

No 10. Santa Susana
Phila

July 22^o

My dear Alexander,

I saw it stated
in some newspaper the other day
that young Audubon was
getting up a company of
one hundred men to go to
California. Do you know
anything about this proposed
expedition? Audubon resides
in New York.

I have an idea
rather to go myself or to send
Mr Hallam to San Francisco
to seek our fortunes. If you can
gather any interesting notes
relative on this point I shall
be much obliged to you for it.

My love to the family
& believe me truly yours

A. Gardner Esq Phila. Wm. Byler
