

My dear Alex:

I am so busy here
I can't leave. In one matter
I have your business in hand
in connection with the Pacific.

I am preparing every part. The
place by law is worth four
thousand dollars a year.

Dr. H. is a good man
for Chamberlain, but Ferris
would be better. I think
Barnes has remained in
Berkeley appointed. These
matters I insert positively
upon.

All kin and well.

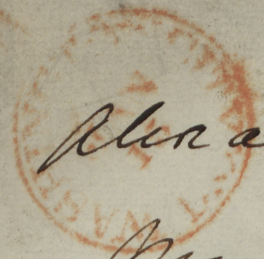

Yours very truly

Alexander Graham
