My dear Alexander.

The United States  
President went this morning with  
225 names to it (65 persons  
having volunteered come forward  
to sign a petition on the case of its  
disposition). I have been waited  
upon by the Regular Democrats  
here to come forward to do  
their ticket? what think of this  
Master Bussey?

The object of this letter  
is to get you to send some  
the pamphlet which has  
just come out exhibiting  
the trajectories of Van Buren  
Democr. I wish you to pro-  
vide a copy & forward it  
me here. All of this is  
to my father's credit. There  
was the man who vilified  
him. a pretty set of wounds  
to be sure. Yrs very truly
