of Geo C. Sharpe, who has been dismissed from the Navy.

It would afford his numerous friends, infinite satisfaction, if you would interpose in his behalf & restore him again to a station in the Navy, where, I sincerely believe, he would hereafter, be found useful & efficient. That he has erred, none can deny, "but to err is human, to forgive divine". May I ask our President, to restore him again to a station, which I trust he will hereafter adorn.

I have the honor to be
Your friend & obt^s Serv^t

The President of the U.S.
