

April 23-

My dear Alexander.

Send the numbers under
cover to Bay. I thank you for
the prompt manner in which
you attended to my wishes in
Mr Cooper's case. I can ask no
favor from either Mr Polk
or Mr Walker, but Mr Bay will
take some steps in this matter.
What does Judge Fulson mean.
He is bound in honor to see
that you are perfect in office.
There ought not be any
subterfuge about this business,
but I have no doubt they
will cheat you if possible.
I have got the whip hand of
my opponents here & shall
try to maintain it.
You are right in

Supposing it to be our true policy
to keep quiet so far as my
father is concerned. Mr. Calhoun
is our man now. If we could
play him very strong, he might
be enabled to command an
Army. He would take
the Expedition.

Send the article about
the President at once. I have
just the all about it. Your
idea of printing copies struck
off in first set. I sent English
20 Dollars to the Star for
his Magazine —

May come to the farm

I believe in

Truly your friend
