My dear Alex:

Enslin seems to be in a stew about the contemplated arrangement with the Plinkin. I wish you to consult him's feelings as far as practicable. Could not the arrangement be prospectively? He wants the answer to stand till the 4th March.

Be very cautious. The Plinkin is C. G. Take your ~~own~~ the natural C. Don't I want to Graham! Examine carefully his prospects?

He is a good fellow, but as plausible as butter & as slippery as an ~~oil~~ ice ice ice
