Dear Lottie

Your most welcome
letter came safe to hand I
was very glad to hear from
you but sorry to hear that
you all were sick hope this
may find you all well.
This leaves me and all the
family well except colds
Lottie I really did not
think you would treat

me as you did you or
Ada either both of you come
to Petersburg and would not
come to see me or let me
know that you were coming
or I might have gone down
and have seen you both
Nellie and Bennie came out
and spent one night with
us we were very glad to
~~see them~~ see them
I think Alice is just as
sweet and pretty as can be
I want to go to Petersburg to
marran shopping I haven't
got my summer clothes yet
I expect the mill will
stop again this Summer

if it does I want to go out
in the country but I don't
think you all want me to
go there or you all ~~would~~
would not treat me like
you do but would come to
see me some times There
is not much news around
here at present so I think
I had better close now
give my love to your grand
Mama and your Mamma I want
to see them ever so much
give my love to Ada tell
her I am sorry she and Grace
are both sick but hope they
both will soon get well
please excuse mistakes for
