My dear Genl

As I have

anticipated an union
rectori for the Mass
not away. The
I am with members
of the Legislature.
For my part have
promised by a
parted leaving but
I never refused to
go with the cause &
the is with the
Kings. For my wife
be I expect I think
I am. My friend Phillips
receives 26 votes against
35 with the whole
power of the President

Elect. against him.
I will see if a com-
promise can be
effected on Saturday
Black who told
me this morning
that he was your
friend for the
next term only.
I do not know the
anything can be
done now, but
will try.

My friend
W. D. Taylor

Yours to a wife

It is better for
you than for me

Thanks not formal.
I am quite sure
& rec'd to do
this. Presently
how taken occasion
to deliver occasionally
wedges that you
were not satisfied
to discuss - being
confidently in that
on the subject.

Your remarks
concerning the public
goodness from
all parts of the
country & how
answered the times
note (Ohio Ref.)
with a brief letter to
be published. (p. 2)

Very short will be
never to bring things
might for for any
but my budget is
that there must
be a fact.

Very truly
yours
G. S.
