My dear Alexander

It is very very important
that I see you when your pass
the town on your back to N. York.
There are several things of great
importance to attend to.

I this morning reciev'd a
letter from Bedebrick. He wants
the Secretary of the Treasury to
act in his case. You know
his great importance. Will
you show this to the President & say
to him that it is of a greater
importance by far than ^{he} could
imagine - Yes Sir
