

Philadelphia: July 15:

My dear Sir,

As I shall  
have to agree to  
usage in Descriptions  
The names of  
Descriptions I find  
you find your  
only true friend.  
As for their nomi-  
nations I see  
in the north they  
find neither the  
power or the will  
to help any man.

Mr I found I  
see the Union is  
at last out in  
rather a tardy  
regards you. I  
understand the  
Parliament is nearly  
surrounded at your  
own in person  
& federal guards  
both.

The State  
Committee meets  
on the 4th March  
I will maintain  
the President's

My wife & I  
that names will  
be admitted under  
the same name  
- station. It that  
quarters be disposed  
- of & then we  
- God's see what  
can be done. The  
best thing possible  
is to close it up  
quietly as we  
can. My friend
