

Here is a copy of my letter from the club,
but I fail to appear concited! But I think
you would be interested.

"He enjoyed very much your refreshing
article, 'Whistling in the Dark'. I think it
will be an inspiration to many of the readers
of the Journal, for times are certainly trying.
We have slated your story for Dec. 15 issue
and know that it will be read with
considerable interest by many of the readers.

That wasn't all. they spoke of hoping for
better times, etc. but that is all pertaining
to the article itself. Wonderful for them I
think! Gee, I'm tickled!. My Democrat
letter is on front page by the Superior's
meeting - has big headlines about
the mineral find - and isn't just
like the one in Bulletin. Miss Ambruster
said in her ~~Pericles~~ letter that the
readers of the county papers were
being very much impressed by

the beautiful poems at the beginning
of the month's letters. So just tonight
the old world doesn't look so unfriendly
if my dreams have gone on the rocket.
Must let Rob go. Enjoyed you so today
doodles of love - kisses for all. Come!
Jw.
