My Dear Alexander

I will be in New York
on Friday, if possible by ten two
o'clock here. You can advertise
me any how. It will draw the
right sort of people there.

Accompanying this there is
a newspaper containing my address
to the Freshmen. I think it good.
It is important that it be published
if possible before the meeting in
the Plebeian. See to this? You
will observe I have marked a mistake
in two in printing. On the first
page there is a transposition which
should be carefully noted.

Yours very truly
Chas. W. Smith
