

My dear Mrs Madison

My little daughter

Mary - has a fancy
Ball this evening at
12 five o'clock - possibly

The scene may amuse
you - & Miss Lejac
If so nothing would
give me greater
pleasure than your
society upon the
occasion - I trust
that Miss Lejac's

morning may
not prevent her
from coming it
is not a grown per-
sons party - I shu-
ld be to come as
a " looker on " Will
you also be so very
kind as to invite
Miss Paine - and Miss
Lejaie's sweet niece I
am sure they will
all be amused at the
sight of the children
I trust my dear Madam
that you will be
enabled to come as it

will be a great pleasure
to my daughter and
after she is married
that the only site she
saw at The President's
house was graced by the
presence of Mrs Madison
with great respect
and affection - allow
me to subscribe myself
