My dear Alice:

Hoffman's plan is not
so important in our
— viewpoint. I have an impression
that we shall have the life men
they are found in no except in
this day. Perhaps Deane the
Cops paper. He has been found
for the President. So has the
delaware paper — which was
smashed Cops, but all this I
have managed. Don't see
Hoffman again. Still
is not worth his salt & bread.
I shall see him.

I have written about
Phalen. Get on his
front mag. —
